RISKS IN RELATION TO THE FIRST ISSUE

This being the first public issue of our Company, there has been no formal market for the Equity Shares. The face value of Equity Shares is ₹ 10/- each. The Floor Price, Cap Price and Issue Price (determined by our Company in consultation with the Book Running Lead Manager, in accordance with the SEBI ICDR Regulations), and on the basis of the assessment of market demand for the Equity Shares by way of Book Building Process as stated in “Basis for Issue Price” beginning on page 101 should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active and/or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the issue unless they can afford to take the risk of losing their investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the issue. For taking an investment decision, Bidders must rely on their own examination of our Company and the Issue, including the risks involved. The Equity Shares in the issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Red Herring Prospectus. Specific attention of the investors is invited to “Risk Factors” on page 30 of this Draft Red Herring Prospectus.

ISSUER’S ABSOLUTE RESPONSIBILITY

The words and expressions used but not defined in this Draft Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “Description of Equity Shares and Terms of the Articles of Association”, “Statement of Possible Tax Benefits”, “Industry Overview”, “Key Regulations and Policies”, “Financial Information of our Company”, “Outstanding Litigations and Material Developments” and “Issue Procedure”, will have the meaning ascribed to such terms in these respective sections.

PRESENTATION OF FINANCIAL INDUSTRY AND MARKET DATA

CERTAIN CONVENTIONS

All references in this Draft Red Herring Prospectus to 'India' are to the Republic of India and its territories and possessions and all references herein to the 'Government', 'Indian Government', 'GoI', 'Central Government' or the 'State Government' are to the GoI, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time ("IST").

Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus. In this Draft Red Herring Prospectus, our Company has presented numerical information in "lakhs" units. One lakh represents 1,00,000.

FINANCIAL DATA

Unless stated otherwise, the financial statements in this Draft Red Herring Prospectus are derived from our Restated Financial Statements. The Restated Financial Statements comprises of the restated statement of assets and liabilities for the financial years ended March 31, 2024, March 31, 2023, March 31, 2022 and the restated statement of profit and loss, the restated statement of cash flows and the restated statement of changes in equity for the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022 and the summary of significant accounting policies and explanatory notes, prepared in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended; the SEBI ICDR Regulations, as amended and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI, as amended from time to time. For further information, see please refer section titled "*Restated Financial Statements*" beginning on page 188 of this Draft Red Herring Prospectus.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Our Company's financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the 12-month period ended on March 31 of that year. Unless stated otherwise, or the context requires otherwise, all references to a "year" in this Draft Red Herring Prospectus are to a calendar year.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company's financial data. Accordingly, to what extent, the Restated Financial Statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices, the Companies Act, Ind AS, and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in "*Risk Factors*", "*Our Business*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" beginning on page 30, 131 and 246 respectively, of this Draft Red Herring Prospectus, and elsewhere in this Draft Red Herring Prospectus have been calculated on the basis of the "*Restated Financial statements*" of our Company as beginning on page 188 of this Draft Red Herring Prospectus.

CURRENCY AND UNITS OF PRESENTATION

All references to "Rupees", "Rs." or "₹" are to Indian Rupees, the official currency of the Republic of India. All references to "US\$" or "US Dollars" or "USD" are to United States Dollars, the official currency of the United States of America, EUR or "€" are Euro currency.

All references to the word "Lakh" or "Lac", means "One hundred thousand" and the word "Million" means "Ten Lakhs" and the word "Crore" means "Ten Million" and the word "Billion" means "One thousand Million".

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

This Draft Red Herring Prospectus may contain conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

EXCHANGE RATES

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Rupees that have been presented solely to comply with the requirements of SEBI ICDR Regulations. Such conversion should not be considered as a representation that such currency amounts have been, could have been or can be converted into Rupees at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency		Exchange Rate as on March 31, 2024	Exchange Rate as on March 31, 2023	Exchange Rate as on March 31, 2022

DEFINITIONS

For definitions, please refer the chapter titled “*Definitions and Abbreviations*” beginning on page 2 of this Draft Red Herring Prospectus. In the section titled “*Main Provisions of the Articles of Association*” beginning on page 317 of this Draft Red Herring Prospectus, defined terms have the meaning given to such terms in the Articles of Association.

INDUSTRY AND MARKET DATA

Unless stated otherwise, the industry and market data and forecasts used throughout this Draft Red Herring Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Further, the extent to which the industry and market data presented in this Draft Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. Investors can generally identify forward-looking statements by the use of terminology such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “may”, “will”, “will continue”, “will pursue”, “contemplate”, “future”, “goal”, “propose”, “will likely result”, “will seek to” or other words or phrases of similar import. All forward looking statements (whether made by us or any third party) are predictions and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Further the actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries in India in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and overseas which have an impact on our business activities or investments, the monetary and fiscal policies of India and other jurisdictions in which we operate, inflation, deflation, unanticipated volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence. Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Any slowdown or shutdown in our manufacturing operations;
- Inability to accurately manage our inventory, this may adversely affect our goodwill and business, financial condition and results of operations;
- Dependency on third-party transportation providers for the supply of raw materials and delivery of our finished products;
- Delay in orders placing for the purchase of plant and machinery;
- Failure to acquire new consumers or fail to do so in a cost-effective manner, we may not be able to increase revenue or maintain profitability;
- Our ability to attract and retain qualified personnel;
- Restrictions on import and an increase in shipment cost may adversely impact our business, cash flows and results of operations;
- Orders placed by customers may be delayed, modified or cancelled, which may have an adverse effect on our business, financial condition and results of operations;
- Conflict of interests between our Company and other venture or enterprises promoted by our promoter or directors;
- Volatility of loan interest rates and inflation;
- Natural calamities, climate change and health epidemics could adversely affect the Indian economy and our business, financial condition, and results of operations;
- Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business, financial condition and results of operations;

- Our inability to maintain or improve our brand image;
- A slowdown in economic growth in India could cause our business to suffer;
- Global economic conditions, especially in the geographies we cater to, which may have an adverse effect on our business, financial condition, results of operations and prospects;

For further discussions of factors that could cause our actual results to differ, please refer the section titled “*Risk Factors*” and chapter titled “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 30, 131, and 246 of this Draft Red Herring Prospectus, respectively. By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

There can be no assurance to Bidders that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward-looking statements reflect the current views as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Syndicate Members nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company, will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Equity Shares pursuant to the Issue.

FINANCING ARRANGEMENTS

There have been no financing arrangements whereby our Promoters, members of the Promoter group, our directors and their relatives have financed the purchase by any other person of securities of our Company (other than in the normal course of business of the relevant financing entity) during a period of six (6) months immediately preceding the date of this Draft Red Herring Prospectus.

WEIGHTED AVERAGE PRICE OF EQUITY SHARES ACQUIRED BY OUR PROMOTERS

The weighted average cost of acquisition of Equity Shares by our Promoters in the last one (1) year preceding the date of this Draft Red Herring Prospectus set forth in the table below:

Sr. No.	Name of Promoters	Number of Equity Shares Held	Number of Equity Shares acquired in the one year preceding the date of this Draft Red Herring Prospectus	Weighted Average cost of Acquisition (in ₹) *
1.	Mr. Bharat Jayantilal Pandya	62,31,375	51,05,100	Nil
2.	Mr. Pandya Anilkumar Jayantilal	55,90,875	45,92,700	Nil

The weighted average cost of acquisition of Equity Shares by our Promoters have been calculated by taking into account the amount paid by them to acquire and Shares allotted to them divided by number of shares acquired in last one (1) year.

*As certified by Statutory Auditor of our Company, by way of their certificate dated August 23, 2024.

AVERAGE COST OF ACQUISITION OF PROMOTERS

The average cost of acquisition of Equity Shares by our Promoters is set forth in the table below:

Sr. No.	Name of Promoters	No of Equity Shares held	Average cost of Acquisition (in ₹) *
1.	Mr. Bharat Jayantilal Pandya	62,31,375	0.63
2.	Mr. Pandya Anilkumar Jayantilal	55,90,875	0.51

The average cost of acquisition of Equity Shares by our Promoters have been calculated by taking into account the amount paid by them to acquire and Shares allotted to them as reduced by amount received on sell of shares i.e., net of sale consideration is divided by net quantity of shares acquired.

*As certified by Statutory Auditor of our Company, by way of their certificate dated August 23, 2024.

DETAILS OF PRE-IPO PLACEMENT

Our company has not applied or received any exemption from complying with any provisions of securities laws by SEBI.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of financial risk. Investors should carefully consider all information in this Draft Red Herring Prospectus, including the risks described below, before making an investment in our Equity Shares. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could suffer, the price of the Equity Shares could decline, and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. Investors should consult their tax, financial and legal advisors about particular consequences to them of an investment in the Issue. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, such financial impact cannot be disclosed in such risk factors. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Red Herring Prospectus, could have a material adverse effect on our business and could cause the trading price of our Equity Shares to decline and you may lose all or part of your investment.

This Draft Red Herring Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. See chapter titled “Forward Looking Statements” beginning on page 21 of this Draft Red Herring Prospectus.

To obtain a better understanding of our business, you should read this chapter in conjunction with other chapters of this Draft Red Herring Prospectus, including the chapters titled “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, “Industry Overview” and “Restated Financial Statements” on page 131, 243, 112 and 188 respectively of this Draft Red Herring Prospectus, together with all other Restated Financial Statements contained in this Draft Red Herring Prospectus. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus.

Unless otherwise stated, the financial data in this chapter is derived from our Restated Financial Statements for the financial years ended March 31, 2024, 2023, and 2022 as included in “Restated Financial Statements” beginning on page 188 of this Draft Red Herring Prospectus.

MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some events may have material impact quantitatively;
- Some events may have material impact qualitatively instead of quantitatively.
- Some events may not be material individually but may be found material collectively.
- Some events may not be material at present but may be having material impact in future.

INTERNAL RISKS

- 1. We are highly dependent on certain key customers for a substantial portion of our revenues and we do not have long term contracts with all of these customers. Loss of relationship with any of these customers may have a material adverse effect on our profitability and results of operations.***

Our customer base currently comprises a host of international and domestic companies. We depend on certain customers who have contributed to a substantial portion of our total revenues. In the aggregate, our top five customers accounted for 37.06%, 41.73%, and 36.19%, of our total revenue for the financial year ending March 31, 2024, 2023 and 2022, respectively. There is no guarantee that we will retain the business of our existing key customers or maintain the current level of business with each of these customers. We usually do not enter into long-term contracts with any of our customers.

Reliance on a limited number of customers for our business may generally involve several risks. These risks may include, but are not limited to, reduction, delay or cancellation of orders from our significant customers; failure to renegotiate

favourable terms with our key customers; the loss of these customers; all of which would have a material adverse effect on the business, financial condition, results of operations and future prospects of our Company. In order to retain some of our existing customers we may also be required to offer terms to such customers which we may place restraints on our resources. Maintaining strong relationships with our key customers is, therefore, essential to our business strategy and to the growth of our business. Some of these customers have been associated with us for the past three years. Some of our customers may place demands on our resources or may require us to undertake additional obligations which have the effect of increasing our operating costs and therefore affect our profitability. Additionally, the loss of any key customer, may significantly affect our revenues, and we may have difficulty securing comparable levels of business from other customers to offset any loss of revenue from the loss of any of our key customers including our largest customer or even our top five customers.

If one or more of our customers were to become insolvent or otherwise unable to pay for the products supplied by us, this could have a have an impact on our business as we may not be able to recoup the unpaid production costs and materials incurred for operation purposes.

2. ***We depend on a certain supplier for our raw materials required for our operations and we do not have long-term agreements with suppliers for our raw materials and an increase in the cost of, or a shortfall in the availability or quality of such raw materials could have an adverse effect on our business, financial condition and results of operations.***

Our business is significantly affected by the availability, cost and quality of the raw materials. We usually do not enter into long-term supply contracts with any of our raw material suppliers. Our raw materials are majorly procured in the domestic market from Gujarat, Maharashtra, Telangana and imported from China. We are dependent on external suppliers for certain of the materials. The prices and supply of these and other raw materials depend on factors beyond our control, including general economic conditions, competition, production levels, transportation costs and duties. If, for any reason, our suppliers of raw materials should curtail or discontinue their delivery of such materials to us in the quantities we need or at prices that are competitive or expected by us, our ability to meet the requirements of our customers could be impaired and our earnings and business could suffer. Further, we may not be able to pass on any increase in the cost of manufacturing our products to our customers, which may adversely affect our results of operations. If we are unable to source raw materials from key suppliers in a timely manner, our production processes and results of operations may be adversely impacted. There can be no assurance that we would be able to source required quantities or qualities of raw materials in a cost-effective manner in future periods. In addition, we usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from third-party suppliers under contracts of shorter period or the open market. The absence of long-term contracts at fixed prices exposes us to volatility in the prices of raw materials that we require and we may be unable to pass these costs onto our customers, which may reduce our profit margins. We face a risk that one or more of our existing suppliers may discontinue their supplies to us, and any inability on our part to procure raw materials or products from alternate suppliers in a timely manner, or on commercially acceptable terms, may adversely affect our business, financial condition and results of operations. Purchases made from our top 10 suppliers for the financial year ended March 31, 2024, 2023 and 2022 representing 47.02%, 54.46%, and 53.59% respectively of our total raw material or products purchases

3. ***We have certain outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.***

A summary of outstanding matters set out below includes details of civil and criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving us, Directors, Promoters and Group Company as at the date of this Draft Red Herring Prospectus:

Cases against our Company:

Nature of Cases	No of Outstanding Cases	Amount involved (In Lakhs)

Cases against our Director and / or Promoters:

Nature of Cases	No of Outstanding Cases	Amount involved (In Lakhs)
Criminal Complaints	--	--
Statutory/ Regulatory Authorities	--	--
Taxation Matters	1	0.21
Other Litigation	--	--

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoters, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 255 of this Draft Red Herring Prospectus.

4. *We do not possess patents for our processes, which may result in inadequate protection of our intellectual property rights. This could potentially have a substantial adverse effect on our business and operational outcomes.*

Our ongoing commercial success hinges on our ability to safeguard our processes and secure intellectual property rights. This lack of patent protection allows competitors to potentially replicate these process technologies, thereby diminishing or nullifying any competitive advantage we possess, which could negatively impact our business and profitability. Additionally, there is no guarantee that any future patent applications we submit will result in granted patents, or that such patents, if granted, will offer sufficient proprietary protection or competitive benefits.

Consequently, we cannot ensure the confidentiality of our technical knowledge. There is a risk that certain technical information may be disclosed, either unintentionally or deliberately, at various stages of the manufacturing process. A significant number of our employees have access to these confidential processes, and we cannot guarantee that this information will remain secure. Furthermore, some employees may leave our company and join competitors. While our arrangements with some of our customers include confidentiality clauses, we cannot assure that these arrangements will effectively protect our technical knowledge. If a competitor is able to reproduce or otherwise capitalize on our technology, it may be difficult, expensive or impossible for us to obtain necessary legal protection. Any leakage of confidential technical information could adversely affect our business, operational results, financial condition, and future prospects. Failure to protect the intellectual property associated with our in-house developed processes may prevent us from claiming registered ownership of these processes, and consequently, we may be unable to seek remedies for any infringement by third parties.

5. *Our business is dependent and will continue to depend on our manufacturing facilities, and we are subject to certain risks in our manufacturing process. Any slowdown or shutdown in our manufacturing operations or strikes, work stoppages or increased wage demands by our workers that could interfere with our operations could have an adverse effect on our business, financial condition and results of operations.*

We conduct our operations through our manufacturing facility situated at Khambhat, Ahmedabad, Gujarat. Our Manufacturing Facility is spread across approximately 26,079 square meters. The core of our business relies on efficient management of the manufacturing facility, however our operations face a spectrum of operational risks, some of which are beyond our control, such as the breakdown, failure of equipment or industrial accidents, severe weather conditions and natural disasters. Any significant malfunction or breakdown of our machinery, our equipment, our reactors, our process systems, our IT systems may entail significant repair and maintenance costs and cause delays in our operations. If we are unable to repair our assets and systems in a timely manner or at all, our operations may need to be suspended until we procure the appropriate assets to replace them. In addition, we may be required to carry out planned shutdowns of our

facilities for maintenance and testing, or may shut down certain facilities for capacity expansion and equipment upgrades. Success of our operations depend on availability of labour and good relationships with our labour force. As of the date of this Draft Red Herring Prospectus, our employees are not members of any organised labour unions. Strikes and lockouts as a result of disputes with our labour force may adversely affect our operations. While we have not had instance of strikes, lockouts or labour disputes in the past, we cannot assure you that we shall not experience any strikes or lockouts on account of labour disputes in the future. Such events could disrupt our operations and may have a material adverse effect on our business, financial condition and results of operations. Further, we may be subject to manufacturing disruptions due to contraventions by us of any of the conditions of our regulatory approvals, which may require our manufacturing facilities to cease, or limit, production until the disputes concerning such approvals are resolved. Although we have not experienced any significant disruptions at our manufacturing facilities in the past, we cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shutdown of our operations or the under-utilization of our manufacturing facilities, which in turn may have an adverse effect on our business, financial condition and results of operations.

6. *Our Company's manufacturing activities are labour intensive and depend on availability of labour. In case of unavailability of such labour, our business operations could be affected.*

Our operations and manufacturing process are labour intensive and depends on our ability to retain labour. In case such labour is unavailable or we are unable to identify and retain such labour our business could be adversely affected. We cannot guarantee that we may be able to continue with the same on favourable terms or at all. Any such failure may impact the operations, business process and profitability. Additionally, we have seen an increasing trend in manpower costs in India, which has had a direct impact on our employee costs and consequently, on our margins. Further, the minimum wage laws in India may be amended leading to upward revisions in the minimum wages payable in one or more states. We may need to increase compensation and other benefits in order to attract and retain key personnel in the future and that may materially affect our costs and profitability. We cannot assure you that as we continue to grow our business in the future, our employee costs coupled with operating expenses will not significantly increase.

7. *Our operations are dependent on our R&D capabilities and an inability to continue to design complex chemistries may adversely affect our business.*

Our operational sustainability is closely tied to our ability to achieve cost-efficiency and drive improvements through our research and development (R&D) efforts. The complexity of the chemistries we work with plays a vital role in maintaining our competitive edge. This relies on several factors, including the successful development and application of technologies, hiring and training of qualified personnel, production, certification, identification of emerging trends in our target end markets, and the demand for new products. There is no guarantee that we will be able to secure the necessary technological knowledge through our R&D facilities to continue developing our product portfolio or respond to industry trends with cost-effective products. Additionally, we may need to make significant investments in R&D, which could strain our resources and may not yield monetizable results. If we fail to acquire such knowledge promptly, or at all, we may be unable to effectively implement our strategies, adversely affecting our business and operational outcomes.

8. *Information relating to historical installed capacity of our manufacturing facility included in this Draft Red Herring Prospectus is based on various assumptions and estimates and our future production and capacity utilization may vary. Under-utilization of our manufacturing capacity and an inability to effectively utilize our expanded manufacturing facilities may have an adverse effect on our business, future prospects and future financial performance.*

Information relating to our historical installed capacity of our manufacturing facilities included in this Draft Red Herring Prospectus is based on various assumptions and estimates of our management and independent chartered engineer, namely, *M/s Mukund M. Patki*, Chartered Engineer by their certificate dated July 15, 2024, including proposed operations, assumptions relating to availability and quality of raw materials, potential utilization levels and operational efficiencies. For further information regarding our manufacturing facility, including our historical installed capacity, see "Our Business – Capacity and Capacity Utilization" on pages 131 of this Draft Red Herring Prospectus. Actual and future manufacturing volumes and capacity utilization rates may differ significantly from the estimated production capacities of our manufacturing facility. Undue reliance should therefore not be placed on the information relating to our installed capacities or historical capacity utilization of our manufacturing facility included in this Draft Red Herring Prospectus. Further, there is no guarantee that our future production or capacity utilization levels will match or exceed our historical levels.

Our expected return on capital invested is subject to, among other factors, the ability to ensure satisfactory performance of personnel to further grow our business, our ability to absorb additional infrastructure costs and utilize the expanded capacities as anticipated. The product requirements of, and procurement practice followed by, our customers also affect our capacity utilization. In recent times, we have made significant investments for the expansion of our manufacturing

capacities and are continuing to undertake additional investments to increase our existing capacity. In case of oversupply in the industry or lack of demand, we may not be able to utilize our capacity efficiently.

Our aggregate capacity utilization was 60%, 63%, and 75% in Fiscals 2024, 2023 and 2022, respectively. Under-utilization of our manufacturing capacities over extended periods, or significant under-utilization in the short term could increase our cost of production and our operating costs and adversely impact our business, growth prospects and future financial performance. We also face the risk that our customers might not place any order or might place orders of lesser than expected size or may even cancel existing orders or make change in their policies, which may result in reduced quantities being manufactured by us resulting in under-utilization of our existing manufacturing capacity. Further, we make significant decisions, including determining the levels of business that we will seek and accept, production schedules, personnel requirements and other resource requirements, based on our estimates of customer orders. The changes in demand for their products (which are in turn manufactured by us) could reduce our ability to estimate accurately future customer requirements, make it difficult to schedule production and lead to over production and utilization of our manufacturing capacity for a particular product. The requirements of our customers are not restricted to one type of product and therefore variations in demand for certain types of products also requires us to make certain changes in our manufacturing processes thereby affecting our production schedules. This may lead to over production of certain products and under production of some other products resulting in a complete mismatch of capacity and capacity utilization. Any such mismatch leading to over or under utilization of our manufacturing facilities could adversely affect our business, results of operations, financial condition and cash flows. Further, as one of our strategies is to shift our focus from “**High Volume – Low Value**” to “**Low Volume and High Value**” business, which resulted in the decrease of capacity utilisation.

9. *The Restated Financial Statements have been provided by Peer Reviewed Chartered Accountants who is not Statutory Auditor of our Company.*

The Restated Financial Information of our Company as disclosed in section titled “Restated Financial statements” beginning on Page no. 188 of this Draft Red Herring Prospectus for the Financial Year ended on March 31, 2024, March 31, 2023 and March 31, 2022 is furnished by Peer Reviewed Chartered Accountants i.e., M/s Mundra & Co., Chartered Accountants (having Peer Review Registration No. 014184) who is not the Statutory Auditor of our Company. While our Statutory Auditor possesses a valid peer-reviewed certificate, for the purpose of maintaining the independence, the task of providing the restated financial statements was entrusted to the aforementioned peer-reviewed chartered accountant.

10. *A significant proportion of our revenues are derived from Pharma chemicals, High Performance Pigment and Speciality chemicals, Specialty Chemicals, Coating chemicals, and any reduction in the demand for such products could have an adverse effect on our business, results of operations and financial condition.*

We derive majority of our revenues from the sale of Pharma chemicals, High Performance Pigment and Speciality chemicals, Specialty Chemicals, Coating chemicals, for further details, please refer ‘*Revenue Break-Up*’ in the chapter titled “*Our Business*” on page 317 of this Draft Red Herring Prospectus. Accordingly, our revenues are dependent on the end user industries that use our products as an input. However, our revenue may decline as a result of, amongst other, (i) our customers’ failure to successfully market their products or to compete effectively; (iii) loss of market share, which may lead our customers to reduce or discontinue the purchase of our products; (iv) economic conditions of the markets in which our customers operate; (v) increased competition; (vi) pricing pressures; and (vii) regulatory action, which could have an adverse effect on our business and sales to our customers would decline substantially. We cannot assure that we shall generate the same quantum of business, or any business at all, from these products, may adversely affect our revenues and profitability. However, the composition and revenue generated from these products might change as we continue to add new products in normal course of business. We intend to retain our customers by offering solutions to address specific needs in a proactive, cost effective and time efficient manner. This helps us in providing better value to each customer thereby increasing our engagement with our new and existing customer base that presents a substantial opportunity for growth.

11. *Our reliance on certain industries for a significant portion of our sales could have an adverse effect on our business.*

We derive majority of our revenue almost 29.84%, 23.90%, 30.76%, and 11.60% from Pharma industries, High Performance Pigment and Speciality industries, Specialty Chemicals industries, Coating industries, respectively, of the total revenue from operation in FY 2024, for further details, please refer ‘*Revenue Break-Up*’ in the chapter titled “*Our Business*” on page 317 of this Draft Red Herring Prospectus. Consequently, our revenues are dependent on the end user industries that use our products as an input. Factors affecting any of these industries in general, or any of our customers in particular, could have a cascading adverse effect on our business, financial condition and results of operations. Such factors include, but are not limited to, the following:

- a. seasonality of demand for our customers’ products, which may cause our manufacturing capacities to be underutilised during specific periods;

- b. our customers' failure to successfully market their products or to compete effectively;
- c. change in any registration requirements or non-renewal of registrations or imposition of a regulatory ban, or trade sanctions imposed across the country or any such restrictions on the business or product or customer's final product;
- d. loss of market share, which may lead our customers to reduce or discontinue the purchase of our products;
- e. economic conditions of the markets in which our customers operate;
- f. regulatory issues faced by these industries in India and internationally;
- g. downturns or industry cycles that impact demand; and
- h. changes in technology or consumer tastes and requirements that alter demands for our products.

12. We derive a huge portion of our revenues from exports and are subject to risk of international trade.

Our exports accounted for 38.14%, 39.78%, and 43.45%, of our total revenue for the financial year ending March 31, 2024, 2023 and 2022, respectively, for further details, please refer 'Revenue Break-Up' in the chapter titled "Our Business" on page 317 of this Draft Red Herring Prospectus. Developments in the global chemical industry or the industries in which our customers operate could significantly impact our export sales. For example, the outbreak of war between Russia and Ukraine on February 24, 2022, caused unrest in Ukraine, disrupting our exports to European countries and leading to challenges and delays in receiving payments. If such severe conditions persist or similar conflicts arise globally in the future, our export revenue may be adversely affected. Additionally, tariffs, quotas, and other trade barriers may be imposed on our products in the regions where we operate or aim to sell. There is no guarantee that countries we export to, or seek to export to, will not impose trade restrictions on us in the future. We may also face export prohibitions to certain restricted countries that could be added to a sanctions list maintained by the Government of India or other foreign governments. The imposition of such trade barriers could negatively impact our operational results and financial condition.

Our operations are subject to risks specific to each country where our customers operate, including:

- ✓ Social, economic, political, and geopolitical conditions, as well as adverse weather conditions, such as natural disasters, civil disturbances, terrorist attacks, wars, or other military actions, which could negatively affect our business and operations;
- ✓ Compliance with local laws, including legal constraints on ownership and corporate structure, environmental, health, safety, labor, and accounting laws, which may impose onerous and costly obligations on our multinational customers;
- ✓ Changes in foreign laws, regulations, and policies, including restrictions on trade, import and export license requirements, tariffs and taxes, intellectual property enforcement issues, and shifts in foreign trade and investment policies;
- ✓ Fluctuations in foreign currency exchange rates against the Indian Rupee.

Additionally, our revenues from these markets may decline due to increased competition, regulatory actions, pricing pressures (including anti-dumping measures), fluctuations in the demand for or supply of our products or services, or the outbreak of infectious diseases such as COVID-19. Failing to effectively respond to these situations or successfully introduce new products in these markets could negatively impact our business, prospects, operational results, and financial position. Furthermore, our international operations are subject to risks specific to each country and region, as well as general risks associated with international operations. These risks include changes in foreign laws, regulations, and policies, such as trade restrictions, import and export license requirements, tariffs and taxes, intellectual property enforcement issues, and shifts in foreign trade and investment policies. If we cannot effectively address or comply with these changes, or meet the conditions stipulated in our licenses, we may face penalties and other regulatory actions, adversely affecting our reputation, business prospects, operational results, and financial condition.

13. We generate our major portion of sales from our operations in certain geographical regions especially, Gujarat, Maharashtra, Telangana and Haryana. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.

We generate major portion of our domestic sales from our customers situated in Gujarat, Maharashtra, Telangana and Haryana.

Particulars	FY 2023-24		FY 2022-23		FY 2021-22	
	Revenue from Operations	%	Revenue from Operations	%	Revenue from Operations	%
Gujarat	1,636.50	57.03%	2,080.04	68.60%	2,894.22	76.36%

Particulars	FY 2023-24		FY 2022-23		FY 2021-22	
	Revenue from Operations	%	Revenue from Operations	%	Revenue from Operations	%
Haryana	316.80	11.04%	129.00	4.25%	65.60	1.73%
Maharashtra	752.18	26.21%	638.26	21.05%	639.73	16.88%
Telangana	161.11	5.61%	182.81	6.03%	190.27	5.02%

Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other parts of India, should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in such regions, and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management believes that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

14. Majority of our Revenue from operation is derived from our manufacturing of our own speciality chemicals and intermediates. Any disruption would have a material adverse effect on our business, results of operations and financial position of our company.

We organize our business based on three business models: (i) manufacturing of our own speciality chemicals and intermediates, (ii) Custom manufacturing and (iii) contract manufacturing/exclusive manufacturing. Our revenue from manufacturing of our own speciality chemicals and intermediates, contributes major portion of our total revenue from operations.

(₹ in lakhs)

Name of the Business Model	FY 2023-24		FY 2022-23		FY 2021-22	
	Revenue from Operations	%	Revenue from Operations	%	Revenue from Operations	%
Manufacturing of our own speciality chemicals and intermediates	4,240.20	91.40%	4,798.41	95.29%	6490.70	96.84%

We have our manufacturing facilities in the state of Gujarat, India. Any disruption to our manufacturing facilities or/and not acceptableness of our own speciality chemicals and intermediates by our customers may result in production shutdowns. These facilities are subject to certain operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of efficiency, obsolescence of equipment or machinery, labour disputes, natural disasters, industrial accidents and the need to comply with the directives of relevant government and regulatory authorities. Our customers rely significantly on the timely delivery of our products and our ability to provide an uninterrupted supply of our products is critical to our business.

15. We have significant working capital requirements. If we experience insufficient cash flows from our operations or are unable to borrow to meet our working capital requirements, it may materially and adversely affect our business, cash flows and results of operations.

Our business requires significant working capital including in connection with our manufacturing operations, financing our inventory, purchase of raw materials and our development of new products which may be adversely affected by changes in terms of credit and payment. A large amount of our working capital is blocked in trade receivables and inventories. Delays in payment under on-going purchase orders or reduction of advance payments and/or accelerated payments to suppliers, could adversely affect our working capital, lower our cash flows and materially increase the amount of working capital to be funded. We may also be unable to adequately finance our working capital requirements on account of various factors, including extraneous factors such as delay in disbursements under our financing arrangements, increased interest rates, insurance or other costs, or borrowing and lending restrictions or finance our working capital requirements on commercially

acceptable terms or at all etc, each of which may have a material adverse effect on our business, financial condition, prospects and results of operations. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, and could have a significant effect on our profitability and cash flows and we may be subject to additional covenants, which could limit our ability to access cash flows from operations.

16. Our Company has availed unsecured loans that may be recalled by the lenders on demand.

As on March 31, 2024, we have outstanding unsecured loan amounting to Rs. 1,023.51 Lakhs from banks and financial institutions which are repayable on demand to them. For further details of our unsecured loans, please refer the chapter titled “*Financial Indebtedness*” beginning on page 243 243of this Draft Red Herring Prospectus. These loans may not be repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lenders at any time. In such cases, we may be required to repay the entirety of the unsecured loans. We may not be able to generate sufficient funds at short notice to be able to repay such loans and may resort to refinancing such loans at a higher rate of interest and on terms not favourable to it. Failure to repay unsecured loans in a timely manner may have a material adverse effect on our business, results of operation financial condition and cash flow. To minimize that risk, we intend to repay major portion of our unsecured loans from the Issue proceeds, for further details, please refer to the chapter titled “*Objects of the Issue*” beginning on page 89 of this Draft Red Herring Prospectus.

17. There are certain discrepancies/errors/delay filings noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 2013. Any penalty or action taken by any regulatory authorities in future, for non-compliance with provisions of corporate or any other law could impact the financial position of the Company to that extent.

In the past, there have been some instances of delays/ non-filing/ non-compliance with certain statutory authorities with certain provision of statutory regulations applicable to us such as pursuant to Report issued by M/s. JPS & Associates dated August 12, 2024:

While no legal proceedings or regulatory action has been initiated against our Company in relation to such non-compliance or instances of non-filings or incorrect filings or delays in filing statutory forms with the RoC as of the date of this Prospectus, we cannot assure you that such legal proceedings or regulatory actions will not be initiated against our Company in future and we cannot assure you that we will not be subject to penalties imposed by concerned regulatory authorities in this respect. Therefore, if the authorities impose monetary penalties on us or take certain punitive actions against our Company in relation to the same, our business, financial condition and results of operations could be adversely affected.

18. Our success largely depends upon the knowledge and experience of our Promoters, Directors, Key Managerial Personnel and Senior Management as well as our ability to attract and retain personnel with technical expertise. Any loss of our Promoter, Directors, Key Managerial Personnel, Senior Management or our ability to attract and retain them and other personnel with technical expertise could adversely affect our business, financial condition and results of operations.

Our success largely depends upon the knowledge and experience of our Promoters, Directors, Key Managerial Personnel and Senior Management as well as our ability to attract and retain skilled personnel. Any loss of our Promoter, Directors, Key Managerial Personnel and Senior Management or our ability to attract and retain them and other skilled personnel could adversely affect our business, financial condition and results of operations. We depend on the management skills and guidance of our Promoters for development of business strategies, monitoring their successful implementation and meeting future challenges. Further, we also significantly depend on the expertise, experience and continued efforts of our Directors, Key Managerial Personnel and Senior Management. Our future performance will depend largely on our ability to retain the continued service of our management team. If one or more of our Directors Key Managerial Personnel or Senior Management are unable or unwilling to continue in his or her present position, it could be difficult for us to find a suitable or timely replacement and our business, financial condition and results of operations could be adversely affected.

In addition, we may require a long period of time to hire and train replacement personnel when personnel with technical expertise terminate their employment with us. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting and retaining personnel with technical expertise that our business requires. The loss of the services of such persons could have an adverse effect on our business, results of operations, cash flows and financial condition.

There is significant competition for management and other skilled personnel in our industry in which we operate, and it may be difficult to attract and retain the personnel we require in the future. There can be no assurance that our competitors will not offer better compensation packages, incentives and other perquisites to such skilled personnel. If we are not able to attract and retain talented employees as required for conducting our business, or if we experience high attrition levels which are largely out of our control, or if we are unable to motivate and retain existing employees, our business, financial

condition and results of operations may be adversely affected. For further information, see “Our Management” on page 167 of this Draft Red Herring Prospectus.

- 19. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage, or accurately report, our financial risks. Despite our internal control systems, we may be exposed to operational risks, including fraud, petty theft and embezzlement, which may adversely affect our reputation, business, financial condition, results of operations and cash flows.***

Effective internal controls are necessary for us to prepare reliable financial reports and effectively avoid fraud. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may deteriorate over time, due to evolving business conditions. We cannot assure you that deficiencies in our internal controls will not arise in the future, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls. Any inability on our part to adequately detect, rectify or mitigate any such deficiencies in our internal controls may affect ability to accurately report, or successfully manage, our financial risks, and to avoid fraud, which may in turn adversely affect our business, financial condition or results of operations. Further, given the high volume of transactions we process on a daily basis, notwithstanding the internal controls that we have in place, we may be exposed to the risk of fraud or other misconduct by employees, contractors, or customers. Fraud and other misconduct can be difficult to detect and deter. Certain instances of fraud and misconduct may go unnoticed or may only be discovered and successfully rectified after substantial delays. Even when we discover such instances of fraud or theft and pursue them to the full extent of the law or with our insurance carriers, there can be no assurance that we will recover any of the amounts involved in these cases. In addition, our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect, which may adversely affect our reputation, business, financial condition, results of operations and cash flows.

- 20. *Our investments in new products may not be successful and may be less profitable or may be loss-making or newly developed products may replace our existing products and our research and development efforts may not yield new products, processes and solutions consistently to enable us to remain competitive.***

As one of our strategies is to shift our focus from “**High Volume – Low Value**” to “**Low Volume and High Value**” business, which require us to develop new products among other strategic initiatives. We may not be able to successfully commercialize these products and our investments on the R&D of such product development may be unable to generate returns which may affect the financial performance of the company. The potential outcomes could include lower profitability or even financial losses. Various elements, like market acceptance, competition, production complexities, regulatory challenges, and unforeseen market shifts, can significantly influence the results. Although we follow a careful plan and strategy to develop our products, the development of new products is subject to number of risks including, but not limited to, our failure to develop products that meet market demands and market requirements, our failure to meet competition and our failure to comply with applicable regulation. In addition, our new products may require significant capital expenditure for development and roll out and may take substantial management time. Accordingly, our new products may not be successful for these and other reasons. Further, our investments in new products, may be less profitable than what we have experienced historically or estimated or it may be lossmaking or may consume substantial financial resources and/or may divert management’s attention from existing operations, all of which could materially and adversely affect our business, results of operations and financial condition.

Further, new products may be developed, which may replace our existing products and/or render our existing products obsolete. While we conduct research and development to develop innovative and cost-effective products, and to broaden our product range, we may not be able to develop new products consistently. Any reduction in the utility of our products in general or to such industries including due to the emergence of cost effective and more efficient alternatives and the shift of the practice in these industries towards developing our products in-house, may have an adverse impact on the demand for our products and consequently, may have a material adverse impact on our business, results of operations, cash flows and financial condition. Further, there can be no assurance that the lack of demand from any one of these industries can be offset by sales to other industries in which our products find application.

- 21. *Our Company had negative cash flows in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.***

We have experienced negative cash flows in the past which have been set out below as per the Restated financial statements:
(₹ In Lakhs)

Particulars	March 31, 2024	March 31, 2023	March 31, 2022
Net cash generated from/ (used in) investing activities	(186.47)	(839.38)	(519.02)

Cash flows of a company is a key indicator to show the extent of cash generated from the operations of a company to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations. For further details, see section titled “Restated Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 188 and 246 respectively of this Draft Red Herring Prospectus.

22. Our Company has entered into related party transactions in the past and may continue to enter into related party transactions in the future, which may potentially involve conflicts of interest with the equity shareholders.

Our Company has entered into certain related party transactions with our Promoters, Directors, Key Management Personnel, Promoter Group and Group Companies in the past which are in compliance with applicable provisions of the Companies Act, 2013 and all other applicable laws. For details, please see “Annexure Y of Restated Financial Statements” under the chapter titled “Restated Financial Statements” beginning on page 188 of this Draft Red Herring Prospectus. While our Company believes that all such transactions have been conducted on the arm’s length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with unrelated parties. Further, it is likely that we may enter into related party transactions in the future and such transactions may potentially involve conflicts of interest. In terms of the Companies Act, 2013 and SEBI LODR Regulations, we are required to adhere to various compliance requirements such as obtaining prior approvals from our Audit Committee, Board and Shareholders for certain related party transactions and we undertake that such related party transactions shall not be done against the interests of the Company and its shareholders as prescribed in the SEBI LODR Regulations. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

- 23. *Our existing manufacturing facility are concentrated in a single region i.e., Khambhat in the state of Gujarat and therefore, any localized social unrest, natural disaster or breakdown of services or any other natural disaster in and around Gujarat and the inability to operate and grow our business in this particular region may have an adverse effect on our business, financial condition, results of operations, cash flows and future business prospects.***

Our manufacturing unit is located at Khambhat in the district of Anand in the state of Gujarat which exposes us to risks of concentration. Any materially adverse social, political or economic development, natural calamities, civil disruptions, or changes in the policies of the state government or state or local governments in this region could adversely affect manufacturing operations, and require a modification of our business strategy, or require us to incur significant capital expenditure or suspend our operations. Any such adverse development affecting continuing operations at our manufacturing facilities could result in significant loss due to an inability to meet customer contracts and production schedules, which could materially affect our business reputation within the industry. The occurrence of, or our inability to effectively respond to, any such events or effectively manage the competition in the region, could have an adverse effect on our business, results of operations, financial condition, cash flows and future business prospects.

- 24. *Failure or disruption of our information technology systems may adversely affect our business, financial condition, results of operations, cash flows and prospects.***

We have implemented various information technology solutions to cover key areas of our operations including sourcing, planning, accounting and data security. However, these systems are potentially vulnerable to damage or interruption from a variety of sources, which could result in a material adverse effect on our operations. Our ability to keep our business operating depends on the proper and efficient operation and functioning of the information technology systems, which are susceptible to malfunctions and interruptions (including those due to equipment damage, power outages, computer viruses and a range of other hardware, software and network problems). Such malfunction or disruptions could interrupt our business operations and result in economic losses. Any failure of our information technology systems could also cause damage to our reputation which could harm our business. Any of these developments, alone or in combination, could have a material adverse effect on our business, financial condition, results of operations and cash flows.

There is no assurance that we will not experience disruption in our information technology systems in the future and we will be able to remedy such disruption in timely manner, or at all. Any such disruption of our information technology systems could have a material adverse effect on our business, results of operation and financial condition.

Any failure in overhauling or updating our information technology systems in a timely manner could cause our operations to be vulnerable to external attacks and inefficient. Hence, any failure or disruption in the operation of these systems or the loss of data due to such failure or disruption (including due to human error or sabotage) may affect our ability to conduct our normal business operations, which may materially adversely affect our business, financial condition, results of operations, cash flows and prospects. In addition, technological advances from time to time may result in our systems, methods or processing facilities becoming obsolete.

- 25. *The specialty chemicals industry is capital intensive, and we may need to seek additional financing in the future to support our growth strategies. Any failure to raise additional financing could have an adverse effect on our business, results of operations, financial condition and cash flows.***

The specialty chemicals industry is capital intensive. We require a substantial amount of capital and will continue to incur significant expenditure in maintaining and growing our existing infrastructure, purchase equipment and develop and implement new technologies in our new and existing manufacturing facilities. In Fiscals 2022, 2023 and 2024, our capital expenditure, were Rs. 568.89 lakhs, 981.90 lakhs, and 206.45 lakhs, respectively. We cannot assure you that we will have sufficient capital resources for our current operations or any future expansion plans that we may have. If our internally generated capital resources and available credit facilities are insufficient to finance our capital expenditure and growth plans, we may, in the future, have to seek additional financing from third parties, including banks, venture capital funds, joint-venture partners and other strategic investors. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions and the effect of events such as, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner. If we decide to meet our capital requirements through debt financing, we may be subject to certain restrictive covenants. If we are unable to obtain such financing in a timely manner, at a reasonable cost and on acceptable terms or at all, we may be forced to delay our expansion plans, downsize or abandon such plans, which may materially and adversely affect our business, financial condition and results of operations, as well as our future prospects.

26. *We are subject to strict quality requirements, regular inspections and audits, and the success and wide acceptability of our products is largely dependent upon our quality controls and standards. Any failure to comply with quality standards may adversely affect our business prospects and financial performance, including cancellation of existing and future orders.*

All our products and manufacturing processes are subject to stringent quality standards and specifications as specified by our customers. While we believe we undertake the necessary measures and engage internal and external experts to ensure that our facilities comply with the applicable standards as imposed by our customers, any failure on our part to maintain the applicable standards and manufacture products according to prescribed specifications, may lead to loss of reputation and goodwill of our Company, cancellation of the order and even lead to loss of customers. Additionally, it could expose us to monetary liability and/ or litigation. Further, a significant part of our revenue is derived from manufacturing of chemicals and custom synthesis for domestic as well as multinational companies. The arrangements with our customers for custom synthesis and manufacturing require us to strictly adhere to the knowhow and technical specifications mentioned therein. Failure to adhere to the know-how and technical specifications mentioned in our arrangements may lead to cancellation of existing and future orders. Majority of our key customers have also audited and approved our facilities and manufacturing processes in the past, and may undertake similar audits periodically in the future. Any such occurrence on account of errors and omission could result in damage to our reputation and loss of customers, which could adversely affect our business, operations, our cash flows and financial condition. Failure to meet quality and standards of our products and processes can have serious consequences including rejection of the product, which will require us to incur additional cost, which will not be borne by the customer, to replace the rejected product, and loss of customer which could have adverse effect on our reputation, business and our financial condition. This may result in our customers cancelling present or future purchases of our products.

Our business also requires obtaining and maintaining quality certifications and accreditations from independent certification entities. Such specifications and standards of quality is an important factor in the success and wide acceptability of our products. If we fail to comply with applicable quality standards or if the relevant accreditation institute or agency declines to certify our products, or if we are otherwise unable to obtain such quality accreditations in the future, within time or at all, our business prospects and financial performance will be materially and adversely affected.

The quality of our products is critical to the success of our business, and quality depends on the effectiveness of our quality control system, which, in turn, depends on a number of factors, including the design of our system, our quality control training program, and the implementation and application of our quality control policies and guidelines. Any significant failure or deterioration of our quality control system could result in defective or substandard products, which, in turn, may result in delays in the delivery of our products and the need to replace defective or substandard products. As a result, our reputation, business, results of operations and financial condition could be materially and adversely affected.

27. *We are subject to certain risks consequent to our operations involving the manufacture, usage and storage of various hazardous chemicals.*

Our manufacturing processes involve manufacturing, storage and transportation of various hazardous and flammable substances as our raw materials include Para nitro toluene, Acetonitrile, Metanilic Acid, Sodium, Aniline, Hydrazine etc. However, these operations pose inherent operating risks related to the handling of such substances such as possibility for leakages, ruptures from containers, explosions, and the discharge or release of toxic or hazardous substances, which could lead to personal injury, property damage and contaminating environment. These risks are particularly concerning, as they could result in interruptions to our business operations. Additionally, some of our manufacturing processes generate pollutants and waste, some of which may be hazardous and harmful to the environment. This further exposes us to potential

risks associated with handling of such hazardous materials such as possibility for leakages and ruptures from containers, explosions, and the discharge or release of toxic or hazardous substances, which in turn may cause industrial accidents, fire, personal injury, loss of human life, damage to our and third-party property and environmental contamination. In addition, due to the hazardous nature of the raw materials and products at our manufacturing facility, risks associated with accidents, including as a result of natural calamities, are exacerbated. In the event of occurrence of any such accidents, our business operations may be interrupted. Any of these occurrences may result in the shutdown of our manufacturing facility and expose us, our employees and management to civil or criminal liability, including significant penalties, which could have an adverse effect on our results of operations and financial position. Moreover, certain environmental laws impose strict liability for accident/ damages resulting from hazardous substances and any failure to comply with such laws may lead to penalties, fines and imprisonment. Further in case any adverse action is taken against our Company, the same may have a material adverse impact on our reputation and our customer arrangement with customers.

- 28. *We have not yet placed orders in relation to the funding Capital Expenditure towards setting up of a new plant named as “Plant –4” which is proposed to be financed from the Issue proceeds of the IPO. In the event of any delay in placing the orders, may result in time and cost over-runs and our business, prospects and results of operations may be adversely affected.***

We intend to use Rs. 703.82 lakhs of the Net Proceeds for Funding Capital Expenditure towards setting up of a new plant named as “**Plant –4**”. We are yet to place orders for the capital expenditure for setting up of a new plant named as “**Plant –4**” for further details, see “Objects of the Issue” on page 89. We have not entered into any definitive agreements to utilize the Net Proceeds for this object of the Issue and have relied on the quotations received from third parties for estimation of the cost. While we have obtained the quotations from various vendors in relation to such capital expenditure, most of these quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors. Additionally, in the event of any delay in placement of such orders, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly. We cannot assure you that we will be able to undertake such capital expenditure within the cost indicated by such quotations or that there will not be cost escalations. For setting up of a new plant named as “**Plant –4**” will require us to obtain certain approvals, which are routine in nature. For further details, see “Objects of the Issue” on page 89. There can be no assurance that we will be able to obtain these registrations and approvals. Further, in the event of any unanticipated delay in receipt of such approvals, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly. For details, see “Objects of the Issue” on page 89 of this Draft Red Herring Prospectus.

- 29. *Within the parameters as mentioned in the chapter titled “Objects of this Issue” beginning on page 89 of this Draft Red Herring Prospectus, our Company’s management will have flexibility in applying the proceeds of the Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.***

We intend to use the Net Proceeds for the purposes described in the section titled “Objects of the Issue” on page 89 of this Draft Red Herring Prospectus. The Objects of the Issue comprise of funding of capital expenditure requirements of our Company towards setting up of a new plant named as “**Plant –4**”, repayment or prepayment, in full or in part, of borrowings availed by our Company from banks, financial institutions and non-banking financial companies and general corporate purposes. We intend to deploy the Net Proceeds in financial year 2024-2025 and 2025-2026, such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Net Proceeds, please refer chapter titled “Objects of the Issue” beginning on page 89 of this Draft Red Herring Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled “Objects of the Issue” beginning on page 89 of this Draft Red Herring Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue. Our Board of Directors will monitor the proceeds of this Issue. However, Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. However, in accordance with Section 27 of the Companies Act, 2013, and relevant provisions of SEBI ICDR Regulations, 2018, a company shall not vary the objects of the Issue without our Company being authorize to do so by our shareholders by way of special resolution and other compliances in this regard. Our Promoters and controlling shareholders shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

- 30. We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. Further we have not identified any alternate source of financing the Objects of the Issue. Any shortfall in raising / meeting the same could adversely affect our growth plans, business operations and financial condition.**

As on date of this Draft Red Herring Prospectus, we have not made any alternate arrangements for meeting our capital requirements for objects of the issue. We meet our capital requirements through, owned funds, debt and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue or any shortfall in the Net Issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled “Objects of the Issue” beginning on page 89 of this Draft Red Herring Prospectus.

- 31. The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.**

Since, the Proceeds from the Issue is less than Rs.10,000 Lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue as per SEBI (ICDR) Regulations, 2018, as amended from time. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials. However, as per the Section 177 of the Companies Act, 2013, in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and applicable laws, the Audit Committee of our Company would be monitoring the utilization of the Issue Proceeds.

- 32. Any Penalty or demand raised by statutory authorities in future will affect financial position of the Company.**

Our Company is engaged in the manufacturing business, which attracts tax liability such as Goods and Service tax and Income tax as per the applicable provisions of Law. We are also subject to the labour laws like depositing of contributions with Provident Fund, Employee State Insurance and Professional Tax. Any demand or penalty raised by the concerned authority in future for late payments or non-payments for any previous year and current year will affect the financial position of the Company. For instance, our company in the past had delayed filing of ERF Return due to operational reasons and accordingly paid later fees and penalties on the same. Any demand or penalty raised by the concerned authority for such late filing may affect the financial position of the company.

- 33. We face competition from both domestic as well as multinational corporations and our inability to compete effectively may have a material adverse impact on our business, results of operations and financial condition.**

Although the specialty chemicals industry provides for significant entry barriers, competition in our business is based on pricing, relationships with customers, research and development, product quality, customisation, and innovation. We face pricing pressures from companies, principally in China, that are able to produce chemicals at competitive costs and consequently, may supply their products at cheaper prices. Moreover, Indian chemical companies are faced with poor infrastructure and lack of adequate facilities at ports and railway terminals as well as poor pipeline connectivity, which imposes difficulties in raw material procurement and at a cost competitive price with global peers. We are unable to assure you that we shall be able to meet the pricing pressures imposed by such multinational competitors which would adversely affect our business, financial condition and results of operations. Additionally, some of our competitors in the intermediates and speciality chemicals business may have greater financial, research and technological resources, larger sales and marketing teams and more established reputation. They may also be in a better position to identify market trends, adapt to changes in industry, innovative new products, offer competitive prices due to economies of scale and also ensure product quality and compliance.

- 34. Our Registered Office is not owned by us are taken on rental basis. If we are unable to renew existing rental agreements or relocate our operations on commercially reasonable terms, there may be a material adverse effect on our business, financial condition, results of operations and cash flows could be adversely affected.**

Our registered office is not owned by us are taken on rental basis. For further details, see “Our Business” beginning on page 131 of this Draft Red Herring Prospectus. If we are unable to renew the rental agreement on commercially reasonable terms or at all and we cannot relocate our office in a timely manner, we may suffer a disruption in our operations, and our results of operations, financial condition and cash flows may be materially and adversely affected. Further, we cannot assure you that we will be able to continue the above arrangement on commercially acceptable / favourable terms in future. If we are required to vacate the current premise, we would be required to make alternative arrangements for new office and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we

are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

35. *Our investments in new products may not be successful and may be less profitable or may be loss-making.*

In accordance with our strategy, we are investing in developing new intermediates and speciality chemicals to add to our product mix. Although we follow a careful plan and strategy to develop our products, the development of new products is subject to number of risks including, but not limited to, our failure to develop products that meet market demands and market requirements, our failure to meet competition and our failure to comply with applicable regulation. In addition, our new products may require significant capital expenditure for development and roll out and may take substantial management time. Accordingly, our new intermediates and speciality chemicals may not be successful for these and other reasons. Further, our investments in new products, may be less profitable than what we have experienced historically or estimated, may be lossmaking, may consume substantial financial resources and/or may divert management's attention from existing operations, all of which could materially and adversely affect our business, results of operations and financial condition.

36. *Our inability to accurately forecast demand or price for our products and manage our inventory may adversely affect our business, results of operations and financial condition.*

Our business depends on our estimate of the demand for our products from customers. As is typical in the specialty chemicals industry, we maintain a reasonable level of inventory of raw materials, work in progress and finished goods. For further information, see "***Our Business – Inventory Management***" on page 131. However, if we underestimate demand or have inadequate capacity due to which we are unable to meet the demand for our products, we may manufacture fewer quantities of products than required, which could result in the loss of business. While we forecast the demand and price for our products and accordingly, plan our production volumes, any error in our forecast could result in a reduction in our profit margins and surplus stock, which may result in additional storage cost and such surplus stock may not be sold in a timely manner, or at all. If we overestimate demand, we may incur costs to build capacity or purchased more raw materials and manufacture more products than required. Our inability to accurately forecast demand for our products and manage our inventory may have an adverse effect on our business, results of operations and financial condition.

Our ability to maintain as well as expand our international operations is dependent on us providing our products at prices competitive with international as well as local manufacturers. Further, a majority of our business involves having robust supply networks in place. To that extent, if any of our competitors is able to garner a better and more cost-efficient supply network, they may be able to provide their products at competitive prices as compared to us. Our inability to price our products at the applicable prices in the international markets, may affect the demand for our products and consequently have a material adverse effect on our results of operations and financial condition.

37. *We are dependent on third-party transportation providers for the supply of raw materials and finished products. Accordingly, continuing increases in transportation costs or unavailability of transportation services for them, as well the extent and reliability of Indian infrastructure may have an adverse effect on our business, financial condition, results of operations and prospects.*

We use third party transportation providers for the delivery of our raw material and finished products. We rely on various forms of transportation, such as marine, roadways and railways to receive raw materials required for our products and to deliver our finished products to our customers. Unexpected delays in those deliveries, including due to delays in obtaining customs clearances for raw materials imported by us, transportation strikes or increases in transportation and fuel costs, could significantly decrease our ability to make sales and earn profits. We may suffer losses due to damage or loss of raw materials and finished products in transit which may occur due to accidents or natural disasters. Manufacturing delays or unexpected demand for our products may also require us to use faster, but more expensive, transportation methods, which could adversely affect our gross margins. In addition, labour shortages or labour disagreements in the transportation or logistics industries or long-term disruptions to the national and international transportation infrastructure that lead to delays or interruptions of deliveries could materially adversely affect our business. In addition, transportation costs in India have been steadily increasing over the past several years. Continuing increases in transportation costs or unavailability of transportation services for our products may have an adverse effect on our business, financial condition, results of operations and prospects. In addition, majority of our sales and purchases are indigenous, consequently, we are directly linked to India's physical infrastructure which is less developed than that of many developed nations, and problems with its road networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity, including our supply of raw materials and the delivery of our products to customers by third-party transportation providers. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our business operations, which could have a material adverse effect on our results of operations and financial condition.

38. *Our operations may be adversely affected in case of industrial accidents at any of our production facilities.*

Usage of boilers, chilling plants, handling of hazardous chemical materials by labour during production process or otherwise, lifting of materials by humans, heating processes of the boilers, reactors, etc. may result in accidents, which could cause injury to our labour, employees, other persons on the site and could also damage our properties thereby affecting our operations.

39. *Our Company is prone to public liability claims as we deal in hazardous products / chemical, liabilities incurred if any, as a result of an untoward event have the potential to materially impact the financial position of our Company.*

Our Company's production process involves dealing with various chemicals which are hazardous to environment. Occurrence of any accident during storage, loading, unloading, transport activity may lead to damage of assets, stock, premises and life. Such incidences may lead to unforeseen costs and our Company may have to compensate for any losses or damages suffered by third parties as a result of such incidents, we have not faced any such incidents in the past.

40. *Our commercial success depends on the success of our customer's products with end consumers. Any decline in the demand for our customer's products would adversely impact the demand for our products.*

Our products are used by our customers as raw materials in their productions. Our commercial success also depends to a large extent on the success of our customers' products with end consumers. The success of the end products manufactured by our customers depends on our customers' ability to identify early on, and correctly assess consumer market preferences. We cannot assure you that our customers will correctly assess consumer preferences in a timely manner or that demand for goods in which our products are used will not decline. If the demand for the products in which our products are used declines, it could have a material adverse effect on our business, financial condition and results of operations.

41. *As we continue to grow, we may not be able to effectively manage our growth and the increased complexity of our business, which could negatively impact our brand and financial performance.*

The success of our business will depend greatly on our ability to effectively implement our operational and growth strategies. As a part of our growth strategy, we aim to, among other things, continue to grow our businesses as and when opportunities exist including expansion in product base, focus on consistently meeting quality standards, deepen and expand our geographical presence, strengthening up our business through effective branding and promotional activities. In pursuing our growth strategy, we will require additional capital investments and cash outlays, which may have a material impact on our cash flows and results of operations. Our operating expenses and capital requirements may increase significantly pursuant to our expansion and diversification plans. Our ability to manage our growth effectively requires us to forecast accurately our sales, growth and manufacturing capacity and to expend funds to improve our operational, financial and management controls, reporting systems and procedures. An inability to implement our future business plan, manage our growth effectively or failure to secure the required funding on favourable terms or at all could have a material and adverse effect on our business, future financial performance and results of operations.

42. *We have significant power and fuel requirements and any disruption to power sources could increase our production costs and adversely affect our results of operations and cash flows.*

We require substantial power and fuel for our manufacturing facilities represent a portion of the production costs for our operations. If power and fuel costs were to rise, or if electricity supplies or supply arrangements were disrupted, our profitability could decline. Power and fuel prices can be affected by numerous factors beyond our control, including global and regional supply and demand, carbon taxes, inflation, political and economic conditions, and applicable regulatory regime.

We source most of our electricity requirements for our manufacturing facilities from local power suppliers or state electricity boards. If our electricity suppliers increase the price for electricity, our cost of production and profitability would be materially adversely affected. Further, natural disasters or adverse conditions may occur in the geographical areas in which we operate including severe weather, tropical storms, floods, excessive rainfalls as well as other events beyond our control. If for any reason electricity is not available, we may need to shut down our plant until an adequate supply of electricity is restored. Interruptions of electricity supply can also result in production shutdowns, increased costs associated with restarting production and the loss of production in progress. However, our Company have suitable power back-up to meet power failure exigencies such as diesel generator sets.

- 43. *We operate in chemical industry which is highly regulated sector and if we fail to comply with the regulations prescribed by the authorities of the jurisdictions in which we operate, our business, results of operations, cash flows and financial condition could be adversely affected.***

We operate in a highly regulated sector and are subject to extensive regulations and stringent registration conditions. Most of the applicable regulations are stringent and they may continue to be stricter in the future. The penalties for non-compliance with these regulations can vary from revocation or suspension of the registration to imposition of fines or confiscation. We are subject to additional risks in relation to complying with a wide variety of local laws, including restrictions on the import and export of certain chemicals. Additionally, regulatory and procedural requirements are subject to change and as a result, may, at times, be unclear or inconsistent. Consequently, there is an increased risk that we may inadvertently fail to comply with such regulations or procedures, which could lead to a variety of sanctions being imposed by the relevant authorities, as well as withholding or delay in receipt of regulatory approvals. If we fail to comply with applicable statutory, regulatory or procedural requirements for obtaining registrations in different jurisdictions, there could be a delay in the grant of registrations and consequently delay in the distribution of our products.

- 44. *We are subject to increasingly stringent environmental, health and safety laws, regulations and standards. Non-compliance with and adverse changes in health, safety, labour, and environmental laws and other similar regulations to our manufacturing operations may adversely affect our business, results of operations and financial condition.***

Our operations generate pollutants and waste, some of which may be hazardous and flammable. We are therefore subject to a wide range of laws and government regulations, including in relation to safety, health, labour, and environmental protection. These safety, health, labour, and environmental protection laws and regulations impose controls on air and water release or discharge, storage handling, the management, use, generation, treatment, processing, handling, storage, transport or disposal of hazardous materials, including the management of certain hazardous waste, and exposure to hazardous substances with respect to our employees, along with other aspects of our manufacturing operations. For instance, there is a limit on the amount of pollutant discharge that our manufacturing facilities may release into the air and water. Environmental laws and regulations in India have become and continue to be more stringent, and the scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted with any certainty. In case of any change in environmental or pollution regulations, we may be required to invest in, among other things, environmental monitoring, pollution control equipment, and emissions management and other expenditure to comply with environmental standards. Any failure on our part to comply with any existing or future regulations applicable to us may result in legal proceedings, including public interest litigation, being commenced against us, third party claims or the levy of regulatory fines. Further, any violation of the environmental laws and regulations may result in fines, criminal sanctions, revocation of operating permits, or shutdown of our manufacturing facilities. While there have been no material violations in the past, there can be no assurance that any material violation may not occur in the future which could have an adverse effect on our business, results of operations and financial condition.

As a consequence of unanticipated regulatory or other developments, future environmental and regulatory related expenditures may vary substantially from those currently anticipated. We cannot assure you that our costs of complying with current and future environmental laws and other regulations will not adversely affect our business, results of operations or financial condition. In addition, we could incur substantial costs, our products could be restricted from entering certain markets, and we could face other sanctions, if we were to violate or become liable under environmental laws or if our products become non-compliant with applicable regulations. Our potential exposure includes fines and civil or criminal sanctions, third-party property damage or personal injury claims and clean-up costs. The amount and timing of costs under environmental laws are difficult to predict. We are also subject to the laws and regulations governing employees in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and termination of employees, contract labour and work permits. There is a risk that we may fail to comply with such regulations, which could lead to enforced shutdowns and other sanctions imposed by the relevant authorities, as well as the withholding or delay in receipt of regulatory approvals for our new products. We cannot assure you that we will not be involved in future litigation or other proceedings, or be held liable in any litigation or proceedings including in relation to safety, health and environmental matters, the costs of which may be significant.

- 45. *There are certain discrepancies and non-compliances noticed in some of our financial reporting and/or records relating to filing of returns and deposit of statutory dues with the taxation and other statutory authorities.***

In the past, our company has at several instances, delayed in filing our GST returns, EPF returns and deposit of statutory dues, as a result of which, we have been required to pay the late filing fees along with interest on delayed deposit of due taxes and statutory dues. Although the late filing fees and interest on late deposits levied are small, if we continue this practice, the accumulated amounts of each delay may adversely affect our cash flows. Further no-show cause notice has been issued against our Company till date, in respect of above. In the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected.

For further details of certain material legal proceedings involving our Company, our Promoters, our directors, see “*Outstanding Litigation and Material Developments*” beginning on page 255 of this Draft Red Herring Prospectus.

46. *Certain corporate records and regulatory filings of our Company are not traceable.*

Certain corporate records and regulatory filings, including those in relation to issue and allotment of Equity Shares by our Company prior to 2006 are not traceable. While we believe that these filings were duly made, we have not been able to trace copies of the same. Copies of such relevant documents, including from the relevant regulatory or statutory authorities in India, wherever applicable, are not available. We have placed reliance on other documents, including our annual returns, audited financial statements, minutes of the meetings of our Board of Directors and Shareholders and Capital Built-up certificate certified by our Statutory Auditors, for corroborating the share capital history of our Company for such period. We cannot assure you that these corporate records and regulatory filings will be available in the future or that we will not be subject to any penalties imposed by the relevant regulatory authority in this respect.

47. *If any of the products of our customers cause, or are perceived to cause, severe side effects, our reputation, revenues and profitability could be adversely affected.*

We develop, manufacture and market a diverse range of specialty chemicals, which are primarily used as raw materials for a variety of end user applications. If our customers’ products cause, or are perceived to cause, severe side effects to their end-users, we may face a number of consequences, including, a severe decrease in the demand for, and sales of, the relevant products; the recall or withdrawal of the relevant products; withdrawal or cancellation of regulatory approvals for the relevant production facility; damage to our reputation and brand name; and exposure to lawsuits and regulatory investigation relating to the relevant products that result in liabilities, fines or sanctions. As a result of these consequences, our reputation, revenues and profitability may be adversely affected.

48. *Our financing agreements contain covenants that limit our flexibility in operating our business. If we are not in compliance with certain of these covenants and are unable to obtain waivers from the respective lenders, our lenders may accelerate the repayment schedules, and enforce their respective security interests, leading to a material adverse effect on our business and financial condition.*

A portion of borrowings is secured by hypothecation of current assets (both present and future), mortgage of our properties and of our promoters’ personal properties, for further details, please refer the chapter titled “*Financial Indebtedness*” beginning on page 243 of this Draft Red Herring Prospectus. Our existing financing arrangements contain a number of restrictive covenants that impose significant operating and financial restrictions on us and may limit our ability to, without prior consents from the lenders, engage in acts that may be in our long-term best interest, including restrictions on our ability to, among other matters, make regular inspections and audits. If we are not in compliance with certain of these covenants and are unable to obtain waivers from the respective lenders or if any events of default occur, our lenders may accelerate the repayment schedules or terminate our credit facilities. However, there have not been any instances in the past that adversely affected the Company’s business, credit ratings, prospects, results of operations and financial condition, due to restrictive covenants of the debt financing agreements. Further, certain of our subsisting loans may be recalled at any time at the option of the lender. There can be no assurance that the lenders will not recall such borrowings or if we will be able to repay loans advanced to us in a timely manner or at all. Subsequently, if we are unable to pay our debt, affected lenders could also proceed against any collateral granted to them to secure such indebtedness. Further, such covenant defaults could result in cross-defaults in our other debt financing agreements. In the event our lenders accelerate the repayment of our borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness. If our future cash flows from operations and other capital resources become insufficient to pay our debt obligations or our contractual obligations, or to fund our other liquidity needs, we may be forced to sell assets or attempt to restructure or refinance our existing indebtedness. Our ability to restructure or refinance our debt will depend on the condition of the capital markets, our financial condition at such time and the terms of our other outstanding debt instruments. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest or principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our creditworthiness or credit rating, which could harm our ability to incur additional indebtedness on acceptable terms.

49. *Our Promoters have provided personal guarantees for loan facilities obtained by our Company, and any failure or default by our Company to repay such loans in accordance with the terms and conditions of the financing documents could trigger repayment obligations on them, which may impact their ability to effectively service their obligations as our Promoters and thereby, impact our business and operations.*

Our Promoters have extended personally guarantee towards loan facilities taken by our Company. Any default or failure by us to repay the loans in a timely manner, or at all could trigger repayment obligations of our guarantors in respect of such loans, which in turn, could have an impact on their ability to effectively service their obligations as Promoters of our Company, thereby having an effect on our business, results of operation and financial condition. Furthermore, in the event that these individuals withdraw or terminate their guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details, please refer the chapter titled “Financial Indebtedness” beginning on page 243 of this Draft Red Herring Prospectus.

50. *We may not be fully insured for all losses we may incur.*

Although we attempt to limit and mitigate our liability for damages arising from negligent acts, errors or omissions through contractual provisions, limitations of liability set forth in our contracts may not be enforceable in all instances or may not otherwise protect us from liability for damages.

In addition, certain liabilities, such as claims of third parties for which we may be required to indemnify our clients, are generally not limited under those agreements. We face the risk of loss resulting from, and the adverse publicity associated with, lawsuits, whether or not such claims are valid. We have taken various insurance policies, details of which is mentioned in the section titled, “Insurance” under the chapter titled, “Our Business” on page 131 of the Draft Red Herring Prospectus. Although we believe we have adequate insurance coverage but that coverage may not continue to be available on reasonable terms or to be available in sufficient amounts to cover one or more large claims, and our insurers may disclaim coverage as to any future claim. Insurance coverage may be an inadequate remedy where the loss suffered is not easily quantifiable, for example, in the event of severe damage to our reputation. The successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have a material adverse effect on our business, reputation, results of operations, financial condition and cash flows.

51. *Our Company logo “technichem” is not registered with Registrar of Trademark; any infringement of our brand name or failure to get it registered may adversely affect our business. Further, any kind of negative publicity or misuse of our brand name could hamper our brand building efforts and our future growth strategy could be adversely affected.*

Our Company has made applications for registration with the Registrar of Trademark for registration of logo and we are not sure that the same will be registered at all. If we are unable to register the intellectual property in the future in our name or any objection on the same may require us to change our logo and hence may loose on the goodwill created so far. Further, the same may involve costly litigations and penal provisions if some legal consequences arise if someone from outside use our name and logo of our Company. We believe that our future growth and competitiveness would depend on our ability to establish and strengthen our brand. We cannot guarantee that we will be able to make a lasting brand image with our clients and other people in the absence of a logo. Although, we believe that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, trade secrets or proprietary technology will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our business, financial condition and results of operations.

52. *In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.*

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions. Further we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or need to update pursuant to change in name and conversion of company to public Company.

While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities, there can be no assurance that the relevant authority will issue or renew expired approvals within

the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavour to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, see “Government and Other Approvals” on page 260 of this Draft Red Herring Prospectus.

Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations.

53. *We might infringe upon the intellectual property rights of others and may be susceptible to claims from third parties, affecting our operations and financial condition.*

While we take care to ensure that we comply with the intellectual property rights of others, we cannot determine with certainty as to whether we are infringing on any existing third-party intellectual property rights, which may require us to alter our technologies, obtain licenses or cease some of our operations. We may also be susceptible to claims from third parties asserting infringement and other related claims. If such claims are raised, those claims could: (a) adversely affect our relationships with current or future customers; (b) result in costly litigation; (c) cause product shipment delays or stoppages; (d) divert management’s attention and resources; (e) subject us to significant liabilities; (f) require us to enter into potentially expensive royalty or licensing agreements and (g) require us to cease certain activities. While in the last three financial years we have not been involved in litigation or incurred litigation expenses in connection with third party intellectual property rights, in the case of an infringement claim made by a third party, we may be required to defend such claims at our own cost and liability and may need to indemnify and hold harmless our customers. Furthermore, necessary licenses may not be available to us on satisfactory terms, if at all. In addition, we may decide to settle a claim or action against us, which settlement could be costly. We may also be liable for any past infringement that we are not aware of. Any of the foregoing could adversely affect our business, financial condition and results of operations.

54. *We are exposed to counterparty credit risk and any delay in receiving payments or non-receipt of payments may adversely impact our results of operations.*

We are subject to counterparty credit risk and a significant delay in receiving large payments or non-receipt of large payments may adversely impact our results of operations. Our operations involve extending credit to our customers in respect of sale of our products and consequently, we face the risk of the uncertainty regarding the receipt of these outstanding amounts. Consequently, we face the risk of the uncertainty regarding the receipt of these outstanding amounts. As a result of such industry conditions, we have and may continue to have high levels of outstanding receivables. There is no assurance that we will accurately assess the creditworthiness of our customers. Further, macroeconomic conditions which are beyond our control, such as a potential credit crisis in the global financial system, could also result in financial difficulties for our customers, including limited access to the credit markets, insolvency or bankruptcy. Such conditions could cause our customers to delay payment, request modifications of their payment terms, or default on their payment obligations to us, all of which could increase our receivables. Timely collection of dues from customers also depends on our ability to complete our contractual commitments and subsequently bill for and collect from our clients. While we have not faced such incidents in the past, if we are unable to meet our contractual obligations, we may experience delays in the collection of, or be unable to collect, our customer balances, which could adversely affect our results of operations and cash flows.

55. *Any increase in interest rates would have an adverse effect on our results of operations and will expose our Company to interest rate risks.*

We are dependent upon the availability of equity, cash balances and debt financing to fund our operations and growth. Any fluctuations in interest rates may directly impact the interest costs of such loans and, in particular, any increase in interest rates could adversely affect our results of operations. Furthermore, our indebtedness means that a material portion of our expected cash flow may be required to be dedicated to the payment of interest on our indebtedness, thereby reducing the funds available to us for use in our general business operations. If interest rates increase, our interest payments will increase and our ability to obtain additional debt and non-fund-based facilities could be adversely affected with a concurrent adverse

effect on our business, financial condition and results of operations. For further details, please refer chapter titled “*Financial Indebtedness*” beginning on page 243 of this Draft Red Herring Prospectus.

56. We have certain contingent liabilities, which, if they materialize, may adversely affect our results of operations, financial condition and cash flows.

The following table sets forth our contingent liabilities as derived from our Restated Financial Statements:

(₹ in Lakhs)

Particulars	As on March 31, 2024	As on March 31, 2023	As on March 31, 2022
TDS Defaults with respect to Delay filing fee, Short Deduction and Interest thereon	3.55	3.54	3.54
Estimated amount of contracts remaining to be executed on capital account and not provided for	1.23	-	-
Total	4.78	3.54	3.54

57. In addition to normal remuneration, other benefits and reimbursement of expenses some of our directors (including our Promoters) are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Some of our directors (including our Promoters) are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our directors would always exercise their rights as shareholders to the benefit and best interest of our Company. For further information, see the chapters titled “Our Management” and “Our Promoters and Promoter Group” beginning on page 167 and 182 respectively of this Draft Red Herring Prospectus and the section titled “Financial Information” beginning on page 188 of this Draft Red Herring Prospectus.

58. Industry information included in this Draft Red Herring Prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Red Herring Prospectus. The sources from where the industry information is extracted and included in this Draft Red Herring Prospectus are <https://www.imf.org/en/Publications/WEO/Issues/2024/04/16/world-economic-outlook-april-2024>, <https://www.ibef.org/economy/indian-economy-overview>, <https://www.ibef.org/industry/manufacturing-sector-india> and <https://www.ibef.org/industry/chemical-industry-india>. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although, we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

59. The recent outbreak of the novel coronavirus could have a significant effect on our results of operations, and could negatively impact our business, revenues, financial condition and results of operations.

An outbreak of COVID-19 was recognized as a pandemic by the WHO on March 11, 2020. In response to the COVID-19 outbreak, the governments of many countries, including India, have taken preventive or protective actions such as imposing country-wide lockdowns, as well as restrictions on travel and business operations. Since May 2020 many of these measures our operations and to build confidence in the safety protocols deployed at our office. If we do not respond appropriately to the pandemic, or if customers do not perceive our response to be adequate, we could suffer damage to our reputation and our brand, which could adversely affect our business in the future. Further, the lockdown was again imposed by the government in some parts of India during April 2021, which was partially relaxed in June 2021, during this lockdown although we have continued with our business, the execution of our business operations was delayed by few weeks. We cannot predict the degree to, or the time period over, which our business will be affected by the COVID-19 outbreak. For example, this pandemic could necessitate further lockdowns, resulting in significant additional effects on our revenue, financial condition and results of operations. There are numerous uncertainties associated with the COVID-19 outbreak, including the number of individuals who will become infected, availability of a vaccine or a cure that mitigates the effect

of the virus, the extent of the protective and preventative measures imposed by governments and whether the virus' impact will be seasonal, among others. Consequently, there may be adverse effects of this pandemic on our short-term business operations and our financial results may be impacted.

60. *Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.*

After the completion of the Issue, our Promoters and Promoter Group is expected to hold [●] % of the Post Issue Equity Share Capital. Further, the involvement of our Promoters in our operations, including through strategy, direction and customer relationships have been integral to our development and business and the loss of any of our Promoters may have a material adverse effect on our business and prospects.

Accordingly, our Promoters and Promoter Group will continue to exercise significant influence over our business and all matters requiring shareholders' approval, including the composition of our Board of Directors, the adoption of amendments to our constitutional documents, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, investments and capital expenditures. This concentration of ownership may also delay, defer or even prevent a change in control of our Company and may make some transactions more difficult or impossible without the support of our Promoters and Promoter Group. Further, the Promoters' shareholding may limit the ability of a third party to acquire control. The interests of our Promoters and Promoter Group, as our Company's controlling shareholder, could conflict with our Company's interests, your interests or the interests of our other shareholders. There is no assurance that our Promoters and Promoter Group will act to resolve any conflicts of interest in our Company's or in investor favor.

61. *The average cost of acquisition of Equity Shares by our Promoters could be lower than the Issue Price to be decided by the Company in consultation with the Book Running Lead Manager in accordance with the SEBI ICDR Regulations.*

Our Promoters' average cost of acquisition of Equity Shares in our Company could be lower than the Price decided by our Company in consultation with the Book Running Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer chapter title "Capital Structure" beginning on page 76 of this Draft Red Herring Prospectus.

62. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see "Dividend Policy" on page 187 of this Draft Red Herring Prospectus.

63. *The determination of the Price Band is based on various factors and assumptions and the Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares upon listing on the Stock Exchange.*

The determination of the Price Band is based on various factors and assumptions, and will be determined by our Company in consultation with the Book Running Lead Manager. Furthermore, the Issue Price of our Equity Shares has been determined by book building method. These will be based on numerous factors (For further information, please refer chapter titled "Basis for Issue Price" beginning on page 101 of this Draft Red Herring Prospectus) and may not be indicative of the market price of our Equity Shares upon listing on the Stock Exchange. The price of our Equity Shares upon listing on the Stock Exchange will be determined by the market and may be influenced by many factors outside of our control.

64. *Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors assessments of Our Company's financial condition. Our failure to successfully adopt IFRS may have an adverse effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.*

Our restated financial statements, including the financial statements provided in this Draft Red Herring Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the

financial data included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, refer chapter titled “*Presentation of Financial Industry and Market Data*” beginning on Page 19 of this Draft Red Herring Prospectus.

Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. India has decided to adopt the “Convergence of its existing standards with IFRS” and not the “International Financial Reporting Standards” (“IFRS”), which was announced by the MCA, through the press note dated January 22, 2010. These “IFRS based / synchronized Accounting Standards” are referred to in India as IND (AS). Public companies in India, including our Company, may be required to prepare annual and interim financial statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, MCA Notification dated February 16, 2015, has provided an exemption to the Companies proposing to list their shares on the SME Exchange as per Chapter IX of the SEBI ICDR Regulations and hence the adoption of IND (AS) by a SME exchange listed Company is voluntary. Accordingly, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an adverse effect on the trading price of our Equity Shares. Currently, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards, i.e., IND (AS) and for future periods.

Moreover, if we volunteer for transition to IND (AS) reporting, the same may be hampered by increasing competition and increased costs for the relatively small number of IND (AS)-experienced accounting personnel available as more Indian companies begin to prepare IND (AS) financial statements. Any of these factors relating to the use of converged Indian Accounting Standards may adversely affect our financial condition.

EXTERNAL RISKS

65. An investment in the Equity Shares is subject to general risk related to investments in Indian Companies .

Our Company is incorporated in India and all of our assets and employees are located in India. Consequently, our business, results of operations, financial condition and the market price of the Equity Shares will be affected by changes in interest rates in India, policies of the Government of India, including taxation policies along with policies relating to industry, political, social and economic developments affecting India.

66. A slowdown in our exports due to tariffs and trade barriers and international sanctions could adversely affect our business, financial condition and results of operations.

A significant portion of our revenue is derived from exports. From time to time, tariffs, quotas and other tariff and non-tariff trade barriers may be imposed on our products in jurisdictions in which we operate or seek to sell our products. There can be no assurance that the European Community and the United States, among others, where we seek to sell our products will not impose trade restrictions on us in future. We may also be prohibited from exporting to certain restricted countries that may be added to a sanctions list maintained by the Government of India or other foreign governments, such as the Specially Designated Nationals and Blocked Persons list maintained by the Office of Foreign Assets Control of the US Department of Treasury in the United States. In February 2022, hostilities between Russia and the Ukraine commenced, which has led to the imposition of sanctions of various Russian interests (and in some cases Belarus) by the European Union, Australia, Canada, Japan, New Zealand, Switzerland, South Korea, the United Kingdom and the United States. Any such imposition of trade barriers or international sanctions may have an adverse effect on our business, financial condition and results of operations.

67. We have issued Equity Shares during the last one year at a price below the Issue Price.

Our Company had issued Bonus shares of 1,01,85,000 equity shares on April 18, 2024 in the ratio of 4:1 i.e., 4 Bonus Equity shares for every 1 Equity Shares held, in the last 12 months which may be at lower than the Issue Price. The Equity Shares allotted to shareholders pursuant to this Issue may be priced significantly higher due to various reasons including better performance by the Company, better economic conditions, and passage of time. For further details, see “*Capital Structure*” on page 76 of this *Draft Red Herring Prospectus*. The prices at which Equity Shares have been issued by us in last one year should not be taken to be indicative of the Issue Price and the trading price of our Equity Shares after listing.

68. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the stock exchange(s) in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the stock exchange(s). Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

69. *Any future issuance of Equity Shares may dilute your shareholding and sale of our Equity Shares by our Promoters or other shareholders may adversely affect the trading price of the Equity Shares.*

Any future equity issuances by us, including in a primary offering, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoters or other major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

70. *There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder's ability to sell for the price at which it can sell, equity shares at a particular point in time.*

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is said by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time, and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any time

71. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company is generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain realized on the sale of listed equity shares held for more than 12 months may be subject to long-term capital gains tax in India at the specified rates depending on certain factors, such as STT paid, the quantum of gains and any available treaty exemptions. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. Further, any gain realized on the sale of our Equity Shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. While non-residents may claim tax treaty benefits in relation to such capital gains income, generally, Indian tax treaties do not limit India's right to impose tax on capital gains arising from the sale of shares of an Indian company.

Pursuant to the Finance Act, 2020 and after March 31, 2020, dividends declared, distributed or paid by a domestic company would not be exempt in the hands of both resident and non-resident shareholders and are subject to tax deduction at source. Our Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source pursuant to any corporate action including dividends. Further, the Finance Act, 2019 introduced new provisions under the Indian Stamp Act, 1899, which provide that in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures, on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount.

We cannot predict whether any tax laws or other regulations impacting it will be enacted, or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, results of operations and financial condition.

72. *Natural calamities, climate change and health epidemics could adversely affect the Indian economy and our business, financial condition, and results of operations. In addition, hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect our business, financial condition and results of operations.*

Our operations including our offices may be damaged or disrupted as a result of natural calamities. Such events may lead to the disruption of information systems and telecommunication services for sustained periods. They also may make it difficult or impossible for employees to reach our business locations. Damage or destruction that interrupts our provision of services could adversely affect our reputation, our relationships with our customers, our management team's ability to administer and supervise our business or it may cause us to incur substantial additional expenditure to repair or replace damaged equipment or rebuild parts of our offices. Any of the above factors may adversely affect our business, financial condition and results of operations. India has from time-to-time experienced instances of social, religious and civil unrest and hostilities between neighbouring countries. Military activity or terrorist attacks in the future could influence the Indian economy by disrupting communications and making travel more difficult and such political tensions could create a greater perception that investments in Indian companies involve higher degrees of risk. Events of this nature in the future, as well as social and civil unrest within other countries in Asia, could influence the Indian economy and could have a material adverse effect on the market for securities of Indian companies.

73. *Foreign investors are subject to foreign investment restrictions under Indian laws that may limit our ability to attract foreign investors, which may have a material adverse impact on the market price of the Equity Shares.*

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA and the rules thereunder. Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required.

Shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure you that any required approval from the RBI or any other governmental agency can be obtained on any particular terms, or at all. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT as consolidated in the FDI Policy with effect from October 15, 2020, and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which share a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India. Any such approval(s) would be subject to the discretion of the regulatory authorities. Restrictions on foreign investment activities and impact on our ability to attract foreign investors may cause uncertainty and delays in our future investment plans and initiatives. We cannot assure you that any required approval from the relevant governmental agencies can be obtained on any particular terms or at all. Further, if our Company ceases to be "owned and controlled" by resident Indian entities, we will be subject to additional investment and exit restrictions under the FDI Policy and the FEMA.

74. *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate and tax laws, may adversely affect our business, prospects and results of operations.*

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business. In such instances, and including the instances mentioned below, our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Any political instability in India, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

Additionally, the Government of India has introduced (a) the Code on Wages, 2019; (b) the Code on Social Security, 2020; (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 which consolidate, subsume and replace numerous existing central labour legislations. While the rules for implementation under these codes have not been notified, the implementation of such laws could increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. For instance, companies can voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Any such future amendments may affect our other benefits such as exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute

in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

Further, the GoI has announced the union budget for Fiscal 2024, pursuant to which the Finance Bill, 2024 (“Finance Bill”), has introduced various amendments. The Finance Bill has received assent from the President of India on February 15, 2024, and has been enacted as the Finance Act, 2024. We cannot predict whether any amendments made pursuant to the Finance Act, 2024 would have an adverse effect on our business, financial condition and results of operations. Furthermore, changes in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

There can be no assurance that the GoI will not implement new regulations and policies requiring us to obtain approvals and licenses from the GoI or other regulatory bodies, or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment or change to governing laws, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent in the jurisdictions in which we operate may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. It may also have a material adverse effect on our business, financial condition, cash flows and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which could materially harm our results of operations or cash flows. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

We are unable to determine the impact of any changes in or interpretations of existing, or the promulgation of, new, laws, rules and regulations applicable to us and our business. If that was to occur it could result in us, our business, operations or group structure being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

75. *Regulation of greenhouse gas emissions and climate change issues may adversely affect our operations.*

Many governments are moving to enact climate change legislation and treaties at the international, national, state, provincial and local levels. Where legislation already exists, regulations relating to emission levels and energy efficiency are generally becoming more stringent. Some of the costs associated with meeting more stringent regulations can be offset by increased energy efficiency and technological innovation. However, if the current regulatory trend continues, meeting more stringent regulations is anticipated to result in increased costs, and this may have a material adverse impact on our financial condition and results of operations. Further, India and many other nations are signatories to international agreements related to climate change including the 1992 United Nations Framework Convention on Climate Change, which is intended to limit or capture emissions of greenhouse gas, such as carbon dioxide and the 2016 Paris Agreement, which extended the potentially binding set of emissions targets to all nations. Our compliance with any new environmental laws or regulations, particularly relating to greenhouse gas emissions, may require significant capital expenditure or result in the incurrence of fees and other penalties in the event of non-compliance. We cannot guarantee that future legislative, regulatory, international law, industry, trade or other developments will not negatively impact our operations and the demand for the products we sell. If any of the foregoing were to occur, our business, financial condition and results of operations may be adversely affected.

76. *Our business is substantially affected by prevailing economic, political, social and other conditions which may harm our ability to do business, increase our costs and negatively affect our stock price.*

We are incorporated in and all our operations are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations and cash flows are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations and cash flows, may include:

- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporates;
- volatility in, and actual or perceived trends in trading activity on India’s principal stock exchanges;

- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- prevailing regional or global economic conditions, including in India's principal export markets;
- any downgrading of India's debt rating by a domestic or international rating agency;
- financial instability in financial markets; and
- other significant regulatory or economic developments in or affecting India or its construction sector.

On February 24, 2022, Russian military forces invaded Ukraine. Although the length, impact and outcome of the ongoing military conflict in Ukraine is highly unpredictable, this conflict and responses from international communities could lead to significant market and other disruptions, including significant volatility in commodity prices and supply of energy resources, instability in financial markets, supply chain interruptions, political and social instability, changes in consumer or purchaser preferences as well as increase in cyberattacks and espionage.

To date, we have not experienced any material interruptions in our supply chain, manufacturing facility and distribution network in connection with these conflicts. We have no way to predict the progress or outcome of the conflict in Ukraine as the conflict, and any resulting government reactions, are rapidly developing and beyond our control. The extent and duration of the military action, sanctions and resulting market disruptions could be significant and could potentially have a substantial impact on the global economy and our business for an unknown period of time. Any of the abovementioned factors could affect our business, financial condition and results of operations.

In addition, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, cash flows and financial condition and the price of the Equity Shares.

77. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

78. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

79. *Changing regulations in India could lead to new compliance requirements that are uncertain. The regulatory environment in which we operate is evolving and is subject to change.*

The regulatory and policy environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations and policies that could affect our business in general, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the Government and other regulatory bodies, or impose onerous requirements. The regulatory and policy environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations and policies that could affect our business in general, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the Government and other regulatory bodies, or impose onerous requirements.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other

resources, and any failure to comply may adversely affect our business, financial condition, results of operations and prospects.

80. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

In recent months, consumer and wholesale prices in India have exhibited increased inflationary trends, as the result of an increase in crude oil prices, higher international commodity prices, and higher domestic consumer and supplier prices. The Consumer Price Index increased from 3.4% (average) in Fiscal 2019 to 4.8% (average) in Fiscal 2020 to an estimated 6.2% (average) in Fiscal 2021 although the RBI has enacted certain policy measures designed to curb inflation, these policies may not be successful. In February 2022, hostilities between Russia and the Ukraine commenced. The market price of oil has risen sharply since the commencement of these hostilities which could have an inflationary effect in India. Continued high rates of inflation may increase our expenses related to salaries or wages payable to our employees, raw materials and other expenses. There can be no assurance that we will be able to pass on any additional expenses to our customers or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our business, financial condition and results of operations.

81. *A third-party could be prevented from acquiring control of us post this Issue, because of anti-takeover provisions under Indian Law.*

As a listed Indian entity, there are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company. Under the SEBI SAST Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company subsequent to completion of the Issue. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our shareholders, such a takeover may not be attempted or consummated because of SEBI SAST Regulations.

82. *Our Equity Shares have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.*

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for our Equity Shares will develop or, if developed, does not guarantee the liquidity of such market for the Equity Shares. Our Company and the Book Running Lead Manager will appoint Market Maker for the equity shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets and Finance industry, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnership, joint ventures, or capital commitments. Investors might not be able to rapidly sell the Equity Shares at the quoted price if there is no active trading in the Equity Shares. The Issue Price of the Equity Shares has been determined by our Company in consultation with the BRLM through the Book Building Process.

83. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. The global credit and equity markets have in the past experienced substantial dislocations, liquidity disruptions and market corrections.

84. *Rights of shareholders of companies under Indian law may be different compared to the laws of other jurisdictions.*

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as a shareholder in an Indian company than as a shareholder of an entity in another jurisdiction.

85. *QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Investors are not permitted to withdraw their Bids after Bid/ Issue Closing Date.*

Pursuant to the SEBI ICDR Regulations, Qualified Institutional Buyers and Non-Institutional Investors are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Similarly, Retail Individual Investors can revise or withdraw their Bids at any time during the Bid/ Issue Period and until the Bid/ Issue Closing Date, but not thereafter. Therefore, Qualified Institutional Buyers and Non-Institutional Investors will not be able to withdraw or lower their Bids following adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations or otherwise at any stage after the submission of their Bids.

MARKET MAKER

*[●]

**The Market Maker shall be appointed prior to filing of the Red Herring Prospectus with the ROC.*

DETAILS OF THE MARKET MAKING AGREEMENT

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with BSE to fulfil the obligations of Market Making) dated [●] to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares issued in this Issue.

[●] registered with BSE SME will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by BSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and buy quote) shall not be more than 10% or as specified by the Stock Exchange from time to time. Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.
2. The prices quoted by the Market Maker shall be in compliance with the Market Maker Spread requirements and other particulars as specified or as per the requirements of BSE and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1.00 Lakh shall be allowed to Issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of ₹ [●]/- per share the minimum application lot size is [●] Equity Shares thus minimum depth of the quote shall be [●] until the same, would be revised by BSE.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25%. Or upper limit (Including the 5% of Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% equity shares would not be taken into consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non- controllable reasons would be final.
8. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and BSE from time to time.
9. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by them.
10. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
11. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on BSE SME and market maker will remain present as per the guidelines mentioned under BSE and SEBI circulars.

12. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
13. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/ fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
14. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Company, who shall then be responsible to appoint a replacement Market Maker.
15. In case of termination of the abovementioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Company to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI ICDR Regulations. Further, the Company reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.
16. **Risk containment measures and monitoring for Market Maker:** BSE SME will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
17. **Punitive Action in case of default by Market Maker:** BSE SME will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
18. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹250 Crores, the applicable price bands for the first day shall be:
 - In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

19. The following spread will be applicable on the BSE SME:

Sr. No.	Market Price Slab (in ₹)	Proposed spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	7
4.	Above 100	6

20. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Maker during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (Including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (Including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

21. The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI/ BSE from time to time.
22. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.
23. On the first day of listing, there will be a pre-open session (call auction) and there after trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity Shares on the Stock Exchange.

None of our Promoters, Promoter Group, Directors and their relatives has entered into any financing arrangement or financed the purchase of the Equity Shares of our Company by any other person during the period of six months immediately preceding the date of filing of the Draft Red Herring Prospectus.

20. Promoters' Contribution and Lock-in details

Details of Promoter's Contribution locked-in for three (3) years

Pursuant to the Regulation 236 and 238 of SEBI ICDR Regulations, an aggregate of at least 20% of the post Issue Equity Share capital of our Company held by our Promoters shall be locked-in for a period of three years from the date of allotment in this Issue. As on date of this Draft Red Herring Prospectus, our Promoters hold 1,21,22,250 Equity Shares constituting [●] % of the Post Issued, Subscribed and Paid-up Equity Share Capital of our Company, which are eligible for Promoter's Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute of the post issue Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters' Contribution from the date of filing of this Draft Red Herring Prospectus until the commencement of the lock-in period specified below.

Details of the Equity Shares forming part of Promoters' Contribution and their lock-in details are as follows:

Name of Promoter	Date of Allotment/Acquisition & when made fully paid up	No of Equity shares	No of Equity shares locked in	Face Value (in ₹)	Issue Price (in ₹)	Nature of Allotment	% Of Post-Issue Paid-up Capital*	Lock-in Period
Mr. Bharat Jayantilal Pandya	April 18, 2024	51,05,100	19,05,338	10	Nil	Bonus Issue	11%	3 Years
Mr. Pandya Anilkumar Jayantilal	April 18, 2024	45,92,700	19,05,338	10	Nil	Bonus Issue	11%	3 Years

**The above details subject to change post finalization of basis of allotment and to be updated in the Prospectus.*

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Promoters' Contribution under Regulation 237 of the SEBI ICDR Regulations. In this computation, as per Regulation 237 of the SEBI ICDR Regulations, our Company confirms that the Equity Shares locked-in do not, and shall not, consist of:

- Equity Shares acquired three years preceding the date of this Draft Red Herring Prospectus for consideration other than cash and out of revaluation of assets or capitalization of intangible assets or bonus shares out of revaluation reserves or reserves without accrual of cash resources or unrealized profits or against equity shares which are otherwise ineligible for computation of Promoters' Contribution.
- The Equity Shares acquired during the year preceding the date of this Draft Red Herring Prospectus, at a price lower than the price at which the Equity Shares are being issued to the public in this Issue is not part of the minimum promoter's contribution.
- The Equity Shares held by the Promoters and issued for minimum 20% Promoter's Contribution are not subject to any pledge or any other form of encumbrances.
- Specific written consent has been obtained from the Promoters for inclusion of 38,10,676 Equity Shares for ensuring lock-in of three years to the extent of minimum 20 % of post issue Paid-up Equity Share Capital from the date of allotment in the public Issue.
- The minimum Promoters' Contribution has been brought to the extent of not less than the specified minimum lot and from the persons defined as Promoters under the SEBI ICDR Regulations.
- We further confirm that our Promoters' Contribution of minimum 20% of the Post Issue Equity does not include any contribution from Alternative Investment Funds or FVCI or Scheduled Commercial Banks or Public Financial Institutions or Insurance Companies registered with Insurance Regulatory and Development Authority of India.

Equity Shares locked-in for one year other than Minimum Promoters' Contribution

- Pursuant to Regulation 238(b) and 239 of the SEBI ICDR Regulations, other than the Equity Shares held by our Promoters, which will be locked-in as minimum Promoters' contribution for three years, all pre-Issue 89,20,574 Equity Shares shall be subject to lock-in for a period of one year from the date of Allotment in this Issue.

Lock-in of the Equity Shares to be Allotted, if any, to the Anchor Investors

- Fifty percent of the Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 90 days from the date of Allotment and the remaining Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 30 days from the date of Allotment.

Inscription or recording of non-transferability

In terms of Regulation 241 of the SEBI ICDR Regulations, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock - in period and in case such equity shares are dematerialized, the Company shall ensure that the lock - in is recorded by the Depository.

Pledge of Locked in Equity Shares

Pursuant to Regulation 242 of the SEBI ICDR Regulations, the locked-in Equity Shares held by our Promoters can be pledged with any scheduled commercial bank or public financial institution or systematically important non-banking finance company or a housing finance company as collateral security for loans granted by them, provided that:

- (a) if the equity shares are locked-in in terms of clause (a) of Regulation 238, the loan has been granted to the company or its subsidiary(ies) for the purpose of financing one or more of the objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan;
- (b) if the specified securities are locked-in in terms of clause (b) of Regulation 238 and the pledge of specified securities is one of the terms of sanction of the loan.

Provided that such lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock-in period stipulated in these regulations has expired.

Transferability of Locked in Equity Shares

- (a) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by our Promoters, which are locked in as per Regulation 238 of the SEBI ICDR Regulations, may be transferred to and amongst our Promoters/ Promoter Group or to a new promoter or persons in control of our Company subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI SAST Regulations as applicable.
 - (b) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by shareholders other than our Promoters, which are locked-in as per Regulation 239 of the SEBI ICDR Regulations, may be transferred to any other person holding shares, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI SAST Regulations as applicable.
21. Neither the Company, nor its Promoters, Directors or the Book Running Lead Manager have entered into any buyback and/or standby arrangements for purchase of Equity Shares of the Company from any person.
 22. All Equity Shares issued pursuant to the Issue shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Red Herring Prospectus. Further, since the entire money in respect of the Issue is being called on application, all the successful Applicants will be issued fully paid-up Equity Shares.
 23. As on the date of this Draft Red Herring Prospectus, the Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations 1992) do not hold any Equity Shares of our Company. The Book Running Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
 24. As on date of this Draft Red Herring Prospectus, there are no outstanding ESOP's, warrants, options or rights to convert debentures, loans or other instruments convertible into the Equity Shares, nor has the company ever allotted any equity shares pursuant to conversion of ESOPs till date. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
 25. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under "*Basis of Allotment*" in the chapter titled "*Issue Procedure*" beginning on page 292 of this Draft Red Herring Prospectus. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253 (2) of SEBI ICDR Regulations, as amended from time to time.
 26. An over-subscription to the extent of 10% of the Net Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Net Issue, as a result of which, the post issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
 27. Subject to valid applications being received at or above the Issue Price, under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.
 28. Prior to this Initial Public Offer, our Company has not made any public issue or right issue to public at large
 29. We have 13 (Thirteen) Shareholders as on the date of filing of this Draft Red Herring Prospectus.

30. As per RBI regulations, OCBs are not allowed to participate in this Issue.
31. Our Company has not raised any bridge loans.
32. The Equity Shares of our company are in dematerialized form.
33. There shall be only one denomination of Equity Shares of our Company unless otherwise permitted by law. Our Company shall comply with disclosure and accounting norms as may be specified by SEBI from time to time.
34. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this issue.
35. Our Company shall ensure that transactions in the Equity Shares by our Promoters and our Promoter Group between the date of this Draft Red Herring Prospectus and the issue Closing Date shall be reported to the Stock Exchange within 24 hours of such transaction.
36. Our Promoters and Promoter Group will not participate in the Issue.
37. There are no safety net arrangements for this Public Issue.

SECTION V – PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

REQUIREMENT OF FUNDS

The Issue comprises of fresh issue of up to 45,90,000 Equity Shares by our Company aggregating to ₹ [●] Lakhs.

Our Company proposes to utilize the Net Proceeds from the Issue towards funding the following objects:

1. Funding of capital expenditure requirements of our Company towards setting up of a new plant named as “*Plant –4*”;
2. Repayment or prepayment, in full or in part, of certain borrowings availed by our Company from banks, financial institutions and non-banking financial companies;
3. General corporate purposes;

(Collectively, referred to herein as the “*Objects of the Issue*”)

The main objects and objects incidental and ancillary to the main objects, as set out in our Memorandum of Association, enable our Company to undertake our existing business activities and the activities for which funds are being raised by us through the Issue. In addition, our Company expects to receive the benefits of listing of Equity Shares on the SME Platform of BSE (BSE SME) including enhancing our visibility and our brand image among our existing and potential customers and creating a public market for our Equity Shares in India.

ISSUE PROCEEDS

The details of the proceeds of the Issue are set forth in the table below:

(₹ in Lakhs)

Particulars	Amount*
Gross Proceeds of the Issue	[●]
Less: Issue related Expenses [#]	[●]
Net Proceeds of the Issue	[●]

*To be finalized on determination of the Issue Price and updated in the Prospectus prior to filing with the ROC.

[#]The Issue related expenses shall be determined at the time of filing Prospectus with RoC.

UTILISATION OF NET PROCEEDS

The Net Proceeds are proposed to be utilised in the manner set out in the following table:

(₹ in Lakhs)

Sr. No	Particulars	Estimated Amount*	% of Gross Proceeds	% of Net Proceeds
1.	Funding of capital expenditure requirements of our Company towards setting up of a new plant named as “ <i>Plant –4</i> ”	703.82	[●]	[●]

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our current business plan and circumstances, management estimates, prevailing market conditions and other external commercial and technical factors including interest rates, exchange rate fluctuations and other charges, which are subject to change from time to time. However, such fund requirements and deployment of funds have not been verified or appraised by any bank, financial institution, or any other external agency or party. We may have to revise our funding requirements and deployment schedule on account of a variety of factors such as our financial and market condition, business and strategy, competition, contractual terms and conditions and negotiation with lenders, variation in cost estimates and other external factors such as changes in the business environment and interest or exchange rate fluctuations, which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws. For details in relation to the discretion available to our management in respect of use of the Net Proceeds. For further details on the risks involved in our proposed fund utilization as well as executing our business strategies, please refer the section titled “*Risk Factors*” on page 30 of this Draft Red Herring Prospectus.

Our Company proposes to deploy the entire Net Proceeds towards the aforementioned Objects during Fiscal 2024-25 and Fiscal 2025-26. In the event that the estimated utilization of the Net Proceeds in scheduled fiscal years is not completely met, due to the reasons stated above, the same shall be utilized in the next fiscal year i.e., 2026-27, as may be determined by the Board, in accordance with applicable laws. If the actual utilization towards any of the Objects is lower than the proposed deployment, such balance will be used towards general corporate purposes, to the extent that the total amount to be utilized towards general corporate purposes is within the permissible limits in accordance with the SEBI ICDR Regulations. In case of a shortfall in raising requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations may require us to explore a range of options including utilising our internal accruals and seeking debt lenders. In furtherance, that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Issue, subject to compliance with applicable laws.

All quotations mentioned in this section are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendor would be engaged to eventually supply the plant and machineries at the same costs. We are yet to place orders for any of the components of the Proposed Objects. The Proposed Objects may be subject to the risk of unanticipated delays in implementation, cost overruns and other risks and uncertainties. Further, the Objects of the Issue includes orders for purchase of plant and machineries which have not yet been placed. There can be no assurance that we would be able to procure plant and machineries at the estimated costs. If we engage someone other than the vendors from whom we have obtained quotations or if the quotations obtained expire, such vendor’s estimates and actual costs for the services may differ from the current estimates. Some of the quotations mentioned above do not include cost of freight, insurance, goods and services tax (wherever applicable) and other applicable taxes as these can be determined only at the time of placing of orders. Such additional costs shall be funded from the Net Proceeds allocated towards general corporate purposes or through contingencies, if required. In case of increase in the estimated costs, such additional costs shall be incurred from our internal accruals. For further details, see “*Risk Factors*” on page 30 of this Draft Red Herring Prospectus.

MEANS OF FINANCE

The fund requirements set out for the aforesaid Objects are proposed to be met entirely from the Net Proceeds, internal accruals, net worth and existing debt financing. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Net Proceeds and existing identifiable internal accruals as required under the SEBI ICDR Regulations.

DETAILS OF THE OBJECTS OF THE ISSUE

1. Funding of capital expenditure requirements of our Company towards setting up of a new plant named as “Plant – 4”

Our Company is mainly engaged in the business of manufacturing of a wide range of chemicals, Pyrazoles, Pyrazolones, Speciality Chemicals, Pigment & Dye Intermediates and Air Oxidation Chemistry that serves multiple industries. We currently have 3 Plants named as Plant-1, Plant-2 and Plant-3 at our manufacturing facility located at Survey No. 342, 346 and 347, Village - Lunej, Khambhat-Golana Road, District - Anand, Gujarat – 388620, Gujarat, India. We are almost utilization about 60%-75% of the capacity installed in our manufacturing facility.

India's chemical sector, which was estimated to be worth US\$ 220 billion in 2022, is anticipated to grow to US\$ 300 billion by 2025 and US\$ 1 trillion by 2040. The demand for chemicals is expected to expand by 9% per annum by 2025. The chemical industry is expected to contribute US\$ 383 billion to India's GDP by 2030 (Source: <https://www.ibef.org/industry/chemical-industry-india#:~:text=Markets%20Size-,India's%20chemical%20sector%20C%20which%20was%20estimated%20to%20be%20worth%20US,to%20India's%20GDP%20by%202030.>) For more details, please refer chapter titled “Industry Overview” beginning on page 112 of this Draft Red Herring Prospectus.

To meet the escalating demand in the chemical industry, we intend to establish a new manufacturing facility named as **Plant-4** for our new formulations which will increase the present capacity and subsequently boost our sales and profitability. As part of such investment, we will incur expenditure towards construction and purchase of various Plant and Machinery amounting to ₹ 703.82 Lakhs from Net Proceed of the Issue. We firmly believe that our investment in these construction and plants and machineries will augment our current installed capacity, thereby enabling us to address the demand in the pharmaceutical, agrochemicals, dyes, perfumes, and other industries.

Objectives of capital expenditure towards setting up of new Plant-4:

➤ **Complex Chemistry and Plant Design:** To cater to the growing demand from our existing customers and to meet requirements of new customers, we intend to set new plant for manufacturing of 5 new products for the purpose of confidentiality we cannot disclose the name of such products in the Draft Red Herring Prospectus. Production of some of these new products and similar intermediates involves complex chemical processes that demand a new plant design. This complexity arises from the need for precise control over reaction conditions, which can only be achieved with a facility specifically designed for this purpose. A new plant will provide the flexibility and control required to manage these complex chemistries, ensuring consistent product quality and operational efficiency.

Further, our existing infrastructure is not equipped to handle the specific requirements of these new products. For instance, the synthesis of some compounds involves specialized equipment that we currently do not possess. Investing in a new plant will allow us to acquire the necessary technology and equipment to efficiently produce these compounds. This specialization is not only essential for meeting production targets but also for ensuring the safety and compliance of our processes.

Following are the overview of manufacturing process of our new products: -

- ❖ *Raw Material Inspection and Storage:* Received raw materials are inspected for quality and conformity to specifications. Approved materials are stored in designated storage areas under controlled conditions to prevent contamination and degradation.
- ❖ *Pre-Treatment:* Raw materials may undergo pre-treatment processes such as drying, grinding, or mixing to prepare them for the production process.
- ❖ *Reaction/Production:* Raw materials are fed into reactors where they undergo chemical reactions under controlled conditions of temperature, pressure, and catalysts to produce the desired chemical product. This step often includes multiple stages of reactions.

- ❖ *Separation and Purification:* The reaction mixture is transferred to separation units (e.g., distillation columns, centrifuges) to separate the desired product from by-products and unreacted raw materials. Purification processes such as filtration, crystallization, or extraction are applied to achieve the required product purity.
- ❖ *Intermediate Storage:* The purified chemical product is stored in intermediate tanks before further processing or packaging.
- ❖ *Quality Control:* Samples of the product are taken and analyzed in a laboratory to ensure they meet quality standards and specifications. Any deviations from the standards are addressed before the product proceeds to the next stage.
- ❖ *Packaging:* The final product is packaged into appropriate containers (e.g., drums, bags) for distribution. Packaging is labelled with necessary information including product name, batch number, and safety warnings. .
- ❖ *Finished Goods Storage:* Packaged products are stored in the warehouse under conditions that maintain their integrity until they are shipped to customers.

➤ **Emphasize our one of the strategies of Shifting from “High Volume – Low Value” to “Low Volume and High Value:** The five new products which we plan to produce from the proposed plant-4 is aligned to our one of the strategies of focusing on high value products with relatively moderate volumes.

➤ **Widen our product portfolio:** Our Company aims to expand and diversify our product portfolio by increasing its product base and introducing new range of product lines. We plan to set up new plant in order to manufacture new products to capture future growth trends. We intend to explore opportunities to expand our operations by developing new products within our existing lines of business. Further expanding our products offerings will help us to build on existing diversification of our business. We believe that maintaining a variety in range of products in our business provides us with an opportunity to cater to diverse needs of different customer segment.

➤ **Forward Integration:** In line with our focus to provide diversified products solutions and to develop better control on our supply chain and improve our margins, this proposed plant-4 lead to forward integration at our operations which ensures consistent quality control from raw materials to finished products, enhancing our reputation for reliability. These integrated operations reduce costs associated with external sourcing and logistics, leading to better profitability.

➤ **Existing Customer Base:** Our existing customers already use these chemicals, ensuring a ready market for our new products. This familiarity with our client base minimizes the entry barrier and allows for seamless integration of the new products into their supply chains.

➤ **Topline Growth:** The introduction of these new products is expected to substantially increase our revenue. By diversifying our product range, we will be able to cater to a broader market and attract new customers.

➤ **Enhanced Profitability:** These specialty chemicals have high market demand and value, which will contribute to improved profit margins. Our production processes will ensure cost efficiency and quality outputs.

➤ **Market Leadership:** By adding these new products to our portfolio, we aim to strengthen our position as a market leader in the chemical industry. Our commitment to quality and innovation will set us apart from competitors.

Our Board in its meeting dated August 12, 2024 has approved that an amount of ₹ 703.82 Lakhs is proposed to be utilised to set up of a new plant named as “**Plant –4**” from the Net Proceeds for the aforesaid benefits. For further details of the aforesaid expansion, see “Our Business –Our strategies” beginning on page 131 of this Draft Red Herring Prospectus. Our Company has obtained quotations and cost estimates from certain suppliers and contractors for undertaking civil and building works, purchase and installation of plant and machinery and utilities, for the proposed plant-4. However, our Company is yet to place any orders or enter into definitive agreements or any memorandum of understanding for purchase and installation of any of the new plant and machinery and implementation of factory building and civil construction connected with such proposed plant-4.

The capital requirements, the deployment of funds and the intended use of the Net Proceeds for the proposed plant-4, are based on our current business plans, management estimates, current and valid quotations and cost estimates received from the suppliers and contractors and other commercial and technical factors. From the Net Proceeds, we intend to finance (A) plant-4 building and civil construction costs; (B) purchase and installation of new plant and machinery; (C) utilities costs and (D) contingencies.

The detailed break-down of estimated cost of the proposed plant-4, is set forth below:

(₹ in lakhs)

Sr. No.	Particulars	Total estimated Costs [^]
1.	Plant-4 building and civil construction costs	201.38
2.	Purchase and installation of new plant and machinery	306.18
3.	Utilities costs	162.74
4.	Contingencies	33.52
Total		703.82

[^]As per certificate dated July 27, 2024 issued by M/s Mukund M. Patki, Chartered Engineer.

Location of proposed Plant-4: The proposed *Plant-4* is adjacent to current facility at Khambhat, Gujarat. Our Company owns the land where the *Plant-4* is proposed at Survey No. 342, 346 and 347, Village - Lunej, Khambhat-Golana Road, District - Anand, Gujarat – 388620, Gujarat, India. The total area of the land at our Khambhat Facility is approximately 26,079 square meters, the land over which the plants are situated is owned by our Company.

The detailed break-up of the estimated cost of establishing the Proposed *Plant-4* is set forth below:

A. Plant-4 building and civil construction costs

The measurement of the built-up area of proposed building to be constructed is about 1,572 Square meter. The construction will be for Ground + First + Second + Terrace Level. The measurement of the built-up area of ground level, first level, second level and terrace level including the all-area of staircase, lift wall, separate vessel room at ground, first and second floors, cooling tower and water tank for load on slab at terrace level, watchmen cabin and the area of meter room shall be counted 100% Area of overhead tank. The breakup of construction and civil works are as follows:

(₹ in lakhs)

Civil Construction	201.38	M/s. A M Associates	July 23, 2024	180 days

[^] The entire amount is proposed to be funded from the Net Proceeds, no order for the same has been placed as on the date of this Draft Red Herring Prospectus.

(1) Layout and building plans are approved by the Town Planning and Valuation Department of Anand vide letter no. B.P. Lunej/Khambhat/1182 dated July 05, 2024.

(2) The estimated cost of project is summarized with all expected expenditures based on certain reasonable assumptions.

(3) The above estimate is based on prevailing market rates of material and labour of local region.

(4) The above estimates are based on quotations which are valid as on date of this Draft Red Herring Prospectus. (5) Subject to applicable taxes, to the extent not included in the estimated cost.

We have not entered into definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged. All quotations received from the vendors mentioned above are valid as on the date of this Draft Red Herring Prospectus.

B. Purchase and installation of new plant and machinery; (C) utilities costs and (D) contingencies

Our Company has identified the plant and machinery to be purchased and obtained quotations from respective vendors. The amount to be spent and plant and machinery to be procured by our Company will depend upon business requirements and technology advancement. The details and total estimated cost towards purchasing plant and machinery is as follows:

Notes:

(a) We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.

(b) Quotation received from the vendor mentioned above is valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of the vendor and there can be no assurance that the same vendor would be engaged to eventually supply the machineries/equipment or at the same costs.

(c) The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment or utilities, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.

(d) We are not acquiring any second-hand machinery.

(e) The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost.

Our Promoters, Promoter Group, Directors, Key Managerial Personnel, Senior Management Personnel and Group Companies do not have any interest in the proposed construction of building and civil works, acquisition of plant and machinery, utilities, or in the entities from whom we have obtained quotations in relation to such activities.

In accordance with Clause 9(A)(2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations, we have obtained a certificate dated July 31, 2024 from Statutory Auditors of our Company certifying that the borrowings have been utilised towards the purposes for which such borrowings were availed by us.

The selection of borrowings proposed to be prepaid, repaid in full or part out of the borrowings provided above, shall be based on various factors including (i) any conditions attached to the borrowings restricting our ability to prepay the borrowings and time taken to fulfil such requirements, (ii) receipt of consents for prepayment or waiver from any conditions attached to such prepayment from our respective lenders, (iii) terms and conditions of such consents and waivers, (iv) levy of any prepayment penalties and the quantum thereof, (v) provisions of any law, rules, regulations governing such borrowings, and (vi) other commercial considerations including, among others, the interest rate on the loan facility, the amount of the loan outstanding and the remaining tenor of the loan. Payment of interest, prepayment penalty, if any, and other related costs shall be made by us out of the Net Proceeds of the Issue. In addition to the above, we may, from time to time, enter into further financing arrangements and draw down funds thereunder. In such cases or in case any of the above loans are prepaid, repaid, refinanced or further drawn-down prior to the completion of the Issue, we may utilise Net Proceeds of the Issue towards prepayment, repayment of such additional indebtedness availed by us.

3. General Corporate Purpose

Our management will have flexibility to deploy the balance Net Proceeds of the Issue towards general corporate purposes, to be deployed towards including but not restricted to strategic initiatives, partnerships, joint ventures and acquisitions, meeting exigencies which our Company may face in the ordinary course of business, to renovate and refurbish certain of our existing Company owned/leased and operated facilities or premises, towards brand promotion activities or repayment of liabilities (on demand) if any or any other purposes as may be approved by our Board, subject to compliance with the necessary provisions of the Companies Act and other applicable laws.

The quantum of utilization of funds towards any of the above purposes will be determined based on the amount actually available under this head and the business requirements of our Company, from time to time. This may also include rescheduling the proposed utilization of Net Proceeds. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. In the event that we are unable to utilize the entire amount that we have currently estimated for use out of Net Proceeds in a Fiscal, we will utilize such unutilized amount in the subsequent Fiscals i.e., FY 2026-27.

We further confirm that in terms of the SEBI ICDR Regulations, the extent of the Net Proceeds proposed to be utilized for general corporate purposes shall not exceed 25.00% of the gross proceeds of the Issue.

b) Description on the historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company

In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Financial Information. We use these KPIs to evaluate our performance. Some of these KPIs are not defined under applicable Accounting Standards and are not presented in accordance with applicable Accounting Standards. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing results, when taken collectively with financial measures prepared in accordance with applicable Accounting Standards.

8. Justification for Basis for Issue price

- a) The price per share of our Company based on the primary/ new issue of shares (equity / convertible securities), excluding shares issued under ESOP/ESOS and issuance of bonus shares

There has been no issuance of Equity Shares (excluding shares issued under ESOP/ESOS and issuance of bonus shares) during the 18 months preceding the date of this Draft Red Herring Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-issue capital before such

transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of 30 days.

b) The price per share of our Company based on the secondary sale / acquisition of shares (equity shares)

There have been no secondary sale / acquisitions of Equity Shares, where the promoters, members of the promoter group, selling shareholders or shareholder(s) having the right to nominate director(s) in the board of directors of the Company are a party to the transaction (excluding gifts), during the 18 months preceding the date of this Draft Red Herring Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-issue share capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

c) Since there is no such transaction to report to under (a) and (b), the following are the details of the last five primary and secondary transactions (secondary transactions where promoters, promoter group, selling shareholders or shareholder(s) having the right to nominate director(s) on our Board, are a party to the transaction), not older than three years prior to the date of this Draft Red Herring Prospectus irrespective of the size of transactions:

STATEMENT OF POSSIBLE TAX BENEFITS

To,
The Board of Directors,
Technichem Organics Limited
5th Floor, Malak Complex, Behind Old Gujarat High Court
Navrangpura - 380009, Ahmedabad, Gujarat, India

Dear Sirs,

Subject - Statement of Tax Benefits ('The Statement') available to Technichem Organics Limited ('The Company') and its shareholders under the Direct and Indirect Tax Laws in India

We hereby report that the enclosed annexure prepared by the management of Technichem Organics Limited, states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that; this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Limitations:

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Offer Document/ Offer Document or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

This statement has been prepared solely in connection with the Proposed Issue by the Company under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended.

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS

The information provided below sets out the special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

A. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE COMPANY:

Under the Income Tax Act, 1961 (“the Act”)

Special tax benefits available to the Company

- The Company is not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

B. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE SHAREHOLDERS:

- The Shareholders of the Company are not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

NOTES:

1. The above Annexure of special tax benefits sets out the provisions of Tax Laws in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.
2. The above Annexure covers only the special tax benefits under the Act, read with the relevant rules, circulars and notifications and does not cover any benefit under any other law in force in India. This Annexure also does not discuss any tax consequences, in the country outside India, of an investment in the shares of an Indian company.
3. The above Annexure of special tax benefits is as per the current direct tax laws relevant for the assessment year 2024-25. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Tax Laws.
4. In respect of non-residents, the tax rates and consequent taxation mentioned above will be further subject to any benefits available under the relevant Double Taxation Avoidance Agreement, if any, entered into between India and the country in which the non-resident has fiscal domicile.
5. A new Section 115BAA has been inserted by the Taxation Laws (Amendment) Act, 2019 (“the Amendment Act, 2019”) with effect from Financial Year 2019-20 granting an option to domestic companies to compute corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and cess of 4%), provided such companies do not avail specified exemptions/ incentives. The option under section 115BAA of the Act once exercised cannot be subsequently withdrawn for any future financial year. The Amendment Act, 2019 further provides that domestic companies availing such option will not be required to pay Minimum Alternate Tax (“MAT”) under Section 115JB. The CBDT has further issued Circular 29/2019 dated October 02, 2019 clarifying that since the MAT provisions under Section 115JB itself would not apply where a domestic company exercises option of lower tax rate under Section 115BAA, MAT credit would not be available.

In such a case, the Company is not allowed to claim any of the following deductions/ exemptions under the Act: -

- ✓ Deduction under the provisions of Section 10AA.
- ✓ Deduction under clause (ia) of sub-section (1) of Section 32 (additional depreciation).
- ✓ Deduction under section 32AD or Section 33AB or Section 33ABA
- ✓ Deduction under section 35AD or Section 35CCC
- ✓ Deduction under section 80G

Lower corporate tax rate under Section 115BAA of the Act and Minimum Alternate Tax ("MAT") credit under section 115JAA of the Act which are in general available and hence may not be treated as special tax benefits.

The Company has evaluated and decided to exercise the option permitted under Section 115BAA of the Act for the purpose of computing its income-tax liability for the Financial Year 2019-20 and onwards.

6. This Annexure is intended only to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his or her tax advisor with respect to specific tax consequences of his/her investment in the shares of the Company.

No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes.

SECTION VI – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this chapter has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. None of the Company and any other person connected with the Issue have independently verified this information. Industry sources and publications generally state that the information contained therein has been obtained from believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projection forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on information.

GLOBAL ECONOMIC OVERVIEW

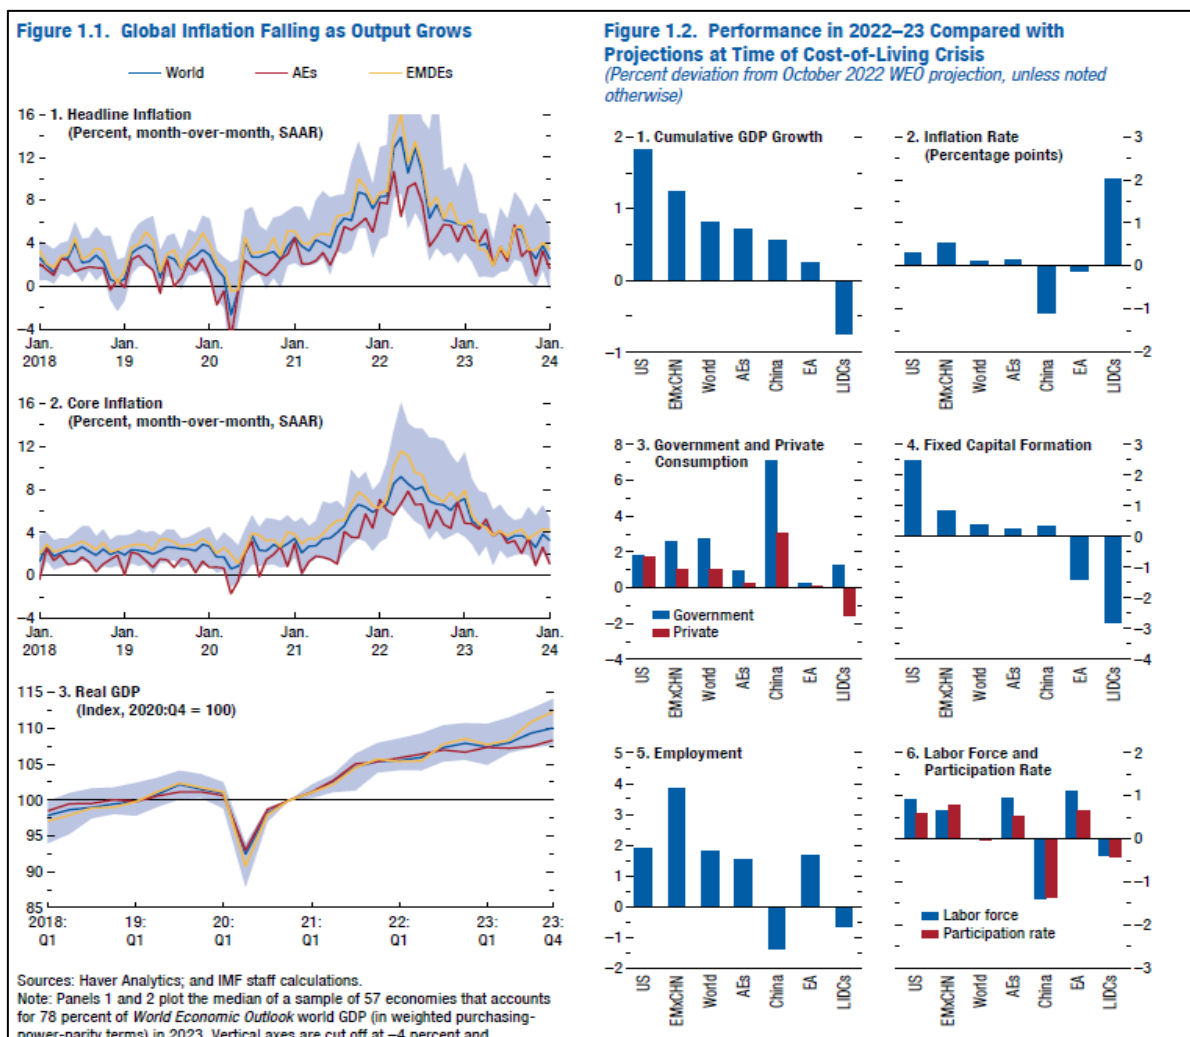

The baseline forecast is for the world economy to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies, where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2024 and 1.8 percent in 2025 will be offset by a modest slowdown in emerging market and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth five years from now at 3.1 percent is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually.

The global economy has been surprisingly resilient, despite significant central bank interest rate hikes to restore price stability. The pace of convergence toward higher living standards for middle- and lower-income and causing target undershoots. At the same time, as central banks take a less restrictive stance, a renewed focus on implementing medium-term fiscal consolidation to rebuild room for budgetary maneuver and priority investments, and to ensure debt sustainability, is in order. Cross-country differences call for tailored policy responses. Intensifying supply-enhancing countries has slowed, implying a persistence in global economic disparities. Risks to the global outlook are now broadly balanced. On the downside, new price spikes stemming from geopolitical tensions, including those from the war in Ukraine and the conflict in Gaza and Israel, could, along with persistent core inflation where labour markets are still tight, raise interest rate expectations and reduce asset prices. A divergence in disinflation speeds among major economies could also cause currency movements that put financial sectors under pressure. High interest rates could have greater cooling effects than envisaged as fixed-rate mortgages reset and households contend with high debt, causing financial stress.

Global economy remains resilient despite uneven growth.

The global economy remains remarkably resilient, with growth holding steady as inflation returns to target. The journey has been eventful, starting with supply-chain disruptions in the aftermath of the pandemic, a Russian-initiated war on Ukraine that triggered a global energy and food crisis, and a considerable surge in inflation, followed by a globally synchronized monetary policy tightening. Yet, despite many gloomy predictions, the world avoided a recession, the banking system proved largely resilient, and major emerging market economies did not suffer sudden stops. Moreover, the inflation surge—despite its severity and the associated cost-of-living crisis—did not trigger uncontrolled wage-price spirals. Instead, almost as quickly as global inflation went up, it has been coming down. On a year-over-year basis, global growth bottomed out at the end of 2022, at 2.3 percent, shortly after median headline inflation peaked at 9.4 percent. According to our latest projections, growth for 2024 and 2025 will hold steady around 3.2 percent, with median headline inflation declining from 2.8 percent at the end of 2024 to 2.4 percent at the end of 2025. Most indicators point to a soft landing. Markets reacted exuberantly to the prospect of central banks exiting from tight monetary policy. Financial conditions eased, equity valuations soared, capital flows to most emerging market economies excluding China have been buoyant, and some low-income countries and frontier economies regained market access there will be less economic scarring from the pandemic—the projected drop in output relative to prepandemic projections—for most countries and regions, especially for emerging market economies, thanks in part to robust employment growth. Astonishingly, the US economy has already surged past its prepandemic trend.

Resilient growth and faster disinflation point toward favorable supply developments, including the fading of earlier energy

price shocks, the striking rebound in labor supply supported by strong immigration flows in many advanced economies. Decisive monetary policy actions, as well as improved monetary policy frameworks, especially in emerging market economies, have helped anchor inflation expectations. However, the transmission of monetary policy may have been more muted this time around in countries such as the United States, where an increased share of fixed-rate mortgages and lower household debt levels since the global financial crisis may have limited the drag on aggregate demand up to now.

Despite these welcome developments, numerous challenges remain, and decisive actions are needed. First, while inflation trends are encouraging, we are not there yet. Somewhat worryingly, the most recent median headline and core inflation numbers are pushing upward. This could be temporary, but there are reasons to remain vigilant. Most of the progress on inflation came from the decline in energy prices and goods inflation below its historical average. The latter has been helped by easing supply-chain frictions, as well as by the decline in Chinese export prices. But services inflation remains high sometimes stubbornly so and could derail the disinflation path. Bringing inflation down to target remains the priority. Second, the global view can mask stark divergence across countries. The exceptional recent performance of the United States is certainly impressive and a major driver of global growth, but it reflects strong demand factors as well, including a fiscal stance that is out of line with long-term fiscal sustainability. This raises short-term risks to the disinflation process, as well as longer-term fiscal and financial stability risks for the global economy since it risks pushing up global funding costs. Something will have to give in the euro area, growth will pick up this year, but from very low levels, as the trailing effects of tight monetary policy and past energy costs, as well as planned fiscal consolidation, weigh on activity. Continued high wage growth and persistent services inflation could delay the return of inflation to target. However, unlike in the United States, there is scant evidence of overheating and the European Central Bank will also need to carefully calibrate the pivot toward monetary easing to avoid an excessive growth slowdown and inflation undershoot. While labor markets appear strong, that strength could prove illusory if European firms have been hoarding labor in anticipation of a pickup in activity that does not materialize.

Disinflation amid Economic Resilience

Economic activity was surprisingly resilient during the global disinflation of 2022–23. Growth in employment and incomes has held steady as favorable demand and supply developments have supported major economies, despite rising central bank interest rates aimed at restoring price stability. As inflation converges toward target levels and central banks pivot toward policy easing, a tightening of fiscal policies aimed at curbing high government debt levels, with higher taxes and lower government spending, is expected to weigh on growth. The pace of expansion is also expected to remain low by historical standards as a result of factors including the long-term consequences of the COVID-19 pandemic, Russia’s invasion of Ukraine, weak growth in productivity, and increasing geoeconomics fragmentation.

In late 2023, headline inflation neared its prepandemic level in most economies for the first time since the start of the global inflation surge. In the last quarter of 2023, headline inflation for advanced economies was 2.3 percent on a quarter-over-quarter annualized basis, down from a peak of 9.5 percent in the second quarter of 2022. For emerging market and developing economies, inflation was 9.9 percent in the last quarter of 2023, down from a peak of 13.7 percent in the first quarter of 2022, but this average was driven by high inflation in a few countries; for the median emerging market and developing economy, inflation declined to 3.9 percent. This progress notwithstanding, inflation is not yet at target in most economies.

As global inflation descended from its peak, economic activity grew steadily, defying warnings of stagflation and global recession. During 2022 and 2023, global real GDP rose by a cumulative 6.7 percent. That is 0.8 percentage point higher than the forecasts made at the time of the October 2022 World Economic Outlook (WEO) The United States and several large emerging market and middle-income economies displayed the greatest overperformance, with aggregate demand supported by stronger-than-expected private consumption amid still-tight—though easing—labor markets.

Households in advanced economies supported their spending by drawing down accumulated pandemic-era savings. Larger-than-expected government spending further supported the expansion of aggregate demand in most regions. The overall budgetary stance measured by the structural fiscal balance was more expansionary than expected, on average. Among large economies, the additional budgetary support, compared with October 2022 WEO forecasts, was estimated at 2 percent of GDP in the United States and 0.2 percent of GDP in the euro area, whereas in China,¹ the fiscal stance was mildly tighter than expected, by 0.7 percent of GDP. The euro area also displayed the smallest upside growth surprise, reflecting weak consumer sentiment and the lingering effects of high energy prices.

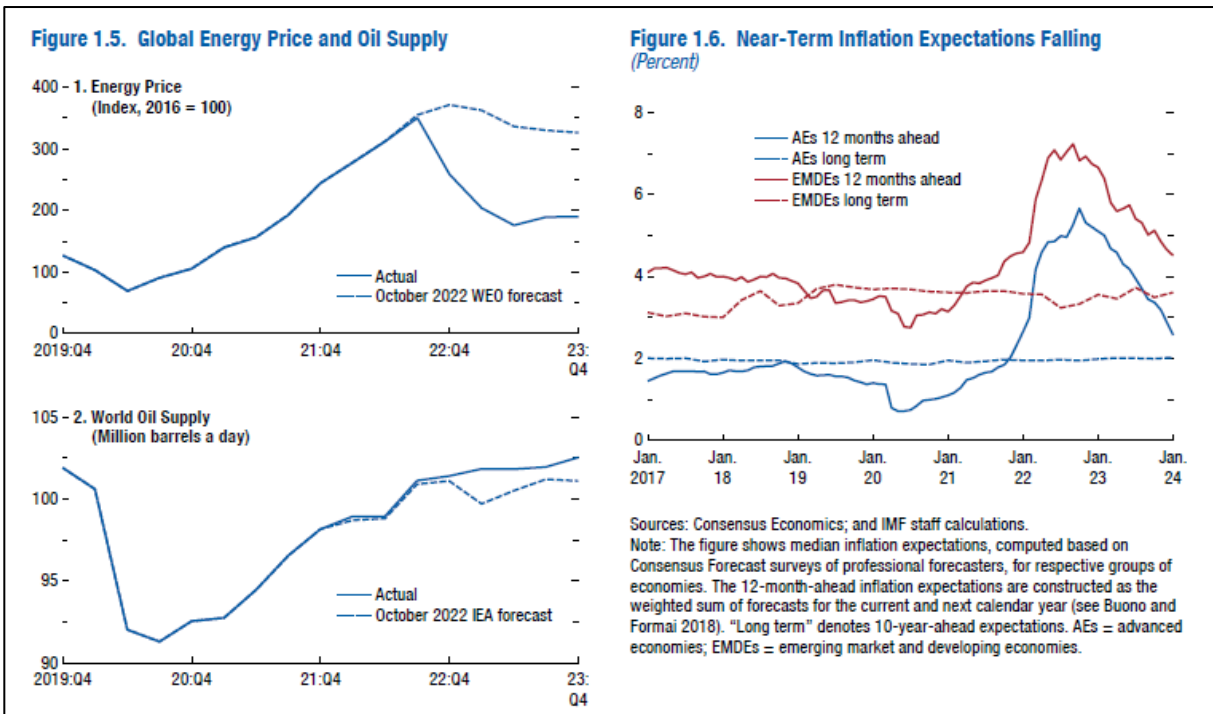

In parallel, global headline inflation declined broadly in line with expectations, averaging just 0.1 percentage point more than predicted in the October 2022 WEO for 2022 and 2023. However, in lower-income countries, inflation was on average higher than expected, reflecting cases in which pass-through into domestic prices from international food, fuel, and fertilizer costs, as well as from currency depreciation, was greater than expected. Price pressures in some lower-income countries were significant. These factors also caused these economies to grow more slowly than expected, suggesting a negative supply shock. In China, inflation fell unexpectedly, with the decrease reflecting sharply lower domestic food prices and pass-through effects on underlying (core) inflation. The resilience in global economic activity was compatible with falling inflation thanks to a post pandemic expansion on the supply side.

A greater-than-expected rise in the labor force amid robust employment growth supported activity and disinflation in advanced economies and several large emerging market and middle-income economies. The labor force expansion reflected, in some economies, increased inflows of migrants, with faster growth in the foreign-born than in the domestic-born labor force since 2021 as well as higher labor force participation rates. Exceptions to this pattern include China, where labor market weakness, in the context of subdued demand, was broad based across sectors, and lower-income countries, where supply-side challenges held job creation back.

Inflation (and Expectations) in Decline

The fall in headline inflation since 2022 reflects the fading of relative price shocks—notably those to energy prices—as well as lower core inflation. The decline in energy prices reflects not only increased global energy supply, but also the effects of tight monetary policies. The monetary tightening by central banks in major advanced economies during 2022–23 may have contributed strongly to lowering energy prices owing to its high degree of synchronization and the associated effect on curbing world energy demand.

Core inflation has declined as a result of the fading of effects of pass-through from past shocks to headline inflation, as well as because labor market pressures have eased. Pass-through effects include the effects of past relative price shocks notably those to the price of energy and supply shifts in various industries on prices and costs in other industries through supply-chain inputs and wage demands. Near-term inflation expectations are an important pass-through channel because of their

implications for both wage and price setting and have declined toward target levels in both advanced economies and emerging market and developing economies, although measures of financial-market-based inflation expectations have recently shown signs of a pickup in the US. Longer-term inflation expectations have remained anchored, despite the string of large shocks since 2020 with decisive communication and action by central banks safeguarding the credibility of their inflation targets and contributed little to recent movements in core inflation.

Labor markets remain tight, especially in the United States, but the recent decline in the ratio of vacancies to the number of unemployed people amid a rise in unemployment rates suggests an easing across several economies. Nominal wage growth has generally remained contained in advanced economies since 2022, especially in the euro area, implying a moderation in real (inflation-adjusted) wages. Real wages are now close to or slightly below the level they were on before the pandemic in these economies. Wage-price spirals in which prices and wages accelerate together for a sustained period have generally not taken hold. Nevertheless, wages at the bottom of the wage distribution have risen faster than the average since the start of the pandemic, compressing the distribution. The roles of these factors in reducing core inflation have diverged across major economies. IMF staff analysis suggests that the rapid fading of pass-through from past relative price movements—in particular from energy price shocks—has played a larger role in the euro area and the United Kingdom than in the United States in reducing core inflation (the staff's methodology was the same as that used in Dao and others 2023). In the United States, labor market tightness and, more broadly, strong macroeconomic conditions, which partly reflect the effects of earlier fiscal stimulus as well as strong private consumption, are the main source of remaining upward pressure on underlying inflation. In the United Kingdom, labor market tightness predating the pandemic may partly explain why inflation has been higher than in the US or euro area following the onset of the pandemic. Accordingly, IMF staff estimates of the gap between actual and potential output levels in 2023 are positive for the United States, at 0.7 percent, and negative for the euro area and for the United Kingdom, at -0.3 percent.

The Outlook: Steady Growth and Disinflation

Latest projections are for the global economy to continue growing at a similar pace as in 2023 during 2024–25 and for global headline and core inflation to decline steadily. There is little change in the forecast for global growth since the January 2024 WEO Update, with some adjustments for major economies including a further strengthening in the projection for the United States, offset by modest downward revisions across several other economies. The forecast for global growth remains higher, however, than in the October 2023 WEO. The outlook for inflation is broadly similar to that in the October 2023 WEO, with a downward revision for advanced economies, offset by an upward revision for emerging market and developing economies. Medium-term prospects for growth in world output and trade remain the lowest in decades, with the pace of convergence toward higher living standards slowing for middle- and lower-income countries. The baseline forecasts for the global economy are predicated on a number of projections for global commodity prices, interest rates, and fiscal policies.

- **Commodity price projections:** As explained in the Commodity Special Feature in this chapter, prices by, on average, 9.7 percent, with oil prices falling by about 2.5 percent. The decreases reflect abundant spare capacity and strong non-OPEC+ (Organization of the Petroleum Exporting Countries plus selected nonmember countries, including Russia) supply growth. Coal and natural gas prices are expected to continue declining from their earlier peaks, by 25.1 percent for coal and 32.6 percent for natural gas in 2024, with the gas market becoming increasingly balanced on account of fuel commodities are projected to fall in 2024 new supply, dampened demand, and high storage levels. The forecast for nonfuel commodity prices is broadly stable in 2024, with prices for base metals expected to fall by 1.8 percent, on account of weaker industrial activity in Europe and China. Food commodity prices are predicted to decline by 2.2 percent in 2024. Compared with those in the January 2024 WEO Update, forecasts for food prices have been revised slightly downward, driven by expectations of abundant global supplies for wheat and maize.
- **Monetary policy projections:** With inflation projected to continue declining toward targets and longer-term inflation expectations remaining anchored, policy rates of central banks in major advanced economies are generally expected to start declining in the second half of 2024. Among major central banks, by the fourth quarter of 2024, the Federal Reserve's policy rate is expected to have declined from its current level of about 5.4 percent to 4.6 percent, the Bank of England to have reduced its policy rate from about 5.3 percent to 4.8 percent, and the European Central Bank to have reduced its short-term rate from about 4.0 percent to 3.3 percent. For Japan, policy rates are projected to rise gradually, reflecting growing confidence that inflation will sustainably converge to target over the medium term despite Japan's history of deflation.

INDIAN ECONOMY OVERVIEW

Introduction

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market Size

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 172.90 lakh crores (US\$ 2.07 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 7.6% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to

list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India's current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of April 12, 2024, India's foreign exchange reserves stood at US\$ 643.162 billion.
- In 2023, India saw a total of US\$ 49.8 billion in PE-VC investments.

- Merchandise exports in March 2024 stood at US\$ 41.68 billion, with total merchandise exports of US\$ 437.06 billion during the period of April 2023 to March 2024.
- India was also named as the 48th most innovative country among the top 50 countries, securing 40th position out of 132 economies in the Global Innovation Index 2023. India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.
- In March 2024, the gross Goods and Services Tax (GST) stood at second highest monthly revenue collection at Rs.1.78 lakh crore (US\$ 21.35 billion), of which CGST is Rs. 34,532 crore (US\$ 4.14 billion), SGST is Rs. 43,746 crore (US\$ 5.25 billion).
- Between April 2000–December 2023, cumulative FDI equity inflows to India stood at US\$ 971.52 billion.
- In February 2024, the overall IIP (Index of Industrial Production) stood at 147.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 139.6, 144.5 and 187.1, respectively, in February 2024.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.69% in December 2023.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 8.06 billion) in India during January-April 2024.
- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.
- On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
- On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
- From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'AtmaNirbhar Bharat' and 'Local goes Global'.
- To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).

- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.
- The Amrit Bharat Station scheme for Indian Railways envisages the development of stations on a continuous basis with a long-term vision, formulated on December 29, 2022, by the Ministry of Railways.
- On October 7, 2022, the Department for Promotion of Industry and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).
- Telecom Technology Development Fund (TTDF) Scheme was launched in October 2022 by the Universal Service Obligation Fund (USOF), a body under the Department of Telecommunications. The objective is to fund R&D in rural-specific communication technology applications and form synergies among academia, start-ups, research institutes, and the industry to build and develop the telecom ecosystem.
- Home & Cooperation Minister Mr. Amit Shah laid the foundation stone and performed Bhoomi Pujan of Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for IT companies and start-ups in both countries.
- India and Namibia entered a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (Rs.) to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- The Agnipath Scheme aims to develop a young and skilled armed force backed by an advanced warfare technology scheme by providing youth with an opportunity to serve Indian Army for a 4-year period. It is introduced by the Government of India on June 14, 2022.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on July 11, 2022.
- In June 2022, Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow. The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, and Handloom & Textiles.

- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of bio capsule, an encapsulation technology for bio-fertilization on June 30, 2022.
- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- 'Mission Shakti' was applicable with effect from April 1, 2022, aimed at strengthening interventions for women's safety, security, and empowerment.
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 trillion (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Strengthening of Pharmaceutical Industry (SPI) was launched in March 2022 by the Ministry of Chemicals & Fertilisers to provide credit linked capital and interest subsidy for Technology Upgradation of MSME units in pharmaceutical sector, as well as support of up to Rs. 20 crore (US\$ 2.4 million) each for common facilities including Research centre, testing labs and ETPs (Effluent Treatment Plant) in Pharma Clusters, to enhance the role of MSMEs.
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, The Ministry of Social Justice & Empowerment launched the Scheme for Economic Empowerment of Denotified/Nomadic/SemiNomadic tribal communities (DNTs) (SEED) to provide basic facilities like good quality coaching, and health insurance. livelihoods initiative at a community level and financial assistance for the construction of houses.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 trillion (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production-linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production-linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2,500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
- In May 2021, the government approved the production-linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).

- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 trillion (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
- In November 2020, the Government of India announced Rs. 2.65 trillion (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system, help fuel liquidity, and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India, and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025

Road Ahead

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INDIAN MANUFACTURING INDUSTRY

Introduction

Manufacturing is emerging as an integral pillar in the country's economic growth, thanks to the performance of key sectors like automotive, engineering, chemicals, pharmaceuticals, and consumer durables. The Indian manufacturing industry generated 16-17% of India's GDP pre-pandemic and is projected to be one of the fastest growing sectors.

The machine tool industry was literally the nuts and bolts of the manufacturing industry in India. Today, technology has stimulated innovation with digital transformation a key aspect in gaining an edge in this highly competitive market.

Technology has today encouraged creativity, with digital transformation being a critical element in gaining an advantage in this increasingly competitive industry. The Indian manufacturing sector is steadily moving toward more automated and process-driven manufacturing, which is projected to improve efficiency and enhance productivity.

India has the capacity to export goods worth US\$ 1 trillion by 2030 and is on the road to becoming a major global manufacturing hub. With 17% of the nation's GDP and over 27.3 million workers, the manufacturing sector plays a significant role in the Indian economy. Through the implementation of different programmes and policies, the Indian government hopes to have 25% of the economy's output come from manufacturing by 2025.

India now has the physical and digital infrastructure to raise the share of the manufacturing sector in the economy and make a realistic bid to be an important player in global supply chains.

A globally competitive manufacturing sector is India's greatest potential to drive economic growth and job creation this decade. Due to factors like power growth, long-term employment prospects, and skill routes for millions of people, India has a significant potential to engage in international markets. Several factors contribute to their potential. First off, these value chains are well positioned to benefit from India's advantages in terms of raw materials, industrial expertise, and entrepreneurship.

Second, they can take advantage of four market opportunities: expanding exports, localising imports, internal demand, and contract manufacturing. With digital transformation being a crucial component in achieving an advantage in this fiercely competitive industry, technology has today sparked creativity. Manufacturing sector in India is gradually shifting to a more automated and process driven manufacturing which is expected to increase the efficiency and boost production of the manufacturing industry.

India is gradually progressing on the road to Industry 4.0 through the Government of India's initiatives like the National Manufacturing Policy which aims to increase the share of manufacturing in GDP to 25 percent by 2025 and the PLI scheme for manufacturing which was launched in 2022 to develop the core manufacturing sector at par with global manufacturing standards.

India is planning to offer incentives of up to Rs. 18,000 crore (US\$ 2.2 billion) to spur local manufacturing in six new sectors including chemicals, shipping containers, and inputs for vaccines.

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy. Government aimed to create 100 million new jobs in the sector by 2022.

Market Size

Manufacturing exports have registered highest ever annual exports of US\$ 447.46 billion with 6.03% growth during FY23 surpassing the previous year (FY22) record exports of US\$ 422 billion. By 2030, Indian middle class is expected to have the second-largest share in global consumption at 17%.

India's gross value added (GVA) at current prices was estimated at US\$ 626.5 billion as per the quarterly estimates of the first quarter of FY22.

India has potential to become a global manufacturing hub and by 2030, it can add more than US\$ 500 billion annually to the global economy. As per the economic survey reports, estimated employment in manufacturing sector in India was 5.7 crore in 2017-18, 6.12 crore in 2018-19 which was further increased to 6.24 crore in 2019-20. India's display panel market is estimated to grow from ~US\$ 7 billion in 2021 to US\$ 15 billion in 2025. As per the survey conducted by the Federation of Indian Chambers of Commerce and Industry (FICCI), capacity utilisation in India's manufacturing sector stood at 72.0% in the second quarter of FY22, indicating significant recovery in the sector.

The manufacturing GVA at current prices was estimated at US\$ 110.48 billion in the first quarter of FY24.

Investment

Some of the major investments and developments in this sector in the recent past are:

- According to the Department for Promotion of Industry and Internal Trade (DPIIT), India received a total foreign direct investment (FDI) inflow of US\$ 48.03 billion in FY23.
- Between April 2000-September 2023:
- The automobile sector received FDI inflows of US\$ 35.40 billion.
- The chemical manufacturing sector (excluding fertilisers) received FDI inflows worth US\$ 21.71 billion.
- The drug and pharmaceutical manufacturing sector received FDI inflows worth US\$ 21.58 billion.
- The Food Processing Industries received FDI inflows worth US\$ 12.35 billion.

- India's manufacturing sector activity continued to expand in November 2023, with the S&P Global Purchasing Managers' Index (PMI) reaching 56.
- During the financial year 2022-23, around 1.39 crore net members were added by EPFO with an increase of 13.22% compared to the previous financial year 2021-22 wherein EPFO had added approximately 1.22 crore net members.
- In FY23, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 55.6.
- The Index of Industrial Production (IIP) from April-October 2023 stood at 143.5.
- The combined index of eight core industries stood at 154.1 for April-September 2023 against 143.0 for April-September 2022.
- The cumulative index of eight core industries increased by 7.8% during April-September 2023-24 over the corresponding period of the previous year.
- In Q2 FY24, the survey, which covered 380 manufacturers that account for about Rs. 4.8 trillion (US\$ 58 billion) in sales, showed a robust 74% capacity utilization and improved future investment outlook during Q2.
- In FY23, the export of the top 6 major commodities (Engineering goods, Petroleum products, Gems and Jewellery, Organic and Inorganic chemicals, and Drugs and Pharmaceuticals) stood at US\$ 295.21 billion.
- The Employees' Provident Fund Organisation (EPFO) added 1,720,615 in September 2023.
- In October 2021, information technology major Zoho, announced that it will invest Rs. 50–100 crore (US\$ 6.7-13.4 million) and form a new company, that will focus on research and development (R&D) in the manufacturing sector.
- In August 2021, Wistron Corp. collaborated with India's Optimus Electronics to manufacture products such as laptops and smartphones, giving a major boost to the 'Make in India' initiative and electronics manufacturing in the country.
- In April 2021, Samsung started manufacturing mobile display panels at its Noida plant and plans to ramp up manufacturing IT display panels soon.
- Samsung Display Noida, which has invested Rs. 4,825 crore (US\$ 650.42 million) to move its mobile and IT display manufacturing plant from China to Uttar Pradesh, has received special incentives from the state government.
- In April 2021, Bharti Enterprises Ltd. and Dixon Technologies (India) Ltd., formed a joint venture to take advantage of the government's PLI scheme for the manufacturing of telecom and networking products.

Government Initiatives

The Government of India has taken several initiatives to promote a healthy environment for the growth of manufacturing sector in the country. Some of the notable initiatives and developments are:

- In the Interim Union Budget 2024-2025:
- In the interim budget 2024, the allocation for the Production Linked Incentive (PLI) Scheme for various sectors saw a substantial increase, with notable examples including a 360% rise to Rs 6,903 crore (US\$ 830 million) for the Semiconductors and Display Manufacturing Ecosystem and a 623% surge to Rs 3,500 crore (US\$ 421 million) for the Automobile sector.
- In the interim budget 2024, there was commendable fiscal responsibility demonstrated alongside significant investments in infrastructure, including emphasis on affordable housing, clean energy, and technological advancement. Additionally, the budget allocated funds for the creation of a Rs 1-lakh crore (US\$ 12 billion) innovation fund for sunrise domains, providing a substantial boost for the startup industry. Moreover, there was a notable focus on promoting the shift to electric vehicles (EV) through the expansion of EV charging networks, thereby offering opportunities for small vendors in manufacturing and maintenance.
- In the Interim Union Budget 2024-25, the Ministry of Defence has been allocated Rs. 621,541 crore (US\$ 74.78 billion), marking a significant increase of approximately 4.72% from the previous allocation of Rs. 593,538 crore (US\$ 71.41 billion).

- Under the Skill India mission, Pradhan Mantri Kaushal Vikas Yojana (PMKVY) has trained over 1.40 crore candidates since 2015, as per Skill India Digital data until December 13, 2023. Notably, in the Short-term Training (STT) program, 42% of certified candidates found placement opportunities, with 24.39 lakh candidates successfully placed out of 57.42 lakh certified.

In the Union Budget 2023-24:

- Startups incorporated within a time-period and meeting other conditions can deduct up to 100% of their profits; the end of this period has been extended from March 31, 2023, to March 31, 2024. In addition, the period within which losses of startups may be carried forward has been extended from seven to ten years.
- As per the Union Budget 2023 – 24, the income tax rate for new co-operative societies engaged in manufacturing activities has been lowered from 22% to 15% (plus 10% surcharge).
- The upper limit on turnover for MSMEs to be eligible for presumptive taxation has been raised from Rs. 2 crore (US\$ 2,43,044) to Rs. 3 crore (US\$ 3,64,528). The upper limit on gross receipts for professionals eligible for presumptive taxation has been raised from Rs. 50 lakh (US\$ 60,754) to Rs. 75 lakh (US\$ 91,132).
- Expenditure on fertilizer subsidy is estimated at Rs. 1,75,100 crore (US\$ 21.2 billion) in 2023-24. This is a decrease of Rs. 50,120 crore (US\$ 6.09 billion) (22.3%) from the revised estimate of 2022-23. Fertilizer subsidy for 2022-23 was increased substantially in response to a sharp increase in international prices of raw materials used in the manufacturing of fertilizers.
- The Centre will facilitate one crore farmers to adopt natural farming. For this, 10,000 Bio-Input Resource Centres will be set-up, creating a national-level distributed micro-fertilizer and pesticide manufacturing network.
- To avoid cascading of taxes on blended compressed natural gas, excise duty on GST-paid compressed biogas contained in it has been exempted from excise duty. Customs duty exemption has been extended to import of capital goods and machinery required for manufacture of lithium-ion cells for batteries used in electric vehicles.
- To further deepen domestic value addition in manufacture of mobile phones, the finance minister announced relief in customs duty on import of certain parts and inputs like camera lens. The concessional duty on lithium-ion cells for batteries will continue for another year. Basic customs duty on parts of open cells of TV panels has been reduced to 2.5%. The Budget also proposes changes in the basic customs duty to rectify inversion of duty structure and encourage manufacturing of electrical kitchen chimneys.
- Basic customs duty on seeds used in the manufacture of Lab Grown Diamonds has also been reduced.
- Ministry of Defence has set a target of achieving a turnover of US\$ 25 billion in aerospace and defence Manufacturing by 2025, which includes US\$ 5 billion exports. Till October 2022, a total of 595 Industrial Licences have been issued to 366 companies operating in Defence Sector.
- A new category of capital procurement ‘Buy {Indian-IDDMM (Indigenously Designed, Developed and Manufactured)}’ has been introduced in Defence Procurement Procedure (DPP)-2016
- By 2030, the Indian government expects the electronics manufacturing sector to be worth US\$ 300 billion.
- Initiatives like Make in India, Digital India and Startup India have given the much-needed thrust to the Electronics System Design and Manufacturing (ESDM) sector in India.
- Moreover, the government’s endeavours such as Modified Special Incentive Scheme (M-SIPS), Electronics Manufacturing Clusters, Electronics Development Fund and National Policy on Electronics 2019 (NPE 2019) have been a huge success.
- The Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECES) has been notified with an aim to strengthen the value chain for the manufacturing of electronic products in India.

In the Union Budget 2022-23:

- Ministry of Defence was allocated Rs. 525,166 crore (US\$ 67.66 billion)

- The government allocated Rs. 2,403 crore (US\$ 315 million) for Promotion of Electronics and IT Hardware Manufacturing.
- The PLI for semiconductor manufacturing is set at Rs. 760 billion (US\$ 9.71 billion), with the goal of making India one of the world's major producers of this crucial component.
- The government approved a PLI scheme for 16 plants for key starting materials (KSMs)/drug intermediates and active pharmaceutical ingredients (APIs). The establishment of these 16 plants would result in a total investment of Rs. 348.70 crore (US\$ 47.01 million) and generation of ~3,042 jobs. The commercial development of these plants is expected to begin by April 2023.
- In September 2022, the National Logistics Policy was launched by Prime Minister Mr. Narendra Modi which ensures quick last mile delivery, ends transport-related challenges.
- In November 2021, the Experts' Advisory Committee (EAC) of the Department for Promotion of Industry and Internal Trade approved Rs. 3 crore (US\$ 403,293.54) for the Atal Incubation Centre (AIC), Pondicherry Engineering College Foundation (PECF), under the Start-up India Seed Fund scheme.
- In September 2021, Prime Minister Mr. Narendra Modi approved the production-linked incentive (PLI) scheme in the textiles sector—for man-made fibre (MMF) apparel, MMF fabrics and 10 segments/products of technical textiles—at an estimated outlay of Rs. 10,683 crore (US\$ 1.45 billion).
- India outlined a plan in August 2021 to reach its goal of US\$ 1 trillion in manufactured goods exports.
- In July 2021, the government launched six technology innovation platforms to develop technologies and thereby, boost the manufacturing sector in India to compete globally.
- To propagate Make in India, in July 2021, the Defence Ministry issued a tender of Rs. 50,000 crore (US\$ 6.7 billion) for building six conventional submarines under Project-75 India.
- In May 2021, the government approved a PLI scheme worth Rs. 18,000 crore (US\$ 2.47 billion) for production of advanced chemical cell (ACC) batteries; this is expected to attract investments worth Rs. 45,000 crore (US\$ 6.18 billion) in the country, and further boost capacity in core component technology and make India a clean energy global hub.
- In India, the market for grain-oriented electrical steel sheet manufacturing is witnessing high demand from power transformer producers, due to the rising demand for electric power and increasing adoption of renewable energy in the country.
- The Mega Investment Textiles Parks (MITRA) scheme to build world-class infrastructure will enable global industry champions to be created, benefiting from economies of scale and agglomeration. Seven Textile Parks will be established over three years.
- The government proposed to make significant investments in the construction of modern fishing harbours and fish landing centres, covering five major fishing harbours in Kochi, Chennai, Visakhapatnam, Paradip, and Petuaghat, along with a multipurpose Seaweed Park in Tamil Nadu. These initiatives are expected to improve exports from the textiles and marine sectors.
- The 'Operation Green' scheme of the Ministry of the Food Processing Industry, which was limited to onions, potatoes, and tomatoes, has been expanded to 22 perishable products to encourage exports from the agricultural sector. This will facilitate infrastructure projects for horticulture products.

Road Ahead

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up or are looking to establish their manufacturing bases in the country. The manufacturing sector of India has the potential to reach US\$ 1 trillion by 2025. The implementation of the Goods and Services Tax (GST) will make India a common market with a GDP of US\$ 3.4 trillion along with a population of 1.48 billion people, which will be a big draw for investors. The Indian Cellular and Electronics Association (ICEA) predicts that India has the potential to scale up its cumulative laptop and tablet manufacturing capacity to US\$ 100 billion by 2025 through policy interventions.

One of the initiatives by the Government of India's Ministry for Heavy Industries & Public Enterprises is SAMARTH Udyog Bharat 4.0, or SAMARTH Advanced Manufacturing and Rapid Transformation Hubs. This is expected to increase competitiveness of the manufacturing sector in the capital goods market. With impetus on developing industrial corridors and smart cities, the Government aims to ensure holistic development of the nation. The corridors would further assist in integrating, monitoring and developing a conducive environment for the industrial development and will promote advance practices in manufacturing.

INDIAN CHEMICAL INDUSTRY

Introduction

Covering more than 80,000 commercial products, India's chemical industry is extremely diversified and can be broadly classified into bulk chemicals, specialty chemicals, agrochemicals, petrochemicals, polymers, and fertilisers. India is the 6th largest producer of chemicals in the world and 3rd in Asia, contributing 7% to India's GDP. India's chemical sector, which was estimated to be worth US\$ 220 billion in 2022, is anticipated to grow to US\$ 300 billion by 2025 and US\$ 1 trillion by 2040.

Globally, India is the fourth-largest producer of agrochemicals after the United States, Japan and China. India accounts for 16-18% of the world's production of dyestuffs and dye intermediates. India's agrochemicals export was estimated to be at US\$ 3.12 billion from April 2023 to December 2023. Indian colourants industry has emerged as a key player with a global market share of ~15%. The country's chemicals industry is de-licensed, except for a few hazardous chemicals. India has traditionally been a world leader in generics and biosimilars and a major Indian vaccine manufacturer, contributing more than 50% of the global vaccine supply. India holds a strong position in exports and imports of chemicals at a global level and ranks 14th in exports and 8th in imports at the global level (excluding pharmaceuticals).

From April 2023 to December 2023, India's dye exports (Dyes and Dye Intermediates) totalled US\$ 1.69 billion. India's proximity to the Middle East, the world's source of petrochemicals feedstock, enables it to benefit on economies of scale.

Market Size

India's chemical sector, which was estimated to be worth US\$ 220 billion in 2022, is anticipated to grow to US\$ 300 billion by 2025 and US\$ 1 trillion by 2040. The demand for chemicals is expected to expand by 9% per annum by 2025. The chemical industry is expected to contribute US\$ 383 billion to India's GDP by 2030.

India has traditionally been a world leader in generics and biosimilars and major Indian vaccine manufacturers, contributing more than 50% of the global vaccine supply. Chemicals and petrochemicals demand in India is expected to nearly triple and reach US\$ 1 trillion by 2040.

An investment of Rs. 8 lakh crore (US\$ 107.38 billion) is estimated in the Indian chemicals and petrochemicals sector by 2025. Specialty chemicals account for 20% of the global chemicals industry's US\$ 4 trillion, with India's market expected to increase at a CAGR of 12% to US\$ 64 billion by 2025.

This gain would be driven by a healthy demand growth (CAGR of 10-20%) in the export/end-user industries. The Department of Chemicals & Petrochemicals intends to bring PLI in the chemical & petrochemical sector and will redraft the Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) guidelines.

The Indian chemical industry is expected to further grow with a CAGR of 11-12% by 2027, increasing India's share in the global specialty chemicals market to 4% from 3%.

A shift in the global supply chain brought on by the China+1 strategy and a resurgence in domestic end-user demand was expected to fuel significant revenue growth of 18–20% in 2022 and 14–15% in 2023.

Investments And Recent Developments

A few recent developments/investments in the Indian chemical sector are as follows:

- From April 2023 to March 2024, exports of organic chemicals stood at US\$ 7.54 billion & inorganic stood at US\$ 2.02 billion.
- Imports of organic chemicals were US\$ 14.80 billion and inorganic chemicals US\$ 6.34 billion from April 2023 to March 2024.
- From April 2023 to March 2024, exports of castor oil, essential oil, and cosmetics and toiletries stood at US\$ 4.3 billion.
- Major chemical production reached 931.2 million metric tonnes (MMT) in January 2024, while petrochemical production reached 1,863.57 MMT. In January 2024, production levels of various chemicals were as follows: Soda Ash: 255.21 MMT, Caustic Soda: 290.60 MMT, Liquid Chlorine: 205.05 MMT, Formaldehyde: 25.834 MMT, and Pesticides and Insecticides: 19.90 MMT.
- In August 2023, the Prime Minister announced a subsidy of Rs. 10 lakh crore (US\$ 120.93 billion) for providing cheaper Urea to farmers.
- In July 2023, Global Chemicals and Petrochemicals Manufacturing Hubs in India (GCPMH 2023) was organized in Delhi, India.
- In June 2023, Himadri Speciality Chemical invested Rs. 58 crore (US\$ 7.01 million) in Sicona Battery Technologies Pty Ltd, (Sydney) for a 12.79% stake.
- In June 2023, Mumbai-based UPL Ltd, will hive off its speciality chemicals business on a slump sale basis to a wholly-owned arm of UPL Speciality Chemicals Ltd for Rs. 3,572 crore (US\$ 431.96 million).
- In June 2023, Reliance plans to invest Rs. 75,000 crore (US\$ 9.06 billion) over 5 years to expand its oil to chemical business.
- Tata Chemicals intended to invest about Rs. 8,000 crore (US\$ 967.45 million) over the next 2-3 years as capex on an expansion spree that includes scaling businesses sustainably.
- In May 2023, Reliance Industries plans to set up a 10 GW solar project in Andhra Pradesh.
- In March 2023, Chennai awaits more bio-CNG plants to enable a switch to clean energy.
- On February 15th, 2023, the Indian Speciality Chemical Manufacturer' Association (ISCMA) signed an MoU with USIIC to promote trade in speciality chemicals.
- In February 2023, the company is setting up a new formaldehyde plant with 300 TPD capacity at the existing manufacturing facility at GIDC, Ankleshwar in Gujarat.
- In January 2023, Tata Chemicals Europe signed a pact with Essar-backed Vertex for the sale of low-carbon hydrogen.
- In December 2022, GMM Pfaudler Ltd entered into an agreement on December 8, 2022, to acquire Mixel France SAS and its wholly owned subsidiary Mixel Agitator Co. Ltd. for US\$ 7.63 million.
- In September 2022, the Royal Society of Chemistry (RSC) and CSIR work together to support chemistry in schools across India.
- In September 2022, Spanish perfume maker Puig acquired a controlling stake in Kama Ayurveda Pvt. owning 85% of the company.
- In May 2022, a global investment firm, PAG acquired Optimus Group along with consortium partners CX Partners and Samara Capital.

- In April 2022, Dorf Ketal, a manufacturer of research-based specialised chemicals acquired Khyati Chemicals for Rs. 300-400 crore (US\$ 36.28 - 48.48 million).
- Advent International acquired a majority position in Avra Labs in January 2022, uniting it with two other businesses it had previously acquired, RA Chem Pharma and ZCL Chemicals.
- In July 2022, NTPC Renewable Energy Limited (NTPC REL) and Gujarat Alkalies and Chemicals Limited (GACL) signed an MoU to establish India's first commercial-scale Green Ammonia and Green Methanol plants.
- In November 2021, Indian Oil Corporation (IOCL) announced plans to invest Rs. 3,681 crore (US\$ 495.22 million) to set up India's first mega-scale maleic anhydride unit for manufacturing high-value speciality chemicals at its Panipat Refinery in Haryana.
- In November 2021, Praj Industries Limited and Indian Oil Corporation inked a memorandum of understanding (MoU) to explore opportunities in the production of alcohol-to-jet (ATJ) fuels, 1G & 2G ethanol, compressed bio-gas (CBG) and related opportunities in the biofuels industry.
- In November 2021, Coromandel International announced plans to set up a 1,650-metric-tonnes-per-day sulphuric acid plant at its fertiliser complex in Visakhapatnam with an investment of Rs. 400 crore (US\$ 53.69 million).
- On September 30, 2021, Prime Minister, Mr. Narendra Modi, inaugurated the CIPET: Institute of Petrochemicals Technology, Jaipur.
- In October 2021, Nayara Energy announced that it expects 15-20 new integrated petrochemical plants to become operational within the next decade in the country, to meet the rising demand for raw materials used in the plastics and clothing industries.
- In October 2021, Rosneft, Russia, launched a large-scale petrochemical production development programme in India with investments worth ~US\$ 750 million at the current implemented stage.
- In September 2021, Bharat Petroleum Corporation (BPCL), announced plans to invest US\$ 4.05 billion, to improve petrochemical capacity and refining efficiencies over the next five years.
- The government is planning to hold roadshows in eight overseas markets for the proposed investors' summit planned in January 2022, with a focus on the petrochemicals sector, and is eager to attract investors to its newly launched Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) near the upcoming crude oil refinery in Pachpadra village (in Barmer district, Rajasthan).

Government Initiatives

The government has started various initiatives such as mandating BIS-like certification for imported chemicals to prevent dumping of cheap and substandard chemicals into the country.

The Indian government recognises the chemical industry as a key growth element and is forecast to increase share of the chemical sector to ~25% of the GDP in the manufacturing sector by 2025.

- Under the Interim Budget 2024-25 the government allocated Rs. 192.21 crore (US\$ 23.13 million) to the Department of Chemicals and Petrochemicals.
- Government to open 25,000 Jan Aushadhi Kendras to make medicines available at affordable prices.
- In April 2023, the Cabinet approved the National Medical Devices Policy, 2023.
- The Department of Chemicals & Petrochemicals intends to bring PLI in the chemical & petrochemical sector and will redraft the Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) guidelines.
- PLI schemes have been introduced to promote Bulk Drug Parks, with a budget of Rs. 1,629 crore (US\$ 213.81 million).
- The Government of India is considering launching a production-linked incentive (PLI) scheme in the chemical sector to boost domestic manufacturing and exports.
- A 2034 vision for the chemicals and petrochemicals sector has been set up by the government to explore opportunities to improve domestic production, reduce imports and attract investments in the sector. The government plans to

implement a production-link incentive system with 10-20% output incentives for the agrochemical sector; to create an end-to-end manufacturing ecosystem through the growth of clusters.

- In October 2020, the government urged players in the agrochemicals industry to come out with new molecules of global standards for the farmers' benefit, while CropLife India, the industry body, pitched for stable policies and regulatory regimes to boost growth in the sector.
- 100% FDI is allowed under the automatic route in the chemicals sector with few exceptions that include hazardous chemicals. FDI inflows in the chemicals sector (other than fertilizers) reached US\$ 22.146 billion between April 2000-March 2024.
- The government has proposed several incentives for setting up a sourcing or manufacturing platform within an Indian SEZ:
 - Effective April 1, 2020, 100% Income Tax exemption on export income for SEZ units for the first five years, 50% for the next five years thereafter and 50% of the ploughed back export profit for the next five years.
 - Single window clearance for central and state-level approvals.
 - Duty-free import/domestic procurement of goods for development, operation and maintenance of SEZ units.
- In December 2020, the PCPIR policy is being completely redesigned. Under the new PCPIR Policy 2020-35, a combined investment of Rs. 10 lakh crore (US\$ 142 billion) is targeted by 2025, Rs. 15 lakh crore (US\$ 213 billion) by 2030 and Rs. 20 lakh crore (US\$ 284 billion) by 2035 in all PCPIRs across the country. The four PCPIRs are expected to generate employment for ~33.83 lakh people. ~3.50 lakh persons have been employed in direct and indirect activities related to PCPIRs by the end of 2020. The Gujarat Infrastructure Development Corporation (GIDC) has made an investment of around Rs. 17,317 crore (US\$ 2.09 billion) for infrastructure development in the PCPIR.

Road Ahead

Despite the pandemic situation, the Indian chemical industry has numerous opportunities considering the supply chain disruption in China and the trade conflict between the US, Europe and China. Anti-pollution measures in China will also create opportunities for the Indian chemical industry in specific segments.

Additional support, in terms of fiscal incentives, such as tax breaks and special incentives through PCPIRs or SEZs to encourage downstream units will enhance production and development of the industry. The dedicated integrated manufacturing hubs under the Petroleum, Chemicals and Petrochemicals Investment Regions (PCPIR) policy to attract an investment of Rs. 20 lakh crore (US\$ 276.46 billion) by 2035.

To bring about structural changes in the working of the domestic chemical industry, future investments should not only focus on the transportation of fuels such as petrol and diesel but also on crude-to-chemicals complexes or refineries set up to cater to the production of chemicals.

OUR BUSINESS

This chapter should be read in conjunction with, and is qualified in its entirety by, the more detailed information about our Company and its financial statements, including the notes thereto, in the section titled “Risk Factors” and chapters titled “Restated Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 30, 188 and 243 respectively, of this Draft Red Herring Prospectus.

Unless otherwise indicated, the Restated Financial Statements included herein is based on our Restated Financial Statements for the Financial Years ended on March 31, 2024, 2023 and 2022 included in this Draft Red Herring Prospectus. For further information, see “Restated Financial Statements” beginning on page 188 of this Draft Red Herring Prospectus.

OVERVIEW

Our Company is mainly engaged in the business of manufacturing of a wide range of chemicals, Pyrazoles, Pyrazolones, Speciality Chemicals, Pigment & Dye Intermediates and Air Oxidation Chemistry that serves multiple industries, including pharmaceuticals, agriculture, coatings, pigments, dyes and others. This wide array of end uses highlights the extensive and versatile nature of our product offerings. Our extensive and varied portfolio ensures that we are not confined to one sector. This strategic diversification safeguards us from potential downturns in any single market, providing stability and resilience.

Our Company boasts a global presence, operating in around 11 countries. This extensive international footprint provides us with a broad perspective on market dynamics, enabling us to make informed decisions and better judge market trends. A significant portion of our exports is directed to China, highlighting the exceptional capabilities of our R&D team in synthesizing molecules cost-effectively. This not only underscores our price competitiveness in the global market but also demonstrates our ability to deliver high-quality products at competitive prices. Moreover, our ability to navigate across different chemical processes and applications allows us to meet a wide array of customer needs. This versatility broadens our market presence and enhances our adaptability to changing market conditions and emerging trends.

Our Company is customer centric, values based, R&D driven chemical manufacturer. Our commitment to quality is further demonstrated by our ISO 9001:2015 certification in Quality Management System and ISO 14001:2015 in Environmental Management System. As an ISO certified company, we prioritize quality and precision in crafting chemical compounds and raw materials tailored for agrochemical, coating, pharma, dyes, pigments and specialty chemicals industries. With manufacturing under one roof, our company maintains stringent quality control standards throughout the entire manufacturing process. By doing so, we ensure that our products meet the relevant quality standards before they reach the market.

Furthermore, our staff ensures the reliability and credibility of our laboratory results and services. With their expertise, we maintain precision, adhere to protocols, and deliver results in a timely manner, all of which are paramount in our industries. Having these resources and capabilities in-house allows our Company to support various aspects of product development, quality control, and regulatory compliance.

Technichem always emphasis on importance to environment friendly atmosphere and leading to green technology. To maintain the same, we have primary and secondary treatment facilities backed by multiple effect evaporator for environment management system. As per the need of an hour, improvement is endless process and accepting the same, we have research and development center where we keep on developing the products and improving the process and yield of existing products.

Our approach is supported by a strong commitment to research and development. By continuously investing in the improvement of our products and optimizing the synthesis routes for existing ones, we maintain our competitive edge and expand our market reach. This dedication to R&D helps minimize our exposure to fluctuations in any particular industry.

Since 1996, we have started our journey with the production of pyrazolones & pyrazoles and as & when times goes by, we have developed & commercialize intermediates for multiple applications. We are having manufacturing capacity of 9,50,000 kg per annum as on the date of this Draft Red Herring Prospectus, we have three plants at our factory and our factory area is spreaded in 26,079 squares meters. We are well-equipped to meet the growing demands of our customers and deliver products in a timely manner. Our manufacturing facilities adhere to rigorous quality control measures and industry best practices.

We currently have our manufacturing facility located at Survey No. 342, 346 and 347, Village - Lunej, Khambhat-Golana Road, District - Anand, Gujarat – 388620, Gujarat, India. The total area of the facility is approximately 26,079 square meters. Our manufacturing facilities are well equipped with the required facilities including machinery, other handling equipment’s to facilitate smooth manufacturing process. We endeavour to maintain safety in our premises by adhering to

key safety norms, established through our regular health check-ups and safety manual, accompanied by regular safety meetings.

Our company is promoted by Mr. Bharat Jayantilal Pandya and Mr. Anil Jayantilal Pandya. Our promoters have played pivotal roles in guiding, developing, growing, managing, and controlling the major aspects of our business operations, drawing upon their considerable expertise in our sector. For more details, please see the chapter titled, “*Our Management*” and “*Our Promoter and Promoter Group*” on page 167 and 182 of this Draft Red Herring Prospectus. Our core strength is our team, ‘Our people’ who has helped company to become multi-speciality product catering to various industries.

Our product mix has evolved over the past several years and we entered different product categories. We are consistently expanding our product portfolio through research and development of Pyrazoles, Pyrazolones, Speciality Chemicals, Pigment & Dye Intermediates and Air Oxidation Chemistry. We have a well-equipped R & D facility capable of carrying out most of the “Unit Processes” such as Sulfonation, Nitration, Halogenations, Esterification, Friedle-Craft reactions, Grignard reactions, Suzuki-coupling, Amination, Condensations hydrogenation etc.

Our expertise in handling chemicals makes us most favored company by many indigenous and multinational manufactures. We have a successful track record in developing and scaling up processes from bench level to commercialization. Almost all the products being manufactured are developed in-house and number of products are developed and ready for plant level scale up in near future.

At *Technichem Organics Limited*, our vision is to be a global leader in the specialty chemical manufacturing industry, recognized for our innovative solutions, cutting-edge research, and unwavering commitment to sustainability and ethical business practices. We aspire to drive positive change by leveraging advanced technologies and scientific expertise to develop eco-friendly, high-performance products. Our goal is to set new industry standards through continuous improvement and technical excellence.

Our mission at *Technichem Organics Limited* is to deliver high-quality, specialty chemicals that meet the diverse needs of our customers through continuous innovation, rigorous safety standards, and ethical operations. We are dedicated to fostering a culture of integrity, environmental stewardship, and social responsibility. By prioritizing sustainable practices and ethical values, we aim to create lasting value for our stakeholders and contribute to a healthier, more sustainable world.

Explanation of KPIs:

- 1) Revenue from operation means revenue from sale of our products
- 2) EBITDA is calculated as Profit before tax + Depreciation + Finance Costs – Other Income
- 3) EBITDA Margin is calculated as EBITDA divided by Revenue from Operations
- 4) PAT Margin is calculated as PAT for the year divided by revenue from operations
- 5) Return on Equity is calculated by comparing the proportion of net income against the amount of average shareholder equity
- 6) Debt to Equity ratio is calculated as Total Debt divided by equity
- 7) Current Ratio is calculated by dividing Current Assets to Current Liabilities

OUR STRENGTHS

We believe that the following competitive strengths have contributed to our business growth and will continue to drive our success:

1. *Multi-product capability*

We are focused on manufacturing chemical intermediates involving complex and differentiated chemistry and technology. Our products have applications across a wide spectrum of industry including agrochemical, coating, pharma, dyes, pigments. However, we have versatile manufacturing facility by which we can produce multiple products using a combination of processes. The flexible manufacturing infrastructure helps us change our product mix in response to changes in market demand. We have complete infrastructure of formulation development, pilot plant and validation studies and are able to develop efficient and cost-effective specialized processes at short notice. Our diversification of revenue across multiple industries allows us to prevent any possible customer concentration in any of our product categories. With our track record and wide product portfolio, we have been able to retain our existing customers and have also been able to attract new customers. A diverse and well-balanced product portfolio is another key competitive advantage for our Company. Our Company offers a comprehensive range of products, including Pyrazoles, Pyrazolones, Speciality Chemicals, Pigment Intermediates, Air Oxidation Chemistry, Ether etc. This diverse portfolio allows our company to cater to various market segments and respond effectively to changing market demands.

2. *Established infrastructure and integrated production with cost efficiencies*

Our manufacturing infrastructure is equipped with technology and systems that are key drivers for our products. We have an integrated production facility, located at Khambhat, Gujarat, which is located in the district of Anand is spread across approximately 26,079 square meters. Our facility is equipped to function independently, with its own research & Development laboratory, pilot plant, quality department etc. Moreover, we source majority of our raw material locally with minimum dependency on imports. Our manufacturing facilities employ technologies and systems such as High Temperature Reaction up to 220°C; Low Temperature reaction up to -10°C, Solid Phase Back Reaction etc. As on the date of this Draft Red Herring Prospectus, we have three plants at our factory and our total annual installed capacity is 9,50,000 kg per annum. Our facility is equipped with its own quality department, effluent treatment plant, sewage treatment plant and stockyard. Our operations have an ISO 9001:2015 certification. We have made significant investments in capital expenditures for the improvement and maintenance of our facility, including investments in plant and machinery and investments in laboratory equipment. We also intend to make further investment in our manufacturing facilities by deploying some portion of net proceeds of the Issue for improvising bottom line of our Company, for further details see “*Objects of the Issue*” on page 89 of this Draft Red Herring Prospectus.

3. *Core Focus on consistent R&D, value engineering and to leverage complex chemistry and technology*

Our Company is a technology-driven organization supported by extensive R&D department, coupled with well-equipped laboratories and the technical officials in the industry. Emphasis is placed on upgrading process technology, reducing costs, conducting pilot plant research, improving quality, optimizing resource utilization, and developing new products.

We utilize analytical techniques to assess market trends, competitor products, and customer feedback to identify areas for product improvement. This R&D initiative is essential for us to maintain our competitive edge in the market, drive product improvement, and meet the evolving needs of customers. By investing in research and development, we aim to solidify our position as a trusted provider of specialty chemicals while fostering long-term growth and sustainability. Our focus on product and process improvement through continuous R&D has been instrumental in the growth of our business and improved our ability to customize products for our customers as well as reduced our cost of goods while maintaining our margins. Our R&D is focused on enabling us to perform multi-step synthesis as well as developing in-house processes and identifying complex chemistries. These capabilities ensure comprehensive evaluation and validation of products and processes, enabling us to maintain high standards of quality and improvement within its industry. Our R&D laboratory is fitted with equipment like HPLC, Gas Chromatography, Karl Fischer, LOD, Autoclave, Pilot plant capabilities etc.

4. *Focus on Quality, Environment, Health and Safety*

Our business is focused on emphasizing on quality, environment, health and safety. We believe that maintaining a high standard of quality for our products is critical to our continued growth. Across our manufacturing facilities, we have put in place quality systems that cover all areas of our business processes from manufacturing, supply chain to product delivery to ensure consistent quality, efficacy and safety of products. Our laboratory is equipped with technology and staffed by technically qualified experts who can handle timely quality checks. This comprehensive testing process assures that all products manufactured by our Company meets relevant quality standards and adhere to regulatory requirements. Our Company focuses on evaluating the quality of its systems and processes. This holistic approach ensures that every aspect of the manufacturing and quality control processes is assessed and optimized to deliver consistent and reliable results. Our company’s commitment to quality is further reinforced by its certifications, including Environmental Clearance from The

Ministry of Environment, Forest and Climate change, Government of India for 600 TPM of Dye Intermediates along with Dyes and Pigments manufacturing, Certificate of One Star Export House up by Ministry of Commerce & Industry, Government of India, ISO 9001:2015 Certification in Quality Management System, ISO 14001:2015 in Environmental Management System. Our products go through various quality checks at various stages including random sampling check and quality check internally. We adhere to quality standards as prescribed by our customers to meet the desired requirement; hence we get repetitive orders from our customers. We work to ensure a safe and healthy workplace. In addition, we have installed comprehensive safety equipment including integrated fire hydrant system across the plant, Fire Extinguisher provided, Helmet, First Aid Box, etc. Our installed equipment and systems allow us to control our safety systems and processes.

5. *Experienced Promoters and management team*

We are led by qualified and experienced management team, who we believe have knowledge and understanding of the chemical industry and have the expertise and vision to scale up our business. Thus, we are well placed to capitalize the knowledge and experience of our management team which has been instrumental in growth of our Company. Our promoters have substantial experience in the sectors in which we serve, which enables us to capture market opportunities, formulate and execute business strategies, manage client expectations as well as proactively respond to changes in the market conditions.

Our Promoters and Management have played a key role in guiding, developing, and growing our business, for details, relating to the experience of our management and promoters, please see the chapters titled, “*Our Management*” and “*Our Promoter and Promoter Group*” on page 167 and 182 of this Draft Red Herring Prospectus. The team comprises of personnel having technical, operational, and business development experience in chemical industries. We believe that our management team’s experience and their understanding of the industry, regulatory affairs, manufacturing, quality control, sales, marketing, and finance will enable us to continue to take advantage of both current and future market opportunities within India and Abroad.

Moreover, the advisory services of our Independent Directors and their inputs are a value addition to our performance, compliance and overall operations.

We believe our Promoters and Senior Management overall experience and vision will enable us to manage and grow our business in the existing markets and to enter new geographies with our competitive advantage. Our management is supported by our trained personnel and skilled workers who benefit from our regular in-house training initiatives. We therefore believe that our qualified management and employee base have enabled us to extend our operating capabilities, improved the quality of our products and facilitated our growth in the industry.

6. *Supply Chain Efficiency*

Our company maintains an efficient and well-managed supply chain. This efficiency results in reduced lead times, minimized inventory costs, and improved overall responsiveness to market changes. Such streamlined supply chain operations provide a significant competitive advantage in the chemical industry, where timeliness and efficiency are crucial factors. By leveraging these competitive advantages, our Company continues to thrive in competitive chemical market, delivering high-quality products, satisfying customer needs, and driving its long-term success. In the chemical industry, where precision, timeliness, and compliance are critical, an optimized supply chain can indeed provide a substantial competitive advantage. Furthermore, the ability to adapt to market changes swiftly is crucial in an industry where regulations and consumer preferences can significantly impact demand and production. A streamlined supply chain enables the company to adjust its operations promptly, ensuring it meets evolving customer needs. By consistently delivering high-quality products and maintaining customer satisfaction, our Company fosters long-term success in a challenging and dynamic industry landscape. As speciality chemicals market continues to evolve, leveraging these competitive advantages will be key to sustaining growth and staying ahead of competitors.

7. *Long standing relationships with diversified customers across geographies*

We have developed long-term relationships with various manufacturers that has helped us expand our product offerings, processes and geographic reach. Our customers are typically engaged in various industries and are spread across various geographies, which helps us mitigate risks resulting from customer, industry and geographic concentration. As of March 31, 2024, our product portfolio was sold to global customers spread in 11 countries and to domestic customers spread in 9 states. For the Fiscal 2024, 2023 and 2022, our top 10 customers contributed approximately 56.25 %, 62.83 % and 55.02 % of our revenue from operations respectively. Our long-term relationships and ongoing active engagements with customers also allow us to plan our capital expenditure, enhance our ability to benefit from increasing economies of scale with stronger purchasing power for raw materials and a lower cost base. These enduring customer relationships also have helped us expand our product offerings and geographic reach. In Fiscal 2024, 2023 and 2022, we derived 61.86 %, 60.22

% and 56.55 % of our revenue from operations in India and 38.14 %, 39.78 % and 43.45 % of our revenue from operations from foreign countries. For details, relating to Our Geographical sales in Indian and in various continents, please see the chapters titled, “Our Business” - “Revenue Break-Up” on page 131 of this Draft Red Herring Prospectus.

Our customer engagements are dependent on us delivering quality products consistently. Our potential customers may require considerable amounts of time to approve us as suppliers to ensure that all their quality controls are met and that we meet all their requirements across a variety of jurisdictions and multiple regulators. Due to the resources involved in engaging with new suppliers, customers are less inclined to pursue alternate supply sources. We also undertake modifications to our products for certain customers. Further, we believe that our ability to adapt our product offerings to match the needs of our consumers across a wide range of industries gives us a competitive advantage in the market.

OUR STRATEGIES

The following are the key strategies of our Company for our business:

1. Expansion and upgradation of our manufacturing facility

To meet the escalating demand in the speciality chemical industry, we intend to expand and upgrade our manufacturing capacities for existing products and new products that are currently in development and commercialization stages. We firmly believe that our investment in these plants and machinery will augment our current installed capacity, thereby enabling us to address the demand in the Speciality Chemicals and Pigment & Dye Intermediates. In our Ongoing project, we are dedicated to scaling up production from pilot to plant level.

We intend to explore opportunities to expand our operations by developing new products within our existing lines of business. Our plan involves increasing production capacity by installing new plant and machineries at our existing manufacturing facility, consequently we intend to fund capital expenditure towards construction and purchase of plant and machineries for expansion and upgradation at the existing manufacturing facility from net proceeds of the issue. For details, also see “Objects of the Issue” on page 89 this Draft Red Herring Prospectus. We will continue to pursue such opportunities where we believe they will add value to our business, our stakeholders and our customers.

2. Expand our Geographical Presence

We intend to focus on diversifying our customer base across both domestic and global markets. Our broad strategic initiatives for international markets include offering a wide product portfolio with a well-established pipeline to support growth in our existing markets, developing a comprehensive market penetration strategy, implementing territory-specific marketing, and establishing our presence in developed markets.

Technichem Organics boasts a global presence, operating in around 11 countries. This extensive international footprint provides us with a broad perspective on market dynamics, enabling us to make informed decisions and better judge market trends. As a business strategy, we intend to widen our reach by increasing our domestic presence and the international market, to meet the escalating demand in pharmaceuticals and agrochemicals to coatings, pigments, and dyes industries. This versatility broadens our market presence and enhances our adaptability to changing market conditions and emerging trends.

3. Shifting from “High Volume – Low Value” to “Low Volume and High Value

In the past years, we implemented strategic initiatives that include product line optimization, backward integration and focus on increased efficiency/yield to optimize our product offerings and improve operational efficiency, setting the stage for sustainable long-term growth. Initially, we were focused on high-volume, low-value products, but then we began to shift our focus. The capital expenditure incurred reflects this change in focus from low-value chemistry to high-value chemistry. To turn this strategic vision into reality, we started working on this project in 2020, and the expansion process was completed in 2023, and was reflected in our financial of Fiscal 2024. From Fiscal 2021 to 2023, we have invested in aggregate of Rs. 2,285.12 lakhs (as per our audited financial statement) in capital expenditure. We have introduced a new line of chemistry called air oxidation chemistry, focusing specifically on the production of speciality benzoic acids. This shift is significant because these products offer substantially higher profit margins compared to our previous products. By transitioning to this higher-margin product range, we have seen a notable increase in our overall profitability. The air oxidation process not only enhances the value of our chemical offerings but also positions us more competitively in the market, aligning with our strategy to focus on more lucrative product lines.

Further, we also started phasing out High Volume—Low Value products, like 2 Amino Di Methyl Terephthalate "ADMT") has traditionally been a high-volume, low-margin product. In Fiscal 2022, reliance on ADMT was significant, we

strategically reduced our reliance on ADMT. As we phased out ADMT, we introduced new higher-value products to sustain our turnover and enhance profitability:

(₹ in lakhs)

Particulars	Fiscal 2020*	Fiscal 2021*	Fiscal 2022*	Fiscal 2023*	Fiscal 2024*
Revenue From Operation (A)	3782.90	4739.52	6702.06	5035.79	4639.11
PAT (B)	135.93	165.40	374.97	177.69	438.20
PAT Margin (B/A)	3.59%	3.49%	5.59%	3.53%	9.45%

*Audited financial statement

Although these new products do not yet contribute substantially to volume, their higher value justifies the apparent dip in turnover while increasing profitability. This strategic shift to high-value products has enabled us to improve our profitability despite a reduction in overall sales volume. We continue to remain focused on high value products, towards the same major portion from the net proceeds of the Issue will be deployed towards this, for further details, see “Objects of the Issue” on page 89 this Draft Red Herring Prospectus.

4. Continue to focus on operational efficiencies and improving productivity

We intend to focus on keeping our operating costs low, which we believe is critical for remaining profitable. We intend to continue enhancing our operational efficiencies, to increase economies of scale, better absorb our fixed costs, reduce our other operating costs and strengthen our competitive position. We would focus on improving capacity utilization at our production facilities, through increase in our overall production volumes. We will continue to seek to manage our supply chain costs through optimal inventory levels, economic orders and other measures. Economies of scale will also enable us to continuously improve our operational efficiencies. We intend to continue further integration of our manufacturing facilities and carry out most of the processes in-house to maximize our efficiencies. We believe our focus on developing cost-reduction strategies and implementing more sustainable methods in our operations will enable us to reduce our costs. We believe that our investments in strengthening our team and upgrading our systems and processes will enable us to achieve our growth objectives while improving our profitability and attain operational efficiencies.

5. Strengthen relationships with our existing customers and expand customer base

We believe that developing and maintaining long term sustainable relationships with our suppliers, customers and employees will help us in achieving the organizational goals, increasing sales and entering into new markets. Our dedicated and focused approach and timely delivery of products have helped us to build strong relationships over a number of years. We are participating consistently in trade exhibitions to generate leads and acquire new customers.

OUR PRODUCTS

We develop and manufacture chemicals in India and market our products in India and internationally. We organize our business based on three business models: (i) manufacturing of our own speciality chemicals and intermediates, (ii) Custom manufacturing and (iii) contract manufacturing/exclusive manufacturing.

(i) Manufacturing of our own speciality chemicals and intermediates

We have experience in speciality chemicals and intermediates products based on an intricate marriage of complex chemistry and technology core competencies. Our Company manufactures specialty chemicals, which are primarily chemical components that find use in agrochemical, coating, pharma, dyes, pigments and have, over the years, expanded our commercialised product portfolio. Our products are sold to various domestic and multinational customers for diverse end-user segments. As at March 31, 2024, we had a range of different products sold under the ‘*technichem*’ brand. We manufacture and sell a wide range of chemicals. Our current downstream products include Pyrazoles, Pyrazolones, Speciality Chemicals, Pigment Intermediates and Air Oxidation Chemistry. Details of the major products of our company are tabulated below:

Pyrazoles

Chemical Name	CAS No.
5-Amino-3-Methyl-1-Phenylpyrazole	1131-18-6
1-(3 Sulfophenyl)-3-Methyl-5 Amino Pyrazole	23646-86-8

(ii) Custom manufacturing:

Our Company also has the capacity to manufacture intermediates and other speciality chemicals on a make to order basis. Our R&D team works closely with customers or prospective customers and provide improved and cost-efficient solutions tailored to meet specific customer requirements.

(iii) contract manufacturing/exclusive manufacturing:

In addition to the above-mentioned products, we also cater to the products as per customer requirements & also under confidentiality agreements. We have chemical composition developed under NDA Agreement with one of our customers and details of the same cannot be disclosed.

Following is our business - model wise revenue break up for the FY ending March 31, 2024, 2023 and 2022:

OUR MANUFACTURING PROCESS

The following chart sets forth the end-to-end process for our custom synthesis and manufacturing operations:

With years of experience in the chemical industry, we have always been able to conduct successful chemical reactions such as Chlorination, Condensation, Oxidation, Reduction, Oxychlorination, Alkylation, Nitration, Etherification etc. We are a team of experienced personnel, who have served clients from around the globe fulfilling their requirement with synthesis, decomposition, single replacement and double replacement reactions.

Our custom synthesis and manufacturing agreements are typically (i) impose confidentiality and secrecy obligations on us and require us to comply with various international and organizational codes and practices including the ethical code of conduct in relation to code of conduct for service providers and privacy policies; (ii) require us to strictly adhere to the technical specifications mentioned therein; and (iii) provide our customers the right to inspect our manufacturing facilities for quality assurance system after providing reasonable notice to us, and may request a sample analysis of the products.

Brief manufacturing process of powder compound:

Brief manufacturing process of semi solid and liquid compound:

The raw materials are charged continuously/ batch-wise in reactors of suitable capacity and design based on the type of reaction. Other technical parameters such as temperature, pressure and reaction time are maintained based on the type of reaction to be carried out. When the reaction is complete, the product is analyzed and subjected to further processing, which includes filtration, continuous/ batch distillations, purification processes to get the required quality product. The product is ultimately tested to ensure it meets the applicable specifications before it is supplied to the customer. The foundation of our Company is our in-house research and development. We have dedicated in-house R&D Facilities and a Pilot Plant located at our Manufacturing Facility. Our chemistry and technology core competencies and all of our products have been developed by our own R&D team, scaled up in our Pilot Plant, and launched into production with in-house design and engineering. Our R&D Facilities are dedicated to the development of our pipeline and next generation products.

CAPACITY AND CAPACITY UTILISATION

We have environmental clearance for manufacturing of up to 600 MT per month of Dye Intermediates, Dyes, Pigments vide letter dated December 27, 2019 from Ministry of Environment, Forest and Climate Change, Government of India. Further, we have consolidated consent and authorization from Gujarat Pollution Control Board, for the use of outlet for the discharge of treated effluent & air emission and to operate industrial plant for manufacture of Dye Intermediates, Dyes, Pigments of 330 MT per month. As on the date of this Draft Red Herring Prospectus, we have three plants at our factory and our total annual installed capacity is 9,50,000 kg per annum. Our installed capacity and capacity utilisation of our products for the last three Fiscals is set out in the table below:

Particulars	FY 2021-22			FY 2022-23			FY 2023-24		
	Installed capacity kg/year	Actual production kg/year	Capacity Utilisation (%)	Installed capacity kg/year	Actual production kg/year	Capacity Utilisation (%)	Installed capacity kg/year	Actual production kg/year	Capacity Utilisation (%)
Plant-1	6,00,000	4,70,812 [@]	78	6,00,000	3,20,711	53	6,00,000	3,15,610	53
Plant-2	7,00,000	5,01,612	72	4,00,000 ^{\$}	3,07,831	77	3,00,000 [#]	2,26,945	76
Plant-3	-	-	-	-	-	-	50,000 [*]	30,700	61
Total	13,00,000	9,72,424	75	10,00,000	6,28,542	63	9,50,000	5,73,255	60

[@] Plant-1 utilization is high during FY 2021-22 as in previous FY2020-21, there was no demand due to Covid-19 and suddenly demand increased in FY 2021-22.

^{\$} Abase (Plant-2) - During the FY 2021-22, it was having abnormally high demand. It reduced to less than 60% during FY 2022-23 and our Company started diverting facility of Abase to other high value products like Blue CB and PPCA since the FY 2022-23 having lower volumes.

[#] Some portion of Plant-2 was converted to Plant-3 and hence installed capacity of Plant-2 was reduced from 400,000 kg/year during FY 2022-23 to 3,00,000 kg/year during FY 2023-24.

^{*} Plant-3 equipment were installed in FY 2022-23 and commercial production started in FY 2023-24.

Note:

- The information related to installed capacity is based on the assumptions and estimates that have been taken into account for the calculation of installed production capacity.
- Quantities mentioned in CCA is not actually capacity of the plant, but it is quantity which can be made if any single product made with whole facilities, that situation is practically not possible and based on the running product mix, capacity will reduce.
- Considering the nature of our business catering to various types of specialty chemicals & intermediates, manufacturing of each product of which require different composition, technology and time and accordingly we have taken a combination of these factors to determine installed capacity and utilization percentage.
- For chemical multi-product plant, generally the plants cannot achieve 100% plant occupancy due to various reasons like change over procedure, built-in idle time, etc.
- If any further products are added, this plant utilization will be affected, it may increase or decrease based on processes of the product.

The above information is certified by M/s Mukund M. Patki, Chartered Engineer, by way of their certificate dated July 25, 2024.

RAW MATERIAL

The principal raw materials used in manufacturing of our products are methanolic acid, hydrazine hydrate, acetyl acetone, soda ash, etc. These raw materials are procured as per the production planning and are easily available in indigenous and overseas markets. We procure raw material from overseas countries like China, Japan and Germany over & above indigenous sources. The raw materials are being sourced from our suppliers on a regular basis. We do not envisage any difficulty in getting timely and adequate supply of raw materials. We usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from third-party suppliers under contracts of shorter period or the open market. The prices of our key raw materials globally have been volatile and increases in the prices of these materials have an impact on our cost of production. We purchase these raw materials from a list of sources that we maintain, which has been approved by our internal quality control department following set standards and by our customers. We carefully assess the reliability of all materials purchased to ensure that they comply with the rigorous quality and safety standards required for our products. In an effort to manage risks associated with raw materials supply, we work closely with our suppliers to help ensure availability and continuity of supply while maintaining quality and reliability

Our raw material procurement policy outlines the principles and procedures governing the procurement activities of *Technichem*, a manufacturer of specialty chemicals. The aim is to ensure transparency, efficiency, fairness, and accountability in all procurement processes while maintaining high-quality standards and achieving cost-effectiveness.

Procurement Process-

a. Planning

- Identify procurement needs based on production schedules and inventory requirements.
- Prepare procurement plans outlining required raw materials, specifications, quantities, and budget allocations.

b. Supplier Selection

- Conduct market research to identify potential suppliers.
- Evaluate suppliers based on criteria such as quality, reliability, pricing, and compliance with regulatory standards.
- Establish long-term partnerships with reliable suppliers to ensure consistency and quality.

c. Review of Quotations

- Issue requests for quotations (RFQs) or requests for proposals (RFPs) based on procurement needs.
- Ensure fairness and transparency in the process.
- Evaluate quotations objectively based on pre-defined criteria and select the most suitable supplier.

d. Contracting

- Negotiate contracts with selected suppliers, specifying terms and conditions, pricing, delivery schedules, quality standards, and other relevant details.
- Ensure compliance with legal and regulatory requirements in contract agreements.
- Monitor contract performance and address any deviations or issues promptly.

e. Procurement Execution

- Monitor inventory levels and reorder supply as necessary to maintain production continuity.
- Coordinate with suppliers to ensure timely delivery.
- verify the quality and specifications of procured items upon receipt.

f. Supplier Relationship Management

- Foster open communication and collaboration with suppliers.
- Provide feedback to suppliers to improve performance and quality.
- Address any grievances or disputes through transparent and fair processes.

g. Ethics and Compliance

- Ensure adherence to ethical standards and integrity in all procurement activities.
- Prohibit any form of bribery, corruption, or conflict of interest.
- Comply with all applicable laws, regulations, and industry standards related to procurement.

h. Monitoring and Evaluation

- Regularly review and evaluate procurement processes to identify areas for improvement.
- Monitor indicators such as cost savings, supplier performance, and delivery times.
- Take corrective actions to address any shortcomings and optimize procurement practices.

i. Training and Capacity Building

- Provide training and development opportunities for procurement staff to enhance their skills and knowledge.
- Promote awareness of procurement policies, procedures, and best practices among employees.

j. Review and Revision

- Regularly review and update the procurement policy to reflect changes in internal needs, industry trends, and regulatory requirements.
- Solicit feedback from stakeholders to ensure the policy remains relevant and effective.

This procurement policy serves as a framework to guide the procurement activities. By adhering to the principles outlined herein, we aim to achieve excellence in procurement practices, support our business objectives, and contribute to the overall success of the organization.

We usually do not enter into long-term supply contracts with any of our suppliers. However, our relationship with our customers and repeat business from them has also allowed us to develop a long-standing relationship with various raw suppliers. The ability to store raw materials, work in progress goods, products at our facilities enables us to withstand disruptions in supply as well as volatility in the price of raw material. We plan our inventory levels based on historical levels of sales, actual sale orders on hand and the anticipated requirements taking into consideration any expected fluctuation in raw material prices and delivery delay.

PRICING

We determine the prices for our products based on various parameters, including market demand, transportation costs, raw materials costs, inventory levels, credit terms and sometimes it is fixed for particular customers to maintain the relationship.

UTILITIES

Infrastructure Facilities

Our registered office and Manufacturing site is well equipped with computer systems, internet connectivity, other communication equipment, security and other facilities, which are required for our business operations to function smoothly. Our manufacturing facility is equipped with requisite utilities and modern infrastructure including the following:

Power

The requirement of power for our operations, at our Registered office is met through regional electricity provider i.e., Torrent Power. Our manufacturing process requires uninterrupted supply of Electric & Power for our manufacturing facilities. We consume a substantial amount of power for our business operations. Our power requirements are met through State Electricity Board, i.e., Madhya Gujarat Vij Company Ltd. The sanctioned load of our Company is 475 KVAH for our manufacturing facility. Further, to meet exigencies in case of power failure, we have also installed D.G. sets at our manufacturing unit.

Fuel

We use bio coal and bio mass briquettes and woods, in case of shortage of bio coal, for thermic and steam boilers at our factory. We procure the same from local vendors. Further, diesel is required for the DG sets.

Water

Our company's registered office has adequate water supply arrangements for human consumption which is procured from local authorities.

We source water requirements for manufacturing operations from recycled water using Mechanical Vapor Recompression and from borewell installed at our factory and we procure water tankers from local vendors for human consumption and gardening purpose to fight pollution and dust besides beautification.

Steaming & cooling arrangement

Utilities like chilling plants and cooling towers are required to maintain the designed process conditions during the reactions. We currently have steam boilers, oil heating unit, water softener plant, cooling towers, chilling plant, air compressors, etc. facilities for steaming and cooling required during our manufacturing process. Currently, our requirement of ice is met by purchasing from market. Further we are in the process of installing other chilling plant, cooling tower to increase our production capacity from Issue proceeds, for further details see "*Objects of the Issue*" on page 89 of this Draft Red Herring Prospectus.

Effluent treatment

The manufacture of intermediates involves generation of residues and discharges which may lead to pollution of air, water or soil if not treated and disposed in an appropriate manner. We have in place management and environment controls and systems, which control and prevent processes, residues and discharges from polluting the air, ground or water. The liquid waste is the water from the processes, boiler blow-down, cooling tower blow-down, etc. This water has impurities like suspended solids, oil & grease etc. This water is treated by primary and secondary treatment. Primary treatment consists of equalization, neutralization, separation and filtration. Secondary treatment consists of Mechanical Vapor Recompression from which approx. 70% effluent gets purified and it's recycled in process. Remaining approx. 30% rejected water is converted into solid through spray dryer and drum dryer. Our manufacturing unit is having membership with BEIL Infrastructure Limited, Safe Enviro Private Limited and Maurya Enviro Project Private Limited for the Common Solid waste Disposal Facility and Common Hazardous Waste Management Facility. For gaseous emissions we have absorption towers, airborne emissions are scrubbed in scrubbers and are discharged after removal of hazardous soluble gases and insoluble particles like dust. We already have 2 scrubbers and intends to buy 4 more scrubbers, for further details see "*Objects of the Issue*" on page 89 of this Draft Red Herring Prospectus.

Quality control

Quality control has two aspects: one is maintaining the quality of raw materials, and another is maintaining the quality of the products we manufacture. Keeping in mind this objective, we have quality control departments at our factory, the activities of which comprise of collection and preparation of samples, testing of raw materials and other process inputs inspection, testing and preparation of technical information sheet.

CUSTOMERS, SALES AND MARKETING

Our business is predominantly conducted on a business-to-business basis and our focus is on maintaining constant contact with customers and to ensure timely delivery. The efficiency of the marketing network is critical to the success of our Company. Our success lies in the strength of our relationship with our customers who have been associated with our Company. Our team through their experience owing to timely and quality delivery of services plays an instrumental role in creating and expanding a work platform for our Company. We have in-house team which looks after the sales and marketing of our products. Our in-house team work closely with our existing and prospective customers to understand their technical needs and specifications, evolving preferences and meet their requirements. Synopsis of our marketing strategy:

1. Market Research and Analysis:

- Conduct extensive market research to understand current trends, demand patterns, competitor landscape in specialty chemicals sectors.
- Identify key customer segments, their needs, preferences and pain points,
- Analyse regulatory requirements and industry standards affecting the manufacturing and marketing of dyes and pharma intermediates.

2. Segmentation and Targeting:

- Segment the market based on factors such as industry, application, geography, and customer size.
- Prioritize target segments based on growth potential, profitability, and alignment with company capabilities.
- Develop tailored marketing strategies for each segment to maximize impact and Roi.

3. Brand Positioning:

- Define a clear and compelling brand positioning that differentiates our Company from competitors.
- Highlight Unique Selling Propositions (USPs) such as product quality, reliability, and customer service.
- Ensure consistent messaging across all marketing channels to reinforce brand identity.

4. Product Portfolio Management:

- Evaluate the existing product portfolio and identify opportunities for product optimization, diversification, or discontinuation.
- Introduce new products or formulations that address emerging market needs or offer competitive advantages.
- Develop a roadmap for product development and improvement to stay ahead of market trends.

5. Marketing Channels:

- Utilize a multi-channel approach to reach target customers effectively.
- Leverage digital marketing channels such as website, social media and email marketing to increase brand visibility and generate leads.
- Explore traditional channels like trade shows, industry publications, and direct mail to engage with decision-makers in the dyes and pharma industries.

6. Sales and Distribution:

- Provide training and support to sales teams to effectively communicate product benefits and overcome customer objections.
- Implement a robust sales tracking system to monitor performance, identify opportunities, and address challenges in real-time.

7. Customer Relationship Management (CRM):

- Develop personalized communication strategies to engage customers throughout the buying journey and encourage repeat purchases.
- Solicit feedback from customers to continuously improve products and services.

8. Regulatory Compliance and Quality Assurance:

- Adhere to strict regulatory standards and quality control processes to ensure product safety and efficacy.
- Communicate compliance certifications and quality assurance measures to build trust and credibility with customers.
- Stay abreast of regulatory changes and industry best practices to maintain a competitive edge.

By implementing this comprehensive marketing strategy, we can strengthen our market presence, drive growth, and achieve long-term success in the industry.

INVENTORY MANAGEMENT

Our finished products, work in progress and raw materials are mainly stored on-site at our manufacturing facilities. We produce a quantity of finished products that is determined based on a combination of confirmed and expected orders. In

some cases, according to customer demand we hold strategic stocks, so our lead times can be reduced. These are in most cases according to inventory policy with customers, but in some instances, these are pro-active steps taken to ensure better supply chain management.

LOGISTICS

Our suppliers directly deliver raw materials to our manufacturing facilities. We outsource the delivery of our products to either third-party logistics companies or as mutually agreed shipment terms as decided between the customers and Company.

COMPETITION

We operate in chemical industry, which faces competition from domestic as well as international players. Competition emerges from the organized and unorganized sector but also from small and big players. Our competitiveness depends on several factors which includes quality, price and customer services. However, we at *Technichem* hold a competitive advantage due to our deeper level of backward integration. This allows us to enhance operational efficiency, reduce costs, and ensure greater control over our production processes. The inclusion of speciality chemicals underscores our commitment to providing a comprehensive range of products to meet diverse industry needs. Additionally, we manufacture other specialty chemicals used in dyes and pigment intermediates industries, demonstrating our capacity to deliver a wide spectrum of products tailored to various applications within the same space. *Technichem* distinguishes itself through its diversity in both end uses and chemical processes. This strategic diversification safeguards us from potential downturns in any single market, providing stability and resilience. KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. For details of government approvals obtained by us, see the section titled “Government and Other Approvals” on page 260 of this Draft Red Herring Prospectus.

THE COMPANIES ACT

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made thereunder.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of Companies as separate legal entities. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

SEBI REGULATIONS

Securities And Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. Apart from other rules and regulations, listed entities are mainly regulated by the SEBI Act, 1992, Securities Contract Regulation Act, 1956, Securities Contracts (Regulation) Rules, 1957, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

TAX RELATED REGULATIONS

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under it depending upon its “Residential Status” and “Type of Income” involved. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 31st October of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

Goods and Service Tax Act, 2017

The Central Goods and Services Tax Act, 2017 is an Act to make a provision for levy and collection of tax on intra-State supply of goods or services or both by the Central Government and for matters connected therewith or incidental thereto. In line with CGST Act, each state Governments has enacted State Goods and Service Tax Act for respective states. Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the central and state governments on goods as services. This method allows GST-registered businesses to claim tax credit to the value of GST they paid on purchase of goods or services or both as part of their normal commercial activity. The mechanism provides for two level taxation of interstate and intra state transactions. When the supply of goods or services happens within a state called as intra-state transactions, then both the CGST and SGST will be collected. Whereas if the supply of goods or services happens between the states called as inter-state transactions and IGST will be collected. Exports are considered as zero-rated supply and imports are levied the same taxes as domestic goods and services adhering to the destination-based taxation principle in addition to the Customs Duty which has not been subsumed in the GST.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer

Exporter Code) in terms of provisions of the Foreign Trade Development and Regulation Act, 1992. Imported goods in India attract basic customs duty, additional customs duty and cesses in terms of the provisions of the Customs Act, 1962, Customs Tariff Act, 1975 and the relevant provisions made thereunder. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the assessable value of the goods. Customs duties are administered by Central Board of Indirect Taxes and Customs under the Ministry of Finance.

State Tax on Profession, Trades, Callings and Employment Rules, 1975

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional tax is classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner.

BUSINESS/TRADE RELATED LAWS/REGULATIONS

The Manufacture, Storage and Import of Hazardous Chemical Rules, 1989 (“HCR Rules”)

The HCR Rules are formulated under the EPA. The HCR Rules are applicable to an industrial activity in which a hazardous chemical which satisfies certain criteria as listed in the schedule thereto, and to an industrial activity in which there is involved a threshold quantity of hazardous chemicals as specified in the schedule thereto. The occupier of a facility where such industrial activity is undertaken has to provide evidence to the prescribed authorities that he has identified the major accident hazards and that he has taken steps to prevent the occurrence of such accident and has to provide to the persons working on the site with the information, training and equipment including antidotes necessary to ensure their safety. Where a major accident occurs on a site or in a pipeline, the occupier shall forthwith notify the concerned authority and submit reports of the accident to the said authority. Furthermore, an occupier shall not undertake any industrial activity unless he has submitted a written report to the concerned authority containing the particulars specified in the schedule to the HCR Rules at least three months before commencing that activity or before such shorter time as the concerned authority may agree.

The Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996 (“Chemical Accidents Rules”)

The Chemical Accidents Rules, formulated pursuant to the provisions of the EPA, seek to manage the occurrence of chemical accidents by, inter alia, setting up a central crisis group and a crisis alert system. The functions of the central crisis group inter alia include, (i) conducting post-accident analysis of major chemical accidents; (ii) rendering infrastructural help in the event of a chemical accident; and (iii) review district off site emergency plans.

The Public Liability Insurance Act, 1991 (“PLI Act”) and the Public Liability Insurance Rules, 1991

The PLI Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the government by way of a notification. Under the law, the owner or handler is also required to take out an insurance policy insuring against liability. The rules made under the PLI Act mandate the employer to contribute towards the Environmental Relief Fund a sum equal to the premium paid on the insurance policies.

The Dangerous Drugs Act, 1930 (the “Dangerous Drugs Act”)

The Dangerous Drugs Act centralizes and vests in the Central Government the control over certain operations relating to dangerous drugs. Dangerous drugs have been defined to include coca leaf, hemp and opium, and all manufactured drugs. It enables the Central Government to prescribe the method by which percentages in the case of liquid preparations shall be calculated for the purposes of coca leaf, coca derivative, opium and opium derivative. The Dangerous Drugs Act prohibits the cultivation of coca plant, manufacture and possession of prepared opium and import into India and export from India, transship or sell prepared opium. The Central Government is also enabled to control the production and supply of opium and also the manufacture of manufactured drugs. Violations of the provisions of the Dangerous Drugs Act entail punishments including imprisonment or fine or both.

The Narcotic Drugs and Psychotropic Substances Act, 1985 (the “NDPS Act”)

The NDPS Act is a legal framework which seeks to control and regulate the operations relating to narcotic drugs and psychotropic substances. It prohibits, inter alia, the cultivation, production, manufacture, possession, sale, purchase, transportation, warehousing, consumption, inter-state movement, import into India and transshipment of narcotic drugs and psychotropic substances, except for medical or scientific purposes. Offences under the NDPS Act are essentially related to violations of the various prohibitions imposed under the NDPS Act, punishable by either imprisonment or monetary fines or both.

The Drugs and Cosmetics Act, 1940 (“Drugs Act”) and the Drugs and Cosmetics Rules, 1945 (“Drugs Rules”)

The Drugs Act regulates the import, manufacture, distribution and sale of drugs and prohibits the manufacture and sale of drugs which are misbranded, adulterated or spurious. The Drugs Act and the Drugs Rules specify the conditions for grant of a license for the manufacture, sale, import or distribution of any drug or cosmetic and regulation of operation of blood banks. It further mandates that every person holding a license must keep and maintain such records, registers and other documents as may be prescribed which may be subject to inspection by the relevant authorities. Violation of certain provisions of the Drugs Act, including those pertaining to the manufacturing and import of spurious drugs, non-disclosure of specified information and a failure to keep the required documents, are punishable with a fine, or imprisonment or both.

The Indian Boilers Act, 1923 (“Boilers Act”) and the Indian Boiler Regulations, 1950 (“Boiler Regulations”)

The Boilers Act seeks to regulate, inter alia, the manufacture, possession and use of boilers. In terms of the provisions of the Boilers Act, an owner of a boiler is required to get the boiler registered and certified for its use, by an inspector appointed by the relevant State Government. The Boiler Regulations have been framed under the Boilers Act. The Boiler Regulations deal with the materials, procedure and inspection techniques to be adopted for the manufacture of boilers and boiler mountings and fittings.

The Static and Mobile Pressure Vessels (Unfired) Rules 2016 (“SMPV Rules”)

The SMPV Rules regulate the manufacture, filling, delivery, import, modification and repair of pressure vessels. Under the SMPV Rules, licences are required to be obtained for storage and transportation of compressed gas. The SMPV Rules also prescribe conditions under which the licences can be amended, renewed, suspended or cancelled.

The Legal Metrology Act, 2009

Legal Metrology Act, 2009 was enacted with the objectives to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. This act replaced the Standards of Weights and Measures Act, 1976 and the Standards of Weights and Measures (Enforcement) Act, with effect from March 1, 2011.

The Explosives Act, 1884 (“Explosives Act”)

The Explosives Act is a comprehensive law which regulates the licensing of manufacturing, possession, sale, transportation, export and import of explosives. According to the definition of ‘explosives’ under the Explosives Act, any substance, whether a single chemical compound or a mixture of substances, whether solid or liquid or gaseous, used or manufactured with a view to produce a practical effect by explosion or pyrotechnic effect shall fall under the Explosives Act. The Central Government may, for any part of India, make rules consistent with this act to regulate or prohibit, except under and in accordance with the conditions of a licence granted as provided by those rules, the manufacture, possession, use sale, transport, import and export of explosives, or any specified class of explosives. Extensive penalty provisions have been provided for manufacture, import or export, possession, usage, selling or transportation of explosives in contravention of the Explosives Act.

Fire Prevention Laws

The state legislatures in India have enacted laws regulating public order and police, which provide, inter alia, for the registration of chemical manufacturing facilities and obtaining a ‘no objection certificate’ for operating such manufacturing facilities, from the licensing authority, along with prescribing penalties for non-compliance. The state legislatures have also enacted legislations for fire control and safety which are applicable to our manufacturing facilities. The legislations include provisions in relation to provision of fire safety and life saving measures including maintenance of a fire brigade, by occupiers of buildings, licensing provisions and penalties and/or suspension or cancellation of license for non-compliance.

The Bureau of Indian Standards Act, 2016 (“BIS Act”)

The BIS Act, establishes, publishes and regulates national standards to ensure conformity assessment, standardization, and quality assurance of goods, articles, processes, systems and services. The BIS Act empowers the Bureau of Indian Standards to inspect and monitor the quality of goods and materials to ensure conformity with the BIS Act. In furtherance of such powers, the officials may inspect the premises for evaluating a manufacturer's compliance with use of standard marks. The BIS Act also enables the central government to appoint any authority to verify the conformity of products and services to a standard and issue certificate of conformity. Further, the BIS Act sets out inter alia, liability for use of standard mark on products that do not conform to the relevant Indian Standard. Under the BIS Act, such products may be recalled from the market.

REGULATIONS RELATED TO FOREIGN TRADE AND INVESTMENT

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Consolidated FDI Policy Circular/Press Notes/Press Releases which are notified by the Department of Economic Affairs (DEA), Ministry of Finance, Government of India as amendments to the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 under the Foreign Exchange Management Act, 1999 (42 of 1999) (FEMA). DPIIT has issued consolidated FDI Policy Circular of 2020 ("FDI Policy 2020"), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until an updated circular is issued.

The reporting requirements for any investment in India by a person resident outside India under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 are specified by the RBI. Regulation 4 of the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 vide notification No. FEMA. 395/2019-RB dated 17.10.2019 issued by the RBI stipulates the reporting requirement for any investment in India by a person resident outside India. All the reporting is required to be done through the Single Master Form (SMF) available on the Foreign Investment Reporting and Management System (FIRMS) platform at <https://firms.rbi.org.in>.

Under the current FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations.

Foreign Exchange Management Act, 1999 ("FEMA") and Regulations framed thereunder:

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the 'automatic route' within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIF and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 for regulation on exports of goods and services.

Ownership restrictions of FIIs

Under the portfolio investment scheme, the total holding of all FIIs together with their sub-accounts in an Indian company is subject to a cap of 24% of the paid-up capital of a company, which may be increased up to the percentage of sectoral cap on FDI in respect of the said company pursuant to a resolution of the board of directors of the company and the approval of the shareholders of the company by a special resolution in a general meeting. The total holding by each FII, or in case an FII is investing on behalf of its sub-account, each sub-account should not exceed 10% of the total paid-up capital of a company.

Laws related to Overseas Investment by Indian Entities:

Overseas investment by Indian Entities are governed under Foreign Exchange Management Act, 1999 under which the central Government of India have notified Foreign Exchange Management (Overseas Investment) Rules, 2022 in suppression of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2004 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property Outside India) Regulations, 2015.

Followed by the rules, RBI has vide notification no. RBI/2022-2023/110, A.P. (DIR Series) Circular No.12 dated August 22, 2022 have issued Foreign Exchange Management (Overseas Investment) Directions, 2022 and Foreign Exchange Management (Overseas Investment) Regulations, 2022. These legislations frame the investment fields, mode and cap for various sectors and regions, by any person resident in India and the reporting requirements.

LAWS RELATED TO ENVIRONMENTAL LAWS

Environment (Protection) Act, 1986 as amended (“EPA”)

The EPA has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emitted any environmental pollutant in excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be prescribed. EPA empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution. Pollution control boards have been constituted in all states in India to exercise the powers and perform the functions provided for under these statutes for the purpose of preventing and controlling pollution. Companies are required to obtain consents of the relevant state pollution control boards for emissions and discharge of effluents into the environment.

Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Water Act provides for one Central Pollution Control Board, as well as state pollution control boards, to be formed to implement its provisions, including enforcement of standards for factories discharging pollutants in to water bodies. The Water Act prohibits the use of any stream or well for the disposal of polluting matter, in violation of the standards set down by the State PCB. The Water Act also provides that the consent of the State PCB must be obtained prior to opening of any new outlets or discharges, which are likely to discharge sewage effluent. The Water Act prescribes specific amounts of fine and terms of imprisonment for various contraventions.

The Air (Prevention & Control of Pollution) Act, 1981(the “Air Act”)

One Central Pollution Control Board, as well as state pollution control boards formed under water act shall be deemed to be Central Board & State Board for the Prevention and Control of air Pollution. The Air Act prohibits that no person operating any industrial plant, in any air pollution control area shall discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the State Board. The Air Act prescribes specific amounts of fine and terms of imprisonment for various contraventions.

National Environmental Policy, 2006

The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

The Wetlands (Conservation and Management) Rules, 2017

The Wetlands (Conservation and Management) Rules, 2017 aims to conserve and manage wetlands, including lakes, ponds, and other water bodies. The Rule provides guidelines for the identification, protection, and restoration of wetlands across the country.

National Green Tribunal (NGT) Act, 2010

National Green Tribunal (NGT) Act, 2010 has jurisdiction over cases related to environmental protection and pollution control, including disputes or violations concerning the establishment and operation of Effluent Treatment and Recycling plants. The NGT can issue orders and directives to ensure compliance with environmental laws and regulations.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “Hazardous Waste Rules”)

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste. Under the Hazardous Waste Rules, “hazardous waste” inter alia means any waste which by reason of characteristics such as physical, chemical, biological, reactive, toxic, flammable, explosive or corrosive, causes danger or is likely to cause danger to health or environment, whether alone or in contact with other wastes or substances. Every occupier and operator

of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment or third party resulting from the improper handling and management and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

LAWS RELATING TO INTELLECTUAL PROPERTY

Trademarks Act, 1999

Under the Trademarks Act, 1999 (“Trademarks Act”), a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A ‘mark’ may consist of a device, brand, heading, label, ticket, name signature, word, letter, numeral, shape of goods, packaging or combination of colors or any combination thereof.

The Patents Act, 1970

The Patents Act, 1970 as amended from time to time, in India has been enacted to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent.

LAWS RELATED TO EMPLOYMENT OF MANPOWER:

The Factories Act, 1948 (“Factories Act”)

The term ‘factory’, as defined under the Factories Act, includes any premises which employs or has employed on any day in the previous 12 months, 10 or more workers and in which any manufacturing process is carried on with the aid of power, or any premises wherein 20 or more workmen are employed at any day during the preceding 12 months and in which any manufacturing process is carried on without the aid of power. State Governments have issued rules in respect of the prior submission of plans and their approval for the establishment of factories and registration and licensing of factories. The Factories Act, 1948, as amended by the Factories Act, 1987, served to assist in formulating national policies in India with respect to occupational safety and health in factories and docks in India. The Factories Act mandates the ‘occupier’ of a factory to ensure the health, safety and welfare of all workers in the factory premises. Further, the “occupier” of a factory is also required to ensure (i) the safety and proper maintenance of the factory such that it does not pose health risks to persons in the factory premises; (ii) the safe use, handling, storage and transport of factory articles and substances; (iii) provision of adequate instruction, training and supervision to ensure workers’ health and safety; and (iv) cleanliness and safe working conditions in the factory premises. If there is a contravention of any of the provisions of the Factories Act or the rules framed thereunder, the occupier and manager of the factory may be punished with imprisonment or with a fine or with both.

Employees Provident Fund and Miscellaneous Provisions Act, 1952

Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. The employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

Employees State Insurance Act, 1948, as amended (the "ESIC Act")

The ESI Act, provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

Payment of Gratuity Act, 1972, as amended (the "Gratuity Act")

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions.

Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. ANNEXURE-IV

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO THE RESTATED FINANCIAL STATEMENTS

A. Corporate information

Technichem Organics Limited was originally incorporated as a Private Limited Company under the name of “Technichem Organics Private Limited” on February 27, 1996 under the provisions of the Companies Act, 1956 with the Registrar of Companies, Ahmedabad. Subsequently, pursuant to Special Resolution passed by the Shareholders at the Extraordinary General Meeting, held on April 30, 2024, the Company was converted into a Public Limited Company and consequently the name of the Company was changed from “Technichem Organics Private Limited” to “Technichem Organics Limited” vide a fresh certificate of incorporation consequent upon conversion to public company dated July 04, 2024, issued by the Registrar of Companies, Central Processing Centre, Manesar, Gurgaon and bearing CIN U24231GJ1996PLC028917.

The company is engaged in the manufacturing, trading and export of specialty intermediate and specialty chemicals.

B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of preparation of financial statements

The Restated Statement of Assets and Liabilities of the Company as on March 31, 2024, March 31, 2023, and March 31, 2022 and the Restated Statement of Profit and Loss and Restated Statements of Cash Flows for the year ended on March 31, 2024, March 31, 2023, and March 31, 2022 and the annexure thereto (collectively, the “**Restated Financial Statements**”) have been extracted by the management from the Audited Financial Statements of the Company.

The financial statements of the company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP). GAAP comprises the Accounting Standards notified u/s Section 133 read with Section 469 of the Companies Act, 2013. The accounting policies have been framed, keeping in view the fundamental accounting assumptions of Going Concern, Consistency and Accrual, as also basic considerations of Prudence, Substance over form, and Materiality. These have been applied consistently, except where a newly issued accounting standard is initially adopted or a revision in the existing accounting standards require a revision in the accounting policy so far in use. The need for such a revision is evaluated on an ongoing basis.

The Financial Statements have been prepared on a going concern basis, in as such as the management neither intends to liquidate the company nor to cease operations. Accordingly, assets, liabilities, income and expenses are recorded on a Going Concern basis. Based on the nature of products and services, and the time between the acquisition of assets and realization in cash or cash equivalents, the company has ascertained its operating cycle as 12 months for the purposes of current and non-current classification of assets and liabilities

2. Use of estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as at the balance sheet date, the results of operation during the reported period and disclosure of contingent liabilities as on the reporting date. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable and are in their best knowledge of current event and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognized in the period in which the results are known or materialize. Significant estimates used by the management in the preparation of these financial statements include provision for employee benefits, estimates of the economic useful life of plant and equipment, provision for expenses, provisioning for taxation etc.

The following significant accounting policies are adopted in the preparation and presentation of these financial statements:

1. Revenue Recognition

- a) Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.
- b) Revenue from sale of goods is recognized when the significant risk and rewards are transferred as per the terms of sale. Revenues are recorded at invoice value.
- c) Income in respect of interest, insurance claims, export benefits, subsidy etc. is recognized to the extent the company is reasonably certain of its ultimate realization.

2. Inventories

Inventories comprising of raw materials, work in progress and finished goods are valued at lower of cost or net realizable value. Cost here represents landed cost including custom duty in case of imports and is net of duty which is cenvatable or refundable. Cost of inventories is determined on FIFO basis. Net realizable value is the estimate of the selling price in the ordinary course of business less further cost expected to be incurred for its completion and disposal. The work in progress and finished goods cost includes raw material cost, variable cost and manufacturing overheads.

3. Foreign Currency Transaction:

- a) Foreign currency transactions are recorded at the exchange rates prevailing on the date of the transaction.
- b) Short term monetary items denominated in foreign currencies (such as cash, receivable, payable etc.) outstanding at the year end, are translated /re-converted at the year-end exchange rate unless covered by a forward contract.
- c) Any gain or loss arising on settlement and / or translation of short-term monetary transaction in foreign currency is accounted for in the statement of Profit and Loss.

4. Employee Benefits

- Defined Benefit Plans

For Defined Benefit Plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the date of each statement of financial position.

The retirement benefit obligations recognised in the statement of financial position represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

5. Borrowing Costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

6. Accounting for Taxes on Income

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

- a) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.
- b) Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

7. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

8. Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of a property, plant and equipment comprises its purchase price, any costs directly attributable to bringing the property, plant and equipment into the location and condition necessary for it to be capable of operating in the manner intended by management.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

The Company provides depreciation on items of property, plant and equipment on Straight Line Method (SLM) based on useful life specified as below:

Asset	Useful Life (in years)
Building	30
Plant & Machinery	15
Furniture & Fixtures	10
Motor Vehicle	10
Electric Installation	10
Laboratory	10
Office Equipment	5
Computer & Accessories (including Server)	3

Depreciation amount for asset is the cost of an asset less its estimated residual value. In case of impairment, depreciation is provided on revised carrying amount over its remaining useful life.

9. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for:

- a) Possible obligation which will be confirmed only by future events not wholly within the control of the Company, or
- b) Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c) A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.
- d) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

10. Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

11. Segment Accounting

Business Segment

- a) The business segment has been considered as the primary segment.
- b) The Company's primary business segments are reflected based on principal business activities, the nature of service, the differing risks and returns, the organization structure and the internal financial reporting system.
- c) The Company's primary business includes manufacturing, trading and export of specialty intermediate and specialty chemicals. This is the only segment as envisaged in Accounting Standard 17: 'Segment Reporting' therefore disclosure for Segment reporting is not applicable.

12. Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities of the Company are segregated, accordingly.

Notes:

1) The ratios have been computed as below:

(a) Basic earnings per share (Rs.) - : Net profit after tax as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the period or year

(b) Diluted earnings per share (Rs.) - : Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS

(c) Return on net worth (%) -: Net profit after tax (as restated) / Net worth at the end of the period or year

(d) Net assets value per share -: Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year

(e) EBITDA has been calculated as Profit before Tax+Depreciation+Interest Expenses-Other Income

2) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year. In case of Subdivison and Bonus issue, the event has been considered as if it had occurred at the beginning of restatement period.

3) Net worth for ratios mentioned is equals to Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss).

4) The figures disclosed above are based on the restated summary statements.

Status of any publicly announced new products or business segments

Please refer to the chapter titled “*Our Business*” beginning on page 131 of this Draft Red Herring Prospectus for new products or business segments.

The extent to which the business is seasonal

Our business is not seasonal in nature.

Competitive Conditions

We operate in a competitive atmosphere. Some of our competitors may have greater resources than those available to us. While product quality, brand value, distribution network, etc are key factors in client decisions among competitors, however, reliability and competitive pricing is the deciding factor in most cases. We face fair competition from both organized and unorganized players in the market. We believe that our experience, and reliability record with our customers will be key to overcome competition posed by such organized and unorganized players. Although, a competitive market, there are not enough number of competitors offering products similar to us. We believe that we are able to compete effectively in the market with our quality of products and our reputation. We believe that the principal factors affecting competition in our business include client relationships, reputation, and the relative quality and price of the products.

SECTION VIII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except as stated below there is no (i) pending criminal litigation involving our Company, Directors, Promoter or Group Companies; (ii) actions taken by statutory or regulatory authorities involving our Company, Directors, Promoter or Group Companies; (iii) outstanding claims involving our Company, Directors, Promoter or Group Companies for any direct and indirect tax liabilities; (iv) outstanding proceedings initiated against our Company for economic offences; (v) defaults or non-payment of statutory dues by our Company; (vi) material fraud against our Company in the last five years immediately preceding the year of this Draft Red Herring Prospectus; (vii) inquiry, inspection or investigation initiated or conducted under the Companies Act 2013 or any previous companies law against our Company during the last five years immediately preceding the year of this Draft Red Herring Prospectus and if there were prosecutions filed (whether pending or not); (viii) fines imposed or compounding of offences for our Company in the last five years immediately preceding the year of this Draft Red Herring Prospectus; (ix) litigation or legal action against our Promoter by any ministry or Government department or statutory authority during the last five years immediately preceding the year of this Draft Red Herring Prospectus; (x) pending litigations involving our Company, Directors, Promoter, Group Companies or any other person, as determined to be material by the Company's Board of Directors in accordance with the SEBI (ICDR) Regulations; or (xi) outstanding dues to creditors of our Company as determined to be material by our Company's Board of Directors in accordance with the SEBI (ICDR) Regulations and dues to small scale undertakings and other creditors.

For the purpose of material litigation in (x) above, our Board has considered and adopted the following policy on July 19, 2024, materiality with regard to outstanding litigations to be disclosed by our Company in this Draft Red Herring Prospectus:

- a) All criminal proceedings, statutory or regulatory actions and taxation matters, involving our Company, Promoter, Directors, or Group Companies, as the case may be shall be deemed to be material;
- b) All pending litigation involving our Company, Promoters, Directors, or Group Companies as the case may be, other than criminal proceedings, statutory or regulatory actions and taxation matters, would be considered 'material' (a) the monetary amount of claim by or against the entity or person in any such pending matter(s) is in excess of 10% of the net profits after tax of the Company for the most recent audited fiscal period; or (b) where the monetary liability is not quantifiable, each such case involving our Company, Promoters, Directors, or Group Companies, whose outcome would have a bearing on the business operations, prospects or reputation of our Company and as required under the SEBI Regulations have been disclosed on our website at <https://www.technichemorganics.com/> ;
- c) Notices received by our Company, Promoter, Directors, or Group Companies, as the case may be, from third parties (excluding statutory/regulatory authorities or notices threatening criminal action) shall, in any event, not be evaluated for materiality until such time that the Company / Directors / Promoter / Group Companies, as the case may be, are impleaded as parties in proceedings before any judicial forum.

Our Company, our Promoter and/or our Directors, have not been declared as wilful defaulters by the RBI or any governmental authority, have not been debarred from dealing in securities and/or accessing capital markets by the SEBI and no disciplinary action has been taken by the SEBI or any stock exchanges against our Company, our Promoter or our Directors, that may have a material adverse effect on our business or financial position, nor, so far as we are aware, are there any such proceedings pending or threatened.

TRACK RECORD OF PAST OFFERS HANDLED BY BOOK RUNNING LEAD MANAGER

For details regarding track record of the Book Running Lead Manager to the Issue as specified in the Circular reference no. CIR/MIRSD/1/2012 dated January 10, 2012 issued by the SEBI, please refer the website of the Book Running Lead Manager at: www.shreni.in.

STOCK MARKET DATA OF EQUITY SHARES

This being an initial public offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the Bidders to approach the Registrar to the Issue for redressal of their grievances. The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number,

Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Issue.

All grievances of the Anchor Investors may be addressed to the Registrar to the Issue, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding Two Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding Two Working Days from the Bid / Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Master Circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 (to the extent applicable) and SEBI Master Circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 (to the extent applicable).

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, the SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for nonallotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLMs shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public offers opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	1. Instantly revoke the blocked funds other than the original application amount and 2. ₹100 per day or 15% per annum of the total cumulative blocked	From the date on which multiple amounts were blocked till the date of actual unblock

Scenario	Compensation amount	Compensation period
	amount except the original Bid Amount, whichever is higher	
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

For helpline details of the Book Running Lead Manager pursuant to the SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see “*General Information – Book Running Lead Manager*” on page 66 of this Draft red Herring Prospectus.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to Bids submitted with Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Issue. The Registrar to the Issue shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the SEBI ICDR Regulations.

The Registrar to the Issue shall obtain the required information from the SCSBs and Sponsor Bank for addressing any clarifications or grievances of ASBA Applicants. Applicants can contact our Company Secretary and Compliance officer or the Registrar to the Issue in case of any pre-issue or post-issue related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Anchor Investors are required to address all grievances in relation to the Issue to the BRLM.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned herein.

Our Company has also appointed Mr. Thakkar Parth B, Company Secretary and Compliance officer for the Issue. For details, see “*General Information*” beginning on page 66 of this Draft red Herring Prospectus.

Further, in accordance with SEBI ICDR Regulations the minimum application size in terms of number of specified securities shall not be less than ₹1.00 Lakh per application.

JOINT HOLDERS

Subject to the provisions contained in our Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they shall be entitled to hold the same as joint tenants with benefits of survivorship.

JURISDICTION

The courts of Mumbai, Maharashtra, India will have exclusive jurisdiction in relation to this Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and in accordance with any applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold outside the United States in 'offshore transactions' in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Bidders are advised to ensure that any Bid from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer or alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon the production of such evidence as may be required by our Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialised mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change their nomination, they are requested to inform their respective Depository Participant.

OPTION TO RECEIVE EQUITY SHARES IN DEMATERIALIZED FORM

Allotment of Equity Shares to successful Bidders will only be in the dematerialized form. Bidders will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchange.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

The BRLM, through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification and also inform the Bankers to the Issue to process refunds to the Anchor Investors, as the case may be. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared, and the Stock Exchanges will also be informed promptly. In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit reports of compliance with the applicable listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. Further, in case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final ROC approval of the Prospectus after it is filed with the ROC. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an Issue, our Company shall file a fresh Prospectus.

SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI Circular No. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

The above timetable other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation or liability on our Company or the BRLM.

Any circulars or notifications from the SEBI after the date of this Draft Red Herring Prospectus may result in changes to the timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within such time as prescribed by SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges. In terms of the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, our Company shall within three days from the closure of the Issue, refund the subscription amount received in case of non – receipt of minimum subscription or in case our Company fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The Shareholder, severally and not jointly, has specifically confirmed that it shall extend such reasonable support and co-operation required by our Company and the BRLM for completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchange within such time as prescribed by SEBI.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSB’s on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSB’s shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Issue, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within such time as prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors)

Bid Period (except the Bid/Issue Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))
Bid/Issue Closing Date	
Submission and Revision in Bids*	Only between 10.00 a.m. and 3.00 p.m. IST

* UPI mandate end time and date shall be at 5.00 pm IST on Bid/Issue Closing Date.

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i. 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii. until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange in case of Bids by RIBs.

On Bid/Issue Closing Date, extension of time will be granted by Stock Exchange only for uploading Bids received by RIBs after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum- Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise; or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid Period in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the Face Value of the Equity Shares.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum-Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs /RTAs / DPs / stock brokers, as the case may be, for the rectified data.

In case of revision in the Price Band, the Bid/Issue Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, may extend the Bid/Issue Period for a minimum of one Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLM and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

In case of discrepancy in data entered in the electronic book vis-à-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

MINIMUM SUBSCRIPTION

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond Two days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Prospectus and shall not be restricted to the minimum subscription level. For details of underwriting arrangement, kindly refer the chapter titled “General Information - Underwriting” on page 66 of this Draft Red Herring Prospectus.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 50 (Fifty).

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than ₹ 1,00,000/- (Rupees One Lac only) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the Equity Shares will happen in the minimum contract size of [●] shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the BSE SME.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface ("**UPI**") and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. ("**UPI Phase I**"). The UPI Phase I was effective until June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by UPI Bidders through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later ("**UPI Phase II**"). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, had decided to continue with the UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders ("**UPI Phase III**") and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The BRLMs shall be the nodal entity for any Issues arising out of the public issuance process. In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI RTA Master Circular, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process.

Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances, including the reduction of time period for unblocking of application monies from 15 days to four days. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹5.00 lakhs shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. Pursuant to SEBI circular

no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/Issue Closing Date, in accordance with the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding three Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, has reduced the timelines for refund of Application money to four days.

The BRLM shall be the nodal entity for any issues arising out of public issuance process.

Our Company and the BRLM, members of the syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the GID and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus, when filed.

Further, our Company and the Members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, the Issue is being made for at least 25% of the post- Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229 (2) of Chapter IX of SEBI ICDR Regulations via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Issue Price. However, undersubscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

Bidders must ensure that their PAN is linked with Aadhaar and are in compliance with CBDT notification dated February 13, 2020 and press release dated June 25, 2021 read with press release dated September 17, 2021, and CBDT circular no.7 of 2022, dated March 30, 2022, read with press release dated March 28, 2023.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchange.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which do not have the details of the Bidders’ depository account, including DP ID, Client ID, UPI ID (in case of UPI Bidders using the UPI Mechanism) and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialised subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

However, they may get the Equity Shares rematerialised subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws. Phased implementation of UPI.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six Working Days. For further details, refer to the General Information Document available on the website of the Stock Exchange and the Book Running Lead Manager.

Phase II: This phase has become applicable from July 1, 2019. and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing continues to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“T+3 Notification”). In this phase, the time duration from public Issue closure to listing has been reduced from six Working Days to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 issued by SEBI, as amended by the SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (the “UPI Streamlining Circular”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streaming Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints, the relevant SCSB as well as the post- issue BRLM will be required to compensate the concerned investor.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law. The Issue will be made under UPI Phase III of the UPI Circular.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as the Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders.

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹2.00 lakhs and up to ₹5.00 lakhs, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 (“UPI Streamlining Circular”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streamlining Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Further, in terms of the UPI Circulars, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager.

BID CUM APPLICATION FORM

* Excluding electronic Bid cum Application Form.

** Bid cum Application Forms for Anchor Investors will be made available at the office of the Book Running Lead Manager. Electronic Bid cum Application forms will also be available for download on the website of BSE (www.bseindia.com).

In case of ASBA forms, the relevant Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges and the Stock Exchanges validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. The Stock Exchanges shall accept the ASBA applications in their electronic bidding system only with a mandatory confirmation on application monies blocked. For UPI Bidders, the Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded. The Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis to enable the Sponsor Bank(s)

to initiate UPI Mandate Request to UPI Bidders for blocking of funds. For ASBA Forms (other than UPI Bidders) Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank.

For UPI Bidders, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis through API integration to enable the Sponsor Bank(s) to initiate UPI Mandate Request to UPI Bidders for blocking of funds. The Sponsor Bank(s) shall initiate request for blocking of funds through NPCI to UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate the UPI Bidders in case of failed transactions shall be with the concerned entity (i.e., the Sponsor Bank(s), NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Issue shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability.

The Sponsor Bank(s) will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank(s) will undertake reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with the Book Running Lead Managers in the format and within the timelines as specified under the SEBI UPI Circulars. Sponsor Bank(s) and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Bank(s) on a continuous basis.

For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022. For all pending UPI Mandate Requests, the Sponsor Bank(s) shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm IST on the Bid/Issue Closing Date (“**Cut-Off Time**”). Accordingly, UPI Bidders should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse. Further, modification/cancellation of Bids (if any) shall be allowed in parallel during the Bid/Issue Period until the Cut-Off Time.

Bids and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (Indian Standard Time) during the Issue Period at the Bidding Centers mentioned in the Bid cum Application Form.

Standardization of cut-off time for uploading of bids on the Bid/Issue closing date:

- i. A standard cut-off time of 3.00 p.m. for acceptance of bids.
- ii. A standard cut-off time of 4.00 p.m. for uploading of bids received from other than retail individual applicants.
- iii. A standard cut-off time of 5.00 p.m. for uploading of bids received from only retail individual applicants, which may be extended up to such time as deemed fit by BSE Limited after taking into account the total number of bids received up to the closure of timings and reported by BRLM to BSE Limited within half an hour of such closure.

It is clarified that Bids not uploaded in the book, would be rejected. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid form, for a particular bidder, the details as per physical bid cum application form of that Bidder may be taken as the final data for the purpose of allotment. Bids will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

The Sponsor Bank(s) shall host a web portal for intermediaries (closed user group) from the date of Bid/ Issue Opening Date until the date of listing of the Equity Shares with details of statistics of mandate blocks/unblocks, performance of apps and UPI handles, down-time/network latency (if any) across intermediaries and any such processes having an impact/bearing on the Issue Bidding process.

The processing fees for applications made by UPI Bidders may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation in accordance with SEBI circular no: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no.

SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 and any subsequent circulars or notifications issued by SEBI in this regard.

Pursuant to SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 Dated November 10, 2015, an Investor, intending to subscribe to this Issue, shall submit a completed application form to any of the following intermediaries (Collectively called – Designated Intermediaries”):

- (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or
- (iii) there is a common director, excluding nominee director, amongst the Anchor Investors, the Book Running Lead Manager.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NON-RESIDENT INDIANS

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (White in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (Blue in colour).

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their respective SCSB to block their NRE accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSB to block their NRO accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Eligible NRIs applying on a non-repatriation basis in the Issue through the UPI Mechanism are advised to enquire with their relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the members of the Indian company in a general meeting.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

For details of restrictions on investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 316 of this Draft Red Herring Prospectus.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules. Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

BIDS BY HUFs

Hindu Undivided Families or HUFs, in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta. Bids/Applications by HUFs may be considered at par with Bids from individuals.

BIDS BY FPIs

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, i.e., the individual holding of an FPI (including its investor group (which means multiple entities registered

as foreign portfolio investors and directly or indirectly, having common ownership of more than 50% or common control)) shall be below 10% of our post- Issue Equity Share capital on a fully diluted basis. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis, the total investment made by the FPI or investor group will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements. Further, the total holdings of all FPIs put together, with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents (Blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“**MIM Structure**”), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Further, in the following cases, the bids by FPIs will not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“**ODI**”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24%, 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure shall be aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in this Draft Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form *“exceeds the Issue size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Red Herring Prospectus.”*

For example, an FPI must ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the “FPI Group”) shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Issue Equity Share capital shall be liable to be rejected.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹2,500.00 lakhs and pension funds with a minimum corpus of ₹2,500.00 lakhs (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company in consultation with the Book Running Lead Manager in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

BIDS BY SEBI REGISTERED VCFs, AIFs AND FVCIs

The SEBI FVCI Regulations, inter alia, prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, subject to FEMA Rules, VCFs and FVCIs can invest only up to 33.33% of their investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company. A category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company, the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, (the "Banking Regulation Act"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial services company cannot exceed 20% of the investee company's paid-up share capital and reserves. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (iii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

BIDS BY SCSBs

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to Draft Red Herring Prospectus. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant’s bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment post review by BRLM with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is

78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.

- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

BASIS OF ALLOTMENT IN THE EVENT OF UNDER SUBSCRIPTION

In the event of under subscription in the Issue, the obligations of the Underwriters shall get triggered in terms of the Underwriting Agreement. The Minimum subscription of 100% of the Issue size as specified shall be achieved before our Company proceeds to get the basis of allotment approved by the Stock Exchange.

As per the RBI regulations, OCBs are not permitted to participate in the Issue. There is no reservation for Non-Residents, NRIs, FPIs and foreign venture capital funds and all Non-Residents, NRI, FPI and Foreign Venture Capital Funds applicants will be treated on the same basis with other categories for the purpose of allocation.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorised employees of the Stock Exchange, along with the Book Running Lead Manager and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

ISSUANCE OF A CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section. The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued, issued the Consolidated FDI Policy Circular of 2020 (“**FDI Policy**”), which, with effect from October 15, 2020, subsumes and supersedes all press notes, press releases, clarifications, circulars issued by the DPIIT, which were in force as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI SAST Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Issue shall be on the basis of the FEMA Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Nondebt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India.

As per the FDI policy, FDI in companies engaged in the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For further details, see “*Issue Procedure*” on page 292 of this Draft Red Herring Prospectus. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Issue Period.

The Equity Shares issued in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws of the United States and, unless so registered, may not be issued or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws of the United States. Accordingly, the Equity Shares are only being issued and sold only outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations, seek independent legal advice about its ability to participate in the Issue and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
