The words and expressions used but not defined in this Draft Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “*Main Provisions of the Articles of Association*”, “*Statement of Special Tax Benefits*”, “*Industry Overview*”, “*Regulations and Policies in India*”, “*Financial Information of the Company*”, “*Outstanding Litigations and Material Developments*” and “*Issue Procedure*”, will have the meaning ascribed to such terms in these respective sections.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

Certain Conventions

In this Draft Red Herring Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, unless the context otherwise indicates or implies, refers to Aimtron Electronics Limited. All references in the Draft Red Herring Prospectus to “India” are to the Republic of India. All references in the Draft Red Herring Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Draft Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac/ Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac/ Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Use of Financial Data

Unless stated otherwise, throughout this Draft Red Herring Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Draft Red Herring Prospectus is derived from our restated financial information prepared for the period ended September 30, 2023 and year ended March 31, 2023, March 31, 2022 and March 31, 2021 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “*Financial Information of the Company*” beginning on page 157 of this Draft Red Herring Prospectus.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in the Draft Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2018, as stated in the report of our Peer Review Auditor, set out in section titled “*Financial Information of the Company*” beginning on page 157 of this Draft Red Herring Prospectus. As on date of the Draft Red Herring Prospectus we don’t have any subsidiaries. Our fiscal year commences on April 1 of every year and ends on March 31 of every next year.

For additional definitions used in this Draft Red Herring Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Draft Red Herring Prospectus. In the section titled “*Main Provisions of the Articles of Association*”, on page 273 of the Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled “**Basis for Issue Price**” on page 89 of the Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

Currency of Financial Presentation

All references to “Rupees” or “INR” or “Rs.” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “**Industry Overview**” throughout the Draft Red Herring Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management's Discussion and Analysis of Financial Conditions and Results of Operations**” on page 27, 112 and 196 respectively of this Draft Red Herring Prospectus, unless otherwise indicated, have been calculated based on our restated financial statements prepared in accordance with Indian GAAP.

The Draft Red Herring Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus includes certain “forward-looking statements”. We have included statements in the Draft Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
2. Inability to promptly identify and respond to changing customer preferences or evolving trends
3. Our ability to effectively manage the operations of and costs associated with our manufacturing facilities
4. We may not be able to sustain our historical growth rates, and our historical performance may not be indicative of our future growth or financial results.
5. Failure to successfully upgrade our product portfolio, from time to time;
6. Any change in government policies resulting in increases in taxes payable by us;
7. We rely on the continued operations of our manufacturing facilities and any slowdown, shutdown or disruption in our manufacturing facilities may be caused by natural and other disasters causing unforeseen damages which may lead to disruptions in our business and operations could have an adverse effect on our business, results of operations, financial condition and cash flows;
8. Our ability to retain our managements personnel and other employees;
9. We are dependent on certain customers for a portion of our revenues. Loss of relationship with any of these customers or a reduction in their demand for our products may have a material adverse effect on our profitability and results of operations;
10. Foreign exchange fluctuations may adversely affect our earnings and profitability;
11. Failure of our suppliers in meeting their obligations with respect to supply of raw materials and components;
12. Delay in expansion into new territories;
13. Changes in laws and regulations that apply to the industries in which we operate;
14. Failure to comply with quality standards may lead to cancellation of existing and future orders;
15. Our ability to grow our business;
16. The occurrence of natural disasters or calamities;
17. General economic, political and other risks that are out of our control;
18. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
19. Company’s ability to successfully implement its growth strategy and expansion plans;
20. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
21. Inability to successfully obtain registrations in a timely manner or at all;
22. Occurrence of Environmental Problems & Uninsured Losses;
23. Conflicts of interest with affiliated companies, the promoter group and other related parties;
24. Any adverse outcome in the legal proceedings in which we are involved; and
25. Concentration of ownership among our Promoters.

For further discussion of factors that could cause our actual results to differ, see the Section titled “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 27, 112, and 196 respectively of the Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company or our Directors or our Officers or Book Running Lead Manager or Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the BRLM will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II – SUMMARY OF DRAFT RED HERRING PROSPECTUS

A. OVERVIEW OF BUSINESS

We are engaged in the business of providing products and solutions towards electronics system design and manufacturing (“ESDM”) services with a focus on high value precision engineering products. We provide product and solutions right from printed circuit board (“PCB”) design and assembly to the manufacturing of complete electronic systems (“Box Build”), to certain domestic and global manufacturers located in India, United States of America, Hongkong, United Kingdom, Spain, Mexico. Our solutions primarily comprises of: (i) printed circuit board assembly (“PCBA”), (ii) any box build assemblies in addition to finding its application in battery management systems used in electrical vehicles (iii) design solutions offering end to end services.

B. OVERVIEW OF THE INDUSTRY

India, today, is a major player in the global electronics manufacturing industry. The country is rapidly becoming an electronics manufacturing hub, with the sector expected to rise to \$ 300 billion by 2025-26. This growth can be attributed to the government’s push to promote domestic electronics manufacturing, which has led to increased investment and the creation of new jobs. The global electronics manufacturing services (EMS) market is projected to reach \$ 1145 billion by 2026, registering a CAGR of 5.4% during the forecast period 2021-2026. From \$ 9.8 billion in 2021, India’s domestic demand for consumer electronics is seeing significant growth and is expected to touch \$ 21.18 billion by 2025.

Our Company, in consultation with the BRLM, may consider a Pre-IPO placement of up to 4,65,600 Equity Shares prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLM. If the Pre-IPO Placement is undertaken, the number of Equity Shares issued pursuant to the Pre-IPO Placement will be reduced from the Issue, subject to compliance with Rule 19(2)(b) of the SCRR. Details of Pre-IPO Placement, if undertaken, shall be included in the Red Herring Prospectus.

R. EXEMPTION FROM COMPLYING WITH ANY PROVISIONS OF SECURITIES LAWS, IF ANY, GRANTED BY SEBI

As on date of the Draft Red Herring Prospectus, our Company has not availed any exemption from complying with any provisions of securities laws granted by SEBI.

SECTION III: RISK FACTORS

*An investment in our Equity Shares involves a high degree of financial risk. Prospective investors should carefully consider all the information in the Draft Red Herring Prospectus, particularly the “**Financial Information of the Company**” and the related notes, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on page 157, 112 and 196 respectively of this Draft Red Herring Prospectus and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.*

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be found material collectively.*
- 2. Some events may have material impact qualitatively instead of quantitatively.*
- 3. Some events may not be material at present but may be having material impact in future.*

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

*In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “**Risk Factors**” on page 27 and “**Management Discussion and Analysis of Financial Condition and Results of Operations**” on page 196 of this Draft Red Herring Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “**Restated Financial Statements**”.*

- 1. Our business is dependent on the sale of our products and services to certain key customers including our Group Companies. The loss of any of these customers or loss of revenue from sales to these customers could have a material adverse effect on our business, financial condition, results of operations and cash flows.*

Our customer base currently comprises a host of international and domestic companies. We are dependent on certain key customers for sale of our products. For period ended on September 30, 2023 and fiscals 2023, 2022 and 2021, our top ten customers contributed to 92.46 %, 96.06 %, 93.22 % and 98.58 % of our revenue from operations. Further, during the stub period ending September 30, 2023 and fiscal 2023, 2022 and 2021. Our largest customer, being our Group Company, Aimtron Corporation, USA contributed to approximately 54.69%, 55.99%, 49.42% and 7.78% of our revenue from operations. The loss of these customers or a loss of revenue from sales to these customers may materially affect our business, financial condition, results of operations and cash flows. As a result, the volume of sales to our customers may vary due to changes in our customers’ sourcing strategies. We cannot assure you that we will be able to significantly reduce

customer concentration in the future. Most of our business comprises of sales directly to our group companies, for which we do not have long term agreements. We sell such products to our foreign group company for the orders procured by them and if such group companies opt other suppliers for fulfilling their demands, we may not be able to find alternate customers. Further we may be unable to establish that sales to these foreign group companies have been made at arms length pricing which may expose us to statutory liabilities.

Many of the purchase orders we receive from customers specify the price per unit and delivery schedule, with the quantities to be delivered. However, such orders may be amended or cancelled and should such amendment or cancellation take place, we may be unable to seek compensation for any surplus bought out or manufactured components. We generally supply our products for particular model of ODMs and the discontinuation of, loss of business with respect to or lack of commercial success of, those particular models of which we are a major supplier of components could reduce our sales and have a material adverse effect on our business, financial condition, results of operations and cash flows. As we are dependent on certain key customers for a significant portion of our sales, the loss of any one of our key customers, if not replaced, may have a material adverse effect on our business, results of operations and financial condition.

Our customers have high standards for product quality and delivery schedules. Any failure to meet customers' expectations could result in the liquidated damages. Also, purchase orders are typically subject to conditions such as ensuring that all products delivered to the customer have been inspected. Customers may set off their payment dues, require indemnification for themselves or their affiliates, change their outsourcing strategy by undertaking more work in-house or replace their existing products with alternative products, any of which may have an adverse effect on our business and results of operations

- 2. We operate in highly competitive markets, and the scale and resources of some of our competitors may allow them to compete more effectively than we can, which could result in a loss of our market share and a decrease in our net revenues and profitability.***

We operate in the ESDM industry, which is highly competitive. The industry is highly fragmented as there is competition from various domestic and international players. We face competition from both organised and unorganised players in the industry. We face competition from some of the listed peers like: Kaynes Technology India Limited, Syrma SGS Technology Limited, Avalon Technologies Ltd, Vinyas innovative technologies limited etc. The growth trajectory in the industry has encouraged new entrants to enter into this industry with new business models. In such highly competitive environment, to gain more market share the players are likely to reduce the pricing which is a challenge for the existing players.

We compete in various aspects, including user experience, breadth of product and service offerings, product complexity, functionality and quality, sales and distribution, supply chain management, among others. Intensified competition may result in pricing pressures and reduced profitability and may impede our ability to achieve sustainable growth in our revenues or cause us to lose market share. We may face competition from larger competitors with significant resources and which benefit from economies of scale and scope. If our competitors develop and implement methodologies that yield greater efficiency and productivity, they may be able to offer services and solutions similar to ours at lower prices without adversely affecting their profit margins. Even if our offerings address industry and customer needs, our competitors may be more successful at selling their services and solutions. Any of these events could substantially harm our results of operations. Some of our existing and potential competitors enjoy substantial competitive advantages, including: longer operating history, the capability to leverage their sales efforts and marketing expenditures across a broader portfolio of products, more established relationships with a larger number of suppliers, contract manufacturers and channel partners, access to larger and broader user bases, greater brand recognition, greater financial, research and development, marketing, distribution and other resources, more resources to make investments and acquisitions, larger intellectual property portfolios, and the ability to bundle competitive offerings with other products and services. We cannot assure you that we will compete with them successfully.

- 3. We are significantly dependent on revenue from sale of PCBA. An inability to anticipate or adapt to evolving up gradation of the required products or inability to ensure product quality or reduction in the demand of these products may adversely impact our revenue from operations and growth prospects.***

Our financial performance during the stub period ended on September 30, 2023 and in last three financial years are significantly dependent on our revenue from sales of PCBA, which represented 73.90%, 88.01%, 79.53% and 18.92 % of our revenue from operations. We cannot assure you that we will increase our market share in the future for these products. Demand for these products depends primarily on our Top 10 customers. Further, the products may be substituted by product up gradation and our company may be unable to upgrade these products. We may not be able to introduce new product that are in faster-growing and more profitable categories. Any of these factors could have a material adverse impact on our

financial condition and the results of operations. We may also be required to invest in updated technology and processes to develop upgraded product having the desired specification, qualities and characteristics and continually monitor and adapt to evolving demand. Any such upgradation may also require for additional capital investment which may affect our financial position.

4. *We have a history of net losses and our current profits do not reflect our future performance.*

As per the restated financial statements we had incurred loss of Rs 180.15 lakhs during the financial years 2021-22 due to unavoidable circumstances and disruption in supply chain as an impact of COVID 19. Because the market for our products and services is evolving, it is difficult for us to predict our future results of operations or the limits of our market opportunity. Our current levels of profit do not reflect our future performance. We expect our operating expenses to increase as we hire additional personnel, broaden our marketing efforts and promotional activities, expand our operations and infrastructure, continue to enhance our brand, expand our products and services. These initiatives may be more costly than we expect and may not result in proportionate increase in revenue. Any failure to increase our net revenue sufficiently to keep pace with our initiatives, investments, and other expenses could prevent us from achieving profitability or positive cash flow on a consistent basis in future periods.

5. *Our business is dependent on our manufacturing facilities and we are subject to certain risks in our manufacturing process. Technology failures, Cyber-attacks, other security breaches or obsolescence, destruction, theft, breakdowns of our major plants or machineries or failures to repair or maintain the same could have a material adverse effect on our business, results of operation or financial condition may affect our business, cash flows, financial condition and results of operations.*

Our business is dependent upon our ability to manage our manufacturing facilities, which are subject to various operating risks, including those beyond our control, such as the breakdown and failure of equipment or industrial accidents and severe climate conditions and natural disasters. Any significant malfunction or breakdown of our machinery may entail significant repair and maintenance costs and cause delays in our operations. If we are unable to repair breakdown of machinery in a timely manner or at all, our operations may need to be suspended for a limited time until we procure new machinery to replace the same. In addition, we may be required to carry out planned shutdowns of our facilities for maintenance, statutory inspections and testing, or may shut down certain facilities for capacity expansion and equipment upgrades.

Obsolescence, destruction, theft or breakdowns of our major plants or machineries may significantly increase our machineries purchase cost and the depreciation of our plants and machineries, as well as change the way our management estimates the useful life of our plants and machineries. In such cases, we may not be able to acquire new plants or machineries or repair the damaged plants or machineries in time or at all. Some of our major machineries or parts may be costly to replace or repair. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or unavailability.

IT systems are critical to our ability to manage our operations. Our IT systems enable us to coordinate our operations, from planning, production scheduling, raw material ordering, invoicing, delivery, customer relationship, management and decision support. If we do not allocate and effectively manage the resources necessary to build and sustain the proper IT infrastructure, we could be subject to transaction errors, processing inefficiencies, customer service disruptions and, in some instances, loss of customers.

We face cyber threats, threats to the physical security of our facilities and employees, the potential for business disruptions associated with IT failures, natural disasters, or public health crises. We have installed anti-virus software to prevent our systems and infrastructure from being infected and crippled by computer viruses. All our internet facing servers installed at all our data centres as well as at all our offices are also secured with firewalls and intrusion preventions systems to prevent hacking. If we are unable to protect sensitive information, our customers could question the adequacy of our threat mitigation and detection processes and procedures. Due to the evolving nature of these security threats, the impact of any future incident cannot be predicted.

Although we have not experienced any significant disruptions at our manufacturing facilities in the past, we cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shut-down of our operations for limited time or under-utilization of our manufacturing facilities, which in turn may have an adverse effect on our business, results of operations and financial condition.

6. *Inventories and trade receivables form a major part of our current assets. Failure to manage our inventory and trade receivables could have an adverse effect on our sales, profitability, cash flow and liquidity.*

Our Company's business is working capital intensive and hence, inventories and trade receivables form a major part of our current assets. The results of operations of our business are dependent on our ability to effectively manage our inventory and trade receivables. To effectively manage our inventory, we must be able to accurately estimate customer demand / potential orders and supply requirements and purchase new inventory accordingly. However, if we misjudge expected customer demand / potential orders, it could cause either a shortage of products or an accumulation of excess inventory. During the stub period ended on September 30, 2023 and FY 2022-23, FY 2021-22 and FY 2020-21 our inventories were ₹ 4248.46 lakhs, ₹ 4433.37lakhs, ₹ 1927.75 lakhs and ₹ 590.88 lakhs.

To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. Moreover, since most of our sales are for based on orders received from customers as per their requirements, if we fail to accurately evaluate the credit worthiness of our customers, it may lead to bad debts, delays in recoveries and / or write-offs which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. During the stub period ended on September 30, 2023 and FY 2022-23, FY 2021-22 and FY 2020-21 our trade receivables were ₹ 1042.25 lakhs, ₹ 371.63 lakhs, ₹ 552.28 lakhs and ₹ 1294.28 lakhs. We may be subject to working capital risks due to delays or defaults in payment by clients, which may restrict our ability to procure raw materials and make payments when due. In addition, any delay or failure on our part to supply the required quantity or quality of products, within the time stipulated by our agreements, to our customers may in turn cause delay in payment or refusal of payment by the customer. Such defaults/delays by our customers in meeting their payment obligations to us may have a material effect on our business, financial condition and results of operations. Such a situation may require an additional and, consequently, higher finance cost which will adversely impact our profitability.

7. ***There are certain discrepancies/errors noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 1956/ 2013. Moreover we are unable to trace some of our historical records. Any penalty or action taken by any regulatory authorities in future, for non-compliance with provisions of corporate and other law could impact the reputation and financial position of the Company to that extent.***

There are few discrepancies noticed in some of our corporate records relating to e-forms filed with the Registrar of Companies, which inter-alia includes clerical errors like: inappropriate regularisation of additional directors appointed by board in the past, however all such appointments of directors have been ratified as on date of the Draft Red Hearing Prospectus. Our Company had failed to comply with provisions of section 42 of Companies Act, 2013 w.r.t. opening of separate bank account for allotment of shares on private placement basis dated December 31, 2015. Further one of the share transfer deeds for the year 2012 is not traceable. Moreover our company had not prepared the cash flow statement from incorporation till FY 20-21 in non-compliance of Section 129 read with Section 2(40) of the Companies Act 2013.

Further, our company had not complied with Accounting Standards AS-15 and AS 18 in the past, however the same have been duly complied by the company in the restated financial statements. Although, no show cause notice in respect of the above has been received by the Company till date, any penalty imposed for such non-compliance in future by any regulatory authority could affect our financial conditions to that extent.

8. ***We have in the past been in non-compliance with certain reporting requirements under FEMA Regulations, within the prescribed period***

Our company has not intimated RBI in respect of allotments of shares made to its non resident shareholders vide allotment dated March 25, 2014, December 31, 2015, December 09, 2021 and October 18, 2023 under provisions of FEMA, 1999. Further, our company has not intimated RBI under FEMA, 1999 for transfer of shares done in the past. Further the compliance with respect to reporting under External Commercial Borrowings (ECB) for borrowings accepted by our company from its foreign group company and promoter were not filed in the past. While no show cause notice has been issued and no penalties have been imposed on our Company in this regard, we cannot assure you that RBI or other regulatory authorities will not initiate any prosecution or impose any penalty on our company or its directors in relation to the above instances.

9. ***Any delay, interruption or reduction in the supply of raw materials to manufacture our products may adversely affect our business, results of operations, cash flows and financial condition.***

Our business operations are significantly dependent on third parties at all stages of product development and sales. We source our raw materials and bought out components and sub-assemblies like: Electronic Components (micro controllers, IC, resistors, capacitors, LED, PCB and other semiconductors), Wiring Harness, Plastic Parts, Sheet Metal Parts, Process consumables etc. from third party suppliers. Certain parts of our bought-out components are imported from countries like

China, Hong Kong, Singapore etc. During the stub period ended on September 30, 2023 and fiscal 2022, 2021 and 2020 our imports comprise of ₹ 1647.39 lakhs, ₹ 5614.76 lakhs, ₹2938.55 lakhs and ₹ 1148.81 lakhs respectively.

The quality of our products is primarily derived from the quality of our raw materials, and any deterioration in the quality of raw materials supplied to us will have an adverse effect on the quality of our products, market reputation and sales volumes. There can be no guarantee that we will be able to maintain our current line-up of suppliers or adequate supply of such raw materials at all times. Additionally, the prices of our primary raw materials are volatile and fluctuate based on a number of factors outside our influence, including the prices of metals like: steel and aluminium. We procure our raw material through purchase orders and the terms and conditions on warranties for product quality and return policy are specified on such purchase orders. We cannot be certain that we will be able to obtain raw material meeting the specified quality standards on commercially acceptable terms, or that our suppliers will perform as expected. If we fail to (i) receive the quality of raw materials that we require; (ii) negotiate appropriate financial terms; (iii) obtain adequate supply of raw materials in a timely manner, or (iv) if our principal suppliers discontinue the supply of such raw materials, or were to experience business disruptions or become insolvent due to reasons beyond our control, we cannot assure that we will be able to find alternate sources for the procurement of raw materials in a timely manner or at all.

Our cost of raw materials and components consumed constituted 60.02%, 84.75%, 93.08% and 54.07% of our revenue from operations, for the stub period ended on September 30, 2023 and Fiscals 2022, 2021 and 2020 respectively. Further, if we cannot fully offset increases in the prices of our raw materials, we will experience lower margins. The occurrence of any such event may adversely affect our business, results of operations, cash flows and financial condition.

We do not have long term contracts or exclusive arrangements with any of our suppliers, and any major disruption to the timely and adequate supplies of our raw materials for any of our segments exposes us to volatility in the prices of raw materials and could adversely affect our business, results of operations and financial condition. The availability of these raw materials and components is dependent on the global supply chain and their shortages can be caused by, among other things, variations in the supply of quality material, import duties, currency exchange rates, natural disasters, changing economic conditions, or other geographic and political events. For instance, the shortage of labour, local and international restrictions impacting the transport and logistics arising due to COVID-19 contributed to a bottleneck in supply chain system in the industry which may occur in future. Prices of oil and gas also affect our distribution and transportation costs.

Further our Company has outstanding dues of trade payables during the stub period ended on September 30, 2023 and Fiscals 2023, 2022 and 2021 of ₹ 874.45 lakhs, ₹637.18 lakhs, ₹1262.85 lakhs and ₹384.52 lakhs respectively. Any delay in payment to our creditors may impact our long-standing relations with our suppliers and may result in stoppage of timely or at all delivery of raw material. Any such disruption would impact the production and overall financial position of our Company.

10. Our business is substantially dependent on our design and engineering teams to accurately carryout the estimates and engineering studies for potential orders. Any deviation during the execution of the order as compared to our estimates could have a material adverse effect on our cashflows, results of operations and financial condition.

We have developed in-house resources with key competencies to deliver a product as per customer specifications which include our qualified design and engineering team. We rely on our in-house team of 28 engineers as on September 30, 2023 for timely and efficient operations. While our teams have the necessary skill and experience in carrying out estimates and engineering studies, we may not be able to assure the accuracy of such studies. Further the accuracy of the estimates is dependent on the on the prices quoted by our suppliers and how accurately we have analysed and estimated the specifications provided by customers. Any deterrence or deviation in the estimation and calculation of the key elements on which we rely before submitting quotations to customers as compared to our estimates during implementation and operation could have a material adverse effect on our cash flows, results of operations and financial condition.

11. Our reliance on certain industries for a significant portion of our sales could have an adverse effect on our business.

Generally, our intermediates cater to the various industries such as: Industrial sector, Medical & Healthcare Equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicle) etc. Consequently, our revenues are dependent on the end user industries that use our products as an input. The table set forth below provides customer segment split of our revenue from operations for the stub period ended September 30, 2023 and for the Fiscal 2023, Fiscal 2022 and Fiscal 2021.

(Rs in lakhs)

Industry	Sep-23		2022-23		2021-22		2020-21	
	Amt	% of revenue	Amt	% of revenue	Amt	% of revenue	Amt	% of revenue

Automobiles	929.46	21.58%	398.46	5.57%	88.21	3.35%	4.14	0.08%
Gaming	1061.68	24.65%	1769.81	24.72%	320.18	12.17%	254.36	4.82%
Industrial Sector	633.84	14.72%	2500.02	34.92%	1469.59	55.84%	537.06	10.18%
Drones and UAV	331.81	7.70%	278.37	3.89%	70.01	2.66%	19.12	0.36%
Medical & Healthcare	230.60	5.35%	673.22	9.40%	434.48	16.51%	4360.96	82.63%
Power	0.00	0.00%	0.00	0.00%	46.51	1.77%	0.00	0.00%
Others	1119.37	25.99%	1538.49	21.49%	202.94	7.71%	102.30	1.94%
Total	4306.77	100%	7158.36	100%	2631.92	100%	5277.93	100%

Factors affecting any of these industries in general, or any of our customers in particular, could have a cascading adverse effect on our business, financial condition and results of operations. Such factors include, but are not limited to, the following:

- our customers' failure to successfully market their products or to compete effectively;
- change in any registration requirements or non-renewal of registrations or imposition of a regulatory ban, or trade sanctions imposed across the country or any such restrictions on the business or product or customer's final product;
- loss of market share, which may lead our customers to reduce or discontinue the purchase of our products;
- economic conditions of the markets in which our customers operate;
- regulatory issues faced by these industries in India and internationally;
- downturns or industry cycles that impact demand; and
- changes in technology or consumer tastes and requirements that alter demands for our products.

12. We are subject to strict quality requirements, customer inspections and audits, and any failure to comply with quality standards may lead to cancellation of existing and future orders and could negatively impact our reputation and our business and results of operations and future prospects.

We develop and manufacture complex and specialised components for our diversified range of products and services catering to various sectors based on specific requirements stipulated by our customers. Given the nature of our products and services and the sector in which we operate, we believe that our customers have high standards for product quality and delivery schedules. Adherence to quality standards is a critical factor as a defect in products manufactured by our Company or failure to comply with the specifications of our customers may, in turn, lead to the manufacture of faulty end-products. Component failures, manufacturing non-conformance, unknown safety, efficacy concerns, design defects, off-label use, or inadequate disclosure of product-related risks or product-related information with respect to our products, if they were to occur, could result in directly or indirectly, personal injuries or other adverse effects. This may lead to cancellation of supply orders and at certain instances may impose additional costs in the form of product liability and/or product recall. Further our facilities, process and products are exposed to regular inspection and audits by our customers to ensure that their internal standards are appropriately met. Any non-compliance observed during inspection/audit may have an adverse impact on our business, financial condition, results of operations and future prospects. Any negative publicity regarding our Company or our products could adversely affect our reputation, our operations and our results from operations

13. We derive a majority portion of our revenues from exports and are subject to risk of international trade.

We have historically derived a significant portion of our revenues from operations from export to countries like: United States of America, Hong kong, United Kingdom, Spain, Mexico etc. During the stub period ending September 30, 2023, Fiscal 2023, Fiscal 2022 and Fiscal 2021, our revenues from our exports amounted to ₹3559.84 lakhs, ₹ 5697.61 lakhs, ₹ 1758.92 lakhs and ₹ 4731.52 lakhs respectively, which constituted 82.66%, 79.59%, 66.83% and 89.65% respectively, of our total revenues from operations, wherein export to our group companies accounted for 58.18%, 60.78%, 51.81% and 7.84% respectively, of our total revenues from operations, Therefore, any developments in the global ESDM industry or the industries in which our customers operate could have an impact on our sales from exports. If any severity persists or war like situations occurs between countries across the globe in future our revenue from export may be affected. Further from time to time, tariffs, quotas and other tariff and non-tariff trade barriers may be imposed on our products in jurisdictions in which we operate or seek to sell our products. There can be no assurance that the countries where we export, among others, where we seek to sell our products will not impose trade restrictions on us in future. We may also be prohibited from exporting to certain restricted countries that may be added to a sanctions list maintained by the Government of India or other foreign governments. Any such imposition of trade barriers may have an adverse effect on our results of operations and financial condition.

Our operations are subject to risks that are specific to each country from where our customers operate, including:

- Social, economic, political, geopolitical conditions and adverse weather conditions, such as natural disasters, civil disturbance, terrorist attacks, war or other military action, which may adversely affect our business and operations;

- Compliance with local laws, including legal constraints on ownership and corporate structure, environmental, health, safety, labour and accounting laws, which may impose onerous and costly obligations on our multinational customers.
- Changes in foreign laws, regulations and policies, including restrictions on trade, import and export licence requirements, and tariffs and taxes, intellectual property enforcement issues and changes in foreign trade and investment policies and
- Fluctuations in foreign currency exchange rates against the Indian Rupee

In addition, our revenues from these markets may decline as a result of increased competition, regulatory action, pricing pressures including as a result of anti-dumping measures, fluctuations in the demand for or supply of our products or services, or the outbreak of an infectious disease such as COVID-19. Our failure to effectively react to these situations or to successfully introduce new products in these markets could adversely affect our business, prospects, results of operations and financial position. Further, our international operations are subject to risks that are specific to each country and region in which we operate, as well as risks associated with international operations, in general. These risks include complying with changes in foreign laws, regulations and policies, including restrictions on trade, import and export license requirements, and tariffs and taxes, intellectual property enforcement issues and changes in foreign trade and investment policies. In the event we are unable to effectively address or comply with changes in foreign laws, or meet the conditions stipulated in our licenses, we may be subject to penalties and other regulatory actions, which could adversely affect our reputation, business, prospects, result of operations and financial condition.

14. Our Company operates under several statutory and regulatory approvals in respect of our operations. Failure to obtain or maintain licenses, registrations, permits and approvals may affect our business and results of operations.

We require certain statutory and regulatory permits, licenses and approvals to operate our business. Though we believe that we have obtained those permits and licenses which are adequate to run our business, we cannot assure that there is no other statutory/regulatory requirement which we are required to comply with. Further, some of these approvals are granted for fixed periods of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Failure by us to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations. Furthermore, we do not have Fire NOC for our manufacturing facility situated at Bangalore. Our Company is in the process of making application for change in name in all the permits, licenses and approvals, which are under Company's former name.

We cannot assure you that the approvals, licenses, registrations and permits required will be issued to us and those already issued will not be suspended or revoked in the event of non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any denial, suspension or revocation of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations. For further details regarding the material approvals, licenses, registrations and permits, which have not been obtained by our Company or are, pending renewal, see "**Government and Other Approvals**" on page 212 of this Draft Red Herring Prospectus.

15. The restated financial statements have been provided by peer reviewed chartered accountants who is not statutory auditor of our Company.

The restated financial statements of our Company for the stub period ended on September 30, 2023 and financial year ended March 31 2023, 2022 and 2021 have been furnished by a peer-reviewed chartered accountant who is not the statutory auditor of our Company. While our statutory auditor possesses a valid peer-reviewed certificate, due to their existing commitments, the task of providing the restated financial statements was entrusted to the aforementioned peer-reviewed chartered accountant.

16. We have had negative cash flows from operating activities in the past and may continue to have negative cash flows in the future.

Our cash flows from operating activities, investing activities and financing activities for the period ending September 30, 2023 and Fiscal 2023, 2022 and 2021 are set forth below:

(Rs. In lakhs)

Particulars	September 30, 2023	March 31, 2023	March 31, 2022	March 31, 2021
Net Cash generated from / (used in) operating activities	457.01	(843.31)	784.03	724.74
Net Cash Flow from/(used in) Investing Activities	(244.54)	(175.97)	(2,190.97)	(66.00)
Net Cash Flow from/(used in) Financing Activities	(159.13)	997.46	737.32	(104.80)

Cash flows of a company are a key indicator to show the extent of cash generated from the operations of a company to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

17. *Restrictions on import and an increase in shipment cost may adversely impact our business, cash flows and results of operations.*

Most of the products, raw materials and components required in our manufacturing and assembly line process are imported. During the stub period ended on September 30, 2023 and Fiscal 2023, 2022 and 2021 the import purchases accounted for 66.66 %, 78.23 %, 86.49 % and 37.71 % of total purchases in the respective years. The import is regulated by the various regulatory requirements, which empowers the relevant authority to undertake any measures that it deems fit. Such measures include denying approval for import of such products. There can be no assurance that such regulations will not become more stringent in the future, which could potentially restrict our ability to import from other jurisdictions. Historically, we have been dependent on import from countries like: China, Hong Kong, Singapore etc. While our imports from such jurisdictions are not currently subject to any regulatory ban or restriction, there can be no assurance that such regulations will not evolve into more stringent regulations, which would place onerous requirements on us and consequently restrict our ability to import. There can also be no assurance that, under these circumstances, we will be successful in identifying alternate suppliers or we will be able to source such products, raw materials or components domestically at favourable terms in a timely manner. While we have not in the past experienced any significant challenge in importing products, there can be no assurance that we will not experience any such challenges in the future.

18. *We currently avail benefits under the EPCG licenses. In order to continuously avail the benefits, we are required to export goods of a defined amount. Any failure in meeting the obligations we may be liable to pay duty proportionate to unfulfilled obligations along with interest*

Pursuant to our EPCG licenses, we are required to export goods of a defined amount, failing which we may have to pay the Government, a sum equivalent to the duty benefit enjoyed by us under the EPCG licenses along with interest. As of September 30, 2023 our pending obligation against the EPCG license is ₹ 1830.86 lakhs. Any reduction or withdrawal of benefits or our inability to meet any of the conditions prescribed under such schemes would adversely affect our business, financial condition, to the extent of unfulfilled obligation along with interest.

19. *Some of our Group Companies and Promoter Group Entities operate in the same line of business as us, which may lead to conflict of interest.*

Our Group Companies and Promoter Group entities, Aimtron Technologies Private Limited, Aimtron Corporation, USA Aimtron Systems, LLC; American Pinball Inc. USA; Aimtron Design Studio Inc., USA are involved in ventures which are in the same line of business as of our Company. WE derive a substantial portion of our revenue from sales to group companies. During the Stub period ended on September 30, 2023 and Year ended March 2023, March 2022, March 2021, we derive 57.42% , 60.73% , 51.19% , 7.78% of our revenue from operation respectively from our group companies. Hence, we may have to depend on our Group Entities for business, which may impact our business, financial condition and results of operations. We cannot assure that our Promoters who have common interest in said entity will not favour the interest of the said entity. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and these Companies in circumstances where our respective interests' conflict. In cases of conflict, our Promoters may favour these companies. There can be no assurance that our Promoters or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. The interests of our Promoters may also conflict in material aspects with our interests or the interests of our Shareholders. Further we may be unable to establish that sales to these foreign group companies have been made at arms length pricing which may expose us to statutory liabilities. However, our Company will ensure necessary procedures and practices as permitted by laws and regulatory guidelines to address situations of conflict of interest as and when they arise. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations. For further details, see **"Our Group Companies"** on page 216.

Further we share the same premises of our registered office with Our Group Companies Aimtron Technologies Private Limited and Aimtron foundation. In case of any dispute, we may suffer a disruption in our operations which could have an adverse effect on our business and operations. Any multiple or overlapping use of the said facilities may create some disruption which may affect our business operations.

20. *Our manufacturing activities require deployment of labour and depend on availability of labour. In case of unavailability of such labour, our business operations could be affected.*

Our manufacturing operations require deployment and our ability to retain labour. In case such labour workforce is unavailable, or we are unable to identify and retain such labour our business could be adversely affected. We cannot guarantee that we may be able to continue with the same on favourable terms or at all. Any such failure may impact the operations, business process and profitability. Additionally, there have been amendments in the labour and Employment related laws, which may have a direct impact on our employee costs and consequently, on our margins. Further, latest amendments in labour laws in India may lead to increasing cost of compliance, wages, social security, Occupational Safety, Health and Working Conditions. We cannot assure you that we will continue to comply with all these labour related laws and that as we continue to grow our business in the future, our labour and employee costs coupled with operating compliances and expenses will not significantly increase.

21. *We may be subject to risks associated with product warranty.*

We are subject to risks and costs associated with product warranties, supply of defective products within the warranty periods stipulated for our products. We usually provide warranty against manufacturing defects on our products, other than for physical damages during transit. Any defects in the finished products may result in invocation of such warranties issued by us and may require repair or replacement resulting in additional costs for our Company. For instance, we incur, from time to time, expenditure on account of product warranty claims, which are in the nature of product repairs on account of manufacturing defects found in our products. There can be no assurance that we will be able to successfully defend or settle such claims and lawsuits against defective products. Multiple instances of manufacturing defects in our products or any product liability claim against us could generate adverse publicity, leading to a loss of reputation, customers and/or increase our costs, thereby materially and adversely affecting our reputation, business, results of operations, financial condition and cash flows.

22. *We have in the past entered into related party transactions and may continue to do so in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our Company's financial condition and results of operations.*

Our Company has entered into various transactions with our directors, promoters and group companies. These transactions, inter-alia includes sales, purchases, remuneration, loans and advances etc. For details, please refer to ***Annexure XXXI - Related Party Transactions***” under Section titled ***“Financial Information of the Company”*** and Chapter titled ***“Capital Structure”*** beginning on page 186 and 63 respectively of this Draft Red Herring Prospectus. Our Company has entered into such transactions due to easy proximity and quick execution. Although all related-party transactions that we may enter into in the future are subject to approval by our Audit Committee, Board or shareholders, as required under the Companies Act, we cannot assure you that such future transactions or any other future transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favourable terms if such transactions are not entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. Any future transactions with our related parties could potentially involve conflicts of interest. Accordingly, there can be no assurance that such transactions, individually or in the aggregate, will not have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

23. *If we are unable to manage our growth effectively and further expand into new markets our business, future financial performance and results of operations could be materially and adversely affected.*

The success of our business will depend on our ability to effectively implement our business and growth strategy. As part of our growth strategy, we aim to, among other things, continue to grow our businesses as and when opportunities exist including by Catering to more end-use industries, reduce operating costs and improve operational efficiencies, increase our geographical reach and expand our customer base etc.

As we continue to grow our business and expand into newer markets, we may face several challenges, including as set forth below:

- acquiring new customers;
- identifying customer requirements and preferences in such markets;
- obtaining approvals and certifications for our products in such jurisdictions;
- making accurate assessments of the resources we will require;
- preserving a uniform culture, values and work environment;
- developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, internal control and other internal systems;
- recruiting, training and retaining sufficient skilled management, technical and marketing personnel;
- maintaining high levels of customer satisfaction; and

- adhering to expected performance and quality standards.

In pursuing our growth strategy, we will require additional capital investments and cash outlays, which may have a material impact on our cash flows and results of operations. Our operating expenses and capital requirements may increase significantly pursuant to our expansion plans. Our ability to manage our growth effectively requires us to forecast accurately our sales, growth and manufacturing capacity and to expend funds to improve our operational, financial and management controls, reporting systems and procedures. An inability to implement our future business plan, manage our growth effectively, further expand into new markets or failure to secure the required funding on favourable terms or at all could have a material and adverse effect on our business, future financial performance and results of operations.

24. *Our manufacturing facility at Vadodara is located on premises leased by the GIDC. If we are unable to renew these leases or relocate on commercially suitable terms, it may have a material adverse effect on our business, results of operation and financial condition*

Our manufacturing facility situated at Vadodara is located on premises leased from the GIDC. Though we have entered into long-term lease agreements with respect to these lands, such lease agreements may be terminated early in the event of a default or upon the expiry of their tenure and may not be renewed. For details, see “**Our Business**” on page 112. Additionally, the lease agreements require our Company to comply with certain conditions including prior consent of the lessor for certain actions such as making significant structural alterations, subletting, transferring or assigning the leased premises. If we fail to meet any such conditions, we may be required to incur additional liability. For instance, our Company has not sought the consent from GIDC in relation to subletting a portion of the premises leased from GIDC at Vadodara to our Group Companies, Aimtron Technologies Private Limited and Aimtron Foundation. The lessee has been made liable for compliance of all terms and conditions of lease deed executed between company and GIDC and this sub-lease is subject to termination if the said terms are violated by the lessee.

25. *Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject and this may have a material effect on our business and financial condition.*

While we maintain insurance coverage namely vehicle insurance, marine Export Import Insurance, Bharat Laghu Udyam Suraksha Policy for our Plant, Machinery, Stock, Furniture and Building and Employees Compensation Insurance Policy, which we believe are commercially appropriate. However, we have not insured ourselves for Key managerial person insurance, employee compensation insurance, group personal accident, group medical insurance and Cash in Transit insurance.

However, for unforeseen circumstances, we may not have sufficient insurance coverage to cover all possible economic losses, including when the loss suffered is not easily quantifiable. Even if we have made a claim under an existing insurance policy, we may not be able to successfully assert our claim for any liability or loss under such insurance policy. Additionally, there may be various other risks and losses for which we are not insured either because such risks are uninsurable or not insurable on commercially acceptable terms. The occurrence of an event for which we are not adequately or sufficiently insured could have an adverse effect on our business, results of operations, financial condition and cash flows. For further details of our Insurance Policies, please refer section titled “**Our Business**” beginning on page 112 of this Draft Red Herring Prospectus.

26. *Our logo is not registered under Trademarks Act, 1999. The trademark application for our logo is Marked for Exam. There might be insufficient protection for our intellectual property rights, potentially leading to significant negative impact on our business and results of operations.*

As on the date of this Draft Red Herring Prospectus, we do not own any registered trademarks. Our Company had filed registration applications for the logo” ”, under class 9 and class 42 of Trademarks Act, 1999, however the application under class 9 is objected and that under class 42 is Marked for Exam. We cannot assure you that the said status of Trademark will be resolved and that we will be granted registration for our logo or for our wordmark application. If our intellectual property rights are inadequate or if we otherwise fail to sufficiently protect our intellectual property, our business, financial condition and results of operations could be adversely affected.

27. *We are dependent on third party transportation providers and favourable international relations for the delivery of our raw materials, components and finished products. Accordingly, continuing increases in transportation costs or unavailability of transportation services for them, as well the extent and reliability of Indian infrastructure may have an adverse effect on our business, financial condition, results of operations and prospects*

We use third party transportation providers for the delivery of our raw material, components and finished products.

Transportation strikes if happen could have an adverse effect on overall industry and accordingly may affect our receipt of raw materials and components and our ability to deliver our products to our customers. In addition, transportation costs in India have been steadily increasing over the past several years. Continuing increases in transportation costs or unavailability of transportation services for our products may have an additional cost escalation. Continuing increases in transportation costs or unavailability of transportation services for our products may have an adverse effect on our business, financial condition, results of operations and prospects. In addition, India's physical infrastructure is less developed than that of many developed nations, and problems with its road networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity, including our supply of raw materials and the delivery of our products to customers by third-party transportation providers. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our business operations, which could have a material adverse effect on our results of operations and financial condition.

We are subject to the risk of increases in freight costs. If we cannot fully offset any increases in freight costs, through increases in the prices for our products, we would experience lower margins. In addition, any increase in export tariffs also will increase expenses which in turn may adversely affect our business, financial condition and results of operations.

28. We are exposed to foreign currency fluctuation risks, which may affect our results of operations.

Our business involves import and export transactions with foreign companies, which is paid or received in U.S. Dollars, Pound, Euro or other foreign currencies. A depreciation of Rupee against these foreign currencies would mean that our imports would become expensive and will impact our gross margins. During the stub period ended on September 30, 2023 and FY 2022-23, 2021-22 and 2020-21 the imports accounted for approximately Rs. 1647.39 lakhs, Rs. 5614.76 lakhs, Rs. 2938.55 lakhs and Rs. 1148.81 lakhs respectively. Similarly, any appreciation of Rupee against these foreign currencies would adversely affect the export value of our products. During the stub period ended on September 30, 2023 and FY 2022-23, 2021-22 and 2020-21 the exports accounted for approximately Rs. 3559.84 lakhs, Rs. 5697.61 lakhs, Rs 1758.92 lakhs and Rs. 4731.52 lakhs respectively. The exchange rate between the Rupee and these foreign currencies has fluctuated substantially in recent years and may continue to fluctuate significantly in the future. The foreign exchange gain/(loss) during the stub period ended on September 30, 2023 and FY 2022- 23, 2021-22 and 2020-21 accounted for Rs. 7.60 lakhs, Rs. (67.83) lakhs, Rs (10.40) lakhs and Rs 48.64 lakhs respectively. We bear the complete risk of currency exchange rate fluctuations.

29. Our Company is involved in certain legal proceedings and potential litigations. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties/prosecutions and may adversely affect our business and results of operations.

Our Company is currently involved in certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts, tribunals, and government departments.

Nature of Litigation	Number of Cases Outstanding	Amount in dispute/demanded to the extent ascertainable (Amount in Lakhs)
<i>Against the Company</i>		
Direct Tax	1	2.14*
Indirect Tax	1	36.08

*Towards TDS defaults

For further details, see **“Outstanding Litigation and Material Developments”** beginning on page 209 of this Draft Red Herring Prospectus. Any adverse outcome from adjudication of these pending litigations in the future may have an impact on the Company's profitability, revenue, operations, etc. If the courts or tribunals rule against our Company or our Promoters and Directors, we may face monetary and/or reputational losses and may have to make provisions in our financial statements, which could increase our expenses and our liabilities.

30. Under-utilization of our manufacturing capacities may have an adverse effect on our business, future prospectus and future financial performance. Moreover, information relating to capacity utilization of our production facilities included in this Draft Red Herring Prospectus is based on certain assumptions and has been subjected to rounding off, and future production and capacity utilization may vary

Our capacity utilization is affected by the availability of raw materials, industry and market conditions as well as by the product requirements of, and the procurement practice followed by, our customers. For the stub period ended on September 30, 2023 and FY 23, FY 22 and FY 21 our capacity utilization of manufacturing facility at Vadodara was 75.60%, 83.50%, 72.27% and 78.73% respectively and our capacity utilization of manufacturing facility at Bengaluru which started in the

FY 22-23 for the stub period ended on September 30, 2023 and FY 22-23 was 58.00% and 53.50% respectively. In the event that we are unable to achieve full capacity utilization of our current manufacturing facilities, this would result in operational inefficiencies which may have an adverse effect on our business, financial condition, cash flows, future prospects and future financial performance. For further details in relation to our capacity utilization, see **“Our Business”** on page 112 of the Draft Red Herring Prospectus.

Under-utilization of our manufacturing capacities over extended periods, or significant under-utilization in the short term, could adversely impact our business, growth prospects and future financial performance. In case of oversupply in the industry or lack of demand, we may not be able to utilize our capacity efficiently.

Further information relating to capacity utilization of our production facilities included in this Draft Red Herring Prospectus is based on various assumptions and estimates of our management, assumptions relating to availability and quality of raw materials and assumptions relating to operational efficiencies. Actual production levels and utilization rates may differ significantly from the estimated production capacities or historical estimated capacity utilization of our facilities. Undue reliance should therefore not be placed on our capacity utilization information for our existing facilities included in this Draft Red Herring Prospectus. For further information, see the section titled **“Our Business”** on page 112 of this Draft Red Herring Prospectus.

31. *Our Company may not be successful in penetrating new export markets*

Expansion into new export markets subjects us to various challenges, including those relating to our lack of familiarity with the culture and economic conditions of these new regions, language barriers, difficulties in staffing and managing such operations and the lack of reputation in such regions. In addition, the risks involved in entering new geographic markets and expanding operations, may be higher than expected, and we may face significant competition in such markets. By expanding into new geographical regions, we could be subject to additional risks associated with establishing and conducting operations, including compliance with a wide range of laws, regulations and practices; exposure to other government actions; and political, economic and social instability.

32. *Activities involving our manufacturing process can cause injury to people or property in certain circumstances. A significant disruption at any of our manufacturing facilities may adversely affect our production schedules, costs, sales and ability to meet customer demand.*

Although we employ safety procedures in the operation of our manufacturing facilities and maintain what we believe to be adequate insurance, there is a risk that an accident may occur at any of our manufacturing facilities. An accident may result in personal injury to our employees, destruction of property or equipment, environmental damage, manufacturing or delivery delays, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend such litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects.

In particular, if operations at our manufacturing facilities were to be disrupted as a result of any significant workplace accident, equipment failure, natural disaster, power outage, fire, explosion, terrorism, adverse weather conditions, labour dispute, obsolescence or other reasons, our financial performance may be adversely affected as a result of our inability to meet customer demand or committed delivery schedules for our products. While we have not experienced any interruption in our manufacturing activities in the past on account of any workplace accident, any future interruptions in production may also increase our costs and reduce our sales, and may require us to make substantial capital expenditures to remedy the situation or to defend litigation that we may become involved in as a result, which may negatively affect our profitability, business, financial condition, results of operations, cash flows and prospects.

33. *We are dependent on our promoters and senior management and other key personnel, and the loss of, or our inability to attract or retain, such persons could affect our business, results of operations, financial condition and cash flows.*

Our performance depends largely on the efforts and abilities of our Promoters Mukesh Jeram Vasani and Nirmal M. Vasani along with our Whole time Directors Dr. Ashwani Kumar Srivastava and Sharmilaben Lakhanbhai Bambhaniya and other key personnel. They have gained experience in this line of business and have over the years-built relations with suppliers, customers, regulators and other persons who are connected with us and have been actively involved in the day-to-day operations and management. Further we believe that the inputs and experience of our senior management, in particular, and other key personnel are valuable for product development activities, procurement of raw materials, successful delivery of products and our overall business operations of our Company. For details in relation to the experience of our key

management personnel, see **“Our Management”** on page 139 of this Draft Red Herring Prospectus. We cannot assure you that these individuals or any other member of our senior management team will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. We may require a long period of time to hire and train replacement personnel when qualified personnel terminate their employment with our Company. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires. The loss of the services of such persons may have an effect on our business, results of operations, financial condition and cash flows.

34. Our Company has taken unsecured loans that may be recalled by the lenders at any time.

Our Company have availed unsecured loans which may be called by their lenders at any time. As on September 30, 2023, the unsecured loan amounting to ₹ 287.31 lakhs due to our promoter and group companies. In the event that promoter seeks a repayment of any such loan, our Company would need to find alternative sources of financing to the extent of outstanding balance. Also, there is no formal agreement with promoters. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. For further details on financing arrangements entered into by our Company, please refer chapter titled **“Statement of Financial Indebtedness”** beginning on page 194 of this Draft Red Herring Prospectus.

35. Our contingent liabilities as stated in our Restated Financial Statements could affect our financial condition.

Our Contingent liabilities as on September 30, 2023 were ₹269.92 Lakhs. If these contingent liabilities materialize, fully or partly, the financial condition of our Company could be affected.

(₹ In Lakhs)

Particulars	As at September 30, 2023	As at March 31,		
		2023	2022	2021
In respect of Bank Guarantee given for EPCG Licence	231.52	203.58	449.46	-
In Respect of GST	36.09	-	-	-
In Respect of Income Tax & TDS	2.31	2.14	2.14	1.67
Total	269.92	205.72	451.61	1.67

For more information, regarding our contingent liabilities, please refer **“Annexure XXIX”** in chapter titled **“Financial Information of the Company”** beginning on page 185 of this Draft Red Herring Prospectus.

36. Our lenders have charge over our immovable and movable properties in respect of finance availed by us.

We have secured our lenders by creating a charge over our movable and immovable properties in respect of Working capital loan and term loan availed by us from ICICI Bank Limited. We have been extended such loan against hypothecation of our Company’s property and current assets. For further information on the financing and loan agreements along with the total amounts outstanding and the details of the repayment schedule, please refer to chapter **“Statement of Financial Indebtedness”** beginning on page 194 of this Draft Red Herring Prospectus.

37. The Objects of the Issue for which funds are being raised, are based on our management estimates and have not been appraised by any bank or financial institution or any independent agency.

The deployment of funds will be entirely at our discretion, based on the parameters as mentioned in the chapter titled **“Objects of the Issue”**. The fund requirement and deployment, as mentioned in the **“Objects of the Issue”** on page 77 of this Draft Red Herring Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter **“Objects of the Issue”** is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter **“Objects of the Issue”** will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

38. Any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.

We propose to utilize the Net Proceeds towards Repayment in full or in part, of certain of our outstanding borrowings, Funding Capital Expenditure towards installation of additional plant and machinery for Expansion, to meet working capital requirements and general corporate purposes. For further details of the proposed objects of the Issue, see **“Objects of the Issue”** beginning on page 77. However, these objects of the Issue have not been appraised by any bank, financial institution or other independent agency. Further, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with the Companies Act, 2013 and the SEBI ICDR Regulations, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to vary the disclosed utilization of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations. Further, our Promoters would be required to provide an exit opportunity to the shareholders of our Company who do not agree with our proposal to modify the objects of the Issue, at a price and manner as prescribed by SEBI. Additionally, the requirement to provide an exit opportunity to such dissenting shareholders of our Company may deter our Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoter will have adequate resources at their disposal at all times to enable them to provide an exit opportunity. In light of these factors, we may not be able to vary the objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition, if any, which may adversely affect our business and results of operations.

39. Industry information included in this Draft Red Herring Prospectus has been derived from industry sources. There can be no assurance that such third-party statistical, financial and other industry information is complete, reliable or accurate.

This Draft Red Herring Prospectus includes information on Industry in which we operate from various sources. For further details, please see **“Industry Overview”** beginning on page 97. The data has been furnished by independent agency on their websites and has no relationship with our Company, its Promoters, Directors, or the Book Running Lead Manager as on the date of this Draft Red Herring Prospectus. The data used in these sources may have been reclassified by us for the purposes of presentation and may also not be comparable. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors must rely on their independent examination of, and should not place undue reliance on, or base their investment decision solely on this information. The recipient should not construe any of the contents in this report as advice relating to business, financial, legal, taxation or investment matters and are advised to consult their own business, financial, legal, taxation, and other advisors concerning the transaction.

40. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

41. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.

The proposed fund requirement as detailed in the section titled **“Objects of the Issue”** is to be funded from the proceeds of this Issue. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled **“Objects of the Issue”** beginning on page 77 of this Draft Red Herring Prospectus.

42. Any Penalty or demand raised by statutory authorities in future will affect financial position of the Company.

Our Company is engaged in the manufacturing business, which attracts tax liability such as Goods and Service tax and Income tax as per the applicable provisions of Law. We are also subject to the labour laws like depositing of contributions with Provident Fund, Employee State Insurance and Professional Tax. Any demand or penalty raised by the concerned authority in future for any previous year and current year will have an additional liability. For instance, our company in the past had delayed filing of GST Returns due to operational reasons and accordingly paid late fees and penalties on the same. Any demand or penalty raised by the concerned GST authority for such late filing may affect the financial position of the company.

43. *Our ability to pay any dividends will depend upon future earnings, financial condition, cash flows and working capital requirements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our Dividend history refer to the Section “*Dividend Policy*” on page 156 of the Draft Red Herring Prospectus.

44. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.*

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹10,000.00 lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

45. *Technology failures or Cyber-attacks or other security breaches could have a material adverse effect on our business, results of operation or financial condition*

IT systems are critical to our ability to manage our operations. Our IT systems enable us to coordinate our operations, from planning, production scheduling, raw material ordering, invoicing, delivery, customer relationship, management and decision support. If we do not allocate and effectively manage the resources necessary to build and sustain the proper IT infrastructure, we could be subject to transaction errors, processing inefficiencies, customer service disruptions and, in some instances, loss of customers.

We face cyber threats, threats to the physical security of our facilities and employees, the potential for business disruptions associated with IT failures, natural disasters, or public health crises. We have installed anti-virus software to prevent our systems and infrastructure from being infected and crippled by computer viruses. All our internet facing servers installed at all our data centres as well as at all our offices are also secured with firewalls and intrusion preventions systems to prevent hacking. If we are unable to protect sensitive information, our customers could question the adequacy of our threat mitigation and detection processes and procedures. Due to the evolving nature of these security threats, the impact of any future incident cannot be predicted.

46. *Excessive dependence on ICICI Bank in respect of Loan facilities obtained by our Company.*

Our company has been sanctioned term loan and cash credit facilities by ICICI Bank. The Company is dependent on such facilities and any default under such arrangement with such lender may create problem for operation of the Company, which may affect the financial stability of the Company. At the same time this may result into difficulty in arranging for funds for re-payment and may also adversely affect the financial position of the Company.

47. *We are subject to certain restrictive covenants in debt facilities provided to us by our lenders.*

We have entered into agreements for availing debt facilities from lenders. Our financing arrangements contain restrictive covenants whereby we are required to obtain approval from our lenders, regarding, among other things such as major changes in share capital, management, changes in fixed assets, creation of any other charge, undertake any guarantee obligation etc. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. There can be no assurance that such consents will be granted or that we will be able to comply with the financial

covenants under our financing arrangements. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business. For further details in this regard, please refer to chapter titled **“Statement of Financial Indebtedness”** beginning on page 194 of this Draft Red Herring Prospectus.

48. The average cost of acquisition of Equity Shares by our Promoters is lower than the face value of Equity Share.

The average cost of acquisition of Equity Shares of our Promoters is lower than the face value of Equity Shares i.e. ₹10/-. For further details regarding the average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares of our Promoters in our Company, please see section titled **“Capital Structure”** beginning on page 63 of this Draft Red Herring Prospectus.

49. Our Promoters and the Promoter Group will jointly continue to retain majority shareholding in our Company after the issue, which will allow them to determine the outcome of the matters requiring the approval of shareholders.

Our promoters along with the promoter group will continue to hold collectively [●] % of the post issue paid up share capital of the company. As a result of the same, they will be able to exercise significant influence over the control of the outcome of the matter that requires approval of the majority shareholder’s vote. Such a concentration of the ownership may also have the effect of delaying, preventing or deterring any change in the control of our company. In addition to the above, our promoters and promoter group will continue to have the ability to take actions that are not in, or may conflict with our interest or the interest of some or all of our minority shareholders and there is no assurance that such action will not have any adverse effect on our future financials or results of operations.

50. We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the IPO Proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt - equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company’s Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company’s Equity Shares. Additionally, the disposal, pledge or encumbrance of Equity Shares by any of our Company’s major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

51. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The issue price of the equity shares has been based on many factors and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled **“Basis for Issue Price”** beginning on page 89 of the Draft Red Herring Prospectus. The market price of our Equity Shares could be subject to significant fluctuations after the Issue in case of unfavourable situation it, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

52. *Certain data mentioned in this Draft Red Herring Prospectus has not been independently verified.*

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

53. *QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid and Retail Individual Investors are not permitted to withdraw their Bids after Bid/Issue Closing Date.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until Bid/Issue Closing Date. While we are required to complete Allotment, listing and commencement of trading pursuant to the Issue within six (6) Working Days from the Bid/ Issue Closing Date, events affecting the Bidders' decision to invest in our Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows and financial condition may arise between the date of submission of the Bid and Allotment, listing and commencement of trading. We may complete the Allotment, listing and commencement of trading of our Equity Shares even if such events occur and such events may limit the Bidders' ability to sell our Equity Shares Allotted pursuant to the Issue or may cause the trading price of our Equity Shares to decline on listing. Retail Individual Investors can revise their Bids during the Bid/Issue Period and withdraw their Bids until Bid/Issue Closing Date. While our Company is required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed including Allotment pursuant to the Issue within six Working Days from the Bid/Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing

EXTERNAL RISK FACTORS

54. *Financial instability in both Indian and international financial markets could adversely affect our results of operations and financial condition.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, Russia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Recent developments in the ongoing conflict between Russia and Ukraine has resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, increase borrowing costs, cause outflow of capital from emerging markets and may lead to overall slowdown in economic activity in India. In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries.

55. *Our business and results of operations could be adversely affected by disruptions in global economic and geo political conditions.*

As substantially all of our operations are dependent on our customers who have their head offices or parent companies situated outside India, our financial performance and growth are necessarily dependent on economic conditions prevalent globally. The global economy may be materially and adversely affected by political instability or regional conflicts; a general rise in interest rates; inflation; exchange rate fluctuations; changes in tax, trade, and monetary policies; occurrence of natural or man-made disasters; downgrade in debt rating; and adverse economic conditions occurring elsewhere in the world, such as a slowdown in economic growth in China, the repercussions of the United Kingdom exit from the European Union and other matters. While the Indian economy has grown significantly in recent years, it has experienced economic slowdowns in the past due to global economic and geo political conditions. The Indian economy in particular could be adversely impacted by inflationary pressures, currency depreciation, the poor performance of its large agricultural and manufacturing sectors, trade deficits, recent initiatives by the Indian government and other factors. Unfavorable changes in the above factors or in other business and economic conditions affecting our customers could result in a corresponding decline in our business

56. *We are exposed to risks associated with fluctuation in metal prices or shortages in supply of electric components.*

Our manufacturing activities depend on fluctuation in metal prices, being one of the important raw materials and supply of electric components. Changes in macroeconomic conditions generally impact these industries and could negatively impact our business or profitability. Accordingly, our business is highly dependent on the state of development of the Indian economy and the macroeconomic environment prevailing in India. Changes in government policies that may have adverse effect on the development associated industries, may have an adverse impact on our business.

57. *If certain labour laws become applicable to us, our profitability may be adversely affected.*

India has stringent labour legislations that protect the interests of workers, including legislation that sets forth detailed procedures for dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. Any change or modification in the existing labour laws may affect our flexibility in formulating labour related policies.

58. *The continuing effect of the COVID-19 pandemic on our business, results of operations and financial condition is highly uncertain and cannot be predicted.*

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could adversely affect the overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines and lockdowns. These measures have impacted and may further impact our workforce and operations, the operations of our consumers. In case there is a rapid increase in severe cases of infections leading to deaths, where the measures taken by governments are not successful or are any bans imposed by the government in this regard are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. If any of our employees were suspected of contracting COVID-19 or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general. The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown and it is possible that it could cause a global recession.

59. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by centre or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other

countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

60. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. For further details please refer to the chapter ***“Government and Other Statutory Approvals”*** on page 212 for details of the laws currently applicable to us. The governmental and regulatory bodies in India and other jurisdictions where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, financial condition, results of operations and cash flows.

In addition, unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and services tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. We are involved in various disputes with tax authorities. For details of these disputes, see ***“Outstanding Litigation and Material Developments”*** on page 209. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time.

Any change in Indian tax laws could have an effect on our operations. For instance, the Taxation Laws (Amendment) Ordinance, 2019, a new tax ordinance issued by India’s Ministry of Finance on September 20, 2019, prescribes a number of changes to the income tax rate applicable to companies in India. According to this new ordinance, companies can henceforth voluntarily opt for a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the effective tax rate for Indian companies. Any such future amendments may affect other benefits such as an exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would influence our profitability.

The Finance Act, 2022 (“Finance Act”), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax (“DDT”), will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident and are likely to be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares. Further, the Government of India has notified the Finance Act, 2023, which has introduced various amendments to taxation laws in India. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

61. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors’ reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in

the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

62. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

63. *Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.*

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in affect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

64. *Our performance is linked to the stability of policies and the political situation in India.*

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the industrial equipment manufacturing sectors, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank

account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention are invited to the chapter titled **“Issue Procedure”** beginning on page 242 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled **“Issue Procedure”** on page 242 of this Draft Red Herring Prospectus.

Bid/ Issue Program:

Event	Indicative Dates
Bid/ Issue Opening Date	[●]
Bid/ Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	[●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	[●]
Credit of Equity Shares to Demat accounts of Allottees	[●]
Commencement of trading of the Equity Shares on the Stock Exchange	[●]

⁽¹⁾ *Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations.*

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/Issue Closing Date.

Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Underwriting

The Company and the Book Running Lead Manager to the Issue hereby confirm that the Issue will be 100% Underwritten by the Underwriter [●].

Pursuant to the terms of the Underwriting Agreement dated [●] entered into by Company, Underwriter, the obligations of the Underwriter are subject to certain conditions specified therein. The Details of the Underwriting commitments are as under:

Details of the Underwriter	No. of shares underwritten	Amount Underwritten (₹ in Lakhs)	% of Total Issue Size Underwritten
[●]	[●]	[●]	100%

*Includes up to [●] Equity Shares of the Market Maker Reservation Portion which are to be subscribed by the Market Maker, [●] in its own account in order to claim compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations, 2018, as amended.

In the opinion of the Board of Directors of our Company, the resources of the above mentioned Underwriter are sufficient to enable them to discharge their respective obligations in full.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue at any time before the Bid/ Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the Filing of Red Herring Prospectus/ Prospectus with RoC.

Details of the Market Making arrangement for this Issue

Our Company and the BRLM has entered into Market Making Agreement dated [●] with the following Market Maker, to fulfill the obligations of Market Making for this issue:

Name	[●]
Correspondence Address	[●]
Tel No.	[●]
E-mail	[●]
Website	[●]
Contact Person	[●]
SEBI Registration No.	[●]
NSE Market Maker Registration No.	[●]

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the NSE Emerge (SME platform of NSE) and SEBI from time to time.
- The minimum depth of the quote shall be ₹1,00,000/-. However, the investors with holdings of value less than ₹ 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of NSE (in this case currently the minimum trading lot size is [●] equity shares; however the same may be changed by the SME platform of NSE from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to

Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.

- There shall be no exemption/ threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final
- The Market Maker(s) shall have the right to terminate said arrangement by giving a 3 (three) months’ notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement. In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261(1) of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our office from 10.00 A.M. to 5.00 P.M. on working days.
- **Risk containment measures and monitoring for Market Makers:** SME portal of NSE will have all margins, which are applicable on NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- **Punitive Action in case of default by Market Makers:** NSE Emerge Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities/ trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%

₹20 to ₹50 Crore	20%	19%
₹50 to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

Net Issue Proceeds	[●]
Total	[●]

Since, the entire fund requirement are to be funded from the proceeds of the Issue, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Issue.

Subject to applicable law, if the actual utilization towards the Objects is lower than the proposed deployment, such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with Regulation 7(2) of the SEBI ICDR Regulations. In case of a shortfall in raising the requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations may require us to explore a range of options including utilizing our internal accruals and seeking additional debt from existing and/or future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilization of funds earmarked for the purpose set forth above, increased funding requirements for a particular purpose may be financed by surplus funds, if any, available in respect of other purposes for which funds are being raised in the Fresh Issue. Any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company. The Objects may be varied in the manner provided in **“Objects of the Issue – Variation in Objects”** on page 77

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company’s historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company’s management.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled **“Risk Factors”** beginning on page 27 of the Draft Red Herring Prospectus.

Details of Utilization of Net Proceeds

The details of utilization of the Net Proceeds are set forth herein below:

1. Repayment in full or in part, of certain of our outstanding borrowings

Our Company has entered into various borrowing arrangements with banks including borrowings in the form of term loans, vehicle loans and cash credit for working capital facilities. For details of our outstanding financial indebtedness, see **‘Statement of Financial Indebtedness’** on page 194. As at September 30, 2023, we had various borrowings facilities with total outstanding of Rs.1907.89 lakhs.

We propose to utilise an estimated amount of Rs.1500.00 Lakhs from the Net Proceeds to repay in part or full certain borrowing, listed below, availed from the lender by our Company. Pursuant to the terms of the financing arrangements, prepayment of certain borrowings may attract prepayment charges as prescribed by the respective lender. Such prepayment charges, as applicable, will be funded from the internal accruals of our Company.

We believe that such repayment will help reduce our outstanding indebtedness and debt servicing costs and enable utilisation of our internal accruals for further investment in our business growth and expansion. Additionally, we believe that the leverage capacity of our Company will improve our ability to raise further resources in the future to fund our potential business development opportunities and plans to grow and expand our business.

The details of the borrowings availed by our Company, which are proposed to be fully or partially repaid from the Net Proceeds is mentioned below: -

1USD= Rs. 83.22

1 Euro= Rs. 91.43

1 Pound=Rs. 106.21

Notes:

- We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.
- All quotations received from the vendors mentioned above are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/ equipment or at the same costs.
- The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment or utilities, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- We are not acquiring any second-hand machinery.

The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost. Further, cost will be escalated on account of Packing & Forwarding, Transportation, Transit Insurance and applicable taxes if any etc. Such cost escalation would be met out of our internal accruals.

3. Funding to meet working capital requirements

With the expansion of the business company will be in the need of additional working capital requirements. We fund a majority of our working capital requirements in the ordinary course of business from banks facilities and internal accruals. Our Company requires additional working capital for funding its incremental working capital requirements and releasing the internal accruals deployed in working capital.

Our Company proposes to utilize ₹[●] lakhs of the Net Proceeds in Fiscal 2024 and ₹[●] lakhs of the Net Proceeds in Fiscal 2025 towards our Company's working capital requirements. The balance portion of our Company working capital requirement shall be met from the working capital facilities availed and internal accruals. The incremental and proposed working capital requirements and key assumptions with respect to the determination of the same are mentioned below:

Assumptions for working capital requirements

The following table sets forth the details of the holding period (with days rounded to the nearest whole number) considered for stub period September 30, 2023, financial years ended March 31, 2023, March 31, 2022 and March 31, 2021, as well as projections for financial year ended March 31, 2024.

Particulars	Unit	March 31, 2020	March 31, 2021	March 31, 2022	September 30, 2023	March 31, 2024	March 31, 2025
		Audited	Audited	Audited	Audited	Projected	Projected
Debtors	Days	51	128	24	30	34	34
Creditors	Days	55	88	48	56	50	50
Inventories	Days	62	223	249	299	275	275

Justification:

Sr No	Particulars	Justification
1	Debtors	The historical holding days of trade receivables has been ranging from 24 days to 128 days during Fiscal 2021 to September 30, 2023. As per the current credit terms and prevalent trend of the industry & in order to expand company's operations, the holding level for debtors is anticipated at 34 days of total revenue from operations during Fiscal 24 and Fiscal 25. The projected increase in trade receivables days is a strategic decision aimed at fostering higher sales growth. We intend to provide our customers with extended credit periods, allowing them more time to settle their invoices. By offering this flexibility, we expect to stimulate increased sales volume and foster stronger customer relationships. Furthermore, we are intending to set up an additional SMT line which will foster increased revenue from operations.
2	Creditors	Past trend of trade payable holding days has been in the range of 48 days to 88 days approximately during Fiscal 2021 to September 30, 2023. However, with additional working capital funding, our Company intends to reduce trade payable to 50 days during Fiscal 2024 and Fiscal 2025 to avail cash discount as well as competitive purchase price to increase overall profitability of our Company. By reducing the time it takes to settle our payables, we aim to negotiate more favorable terms and conditions with our suppliers, enabling us to access competitive pricing for the goods we procure.
3	Inventories	Inventories include raw materials, work in progress and finished goods. The historical holding days of inventories has been in range of 62 days to 299 days during Fiscal 2021 to September 30, 2023. With the perspective to increase business operations, the Company estimates inventories holding days to be around 275 days in Fiscal 24 and Fiscal 25. As we are intending expansion in our factory unit I, it will additionally require higher levels of inventory to achieve operational efficiency.

4. General Corporate Purpose

Our Company intends to deploy the balance Net Proceeds towards general corporate purposes, subject to such utilization not exceeding 25% of the Gross Proceeds, in accordance with Regulation 7(2) of the SEBI ICDR Regulations, to drive our business growth, including, amongst other things, (i) funding growth opportunities, including strategic initiatives; (ii) meeting any expenses incurred in the ordinary course of business by the Company; (iii) servicing of borrowings including payment of interest; (iv) brand building and other marketing expenses; (v) meeting of exigencies which our Company may face in the course of any business; and (vi) any other purpose as permitted by applicable laws and as approved by our Board or a duly appointed committee thereof.

We confirm that any issue related expenses shall not be considered as a part of General Corporate Purpose. Further in case, our actual issue expenses turn to be lesser than the estimated issue expenses of Rs. [●] lakhs, such surplus amount shall be utilized for General Corporate Purpose in such a manner that the amount for general corporate purposes, as mentioned in the Draft Red Herring Prospectus, shall not exceed 25% of the amount raised by our Company through this Issue.

Appraisal

None of the Objects have been appraised by any bank or financial institution or any other independent third-party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on available quotations and management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including but not limited to variations in interest rate structures, changes in our

financial condition and current commercial conditions of our Business and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and or unsecured Loans.

Bridge Financing Facilities

As on the date of the Draft Red Herring Prospectus, we have not raised any bridge loans which are proposed to be repaid from the Net Proceeds.

Monitoring Utilization of Funds

As the size of the Issue will not exceed Rs.10,000 Lakhs, the appointment of Monitoring Agency would not be required as per Regulation 262(1) of the SEBI ICDR Regulations. Our Board and the management will monitor the utilization of the Net Issue Proceeds through our audit committee. Pursuant to Regulation 32 of the SEBI Listing Regulations, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Red Herring Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

Interim Use of Proceeds

Pending utilization of the Issue proceeds of the Issue for the purposes described above, our Company will deposit the Net Proceeds with scheduled commercial banks included in schedule II of the RBI Act.

Our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any listed company or for any investment in the equity markets or investing in any real estate product or real estate linked products.

Variation in Objects

In accordance with Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the Issue without our Company being authorized to do so by the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act and shall be published in accordance with the Companies Act and the rules there under. As per the current provisions of the Companies Act, our Promoters or controlling Shareholders would be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Other confirmations

There are no material existing or anticipated transactions with our Promoter, our Directors, our Company's key Managerial personnel, in relation to the utilization of the Net Proceeds. No part of the Net Proceeds will be paid by us as consideration to our Promoters, our Directors or key managerial personnel except in the normal course of business and in compliance with the applicable laws.

BASIS FOR ISSUE PRICE

Investors should read the following summary with the section titled “**Risk Factors**”, the details about our Company under the section titled “**Our Business**” and its financial statements under the section titled “**Financial Information of the Company**” beginning on page 27, 112 and 157 respectively of the Draft Red Herring Prospectus. The trading price of the Equity Shares of Our Company could decline due to these risks and the investor may lose all or part of his investment.

Price Band/ Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager on the basis of the assessment of market demand for the Equity Shares through the Book Building Process and on the basis of the qualitative and quantitative factors as described in this section. The face value of the Equity Shares is ₹ 10/- each and the Issue Price is [●] times of the face value at the lower end of the Price Band and [●] times of the face value at the upper end of the Price Band.

For the purpose of making an informed investment decision, the investors should also refer “**Risk Factors**”, “**Our Business**” and “**Financial Statement as restated**” beginning on page 27, 112 and 157 respectively of this Draft Red Herring Prospectus.

QUALITATIVE FACTORS

We believe the following business strengths allow us to successfully compete in the industry:

- a) We offer a diversified range of products.
- b) Engineering expertise with complex product manufacturing capability
- c) Long term and well-established relationships with OEM customers
- d) Quality Assurance
- e) Experienced and Qualified Management and Employee base
- f) Stable financial performance.

For a detailed discussion on the qualitative factors which form the basis for computing the price, please refer to sections titled “**Our Business**” beginning on page 112 of this Draft Red Herring Prospectus.

QUANTITATIVE FACTORS

The information presented below relating to our Company is based on the Restated Financial Statements. For details, please refer section titled “**Financial Information of the Company**” on page 157 of this Draft Red Herring Prospectus.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

1. Basic & Diluted Earnings per share (EPS) (Face value of ₹ 10 each):

As per the Restated Financial Statements:

Sr. No	Period	Basic & Diluted (₹)	Weights
1.	Financial Year 2020-2021	29.6	1
2.	Financial Year 2021-2022	(3.38)	2
3.	Financial Year 2022-2023	10.67	3
	Weighted Average	9.14	6
	Period ending September 30, 2023	4.88	

Notes:

- i. The figures disclosed above are based on the Restated Financial Statements of the Company.
- ii. The face value of each Equity Share is ₹10.00.
- iii. Earnings per Share has been calculated in accordance with Accounting Standard 20 – “Earnings per Share” issued by the Institute of Chartered Accountants of India.
- iv. The above statement should be read with Significant Accounting Policies and the Notes to the Restated Financial Statements as appearing in Annexure IV.
- v. Basic Earnings per Share = Net Profit/(Loss) after tax, as restated attributable to equity shareholders/ Weighted average number of equity shares outstanding during the year/ period.

vi. Diluted Earnings per Share = Net Profit/(Loss) after tax, as restated attributable to equity shareholders/ Weighted average number of diluted potential equity shares outstanding during the year/ period.

2. Price Earning (P/E) Ratio in relation to the Price Band of ₹ [●] to ₹ [●] per Equity Share of Face Value of ₹ 10/- each fully paid up

Particulars	(P/E) Ratio at the Floor Price	(P/E) Ratio at the Cap Price
P/E ratio based on the Basic & Diluted EPS, as restated for Financial Year 2022-2023	[●]	[●]
P/E ratio based on the Weighted Average EPS, as restated.	[●]	[●]

Industry P/E Ratio*	(P/E) Ratio
Highest (Kaynes Technology India Limited)	131.71
Lowest (Vinyas Innovative Technologies Limited)	25.74
Industry Average	76.13

* For the purpose of industry, we have considered those companies which are engaged in the similar line of business segment as of our Company, however, they may not be exactly comparable in terms of product portfolio or the size of our Company. The peers have been included for the purpose of broad comparison.

3. Average Return on Return on Net worth (RoNW)*

Sr. No	Period	RoNW (%)	Weights
1	Financial Year 2020-2021	73.3	1
2	Financial Year 2021-2022	(8.84)	2
3	Financial Year 2022-2023	27.64	3
	Weighted Average	23.09	6
	Period ending September 30, 2023	18.53	

Note:

- The RoNW has been computed by dividing net profit after tax (excluding exceptional items) with restated Net worth as at the end of the year/ period
- Weighted average = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e. (RoNW x Weight) for each year/ Total of weights.

4. Net Asset Value (NAV) per Equity Share:

(₹ in lakhs)

Sr. No.	NAV per Equity Share	Outstanding at the end of the year
1.	As at March 31, 2021	40.38
2.	As at March 31, 2022	38.24
3.	As at March 31, 2023	38.60
4.	As at September 30, 2023	26.36
5.	NAV per Equity Share after the Issue	[●]
6.	Issue Price	[●]

Notes: -

- NAV per share = Restated Net worth at the end of the year/period divided by total number of equity shares outstanding at the end of the year/ period.
- Net worth is computed as the sum of the aggregate of paid-up equity share capital, all reserves created out of the profits, securities premium account received in respect of equity shares.
- Issue Price per Equity Share will be determined by our Company in consultation with the Book Running Lead Manager.

To,

The Board of Directors
AIMTRON ELECTRONICS LIMITED
Plot No 1/A, G.I.D.C.Estate,Vadodara,
Waghodia, Gujarat, India, 391760

Dear Sirs,

Sub: Statement of Tax Benefits ('The Statement') available to AIMTRON ELECTRONICS LIMITED ("The Company") and its shareholders under the Direct and Indirect Tax Laws in India

We hereby report that the enclosed annexure prepared by the management of **AIMTRON ELECTRONICS LIMITED**, states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that; this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Red Herring Prospectus/ Red Herring Prospectus / Prospectus or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

Global Economic Environment

Following a strong rebound in 2021, the global economy is entering a pronounced slowdown amid fresh threats from COVID-19 variants and a rise in inflation, debt, and income inequality that could endanger the recovery in emerging and developing economies, according to the World Bank’s latest Global Economic Prospects report. Global growth is expected to decelerate markedly from 5.5 percent in 2021 to 4.1 percent in 2022 and 3.2 percent in 2023 as pent-up demand dissipates and as fiscal and monetary support is unwound across the world. Growth in advanced economies is expected to decline from 5 percent in 2021 to 3.8 percent in 2022 and 2.3 percent in 2023—a pace that, while moderating, will be sufficient to restore output and investment to their pre-pandemic trend in these economies. In emerging and developing economies, however, growth is expected to drop from 6.3 percent in 2021 to 4.6 percent in 2022 and 4.4 percent in 2023. By 2023, all advanced economies will have achieved a full output recovery; yet output in emerging and developing economies will remain 4 percent below its pre-pandemic trend. For many vulnerable economies, the setback is even larger: output of fragile and conflict-affected economies will be 7.5 percent below its pre-pandemic trend, and output of small island states will be 8.5 percent below.

Regional Outlooks

East Asia and Pacific: Growth is projected to decelerate to 5.1% in 2022 before increasing slightly to 5.2% in 2023.

Europe and Central Asia: Growth is forecast to slow to 3.0% in 2022 year and 2.9% in 2023.

Latin America and the Caribbean: Growth is projected to slow to 2.6% in 2022 before increasing slightly to 2.7% in 2023.

Middle East and North Africa: Growth is forecast to accelerate to 4.4% in 2022 before slowing to 3.4% in 2023.

South Asia: Growth is projected to accelerate to 7.6% in 2022 before slowing to 6.0% in 2023.

Sub-Saharan Africa: Growth is forecast to accelerate slightly to 3.6% in 2022 and rise further to 3.8% in 2023.

Indian Economy

India to witness GDP growth of 6.0 per cent to 6.8 per cent in 2023-24, depending on the trajectory of economic and political developments globally. Economic survey 2022-23 projects a baseline GDP growth of 6.5 per cent in real terms in FY24

Although domestic consumption rebounded in many economies, the rebound in India was impressive for its scale. It contributed to a rise in domestic capacity utilisation. Domestic private consumption remains buoyant in November 2022. Moreover, RBI's most recent survey of consumer confidence released in December 2022 pointed to improving sentiment with respect to current and prospective employment and income conditions.

In FY21, the Government announced the Emergency Credit Line Guarantee Scheme, which succeeded in shielding micro, small and medium enterprises from financial distress. A recent CIBIL report (ECLGS Insights, August 2022) showed that the scheme has supported MSMEs in facing the COVID shock, with 83 per cent of the borrowers that availed of the ECLGS being micro-enterprises. Among these micro units, more than half had an overall exposure of less than Rs10 lakh.

Furthermore, the CIBIL data also shows that ECLGS borrowers had lower non-performing asset rates than enterprises that were eligible for ECLGS but did not avail of it. Further, the GST paid by MSMEs after declining in FY21 has been rising since and now has crossed the pre-pandemic level of FY20, reflecting the financial resilience of small businesses and the effectiveness of the pre-emptive government intervention targeted towards MSMEs.

It says, growth is expected to be brisk in FY24 as a vigorous credit disbursement, and capital investment cycle is expected to unfold in India with the strengthening of the balance sheets of the corporate and banking sectors. Further support to economic growth will come from the expansion of public digital platforms and path-breaking measures such as PM GatiShakti, the National Logistics Policy, and the Production-Linked Incentive schemes to boost manufacturing output.

INDUSTRY

Electronics Manufacturing Services (EMS) Industry

India's Emergence as a Global Electronics Manufacturing Hub

India, today, is a major player in the global electronics manufacturing industry. The country is rapidly becoming an electronics manufacturing hub, with the sector expected to rise to \$ 300 billion by 2025-26. This growth can be attributed to the government's push to promote domestic electronics manufacturing, which has led to increased investment and the creation of new jobs.

The global electronics manufacturing services (EMS) market is projected to reach \$ 1145 billion by 2026, registering a CAGR of 5.4% during the forecast period 2021-2026. From \$ 9.8 billion in 2021, India's domestic demand for consumer electronics is seeing significant growth and is expected to touch \$ 21.18 billion by 2025. India is also home to the world's second-largest smartphone market, with over 1.3 billion mobile phone users in the country. This presents a huge opportunity for companies and investors looking to tap into the manufacturing of smartphones and other electronic devices.

One of the key initiatives driving India's push towards electronics manufacturing is the Production-Linked Incentive (PLI) scheme. The PLI scheme is aimed at promoting domestic manufacturing and export of electronic products, and offers companies incentives on incremental sales from products manufactured in India, over the base year. The country's large-scale electronic manufacturing (LSEM) sector received the maximum allocation of INR 40,951 crore (approximately \$5 billion) under this scheme. This has led to a surge in investments in the sector, with several global electronics companies, including Samsung and Apple, setting up manufacturing facilities in India. The global giant Apple became the first smartphone player in India to have exported \$1 billion worth iPhones in a single month of December 2022.

The success of India's electronics manufacturing industry can be seen in the country's growing exports. Electronics is India's fastest-growing export sector, with smartphones being the top export item. In fact, India surpassed a remarkable \$10 billion worth smartphone exports in FY 2022-2023. This is a testament to the country's ability to compete with other major electronics manufacturing hubs such as China and South Korea. 97% of the smartphones sold in the country are produced domestically, while exports have increased by over 139% over the last three years. The recent announcement for the setting up of the Electronics Manufacturing Cluster (EMC) at Dharwad, Karnataka worth INR 180 crore (approximately \$21.98 million) is a step towards Atmanirbhar Bharat, and is expected to create over 18,000 jobs.

Key government initiatives aimed at boosting domestic production of electronics and IT hardware include the Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS), which offers financial incentives for the production of electronic components and semiconductors. The Modified Electronics Manufacturing Clusters (EMC 2.0) initiative seeks to establish world-class infrastructure for electronics manufacturing. The government has also liberalized foreign direct investment, allowing up to 100% FDI for electronics manufacturing.

Another important factor contributing to India's emergence as an electronics manufacturing hub is the country's highly skilled workforce. India is home to a large pool of technical and engineering talent, with many of the country's top universities offering courses in electronics and engineering. This has made India an attractive destination for multinational companies looking to set up research and development (R&D) centers and manufacturing plants in the country.

With the Indian government's unwavering support and key initiatives, the country has been successful in promoting domestic manufacturing and boosting exports. The Production-Linked Incentive (PLI) scheme, in particular, has been a game-changer for the electronics sector in India. With several global electronics giants investing heavily in the country, India is on its way to becoming a major electronics manufacturing hub.

INDIA'S ELECTRONICS MANUFACTURING AND EXPORT MARKET

Global market share of key product segments in 2020-21 (US\$ billion)

Source: Vision Document on Electronics Manufacturing

The global electronics industry was estimated at US\$ 2.9 trillion in 2020. The Indian government has widely recognised the strategic importance and growth potential of this industry in its National Policy for Electronics (NPE) 2019. NPE was unveiled with a vision to make the country a comprehensive hub for Electronics System Design and Manufacturing (ESDM) by developing a supportive environment for the industry to compete with global peers. Moreover, the ESDM industry is one of the top 25 priority sectors in the government's Make in India initiative; therefore, it is a crucial contributor to economic growth. Indian policymakers have put great emphasis on developing sustainable manufacturing and exports of electronic devices. Overall, electronics manufacturing saw exponential growth to reach US\$ 67.3 billion in 2020-21 from US\$ 37.1 billion in 2015-16. However, the COVID-19 pandemic caused serious disruptions across the globe, but the industry has shown strong signs of recovery.

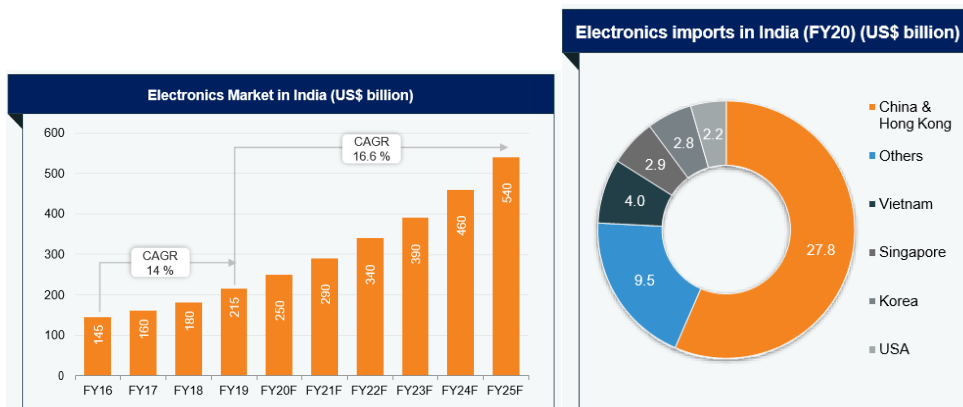

According to the 'A call to action for broadening and deepening electronics manufacturing' report by the Ministry of Electronics and IT, India aims to achieve electronics manufacturing worth US\$ 300 billion by 2026. Furthermore, the report highlights various segments established to add substantially to this objective, including contributions from India's electronic goods exports. The report demonstrates an execution strategy by proposing short and long-term actions required to achieve the desired goal.

India has been one of the pioneers of the Local Goes Global movement. The country is focusing on developing its share in the global value chain, establishing export hubs in different states, constructing a high-quality and seamless supply chain, and increasing its overall market share in the electronics export market.

Overview of electronics market in India

- The electronics market has grown at a CAGR of 14% from 2016-19 and is expected to accelerate at a CAGR of 16.6% in 2020-25, with the total demand likely to account for US\$ 540 billion in FY25.
 - During April 2022-February 2023, the imports of electronics goods stood at US\$ 70.07 billion, whereas exports stood at US\$ 20.69 billion.
 - Imports of electronics goods stood at US\$ 7.14 billion in September 2022.
 - The ESDM sector is likely to generate US\$ 100-130 billion in economic value by 2025.
 - The Government of India aims to make electronics goods amongst India's 2-3 top-ranking exports by 2026.
 - Electronics goods exports are expected to increase from the projected US\$ 15 billion in 2021-22 to US\$ 120 billion by 2026.
 - PLI scheme for large scale electronics manufacturing launched by Ministry of Electronics and Information Technology (MeitY) in April 2020 has been extended from existing five years band (FY21-FY25) to six years (FY21-FY26).
- Source: India Electronics & Semiconductor Association (IESA), Make in India**
- Union Budget 2023-24 has allocated Rs. 16,549 crore (US\$ 2 billion) for the Ministry of Electronics and Information Technology, which is nearly 40% higher on year. The budget for FY23 had allocated Rs. 14,300 crore (US\$ 1.7 billion) for the IT ministry
 - The government has allocated Rs. 3,000 crore (US\$ 362.9 million) for the Indian Semiconductor Mission in the Union Budget 2023-24, which is likely to help kickstart the development of the semiconductor and display manufacturing ecosystem in India
 - As per the Union Budget 2023-24, an outlay of Rs. 4,795.24 crore (US\$ 580 million) has been allocated for the Digital India program, which is a flagship programme of the Government of India, with a vision to transform India into a digitally empowered society and knowledge economy.
 - The Indian electronics manufacturing industry is projected to reach US\$ 520 billion by 2025.
 - India has been one of the largest consumers of electronic products specifically in Asia-Pacific due to factors such as rising per capita disposable incomes and consumption in the past decade
 - In March 2022, Reliance announced that it would invest US\$ 220 million in a joint venture with Sanmina Corp, a US-listed company for making electronic products in the Asian countries
 - Fujitsu, a Japanese IT hardware manufacturer, announced its foray into the Indian consumer laptop market in July 2021, with plans to sell 10,000 premium notebooks in the country by March 2022
 - In FY23, India manufactured wearables such as earphones and smartwatches worth Rs. 8,000 crore (US\$ 976.7 million), boosted by the implementation of a phased manufacturing plan (PMP). The industry is hopeful of doubling the production to Rs. 15,000-17,000 crore (US\$ 1.83-2.07 billion).

Electronics System Design & Manufacturing (ESDM) industry

The Electronics System Design & Manufacturing (ESDM) industry includes electronic hardware products and components relating to information technology (IT), office automation, telecom, consumer electronics, aviation, aerospace, defence, solar photovoltaic, nano electronics and medical electronics. The industry also includes design- related activities such as product designing, chip designing, Very Large- Scale Integration (VLSI), board designing and embedded systems.

The Electronics System Design & Manufacturing (ESDM) market in India is anticipated to increase at a CAGR of 16.1% between 2019 and 2025, owing to strong demand, supportive government policies and increased digitalisation.

The ESDM sector plays a key role in the government’s goal of generating US\$ 1 trillion of economic value from the digital economy by 2025.

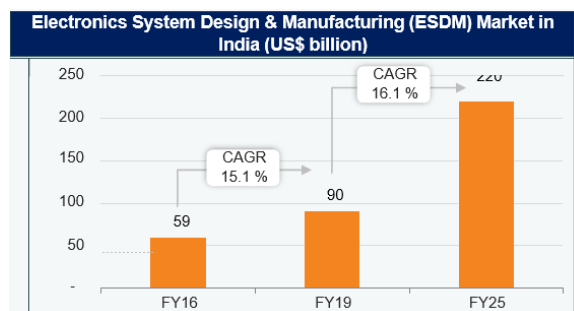

India’s digital base is the second largest in the world and is growing at the second-fastest rate among the 17 leading economies.

In FY23, the exports of electronic goods were recorded at US\$ 23.57 billion as compared to US\$ 15.66 billion during FY22, registering a growth of 50.52%.

Exports of electronic goods stood at US\$ 2 billion in September 2022

The demand for electronic products will rise to US\$ 400 billion by 2025 from US\$ 33 billion in FY20.

India has a goal of producing 1 billion mobile handsets worth US\$ 190 billion (Rs. 13,00,000 crore) by 2025, with 600 million handsets worth US\$ 110 billion (Rs. 7 lakh crore) targeted for exports.

Electronic Systems Design and Manufacturing in India (ESDM) : A \$120 Bn Market Opportunity

The world’s fastest growing industry, Electronics System Design and Manufacturing (ESDM) continues to transform lives, businesses, and economies across the globe. The global electronics market is estimated to be over \$2 tn. India’s share in global electronics manufacturing has grown from 1.3% in 2012 to 3.0% in 2018. The electronics manufacturing sector accounts for 2.5% of India’s GDP, and employs over 13 million people are through directly and indirect jobs.

India houses one-sixth of the world’s population, of which 1.2 billion are mobile subscribers and 661 million are internet users. With per capita disposable income and private consumption having doubled in the past 7 years, India has emerged as one of the largest markets for electronic products in the world (See Figure 3). India also ranks in the top 3 global economies in terms of number of digital consumers and is slated to have a digital economy of over \$1 tn by 2025. Therefore, building a vibrant electronics manufacturing ecosystem is central to the “Make in Digital India, Make for India, Make for the world” goal set forth by the Government of India.

Overview of electronics system design & manufacturing (ESDM) market in India

- The Electronics System Design & Manufacturing (ESDM) is broadly segregated into—Electronics System and Electronics Design.
- India is one of the largest consumer electronics markets in Asia Pacific Region and is home to considerable talent for electronic chip design and embedded software. India has committed to reach US\$ 300 billion worth of electronics manufacturing and exports by 2025-26.
- Major Government initiatives such as ‘Digital India’, ‘Make in India’ and supportive policies including favourable FDI Policy for electronics manufacturing have simplified the process of setting up manufacturing units in India.
- India is the second fastest digitizing economy amongst the 17 leading economies of the world. The Government of India aims to make electronics goods amongst India’s 2-3 top ranking exports by 2026. Electronics goods exports are expected to increase from the projected US\$ 15 billion in 2021-22 to US\$ 120 billion by 2026.
- India has strong design and R&D capabilities in auto electronics and industrial electronics. The Government is promoting the development of Electronics Manufacturing Clusters (EMCs) throughout the Country to provide world-class infrastructure and facilities.
- Post COVID, The Government of India aims to increase India’s contribution by around US\$ 400 billion worth of electronics goods including exports worth US\$ 120 billion, which would account for 9-10% of the overall global value chains, from the current supply potential of 1-2%.
- India’s exports is set to increase rapidly from US\$ 10 billion in FY21 to US\$ 120 billion in FY26.
- The consumer electronics and appliances industry in India is expected to become the fifth-largest in the world by 2025.
- As global companies are leveraging the well-developed manufacturing system in the State, Tamil Nadu has emerged as one of the major electronics hardware manufacturing and exporting States in the country. The state is well positioned to achieve a US\$ 100 billion ESDM industry in the next five years.
- The India Cellular and Electronics Association in February 2023 signed a memorandum of understanding with the Uttar Pradesh government to facilitate investments as the electronics manufacturing and skill hub to cater to domestic demand and exports. The government has set a target to achieve US\$ 300 billion of electronics manufacturing by 2025-26, out of which US\$ 75-100 billion of electronics manufacturing is expected from UP.

The Third-largest start-up ecosystem

- The first-of-its-kind in India Electropreneur Park (EP) set up by MEITY and IESA started in 2016 and created 51 hardware products, 51 patents, and 23 startups were funded. The EP will grow to be a hub with 20 spoke centres aimed to promote

innovation and create unicorns in ESDM by offering access to a holistic ecosystem to accelerate the government's flagship schemes like Startup India and Make in India.

- **STPI Signs MoUs to Strengthen Tech Startup Ecosystem:** AIC STPINEXT Initiatives (STPINEXT), a special purpose vehicle of Software Technology Parks of India (STPI), an organisation under the Ministry of Electronics and Information Technology (MeitY) has signed two memorandums of understanding (MoUs), one with HDFC Bank, and another with Excelpoint Systems India Pvt. Ltd., a niche technology player for fostering entrepreneurship and nurturing tech startups in the country. These partners would play critical role in supporting and handholding the startups in the growth journey through technical guidance & assistance, mentoring, pitching to investors, funding support, and market connect & access etc.

Skill development in ESDM sector

- **Electronics Sector Skills Council of India**

Electronics Sector Skills Council of India (ESSCI) aims to facilitate a world-class ecosystem for developing a future ready workforce in the Electronics System Design & Manufacturing Sector. Its mission is to become a global leader in skill development in Electronics by aligning to the product lifecycle - Design, Manufacturing & Service through blended Skilling, R&D, Innovation & adoption of state of the art technologies to reach masses and lead to the growth of the ESDM sector.

- **India Electronics and Semiconductor Association**

India Electronics and Semiconductor Association (IESA) aims to grow the ESDM and electronics business segment in India and make India the preferred destination for electronics and semiconductor design and manufacturing. India Electronics and Semiconductor Association (IESA) acts as a trusted knowledge partner to the Central & State Governments helping device policies and incentives for the ESDM industry to help attract investments into India. In order to promote technology solutions to positively impact the lives of 1.3 billion Indian citizens is a key aim for IESA, which it achieves by bridging the gap between academia and industry to bring innovations faster to market.

- **National Institute of Electronics & Information Technology, Ajmer**

The Government of India launched the 'Scheme for financial assistance to select states for skill development in ESDM sector' in November 2013. The scheme was aimed at enhancing the skilling capacities in ESDM Sector through public and private sector for students/ unemployed youth belonging to other disciplines.

ESDM Landscape in India

According to estimates from a research initiative conceived by the Ministry of Electronics and Information Technology (MeitY), domestic electronics manufacturing could generate an economic value of \$100 billion to \$130 billion in 2025. Domestic electronics manufacturing has already witnessed unprecedented growth over the past five years.

Technology has been a crucial driver across industries, influencing all spheres of life. The electronics market share in India is on the rise. In the past few years, India has captured a sizeable market share of the electronics manufacturing ecosystem that drives the technology sector. For the country to be the global electronics production unit of the future and become a US\$ 5 trillion economy by 2025-26, it shall aim to be a US\$ 1 trillion digital economy. Furthermore, special focus will be given to exports in order to accomplish the objectives.

India's Vision for Exports and Electronics Manufacturing

The electronics industry growth in India is on an upwards trend, and the government has announced short- and long-term visions (A call to action for broadening and deepening electronics manufacturing report) to make India a hub for electronics exports and manufacturing.

India's Long-term Vision

- Make in India for the world
- Make India the number one exporter and manufacturer of electronics
- Become a substantial player in the global value chain

- Build a comprehensive ecosystem of more than US\$ 1 trillion in the next decade for mobile phones, consumer electronics and IT hardware

India's Short-term Vision

The government aims to make electronics one of the top three export categories by 2025-26. A US\$ 1 trillion digital economy target is projected to boost demand for electronics, which may stand at around US\$ 180 billion by 2025-26. If India can accomplish the manufacturing goal of US\$ 300 billion for electronics, the local market requirement may be fully met by such manufacturing. The US\$ 300 billion target also requires US\$ 120 billion of exports in the global market. Global competitiveness with optimum scale would be pivotal in achieving the aforesaid targets. Adequate fiscal measures, along with policy measures, would help in meeting the objectives of NPE 2019.

Categories of Electronic Manufacturing

Smartphone Manufacturing

India is one of the largest mobile handset manufacturing countries globally and the second-largest smartphone market in the world. Manufacturing of mobile phones rose to 290 million units in 2020-21 from 60 million units in 2014-15; thus, making the domestic manufacturing of cellular phones and its sub-assemblies one of the core sectors under the Make in India initiative. The Ministry of Electronics and Information Technology (MeitY) unveiled the Phased Manufacturing Programme (PMP) for cellular handsets and other sub-assemblies with an aim to scale up domestic value addition.

Information and Communication Technology (ICT) Hardware

The first use of electronics was in the communication and computing domain. With the rise of integrated circuits, the world witnessed the evolution of the digital computing era. With the introduction of microprocessors, the world saw significant growth in the ICT industry. The advent of ICT has been such that many countries have declared it an indispensable commodity. With a pool of skilled technicians and massive manpower, India has proven its design capabilities for numerous global hardware companies. Additionally, the country is ready to be a worldwide leader and an end-to-end player in the ICT hardware design and development space. India has considerable opportunity for export-led manufacturing and import substitution in the ICT hardware domain.

Moreover, ICT hardware will add high value to India's electronics manufacturing. Emerging domains of artificial intelligence, machine learning and the internet of things, among others, are becoming more popular and are responsible for driving the growth of the ICT hardware segment. Such domains require developing and designing specialised sensors, servers and semiconductors. Large-scale data centres have also evolved in recent years.

In 2020, India witnessed a surge in ICT hardware demand due to COVID-19-led disruptions. Due to the remote working trend, households and individual customers purchased tablets and computers. Enterprises have heavily spent on their data centre infrastructure (to ensure steady demand amid work-from-home and online dealings), and telecommunication service providers have been modernising their infrastructure to cater to surging broadband demand.

Consumer Electronics

Consumer electronics covers any device that contains an electric circuit board that is handy in everyday use by people for the purpose of recreation, entertainment and communication. This encompasses a large category of electronic products, including cameras, digital cameras, visions, calculators, audio devices, clocks, headphones and various home products. Prominent drivers for this market's expansion are easier access, rising awareness, changing lifestyles, dropping unit price and increasing disposable income. Television is a useful device in the home consumer electronics segment and has been recognised as one product for which the country can become the global manufacturing hub. According to the Federation of Indian Chambers of Commerce & Industry (FICCI), India's television production was US\$ 4.24 billion in 2020-21 and is anticipated to reach US\$ 10.22 billion by 2025-26, expanding at a Compounded Annual Growth Rate (CAGR) of 20%. The kind of television sets available in the market includes a wide variety of LCDs, plasma, LEDs and so on, offering high resolution and sharp picture quality. Additionally, a decreasing trend in the pricing of LED and LCD televisions is fuelling the penetration of such televisions in the market. A few initiatives taken by the government include increasing the basic customs duty on multiple consumer electronics goods in order to push companies into replacing imported goods. Furthermore, the government has permitted 100% Foreign Direct Investment (FDI) in the consumer electronics manufacturing segment through the direct route and offered capital expenditure subsidy under the Modified Special Incentive Package Scheme (M-SIPS). Such efforts have attracted foreign companies to establish manufacturing facilities in the consumer electronics domain without establishing a joint venture or other forms of partnerships with domestic entities. A domestic partner is practically and legally needed to distribute consumer electronic goods to end users.

Electronic Components

According to statistics presented by the Global Industry Analyst Inc., the worldwide market for electronic components is estimated to reach US\$ 191.8 billion by 2022, of which Asia Pacific is expected to capture a significant share. In line with global trends, India's electronic components market is ready to grow considerably. Consumer electronics, mobile phones and industrial electronics contribute 82% to demand for electronic components in India. This is observed by the need for electronic components in strategic electronics, computer hardware and light industry sectors. Industries such as mobile phones, strategic electronics and industrial electronics are likely to see significant growth in the near future.

Growing Focus on Electronics Exports

The Electronics Manufacturing Services (EMS) industry is rapidly advancing, and prominent global leaders and domestic companies see India as an emerging manufacturing and operations hub. A strong component manufacturing foundation is necessary for a sustainable ESDM environment. This segment requires very high operating efficiency to stay profitable. Moreover, the availability of components and an effective supply chain are essential for EMS companies to grow. India, with its strong demographics and skilled employees, has the potential to be one of the leading exporters of electronics in the world. The government is highly focused on reaching the US\$ 300 billion electronics production target by 2026. Moreover, the government has emphasised boosting its domestic manufacturing ecosystem to help India be able to withstand supply chain disruptions. The country aims to gain renown as a trusted and reliable partner in the global value chain.

India has clearly drafted its ambition to achieve US\$ 120 billion worth of exports by 2026. The electronics sector's journey has been very interesting. For instance, in 2014, India was highly focused on electronics import. Systematically, the Prime Minister of India, Mr. Narendra Modi, has strengthened the electronics sector over the past few years.

Estimated Export Trends of Electronics Industry (US\$ billion)		
Product Segment	2020-21	2025-26
Mobile phones	3.1	52-58
IT hardware	0.2	12-17
Wearables and hearables	-	2-3

Source: Vision Document on Electronics Manufacturing (Electronics Production in India)

To grow its presence and exports in the global supply chain, India is rapidly opening its doors and exploring developed markets such as the US and Europe to align its ambitions of consensual Free Trade Agreements (FTAs) by taking into consideration electronics exports as the main item when negotiating/selecting. It is crucial to review and leverage the current trade pacts to provide enhanced opportunities for investors, and India is doing it diligently.

India's transition to an export-oriented economy has been highly remarkable. In 2022, the government's approach and strategy witnessed a change and transitioned to a global mobile and electronics manufacturing hub. The transition enhances the country's competitiveness, upskills citizens and creates several opportunities for the masses.

This transition is evident as shown below:

- NPE 2019 envisions a robust linkage with global trade, framework and policies to improve exports and integration with international value chains. The policy targets to transition India into a destination for exports and manufacturing.
- In August 2021, Mr. Narendra Modi, while addressing the heads of Indian Missions Abroad, made a clarion call to concentrate on export-driven policies to improve the country's share in global value chains. Particularly, he cited the example of exports and mobile manufacturing.

- The Ministry of Commerce and Industry is conducting a substantial restructuring exercise to direct India's outlook towards exports and FTA. The trade policy is discovering six new bilateral FTAs with the UK, the UAE, Canada, Australia and the EU in 2022. Furthermore, it unveiled a renewed India-US trade policy forum in November 2021.

According to 'A call to action for broadening and deepening electronics manufacturing' report, India's local electronics market is expected to reach US\$ 150-180 billion from US\$ 65 billion in the next 4-5 years. Therefore, exports of US\$ 120-140 billion are vital to reach US\$ 300 billion worth of electronics manufacturing. This will be the key to achieving US\$ 5 trillion worth of digital economy and the US\$ 1 trillion export goal set by the MeitY and Ministry of Commerce and Industry, respectively.

The government has permitted 100% FDI for electronic manufacturing through automatic routes (barring countries sharing a land frontier with India), subject to security, laws, regulations and other conditions. Between April 2000 and June 2022, the electronics sector attracted FDI of US\$ 3.7 billion, equivalent to 0.6% of the total FDI inflows in various sectors. The steep rise in FDIs will help build the country's domestic capabilities and boost exports of electronic goods, making India a reliable export partner.

GOVERNMENT POLICY, INCENTIVES AND INITIATIVES – MAKE IN INDIA: KEY INITIATIVES

Phased Manufacturing Programme (PMP)

A Phased Manufacturing Programme is essentially a roadmap for tariff rationalization wherein duty differentials are created to incentivize domestic manufacturing. To promote depth in manufacturing, the roadmap is prepared keeping in view the state of the design/manufacturing ecosystem in India to substantially increase value addition.

GST Implementation

The Goods and Services Tax (GST) in India is a comprehensive, multi-stage, destination-based tax that is levied on every stage of value addition. Notably, GST is one indirect tax for the entire country, and has subsumed almost all the indirect taxes that previously existed in India.

Electronics Development Fund (EDF)

An initiative of MEITY to create a "fund of funds" which will work with venture capitalists (VCs) to promote innovation, IP creation, Research & Development (R&D) and commercialization. \$101.38 mn is committed through EDF to 11 'Daughter Funds', which in turn will provide risk capital to companies developing new technologies in areas including electronics, nano-electronics and information technology. The targeted corpus from EDF outlay is \$846 mn.

Public Procurement Order (PPO), 2017

The government issued Public Procurement (Preference to Make in India) Order, 2017 as part of the policy to encourage 'Make in India' of goods and services, with a view to enhancing income and employment. Eleven electronic products have been notified under PPO, 2017 to facilitate procurement of domestically manufactured products.

Government Schemes to Boost Manufacturing and Exports

The Government of India's ambition is to make India a substantial manufacturing and design hub by deepening and broadening its electronic manufacturing capabilities. Measures taken by the government to market the electronics hardware manufacturing sector include the development of NPE 2019, a policy crafted by the MeitY that envisions to position the country as the global hub for ESDM by driving and encouraging capabilities in India for developing core elements as well as enabling and creating an environment for the industry to contend globally.

To incentivise and attract large investments and promote exports, the government has notified the following schemes:

- a) Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECES): The scheme offers an incentive of almost 25% of capital expenditure for a select list of electronic goods that make up the downstream value chain of electronic goods including semiconductors, components specialised sub-assemblies and capital goods for production of aforesaid goods.

- b) Modified Electronics Manufacturing Clusters (EMC 2.0): The scheme offers support for developing state-of-the-art infrastructure with common amenities and facilities such as ready-built factory sheds, assistance for developing common facility centres and EMC projects across the nation.
- c) Display manufacturing scheme and semiconductors: The central government, under the leadership of the prime minister, granted the comprehensive programme with an outlay of Rs. 76,000 crore (US\$ 9.2 billion) for creating a strong and sustainable display and semiconductor environment in the country, whereby the government introduced a few schemes.

The schemes for developing semiconductor and display fabs are listed below:

- a) The semiconductor and display fabs scheme expands fiscal aid for developing semiconductors and display fabs, which targets to attract large investments for setting up display panels and semiconductor wafer fabrication hubs in India, therefore providing assistance in establishing trusted value chains.
- b) Silicon photonics/compound semiconductors/sensor fab and semiconductor assembly, ATMP/OSAT scheme offers fiscal support of almost 30% of capital expenditure for establishing the aforementioned facilities.
- c) The design linking incentive scheme provides design infrastructure support and financial incentives across the stages of deployment and development of semiconductor manufacturing for chipsets, integrated circuits, system of chips, semiconductor linkage design and IP cores.
- d) The government granted approval for making India Semiconductor Mission (ISM) an independent business unit within the Digital India Corporation, having financial and administrative autonomy to enhance India's strategy for making a display manufacturing and semiconductors ecosystem. With a vision to be directed by global professionals in the semiconductor and display industry, ISM will serve as an elite agency for coherent, efficient and smooth implementation of the schemes revolving around the display and semiconductor ecosystem, in consultation with the departments, agencies, ministries, academia and industry.

Other prominent schemes that will help in driving exports and boost manufacturing include:

- a) EMC scheme: The scheme was notified in October 2012 to help provide support for developing a state-of-the-art infrastructure with common amenities and facilities for luring investments. Under the scheme, around three common facility centres and 19 greenfield EMCs with a total area of 3,464 acres and a cumulative project cost of Rs. 3,732 crore (US\$ 451.1 million), including government grant-in-aid of Rs. 1,529 crore (US\$ 184 million) have been granted.
- b) Electronics Development Fund (EDF): The EDF scheme had been established as a fund of funds to take part in professionally handled daughter funds, which will facilitate risk capital to companies developing new technologies and launching start-ups in the field of IT and electronics. The fund is estimated to provide research, development and innovation in such technology-driven sectors. Additionally, EDF is likely to invest in eight daughter funds. The total target amount of these eight daughter funds was Rs. 2,176 crore (US\$ 263.0 million), and the amount pledged by EDF to these funds was Rs. 271.3 crore (US\$ 32.9 million).
- c) PMP scheme: For boosting the domestic value addition of sub-assemblies and mobile phones, India has been attracting investments in the electronics sector, and has established manufacturing capabilities. The development of mobile phones has been moving to the completely knocked down stage from semi knocked down stage, enhancing the domestic value chain. The scheme has been notified to market domestic value addition.
- d) Public Procurement: To encourage the Make in India movement and promote the design, production and manufacturing of goods and services with the aim of boosting employment and income, the government passed a Public Procurement Order 2017 vide the Department for Promotion of Industry and Internal Trade.

In line with this order, the MEITY reported the structure for determining local subjects for 13 electronic products:

- Thin clients
- Computer monitors
- Desktop PCs
- Laptop PCs
- Contact and contactless smart cards
- Tablet PCs
- Dot matrix printers
- Authentication devices/biometric access control
- LED products
- Biometric sensors
- Cellular mobile phones
- Servers
- Compulsory Registration Order (CRO): The MeitY notified the Electronics and Information Technology Goods Order, 2012, which states mandatory compliance for ensuring the safety of Indians by reducing imports of unsafe and substandard electronic goods in India. Almost 63 product types have been notified under the CRO.

- Creation of Gallium Nitride (GaN) Ecosystem Incubator and Enabling Centre: The government approved the project for establishing the GaN ecosystem. This project is being executed by the Centre for Nano Science and Engineering, the Society for Innovation and Development, and IISc Bengaluru.

PLI Scheme

- Notified vide the Gazette Notification No.CG-DL-E-01042020-218990 for large-scale electronics manufacturing, the scheme provides 4-6% incentive to qualified companies on incremental net sales engaged in the production of specified electronic components and mobile phones such as marking and packaging units, assembly and testing for a period of five years. Additionally, the PLI scheme for IT hardware vide Gazette Notification No.CG-DL-E-03032021-225613 provides incentives of 4-2% or 1% on incremental net sales of products made in India and included in the target segment to appropriate companies for a period of four years. Under the PLI scheme, the target segments include tablets, laptops, servers and all-in-one PCs.
- The total spending under the scheme is Rs. 38,645 crore (US\$ 4.7 billion). Furthermore, almost 16 companies (five global mobile phone companies, five domestic companies and six companies) under specified electronics components, were permitted under the scheme.
- After the successful completion of the first round of the scheme, the second round is targeting certain segments of specified electronic components. The second round will provide incentives of approximately 5% to 3% on incremental sales to appropriate companies for a period of four years. Moreover, 16 companies were granted consent by the Competent Authority under the second round of the PLI scheme.
- The duration of the scheme has been extended by one year (from 2024-25 to 2025-26). Of the 16 companies approved under the scheme, almost 15 have opted for the approval.
- The PLI scheme forms the basis of the central authority's push for achieving the Aatmanirbhar Bharat vision. The target of this scheme is to create domestic champions in manufacturing and make domestic production competitive worldwide. The scheme will offer financial incentives to boost the electronics manufacturing sector. The PLI scheme for large-scale electronics has emerged as one of the government's most successful schemes. As of June 2022, the scheme has resulted in total production of over Rs. 1,67,770 crore (US\$ 20.3 billion), including exports worth Rs. 65,240 crore (US\$ 7.9 billion). The PLI scheme has also created employment opportunities for 28,636 people. Over the past three years, smartphone exports witnessed an astronomical surge of 139%.

Electronic components Manufacturing

India's electronics ecosystem has been experiencing rapid and exponential growth across diverse sub-sectors, including mobiles, telecom, auto electronics, industrial electronics, and more. Consequently, there has been a significant surge in the demand for electronic components within the country.

The current production of electronic components is valued at \$11 Bn and is expected to reach \$18 Bn by FY26.

Value Chain Assessment

Growing Electronics Ecosystem

<https://www.investindia.gov.in/sector/electronic-systems/electronic-components-manufacturing>

Importance of the electronics sector globally

The electronics sector is one of the largest industrial sectors in the world and in the last decade the global electronics market has experienced considerable growth. The companies in this rapidly evolving sector deal with manufacturing, designing, assembling, and servicing electronic products. The electronics sector is a driver of research, development, and innovation (RDI) productivity, commerce, and investment and has made a huge contribution to economic growth in both developed and developing countries. The sector is an important source of employment opportunities and technological skills development.

The importance of the electronics sector also lies in the fact that it provides components and equipment for other industries. The growth of the electronics sector is largely driven by increased consumer demand, on one hand, and increased competition, on the other hand, which reduce the costs related to electronics production and makes affordable electronics products more available to the wider population. There is a significant increase in demand for mobile phones, automobiles,

medical devices, and energy-efficient homes. The emerging of new technologies, such as Internet of Things (IoT) and Artificial Intelligence (AI), and other innovations in the sector are making a huge impact on design and manufacturing techniques and impose new business models. The electronics industry makes a significant contribution to global GDP. According to the statistics, in 2017 a worldwide electronics market valued at \$2,000 billion.

For the sake of convenience, the white paper uses the following classification of the ESDM sector:

- a) Manufacturing Services
- b) Design Services
- c) Testing & Calibration

The Manufacturing Services are further classified into consumer electronics, electronic components, computer hardware, industrial electronics, strategic electronics (Aerospace and Defence), automotive electronics, and medical electronics.

The most profitable electronics sector is the semiconductors industry which is globally worth more than \$400 billion. Moreover, many countries around the world are producing more electronics as a result of increasing demand from emerging market economies, such as China, Brazil, India, Mexico, Russia, and Saudi Arabia. China has been highly positioned as a producer of electronics for a long time and now is also one of the major markets for consumer and industrial electronics. In the next decades, it is estimated that Asia will represent about half of the global electronics market, taking also into consideration that huge amounts of government funds and corporate wealth are being invested into research and innovation related to electronic components and systems (ECS).

OUR BUSINESS

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and also the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the Twelve-month period ended March 31 of that year. In this section, a reference to the “Aimtron”, “Company” or “we”, “us” or “our” means Aimtron Electronics Limited.

*All financial information included herein is based on our “**Financial information of the Company**” included on page 157 of this Draft Red Herring Prospectus.*

We are engaged in the business of providing products and solutions towards electronics system design and manufacturing (“ESDM”) services with a focus on high value precision engineering products. We provide product and solutions right from printed circuit board (“PCB”) design and assembly to the manufacturing of complete electronic systems (“Box Build”), to certain domestic and global manufacturers located in India, United States of America, Hongkong, United Kingdom, Spain, Mexico.

We offer tailored solutions for customers’ needs, encompassing automated micro-electronics assembly and precision component integration. Our solutions involve our client providing the design for the product for which we provide manufacturing services or in some cases require us to design the relevant product based on the specifications provided by the client including manufacturing of the product. Our solutions primarily comprises of: (i) printed circuit board assembly (“PCBA”), (ii) any box build assemblies in addition to finding its application in battery management systems used in electrical vehicles (iii) design solutions offering end to end services right from conceptualizing the design, engineering, product prototype development, manufacturing of turnkey requirements for our customers. Through our end-to-end capabilities, we believe our customers may achieve tangible benefits such as reduced manufacturing costs, improved supply chain management and reduced inventory obsolescence.

We started in 2011 as a pure play PCB designer and assembler and over the years have invested in our capabilities and become one stop ESDM solution provider. Each of our diversified capabilities stands alone on its own merit, providing customers with a number of options while also enabling our growth in each of these areas.

Our Company offers a broad range of products and services across multiple industry segments. These ESDM products and services are essential for industrial automation, electric vehicle mobility, IoT and embedded systems, medtech and wearables, gaming, robotics etc. They provide higher-level monitoring and control various functions of machines to define, organize, and meet production objectives. The end-use industries that we cater to include: Industrial sector, Medical & Healthcare Equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicle) etc.

We operate through our two manufacturing facilities, one situated in Vadodara, Gujarat and the other situated in Bengaluru, Karnataka. Our manufacturing facilities include engineered layout with process controls and necessary automations for quality and productivity. This allows us to keep our core competencies within our Company, allowing us to ensure strict quality control and safety at each step of our manufacturing process. Our manufacturing facilities comprises of 4 Surface Mount Technology (“SMT”) lines, 37 Through (Soldering) Hole setup station (“THT”) lines and 2 box build assembly lines. Each of our facilities is accredited with quality standards and certifications. Our manufacturing facilities are staffed by a workforce of 131 persons, as of September 30, 2023 which includes a team of 28 engineers to enhance our operational efficiency. The components required in Box Build Assembly or in Design Solutions are imported or sourced from local suppliers and assembled at our manufacturing facilities. Our manufacturing capabilities has enabled us to address our consumers’ diverse needs, enhance existing products with emerging technologies, development of new products and optimize costs across our products through value analysis and value engineering.

Over the years, we have focused on creating equipped manufacturing systems and processes that comply with health and safety and quality requirements. We are an ISO 13485:2016 for Quality Management System for medical devices applicable to provider of high tech electronic assemblies for medical devices with measuring, monitoring and displaying function and contract assembly works and ISO 14001:2015 for Environmental Management System for High Tech Electronic Assemblies and contract assembly works and EN ISO 9001:2015 for Management system applicable to Hi-tech electronic assemblies and Contract Assembly works. Also our Vadodara facility is approved by Canadian Standard Association. We have long-term relationships with a diversified customer base across multiple industry verticals such as :

Industrial sector, Medical & Healthcare equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicles).

Our promoters Mukesh Jeram Vasani and Nirmal M. Vasani have around 30 years of experience and 7 years of experience respectively in the field of ESDM, and they have been instrumental in the growth of our business. We have received the below mentioned prestigious awards in the past that bear testimony to the faith our customers have in us and our ability to successfully serve and meet their requirements.

Awards and Recognitions

- Karnataka Innovation Leadership Awards 2022 presented By Academic Partners “INDRA” and “Business Leaders”
- Certificate of Excellence provided by Indian 2020 Business and Leadership Excellence awards in recognition of significant contribution made.

Notes:

⁽¹⁾Revenue from Operations means the Revenue from Operations as appearing in the Restated Financial Statements

⁽²⁾EBITDA is calculated as Profit before tax + Depreciation + Interest Expenses - Other Income

⁽³⁾ ‘EBITDA Margin’ is calculated as EBITDA divided by Revenue from Operations

⁽⁴⁾ ‘PAT Margin’ is calculated as PAT for the period/year divided by revenue from operations.

⁽⁵⁾ Net worth means the aggregate value of the paid-up share capital and reserves and surplus of the company.

⁽⁶⁾Return on Net Worth is ratio of Profit after Tax and Net Worth.

⁽⁷⁾Return on Capital Employed is calculated as EBIT divided by capital employed, which is defined as shareholders’ equity plus total borrowings {current & non-current}.

OUR COMPETITIVE STRENGTHS

“One Stop Shop” for electronics system design and manufacturing (“ESDM”) services.

With a focus on our customers’ needs, we offer well diversified solutions comprising PCB design and assembly, box build assemblies and design solutions offering end to end services right from designing to mass manufacturing. Our integrated services include our focus on assembly of cable and wire harnesses, electro-mechanical components, sheet metal fabrication, sheet metal machining and plastic injection moulding.

Further, we focus on continually expanding our technological expertise in manufacturing for diverse industries, integrating our services, and thereby enhancing our capability to serve multiple industry verticals. Our capability to manufacture and supply quality products ensures customer satisfaction, fosters customer loyalty and generates repeat business. Additionally, the continuous learning from our diversified experience enhances the knowledge level of our workforce, makes it capable of delivering solutions and creates talent. The diversification and expansion of our product portfolio is primarily driven by the needs of our customers and technological advancements in the industry. Set out below is our revenue from operations by our products and service offerings.

Myriad of product portfolio having applications across industry verticals

We have a wide range of product portfolio having applications across multiple industry such as Industrial sector, Medical & Healthcare equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicle) etc. Our diversification of revenue across multiple verticals allows us to prevent any possible industry concentration in any of our product categories. Our diverse portfolio limits our exposure to downturns associated with a particular vertical. It also ensures that our revenues are consistent across periods on account of our customers serving different industry verticals with different business or industry cycles. The table below sets forth our revenue from operations across the various end-use industry verticals we serve for the periods indicated:

Engineering expertise with complex product manufacturing capabilities.

As on date of the Draft Red Herring Prospectus, we operate from our two manufacturing facilities, one situated in Vadodara, Gujarat and the other situated in Bengaluru, Karnataka. We have comprehensive in-house capabilities of designing and manufacturing capabilities. Our facilities support manufacturing of micro-electronic components to gigantic box build assemblies. Our Company manufactures and assembles a wide range of critical assemblies and precision components with close tolerances through its precision machining, assembly, and fabrication facilities for onward usage by our customers in the relevant industry. Our manufacturing facilities are equipped with machines like: Fully Automated Screen Printer, Automated 3D SPI, Automated selective soldering machine, Automated conformal coating machine, Pick and Place Machine, Reflow –N2 ready, Automated 3D AOI, X-Ray machines, etc. Our manufacturing facilities comprises of 4 Surface Mount Technology (“SMT”) lines, 37 Through (Soldering) Hole setup station (“THT”) lines and 2 box build assembly lines. Each of our facilities is accredited with quality standards and certifications.

All raw materials procured for manufacturing our products are sourced from trusted vendors and our quality control team applies stringent quality measurements at every manufacturing stage to ensure low rejection rate such that our finished product confirms to the exact requirement of our customers and successfully passes all test, validations and quality checks. As we have secured orders from our renowned customers in the past, and have been able to deliver successfully on these mandates, we believe that we are well positioned to capitalize on these opportunities and to take advantage of future orders placed by them.

Long term and well-established relationships with customers

We have long term relationships with component manufacturers across our various product categories. With our track record and wide product portfolio, we have been able to retain our existing customers and also been able to attract new customers.

We collaborate with our customers through the entire product life-cycle including assisting with concept creation, product development, prototyping, testing and mass manufacturing. This results in customers shortening their product development and time-to market cycles. We are well positioned to increase the number of different products that we manufacture for them, increase the volume of our shipments to them of each particular product and expand our coverage to other areas where they require similar solutions. Our customers span multiple sectors, ranging Industrial sector, Medical & Healthcare equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicles) etc. Furthermore, currently our revenue from top 10 customer accounts for 92.46 %, 96.70 %, 94.66 % and 98.58 % of our revenue from operations for six months period ended on September 30, 2023, Fiscal 2023, Fiscal 2022, and Fiscal 2021.

We believe our quality products and manufacturing facilities and customized services have enabled us to serve and retain our customers. Our customer acquisition process involves analysis of the market for either conceptual designing or turnkey manufacturing or box build assembly and thereafter engaging our business development executives with such potential clients. Our customer acquisition process requires understanding customer requirements and pitching our capabilities to design both product and process for either design or manufacturing with detailed techno-commercial proposal, undergoing customer audits, preparing protobuilds or proof of concepts, undertaking joint review of quality standards, preparation of production plans to include first article for inspection and ensuring long-term engagement with customers for the complete life cycle of the product.

Strong supply chain and sourcing network

We possess a reliable supply chain network. We have long-term relationships with our vendors within India and globally. We source materials and components from various regions including China, United States, United Kingdom, Hong Kong, Singapore, Taiwan, Ireland and Thailand as well as locally within India. As of September 30, 2023, we have an average relationship of over 5 years with 8 number of suppliers. We do not rely on a single source or vendor for components, instead, have alternative sources for vendors for each component category. This offers us leverage to ensure availability of materials and negotiate better credit terms at cost-effective rates. We have two manufacturing facilities (Gujarat & Karnataka) for any regional disruption within India.

Quality Assurance

Our Company is dedicated towards quality of our products, processes and input materials and components. We are accredited with ISO 13485:2016 for Quality Management System for medical devices applicable to provider of high tech electronic assemblies for medical devices with measuring, monitoring and displaying function and contract assembly works and ISO 14001:2015 for Environmental Management System for High Tech Electronic Assemblies and contract assembly works and EN ISO 9001:2015 for Management system applicable to Hi-tech electronic assemblies and Contract Assembly works. Also our Vadodara facility is approved by Canadian Standard Association.

We adhere to quality standards as prescribed by our customers to meet the desired requirement; hence we get repetitive orders from our customers. Delivering Quality products on time is one of our prime objectives. We dedicate resources for quality assurance to ensure that quality norms are continually met. We also have quality control checks before any consignment of material or components are accepted since it has a direct impact on the quality of Finished Product. The ability to consistently deliver high-quality products to customers is critical to our business. Our quality assurance department conducts various tests such as functional test, reliability test or drop test to ensure that our end products adhere to our quality policies

Experienced and Qualified Management and Employee base

We have an experienced and qualified management team led by our Promoter and Chairman Mukesh Jeram Vasani who holds the degree in Bachelor of Engineering in Civil with overall work experience of around 30 years, and Promoter and Non-Executive Director, Nirmal M. Vasani who has completed his graduation with an experience of around 7 years. Our Whole Time Directors, Sharmilaben Lakhanbhai Bambhaniya, holds Master of Commerce, Bachelor of Education and Bachelor of Laws (Special) with overall experience of around 20 years and Dr. Ashwani Kumar Srivastava, who has completed his Doctor of Philosophy in Chemical Engineering with an experience of around 30 Years.

Thus, we are well placed to capitalize the knowledge and experience of our management team which has been instrumental in growth of our Company. Our management team has substantial experience in the sectors which we serve, which enables us to capture market opportunities, formulate and execute business strategies, manage client expectations as well as proactively respond to changes in the market conditions. Their advisory services and inputs are a value addition to our performance, compliance and overall operations. They are instrumental in establishing and maintaining relationships with our customers. Our mid-level educated and experienced management is supported by our trained personnel and skilled

workers who benefit from our regular in-house training initiatives. We therefore believe that our qualified management and employee base have enabled us to extend our operating capabilities, improved the technical quality of our products and facilitated our growth in the industry.

OUR BUSINESS STRATEGIES

Cater to more end-use industries

Some of the end-use industries that we currently cater to include Industrial sector, Medical & Healthcare equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicles) etc. Our manufacturing and project execution capabilities enable us to capitalize on the growing opportunities and emerging trends in these industries. The market size and future outlook of few of the end-use industries that we intend to focus on going forward, is highlighted below:

Medical & Healthcare equipment: The government has come up with multiple initiatives and policies to promote India's medical device sector. It was recognised as a focus sector in 2014 by the government during the Make in India campaign. The size of the Indian medical devices market is estimated at Rs. 90,000 crore (US\$ 11 billion) in 2022 and is expected to grow to US\$ 50 billion by 2030 with a CAGR of 16.4%. The Indian medical device market share in the global market is estimated to be 1.65%. India is the 4th largest Asian medical devices market after Japan, China, and South Korea, and among the top 20 medical devices markets globally. Between 2020-30 the diagnostic imaging market is likely to expand at a CAGR of 16.4%. Export of medical devices from India stood at Rs. 19, 803 crore (US\$ 2.40 billion) in FY22. The exports of medical devices during April-December, 2022 stood at Rs. 20,511 crore (US\$ 2.49 billion), and are expected to rise to US\$ 10 billion by 2025. The Union Cabinet approved the National Medical Devices Policy, 2023 on April 26, 2023.

Industrial Sector: While the exports of electronic goods have increased from INR 39,978 crore (USD 5.96 billion) in 2016-17 to INR 109,797 crore in 2021-22 (USD 14.6 Billion), exhibiting a Compound Annual Growth Rate (CAGR) of 22.39%, India's share in global electronics manufacturing has grown from 1.3% in 2012 to 3.75% in FY 21-22, as per industry estimates. During April – January 2022-23 electronic goods exports were recorded at USD 18.78 Billion. The PLI for the Large-Scale Electronics Manufacturing sector has attracted leading global players, including Foxconn, Samsung, Pegatron, Rising Star and Wistron, while leading domestic companies, including Lava, Micromax, Optimus, United Telelinks Neolyncs and Padget Electronics, have also participated in this scheme. As of March 2023, PLI for IT hardware has attracted an investment of Rs 195 crore and led to a total production of Rs 5,715 crore. The scheme has also generated employment of 1089. The Electronics Manufacturing Industry today has committed and assured us of \$300 Billion7 production by 2025-26.

Automobile: The electric vehicle (EV) market is estimated to reach Rs. 50,000 crore (US\$ 7.09 billion) in India by 2025. A study by the Council on Energy, Environment and Water (CEEW) and Centre for Energy Finance (CEF) recognised a US\$ 206 billion opportunity for electric vehicles in India by 2030. This will necessitate a US\$ 180 billion investment in vehicle manufacturing and charging infrastructure. In addition, the projection for the EV battery market is expected to expand at a CAGR of 30% during the same period. The Government of India expects the automobile sector to attract US\$ 8-10 billion in local and foreign investments by 2023. India could be a leader in shared mobility by 2030, providing opportunities for electric and autonomous vehicles. (Source: <https://www.ibef.org/industry/india-automobiles>)

The growing market for drone technologies in India: Though both the industry and the market in India are at a very nascent stage, there is an immense potential for growth in both. According to 6W research, UAV market in India is projected to grow at a CAGR of 18% during the period from 2017 to 2023. We intend to evolve our product and service offerings and accordingly grow our business, by leveraging on the growth and technological requirements of any industry (including but not limited to those set out above), that we believe can effectively utilise our manufacturing capabilities.

Continue to reduce operating costs and improve operational efficiencies

Offering quality products at attractive prices is a key aspect of maintaining and expanding our relationships with our customers. We intend to continue enhancing our operational efficiencies, to increase economies of scale, better absorb our fixed costs, reduce our other operating costs and strengthen our competitive position. We would focus on improving capacity utilization at our production facilities, through increase in our overall production volumes. We will continue to seek to manage our supply chain costs through optimal inventory management, economic orders and other measures. Economies of scale will also enable us to continuously improve our operational efficiencies.

Further, we intend to leverage technology for effective utilization of our machinery through digital solutions which would enable effective monitoring of the machine status and study of various shop floor patterns thereby allowing us to address the bottlenecks and to improve our output efficiency. For the said purpose our company has installed Intranet software, “Aimnet”. We believe that our investments in strengthening our team and upgrading our systems and processes will enable us to achieve our growth objectives while improving our profitability and attain operational efficiencies.

Increase our geographical reach and expand our customer base

Our customer base is stretched across domestic and international market like: United States, Hongkong, United Kingdom, Spain, Mexico. We continually seek to enhance our addressable market through our sales and marketing initiatives. We seek to expand our global reach, through increased customer acceptance of our products in international markets. We seek to enter new international markets, primarily in the Europe and Australia.

Owing to pricing pressures, ODMs are seeking cost-competitive alternatives giving rise to India as an emerging hub for manufacturing of high complex PCBA with high tech, high mix, BGA/Micro BGA, Flex circuit, System Integrated Turnkey Assembly, Mechanical Assembly, Cable Assembly and testing of all electrical Assemblies. We believe we are well-positioned to partner with ODMs, backed by our capabilities of manufacturing quality products.

The table below sets forth details of the geographies where we export our products and services for the last three financial years and for the stub period ended on September 30, 2023:

We are well positioned to increase the volume of our sales to larger customer base through various promotional activities, including product launches, electronics meets, exhibitions aimed at creating awareness for our products and through advertisements in the print and electronic media to increase acceptance of our products and services amongst our end-consumers.

Expand our Manufacturing facility towards backward integration

Our company intends to expand its manufacturing facility towards backward integration. For example: we intend to set up integrated cable assembly line and have purchased requisite machines like: Automatic cut and strip machine, Swivelling wire guide machines, crimp force monitoring machine etc. In order to improve our operational efficiency, we intend to implement comprehensive backward integration measures by manufacturing in-house components like Cable Assembly and get into deep competencies in PCBA assembly and end to end solutions. We believe these backward integration measures will allow us to reduce our dependence on third party components, reduce lead time on account of synchronization of actual requirements leading to faster utilization of remaining components, better management of our material inventory, and contribute to higher margins. Further we also intend to expand our manufacturing capacity with implementation of an additional SMT line backed by inline 3D AOI for manufacturing of hi-tech multi layer PCB Assembly.

With backward integration, we will have greater control on the manufacturing process, quality standards and benefit from cost efficiencies. As a result, we expect to fulfil our customers’ needs in a timely manner, increase our sales per customer and improve our working capital and supply chain processes.

OUR OFFERINGS

Our business is classified based on the products and services that we provide to our customers. We classify our operations under the following business verticals:

a) Box Build Assembly (“Box Build”):

Box-build, which is also referred to as systems integration, is an assembly work of enclosure fabrication, installation and routing of cabling or wire harnesses, and installation of sub-assemblies and components. The box build can mean a PCB Assembly (PCBA) in a big cabinet full of wires, or a small enclosure, or a complex fully integrated electro-mechanical system with pneumatics and electronics etc. Box Build Assembly Services include: System Level Assembly, Product Assembly, Sub-Level Product Assembly, Packaging & Labeling and Testing.

We work with our customers to offer complete complex Box Build Assembly, subsystems and products. We have manufacturing lines for box building, integration and testing, with facilities for assembly of cable forms and harnesses, plastic moulds and other fabricated components. We also possess build-capabilities for customised designing of testing hardware for a wide range of automated test equipment, functional testers right from firmware flashing fixture, PCBA fixture, end of line tester and product functional testers.

b) Printed Circuit Board Assemblies (“PCBAs”): We design and assemble PCB, with in-house capabilities to support the entire value chain for our customers. From product concept, to design/prototyping, and on to volume production, we provide solutions to customers across multiple industries. Our services and capabilities include:

Printed Circuit Board (PCB) Design and Analysis

- Multiple PCB Design Software Tools
- Complex Layout Design
- Simulation and Analysis
- Component Footprint Libraries
- Design for Manufacturability and Test
- Rapid Prototyping Services

Printed Circuit Board Assembly (PCBA)

- Automated Screen printing
- SMT pick and place automation
- THT assembly
- Ball grid array (“BGA”) assembly and rework
- Double-and single-sided reflow
- Wave and selective soldering
- Automated Conformal coating
- High mix / flexible volume production
- Serialization and traceability

Inspection and Test

- Solder paste inspection (“SPI”)
- 3D Automated optical inspection (“AOI”)
- Functional testing
- X Ray Inspection

We provide a variety of services including highly complex double-sided PCB assembly, high mix assembly, low to medium volume assembly, flex and rigid PCB assembly, SMT assembly, through-hole and mix technology assembly

c) Design solutions offering end to end services. We offer services from the concept to design stage and undertake prototyping and pilot and thereafter mass manufacturing. As part of our project management services, we undertake product reliability, validation and approvals. Type tests required for reliability of products are also carried out at external labs. We undertake prototyping, sourcing including supplier development for bare PCBs, building test jigs and designing processes for PCBAs. We then manufacture at our SMT lines and deliver tested and validated boards to customers globally. The infographics below sets forth the typical process for our end-to-end turnkey solutions.

Product Engineering Services:

Product Engineering: We offer turnkey solutions for product companies across verticals requiring custom embedded system development. Device engineering is an interplay of hardware, embedded and mechanical designs involving advanced technologies such as high-end processors, sensors, connectivity, and advanced embedded software and device

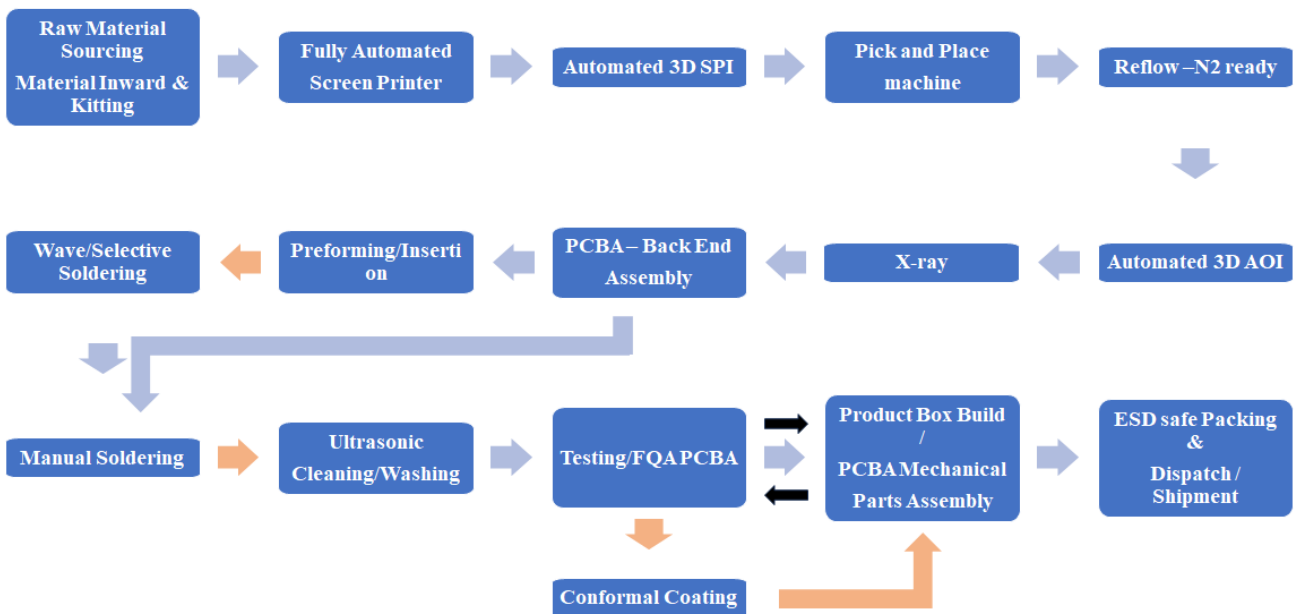

Digital and value added manufacturing Engineering: We bring a one-stop-shop for our customers looking for an end-to-end enablement solution offering. We specialise in high-speed, multi-layer, mixed signals, PCB designing along with fabrication and assembly through several software and tools like Altium, Solid works, Vayo.

Validation and Regulatory Compliance: We provide solutions for testing, verification, validation of products for quality assurance. We also provide end-to-end support for identifying requirements, pre-compliance and compliance testing, documentation and certification.

Quality Engineering: We provide quality assurance services across the entire connected product lifecycle spectrum, covering quality assurance consulting services, IoT quality assurance implementation services, to end-of-life quality assurance support services. Through our comprehensive suite of service offerings and best practices, we ensure high product quality, operational excellence, and agility to meet our customer’s dynamic and complex end-to-end solution testing needs.

Prototype and Bulk Manufacturing: We manage product development and product certifications, mechanical casing design, BOM optimization, and mass manufacturing services. This results in time saving for customers and in better control.

OUR MANUFACTURING PROCESS

Our manufacturing activities primarily comprise the SMT process or Through-Hole Component Insertion process

SMT Process

SMT process is an automated process with specific machines performing the job as per pre-set programs. The different sub processes in SMT are performed serially in process specific machines. The unit under assembly are moved from one machine to another through an automated conveyor. This ensures proper sequencing of entry and exit of the unit under assembly from each individual machine.

The sequence of operations in SMT section and the machines used in each of them are as under:

Screen Printing: A bare PCB is passed through the machine and the solder paste (a combination of lead, tin and in certain cases silver powder suspended in thick flux) is deposited on the board through a stencil. The stencil is specific to the product and will have openings corresponding to the solder-able pads on the bare PCB. The machine operation parameters like squeegee movement speed and pressure are set in the machine through different programs.

Component Placement: After solder paste printing is brought into the machine through conveyor and the components to be placed on the PCB are loaded in bulk packages through different feeders. The feeder and the location where the component is to be placed on the board are defined in a program.

Pick and Place Components Mounting: The component mounting is a pick and place activity which can be performed manually or mechanically by an automated system. In the through-hole PCB assembly, the component mounting is performed manually or through automatic axial / radial insertion machines. In surface-mount PCB assembly, it is performed by an automated machine. Automatic component mounting ensures quick, precise and error-free process.

Reflow Oven: During re-flow process, the PCB with components placed on solder paste deposits is moved through a conveyor. There are multiple heating zones in the oven. The temperature of each of the zone is set based on the temperature profile measured on the PCB during the movement of the PCB through the oven. The speed of the movement also is fixed based on the temperature profile measured on the board. By the time the PCB comes out of the oven, the solder paste gets converted from paste form to solid form and the electrical connection from components to the pad on the board is established.

Wave Soldering and Selective Robotic Soldering: This process is used when any through hole components are to be soldered. Here the PCB after mounting the components is passed over a bath of molten solder. Due to capillary action, the molten solder passes through the plated holes in the PCB and once solidified, the electrical connection is established. If the component to be soldered is sensitive to heat, selective soldering process is adopted, where instead of a solder bath, a small solder wave is used and the board is moved in different axes so that the area to be soldered alone comes into contact with the wave.

Through-Hole Component Insertion Process:

Depending on the type of board under PCBA, the board may include a variety of components. These include plated through-hole components, which require a manual process for inserting these components through the Printed Circuit Board. PCB components use these holes to pass a signal from one side of the board to the other. In this case, soldering paste won't do any good, as the paste will run straight through the hole without a chance to adhere. Instead of soldering paste, components require a more specialized kind of soldering method in later PCB assembly process which includes:

- **Manual Soldering:** A dedicated skilled person is given the responsibility to solder each component using the solder gun.
- **Wave Soldering:** Once the component is put in place, the board is put on yet another conveyor belt which runs through a specialized oven where a wave of molten solder washes over the bottom of the board. This solders all of the pins on the bottom of the board at once.
- **Dip Soldering:** This is a specialized process involving specific requirements as DIP soldering connectors which are not wave soldered. Components with Pin through holes are placed on the PCB & dipped, just on the surface of the molten solder for soldering the projected lead.

Inspection Systems and Processes

There are different stages of inspections for ensuring products are defect free and the processes followed are in compliance with the standards / guidelines adopted for manufacturing. In addition to the manual inspections, there are automated inspection systems also.

“Visual/Manual Inspection” - In most cases, a template is used for manual inspection to inspect the soldered connections. This method is only suitable for small batches of PCBs.

“AOI” - After reflow soldering, the PCB from reflow oven is passed onto automatic optical inspection system. Here the soldering qualities as well as the identity of the components are verified with reference to the reference data available in the system.

“X-Ray Inspection” - In certain PCBs, the electrical connection will be from beneath the component. In such cases, no visual inspection can be undertaken to ensure soldering quality. In such cases, the inspection is conducted with the help of an inspection system employing X-ray.

Post Assembly Inspection and Functional Testing:

Once the assembly is done, the PCBs are inspected again and are tested for functionality. The functionality tests like a micro-sectioning test, contamination test and solderability test, are performed to conclude the process. In addition, ‘out-of-box’ testing is performed immediately prior to shipment of the PCBA.

Product Integration

Besides having the capability of offering PCB Assembly and advanced test solutions to our customers, we also have a high-tech facility for Box-Build and offer customized end to end turnkey solutions for product development to mechanical supplies.

Packing & Dispatch

All PCBAs are packed using Vacuum sealing process, which helps in prolonged storage after delivery. Packing boxes are determined by the customer based on the project’s needs. We carry out packing based on industry standards. We also have an in-house logistics team who takes care of Domestic & Export shipments, and also freight or sea shipments based on customer requirement.

INFRASTRUCTURE FACILITIES:

Our Manufacturing Facilities

Vadodara Factory

Bangalore Factory

1) Availability of Raw Material and components

The major raw materials required for manufacturing of our products are categorized in electromechanical categories under bought out parts and manufactured sub-assemblies. Our raw materials include:

Electronic Components (micro controllers, IC, resistors, capacitors, LED, PCB and other semiconductors): We procure these components directly from overseas manufacturers from countries like: China, Hongkong, Singapore etc or their authorized distributors.

Wiring Harness: These are critical for long-term quality of our products since these carry actual electrical load in our products. Wiring harness are procured from approved vendors.

Plastic Parts: These are procured from dedicated plastic moulding companies.

Sheet Metal Parts: These procured from third party suppliers and are based on our drawings.

Process consumables: These are sourced from various third-party manufacturers.

Strict quality control procedures, including third party testing, are carried out to ensure compliance with our quality specifications.

Our cost of materials consumed constituted a significant component of our expenditure and during six months period ended on September 30, 2023 and in Fiscal 2023, 2022 and 2021 were ₹ 2584.83 lakhs, ₹ 6067.05 lakhs, ₹ 2449.85 lakhs and ₹ 2854.00 lakhs respectively, and constituted 60.02 %, 84.75 %, 93.08 % and 54.07 %, respectively, of our total expenses.

Our purchases from our top 10 suppliers during six months period ended on September 30, 2023 and in Fiscal 2023, 2022 and 2021 were ₹ 1531.75 lakhs, ₹ 4541.03 lakhs, ₹ 2208.64 lakhs and ₹ 1632.30 lakhs respectively, and constituted 61.98%, 63.27%, 65.01% and 53.58%, respectively, of our total purchases.

2) **Power and fuel** - The requirement of power in our manufacturing facility at Vadodara is met through Madhya Gujarat Vij Company Ltd and at our manufacturing unit at Bangalore is met through Brigade IRV units Owners Association. We use diesel generators to meet exigencies to ensure that our facilities are operational during power failures.

3) **Water** - Our current water consumption at our manufacturing facility at Vadodara is sourced from Gujarat Industrial Development Corporation and that at our manufacturing facility at Bangalore is sourced from Brigade IRV units Owners Association.

Collaborations/ Tie Ups/ Joint Ventures

Except as disclosed in this Draft Red Herring Prospectus and normal course of business, we do not have any collaborations/ Ties Ups/Joints Ventures as on date.

Capacity and Capacity Utilization

Below are the details of the installed and the utilized capacity for our Company:

(SMT Components per Annam) (Million)

Factory Unit	For the period ended on September 30, 2023			Fiscal 2023			Fiscal 2022			Fiscal 2021		
	Installed Capacity	Actual Production	Utilization (%)	Installed Capacity	Actual Production	Utilization (%)	Installed Capacity	Actual Production	Utilization (%)	Installed Capacity	Actual Production	Utilization (%)
Vadodara (Gujarat)	291.12	220.08	75.60%	582.24	486.17	83.50%	175.2	126.61	72.27%	175.2	137.93	78.73%
Bengaluru (Karnataka)	203.52	118.04	58.00%	407.04	217.76	53.50%	-	-	-	-	-	-

Notes:

1) The SMT machines have rated capacity in terms of number of components placements per hour ("CPH") and based upon number of working hrs. per day (8 hrs.), the year was determined for each of the machines in terms of total number of component placements in a year which is the rated capacity for each machine.

2) Capacity utilization has been calculated based on Actual placement.

3) Actual Utilization depend on the product mix/density, setup time, availability of kits, preventive maintenance

4) Available capacity has been calculated based on single shift.

5) Installed capacity and actual production of Fiscal 2024 defined as stub period ended on September 30, 2023.

6) Bengaluru unit was operational from Fiscal Year 2023.

*The information related to the installed capacity is based on the certificate received from M/s Dr. Pankaj J. Gandhi Chartered Engineers & Valuers LLP vide their certificate dated November 02, 2023

Plant & Machinery

The major plant & machinery installed at each of our factories are as under:

Vadodara: PCB Loader and Unloader, Paste Printer, Linking Conveyer, Pick & Place Machines, Inspection conveyer, Reflow machines, AOI Machine, X-Ray Machine, Selective Soldering Machine, Lead Free Wave Soldering Machine, Leaded Wave Soldering Machine, Ultra Sonic Cleaner, Vacuum Packing Machine, Air Compressor, Air Dryer, Air Compressor, DG Generator, Hot Air Oven, Coating Machine, 3D AOI Machine, Potting Machine, PCB Depanelizing Machine, UPS, Conformal Coating Blower (TH), IONIC Contamination Tester Machine, Magazine Loader, Intelligent Screen Printer, Constant Temperature & Humidity Machine, Stepdown Transformer, Drying Cabinet etc

Bangalore: Magazine Loader, Intelligent Screen Printer, Constant Temperature & Humidity Machine, Link Conveyer, Pick & Place Machine, Stepdown Transformer, Inspection Conveyer, Reflow Oven, Inline type vision Inspector (AOI), Drying Cabinet, UPS, Air Cushion Machine, Ultrasonic Cleaning Machine, Video Microscope, X-Ray Inspection System, Digital Dispenser, Vacuum Packing machine and Wave soldering Machine etc

Sales and Marketing

Our principal markets are India, United States, Hongkong, United Kingdom, Spain, Mexico. Our diversified customer base enables us to reduce our dependence on any particular segment or market. Our marketing activities involve our development and engineering teams working closely with customers or prospective customers, and our design and manufacturing facilities work to design products tailored to meet specific customer requirements. Further, our sales and marketing team is regularly in contact with our customers, sales representatives and agents to understand the evolving needs of customers as well as market trends.

We are member of Electronics and Computer Software Export promotion council and participate in exhibitions or events conducted by them. We also participate in events such as Electronica India, IPC APEX show January 2023 and are also intending to participate in IPC-APEX EXPO-2024. Our revenue from domestic and export sales is as under:

(Rs in lakhs)

Particulars	Sep-23		Fiscal 2022-23		Fiscal 2021-22		Fiscal 2020-21	
Export	3559.84	82.66%	5697.61	79.59%	1758.92	66.83%	4731.52	89.65%

Corporate Social Responsibility

Our Company has adopted a CSR policy in compliance with the requirements of the Companies Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014. Our Company made CSR Contribution to Aimtron Foundation for ₹ 17.60 lakhs during Fiscal 2022 and ₹ 33.00 lakhs during Fiscal 2023.S

Competition

We operate in the ESDM industry, which is very competitive with high growth. Our competition varies by market, geographical areas and type of products manufactured. As a result, to remain competitive in our markets, we must continuously strive to reduce our costs of production, transportation and distribution and improve our operating efficiencies. We compete primarily on the basis of product quality, technology, cost, delivery and service. Some of the ESDM Companies in India are Bharat FIH, Dixon Technologies India Limited, Amber Enterprises India Limited, SFO Technologies Private Limited, Elin Electronics Limited, Syrma SGS Technology Limited, Elin Electronics Limited, Avalon Technologies Private Limited, VVDN Technologies Private Limited and Centum Electronics Limited, Cyient DLM, Keynes Technologies. Due to our diversified product portfolio, we cater to various segments in the Industrial sector, Medical & Healthcare equipment, Automobiles, Gaming, Drones and UAV (unmanned aerial vehicles) industries, and as a result, we compete with various companies for each of our business segments. For further information, see, **“Risk Factors - We operate in highly competitive markets, and the scale and resources of some of our competitors may allow them to compete more effectively than we can, which could result in a loss of our market share and a decrease in our net revenues and profitability.”** on page 27.

Human Resource

We have in our team qualified, technical, skilled and unskilled personnel who are abreast with the updated manufacturing norms. They are committed & dedicated to maintain the specified standard, quality & safety of our products and services. As on September 30, 2023, our Company has employed approximately 131 employees at various levels of the Organization.

Insurance

Operating our business involves many risks, which, if not insured, could adversely affect our business and results of operations. We maintain insurance coverage that we consider customary in the industry against certain of the operating risks. Our insurance policies include vehicle insurance, Marine Export Import Insurance, Bharat Laghu Udyam Suraksha Policy for our Plant, Machinery, Stock, Furniture and Building and Employees Compensation Insurance Policy. We believe that our current level of insurance is adequate for our business and consistent with industry practice, and we have not historically experienced a loss in excess of our policy limits. We may not be able to obtain insurance coverage in the future to cover all risks inherent in our business, or insurance, if available, may be at rates that we do not consider to be commercially reasonable.

IMMOVABLE PROPERTIES

Details of our immovable properties are as below:

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPF Act") was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. The EPF Act provides for the institution of provident funds and pension funds for employees in establishments where more than 20 (twenty) persons are employed and factories specified in Schedule I of the EPF Act. Under the EPF Act, the Central Government has framed the "Employees Provident Fund Scheme", "Employees Deposit-linked Insurance Scheme" and the "Employees Family Pension Scheme". Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Employees State Insurance Act, 1948

All the establishments to which the Employees State Insurance (ESI) Act applies are required to be registered under the Act with the Employees State Insurance Corporation. The Act applies to those establishments where 20 or more persons are employed. The Act requires all the employees of the factories and establishments to which the Act applies to be insured in the manner provided under the Act. Further, employer and employees both are required to make contribution to the fund.

The return of the contribution made is required to be filed with the ESI department. The Employees' State Insurance Rules, 1950 ensure implementation of the provisions of the Employees' State Insurance Act, 1948.

The other labour laws applicable to the Company are:

- Minimum Wages Act, 1948
- Payment Of Wages Act, 1936
- Employees' Compensation Act, 1923
- Payment Of Gratuity Act, 1972
- Payment Of Bonus Act, 1965
- Industrial Disputes Act, 1947
- The Maternity Benefit Act, 1961
- The Equal Remuneration Act, 1976 And Equal Remuneration Rules, 1976
- The Child and Adolescent Labour (Prohibition And Regulation) Act, 1986
- Apprentices Act, 1961

The Government of India has consolidated 29 central Labour laws into four Codes namely Code of Wages 2019, The Code on Social Security, 2020, The Industrial Relations Code, 2020 and Occupational Safety, Health and Working Conditions Code, 2020. All these codes have received the assent of President of India but none of them has been made effective till date. Brief descriptions of each of the codes are given below:

Code of Wages, 2019

The Code aims to consolidate the laws relating to wages and bonus and matters connected therewith or incidental thereto. It received the assent of President of India on August 08, 2019. The Code contains procedure for fixing minimum wage, limit for fines and deductions in wages, minimum and maximum bonus, calculation of allocable and available surplus, as well as gender neutral consideration in fixing wages. The Code has given the power to Central Government to fix a “floor wage” and the State governments cannot fix any minimum wage less than the “floor wage”. It amalgamates and subsumes four imperative labour laws - the Payment of Wages Act, 1936; the Minimum Wages Act, 1948; the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The date of implementation of the Code is yet to be notified.

The Code on Social Security, 2020

This Code received the assent of President of India on September 28, 2020 though the implementation of the same is yet to be notified. The Code aims to provide better social security benefits such as provident fund, insurance and gratuity to workers. It extends the reach of the Employees' State Insurance Corporation and the Employees' Provident Fund Organization (which regulate benefits such as provident fund, insurance, pension, etc.) to the workers in the unorganized sector and the platform and gig workers. The Code further stipulates gratuity benefit for fixed term employees without any condition for minimum service period as envisaged under the current regime. The Code subsumes nine (9) labour laws relating to social security, namely, the Employees' Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Cine-Workers Welfare Fund Act, 1981, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers Social Security Act, 2008.

The Industrial Relations Code, 2020

This Code received the assent of President of India on September 28, 2020 though the implementation of the same is yet to be notified. The Code aims to streamline the laws regulating industrial disputes and trade unions in India. For the benefit of the employers, the Code has introduced various aspects such as increasing the threshold of workers to three hundred (300) for obtaining the consent of the concerned government in case of lay off, retrenchment or closure of the establishment, notice of change not required to be given subject to the conditions stipulated in the Code, increasing the wage threshold to INR 18,000 (Indian Rupees Eighteen Thousand) for exclusion from the definition of worker, etc. The Industrial Relations Code also introduces the concept of deemed certification of standing orders. The Code subsumes three labour laws relating to industrial relations, namely, the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947

Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 (OSH Code) is one of three new labor codes that will consolidate the bulk of labor legislation in India and streamline labor compliance besides expanding the social security net for workers. This Code received the assent of President of India on September 28, 2020 though the implementation of the same is yet to be notified. Rules to implement the Code are expected to be finalized in the next few weeks.

New establishments covered by the OSH Code must register themselves (within 60 days of commencement of the Code) with registering officers appointed by the appropriate government. Establishments already registered under any other federal law will not be required to register again.

Every employer is directed to undertake the following obligations by the OSH Code:

- Ensure that the workplace is free from hazards can cause injury or occupational disease to the employees and comply with the OSH Code and the government's directions on the same;
- Provide free annual health examination or testing, free of cost, to certain classes of employees;
- Provide and maintain, as reasonably practical, a working environment that is safe and without risk to the health of the employees;
- Issue letters of appointments to employees; and
- Ensure that no charge is levied on any employee for maintenance of safety and health at workplace, including the conduct of medical examination and investigation for the purpose of detecting occupational diseases.

Further, the Code directs employers with respect to factories, mines, dock work, building and other construction work, or plantations to ensure: (i) safety arrangements in the workplace and absence of risk to health in connection with the use, storage, and transport of articles and substances; (ii) provision of such information, instruction, training, and supervision as are necessary to ensure the health and safety of all employees at work, etc. This Code shall subsume more than 10 labour laws including Factories Act 1948, Contract Labour (Regulation and Abolition) Act 1970 and Mines Act 1952.

D. ENVIRONMENTAL LAWS

Environment Protection Act, 1986 (“Environment Act”)

The Environment Act provides a framework for the coordination of activities of various state and central authorities established under previous environmental laws by the Central Government. The Environment Act states that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emitted any environment pollutants in excess of prescribed standards. Further, it empowers the Central Government to make rules for various purposes, including prescribing as below:

- (i) the standards of quality of air, water or soil for various areas;
- (ii) the maximum allowable limits of concentration of various environmental pollutants for different areas;
- (iii) the procedures and safeguards for the prevention of accidents which may cause environmental pollution and remedial measures for such accidents.

Environment (Protection) Rules, 1986 (“Environment Rules”)

The Environment Rules were notified by the Central Government, in exercise of its powers under the Environment Act. Pursuant to the Environment Rules, every person who carries on an industry, operation or process requiring consent under Water (Prevention and Control of Pollution) Act, 1974 or Air (Prevention and Control of Pollution) Act, 1981, shall submit to the concerned Pollution Control Board (“PCB”) an environmental statement for that financial year in the prescribed form.

The Noise Pollution (Regulation & Control) Rules 2000 (“Noise Regulation Rules”)

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

The Air Act mandates that any individual, industry or institution responsible for emitting smoke or gases by way of use as fuel or chemical reactions, obtains consent from the PCB prior to commencing any activity. The consent may be conditional on certain specifications like installation of pollution control equipment.

Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

Under the provisions of the Water Act, any individual, industry or institution discharging industrial or domestic wastewater or establishing any treatment or disposal system or the using of any new or altered outlet for the discharge of sewage is required to obtain the consent of the applicable state PCB, which is empowered to establish standards and conditions that are required to be complied with. The consent to operate is granted for a specific period after which the conditions stipulated at the time of granting consent are reviewed by the state PCB. Even before the expiry of the consent period, the state PCB is authorized to carry out random checks on any industry to verify if the standards prescribed are being complied with by the industry. In the event of non-compliance, the state PCB after serving notice to the concerned industry may withdraw water supply to the industry or cause magistrates to pass injunctions to restrain such polluters.]

Water (Prevention and Control of Pollution) Cess Act, 1977

The Water Cess Act is a legislation providing for the levy and collection of a cess on local authorities and industries based on the consumption of water by such local authorities and industries so as to enable implementation of the Water Act by the regulatory agencies concerned.

Hazardous and other Wastes (Management and Trans boundary Movement) Rules, 2016 (“HW Rules”)

The HW Rules impose an obligation on every occupier of an establishment generating hazardous waste to recycle or reprocess or reuse such wastes through a registered recycler or to dispose of such hazardous wastes in an authorized disposal facility. Every person engaged, inter alia, in the generation, processing, treatment, package, storage and disposal of hazardous waste is required to obtain an authorization from the relevant state PCB for collecting, recycling, reprocessing, disposing, storing and treating the hazardous waste. The new HW Rules as compared to the Rules of 2008 have enlarged the scope of regulated wastes by including ‘other wastes’ in its ambit. Other wastes include: Waste tyre, paper waste, metal scrap, used electronic items, etc. and are recognized as a resource for recycling and reuse. These resources supplement the industrial processes and reduce the load on the virgin resource of the country.

E. TAX LAWS

Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses.

DIVIDEND POLICY

Under the Companies Act, 2013, our Company can pay dividends upon a recommendation by its Board of Directors and approval by a majority of the shareholders at the General Meeting and as per provisions of Articles of Association of our Company. The shareholders of the Company have the right to decrease but not to increase the amount of dividend recommended by the Board of Directors. The dividends may be paid out of profits of our Company in the year in which the dividend is declared or out of the undistributed profits or reserves of previous fiscal years or out of both.

The Articles of Association of our Company also gives the discretion to our Board of Directors to declare and pay interim dividends. No dividend shall be payable for any financial year except out of profits of our Company for that year or that of any previous financial year or years, which shall be arrived at after providing for depreciation in accordance with the provisions of Companies Act, 2013. All Dividends upon recommendation by our Board of Directors and approved by the shareholders at the General Meeting will be paid to credit of registered shareholders by way of cheque or warrant or in any electronic mode.

Our Company does not have a formal dividend policy for declaration of dividend in respect of Equity shares. The declaration and payment of dividend will be recommended by our Board of Directors and approved by the shareholders of our Company at their discretion and will depend on a number of factors, including the results of operations, earnings, capital requirements and surplus, general financial conditions, applicable Indian legal restrictions and other factors considered relevant by our Board of Directors.

Our Company has not declared any dividend on the Equity Shares in the six months period ended September 30, 2023 and last three financial years. Our Company's corporate actions pertaining to payment of dividends in the past are not to be taken as being indicative of the payment of dividends by our Company in the future.

ANNEXURE – IV
SUMMARY STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES & NOTES TO RESTATED
FINANCIAL INFORMATION

COMPANY OVERVIEW

AIMTRON ELECTRONICS LIMITED was, incorporated on 19th April, 2011 and is engaged in the business of providing products and solutions towards electronics system design and manufacturing (“ESDM”) services.

I. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of preparation of Financial Statements:

The Restated Statement of Assets and Liabilities as at March 31, 2021, March 31, 2022, March 31, 2023 and stub period ended as on September 30, 2023, the Restated Statements of Profit and Loss, the Restated Cash Flow Statement for the period ended March 31, 2021, March 31, 2022, March 31, 2023 and stub period ended as on September 30, 2023, the Summary Statement of Significant Accounting Policies, the Notes and Annexures as forming part of these Restated Financial Statements (collectively, the “Restated Financial Information”), as approved by the Board of Directors of the company.

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 (‘the Act’) read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act. The accounting policies adopted in the preparation of financial statements have been consistently applied. All assets and liabilities have been classified as current or non-current as per the company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time difference between the provision of services and realization of cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

B. Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known / materialized.

C. ACCOUNTING CONVENTION

The Company follows the mercantile system of accounting, recognizing income and expenditure on accrual basis. The accounts are prepared on historical cost basis and as a going concern. Accounting policies not referred to specifically otherwise, are consistent with the generally accepted accounting principles.

The following significant accounting policies are adopted in the preparation and presentation of these financial statements:

1. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sales of goods are recognized on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Interest income is accrued on a time proportion basis, by reference to the principle outstanding and the effective interest rate applicable.

2. Property, Plant and Equipment

a) Property, Plant and Equipment are stated as per Cost Model i.e., at cost less accumulated depreciation and impairment, if any;

b) Costs directly attributable to acquisition are capitalized until the Property, Plant and Equipment are ready for use, as intended by the management;

c) Subsequent expenditures relating to Property, Plant and Equipment are capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs & maintenance costs are recognized in the Statement of profit & Loss when incurred;

d) The cost and related accumulated depreciated are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit or Loss. Assets to be disposed of are reported at the lower of the carrying value or the fair value less cost to sell;

e) Depreciation on fixed assets will be calculated using the Written Down Value (WDV) method, which involves applying depreciation rates prescribed under Schedule II to the Companies Act 2013. to the carrying amount of the asset. The carrying amount is reduced each year by the amount of depreciation charged.

f) Depreciation methods, useful lives, and residual values are reviewed periodically, including at each financial year end;

3. IMPAIRMENT

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

4. INVENTORIES

Inventories are valued after providing for obsolescence, as follows:

Raw Materials -Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on Weighted Average Cost basis.

5. RETIREMENT BENEFITS & OTHER EMPLOYEE BENEFITS

Defined-contribution plans:

All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees.

The Company's contribution to Provident Fund is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis.

The Group has made provision for payment of Gratuity to its employees. This Provision is made as per the method prescribed under the Payment of Gratuity Act. The cost of providing gratuity under this plan is determined on the basis of actuarial valuation at year end.

6. FOREIGN EXCHANGE TRANSACTIONS

Foreign-currency denominated monetary assets and liabilities if any are translated at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from the transactions relating to purchase of current assets like Raw Material or other products are included in the Statement of Profit and Loss. Revenue, expense and cash-flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of the transaction.

7. CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non- cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or

expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

8. BORROWING COSTS

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of that asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. Costs incurred in raising funds are amortized equally over the period for which the funds are acquired. All other borrowing costs are charged to profit and loss account.

9. INCOME TAX

The accounting treatment for the Income Tax in respect of the Company's income is based on the Accounting Standard on 'Accounting for Taxes on Income' (AS-22). The provision made for Income Tax in Accounts comprises both, the current tax and deferred tax. Provision for Current Tax is made on the assessable Income Tax rate applicable to the relevant assessment year after considering various deductions available under the Income Tax Act, 1961.

Deferred tax is recognised for all timing differences; being the differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Such deferred tax is quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date. The carrying amount of deferred tax asset/liability is reviewed at each Balance Sheet date and consequential adjustments are carried out.

10. EARNINGS PER SHARE

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

11. PROVISIONS AND CONTINGENT LIABILITIES

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the likely future outflow of economic benefits required to settle the obligation at the reporting date.

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

12. CASH & CASH EQUIVALENTS

Cash and cash equivalents comprise cash and cash on deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

13. SEGMENT REPORTING

The Company is having revenue; from its customers which are located outside India; of more than 10% of its total revenue.

Accordingly, as per AS-17 Segment Reporting, the company has identified geographic segment as its reportable segment.

The company has maintained records for cost of material consumed and other expenses incurred for manufacturing of goods in accounting system for all the products. However, the company manufactures the same products which are sold in

Indian Market and outside India at similar cost of product manufacturing. Accordingly, the expenses incurred on export segment is not identifiable.

Similarly, Assets of outside India is identifiable to the extent of Continent Wise Outstanding Trade Receivables only.

However, revenue generated for the products varies on the basis of sale price of domestic sale and export sale.

Accordingly, we have disclosed geographic Segment Revenue and Segment Assets in table below for Domestic (India) and Export (Outside India): -

Net Asset Value/Book Value per Equity share (Based on the Weighted Average number of Shares)	26.36	38.60	38.24	40.38

Note:

1) The ratios have been computed as below: The Below ratio's have not been annualized for the period ended 30th September, 2023.

(a) Basic earnings per share (Rs):- Net profit after tax as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the period or year.

(b) Diluted earnings per share (Rs):- Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS.

(c) Return on net worth (%):- Net profit after tax (as restated) / Net worth at the end of the period or year.

(d) Net assets value per share:- Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year.

2) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

3) Net worth for ratios mentioned in note 1(c) and 1(d) is = Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss).

4) The figures disclosed above are based on the restated summary statements of the Company.

5) EBITDA has been calculated as Profit before tax + Depreciation + Interest Expenses - Other Income.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our restated financial statements attached in the chapter titled “Financial Information of the Company” beginning on page 157 You should also read the section titled “Risk Factors” on page 27 and the section titled “Forward Looking Statements” on page 19 of this Draft Red Herring Prospectus, which discusses a number of factors and contingencies that could affect our financial condition and results of operations. The following discussion relates to us, and, unless otherwise stated or the context requires otherwise, is based on our Restated financial Statements. Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated December 14, 2023 which is included in this Draft Red Herring Prospectus under “Financial Statements”. The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

Business Overview

We are engaged in the business of providing products and solutions towards electronics system design and manufacturing (“ESDM”) services with a focus on high value precision engineering products. We provide product and solutions right from printed circuit board (“PCB”) design and assembly to the manufacturing of complete electronic systems (“Box Build”), to certain domestic and global manufacturers located in India, United States of America, Hongkong, United Kingdom, Spain, Mexico.

We offer tailored solutions for customers’ needs, encompassing automated micro-electronics assembly and precision component integration. Our solutions involve our client providing the design for the product for which we provide manufacturing services or in some cases require us to design the relevant product based on the specifications provided by the client including manufacturing of the product. Our solutions primarily comprises of: (i) printed circuit board assembly (“PCBA”), (ii) any box build assemblies in addition to finding its application in battery management systems used in electrical vehicles (iii) design solutions offering end to end services right from conceptualizing the design, engineering, product prototype development, manufacturing of turnkey requirements for our customers. Through our end-to-end capabilities, we believe our customers may achieve tangible benefits such as reduced manufacturing costs, improved supply chain management and reduced inventory obsolescence.

We started in 2011 as a pure play PCB designer and assembler and over the years have invested in our capabilities and become one stop ESDM solution provider. Each of our diversified capabilities stands alone on its own merit, providing customers with a number of options while also enabling our growth in each of these areas.

Our Company offers a broad range of products and services across multiple industry segments. These ESDM products and services are essential for industrial automation, electric vehicle mobility, IoT and embedded systems, medtech and wearables, gaming, robotics etc. They provide higher-level monitoring and control various functions of machines to define, organize, and meet production objectives. The end-use industries that we cater to include: Industrial sector, Medical & Healthcare Equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicle) etc.

We operate through our two manufacturing facilities, one situated in Vadodara, Gujarat and the other situated in Bengaluru, Karnataka. Our manufacturing facilities include engineered layout with process controls and necessary automations for quality and productivity. This allows us to keep our core competencies within our Company, allowing us to ensure strict quality control and safety at each step of our manufacturing process. Our manufacturing facilities comprises of 4 Surface Mount Technology (“SMT”) lines, 37 Through (Soldering) Hole setup station (“THT”) lines and 2 box build assembly lines. Each of our facilities is accredited with quality standards and certifications. Our manufacturing facilities are staffed by a workforce of 131 persons, as of September 30, 2023 which includes a team of 28 engineers to enhance our operational efficiency. The components required in Box Build Assembly or in Design Solutions are imported or sourced from local suppliers and assembled at our manufacturing facilities. Our manufacturing capabilities has enabled us to address our consumers’ diverse needs, enhance existing products with emerging technologies, development of new products and optimize costs across our products through value analysis and value engineering.

Over the years, we have focused on creating equipped manufacturing systems and processes that comply with health and safety and quality requirements. We are an ISO 13485:2016 for Quality Management System for medical devices applicable to provider of high tech electronic assemblies for medical devices with measuring, monitoring and displaying function and contract assembly works and ISO 14001:2015 for Environmental Management System for High Tech Electronic Assemblies and contract assembly works and EN ISO 9001:2015 for Management system applicable to Hi-tech

electronic assemblies and Contract Assembly works. Also our Vadodara facility is approved by Canadian Standard Association. We have long-term relationships with a diversified customer base across multiple industry verticals such as: Industrial sector, Medical & Healthcare equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicles). We have been associated with 8 customers for over five years.

Our promoters Mukesh Jeram Vasani and Nirmal M. Vasani have around 30 years of experience and 7 years of experience respectively in the field of ESDM, and they have been instrumental in the growth of our business. We have received the below mentioned prestigious awards in the past that bear testimony to the faith our customers have in us and our ability to successfully serve and meet their requirements.

Significant Dependence on a Single or Few Customers

We collaborate with our customers through the entire product life-cycle including assisting with concept creation, product development, prototyping, testing and mass manufacturing. This results in customers shortening their product development and time-to market cycles. We are well positioned to increase the number of different products that we manufacture for them, increase the volume of our shipments to them of each particular product and expand our coverage to other areas where they require similar solutions. Our customers span multiple sectors, ranging Industrial sector, Medical & Healthcare equipment, Automobiles, Power, Gaming, Drones and UAV (unmanned aerial vehicles) etc. Furthermore, currently our revenue from top 10 customer accounts for 92.46 %, 96.70 %, 94.66 % and 98.58 % of our revenue from operations for six months period ended on September 30, 2023, Fiscal 2023, Fiscal 2022, and Fiscal 2021.

Strong supply chain and sourcing network

We possess a reliable supply chain network. We have long-term relationships with our vendors within India and outside India. We source materials and components from various regions including China, United States, United Kingdom, Hong Kong, Singapore, Taiwan, Ireland and Thailand as well as locally within India. As of September 30, 2023, we have an average relationship of over 5 years with 8 number of suppliers. We do not rely on a single source or vendor for components, instead, have alternative sources for vendors for each component category. This offers us leverage to ensure availability of materials and negotiate better credit terms at cost-effective rates. We have two manufacturing facilities (Gujarat & Karnataka) for any regional disruption within India.

Quality Assurance

Our Company is dedicated towards quality of our products, processes and input materials and components. We are accredited with ISO 13485:2016 for Quality Management System for medical devices applicable to provider of high tech electronic assemblies for medical devices with measuring, monitoring and displaying function and contract assembly works and ISO 14001:2015 for Environmental Management System for High Tech Electronic Assemblies and contract assembly works and EN ISO 9001:2015 for Management system applicable to Hi-tech electronic assemblies and Contract Assembly works. Also our Vadodara facility is approved by Canadian Standard Association.

Experienced and Qualified Management and Employee base

We have an experienced and qualified management team led by our Promoter and Chairman Mukesh Jeram Vasani who holds the degree in Bachelor of Engineering in Civil with overall work experience of around 30 years, and Promoter and Non-Executive Director, Nirmal M. Vasani who has completed his graduation with an experience of around 7 years. Our Whole Time Directors, Sharmilaben Lakhambhai Bambhaniya, holds the degree of Master of Commerce, Bachelor of

Education and Bachelor of Laws (Special) with overall experience of around 20 years and Dr. Ashwani Kumar Srivastava, who has completed his Doctor of Philosophy in Chemical Engineering with an experience of around 30 Years.

However, the increase was partially offset by decrease in, Software Upgradation / Renewal Charges by ₹17.24 lakhs, other local tax expense by ₹ 10.54 lakhs, among others.

Restated Profit before tax:

Net profit before tax for the financial year 2022-23 increased to Rs. 1173.76 Lakhs as compared to loss of Rs (162.30) Lakhs in the financial year 2021-22. The increase of 823.19% was majorly due to factors as mentioned above.

Restated profit after tax:

As a result of the above factors, our profit after tax for the year increase by 579.15% from net loss of Rs. (180.15) Lakhs in in financial year 2021-22 to net profit Rs. 863.19 lakhs in financial year 2022-23. FINANCIAL YEAR 2022 COMPARED TO FINANCIAL YEAR 2021

Total Income:

Total income for the financial year 2021-22 stood at Rs. 2689.41 Lakhs whereas in Financial Year 2020-21 the same stood at Rs. 5406.18 Lakhs representing a decrease of 83.12%. The main reason of decrease was decrease in the volume of Exports of the company from Rs 4731.52 lakhs in financial year 2020-21 as compared to Rs 1758.92 lakhs in financial year 2021-22. The total income consists of revenue from operations and other income.

Revenue from Operations

During the financial year 2021-22 the net revenue from operation of our Company decreased to Rs 2631.92 Lakhs as against Rs. 5277.93 Lakhs in the Financial Year 2020-21 representing a decrease of 100.54%. The main reason of decrease

in the volume of operations was due to the supply chain disruptions. The shortage of labour, local and international restrictions impacting the transport and logistics arising due to COVID-19 contributed to a bottleneck in supply for the raw materials and components in the industry. The company therefore could deliver the finished products and revenue from operations were impacted. The revenue from Box-Build services in financial year 2020-21 was Rs 4276.23 lakhs which decreased to Rs 434.18 lakhs in Financial year 2021-22 representing a decrease of 884.90%. The company could majorly generate its revenue from sale of PCBA which amounted to Rs 2093.06 lakhs in FY 21-22.

Other Income:

During the financial year 2021-22 the other income of our Company decreased to Rs. 57.48 Lakhs as against Rs. 128.25 lakhs in the Financial Year 2020-21 representing a decrease of 55.18% which was due to decrease in income from (i) MEIS License sale of Rs. 7.22 lakhs in the financial year 2021-22 as compared to Rs. 40.59 lakhs in financial year 2020-21 which amount to decrease of 82.21%, (ii) The company earned Exchange Fluctuation of Rs. 48.64 lakhs in financial year 2020-21 whereas there was Exchange fluctuation loss in FY 21-22 of Rs 10.40 lakhs.

Total Expenses

The total expense for the financial year 2021-22 decreased to Rs. 2851.71 Lakhs from Rs. 3305.34 lakhs in the Financial Year 2020-21 representing a decrease of 13.72%. Such decrease was due to decrease in volume of business operations of the Company. However some fixed costs were continued to be borne by the company.

Cost of Raw Material consumed

The Cost of Raw material consumed for the financial year 2021-22 decreased to Rs. 2449.85 lakhs from Rs. 2854.00 lakhs in the Financial Year 2020-21 representing a decrease of 14.16%. Such decrease was due to decrease in volume of overall operations of the company.

Change in inventories of finished goods

Our Change in inventories of Finished goods comprises of increase/(increase) in finished goods and WIP. The closing inventories of WIP for the financial year 2021-22 was Rs 415.03 lakhs as compared to Rs. 33.55 lakhs in the Financial Year 2020-21 representing an increase of 1137.23%. This was primarily due to higher level of closing stock at end of financial year 2021-22 compared to financial year 2020-21.

Employee benefits expense:

Our Company has incurred Rs. 395.44 Lakhs as Employee benefits expense during the financial year 2021-22 as compared to Rs. 282.15 Lakhs in the financial year 2020-21. The increase of 40.15% was due to increase in (i) Salaries of Rs. 283.19 lakhs in the financial year 2021-22 as compared to Rs. 171.41 lakhs in financial year 2020-21 which amount to increase of 65.21%, (ii) wages of Rs. 77.41 lakhs in the financial year 2021-22 as compared to Rs. 58.58 lakhs in financial year 2020-21 which amount to increase of 32.14% (iii) Contribution to PF & Other Funds of Rs. 25.74 lakhs in the financial year 2021-22 as compared to Rs. 20.39 lakhs in financial year 2020-21 which amount to increase of 71.51% (iv) Staff Welfare Expenses of Rs. 6.54 lakhs in the financial year 2021-22 as compared to Rs. 2.86 lakhs in financial year 2020-21 which amount to increase of 128.81%.

Finance Costs:

Our Company has incurred Rs. 12.46 Lakhs as finance cost during the financial year 2021-22 as compared to Rs. 3.23 Lakhs in the financial year 2020-21. The increase of 285.91% was due to increase in interest charges and Bank Charges including processing fees.

Depreciation and Amortization Expenses:

Depreciation for the financial year 2021-22 stood at Rs.147.11 Lakhs as against Rs. 67.73 Lakhs during the financial year 2020-21. The increase in depreciation was around 117.20% which was due to significant addition in Plant and Machinery.

Other Expenses:

Our Company has incurred Rs. 235.96Lakhs during the Financial Year 2021-22 on other expenses as against Rs. 132.11 Lakhs during the financial year 2020-21. There was an increase of 78.61% mainly due (i) increase in Advertisement by

226.33% from Rs. 1.13lakhs in financial year 2020-21 to Rs. 3.7 lakhs in financial year 2021-22, (ii) increase in Conveyance by 78.18% from Rs. 1.83 lakhs in financial year 2020-21 to Rs 3.26 lakhs in financial year 2021-22, (iii) increase in Disbursement fees by 112.26% from Rs. 2.76 lakhs in financial year 2020-21 to Rs. 5.85 lakhs in financial year 2021-22, (iv) increase in Insurance by 19.98% from Rs. 3.38 lakhs in financial year 2020-21 to Rs. 4.06 lakhs in financial year 2021-22 (v) increase in Legal & Professional by 67.56 % from Rs. 19.29 lakhs in financial year 2020-21 to Rs 32.33 lakhs in financial year 2021-22 (vi) increase in Repairs and maintenance charges by 3588.60 % from Rs. 14.37 lakhs in financial year 2020-21 to Rs.28.76 lakhs in financial year 2021-22 (vii) increase in Software Upgradation / Renewal Charges by 257.74 % from Rs. 6.88 lakhs in financial year 2020-21 to Rs. 24.63 lakhs in financial year 2021-22, (viii) increase in Travelling by 123.96 % from Rs.9.96 lakhs in financial year 2020-21 to Rs. 22.31 lakhs in financial year 2021-22 etc. However, the increase was partially offset by decrease in, water expenses by ₹ 0.69 lakhs, Telephone & Internet Charges by ₹ 6.15 lakhs, among others.

Restated Profit before tax:

During the financial year 2021-22 the company incurred loss of Rs. (162.30) Lakhs as compared to profit before tax of Rs. 2100.85 Lakhs in the financial year 2020-21. The loss was majorly due to factors as mentioned above.

Restated profit after tax:

Consequently as a result of the above factors, our profit after tax for the year decreased by 972.44% from net profit of Rs1571.72 Lakhs in in financial year 2020-21 to net loss of Rs. (180.15) lakhs in financial year 2021-22.

SECTION VIII: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

The Equity Shares being Issued are subject to the provisions of the Companies Act, SCRA, SCRR, SEBI (ICDR) Regulations, the SEBI Listing Regulations, our Memorandum and Articles of Association, the terms of the Draft Red Herring Prospectus, Red Herring Prospectus, Prospectus, Application Form, any Confirmation of Allocation Note (“CAN”), the Revision Form, Allotment advices, and other terms and conditions as may be incorporated in the Allotment advices and other documents/certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to all applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the GoI, the Stock Exchange, the RoC, the RBI and/ or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by SEBI, RBI, the GoI, the Stock Exchange, the RoC and/ or any other authorities while granting its approval for the Issue.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019 and circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 and any subsequent circulars issued by SEBI in this regard, SEBI has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, with respect to Application by retail individual investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applicants with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, the final reduced timeline will be made effective using the UPI Mechanism for applications by retail individual investors (“UPI Phase III”), as may be prescribed by SEBI. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Further vide the said circular Registrar to the Issue and Depository Participants have been also authorized to collect the Bid-cum-Application forms. Investor may visit the official website of the concerned for any information on operational utilization of this facility of form collection by the Registrar to the Issue and Depository Participants as and when the same is made available.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Corporate Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
 (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Bid-Cum- Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid-Cum- Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Applicants. The time for

applying for Retail Individual Bidders Applicants on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge NSE Emerge taking into account the total number of applications received up to the closure of timings.

On the Bid/ Issue Closing Date, the Bids shall be uploaded until:

- (i) 4.00 P.M. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 P.M. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids. It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum-Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum-Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/ Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/ Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/ Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription and Underwriting

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond eight days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (Fifty).

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the Company fails to obtain listing or trading permission from the stock exchanges where the specified securities are proposed to be listed, it shall refund through verifiable means the entire monies received within four days of receipt of intimation from stock exchange(s) rejecting the application for listing of specified securities, and if any such money is not repaid within four days after the issuer becomes liable to repay it, the issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

In terms of Regulation 260 of the SEBI (ICDR) Regulations, 2018, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled "**General Information - Underwriting**" on page 59 of this Draft Red Herring Prospectus.

Further, in accordance with Regulation 267 of the SEBI (ICDR) Regulations, 2018, the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Migration to Main Board

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018, our Company may migrate to the main board of NSE from the SME Exchange on a later date subject to the following:

If the Paid-up Capital of the company is likely to increase above ₹ 25.00 Crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), we shall have to apply to NSE for listing our shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.

Or

If the Paid-up Capital of the company is more than ₹ 10 crores but below ₹ 25 crores and if the company fulfils the eligibility criteria for listing laid down by the main board, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The shares offered through this Issue are proposed to be listed on the NSE Emerge (SME platform of NSE), wherein the BRLM (Book Running Lead Manager) to this Issue shall ensure compulsory Market Making through the registered Market Makers of the SME Exchange for a minimum period of 3 (three) years from the date of listing on the SME platform of NSE.

From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days ("**UPI Phase I**"). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later ("**UPI Phase II**"), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors ("**UPI Phase III**"), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism.

Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. This shall be applicable voluntarily for all public issues opening on or after September 1, 2023, and shall be mandatory for all public issues opening on or after December 1, 2023. Please note that we may need to make appropriate changes in the Red Herring Prospectus and the Prospectus depending on the timing of the opening of the Offer.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stockbrokers, Depository Participants (DP), Registrar to an Issue and Share Transfer Agent (RTA) that have been notified by SME Platform of National Stock Exchange of India Limited ("**NSE EMERGE**") to act as intermediaries for submitting Application Forms are provided on www1.nseindia.com/emerge For details on their designated branches for submitting Application Forms, please see the above mentioned website of Platform of National Stock Exchange of India Limited ("**NSE EMERGE**").

Further, the Company and the BRLM are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RII had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

PART A

Book Building Procedure

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill-over from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Investors should note that the Equity Shares will be allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders’ depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Offer, subject to applicable laws.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available at the offices of the BRLM, the Designated Intermediaries at Bidding Centres, and Registered Office of our Company. An electronic copy of the Bid cum Application Form will also be available for download on the websites of the NSE, at least one day prior to the Bid/Issue Opening Date.

OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed Rs. 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the [●] English national daily newspaper [●], and all editions of Hindi national daily newspaper [●] and of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid/ Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid/ Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be published in all editions of the English national daily newspaper [●], and all editions of Hindi national daily newspaper [●] and of Regional newspaper [●] each with wide circulation where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Retail Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder/ Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “*Issue Procedure*” beginning

on page 242 of this Draft Red Herring Prospectus

- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
- e) The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other applicants.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Issue under the Anchor Investor Portion.

Option to Subscribe in the Issue

- a) As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b) The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c) A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders

1. Our Company and the Book Running Lead Manager shall declare the Bid/ Issue Opening Date and Bid/ Issue Closing Date in the Draft Red Herring Prospectus to be registered with the RoC and also publish the same in two national newspapers (one each in English and Hindi) and in a regional newspaper with wide circulation. This advertisement shall be in prescribed format.
2. Our Company will file the Draft Red Herring Prospectus with the RoC at least 3 (three) days before the Bid/ Issue Opening Date.
3. Copies of the Bid Cum Application Form along with Abridge Prospectus and copies of the Draft Red Herring Prospectus will be available with the, the Book Running Lead Manager, the Registrar to the Issue, and at the Registered Office of our Company. Electronic Bid Cum Application Forms will also be available on the websites of the Stock Exchange.
4. Any Bidder who would like to obtain the Draft Red Herring Prospectus and/ or the Bid Cum Application Form can obtain the same from our Registered Office.
5. Bidders who are interested in subscribing for the Equity Shares should approach Designated Intermediaries to register their applications.
6. Bid Cum Application Forms submitted directly to the SCSBs should bear the stamp of the SCSBs and/or the Designated Branch, or the respective Designated Intermediaries. Bid Cum Application Form submitted by Applicants whose beneficiary account is inactive shall be rejected.
7. The Bid Cum Application Form can be submitted either in physical or electronic mode, to the SCSBs with whom the ASBA Account is maintained, or other Designated Intermediaries (Other than SCSBs). SCSBs may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account. The Retail Individual Applicants has to apply only through UPI Channel, they have to provide the UPI ID and validate the blocking of the funds and such Bid Cum Application Forms that do not contain such details are liable to be rejected.
8. Bidders applying directly through the SCSBs should ensure that the Bid Cum Application Form is submitted to a Designated Branch of SCSB, where the ASBA Account is maintained. 9. Except for applications by or on behalf of the Central or State Government and the Officials appointed by the courts and by investors residing in the State of Sikkim, the Bidders, or in the case of application in joint names, the first Bidder (the first name under which the beneficiary account is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participating transacting in the securities market, irrespective of the amount of transaction. Any Bid Cum Application Form without PAN is liable to be rejected. The demat accounts of Bidders for whom PAN details have not been verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be "suspended for credit" and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidders.
10. The Bidders may note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries do not match with

PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form is liable to be rejected.

BIDS BY ANCHOR INVESTORS:

Our Company in consultation with the BRLM, may consider participation by Anchor Investors in the Issue for up to 60% of the QIB Portion in accordance with the SEBI Regulations. Only QIBs as defined in Regulation 2(1)(ss) of the SEBI Regulations and not otherwise excluded pursuant to Schedule XIII of the SEBI Regulations are eligible to invest. The QIB Portion will be reduced in proportion to allocation under the Anchor Investor Portion. In the event of undersubscription in the Anchor Investor Portion, the balance Equity Shares will be added to the QIB Portion. In accordance with the SEBI Regulations, the key terms for participation in the Anchor Investor Portion are provided below.

- 1) Anchor Investor Bid cum Application Forms will be made available for the Anchor Investors at the offices of the BRLM.
- 2) The Bid must be for a minimum of such number of Equity Shares so that the Bid Amount is at least ₹ 200.00 lakhs. A Bid cannot be submitted for over 60% of the QIB Portion. In case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund will be aggregated to determine the minimum application size of ₹ 200.00 lakhs
- 3) One-third of the Anchor Investor Portion will be reserved for allocation to domestic Mutual Funds.
- 4) Bidding for Anchor Investors will open one Working Day before the Bid/ Issue Opening Date and be completed on the same day.
- 5) Our Company in consultation with the BRLM, will finalize allocation to the Anchor Investors on a discretionary basis, provided that the minimum and maximum number of Allottees in the Anchor Investor Portion will be, as mentioned below:
 - where allocation in the Anchor Investor Portion is up to ₹ 200.00 Lakhs, maximum of 2 (two) Anchor Investors.
 - where the allocation under the Anchor Investor Portion is more than ₹ 200.00 Lakhs but up to ₹ 2500.00 Lakhs, minimum of 2 (two) and maximum of 15 (fifteen) Anchor Investors, subject to a minimum Allotment of ₹ 100.00 Lakhs per Anchor Investor; and

BIDS BY FPI INCLUDING FII'S:

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Issue, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (blue in colour).

BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S:

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIF's.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

BIDS BY HUFs:

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company reserves the right to reject any bid without assigning any reason thereof. Limited liability partnerships can participate in the Issue only through the ASBA process.

BIDS BY INSURANCE COMPANIES:

In case of Bids made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Bid cum Application Form. Failing this, our Company reserves the right to reject any Bid by Insurance Companies without assigning any reason thereof. The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2000, as amended, are broadly set forth below:

- 1) equity shares of a company: the least of 10% of the investee company's subscribed capital (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- 2) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- 3) the industry sector in which the investee company belong to: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (1), (2) and (3) above, as the case may be. Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS UNDER POWER OF ATTORNEY:

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, FIIs, Mutual Funds, insurance companies and provident funds with a minimum corpus of ₹ 2500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹2500 Lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our Company reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof. In addition to the above, certain additional documents are required to be submitted by the following entities:

- a) With respect to Bids by FIIs and Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form.
- b) With respect to Bids by insurance companies registered with the Insurance Regulatory and Development Authority, in addition to the above, a certified copy of the certificate of registration issued by the Insurance Regulatory and Development Authority must be lodged along with the Bid cum Application Form.
- c) With respect to Bids made by provident funds with a minimum corpus of ₹ 2500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2500 Lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Bid cum Application Form.
- d) With respect to Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form
- e) Our Company in consultation with the BRLM in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application form, subject to such terms and conditions that our Company and the BRLM may deem fit.

The above information is given for the benefit of the Bidders. Our Company, the BRLM and the Syndicate Members are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and Bidders are advised to ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of Equity

Shares that can be held by them under applicable law or regulation or as specified in the Draft Red Herring Prospectus.

BIDS BY PROVIDENT FUNDS / PENSION FUNDS:

In case of Bids made by provident funds with minimum corpus of ₹ 25 Crore (subject to applicable law) and pension funds with minimum corpus of ₹ 25 Crore, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/ pension fund must be lodged along with the Bid cum Application Form. Failing this, the Company reserves the right to accept or reject any bid in whole or in part, in either case, without assigning any reason thereof.

BIDS BY BANKING COMPANY:

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "Banking Regulation Act"), and the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks' own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt / corporate debt restructuring / strategic debt restructuring, or to protect the banks' interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exception prescribed), and (ii) investment in a nonfinancial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

BIDS BY SCSB'S:

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making Bid cum Applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making Bid cum application in public issues and clear demarcated funds should be available in such account for such Bid cum applications.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalise the Issue Price and the Anchor Investor Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage

of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.

- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
- f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to DRHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at

the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
- In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
- In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

d. **ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)**

a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:

- i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
- ii) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and

iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:

- a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
- in case of allocation above twenty five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty five crore rupees and an additional 10 such investors for every additional twenty five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.

c) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

d) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

e) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (SME platform of NSE) (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares

worked out as per (b) above.

- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this DRHP.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director/ Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the issue.

The Book Running Lead Manager or the Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.

- 3) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Issue Closing date. RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the "FDI Policy"), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ("Restricted Investors"), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment up to aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognized stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the "Prospectus Directive") has been or will be made in respect of the Offer in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such Issue made under exemptions available under the Prospectus Directive, provided that no such Issue shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorized. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

SECTION IX - MAIN PROVISIONS OF ARTICLES OF ASSOCIATION OF OUR COMPANY

Pursuant to Schedule I of the Companies Act, and the SEBI (ICDR) Regulations, the Main provisions of the Articles of Association relating to voting rights, dividend, lien, forfeiture, restrictions on transfer and Transmission of equity shares or debentures, their consolidation or splitting are as provided below. Each provision below is numbered as per the corresponding article number in the articles of association and defined terms herein have the meaning given to them in the Articles of Association.

The following regulations comprised in the Articles of Association were adopted pursuant to the member's special resolution passed at the Extra Ordinary General Meeting held on October 20, 2023. In substitution for, and to the entire exclusion of, the earlier regulation comprised in the extant Articles of Association of the Company

INTERPRETATION

- I In these regulations the Act means the Companies Act 2013 the seal means the common seal of the company. Unless the context otherwise requires words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

- II 1. Subject to the provisions of the Act and these Articles the shares in the capital of the company shall be under the control of the Directors who may issue allot or otherwise dispose of the same or any of them to such persons in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
2. Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided one certificate for all his shares without payment of any charges or several certificate search for one or more of his shares upon payment of twenty rupees for each certificate after the first. Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid - up thereon. In respect of any share or shares held jointly by several persons the company shall not be bound to issue more than one certificate and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
3. If any share certificate be worn out defaced mutilated or torn or if there be no further space on the back for endorsement of transfer then upon production and surrender thereof to the company a new certificate may be issued in lieu thereof and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate. The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.
4. Except as required by law no person shall be recognised by the company as holding any share upon any trust and the company shall not be bound by or be compelled in any way to recognise (even when having notice thereof) any equitable contingent future or partial interest in any share or any interest in any fractional part of a share or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
5. The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40 provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder. The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under subsection (6) of section 40. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
6. If at any time the share capital is divided into different classes of shares the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may subject to the provisions of section 48 and whether or not the company is being wound up be varied with the consent in writing of the

holders of three-fourths of the issued shares of that class or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class. To every such separate meeting the provisions of these regulations relating to general meetings shall mutatis mutandis apply but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not unless otherwise expressly provided by the terms of issue of the shares of that class be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

8. Subject to the provisions of section 55 any preference shares may with the sanction of an ordinary resolution be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may by special resolution determine.

LIEN

9. The company shall have a first and paramount lien on every share (not being a fully paid share) for all monies (whether presently payable or not) called or payable at a fixed time in respect of that share and on all shares (not being fully paid shares) standing registered in the name of a single person for all monies presently payable by him or his estate to the company. Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause. The company's lien if any on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares. That fully paid shares shall be free from all lien and that in the case of partly paid shares the Issuers lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.

10. The company may sell in such manner as the Board thinks fit any shares on which the company has a lien. Provided that no sale shall be made unless a sum in respect of which the lien exists is presently payable or b until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. To give effect to any such sale the Board may authorise some person to transfer the shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the shares comprised in any such transfer. The purchaser shall not be bound to see to the application of the purchase money nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. The residue if any shall subject to a like lien for sums not presently payable as existed upon the shares before the sale be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13. The Board may from time to time make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times. Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call. Each member shall subject to receiving at least fourteen days notice specifying the time or times and place of payment pay to the company at the time or times and place so specified the amount called on his shares. A call may be revoked or postponed at the discretion of the Board. Any amount paid up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits.

14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

16. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the

time of actual payment at ten per cent per annum or at such lower rate if any as the Board may determine. The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date whether on account of the nominal value of the share or by way of premium shall for the purposes of these regulations be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable. In case of non-payment of such sum all the relevant provisions of these regulations as to payment of interest and expenses forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board - a. may if it thinks fit receive from any member willing to advance the same all or any part of the monies uncalled and unpaid upon any shares held by him and b. upon all or any of the monies so advanced may (until the same would but for such advance become presently payable) pay interest at such rate not exceeding unless the company in general meeting shall otherwise direct twelve per cent per annum as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19. The instrument of transfer shall be common in the company and to be executed by or on behalf of both the transferor and transferee. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

20. The Board may subject to the right of appeal conferred by section 58 decline to register the transfer of a share not being a fully paid share to a person of whom they do not approve or any transfer of shares on which the company has a lien.

21. The Board may decline to recognise any instrument of transfer unless a. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56 b. the instrument of transfer is accompanied by the certificate of the shares to which it relates and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer and c. the instrument of transfer is in respect of only one class of shares. That registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Issuer on any account whatsoever.

22. On giving not less than seven days previous notice in accordance with section 91 and rules made thereunder the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. On the death of a member the survivor or survivors where the member was a joint holder and his nominee or nominees or legal representatives where he was a sole holder shall be the only persons recognised by the company as having any title to his interest in the shares Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons. A common form of transmission shall be used.

24. Any person becoming entitled to a share in consequence of the death or insolvency of a member may upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided elect either to be registered himself as holder of the share or to make such transfer of the share as the deceased or insolvent member could have made. The Board shall in either case have the same right to decline or suspend registration as it would have had if the deceased or insolvent member had transferred the share before his death or insolvency.

25. If the person so becoming entitled shall elect to be registered as holder of the share himself he shall deliver or send to the company a notice in writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the share he shall testify his election by executing a transfer of the share. All the limitations restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share except that he shall not before being registered as a member in respect of the share be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company Provided that the Board may at any time give notice requiring any such person to elect either to be registered himself or to transfer the share and if the notice is not complied with within ninety days the Board may thereafter withhold payment of all dividends bonuses or other monies payable in respect of the share until the requirements of the notice have been complied with.

FORFEITURE OF SHARES

27. If a member fails to pay any call or instalment of a call on the day appointed for payment thereof the Board may at any time thereafter during such time as any part of the call or instalment remains unpaid serve a notice on him requiring payment of so much of the call or instalment as is unpaid together with any interest which may have accrued.

28. The notice aforesaid shall name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made and state that in the event of non-payment on or before the day so named the shares in respect of which the call was made shall be liable to be forfeited.

29. If the requirements of any such notice as aforesaid are not complied with any share in respect of which the notice has been given may at any time thereafter before the payment required by the notice has been made be forfeited by a resolution of the Board to that effect.

30. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit. At any time before a sale or disposal as aforesaid the Board may cancel the forfeiture on such terms as it thinks fit.

31. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares but shall notwithstanding the forfeiture remain liable to pay to the company all monies which at the date of forfeiture were presently payable by him to the company in respect of the shares. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

32. A duly verified declaration in writing that the declarant is a director the manager or the secretary of the company and that a share in the company has been duly forfeited on a date stated in the declaration shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share The company may receive the consideration if any given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of The transferee shall thereupon be registered as the holder of the share and The transferee shall not be bound to see to the application of the purchase money if any nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture sale or disposal of the share.

33. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a share becomes payable at a fixed time whether on account of the nominal value of the share or by way of premium as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL
