Explanation for KPI metrics

KPI	Explanations
Revenue from Operations	Revenue from Operations is used by our management to track the revenue profile of the business and in turn helps assess the overall financial performance of our Company and size of our business.
Total income	Total income is used by the management to track revenue from operations and other income.
EBITDA	EBITDA provides information regarding the operational efficiency of the business.
EBITDA Margin (%)	EBITDA Margin (%) is an indicator of the operational profitability and financial performance of our business.
PAT	Profit after tax provides information regarding the overall profitability of the business.

PAT Margin (%)	PAT Margin (%) is an indicator of the overall profitability and financial performance of our business.
Net Debt	Net Debt is an indicator of the Company’s obligations to lenders net of liquid cash assets
Net Worth	Net worth is used by the management to ascertain the total value created by the entity and provides a snapshot of current financial position of the entity.
RONW (%)	RONW provides how efficiently our Company generates earnings from the equity capital employed in the business.

Rope Wires	Rope wires have smooth surface, high corrosion resistant, high fatigue strength, excellent heat resistance and are free from lateral / longitudinal cracks, pits and marks etc. The high tensile Strength of the rope wires make them suitable for critical industrial applications
Round Wires	These are wires with the round cross section
Scrubber Wires	Stainless steel wires for scrubbing applications have a very bright smooth finish and the extra softness enables further cold working by the customer
Shaped Wires	These are the wires made in a non-usual shape for a specific use. Shaped wires can bend into complicated shapes as needed in various kitchen equipment & utensils
Spring Wires	Spring wires are high tensile strength wires for precisions springs, compression springs, tension springs, wire form, pins and wire ropes
SS Wire	Stainless Steel Wire
Stainless Steel Wires	Stainless steel wire is made from a corrosion-resistant alloy which is a combination of iron, chromium, nickel, and other elements
Straight Line Machines	These are machines with an advanced technology used for wire drawing process
Tensile Strength	The tensile strength is the resistance of a material to breaking under tension
TMT	Thermo-mechanically treated
Welding Wires	Welding wires are suitable for stainless steel welding and cryogenic applications. Welding wires have excellent flux adhesion and corrosion resistance
Wire Drawing	It is a process used to reduce the cross-section of a wire by pulling the wire through a single, or series of drawing die/s

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

In this Draft Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “Excellent Wires and Packaging Limited” and “EWPL”, unless the context otherwise indicates or implies, refers to Excellent Wires and Packaging Limited. All references in this Draft Prospectus to “India” are to the Republic of India. All references in this Draft Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

Financial Data

Unless stated otherwise, the financial data in this Draft Prospectus is derived from our audited financial years ended March 31, 2024, 2023 and 2022, prepared in accordance with Indian GAAP, the Companies Act and restated in accordance with the SEBI (ICDR) Regulations which are included in this Draft Prospectus, and set out in ‘*Financial Statements*’ on page 131. Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year are to the 12 months period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year.

There are significant differences between the Indian GAAP, the International Financial Reporting Standards (the “IFRS”) and the Generally Accepted Accounting Principles in the United States of America (the “U.S. GAAP”). Accordingly, the degree to which the financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices, the Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations on the financial disclosures presented in this Draft Prospectus should accordingly be limited. We have not attempted to quantify the impact of the IFRS or the U.S. GAAP on the financial data included in this Draft Prospectus, nor do we provide a reconciliation of our financial statements to those under the U.S. GAAP or the IFRS and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Certain figures contained in this Draft Prospectus, including financial information, have been subject to rounding adjustments. All decimals have been rounded off to two decimal points, except for figures in percentage. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Draft Prospectus as rounded-off to such number of decimal points as provided in such respective sources.

Currency and units of presentation

In this Draft Prospectus, unless the context otherwise requires, all references to (a) ‘Rupees’ or ‘₹’ or ‘Rs.’ or ‘INR’ are to Indian rupees, the official currency of the Republic of India; (b) ‘US Dollars’ or ‘US\$’ or ‘USD’ or ‘\$’ are to United States Dollars, the official currency of the United States of America. All references to the word ‘Lakh’ or ‘Lac’ or ‘Lacs’, means ‘One hundred thousand’ and the word ‘Million’ means ‘Ten lakhs’ and the word ‘Crore’ means ‘Ten Million’ and the word ‘Billion’ means ‘One thousand Million’. Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Conditions and Results of Operation*” and elsewhere in this Draft Prospectus, unless otherwise indicated, have been calculated based on our Restated Financial Statement.

Industry and Market Data

Unless stated otherwise, industry and market data used throughout this Draft Prospectus has been obtained or derived from internal Company reports and industry and government publications, publicly available information and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although, our Company believes that industry data used in this Draft Prospectus is reliable, it has not been independently verified. Further, the extent to which the industry and market data presented in this Draft Prospectus is meaningful depends on the reader’s familiarity with and understanding of, the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD-LOOKING STATEMENTS

All statements contained in this Draft Prospectus that are not statements of historical facts constitute ‘forward-looking statements. All statements regarding our expected financial condition and results of operations, business, objectives, strategies, plans, goals, and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, our revenue and profitability, planned projects and other matters discussed in this Draft Prospectus regarding matters that are not historical facts. These forward-looking statements and any other projections contained in this Draft Prospectus (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections.

These forward looking statements can generally be identified by words or phrases such as “will”, “aim”, “will likely result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- Inability to meet our obligations, including repayment, financial and other covenants under our debt financing arrangements.

For a further discussion of factors that could cause our current plans and expectations and actual results to differ, please refer “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on page 21, 90 and 163 respectively.

Forward looking statements reflects views as of the date of this Draft Prospectus and not a guarantee of future performance. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company / our Directors nor the Lead Manager, nor any of its affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Lead Manager will ensure that investors in India are informed of material developments until such time as the listing and trading permission is granted by the Stock Exchange.

SECTION II - SUMMARY OF THE OFFER DOCUMENT

A. Summary of Business & Industry:

Summary of Business:

We started our business in April 2012 in the name of Perfect Wire Industries, Partnership Firm, as a manufacturer and exporter of various types of wires, such as Spring Steel Wire, High Carbon Wire, Galvanised Wire or GI Wire, Round Stitching Wire, Flat Stitching Wire, Mild Steel (M.S.) & Low Carbon Wire, H.B. & H.H.B. Wire, Annealed Wire, Brass Wire, Copper Wire, Stainless Steel Wire, Spiral Wires, Binding Wires, Bailing Wires and all types & sizes of Wire Ropes made of high carbon or SS Wire With or without PVC Coating for multiple applications under the brand name of **Excellent**. We also manufacture packaging products like PP Strapping Rolls and BOPP Self Adhesive Tapes under the brand name of **Excellent**. We supply our products to various industries viz. Packaging, Engineering, Stationery, Imitation Jewelry, Wires & Cable etc. Our Company was incorporated on March 16, 2021 to pursue the business of Perfect Wire Industries in corporate entity and reduced the business in partnership firm over a period of time and is stopped from August 2021 and entire production facility with assets was rented to our Company vide agreement dated June 01, 2021 and it sold all machines to our Company on March 01, 2024 at Rs. 17.75 Lakhs vide their invoice no. PW/FA/001 at written down value. As on date above business is completely carried on in Excellent Wires and Packaging Limited.

We leased a property in Panvel from Dhara Brass Wire Private Limited starting from 1st May 2022, which included existing machinery with an installed capacity of 360 MTPA. This enabled us to launch a new product line of brass wires. However, managing two separate manufacturing units became challenging, leading us to vacate the Panvel property by 30th April 2024. To streamline operations and reduce costs, we rented a new property (Gala No. 3) next to our original unit in Palghar. This move also provided financial benefits due to lower rental expenses compared to the Panvel unit.

Right from the raw material selection to the packing and dispatch of our final products we do not compromise on quality. At incoming stage our raw materials are subjected to various in-house as well as NABL accredited external lab tests to ascertain the quality received is as per the specified standards. At process stage we have testing Equipments to conduct in-house tests on regular basis. At final stage before dispatch, we conduct batch-based testing at our in-house lab and selected samples are sent to external labs as well. With checks at all stages, we make sure the quality of material supplied to our customers are of requisite quality.

We have been awarded ISO 9001:2015 Certification which is an internationally recognized standard that ensures we have an effective quality management system. This certification demonstrates our rigorous quality standards and commitment to continuously improve our business processes. Quality and on-time delivery remain our highest priority and we are proud to say that we excel at both.

We are engaged in the sale of following broad categories of products:

- Brass Wires & Products
- Steel Wires & Products
- Other Products viz. Packaging Products

Summary of Industry:

INDIAN STEEL INDUSTRY

(Source: <https://www.ibef.org/industry/steel>)

One of the primary forces behind industrialization has been the use of metals. Steel has traditionally occupied a top spot among metals. Steel production and consumption are frequently seen as measures of a country's economic development because it is both a raw material and an intermediary product. Therefore, it would not be an exaggeration to argue that the steel sector has always been at the forefront of industrial progress and that it is the foundation of any economy. The Indian steel industry is classified into three categories - major producers, main producers and secondary producers.

India is the world's second-largest producer of crude steel, with an output of 125.32 MT of crude steel and finished steel production of 121.29 MT in FY23. India's steel production is estimated to grow 4-7% to 123-127 MT in FY24.

MARKET SIZE

In the past 10–12 years, India's steel sector has expanded significantly. Production has increased by 75% since 2008, while domestic steel demand has increased by almost 80%. The capacity for producing steel has grown concurrently, and the rise has been largely organic.

The annual production of steel is anticipated to exceed 300 million tonnes by 2030-31. By 2030-31, crude steel production is projected to reach 255 million tonnes at 85% capacity utilisation achieving 230 million tonnes of finished steel production, assuming a 10% yield loss or a 90% conversion ratio for the conversion of raw steel to finished steel. With net exports of 24 million tonnes, consumption is expected to reach 206 million tonnes by the years 2030–1931. As a result, it is anticipated that per-person steel consumption will grow to 160 kg.

STEEL WIRE INDUSTRY

(Source: https://swmai.org/site_content/steel_wire_industry)

Established in India in 1920s, the Steel Wire Industry has progressed remarkably and has successfully developed and manufactured various types of high carbon, alloy steel and special steel wires in addition to mild steel wires. The industry has become versatile enough to meet the requirements of numerous consuming sectors. This sophistication has been possible due to continuous and well-planned R & D efforts on part of the manufacturers with patronage of SWMAI. The result has been that the industry is in a position to manufacture and supply steel wires, both in the domestic and the international markets, in accordance with Indian (BIS) and international (ASTM, DIN, JIS, BSS) standards.

The demand of wires is expected to increase in leaps and bounds in the years to come. Out of the total steel consumed in India wire constitutes only 5%. However, if pace of development picks up the domestic consumption of wires will increase by 2% - 3% to 7% - 8% of the steel consumption.

In our Country, if we closely look at the wire demand, almost 88% of it is for wires in plain carbon steel grades, 5% would be for Stainless Steel grades and the balance would be for Alloy Steel Wires.

On further analysis, out of the plain carbon wires almost 75% to 80% of the demand is for black/uncoated wires and the balance 20% to 25% is for wires coated with other base metals e.g. Zinc (Galvanized), Copper, Bronze, and other coating materials.

Key Growth Indicators for Wire and Cable Market in India.

- Increasing Demand for Renewable Power Generation is a Vital Trend
- Growing Demand from Data Centers and IT Facilities is a Current Trend
- Demand for Cables in Railways
- 5G Infrastructure will Create the Demand for Cables
- Escalating urbanization & Growth in Infrastructure

The cable & wire industry in India is a significant sector which has registered robust growth over decades led by the government's focus on providing power to all. It plays a crucial role in supporting the infrastructure development and electrical needs of the country.

The domestic cables and wires industry has registered robust growth over the last five years led by the government's focus on providing power to all and gradual pickup from the housing market. The Cables and Wires (C&W) industry is expected to grow at a compound annual growth rate (CAGR) of 12% over FY 2021- 26. Growth is expected to be driven by upbeat construction activity in the housing sector and government initiatives in the power and infrastructure sectors. Further, electrification of rural villages and households, improved transmission and distribution systems along with increased demand from renewable power generation will drive growth of electrical cables.

SECTION III - RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties summarised below, before making an investment in our Equity Shares. The risks described below are relevant to, the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with 'Our Business' and 'Management's Discussion and Analysis of Financial Condition and Results of Operations' on page 90 and 163 respectively, of this Draft Prospectus as well as the other financial and statistical information contained in this Draft Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in 'Financial Statements' on page 131 of this Draft Prospectus. Unless stated otherwise, the financial data in this section is as per our financial statements prepared in accordance with Indian GAAP, as restated.

If any one or more of the following risks as well as other risks and uncertainties discussed in this Draft Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of your investment.

This Draft Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in this Draft Prospectus.

These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be material when considered collectively.*
- 2. Some events may have an impact which is qualitative though not quantitative.*
- 3. Some events may not be material at present but may have a material impact in the future.*

INTERNAL RISKS

- 1. We propose to utilize a portion of our Net Proceeds towards acquisition of land and construction of building and acquisition of plant and machineries for our proposed manufacturing facility at Wada. Any delay or failure in successfully setting up this facility may affect our business growth, thereby affecting our future business plans, business operations and financial conditions.***

Our Company proposes to acquire land and construct building there on at the cost of Rs. 578.18 Lakhs and install plant & machineries at the cost of Rs. 200 Lakhs to expand our manufacturing capacities. Our company has identified the land and has entered into a MOU dated June 01, 2024 for acquisition of Land at Wada at the cost of Rs. 341 Lakhs. We also propose to construct building on this Land at an estimated cost of Rs. 237.18 Lakhs as per cost estimated provided by M/S. Creative Spaces Private Limited, Architect Irfan Kazi, Registration no. CA/2008/43661 vide their quotation dated June 01, 2024.

Our Company has identified certain plant and machineries to be purchased and to be installed at the building to be constructed at the above referred land. We proposed to spend Rs. 200 Lakhs as per quotation provided by Gujarat Wire Products, Rajkot, Gujarat (GSTIN – 24AAQPU3968D1Z8) dated April 05, 2024.

We have obtained quotations from respective vendors / suppliers and is yet to place any orders or enter into definitive agreements for construct of building or purchase of plant & machineries. For further details please refer to the chapter titled "Objects of the Offer" beginning on page 61 of the Draft Prospectus.

While we have entered into MOU for land and obtained the quotations for cost estimate, these quotations are valid for a certain period of time and may be subject to revisions. We cannot assure that we will be able to construct building or

procure plant & machineries within the cost indicated by such quotations and set up a manufacturing facility as scheduled. Any time and cost overrun due to our failure to implement our objects of the offer within our budget could adversely impact our financial condition temporarily and also delay our growth prospects and may adversely affect our business, results of operations and financial condition. While we may seek to minimize the risks from any unanticipated events, it cannot be assured that all potential delays could be mitigated and that we will be able to prevent any cost over-runs and any loss of profits resulting from such delays, shortfalls and disruptions. As a result, our business, financial condition, results of operations and prospects could be materially and adversely affected.

2. *If we are unable to implement our growth strategy successfully including in relation to selecting locations for our new manufacturing facility, our results of operations and financial condition may be adversely affected.*

We started our manufacturing facility at Gala No. 1, Jyoti Industrial Estate, Vevoor, Palghar, Palghar, Maharashtra, 401404 in June 2021 by renting the plant & machinery having an Installed Capacity of 280 MTPA from Perfect Wire Industries, erstwhile partnership firm belonging to our Promoters and over the years we took another property Gala No. 2 next to our above manufacturing facility. Further we started manufacturing facility at Panvel by renting property and machineries from Dhara Brass Wire Private Limited in May 2022 having an Installed Capacity of 360 MTPA, which we closed down in April 2024 and shifted our owned machineries from Panvel to Palghar facility at Gala No. 3, Jyoti Industrial Estate, Vevoor, Palghar, Palghar, Maharashtra, 401404 to consolidate all facility at single location. As on date, we have 880 MTPA installed capacity of our owned machineries at our Palghar facility and we propose to add further installed capacity of 1,310 MTPA by setting up new manufacturing facility at Wada. For more details of existing manufacturing facility, please refer to chapter titled ‘Our Business’ beginning on page 90 and for further details of our proposed capacity expansion by setting up manufacturing facility at Wada, please refer to the chapter titled “Objects of the Offer” beginning on page 61 of the Draft Prospectus. Our total revenue from operations has grown to Rs. 1,540.82 Lakhs in FY 2024 from Rs. 728.83 Lakhs in FY 2022. This growth has placed, and will continue to place, significant demands on our manpower, operational and capital resources. While we intend to continue to expand our operations in, we may not be able to sustain historic growth levels and may not be able to leverage our experience in our existing business in order to grow our business in existing as well as new markets. An inability to effectively manage our expanded operations or pursue our growth strategy may lead to operational and financial inefficiencies, which could have a material adverse effect on our business prospects, financial condition and results of operations.

As part of our overall strategy, we may undertake investments, acquire certain businesses, assets and technologies and search for new user industries for our products. The continued successful expansion of our business activities depends on our ability to:

- position our products in the existing markets as well as successfully establish a foothold in new markets and to execute our business strategy in new markets;
- negotiate and obtain favourable terms from our suppliers;
- effectively run our marketing strategies;
- hire, train and retain skilled personnel; and
- effectively compete with existing and new businesses in the region.

Any investment, acquisition and business initiative, such as our acquisition of brands, could require our management to develop expertise in new areas, manage new business relationships and divert their attention and resources, all of which could have a material impact on our ability to manage our business. These investments, acquisitions and business initiatives may also expose us to risks associated with the integration of new business lines, operations and personnel, the diversion of resources from our existing business and technologies, the potential loss of, or harm to, relationships with employees and customers.

If our new manufacturing facility does not break even or achieve our expected level of profitability within our expected timeframe, or at all, our expansion plans, results of operations, financial condition and profitability may be materially and adversely affected and we may decide to relocate or even scale down our productions. If we are forced to close our manufacturing facility, we may not be able to realise our investment cost. Consequently, there can be no assurance that we will be able to achieve our expansion goals, that new facility will be commenced in a timely manner, or at all, or that it will be profitable.

3. *We have not entered into long-term contracts with our customers and typically operate on the basis of purchase orders from our customers, any loss of customers could adversely impact our revenues and profitability.*

We generate sales generally by our continuing relationships with our existing customers as well as from new customers. We do not enter in any long-term contract with any of our customers. We offer wide range of wires & wire products which are being sold under our trade name “Excellent”.

Revenue from our top 10 customers constituted 64.58%, 61.34% and 50.44% of our revenue from operations for financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively. Our largest customer during last three financial years have been Prime Wires Private Limited, one of our promoter group companies and their contribution to our revenue is 41.13%, 35.69% and 23.03% of our revenue from operations for financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively. For more details about common pursuits of these entities, please refer to Section “Our Promoters and Promoter Group” on page 121 of this Draft Prospectus. We confirm that during any of the above referred financial years, there is no single customer contributing more than 50% of our revenue from operations. We have not entered into agreements with our customers and loss of any significant customers would have a material effect on our financial results. We cannot assure you that the customers would continue to do business with us or pay us in a timely manner or we would be able maintain the historical levels of business from these customers or that we will be able to replace these customers in case we lose any of them. While we are constantly striving to increase our customer base and diversify into different industries and reduce dependence on any particular customer, there is no assurance that we will be able to broaden our customer base in any future periods or that our business or results of operations will not be adversely affected by a reduction in demand or cessation of our relationship with any of our major customers.

Our existing client relationships help us to get repeat business from our customers. This has helped us maintain a relationship with our customers and improve our customer retention strategy. We combine our expertise with an understanding of our product market developed through market feedback and interaction with various customers. However, any change in the customer requirements and their buying pattern can adversely affect our business and in turn our financial performance.

4. Raw Materials costs constitute a significant percentage of our Company’s total expenses. The costs of the raw materials that we use in our manufacturing process are subject to volatility. Increases or fluctuations in raw material prices, may have a material adverse effect on our business, financial condition, results of operations and cash flows.

Raw materials and stores consumed constitute a significant percentage of the total expenses of our Company. The cost of raw materials consumed alongwith changes in inventories during the period accounted for 80.41%, 84.07% and 87.67% of total expenses for the financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively. Our operations are dependent upon the price and availability of the raw materials that we require for the production of wires. Our primary raw materials include metal products such as, MS Steel, Brass, Copper and zinc.

We have in the past experienced cost fluctuations for these raw materials due to volatility in the commodity markets and have mitigated the risk of cost fluctuations by increasing the selling price of our products proportionately. However, increasing global demand for, and uncertain supply of, any such raw materials could disrupt us or our suppliers’ ability to obtain such raw materials in a timely manner to meet our supply needs and may lead to increased costs. The prices and supply of these raw materials are also affected by, among others, general economic conditions, competition, production costs and levels, the occurrence of pandemic (such as COVID-19), transportation costs, indirect taxes and import duties, tariffs and currency exchange rate.

Though, we have managed our products pricing, in case of increase in raw material prices, there can be no assurance that we will be able to pass such cost increases to our customers in future also. Any increase in the cost of inputs to our production could lead to higher costs for our products. If we increase the prices of our products to offset the impact of higher costs, this may cause certain of our customers to cancel orders or refrain from purchasing our products, which may materially and adversely reduce the demand for our products, and thus, negatively impact our operating results. If we are unable to pass on cost increases to our customers or are unsuccessful in managing the effects of raw material price fluctuations, our business, financial condition, results of operations and cash flows could be materially and adversely affected.

5. Improper storage, processing and handling of our raw materials, in process products and finished products could damage our inventories and, as a result, have an adverse effect on our business, results of operations and cash flows.

We typically store our raw materials, work -in-progress, stock in trade and finished goods at our factory premises. In the event that our raw materials, WIP products and finished products are improperly stored, processed and handled, the quality

our raw materials, such as wire, zinc ingots, packaging materials etc. could deteriorate and our products could be damaged. As a result, our production outputs could be adversely affected, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. Though we have insurance for our stocks but we can not assure you that we may get compensated for any such damages. While there have been no instances in the past where our raw materials, WIP products and finished products was damaged due to improper storage, processing and handling, however, we cannot assure that we will not face such issues in future.

6. *Our customers are B2B businesses and are subject to high working capital requirements. Our inability to maintain an optimal level of working capital required for our business may impact our operations adversely.*

All our customers are B2B businesses and it requires significant amount of working capital and major portion of our working capital is utilized towards debtors and inventories. Our, Trade Receivables for the financial years ended March 31, 2024 & 2023 were Rs.233.06 lakhs and Rs. 162.49 lakhs respectively and our inventories for the financial years ended March 31, 2024 & 2023 were Rs. 161.02 lakhs and Rs. 125.58 lakhs respectively. We expect this to grow further in the coming years as we increase our focus on business.

The results of operations of our business are dependent on our ability to effectively manage our inventory and trade receivables. To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. However, if our management fails to accurately evaluate the terms and conditions with our customers, it may lead to delay in recoveries which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability.

Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. In the event we are not able to recover our dues from our trade receivables or sell our inventory, we may not be able to maintain our Sales level and thus adversely affecting our financial health.

7. *Our Promoters and Directors, Bhavya Vasant Shah, Rachit Paresh Masalia and Darshil Hasmukh Shah plays key role in our functioning and we heavily depend on their knowledge and experience in operating our business and therefore, it is critical for our business that our Promoters remain associated with us. Our success also depends on our key managerial personnel and our ability to attract and retain them. Any loss of our key person could adversely affect our business, operations and financial condition.*

The success of our business operations is attributable to our Promoters and Directors and the key managerial team. We believe that our relation with our Promoters, who has rich experience in markets, managing customers and handling overall businesses, has enabled us to experience growth and profitability. For details of our Promoters, please refer to Section “Our Promoters and Promoter Group” on page 121 of this Draft Prospectus.

If our Promoters/ Directors divert their attention to any other ventures, we may not be able to function as efficiently and profitably as before. We may have to incur additional costs to replace the services of our Promoters or we may not be able to do so at all, which could adversely affect our business operations and affect our ability to continue to manage and expand our business. The loss of service of the Promoters, directors and other senior management could seriously impair the ability to continue to manage and expand the business efficiently. If we are unable to retain qualified employees at a reasonable cost, we may be unable to execute our growth strategy. For further details of our Directors and key managerial personnel, please refer to Section “Our Management” on page 110 of this Draft Prospectus.

8. *Substantial portion of our purchases raw materials has been dependent upon limited number of vendors.*

Purchases from our top 10 vendors constituted 75.01%, 79.89% and 73.94% of our Purchases for the financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively. We confirm that during any of the above referred financial years, there is no single vendor contributing more than 50% of our Purchases. We have not entered into any supply agreements with most of our suppliers and loss of any significant vendor would have a material effect on our financial results. We cannot assure you that we would be able maintain the historical levels of business from these suppliers or that we will be able to replace them in case we lose any of them. While we are constantly striving to increase our supplier base and reduce dependence on any particular vendor, there is no assurance that we will be able to do so in any future periods or that our business or results of operations will not be adversely affected by cessation of our relationship with any of our major vendors.

9. The implementation of the project for which proposed issue is planned is at a very preliminary stage. Any delay in implementation of the same may increase the capital cost and also affect returns from the project

We are in the process of enhancing our capacities through setting up of manufacturing facility at Wada. Same is being implemented partly on the existing buildings available on the proposed land and balance will be on new building proposed to be funded through the issue proceeds and constructed on the land at Wada. We have estimated the cost of expansion based on the estimates provided by vendors and drawn the implementation schedule based on our experience and expectation of availability of IPO funds by early December 2024. Presently, the implementation is at a preliminary stage as we have just obtained quotation from vendors and entered into a MOU for acquisition of land by paying token amount of Rs. 15 Lakhs. However, several activities like acquisition and transfer of land, appointment of contractor and construction of building, ordering & delivery of machineries and finally commencement of commercial production will all depend on successful completion of IPO and receipt of IPO money on time. For further details on 'Implementation Schedule', please refer to the chapter titled "Objects of the Offer" beginning on page 61 of the Draft Prospectus. Any delay in implementation of the same will increase the capital cost and also affect the realization of returns from the project and in turn delay the break-even cost for the project.

10. Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Draft Prospectus is based on certain assumptions and future production and capacity utilization may vary.

Our Installed Capacity was 1240 MTPA, 640 MTPA and 280 MTPA for the financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively and Capacity Utilisation was 55.56%, 55.94% and 79% of our Installed Capacity for the financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively as per certificate dated June 17, 2024 issued by Mr. Rajesh Patel, Chartered Engineer (Registration No. M/104921/0), Silvassa - 396230. Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Draft Prospectus is based on various assumptions and estimates of, including proposed thickness of products, assumptions relating to availability and quality of raw materials, assumptions relating to operational efficiencies of products manufactured by us etc. Actual production levels and utilization may differ significantly from the estimated production capacities or historical estimated capacity utilization of our facilities. Undue reliance should therefore not be placed on our production capacity or historical estimated capacity utilization information for our existing facilities included in this Draft Prospectus. For further details about our Production capacities and historical utilisation, please refer to the chapter titled "Our Business" beginning on pages 90 of the Draft Prospectus.

11. Our business requires us to obtain and renew certain registrations, licenses and permits from government and regulatory authorities and the failure to obtain and renew them in a timely manner may adversely affect our business operations.

Our business operations require us to obtain and renew from time to time, certain approvals, licenses, registrations and permits, some of which may expire and for which we may have to make an application for obtaining the approval or its renewal. We will be applying for certain approvals relating to our business. Though as on the date of this Draft Prospectus, we have obtained most of the requisite approvals and some are applied for, if we fail to maintain such registrations and licenses or comply with applicable conditions, or a regulatory authority claims we have not complied, with these conditions, our certificate of registration for carrying on a particular activity may be suspended and/or cancelled and we will not then be able to carry on such activity. This could materially and adversely affect our business, financial condition, and results of operations. We cannot assure you that we will be able to obtain approvals in respect of such applications or any application made by us in the future. For more information about the licenses required in our business and the licenses and approvals applied for, please refer "Government and Other Approvals" on page 175 of this Draft Prospectus, respectively.

12. Because we operate in a highly competitive industry, our revenues, profits or market share could be harmed if we are unable to compete effectively.

Our Company faces significant competition from Wires companies. We compete on the basis of a number of factors, including execution capabilities, depth of product and service offerings, reputation and price. Our competitors may have advantages over us, including, but not limited to:

- Substantially greater financial resources;
- Longer operating history than in certain of our businesses;
- Greater brand recognition among consumers;

- Larger customer bases in and outside India; or
- More diversified operations which allow profits from certain operations to support others with lower profitability

These competitive pressures may affect our business, and our growth will largely depend on our ability to respond in an effective and timely manner to these competitive pressures.

Some of our competitors are larger than we are in terms of size of operations and our competitors may also have greater financial and marketing resources than we do, which could allow them to improve their properties and expand and improve their marketing efforts in ways that could affect our ability to compete effectively. In addition, industry consolidation may exacerbate these risks.

13. *Our manufacturing facility is geographically located in one area, Palghar, Maharashtra. Any loss or shutdown of operations at any of our facilities in this area may have an adverse effect on our business and results of operations.*

Our present manufacturing facility is located at Palghar, Maharashtra and 100% of our production is from that unit only. This concentration of our production in Maharashtra Region, subjects us to various risks, including but not limited to the following risks:

- regional natural disasters;
- vulnerability to change of policies, laws and regulations or the political and economic environment of Western India and mainly Palghar, Maharashtra;
- constraints on our ability to diversify across states;

Further, any political disruptions, natural calamities or civil disruptions, opposition and protests, particularly in locations where we operate, could adversely affect our business operations or strategy. There is no assurance that such disruption in business operations would not bring any hindrance in the functioning of our facilities. Consequently, our business, results of operations, cash flows and financial condition have been and will continue to be heavily dependent on the performance of, and the prevailing conditions affecting our industry and overall economy in Maharashtra.

14. *Wire products manufacturing is a labour-intensive industry, hence we may face labour disruptions and other planned and unplanned work stoppages that could interfere or temporarily disrupt our operations.*

Our Company's activities are labour intensive. Strikes and other labour action may have an adverse impact on our operations, though we have not experienced any such labour disruption in the past. We cannot guarantee that we will not experience any strike, work stoppage or other industrial action in the future. Any such event could disrupt our operations either temporarily or for a significant period of time, resulting in increased wages and other costs leading to a material adverse effect on our business, results of operations or financial condition. For further details about our Human Resources, please refer to the chapter titled "Our Business" beginning on pages 90 of the Draft Prospectus.

India has stringent labour legislation that protects the interest of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and termination of employees and work permits. Although our employees are not currently unionized, it may become difficult for us to maintain flexible labour policies and we may face threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

15. *Breakdowns of our major plants or machineries or failures to repair or maintain the same may affect our business.*

Breakdowns of our major plants or machineries may significantly increase our machineries purchase cost/repair and the depreciation of our plants and machineries, as well as change the way our management estimates the useful life of our plants and machineries. In such cases, we may not be able to acquire new plants or machineries or repair the damaged plants or machineries in time or at all, particularly where our plants or machineries are not readily available from the market or require services from original machinery manufacturers. Some of our major machineries or parts may be costly to replace or repair. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or

unavailability. For further details about our Plant and Machinery, please refer to the chapter titled "Our Business" beginning on pages 90 of the Draft Prospectus.

16. Our Company had negative cash flow from operating activity in recent fiscals, details of which are given below.

Sustained negative cash flow could adversely impact our business, financial condition and results of operations. The detailed break up of cash flows is summarized in below table and our Company has reported negative cash flow from investing and financing activity in the financial years is as mentioned below, which could affect our business and growth:

(Rs. in Lakhs)			
Particulars	Fiscal 2024	Fiscal 2023	Fiscal 2022
Net cash generated from / (used in) operating activities	0.79	34.32	21.21
Net cash generated from / (used in) Investing Activities	-201.69	-5.80	-13.52
Net cash generated from / (used in) from financing activities	261.10	-14.15	-8.76

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flow, it may adversely affect our business and financial operations. For further, details please refer to the section titled "Financial Statements" and chapter titled "Management's Discussion and Analysis of Financial Conditions and Results of Operations" beginning on page 131 and page 163 respectively, of this Prospectus.

17. Our Company, Promoters / directors and promoter group entities are involved in certain legal proceedings and potential litigations. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties which may adversely affect our business, financial condition and results of operations.

Our Company, Promoters, and Directors are currently involved in certain tax litigations. These litigations are pending at different levels of adjudication before various regulatory forums. Such proceedings could divert management time, attention and consume financial resources in their defense. Further, an adverse judgment in some of these proceedings could have an adverse impact on our business, financial condition and results of operations.

A summary of tax proceedings involving our Company, our Promoter/ Directors, and/or our Group Companies are stated below:

Nature of case	Number of cases	Amount involved (in ₹lakhs)
Company		
Direct Tax*	2	0.01
Indirect Tax	Nil	Nil
Our Promoter / Promoter Directors		
Direct Tax***	1	0.01

Our Group Companies / Promoter group entities		
Direct Tax**	5	0.69
Indirect Tax	Nil	Nil

* TDS demand of Rs. 310/- for FY 2022 and of Rs. 590 for FY 2023 is outstanding as per Traces portal against our Company.

*** Income tax demand of Rs. 547/- for FY 2007 is outstanding as per income tax portal against Rachit Paresh Masalia.

** Income tax demand of Rs. 3476/- for FY 2015 is outstanding as per income tax portal against Hasmukh Sevantilal Shah.

** TDS demand of Rs. 330/- for prior period is outstanding as per Traces portal against Perfect Wire Industries.

** TDS demand of Rs. 62,210/- for prior period and Rs. 1,460/- for FY 2021 is outstanding as per Traces portal against Prime Wires Private Limited.

** Income Tax demand of Rs. 1,466/- for FY 2018 is outstanding as per Income tax portal against Prime Wires Private Limited.

The table above does not include those penalties, interests and costs, if any, which may be imposed or which may have been pleaded but not quantified in the course of legal proceedings, or which the Court / Tribunal otherwise has the discretion

to impose. The imposition and amount of such penalties / interests / costs are at the discretion of the court / tribunal where the case is pending.

For further details, please refer to section titled "Outstanding Litigation and Material Developments" beginning on page 172 of this Draft Prospectus.

18. Our financing agreements contain covenants that limit our flexibility in operating our business. Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition.

As of March 31, 2024, our total outstanding indebtedness was Rs. 223.90 Lakhs (including both secured and unsecured borrowings). For details on our borrowings, please refer to chapter titles "**Financial Indebtedness**" beginning from on page 171 of the Prospectus. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our businesses. Further, our financing agreements contain certain restrictive covenants that limit our ability to undertake certain types of transactions, any of which could adversely affect our business and financial condition. We are required to obtain prior approval from our lenders for, among other things, but not limited to effecting any change in the management/Board of the Company, declaration of dividend, capital structure of the Company; undertake any new project, implement any scheme of expansion or acquire fixed assets, enter into borrowing arrangement either secured or unsecured with any other bank/financial institution/Company or otherwise, formulate any scheme of amalgamation, acquisition, merger, or reconstruction etc. We have received No Objection Certificate (NOC) for our proposed Initial Public offer from our lenders.

Additionally, our financing agreements are secured by our movable, immovable or intangible assets (whether existing or future), goods and work-in-progress (whether existing or future) and by personal guarantees of our Promoter. Such financing agreements enable the lenders to cancel any outstanding commitments, accelerate the repayment, exercise cross default provisions and enforce their security interests on the occurrence of events of default such as a breach of financial covenants, failure to obtain the proper consents, failure to perfect security as specified and such other covenants that are not cured. It is possible that we may not have sufficient funds upon such an acceleration of our financial obligations to pay the principal amount and interest in full. Further, if we are forced to issue additional equity to the lenders, ownership interest of the existing shareholders in our Company will be diluted. It is also possible that future financing agreements may contain similar or more onerous covenants and may also result in higher interest cost. If any of these events were to occur, our business, results of operations and financial condition may be adversely affected.

19. We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Offer. Further we have not identified any alternate source of financing the 'Objects of the Offer'. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations, and financial performance.

As on date, we have not made any alternate arrangements for meeting our fund requirements for the objects of the Offer. We meet our fund requirements through our owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Offer or any shortfall in the Offer Proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details please refer to the chapter titled "Objects of the Offer" beginning on page 61 of the Draft Prospectus.

20. We do not own our Registered Office, factory premises and corporate office from which we operate.

Our Company's registered office and factory situated at Gala No. 1, Jyoti Industrial Estate, Vevoor Village, Ganesh Nagar, Palghar - E, Thane, Palghar - 401404, Maharashtra, India and factory at Gala No. 2 is taken on leave & license basis for a period of 24 months from March 01, 2024 from our Promoter group entities. Further we have taken Gala No. 3 at above premises on leave & license basis for a period of 11 months from April 01, 2024 from S S Lubricants. For further details of our office premises please refer to the section titled "Immovable Property" in the chapter "Our Business" beginning on pages 90 of the Draft Prospectus. However, there can be no assurance that our Company will be able to successfully renew the above leave and license agreement in a timely manner or at all and that we may be continue to use the office in case of termination of agreement. Further there can be no assurance that we will not face any disruption of our rights as a licensee and that such leave and license agreement will not be terminated prematurely by the licensor. Any such non-renewal or early termination or any disruption of our rights as licensee may require us to vacate the premises and relocate to a new premises on terms that may not be favourable to us thereby adversely affecting our business, financial conditions and results of operations. If the owner of the premises, revoke this agreement or impose terms and conditions that are

unfavorable to us, we may suffer a disruption in our operations or have to pay increased rent, which could have a material adverse effect on our business, prospects, results of operations and financial condition.

21. Our results of operations are likely to vary from year to year and be unpredictable, which could cause the market price of the Equity Shares to be volatile.

Our results of operations in any given year can be influenced by a number of factors, many of which are outside of our control and may be difficult to predict, including:

- maintaining high levels of customer satisfaction;
- costs relating to our operations;
- pricing policies introduced by our competitors;
- recruiting, training, and retaining sufficient skilled technical and management personnel;
- developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, and other internal systems;

Also, please refer “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on page 163 for details on the factors affecting our financial results. All of these factors, in combination or alone could negatively impact our revenues and may cause significant fluctuations in our results of operations. This variability and unpredictability could materially and adversely affect our results of operations and financial condition.

22. We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.

We have entered into related party transactions with our Promoters, Promoter Group, Group Entities and Directors. For further details please refer “Annexure V- Related Party Transaction” on page 129, under the section titled “Financial Information” beginning on page 131 of this Draft Prospectus.

We cannot assure you that we will be able to maintain the terms of such transactions or in the event that we enter future transactions with related parties, that the terms of the transactions will be favourable to us. Additionally, while it is our belief that all our related party transactions have been conducted on an arm’s-length basis and are accounted as per applicable accounting standards and are in compliance with the provisions of the Companies Act, 2013 and other applicable laws, we cannot provide assurance that we could have achieved more favourable terms had such transactions been entered with third parties. We may also enter related party transactions in the future, which could involve conflicts of interest, although going forward, all related party transactions that we may enter will be subject to audit committee or board or shareholder approval, as applicable, as under the Companies Act, 2013 and the SEBI (LODR) Regulations. As such, we can provide no assurance that these transactions will not adversely affect our business, results of operation, cash flows and financial condition.

Further, Prime Wires Private Limited (PWPL), our Group Company have objects similar to our Company and both are operating in Steel Wire Industry. We have not entered into any non-compete agreement with PWPL. PWPL and Excellent Wires and Packaging Ltd both operate in the steel wire industry, but they specialize in distinct products. For more details about common pursuits of these entities, please refer to Section “*Our Promoters and Promoter Group*” on page 121 of this Draft Prospectus.

23. Our Company has allotted Equity Shares during the preceding one year from the date of the Draft Red Herring Prospectus which are lower than the Issue Price.

Our Company has allotted the following Equity Shares during the preceding one year from the date of the Draft Prospectus which are lower than the Offer Price:

Date of Allotment	No. of Equity Shares	Face Value (₹)	Issue Price (₹)	Nature / Reason of Allotment	Nature of Consideration
April 08, 2024	24,50,000	10	Nil	Bonus Issue in the ratio of 7:1	Nil

For Further details of equity shares issued, please refer to the section titled “Capital Structure” on page 50 of this Draft Prospectus.

24. We have selected the Companies from the same sector in which we operate for “Peer Competitors – Comparison of Accounting Ratios” in Basis for Offer Price section, most of these listed Companies are very large compared to us and may have product portfolio larger than ours.

Since we are the Company engaged in wire and wire products sector, we have selected the listed Companies from the same sector for “Peer Competitors – Comparison of Accounting Ratios” in Basis for Offer Price section. For more details of these listed Companies, please refer to “Peer Competitors – Comparison of Accounting Ratios” on page 70 of the Draft Prospectus. Most of these listed Companies are very large compared to us and may have product portfolio larger than ours, hence we have considered the listed Companies which are in the similar line of business as ours is considered above for comparison. It is to be noted that the Company disclosed as listed peers are not comparable to our size and scale of operations and have product portfolio larger than ours and accordingly do not represent proper comparison.

Most of our peer competitors are larger than we are in terms of size of operations and they also have greater financial and marketing resources than we do, these reasons may have impact on the share price of our Company and in such events investors may lose part or full investments value. As our Company is small, our price may trade at substantial discount to the price of all our listed peers. Further, due to the above, we cannot predict what effect, if any, it will have on the share price of our Company when the equity shares get listed.

25. Any variation in the utilization of the Net Proceeds as disclosed in this Draft Prospectus shall be subject to certain compliance requirements, including prior Shareholders’ approval.

In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Draft Prospectus without obtaining the shareholders’ approval through a special resolution. In the event of any such circumstances that requires us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the Shareholders’ approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders’ approval may adversely affect our business or operations. Further, our Promoters or controlling shareholders would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to modify the objects of the Offer as prescribed in the SEBI (ICDR) Regulations. If our shareholders exercise such exit option, our business and financial condition could be adversely affected. Therefore, we may not be able to undertake variation of objects of the Offer to use any unutilized proceeds of the Offer, if any, even if such variation is in the interest of our Company, which may restrict our ability to respond to any change in our business or financial condition, and may adversely affect our business and results of operations.

26. Our funding requirements and deployment of the Offer Proceeds are based on management estimates and have not been independently appraised by any bank or financial institution.

Our funding requirements and the deployment of the proceeds of the Offer are based on management estimates and our current business plan. The fund requirements and intended use of proceeds have not been appraised by bank or financial institution and are based on our estimates. In view of the competitive and dynamic nature of our business, we may have to revise our expenditure and fund requirements as a result of variations including in the cost structure, changes in estimates and other external factors, which may not be within the control of our management. This may entail rescheduling, revising, or cancelling the planned expenditure and fund requirement and increasing or decreasing the expenditure for a particular purpose from its planned expenditure at the discretion of our board. In addition, schedule of implementation as described herein are based on management’s current expectations and are subject to change due to various factors some of which may not be in our control.

27. Our Company’s management will have flexibility in utilizing the Net Proceeds. There is no monitoring agency appointed by our Company and the deployment of funds is at the discretion of our Management and our Board of Directors, though it shall be monitored by our Audit Committee.

The deployment of the funds towards the objects of the Offer is entirely at the discretion of the Board of Directors/Management and is not subject to monitoring by external independent agency. As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Offer size above ₹ 10,000.00 lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Offer Proceeds. However, the audit committee of our Board will monitor the utilization of Offer Proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Offer

Proceeds to NSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public. Any inability on our part to effectively utilize the Offer Proceeds could adversely affect our financials.

28. Our Company has availed certain unsecured loans that are callable by the lenders at any time.

As on March 31, 2024, our Company has availed certain unsecured loans from Directors and other promoter group entities, some of them are callable on demand by our lenders. The total amount of outstanding unsecured loans as on March 31, 2024 is Rs. 213.63 Lakhs. For further details of these unsecured loans, refer “Financial Indebtedness” on page 171. In case of any pressing demand from our lenders for repayment of such unsecured loans, the resultant cash outgo, may adversely affect our business operations and financial position of our Company.

29. We have not made any dividend payments in the past and our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants in our financing arrangements.

In the past, we have not made dividend payments to the shareholders of our Company. The amount of our future dividend payments, if any, will depend upon various factors including our future earnings, financial condition, cash flows and requirement to fund operations and expansion of the business. There can be no assurance that we will be able to declare dividends. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors. For further details, see “Dividend Policy” on page 130.

30. Our Promoters and members of the Promoter Group will continue to jointly retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.

After the completion of this IPO, our Promoter and promoter group will beneficially own approximately 63.12% of our post-Issue equity share capital. As a result, the Promoters and Promoter Group may have the ability to control our business including matters relating to any sale of all or substantially all of our assets, the timing and distribution of dividends and the election or termination of appointment of our officers and directors. This control could delay, defer or prevent a change in control of the Company, impede a merger, consolidation, takeover or other business combination involving the Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of the Company even if it is in the Company’s best interest. In addition, for so long as the Promoter Group continues to exercise significant control over the Company, they may influence the material policies of the Company in a manner that could conflict with the interests of our other shareholders. The Promoter Group may have interests that are adverse to the interests of our other shareholders and may take positions with which our other shareholders do not agree.

31. Our Promoter and members of Promoter Group have mortgaged their personal properties and provided personal guarantees for our borrowings to secure our loans. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected by the revocation of all or any of the personal guarantees provided by our Promoter and members of Promoter Group in connection with our Company’s borrowings.

Our Promoters and Directors, and our Promoter Group have mortgaged their personal properties and provided personal guarantees for our borrowings to secure our loans. If any of these guarantees are revoked, our lenders may require alternative guarantees or collateral or cancellation of such facilities, entailing repayment of amounts outstanding under such facilities. If we are unable to procure alternative guarantees satisfactory to our lenders, we may need to seek alternative sources of capital, which may not be available to us at commercially reasonable terms or at all, or to agree to more onerous terms under our financing agreements, which may limit our operational flexibility. Accordingly, our business, financial condition, results of operations, cash flows and prospects may be adversely affected by the revocation of all or any of the personal guarantees provided by our Promoter and Promoter Group in connection with our Company’s borrowings.

32. Our insurance coverage may not adequately protect us against all material hazards and the policies do not cover all risks. In the event of the occurrence of such events, our insurance coverage may not adequately protect us against possible risk of loss.

Our business could suffer damage from fire, natural calamities, misappropriation or other causes, resulting in losses, which may not be compensated by insurance. We maintain insurance only for our stocks at Palghar factory. Our insurance policies, however, may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. Further, with respect to the insurances maintained by us, we cannot assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to

be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. Further, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time. To the extent that we suffer loss or damage, or successful assertion of one or more large claims against us for events for which we are not insured, or for which we did not obtain or maintain insurance, or which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, financial performance and cash flows could be adversely affected.

33. *We have not commissioned an industry report for the disclosures made in the chapter titled “Industry Overview” and made disclosures on the basis of the data available on the internet.*

We have not commissioned an industry report, for the disclosures which need to be made in the chapter titled “Industry Overview” of this Draft Prospectus. We have made disclosures in the said chapter on the basis of the relevant industry data available online in public domain. We cannot assure you that any assumptions made are correct or will not change and, accordingly, our position in the market may differ from that presented in this Draft Prospectus. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Further, the industry data mentioned in this Draft Prospectus or sources from which the data has been collected are not recommendations to invest in our Company. Accordingly, investors should read the industry related disclosure in this Draft Prospectus in this context.

34. *The requirements of being a listed company may strain our resources.*

We have no experience as a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance, and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI (LODR) Regulations, which require us to file audited / unaudited reports periodically with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, for which significant resources and management overview will be required. As a result, management’s attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition, and results of operations. Further, we may need to hire additional legal and accounting staff with appropriate and relevant experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner or at all.

EXTERNAL RISKS

35. *Any downturn in the macroeconomic environment in India could adversely affect our business, results of operations, cash flows and financial condition.*

India is our key market. For Fiscal 2024, entire of our Company’s revenue from operations was from India. In addition, an increase in India’s trade deficit, a downgrading in India’s sovereign debt rating or a decline in India’s foreign exchange reserves could increase interest rates and adversely affect liquidity, which could adversely affect the Indian economy and our business, results of operations, cash flows and financial condition.

36. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, in the jurisdictions in which we operate may adversely affect our business and results of operations.*

Our business is subject to various laws and regulations, which are evolving and subject to change. For details, see “Key Industrial Regulations and Policies in India” on page 102. We are also subject to corporate, taxation and other laws in effect in India, which require continued monitoring and compliance. These laws and regulations and the way in which they are implemented and enforced may change. There can be no assurance that future legislative or regulatory changes will not have any adverse effect on our business, results of operations, cash flows and financial condition.

37. Natural disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business.

Natural disasters (such as typhoons, flooding and earthquakes), epidemics, pandemics such as COVID-19, acts of war, terrorist attacks and other events, many of which are beyond our control, may lead to economic instability, including in India, or globally, which may in turn materially and adversely affect our business, financial condition and results of operations. Our operations may be adversely affected by fires, natural disasters and/or severe weather, which can result in damage to our property or inventory and generally reduce our productivity and may require us to evacuate personnel and suspend operations.

38. Significant differences exist between Ind AS and Indian GAAP and other accounting principles, such as IFRS and US GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

Our financial statements for Fiscals 2024, 2023 and 2022 included in this Draft Prospectus are prepared and presented in conformity with Indian GAAP and restated in accordance with the requirements the SEBI (ICDR) Regulations and the Guidance Note on "Reports in Company Prospectuses (Revised 2016)" issued by the ICAI. Ind AS differs from Indian GAAP and other accounting principles with which prospective investors may be familiar in other countries, such as IFRS and U.S. GAAP. Accordingly, the degree to which the Financial Statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Persons not familiar with Indian accounting practices should limit their reliance on the financial disclosures presented in this Draft Prospectus.

RISKS RELATING TO THE EQUITY SHARES AND THE OFFER

39. Investors bear the risk of fluctuations in the price of Equity Shares and there can be no assurance that a liquid market for our Equity Shares will develop following the listing of our Equity Shares on the Stock Exchanges.

There has been no public market for our Equity Shares prior to the Offer. The price may not necessarily be indicative of the market price of our Equity Shares after the Offer is completed. You may not be able to re-sell your Equity Shares at or above the Offer price and may as a result lose all or part of your investment.

Our Equity Shares are expected to trade on Emerge Platform of NSE after the Offer, but there can be no assurance that active trading in our Equity Shares will develop after the Offer, or if such trading develops that it will continue. Investors may not be able to sell our Equity Shares at the quoted price if there is no active trading in our Equity Shares.

The price at which our Equity Shares will trade at after the Offer will be determined by the marketplace and may be influenced by many factors, including:

- Our financial condition, results of operations and cash flows;
- The history of and prospects for our business;
- An assessment of our management, our past and present operations, and the prospects for as well as timing of our future revenues and cost structures; and
- The valuation of publicly traded companies that are engaged in business activities similar to ours;
- quarterly variations in our results of operations;
- results of operations that vary from the expectations of securities analysts and investors;
- results of operations that vary from those of our competitors;
- changes in expectations as to our future financial performance, including financial estimates by research analysts and investors;
- a change in research analysts' recommendations;
- announcements by us or our competitors of significant acquisitions, strategic alliances, joint operations, or capital commitments;
- announcements of significant claims or proceedings against us;
- new laws and government regulations that directly or indirectly affect our business;
- additions or departures of Key Management Personnel;
- changes in the interest rates;

- fluctuations in stock market prices and volume; and general economic conditions.

The Indian stock markets have, from time to time, experienced significant price and volume fluctuations that have affected market prices for the securities of Indian companies. As a result, investors in our Equity Shares may experience a decrease in the value of our Equity Shares regardless of our financial performance or prospects.

40. Any future issuance of Equity Shares by us or sale of Equity Shares by the Promoters could adversely affect the trading price of our Equity Shares and in the case of the issuance of Equity Shares by us result in the dilution of our then current shareholders.

As disclosed in “Capital Structure” on page 50, an aggregate of 20% of our fully diluted post-Offer capital held by our Promoters shall be considered as minimum Promoters’ contribution and locked in for a period of three years and the balance Equity Shares held by the Promoters will be locked-in for one year from the date of Allotment. Except for the customary lock-in on our ability to issue equity or equity-linked securities discussed in “Capital Structure” on page 50, there is no restriction on our ability to issue Equity Shares. As such, there can be no assurance that our Company will not issue additional Equity Shares after the lock-in period expires or that the Promoters will not sell, pledge or encumber their Equity Shares after the lock-in periods expire. Future issuances of Equity Shares or convertible securities and the sale of the underlying Equity Shares could dilute the holdings of our Shareholders and adversely affect the trading price of our Equity Shares. Such securities may also be issued at prices below the then trading price of our Equity Shares or the Issue Price. Sales of Equity Shares by the Promoters could also adversely affect the trading price of our Equity Shares.

41. You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.

Previously, any gain realized on the sale of listed equity shares on or before March 31, 2018 on a stock exchange held for more than 12 months was not subject to long term capital gains tax in India if Securities Transaction Tax (“STT”) was paid on the sale transaction and additionally, as stipulated by the Finance Act, 2017, STT had been paid at the time of acquisition of such equity shares on or after October 1, 2004, except in the case of such acquisitions of Equity Shares which are not subject to STT, as notified by the Central Government under notification no. 43/2017/F. No. 370142/09/2017-TPL on June 5, 2017. However, the Finance Act, 2018, now seeks to tax on such long-term capital gains exceeding ₹ 100,000 arising from sale of equity shares on or after April 1, 2018, while continuing to exempt the unrealized capital gains earned up to January 31, 2018 on such Equity Shares. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

42. QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their applications (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting an application. Retail Individual Bidders can revise their applications during the Offer Period and withdraw their applications until Offer Closing Date. While we are required to complete Allotment, listing and commencement of trading pursuant to the Offer within three Working Days from the Offer Closing Date, events affecting the Bidders’ decision to invest in our Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows and financial condition may arise between the date of submission of the Bid and Allotment, listing and commencement of trading. We may complete the Allotment, listing and commencement of trading of our Equity Shares even if such events occur and such events may limit the Bidders’ ability to sell our Equity Shares Allotted pursuant to the Offer or may cause the trading price of our Equity Shares to decline on listing.

43. *Political, economic, or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity, and the price of our Equity Shares.

Our performance, growth and market price of our Equity Shares are and will be dependent on the health of the Indian economy. There have been periods of slowdown in the economic growth of India. Demand for our services may be adversely affected by an economic downturn in domestic, regional, and global economies. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, cash flows and financial condition. Also, a change in the Government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

44. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of corporate and tax laws, may adversely affect our business and financial results.*

Our business and financial performance could be adversely affected by any change in laws or interpretations of existing laws, or the promulgation of new laws, rules and regulations applicable to us and our business including those relating to the industry in which we operate. There can be no assurance that the Government of India or state governments will not introduce new laws, regulations and policies which will require us to obtain additional approvals and licenses or impose onerous requirements on our business.

For example, the new Companies Act, 2013 contains significant changes to Indian company law, including in relation to the issue of capital by companies, disclosures in offer documents, related party transactions, corporate governance, audit matters, internal controls, shareholder class actions, restrictions on the number of layers of subsidiaries, prohibitions on loans to directors, insider trading and restrictions on directors and key management personnel from engaging in forward dealing. Moreover, effective April 1, 2014, companies exceeding certain net worth, revenue or profit thresholds are required to spend at least 2% of average net profits from the immediately preceding three financial years on corporate social responsibility projects, failing which an explanation is required to be provided in such companies' annual reports.

The Ministry of Finance has issued a notification dated March 31, 2015 notifying ICDS which creates a new framework for the computation of taxable income. Subsequently, the Ministry of Finance, through a press release dated July 6, 2016, deferred the applicability of ICDS from April 1, 2015 to April 1, 2016 and is applicable from FY 2017 onwards and will have impact on computation of taxable income for FY 2017 onwards. ICDS deviates in several respects from concepts that are followed under general accounting standards, including Indian GAAP and Ind AS. Such specific standards for computation of income taxes in India are relatively new, and the impact of the ICDS on our results of operations and financial condition is uncertain. There can be no assurance that the adoption of ICDS will not adversely affect our business, results of operations and financial condition going forward.

The Government of India has recently approved the adoption of a comprehensive national goods and services tax ("GST") regime that will combine taxes and levies by the Central and State Governments into a unified rate structure, with effect from July 1, 2017. Given the limited availability of information in the public domain concerning the GST, we cannot provide any assurance as to this or any other aspect of the tax regime following implementation of the GST. The implementation of this rationalized tax structure may be affected by any disagreement between certain state governments, which may create uncertainty. Any future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. If, because of a particular tax risk

materializing, the tax costs associated with certain transactions are greater than anticipated, it could affect the profitability of such transactions.

We have not determined the effect of such legislations on our business. In addition, unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

45. Investors may have difficulty enforcing foreign judgments against us or our management.

We are a limited liability company incorporated under the laws of India. All our directors and executive officers are residents of India and all our assets and such persons are located in India. As a result, it may not be possible for investors to effect service of process upon us or such persons outside of India, or to enforce judgments obtained against such parties outside of India.

Recognition and enforcement of foreign judgments is provided for under Section 13 of the Code of Civil Procedure, 1908 (“CPC”) on a statutory basis. Section 13 of the CPC provides that foreign judgments shall be conclusive regarding any matter directly adjudicated upon, except: (i) where the judgment has not been pronounced by a court of competent jurisdiction; (ii) where the judgment has not been given on the merits of the case; (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or a refusal to recognise the law of India in cases to which such law is applicable; (iv) where the proceedings in which the judgment was obtained were opposed to natural justice; (v) where the judgment has been obtained by fraud; and (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the CPC, a court in India shall, upon the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record.

However, under the CPC, such presumption may be displaced by proving that the court did not have jurisdiction. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Section 44A of the CPC provides that where a foreign judgment has been rendered by a superior court, within the meaning of that Section, in any country or territory outside of India which the Central Government has by notification declared to be in a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the CPC is applicable only to monetary decrees not being of the same nature as amounts payable in respect of taxes, other charges of a like nature or of a fine or other penalty.

The United States and India do not currently have a treaty providing for reciprocal recognition and enforcement of judgments, other than arbitration awards, in civil and commercial matters. Therefore, a final judgment for the payment of money rendered by any federal or state court in the United States on civil liability, whether or not predicated solely upon the federal securities laws of the United States, would not be enforceable in India. However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in the United States. The suit must be brought in India within three years from the date of the judgment in the same manner as any other suit filed to enforce a civil liability in India.

It is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India. Furthermore, it is unlikely that an Indian court would enforce a foreign judgment if that court were of the view that the amount of damages awarded was excessive or inconsistent with public policy or Indian practice. It is uncertain as to whether an Indian court would enforce foreign judgments that would contravene or violate Indian law. However, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI under the FEMA to execute such a judgment or to repatriate any amount recovered.

46. *The Equity Shares have never been publicly traded, and, after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price, or at all.*

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Emerge Platform of NSE may not develop or be sustained after the Offer. Our Company and the Lead Manager have appointed Inventure Growth & Securities Limited as Designated Market Maker for the Equity Shares of our Company. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in the Emerge Platform of NSE, securities markets in other jurisdictions, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

Details of the Market Making Arrangement for this Offer

Our Company has entered into Market Making Agreement dated June 05, 2024, with the Lead Manager and Market Maker, duly registered with NSE to fulfil the obligations of Market Making:

The details of Market Maker are set forth below:

Name	Inventure Growth & Securities Limited
Office Address	2 nd Floor, Viraj Tower, Nr. Andheri Flyover (North End) Western Express Highway, Andheri (East) Mumbai – 400 069
Tel no.	+91 22 3954 8500

Email	info@inventuregrowth.com
Website	www.inventuregrowth.com
Contact Person	Arvind Gala
SEBI Registration No.	INB230901739

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by NSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

- 1) The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
- 2) The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to offer their holding to the Market Maker in that scrip provided that they sell their entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- 3) After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25%. (Including the 5% of Equity Shares of the Offer.) Any Equity Shares allotted to Market Maker under this Offer over and above 5% of Offer Size would not be taken in to consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
- 4) There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
- 5) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
- 6) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- 7) On the day of listing, there will be pre opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of listing on the discovered price during the pre-open call auction.
- 8) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- 9) The Market Maker shall have the right to terminate said arrangement by giving a six-month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further the Company and the Lead Manager reserve the right to appoint other Market Maker either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our Registered Office from 11.00 a.m. to 5.00 p.m. on working days.

- 10) **Risk containment measures and monitoring for Market Makers:** Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- 11) **Punitive Action in case of default by Market Makers:** Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to

time. The Stock Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

- 12) **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹250 crores, the applicable price bands for the first day shall be:

(a) In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.

(b) In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The following spread will be applicable on the Emerge Platform of NSE.

Sr. No.	Market Price Slab (in ₹)	Proposed spread (in % to sale price)
1	Up to 50	9
2	50 to 75	8
3	75 to 100	6
4	Above 100	5

- 13) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market maker(s) during market making process has been made applicable, based on the Offer size, and as follows:

Offer Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Offer Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Offer Size)
Up to ₹20 Crores	25%	24%
₹20 to ₹50 Crores	20%	19%
₹50 to ₹80 Crores	15%	14%
Above ₹80 Crores	12%	11%

All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

Our Promoters have granted consent to include such number of Equity Shares held by him as may constitute at least 20% of the post Offer Equity Share capital of our Company as Minimum Promoters’ Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Minimum Promoters’ Contribution from the date of filing of this Draft Prospectus until the commencement of the lock-in period specified above, or for such other time as required under SEBI (ICDR) Regulations, except as may be permitted, in accordance with the SEBI (ICDR) Regulations.

In terms of Regulation 237 of the SEBI (ICDR) Regulations, 2018, we confirm that the Minimum Promoters’ Contribution of 20% of the Post Offer Capital of our Company as mentioned above does not consist of;

- Equity Shares acquired during the preceding three years for;
 - consideration other than cash and revaluation of assets or capitalization of intangible assets is involved in such transaction;
 - resulting from a bonus issue by utilization of revaluation reserves or unrealized profits of the company or from bonus issue against equity shares which are ineligible for minimum Promoters’ contribution;
- The Equity Shares held by the Promoters and offered for Minimum Promoters’ contribution which are subject to any pledge with any creditor;
- Equity Shares acquired by Promoters during the preceding one year at a price lower than the price at which equity shares are being offered to public in the Initial Public offer;
- No Equity shares have been issued to our promoters upon conversion of a partnership firm during the preceding one year at a price less than the issue price, against funds brought in by them during that period, in case of an issuer formed by conversion of one or more partnership firms or limited liability partnerships, where the partners of the erstwhile partnership firms or limited liability partnerships are the promoters of the issuer and there is no change in the management are ineligible for Minimum Promoters’ Contribution.

c) *Equity Shares locked-in for one year*

In addition to Minimum Promoters' Contribution which shall be locked-in for three years, the balance Equity Shares held by Promoters and Others shall be locked in for a period of one year from the date of allotment in the Initial Public Offer as provided in clause (b) of Regulation 238 of the SEBI (ICDR) Regulations, 2018.

d) *Other requirements in respect of 'lock-in'*

In terms of Regulation 239 of the SEBI (ICDR) Regulations, 2018, the entire pre-Offer capital held by the Persons other than the Promoters shall be locked in for a period of one year from the date of allotment in the Initial Public Issue.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock-in is recorded by the Depository.

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the Equity Shares held by our Promoters and locked in may be pledged as a collateral security for a loan granted by a scheduled commercial bank or public financial institution or a systemically important non-banking finance company or housing finance company, subject to following;

- In case of Minimum Promoters' Contribution, the loan has been granted to the issuer company or its subsidiary (ies) for the purpose of financing one or more of the Objects of the Offer and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoters' contribution, the pledge of equity shares is one of the terms of sanction of the loan.

However, lock in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock in period stipulated has expired.

Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable;

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoters' Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

18. There have been no financial arrangements whereby our Promoters, Promoter Group, our Directors and their relatives have financed the purchase by any other person of securities of our Company, during a period of six months preceding the date of this Draft Prospectus, other than in the normal course of business of the financing entity.
19. Our Company, our Promoters, our Directors and the Lead Manager to this Offer have not entered into any buy-back and/or standby or similar arrangements with any person for purchase of our Equity Shares issued by our Company through this Draft Prospectus.
20. There are no safety net arrangements for this public Offer.
21. An oversubscription to the extent of 10% of the Net Offer can be retained for the purposes of rounding off to the minimum allotment lot and multiple of one share thereafter, while finalizing the Basis of Allotment. Consequently, the actual allotment may go up by a maximum of 10% of the Net Offer as a result of which, the post-Offer paid up capital after the Offer would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock- in shall be suitably increased so as to ensure that 20% of the Post Offer paid-up capital is locked in for 3 years.
22. Under-subscription in the net Offer, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the NSE.
23. As on the date of filing of this Draft Prospectus, there are no outstanding warrants, options, or rights to convert debentures, loans, or other financial instruments into our Equity Shares.
24. All the Equity Shares of our Company are fully paid up as on the date of this Draft Prospectus. Further, since the entire money in respect of the Offer is being called on application, all the successful applicants will be issued fully paid-up equity shares.
25. As per RBI regulations, OCBs are not allowed to participate in this Offer.
26. Our Company has not raised any bridge loan against the proceeds of this Offer. However, depending on business requirements, we might consider raising bridge financing facilities, pending receipt of the Net Proceeds.
27. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
28. Our Company shall comply with such accounting and disclosure norms as specified by SEBI from time to time.
29. No payment, direct or indirect in the nature of discount, commission, allowances or otherwise shall be made either by us or our Promoters to the persons who receive allotments, if any, in this Offer.
30. We have 37 (Thirty-Seven) Shareholders as on the date of this Draft Prospectus.
31. Our Promoters and the members of our Promoter Group will not participate in this Offer.
32. Our Promoter and members of our Promoter Group will not receive any proceeds from the Offer.
33. Our Company has not made any public issue since its incorporation.
34. As on the date of this Draft Prospectus, the Lead Manager and their respective associates (determined as per the definition of ‘associate company’ under Section 2(6) of the Companies Act, 2013) do not hold any Equity Shares

in our Company. The Lead Manager and their respective affiliates may engage in transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company, for which they may in the future receive customary compensation.

35. Our Company shall ensure that transactions in the Equity Shares by the Promoters and the Promoter Group between the date of filing this Draft Prospectus and the Offer Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transaction.
36. For the details of transactions by our Company with our Promoter Group, Group Companies please refer to paragraph titled “*Statement of Transactions with Related Parties, as Restated*” in ‘*Financial Statements*’ on page 131.

Rationale for acquisition of Land and Construction of building thereon

1. Increased Production Demand: Our current facility, operating at full capacity, is unable to meet this rising demand. Acquiring additional property will enable us to expand our production lines, thereby increasing our output to meet market needs.

2. Installation of New Machinery: The installation of new proposed machinery requires additional space, which our current facility cannot accommodate fully. The new property will provide the necessary space to install and operate new machinery, enhancing our production capabilities.
3. Operational Efficiency & Flexibility: Expanding our facilities will allow for a more streamlined production process. The additional space will facilitate better organization of production lines, reduce bottlenecks, and improve workflow efficiency. This will result in reduced production times and lower operational costs. With more space, we can redesign our production layout for optimal efficiency. This flexibility will enable us to adapt quickly to changes in production requirements and market conditions.
4. Future Growth: Strategic planning for future growth necessitates the availability of adequate space. The new property will not only address our immediate expansion needs but also provide room for future developments. This proactive approach will ensure that we are well-prepared to scale our operations in line with market trends.

2. Acquisition of Plant & Machineries

Our Company proposes to purchase the following plant & machinery:

Description of Items*	Details of Vendor**	Quantity	Date of Quotations	Amount (₹ Lacs)
Wire drawing Machine – 600 mm Blocks	Gujarat Wire Products, Rajkot, Gujarat (GSTIN – 24AAQPU3968D1Z8)	12	April 05, 2024**	60.00
Wire drawing Machine – 400 mm Blocks		18		54.00
Wire drawing Machine – 800 mm Blocks		2		20.00
2 MT Electric Furnace		2		54.00
AC Drive Control Panel		3		12.00
	Grand Total			200.00

*No old/ second hand machinery is proposed to be purchased for the project by the Company.

**Neither our Company nor any of our Promoter/ Promoter group or directors are related to the Vendor. Further, the quotation is valid for 180 days.

Rationale for acquisition of additional Machineries

Given below is the rationale for addition of new machineries within our manufacturing facility:

1. The acquisition of new machinery is set to increase our installed capacity by 1,310 MTPA as per certificate dated June 17, 2024 issued by Mr. Rajesh Patel, Chartered Engineer (Registration No. M/104921/0), Silvassa – 396230 there by adding to our existing installed capacity of 880 MTPA. This significant expansion will not only enable us to meet escalating demand but also foster cost reductions through economies of scale.
2. In addition to amplifying our production capacity, the new machinery will facilitate the manufacturing of several new sub-products within our existing product lines, including Binding Wires, Hard Bright & Half Hard Bright Wires, and Soft GI Wires. These innovative additions hold immense promise across pivotal sectors such as construction, automobile, cable, and engineering. Their introduction positions us to adeptly address the burgeoning needs of these industries, marking a pivotal stride in our market presence.
3. Furthermore, the integration of new machinery heralds a transformative phase of backward integration for our operations. By harnessing these advanced capabilities, we are poised to bring critical manufacturing processes in-house, thereby exerting greater control over our supply chain. This strategic move is anticipated to streamline production, optimize resource utilization, and elevate overall profitability. Specifically, our ability to produce essential raw materials internally, rather than relying on external suppliers, will mitigate potential supply chain vulnerabilities.

Presently, we procure Brass Scrap externally and engage external manufacturers for processing into Brass Wires, essential inputs for our operations. The integration of new machinery will enable us to internalize this process, bolstering profitability and affording us greater quality control and flexibility in tailoring products to meet the bespoke needs of our clientele.

3. Funding Additional Working Capital Requirements

Our business is working capital intensive and we fund a majority of our working capital requirements in the ordinary course of our business from banks, financial institutions and our internal accruals.

(a) Existing Working Capital:

Our Company's existing working capital based on the Restated Financial Information is stated below:

The working capital projections made by the Company are based on certain key assumptions, as set out below:

Sr. No.	Particulars	Assumptions
Assumption for Revenue estimate for FY 2025		
	<i>Sales:</i>	We have estimated FY 2025 Sales presuming some growth over FY 2024 estimated Sales figure from existing business as well as expected business from new machines installed during current year and proposed to be acquired from the issue proceeds for projecting our Sales for FY 2025 keeping all other parameters in line with FY 2023 financials. FY 2025 Sales estimate is the basis of our future working capital estimates.
Current Assets		
1	<i>Inventories:</i>	<p>The Company is in to wire and wire products, which are part of Steel/Metal Industry and have to maintain inventory for production as well as supply to customers. The Inventory is maintained depending upon the production requirements and the requirements of clients serviced by us. We need to maintain efficient inventory levels and historically we have been maintaining appx 5-7 weeks inventory. In Fiscal 2022, 2023 and Fiscal 2024 our inventory days were 47 days, 38 days and 47 days respectively.</p> <p>We have estimated maintenance of 47 days of inventory for the Fiscal 2025 same as historical levels as maintained during Fiscal 2024, to ensure adequate availability of the products for our production as well as clients.</p>
2	Trade receivables	<p>In Fiscal 2022 our receivable days were 67 days, bit higher than normal credit period of 45-60 days due to spill-over effect of Covid 19 period. However, in Fiscal 2023 and Fiscal 2024 our receivable days normalized and were 41 days and 55 days respectively in the range 45-60 days as per normal business terms.</p> <p>To achieve higher business growth and the need for increasing the sales volume, we plan to maintain credit period to our clients at 55 days of sales for the Fiscal 2025 same as credit offered during Fiscal 2024.</p>
3	Other Current Assets	The key items under this head are balance with statutory authorities, Other advances, advance taxes / TDS etc.
Current Liabilities		
4	Trade payables	<p>In Fiscal 2022 our trade payable days were 70 days, bit higher than normal credit period of 2-3 weeks enjoyed by us due to stretched working capital due to Covid 19 period and accordingly we managed our working capital by delaying creditors payments. However, in Fiscal 2023 and Fiscal 2024 our trade payable days normalized and were 22 days and 17 days respectively in the range 2-3 weeks as per normal business terms due to easing of liquidity positions.</p> <p>Going forward we plan to maintain our payments to creditors at same level at FY 2024 days and accordingly we have estimated payables days at 17 days for Fiscal 2025.</p>
5	Other current liabilities & Provisions	Other current liabilities & Provisions include, TDS/ TCS payable, statutory dues, employee benefit payable, Advance from customers, expenses payable etc.

STATEMENT OF TAX BENEFITS

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO EXCELLENT WIRES AND PACKAGING LIMITED AND ITS SHAREHOLDERS UNDER THE APPLICABLE LAWS IN INDIA

To,
The Board of Directors
Excellent Wires and Packaging Limited
Gala No. 1, Jyoti Industrial Estate,
Vevoor Village, Ganesh Nagar,
Palghar - E, Thane, Palghar - 401404,
Maharashtra, India

Dear Sirs,

Sub: Statement of Possible Special Tax Benefits ('the Statement') available to Excellent Wires and Packaging Limited and its Shareholders prepared in accordance with the requirements of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended (the 'Regulations')

We hereby confirm that the enclosed annexure, prepared by the Company states the possible special tax benefits available to the Company and the shareholders of the Company under the Income – tax Act, 1961 ("The Act") as amended time to time, presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business EWPLs, the company may or may not choose to fulfil.

INDIAN ECONOMY OVERVIEW

<https://www.ibef.org/economy/indian-economy-overview>

INTRODUCTION

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

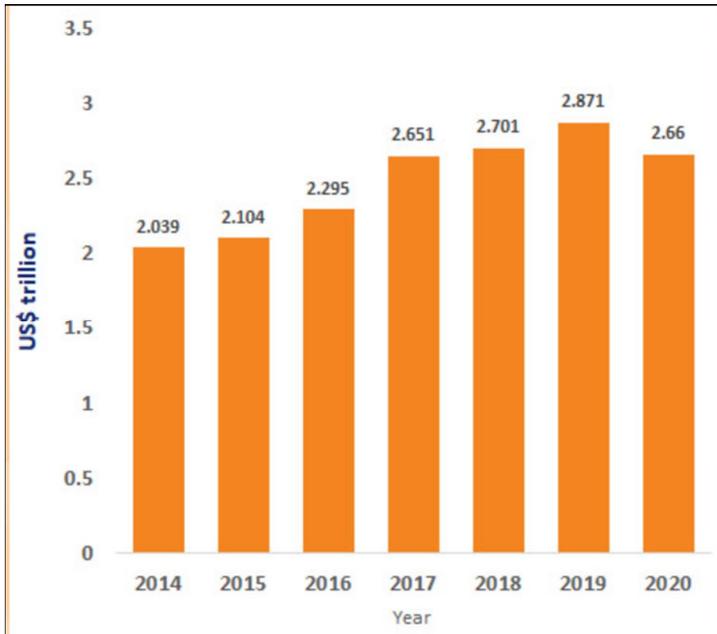

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

MARKET SIZE

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 172.90 lakh crores (US\$ 2.07 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 7.6% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

India’s Gross Domestic Production

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India’s current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India’s trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below:

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of April 12, 2024, India’s foreign exchange reserves stood at US\$ 643.162 billion.
- In 2023, India saw a total of US\$ 49.8 billion in PE-VC investments.
- Merchandise exports in March 2024 stood at US\$ 41.68 billion, with total merchandise exports of US\$ 437.06 billion during the period of April 2023 to March 2024.
- India was also named as the 48th most innovative country among the top 50 countries, securing 40th position out of 132 economies in the Global Innovation Index 2023. India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.

- In March 2024, the gross Goods and Services Tax (GST) stood at second highest monthly revenue collection at Rs.1.78 lakh crore (US\$ 21.35 billion), of which CGST is Rs. 34,532 crore (US\$ 4.14 billion), SGST is Rs. 43,746 crore (US\$ 5.25 billion).
- Between April 2000–December 2023, cumulative FDI equity inflows to India stood at US\$ 971.52 billion.
- In February 2024, the overall IIP (Index of Industrial Production) stood at 147.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 139.6, 144.5 and 187.1, respectively, in February 2024.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.69% in December 2023.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 8.06 billion) in India during January-April 2024.
- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India.

ROAD AHEAD

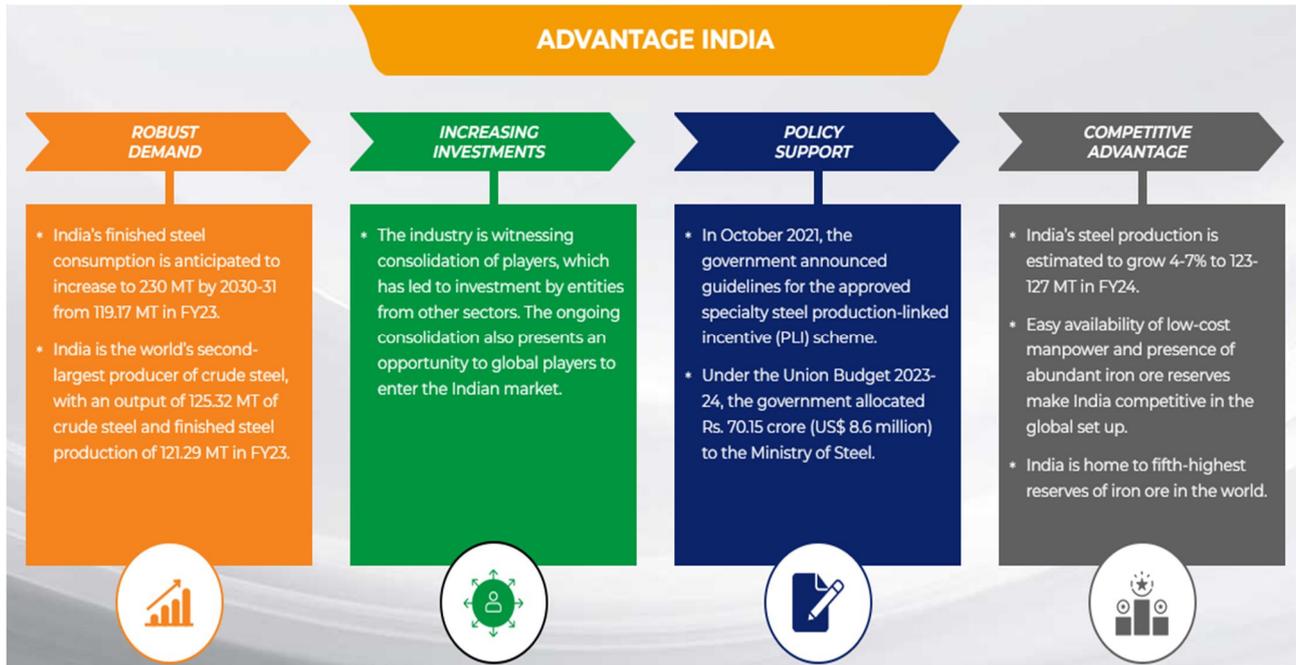

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INDIA STEEL INDUSTRY

(Source: <https://www.ibef.org/industry/steel>)

INTRODUCTION

One of the primary forces behind industrialization has been the use of metals. Steel has traditionally occupied a top spot among metals. Steel production and consumption are frequently seen as measures of a country's economic development because it is both a raw material and an intermediary product. Therefore, it would not be an exaggeration to argue that the steel sector has always been at the forefront of industrial progress and that it is the foundation of any economy. The Indian steel industry is classified into three categories - major producers, main producers and secondary producers.

India is the world's second-largest producer of crude steel, with an output of 125.32 MT of crude steel and finished steel production of 121.29 MT in FY23.

India's steel production is estimated to grow 4-7% to 123-127 MT in FY24.

The growth in the Indian steel sector has been driven by the domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is modern, with state-of-the-art steel mills. It has always strived for continuous modernisation of older plants and up-gradation to higher energy efficiency levels.

MARKET SIZE

In the past 10–12 years, India's steel sector has expanded significantly. Production has increased by 75% since 2008, while domestic steel demand has increased by almost 80%. The capacity for producing steel has grown concurrently, and the rise has been largely organic.

In FY23, the production of crude steel and finished steel stood at 125.32 MT and 121.29 MT respectively.

In FY24 (until November 2023), the production of crude steel and finished steel stood at 94.01 MT and 88.81 MT respectively.

In FY23, crude and finished steel production stood at 125.32 MT and 121.29 MT respectively. In July 2023, crude steel production in India stood at 11.52 MT. In July 2023, finished steel production stood at 10.53 MT.

In FY24 (until November 2023), the consumption of finished steel stood at 86.97 MT.

The per-capita consumption of steel stood at 86.7 kgs in FY23.

In FY22, the production of crude steel and finished steel stood at 133.596 MT and 120.01 MT, respectively. The consumption of finished steel stood at 105.751 MT in FY22. In FY23, the consumption of finished steel stood at 119.17 MT. In April-July 2022, the production of crude steel and finished steel stood at 40.95 MT and 38.55 MT respectively.

In FY23, exports and imports of finished steel stood at 6.7 MT and 6.02 MT, respectively. In FY22, India exported 11.14 MT of finished steel. In November 2023 exports of finished steel stood at 2.34 lakh metric tonnes (LMT), while imports stood at 7.82 LMT. In FY24 (until November 2023), the exports and imports of finished steel stood at 4.03 MT and 4.25 MT, respectively.

The annual production of steel is anticipated to exceed 300 million tonnes by 2030-31. By 2030-31, crude steel production is projected to reach 255 million tonnes at 85% capacity utilisation achieving 230 million tonnes of finished steel production, assuming a 10% yield loss or a 90% conversion ratio for the conversion of raw steel to finished steel. With net exports of 24 million tonnes, consumption is expected to reach 206 million tonnes by the years 2030–2031. As a result, it is anticipated that per-person steel consumption will grow to 160 kg.

ROAD AHEAD

The steel industry has emerged as a major focus area given the dependence of a diverse range of sectors on its output as India works to become a manufacturing powerhouse through policy initiatives like Make in India. With the industry accounting for about 2% of the nation's GDP, India ranks as the world's second-largest producer of steel and is poised to overtake China as the world's second-largest consumer of steel. Both the industry and the nation's export manufacturing capacity have the potential to help India regain its favourable steel trade balance.

The National Steel Policy, 2017 envisage 300 million tonnes of production capacity by 2030-31. The per capita consumption of steel has increased from 57.6 kgs to 74.1 kgs during the last five years. The government has a fixed objective of increasing rural consumption of steel from the current 19.6 kg/per capita to 38 kg/per capita by 2030-31. As per Indian Steel Association (ISA), steel demand will grow by 7.2% in 2019-20 and 2020-21.

Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

STEEL WIRE INDUSTRY

(Source: https://swmai.org/site_content/steel_wire_industry)

Established in India in 1920s, the Steel Wire Industry has progressed remarkably and has successfully developed and manufactured various types of high carbon, alloy steel and special steel wires in addition to mild steel wires. The industry has become versatile enough to meet the requirements of numerous consuming sectors. This sophistication has been possible due to continuous and well-planned R & D efforts on part of the manufacturers with patronage of SWMAI. The result has been that the industry is in a position to manufacture and supply steel wires, both in the domestic and the international markets, in accordance with Indian (BIS) and international (ASTM, DIN, JIS, BSS) standards.

Economic reforms introduced since 1991 aimed at deregulating the productive sectors of the economy and opening the Indian economy to global competition have ushered in far-reaching changes in the growth of the steel wire industry. As a result, the product range of steel wire manufacturers is widening continuously. An indicative list of the various types of steel wires and wire products produced in India is given below:

Hard Bright Wire	Needle Wire
Galvanised Wire	Netting Wire
Ball Bearing Wire	Barbed Wire
Alloy Steel Wire	Pre-stressed concrete Wire & Strands
ACSR Core Wire	Stitching Wire
Cycle Spoke Wire	Telegraph & Telephone Wire
Lock Washer Wire	Upholstery Wire
Sectional Wire	Weldmesh Wire
Tyre Bead Wire	Staple and Pin Wire
Umbrella Rib Wire	Panel Pin Wire
Spring Steel Wire	Roping Wire
Wire Nail	Animal Shoe Nail Wire
Card & Gill Pin Wire	Reed Wire
Piano Wire	Screw and Nail Wire
Electrode Wire	Ring Traveller Wire
Stainless Steel Wire	Cold Heading Quality Wire
Signal Wire	Stay Wire
Cable Armouring Wire	Hair Pin Wire
Rivet Wire	Heald Wire
Binding Wire	
Bolt Wire	

Out of the total steel consumed in India wire constitutes only 5%. However, if pace of development picks up the domestic consumption of wires will increase by 2% - 3% to 7% - 8% of the steel consumption.

In our Country, if we closely look at the wire demand, almost 88% of it is for wires in plain carbon steel grades, 5% would be for Stainless Steel grades and the balance would be for Alloy Steel Wires.

On further analysis, out of the plain carbon wires almost 75% to 80% of the demand is for black/uncoated wires and the balance 20% to 25% is for wires coated with other base metals e.g. Zinc (Galvanized), Copper, Bronze, and other coating materials.

Key Growth Indicators for Wire and Cable Market in India.

- Increasing Demand for Renewable Power Generation is a Vital Trend
- Growing Demand from Data Centers and IT Facilities is a Current Trend
- Demand for Cables in Railways
- 5G Infrastructure will Create the Demand for Cables
- Escalating urbanization & Growth in Infrastructure

The cable & wire industry in India is a significant sector which has registered robust growth over decades led by the government’s focus on providing power to all. It plays a crucial role in supporting the infrastructure development and electrical needs of the country.

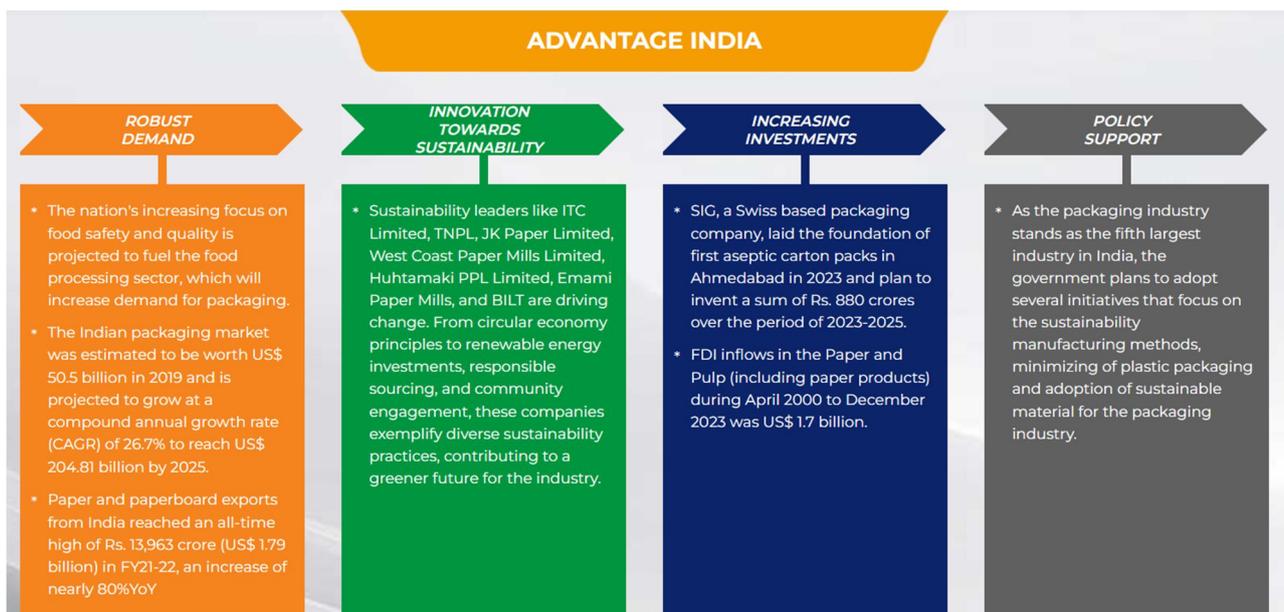

The domestic cables and wires industry has registered robust growth over the last five years led by the government’s focus on providing power to all and gradual pickup from the housing market. The Cables and Wires (C&W) industry is expected to grow at a compound annual growth rate (CAGR) of 12% over FY 2021- 26. Growth is expected to be driven by upbeat construction activity in the housing sector and government initiatives in the power and infrastructure sectors. Further, electrification of rural villages and households, improved transmission and distribution systems along with increased demand from renewable power generation will drive growth of electrical cables.

PAPER AND PACKAGING

Packaging currently stands as the fifth largest sector in the Indian economy, reflecting its pivotal role in driving industrial growth and innovation. With an annual growth rate of 22-25%, the industry has become a preferred hub for packaging solutions, bolstered by advancements in technology and infrastructure. Notably, the industry boasts a robust structural framework, comprising over 900 paper units with an installed capacity of nearly 4,990 thousand tons. Furthermore, India is home to 861 paper mills, with 526 operational units, showcasing the nation's significant capacity for paper and paperboard production.

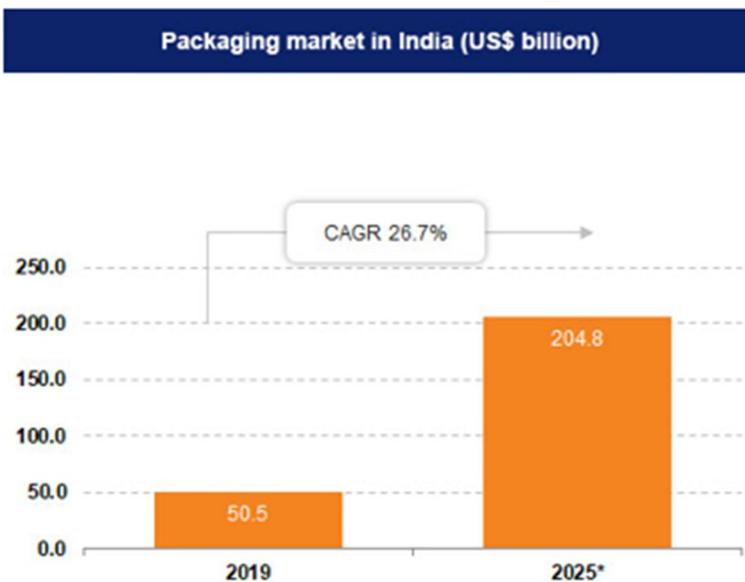

The nation's increasing focus on food safety and quality is projected to fuel the food processing sector, which will increase demand for packaging.

*The Indian packaging market was estimated to be worth US\$ 50.5 billion in 2019 and is projected to grow at a compound annual growth rate (CAGR) of 26.7% to reach US\$ 204.81 billion by 2025.

*Paper and paperboard exports from India reached an all-time high of Rs. 13,963 crore (US\$ 1.79 billion) in FY21-22, an increase of nearly 80%YoY

The outlook for the paper and packaging industry in India is optimistic, driven by several factors including the country's growing population, increasing urbanization, and rising disposable incomes. The rapid expansion of e-commerce is fuelling demand for packaging materials, while a growing focus on sustainability is prompting the industry to innovate greener solutions. Government initiatives like "Make in India" and infrastructure development projects are expected to boost manufacturing activities and streamline supply chains.

Technological advancements are enhancing productivity and quality, while rising export potential offers opportunities for market expansion. Despite challenges such as fluctuating raw material prices and competition from alternative materials, strategic investments and a commitment to sustainability can help the industry capitalize on opportunities and strengthen its position in the global market.

ENGINEERING PRODUCTS

The Capital Goods sector contributes to 12% of India's manufacturing output and 1.8% of GDP. Market valuation of the capital goods industry was US\$ 43.2 billion in FY22.

Imports of Electrical Machinery in India increased to US\$ 11.38 billion in FY23. The Indian electrical equipment industry comprises of two broad segments, Generation equipment (boilers, turbines, generators) and Transmission & Distribution (T&D) and allied equipment like transformers, cables, transmission lines, etc. The sector contributes about 8% to the manufacturing sector in terms of value, and 1.5% to overall GDP. Incentives for capacity addition in power generation will further increase the demand for electrical machinery

The quick estimates of Index of Industrial Production (IIP) for December 2023 came at 151.5, improving from 144.7 in December 2022.

The electrical equipment market share in India is expected to increase from US\$ 52.98 billion in 2022 to US\$ 125 billion by 2027, implying a robust CAGR of 11.68%. The domestic electrical equipment market is expected to grow at an annual

rate of 12% to reach US\$ 72 billion by 2025. In FY23, India’s heavy electrical equipment production stood at Rs. 2,44,300 crore (US\$ 29.38 billion). The electrical machinery segment grew nearly 13% with shipments jumping to US\$ 10.19 billion in the April-December 2023 from US\$ 9.06 billion in the year-ago period. The Indian textile machinery industry was expected to touch the US\$ 6 billion mark by 2022. India’s textile machinery exports declined by 5.09% to US\$ 1003.55 million in 2023 compared to the previous year.

2. ATTRACTIVE OPPORTUNITIES

- In Interim Budget 2024-25, Government has committed an outlay of Rs. 11.11 lakh crore (US\$ 133.6 billion) during 2024-25 towards infrastructure capital expenditure compared to Rs. 10 lakh crore (US\$ 120 billion) (BE) during 2023–24.
- Ministry of Road Transport & Highways aims for 13,814 km of national highway construction in FY 2024 and a network to two lakh km by 2025.
- An Urban Infrastructure Development Fund (UIDF) will be managed by National Housing Bank, which will enable creation of infrastructure in Tier 2 and 3 cities by supporting viability gap funding, enabling creation of more bankable projects, enhancing access to external funding, among others.

1. ROBUST DEMAND

- The electrical equipment market share in India is expected to increase from US\$ 52.98 billion in 2022 to US\$ 125 billion by 2027, implying a robust CAGR of 11.68%.
- Market size for the Indian Construction Equipment Market stood at US\$ 7.2 billion in FY23 and is forecasted to grow at a CAGR of 15% for next five years, as per the estimates of CII.

3. POLICY SUPPORT

- De-licensed engineering sector; 100% FDI permitted.
- Ministry of Heavy Industries has notified the Scheme on Enhancement of Competitiveness in the Indian Capital Goods Sector- Phase-II for providing assistance to Common Technology Development and Services Infrastructure. The scheme has a financial outlay of Rs. 1207 crores (US\$ 145.1 million) with budgetary support of Rs. 975 crore (US\$ 117.2 million) and industry contribution of Rs.232 crore (US\$ 27.9 million)
- The Indian Electrical Equipment Industry Mission Plan (2012-22), aimed to make India a preferred destination for the production of electrical equipment to achieve an output of US\$ 100 billion by balancing the trade deficit in the sector.
- In October 2022, NSIC signed a MoU with Phillips Machine Tools India Pvt. Ltd. For Skill Development Training in Additive Technologies.
- In May 2022, MHI signed an MoU with the National Research Development Corporation to facilitate various activities for the smooth implementation of the Scheme for Enhancement of Competitiveness in the Indian Capital Goods Sector.

4. INVESTMENTS

- To enhance opportunities for private investment in infrastructure - Infrastructure Finance Secretariat is being established who will assist all stakeholders for more private investment in infrastructure, including railways, roads, urban infrastructure, and power.

INFRASTRUCTURE

In Interim Budget 2024-25, capital investment outlay for infrastructure has been increased by 11.1% to Rs. 11.11 lakh crore (US\$ 133.86 billion), which would be 3.4 % of GDP. As per the Interim Budget 2023-24, a capital outlay of Rs. 2.55 lakh crore (US\$ 30.72 billion) has been made for the Railways, an increase of 5.8% over the previous year.

Starting with 6,835 projects, the NIP project count now stands at 9,142 covering 34 sub-sectors, as per news reports. Under the initiative, 2476 projects are under the development phase with an estimated investment of US\$ 1.9 trillion. Nearly half of the under-development projects are in the transportation sector, and 3,906 are in the roads and bridges sub-sector.

The Indian Railways expects to complete total revenue of Rs. 2,64,500 crore (US\$ 31.81 billion) by the end of 2023-24. India’s logistics market is estimated to be US\$ 317.26 billion in 2024 and is expected to reach US\$ 484.43 billion by 2029, growing at a CAGR of 8.8%.

India intends to raise its ranking in the Logistics Performance Index to 25 and bring down the logistics cost from 14% to 8% of GDP, leading to a reduction of approximately 40%, within the next five years.

2. ATTRACTIVE OPPORTUNITIES

- Development of infrastructure has a multiplier effect on demand and efficiency of transport and increases commercial and entrepreneurship opportunities.
- In March 2024, Prime Minister, Mr. Narendra Modi inaugurated multiple connectivity projects in Kolkata, totalling US\$ 1.8 billion.
- In March 2024, the Minister of Civil Aviation and Steel announced inaugurating 15 airport projects worth US\$ 12.1 billion by 2028.
- In June 2022, the Minister of Road Transport and Highways, opened 15 national highway projects worth Rs. 13,585 crore (US\$1.7 billion) in Patna and Hajipur, Bihar.

3. POLICY SUPPORT

- Budget 2023-24 is complemented with a continuation of the 50-year interest-free loan to state governments for one more year to spur investment in infrastructure and to incentivize them for complementary policy actions, with a significantly enhanced outlay of Rs. 1.3 lakh crore (US\$ 16 billion).
- Under the National Infrastructure Pipeline (NIP), projects worth Rs. 108 trillion (US\$ 1.3 trillion) are currently at different stages of implementation
- In November 2022, National Investment and Infrastructure Fund (NIIF) is set up as a collaborative investment platform between the Government of India, global investors, multilateral development banks (MDB) and domestic financial institutions to facilitate investment across multiple sectors in India through an India Japan Fund.

1. ROBUST DEMAND

- India intends to enhance its infrastructure to reach its 2025 economic growth target of US\$ 5 trillion.
- India’s population growth and economic development require improved transport infrastructure, including investments in roads, railways, aviation, shipping and inland waterways.

4. INCREASING INVESTMENT

- In Interim Budget 2024-25, capital investment outlay for infrastructure has been increased by 11.1% to Rs.11.11 lakh crore (US\$ 133.86 billion), which would be 3.4 % of GDP.
- Under Budget 2023-24, Infrastructure Finance Secretariat is being established to enhance opportunities for private investment in infrastructure that will assist all stakeholders for more private investment in infrastructure, including railways, roads, urban infrastructure, and power.

EDUCATION INDUSTRY IN INDIA

India has the largest population in the world in the age bracket of 5-24 years with 580 million people, presenting a huge opportunity in the education sector. India has over 250 million school going students, more than any other country. The Study In India (SII) program aims to target more than half a million foreign students for higher education in India by 2047

MARKET SIZE

The education sector in India was estimated to be worth US\$ 117 billion in FY20 and is expected to reach US\$ 225 billion by FY25. India has over 250 million school-going students, more than any other country. India had 43.3 million students enrolled in higher education in 2021-22 with 22.6 million male and 20.7 million female students. According to UNESCO’s ‘State of the Education Report for India 2021’, the Pupil Teacher Ratio (PTR) at senior secondary schools was 47:1, as against 26:1 in the overall school system. The Number of colleges in India reached 50,734 in FY24 (as of March 4, 2024) and 43,796 in FY21, up from 42,343 in FY20. The number of universities in India reached 1,265 in FY24 (as of March 4, 2024), up from 760 in FY15.

Education Industry in India (US\$ billion)

India had 43.3 million students enrolled in higher education in 2021-22 with 22.6 million male and 20.7 million female students, as against 41.3 million students enrolled in higher education in 2020-21, with 21.2 million male and 20.1 million female students. In 2022-23, there are 8,902 total AICTE-approved institutes in India. Out of these 8,902 institutes, there are 3,577 undergraduate, 4,786 postgraduate and 3,957 diploma institutes.

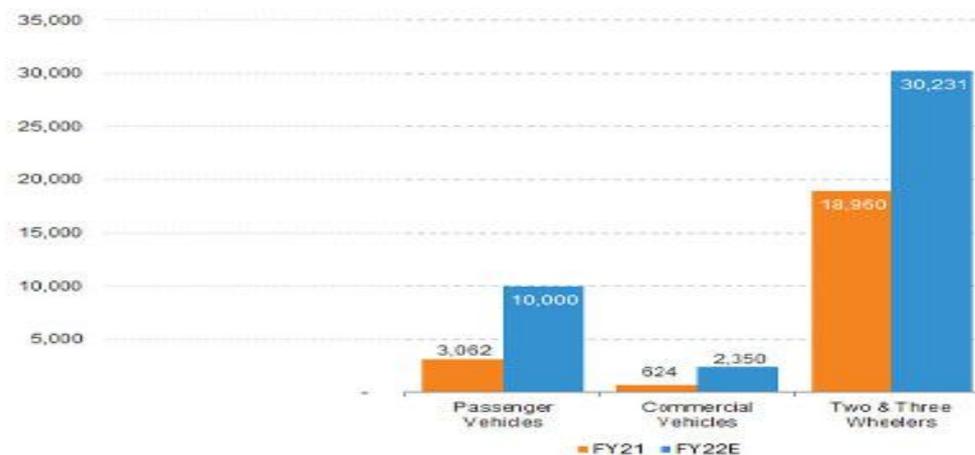

The Indian edtech market size is expected to reach US\$ 30 billion by 2031, from US\$ 700-800 million in 2021. According to KPMG, India has also become the second largest market for E-learning after the US. The online education market in India is expected to grow by US\$ 2.28 billion during 2021-2025, growing at a CAGR of almost 20%

AUTOCOMPONENTS INDUSTRY

India’s auto components industry’s market share has significantly expanded, led by increasing demand for automobiles by the growing middle class and exports globally. Due to the Oz670 growth in demand for Indian auto components, several Indian and international players have entered the industry. India’s auto component industry is broadly classified into organised and unorganised sectors. While the unorganised sector consists of low-valued items and mostly serves the aftermarket category, the organised sector serves OEMs and includes high-value precision instruments.

The automobile component industry turnover stood at Rs. 2.9 lakh crore (US\$ 36.1 billion) in H1 2023-24 the industry had revenue growth of 12.6% as compared to H1 2022-23. Domestic OEM supplies contributed ~66% to the industry’s turnover, followed by domestic aftermarket (~12%) and exports (~22.3%), in FY23. The component sales to OEMs in the domestic market grew by 13.9% to US\$ 30.57 billion (Rs. 2.54 lakh crore). In H1 2023-24, exports of auto components grew by 2.7% to Rs. 85,870 crore (US\$ 10.4 billion). The aftermarket for auto components grew by 7.5% in H1 2023-24 reaching Rs. 45,158 crore (US\$ 5.5 billion).

Vehicle Production in India (thousand units)

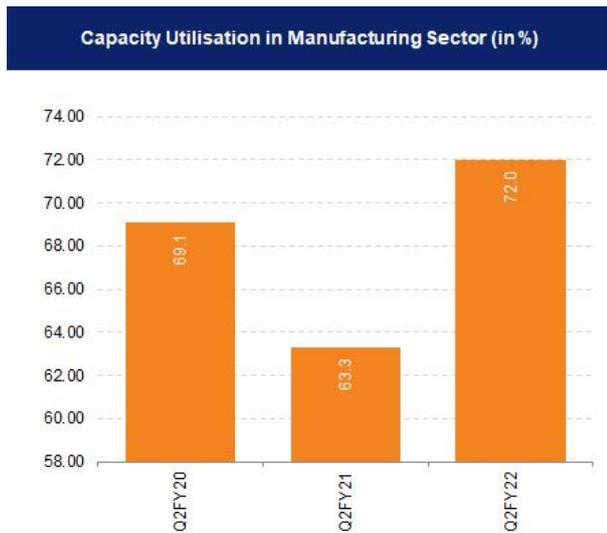

As per the Automobile Component Manufacturers Association (ACMA) forecast, auto component exports from India are expected to reach US\$ 30 billion by 2026. The auto component industry is projected to record US\$ 200 billion in revenue by 2026. Strong international demand and resurgence in the local original equipment and aftermarket segments are predicted to help the auto component industry grow 20-23% in FY22.

In fiscal year 2023-24 (April-January), the total number of automobiles sold was 19.72 million units. In (April-January) 2023-24, the total production of passenger vehicles, commercial vehicles, three-wheelers, two-wheelers, and quadricycles was 23.36 million units.

MANUFACTURING SECTOR

India is the third most sought-after manufacturing destination in the world and has the potential to export goods worth US\$ 1 trillion by 2030.

Manufacturing exports have registered their highest ever annual exports of US\$ 447.46 billion with 6.03% growth during FY23 surpassing the previous year (FY22) record exports of US\$ 422 billion. By 2030, Indian middle class is expected to have the second-largest share in global consumption at 17%. India's gross value added (GVA) at current prices was estimated at US\$ 770.08 billion as per the quarterly estimates of the first quarter of FY24.

India's GDP surged by 8.4% in the October-December quarter, surpassing expectations. GDP growth was driven by robust performances in the manufacturing and construction sectors, with the manufacturing sector expanding by 11.6% annually and the construction sector growing by 9.5%.

India has potential to become a global manufacturing hub and by 2030, it can add more than US\$ 500 billion annually to the global economy. As per the economic survey reports, estimated employment in manufacturing sector in India was 5.7 crore in 2017-18, 6.12 crore in 2018-19 which was further increased to 6.24 crore in 2019-20. India's display panel market is estimated to grow from ~US\$ 7 billion in 2021 to US\$ 15 billion in 2025.

The manufacturing GVA at current prices was estimated at US\$ 110.48 billion in the first quarter of FY24.

OUR BUSINESS

Following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in the Draft Prospectus, including the information contained in the section titled ‘Risk Factors’, beginning on page 21 of the Draft Prospectus.

This section should be read in conjunction with, and is qualified in its entirety by, the more detailed information about our Company and its financial statements, including the notes thereto, in the sections titled ‘Risk Factors’ and ‘Financial Information’ and chapter titled ‘Management Discussion and Analysis of Financial Condition and Results of Operations’ beginning on page 21, 131 and 163, respectively, of the Draft Prospectus.

Unless the context otherwise requires, in relation to business operations, in this section of the Draft Prospectus, all references to “we”, “us”, “our” and “our Company” are to our promoters, Excellent Wires and Packaging Limited and Group Entities as the case may be.

Overview

We started our business in April 2012 in the name of Perfect Wire Industries, Partnership Firm, as a manufacturer and exporter of various types of wires, such as Spring Steel Wire, High Carbon Wire, Galvanised Wire or GI Wire, Round Stitching Wire, Flat Stitching Wire, Mild Steel (M.S.) & Low Carbon Wire, H.B. & H.H.B. Wire, Annealed Wire, Brass Wire, Copper Wire, Stainless Steel Wire, Spiral Wires, Binding Wires, Bailing Wires and all types & sizes of Wire Ropes made of high carbon or SS Wire With or without PVC Coating for multiple applications under the brand name of **Excellent**. We also manufacture packaging products like PP Strapping Rolls and BOPP Self Adhesive Tapes under the brand name of **Excellent**. We supply our products to various industries viz. Packaging, Engineering, Stationery, Imitation Jewellery, Wires & Cable etc. Our Company was incorporated on March 16, 2021 to pursue the business of Perfect Wire Industries in corporate entity and reduced the business in partnership firm over a period of time and is stopped from August 2021 and entire production facility with assets was rented to our Company vide agreement dated June 01, 2021 and it sold all machines to our Company on March 01, 2024 at Rs. 17.75 Lakhs vide their invoice no. PW/FA/001 at written down value. As on date above business is completely carried on in Excellent Wires and Packaging Limited.

We leased a property in Panvel from Dhara Brass Wire Private Limited starting from 1st May 2022, which included existing machinery with an installed capacity of 360 MTPA. This enabled us to launch a new product line of brass wires. However, managing two separate manufacturing units became challenging, leading us to vacate the Panvel property on 30th April 2024. To streamline operations and reduce costs, we rented a new property (Gala No. 3) next to our original unit in Palghar. This move also provided financial benefits due to lower rental expenses compared to the Panvel unit.

Right from the raw material selection to the packing and dispatch of our final products we do not compromise on quality. At incoming stage our raw materials are subjected to various in-house as well as NABL accredited external lab tests to ascertain the quality received is as per the specified standards. At process stage we have testing Equipments to conduct in-house tests on regular basis. At final stage before dispatch, we conduct batch-based testing at our in-house lab and selected samples are sent to external labs as well. With checks at all stages, we make sure the quality of material supplied to our customers are of requisite quality.

We have been awarded ISO 9001:2015 Certification which is an internationally recognized standard that ensures we have an effective quality management system. This certification demonstrates our rigorous quality standards and commitment to continuously improve our business processes. Quality and on-time delivery remain our highest priority and we are proud to say that we excel at both.

We are engaged in the sale of following broad categories of products:

- Brass Wires & Products
- Steel Wires & Products
- Other Products viz. Packaging Products

For more details of our Products, please refer to section titled “Our Products” on page 94.

OUR COMPETITIVE STRENGTHS

1. Experienced Promoter and management team with strong industry expertise

The Promoters of our Company, Bhavya Vasant Shah has 20+ years of experience in the packaging and wire industry. The other Promoters of our Company, Darshil Hasmukh Shah and Rachit Paresh Masalia, individually have 10+ years of experience in manufacturing of wire, wire products and packaging industry. The promoters' extensive experience in the industry provides valuable knowledge of market trends, customer preferences, and industry best practices. This expertise allows our business to adapt to changing market conditions and maintain a competitive edge. Further our promoters are supported by a team of experienced personnels. The team comprises of personnel having customer relationship, operational, marketing, business development, finance and compliance experience. We believe that our management team's experience and their understanding of the needs of our customers will enable us to continue to take advantage of both current and future market opportunities.

For further details regarding the experience and qualifications of our management team please see "Our Management" on page 103 of this Draft Prospectus. We believe that the knowledge and experience of our promoters and management will enables us to identify new opportunities, rapidly respond to market conditions, adapt to changes in the business landscape and competitive environment and enhance the growth in the business.

2. Established Reputation and Strong customer relationships

With experienced promoters and their relations of last many years, our business has built a reputation for reliability, quality, and expertise. This reputation has led to repeat business and referrals from satisfied customers.

Over the years, the promoters have developed strong relationships with customers, suppliers, and other stakeholders in the industry, which in turn has helped the Company in developing the business. These relationships can lead to better access to resources, and opportunities for working together and expansion. This has helped us create a long-term relationship with our customers and improve our customer retention strategy.

3. Diversified product portfolio

Our Company has diversified its product offerings to cater to a broader range of customer needs. Products like Brass Wires is used in packaging, imitation and fastener industry whereas products like brass wire is used in stationery, springs and other engineering industry at the same time products like steel wires and wire products are used in lifting equipment, construction, etc. This diversification can help mitigate risks associated with fluctuations in demand for specific products or market segments.

4. Continuous improvement in Operations

Over time, our business has optimized its operations, streamlined processes, reduced wastages, and improving efficiency. This efficiency translates into cost savings, competitive pricing, and enhanced profitability. We presently have 880 MTPA installed capacity and are planning to install further 1,310 MTPA installed capacity by purchasing new plant & machineries out of the IPO proceeds. For further details please refer to the chapter titled "Our Business" beginning on page 90 and "Objects of the Offer" beginning on page 61 of the Draft Prospectus. We have been continuously investing in latest machineries and equipments to enhance productivity, improve product quality, and maintain a competitive edge in the market.

OUR STRATEGIES

1. Backward Integration

We are planning to acquire certain machineries and bring in certain manufacturing processes in-house and exert greater control over our supply chain. The newly acquired machinery will empower us to produce critical materials like Brass rods/wires internally, reducing dependency on external suppliers and mitigating potential supply chain risks. This strategic move aligns us with our long-term vision of building a resilient and self-sustaining enterprise capable of delivering value to our customers. At the heart of our decision to pursue backward integration lies a commitment to quality, innovation, and customer satisfaction.

Presently, we procure Brass Scrap externally and engage external manufacturers for converting scraps into Brass Rods / Wires, essential inputs for our manufacturing operations. The integration of new machinery will enable us to internalize this process, bolstering profitability and affording us greater quality control and flexibility in tailoring products to meet the bespoke needs of our clientele.

2. Geographical Expansion

With years of successful operation and a foothold in current market with major focus in the State of Maharashtra, we are now planning to extend our presence to customers in Gujarat region to serve a wider customer base and capitalize on new opportunities. Leveraging our existing industry experience and track record of delivering quality products, we are confident in our ability to replicate our success in new markets. As part of this expansion initiative, we will focus on identifying key regions with significant demand for wires & wire products and establishing strategic partnerships with distributors, suppliers, and other stakeholders.

3. Expansion of manufacturing capacity

Our Company proposes to acquire land and construct building there on at the cost of Rs. 578.18 Lakhs and install plant & machineries at the cost of Rs. 200 Lakhs to expand our manufacturing capacities. Our company has identified the land and has entered into a MOU dated June 01, 2024 for acquisition of Land at Wada at the cost of Rs. 341 Lakhs. We also propose to construct building on this Land at an estimated cost of Rs. 237.18 Lakhs as per cost estimated provided by M/S. Creative Spaces Private Limited, Architect Irfan Kazi, Registration no. CA/2008/43661 vide their quotation dated June 01, 2024.

We have recently acquired machinery, which will enable us to manufacture few new sub products within our product lines like Binding Wires, HB & HHB Wires, Soft GI Wires. These products hold good potential in key industries such as construction, automobile, cable and engineering, and we are excited to bring them to market. We presently have 880 MTPA installed capacity and are planning to install further 1,310 MTPA installed capacity by purchasing new plant & machineries out of the IPO proceeds.

For further details about our expansion and status of the same, please refer to the chapter titled “Objects of the Offer” beginning on page 61 of the Draft Prospectus.

Binding Wires: Recognized as a highly consumed product in the construction industry, Binding Wires play a crucial role in reinforcing structures and ensuring durability. Our manufacturing capabilities will allow us to produce Binding Wires of exceptional quality, meeting the stringent requirements of construction projects of all scales.

Hard Bright Wires and Half Hard Bright Wires (HB & HHB Wires): These wires are integral components in the production of fasteners for the automobile and engineering sectors. With our precision-engineered HB & HHB Wires, we aim to cater to the demand for reliable, high-performance fastening solutions, contributing to the efficiency and safety of diverse applications.

This expansion into new product lines will help us to diversify and by leveraging our expertise in wire manufacturing and investing in latest technology, we are well-positioned to capture market opportunities and deliver value-added solutions to our customers.

We are confident that the introduction of Binding Wires and HB & HHB Wires will not only complement our existing product offerings but also strengthen our competitive position in the industry.

Soft Galvanized Iron (GI) Wires: Soft GI wires are commonly used in cable manufacturing for binding and stranding purposes. They are often twisted or braided together with other wires or cables to create stronger, more resilient cable

assemblies. This binding process enhances the overall strength and durability of the cable, making it suitable for demanding applications. These wires are highly versatile and can be used in various types of cables, including power cables, communication cables, control cables, and more. Their adaptability makes them a preferred choice for cable manufacturers seeking reliable and cost-effective solutions for a wide range of applications.

Our Products

Brief description of our products is as under:

❑ **STEEL & BRASS WIRES : -**

- ✓ Spring Steel Wire

We manufacture Excellent brand medium-carbon and high-carbon steel wire with a very high yield strength used for manufacturing springs in automatic or CNC machines. Excellent Spring steel wires are cold drawn wires made out of unalloyed medium-carbon & high-carbon steel with a very high yield strength which allows object made of these wires to return to their original shape despite significant bending or twisting. It can be used to manufacture tension, compression and impact loaded springs. Our competency lies in the manufacture of fine size wires which has created a niche for our products and is a strong driving force for our growth.

Un-galvanized Spring Steel Wire available from size 0.20 mm to 12.00 mm in grade 1 / grade 2 / grade 3 / grade 4 as per IS 14454 – 1981 PART 1.

- ✓ Mild Steel Wire

We manufacture Excellent brand medium-carbon and high-carbon steel wire with a very high yield strength used for manufacturing springs in automatic or CNC machines. Excellent brand Spring steel wires are cold drawn wires made out of unalloyed medium-carbon & high-carbon steel with a very high yield strength which allows object made of these wires to return to their original shape despite significant bending or twisting. It can be used to manufacture tension, compression and impact loaded springs. Our competency lies in the manufacture of fine size wires which has created a niche for our products and is a strong driving force for our growth.

Galvanized Spring Steel Wire available from size 0.13mm to 1.60mm as per IS 14454 – 1981 PART 1.

- ✓ Galvanised Wire

We manufacture qualitative range of Excellent brand Galvanized wires that are used in various industries such as imitation jewelry, wire mesh, fencing, cables, publishing, stitching wire, binding, netting, and engineering industries etc. Our products are manufactured using quality approved basic material and are in adherence with defined industry standards.

We offer G.I. Wires in size range 0.20mm to 5.00mm. With our technology driven equipments and strict checking at regular intervals we are able to maintain minimum size tolerance to avoid wastage and to ensure quality product to our customer. Our G. I. wires are of consistent mechanical properties and have uniform zinc coating & bright surface finish.

✓ Mild Steel Wire

Excellent M. S. Wires is basically iron that contains 0.05% to 0.20% of carbon, whose presence makes it stronger and harder as compared to pure iron. With the increase of carbon present the hardness of the steel also increases.

We offer Hard Bright, Half Hard Bright & Annealed variation in Mild Steel wires in sizes ranging from 0.70mm to 12.00mm. Annealed wire with best quality material and packaging is used to make Bailing Wire used for bailing scrap, paper bundles and other materials.

Our MS wires are used in springs, fasteners, nails, wire ropes, wire mesh, weld mesh, bails, wire fence, wire nets, etc.

✓ Brass Wire

We manufacture comprehensive range of brass wire products, meticulously engineered to meet the diverse needs of various industries. We offer high-quality brass wires that deliver superior performance and reliability in every application.

RANGE OF OUR BRASS WIRES:

1. Riveting or Fastner Brass Wires
2. Brass Zipper Wires
3. Brass Jewelry Wires
4. Brass Stitching Wire
5. EDM WIRES

APPLICATIONS OF OUR BRASS WIRES:

Our brass wires find its application in following Industries:

Fasteners, Rivets, Jewelry, Stitching Wire, Wire Cut Machines, Textile & Zipper, Brushes, Automotive Components, Surgical equipment, Electrical applications, Construction & Architecture, Musical Instruments, Wire Mesh, Springs, Braided Wires, etc.

❑ STEEL & BRASS WIRE PRODUCTS: -

✓ Round Stitching Wire

We manufacture Round G I Stitching Wire that is used by printing and book binding industry for binding note books, text books, duplicates, triplicates, registers, leaflets, catalogues, cheque books etc Our round stitching wires can be used by face mask manufacturers as well These wires are available in both forms i e with or without spool as per the requirement of the buyer Our round wires are being successfully used on semi-automatic and fully automatic stitching machines of all leading machine manufacturers around the world.

✓ Wire Ropes

We manufacture wire ropes that are manufactured from the quality steel wires available in the market. Our ropes undergo stringent tests and critical examinations at various level and packed only after the quality of our product is found up to the mark. Offered at most competitive prices our products are appreciated for their long life, optimal tensile strength and corrosion resistance.

Our wire ropes are offered in following varieties:

❑ Commercial Wire Ropes

Commercial wire ropes are made of Mild steel wires available in various sizes they are used in some applications where the strength of wire rope is least important. Reasonably low cost of this wire rope as compared to others makes it desirable for some applications.

❑ High Tensile Wire Ropes

High Tensile Wire Ropes are made of High Carbon Steel Wires available in various sizes, quantities and specifications as per the clients requirements. These wire ropes have good strength and are usually preferred for most of the applications. Used in general and heavy engineering industries, these are stringently tested for quality before being supplied to our esteemed clients.

❑ Galvanized Wire Ropes

Galvanized Wire ropes are made of High tensile Hot Dip Galvanized Wire also available in various sizes, quantities and specifications as per the clients requirements. Our G. I. wire ropes are of consistent mechanical properties and have uniform zinc coating & bright surface finish.

❑ Stainless Steel Wire Ropes

Stainless Steel wire ropes are made of Pure Stainless Steel Wires available in various sizes, quantities and specifications as per the clients requirements. Available in S.S. 304 & S.S. 316 grades our Stainless Steel Wire ropes are highly durable in nature and are designed for perfection.

❑ PVC Coated Wire Ropes

PVC Coated wire ropes are any wire ropes from above qualities with good quality PVC coating on it. Available in different colours as well transparent coating depending on customers requirement.

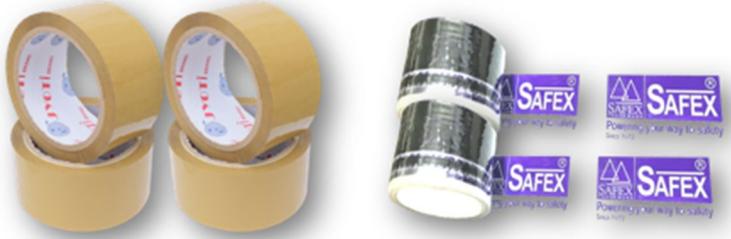

❑ **OTHER PRODUCTS - PACKAGING PRODUCTS: -**

- ✓ PP Strapping Rolls

We also Manufacture PP Box Strapping Rolls made out of best quality raw materials that offer very high life and durable structure to them. The PP Box Strapping Rolls offered by us are available in different widths, thicknesses, and break-loads, so as to cater to varied needs of our diverse clientele. We manufacture box straps of width 6 mm to 18 mm for manual, semi auto & fully auto machines of different thickness ranging from 0.4 to 0.8 mm. The PP Box Strapping Rolls can be provided in virgin, natural & colored, plain or printed with company name or logo for better appeal and identification.

- ✓ BOPP Self Adhesive Tapes

We manufacture quality BOPP Self Adhesive Tapes commonly known as cello-tapes used for packaging various products. Our self-adhesive tapes come under brand name of "Excellent" and we assure our customers of accurate length and guaranteed thickness.

Branding is the most important part of marketing strategy in current scenario. These personalized tapes helps our customer create a solid brand image for their products at minimal cost.

Process flow chart

The chart given below provides the brief about process from start till shipping of our products to our customers:

Process steps: Wire Drawing -> Annealing -> Rewinding -> Quality Check -> Packing & Dispatch

Wire drawing is a cold metalworking process used to reduce the diameter of a wire by pulling it through a series of dies. Here's a detailed overview of the steel wire drawing process:

Base Wire Preparation: The process begins with metal wires, typically cold drawn wires of brass, steel, galvanised or galvanised steel of thick sizes from 5mm to 1mm depending on the requirement. These wires are inspected for any defects and then cleaned to remove any surface contaminants like rust, oxidation or scale.

Wire Drawing Process:

1. **Drawing Machine Setup:** The wire is fed into a drawing machine, which consists of a series of dies arranged in succession. Each die has a slightly smaller diameter than the previous one.
2. **Drawing Lubrication:** The wire is passed through a lubricant to reduce friction and prevent excessive heat buildup during the drawing process before the wire is pulled through the die. Lubricants can vary depending on the material being drawn and the specific requirements of the application.
3. **Initial Die:** The wire is first passed through the initial die, which grips it and begins the drawing process. As the wire is pulled through the die, its diameter is reduced.

4. **Successive Dies:** The partially drawn wire then passes through a series of successive dies, with each die reducing the diameter further until the desired wire diameter is achieved. The number of dies required depends on the initial diameter of the wire and the final diameter desired.
5. **Tension Control:** Tension is carefully controlled throughout the drawing process to ensure uniform reduction in diameter and to prevent the wire from breaking or deforming excessively.

Annealing Process (Optional): After the wire has been drawn to its final diameter, it may undergo a final annealing process to further improve its mechanical properties and relieve any residual stresses.

Rewinding Process (Optional): After the wire has been drawn to its final diameter, rewinding in to smaller coil sizes is done if required.

Quality Control: Throughout the entire wire drawing process, quality control measures are implemented to ensure that the finished wire meets the specified dimensional tolerances, mechanical properties, and surface quality requirements.

Packaging and Shipping: Finally, the finished wire is packaged according to customer specifications and shipped out for use in various applications.

Overall, the steel wire drawing process is a precise and controlled manufacturing method that allows for the production of high-quality wires with consistent dimensions and mechanical properties.

Plant and Machinery

The major Plant and Machinery owned by us for our services are as under:

Sr. No.	Name of Plant and Machinery	Quantity	Function of Plant and Machinery
1	Wire Drawing Machine	17	Reduce the diameter of wire by pulling it through series of dies
2	GI Plant	2	To do zinc coating on steel wires to convert into GI Wire
3	Wire Coiling Machine	7	To recoil wire into smaller Coils
4	Wire D Coiler Stand	8	To feed wire into wire drawing machine
5	Tensile Testing Machine	1	To test Hardness of the Wire
6	Continues Casting Machine	1	To cast wire rod
7	But welding Machine	2	To joint wires

Collaborations

We have not entered into any technical or other collaboration.

Capacity and Capacity Utilization

Following is the details of our capacity and capacity utilisation during last 3 financial years as per certificate dated June 17, 2024 issued by Mr. Rajesh Patel, Chartered Engineer (Registration No. M/104921/0), Silvassa - 396230.

Palghar Unit

Particulars	Fiscal/ Period		
	2024	2023	2022
Installed Capacity (in MTPA)	610	280	280
Utilised Capacity (in MTPA)	450	184	220
Utilised Capacity (%)	74%	66%	79%

Panvel Unit

Particulars	Fiscal/ Period		
	2024	2023	2022
Installed Capacity (in MTPA)	630	360	NA
Utilised Capacity (in MTPA)	239	174	NA

Particulars	Fiscal/ Period		
	2024	2023	2022
Utilised Capacity (%)	38%	48%	NA

Panvel unit has been closed from April 30, 2024 and our owned machinery of 270 MTPA from this unit has been shifted to Palghar unit and accordingly our present installed capacity at Palghar Unit is 880 MTPA as on the date of this Draft Prospectus.

Infrastructure Facilities / Utilities

Raw Material

We require MS Steel, Brass, Zinc and Copper as main raw material for which our supply chain have a panel of listed negotiated vendors in the domestic market. However, we do not have any agreements or contracts with this vendors for our purchase requirements. All our raw material requirements are met through local vendors in India.

Power

Our total consumption as per last 3 months ended April 2024 billing is around 3000 units for factory unit at Palghar and the same is available from Maharashtra State Electricity Distribution Company (MSEDCL). The available power supply in our premises is adequate to carry our existing activities.

Fuel

Our Company do not have any special requirement of fuel to carry out the present business activities.

Water

Three kilolitre of Water is used daily in our manufacturing unit and the same is sourced from the borewell connection we have in our premises. Since municipal corporation water connections are not available in the industrial area of Palghar except for MIDC area, we have proactively installed our own underground borewell water system. This measure has ensured a reliable and uninterrupted water supply, effectively mitigating any risks associated with potential delays in water availability.

Effluent Treatment Plant (ETP)

We are engaged in the business where there is no effluent generated from the present/ proposed activities, ETP is not required.

Quality Management

We endeavour to ensure and maintain requisite quality standards at all stages of our procurement and production process. Our aim is to reduce cost and cycle times through effective and efficient use of resources. We have a experienced employees, who under guidance of our promoter directors are responsible for ensuring quality standards. They monitor and test materials for conformity, track non-conformities and make rectifications to ensure clients' satisfaction. We endeavour to be the customers' preferred suppliers. Our Company has obtained quality management system certificates viz. ISO 9001:2015 issued by BMG Conformity Assessment Services Pvt. Ltd.

Information Technology

We have deployed accounting system to support our accounting functions like sales, inventory management, human resources, accounting and finance.

Human Resource

We believe that a motivated and empowered employee base is the key to our operations and business strategy. We source our human resources locally and the same is available easily.

The detailed break-up of our full-time employees as on May 31, 2024 is summarized as under:

Sr. No.	Category	Number of Employees
1.	Senior Management	5
2.	Middle Level Management	2
3	Support Staff	1
3.	Other Employees - Labour	10
Total		18

We do not have any employees on contract basis at our factory or office.

Export Possibilities & Export Obligation

Currently, we do not have any outstanding export obligations.

Intellectual Property

As on the date of this Draft Prospectus, Our Company does not have any trademarks.

Approach to Marketing and Marketing Set-up

We get most of our business through word-of-mouth publicity in our operating markets. We interact with our customers to get the feedback on the quality of products and services and improve the same as well. The management team regularly stays in touch with our customers. They also regularly approach new customers to try and develop a business relationship.

We will follow the model of being one of the largest player in the market we will participate. The locations will expand to

- Participates in Trade fares
- Advertisements on Digital Market Place

The company plans to spend around 0.5% of its revenues on marketing and promotion. This would be predominantly done in the digital world. Since our roll out is aggressive, we will not have the luxury of organic growth and will need to support growth with promotion and brand building.

Our Company has been focusing on acquiring new customers through its direct and indirect channels. Till date our top management have been instrumental in getting the business.

Competition

We operate in a competitive market and competition is based primarily on quality of products and pricing of such products & services. To remain competitive in the market we strive to improve our sales & marketing efforts, reduce cost and improve operating efficiencies. If we fail to maintain our strengths, our competitors will gain an advantage over us, which would adversely affect our market share and results of operation. We face competition from those who may be better capitalized, have longer operating history, have greater brand presence, and better management than us. If we are unable to manage our business, it might impede our competitive position and profitability. We intend to continue competing vigorously to capture more market share and adding more management personnel to manage our growth in an optimal way.

In the future, we may also face competition from new entrants in the segment. Some of these players may already have robust business networks, which could eat into our market share. Some of our competitors are larger than we are, have greater financial resources than we do, and may be able to deliver products and services on more attractive terms or to invest larger amounts of capital into their businesses, including expenditure for better and more efficient marketing and delivery.

Immovable Property

Our Company does not own any immovable properties.

Our Company has taken the following immovable properties on leave & license basis:

Following is an overview of some of the important laws and regulations, which are relevant to our business.

INDUSTRY-SPECIFIC REGULATIONS

Bureau of Indian Standards Act, 2016 (“BIS Act”)

The BIS Act which was notified on March 22, 2016, has been brought into force with effect from October 12, 2017, repealing and replacing the Bureau of Indian Standards Act, 1986. The BIS Act provides for establishment of Bureau of Indian Standards to take all necessary steps for promotion, monitoring and management of the quality of goods, articles, processes, systems and services, as may be necessary, to protect the interests of consumers and various other stake holders. The BIS Act has enabling provisions for the Government to bring under compulsory certification regime any goods or article of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. Further, the BIS Act also provides for, among other things, repairing or replacement or reprocessing of standard marked goods or services sold by a certified body but not conforming to the relevant Indian Standard.

Bureau of Indian Standards Rules, 2018 (“BIS Rules”)

Further, the Ministry, vide notification no. G.S.R. 584(E) dated June 25, 2018, has notified the BIS Rules. The BIS Rules have been notified in supersession of the Bureau of Indian Standards Rules, 1987, in so far as they relate to Chapter IV A of the said rules, and in supersession of the Bureau of Indian Standards Rules, 2017 except in relation to things done or omitted to be done before such supersession. According to the BIS Rules, the Bureau shall establish Indian Standards in relation to any goods, article, process, system or service and shall reaffirm, amend, revise or withdraw Indian Standards so established as may be necessary.

National Steel Policy, 2017 (“NSP 2017”)

The NSP 2017 seeks to enhance domestic steel production with focus on creating a technologically advanced and globally competitive steel industry in India that promotes economic growth. The NSP 2017 aims to creating environment for attaining (i) Self-sufficiency in steel production by providing policy support and guidance to private manufacturers, MSME steel producers, CPSEs and encourage adequate capacity additions; (ii) Development of globally competitive steel manufacturing capabilities; (iii) Cost-efficient production and domestic availability of iron ore, coking coal and natural gas; (iv) Facilitate investment in overseas asset acquisitions of raw materials; and (v) Enhance domestic steel demand . The intent is to strengthen the research and development of national importance in the iron and steel sector by utilizing tripartite synergy among industry, national research and development laboratories and academic institutions. The NSP 2017 covers, inter alia, steel demand, steel capacity, raw materials, including iron ore, iron ore pellets, manganese ore, chromite ore, ferro-alloys, land, water, power, infrastructure and logistics, and environmental management.

Legal Metrology Act, 2009 (“Legal Metrology Act”)

The Legal Metrology Act came into effect on April 1, 2011 and has replaced the Standards of Weights and Measures Act, 1976 and the Standards of Weights and Measures (Enforcement) Act, 1985. The Legal Metrology Act was enacted with

the objectives to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto.

The Legal Metrology Act provides that no person shall manufacture, repair or sell, or offer, expose or possess for repair or sale, any weight or measure unless he holds a licence issued by the controller. The Legal Metrology Act contains provisions for verification of prescribed weight or measure by Government approved test centre. Qualifications are prescribed for legal metrology officers appointed by the Central Government or State Government. It also provides for exemption regulations of weight or measure norms for goods manufactured exclusively for export. Fee is levied under the Legal Metrology Act for various services. A director may be nominated by a company who is responsible for complying with the provisions of the enactment. There is penalty for offences and provision for compounding of offences under the Legal Metrology Act. Further, it provides for appeal against the decision of various authorities and empowers the Central Government to make rules for enforcing the provisions of the enactment.

Legal Metrology (Packaged Commodities) Rules, 2011 (“Packaged Commodities Rules”)

The Packaged Commodities Rules were framed under section 52(1) read with section 52(2) (j) and (q) of the Legal Metrology Act. The Packaged Commodities Rules lay down specific provisions applicable to packages intended for retail sale, whole sale and for export and import and also regulate pre-packaged commodities in India, inter alia by mandating certain labelling requirements prior to sale of such commodities. Legal Metrology (Packaged Commodities) (Amendment) Rules (“Packaged Commodity Amendment Rules”), issued on June 23, 2017 have introduced important amendments to the Packaged Commodity Rules, especially in relation to e-commerce entities. The Packaged Commodity Amendment Rules came into force from January 1, 2018. The key provisions of the Packaged Commodity Amendment Rules are regarding the size of declarations on the label, declaration on ecommerce platforms, declaration of name and address of the manufacturer and fine for contravention.

Trade Marks Act, 1999 (“Trade Marks Act”)

The Trade Marks Act provides for the application and registration of trademarks in India. The purpose of the Trade Marks Act is to grant exclusive rights to marks such as a brand, label and heading and to obtain relief in case of infringement of such marks. Application for the registration of trademarks has to be made to Controller-General of Patents, Designs and Trade Marks who is the Registrar of Trademarks for the purposes of the Trade Marks Act. The Trade Marks Act prohibits any registration of deceptively similar trademarks or chemical compound among others. It also provides for penalties in form of imprisonment or fine or both for infringement, falsifying and falsely applying trademarks and using them to cause confusion among the public.

Shops and Establishments Legislations

Under the provisions of local shops and establishments legislations applicable in the states in which establishments are set up, establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. All industries have to be registered under the shops and establishments legislations of the state where they are located. There are penalties prescribed in the form of monetary fine or imprisonment for violation of the legislations.

Laws relating to taxation

The Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory.

The Central Goods and Services Tax Act, 2017 (the “GST Act”)

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST is governed by a GST Council and its Chairman is the Finance Minister of India. The GST Act is applicable from July 1, 2017 and will bound together the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. Under GST, goods and services will be taxed under five different categories that are 0%, 5%, 12%, 18%, 28%. GST will be levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India will adopt a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state will be levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced

The Central Sales Tax Act, 1956

The Central Sales Tax Act, 1956 enacted by Parliament in Seventh Year of Republic of India to formulate principles for determining when a sale or purchase of goods takes place in the course of inter-state trade of commerce or outside a State or in the course of imports into or export from India, to provide for the levy, collection and distribution of taxes on sales of goods in the course of interstate trade of commerce and to declare certain goods to be of special importance in inter-state or commerce and specify the restrictions and conditions to which state laws imposing taxes on the sale or purchase of such goods of special importance.

Finance Act, 1994 (Service Tax)

Service tax is charged on taxable services as defined in Chapter V of Finance Act, 1994, (as amended from time to time) which requires a service provider of taxable services to collect service tax from a service recipient and pay such tax to the Government. In accordance with Rule 6 of Service tax Rules, the assesses is required to pay Service tax in TR 6 challan by fifth of the month immediately following the month to which it relates. Further under Rule 7(1) of Service Tax Rules, the company is required to file a half yearly return in Form ST 3 by twenty fifth of the month immediately following the half year to which the return relates.

The Central Excise Act, 1944

In accordance with the Central Excise Act and Central Excise Rules, every person who produces or manufactures any excisable goods is required to get itself registered with the Jurisdictional Deputy or Assistant Commissioner of Central Excise. Hence this Act is applicable to the Company. Further, the provisions of the Central Excise Rules provide that the manufacturer of final product (other than SSI's) shall submit the duty on goods removed from the factory or warehouse during the month by fifth day of following month. Also, a Monthly Return in Form ER1 is required to be submitted to the Superintendent of Central Excise within 10 days after the close of the month.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e., bringing into India from a place outside India or at the time of export of goods i.e., taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code).

Laws governing foreign investments

Foreign investment in India is governed by the provisions of FEMA Non-Debt Instruments Rules along with the FDI Policy issued by the DPIIT, from time to time. Further, the RBI has enacted the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 which regulate the mode of payment and reporting requirements for investments in India by a person resident outside India.

Under the current FDI Policy (effective October 15, 2020) 100% foreign direct investment is permitted in IT/ITES sector, under the automatic route, subject to compliance with certain prescribed conditions.

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA Non-Debt Instruments Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%).

Overseas Direct Investment ("ODI")

In terms of the Master Direction No. 15/2015-16 on “Direct Investment by Residents in Joint Venture/Wholly Owned Subsidiary Abroad” issued by the RBI, dated January 1, 2016, as amended, an Indian entity is allowed to make ODI under the automatic route up to limits prescribed by the RBI, which currently should not exceed 400% of its net worth. ODI can be made by investing in either joint ventures or wholly owned subsidiaries outside India. Any financial commitment exceeding USD one billion (or its equivalent) in a financial year would require the prior approval of the RBI.

Laws relating to Employment

Certain other laws and regulations that may be applicable to our Company in India include the following:

- EPFMP Act;

8. We, M/s. Bohara Shah & Co, Chartered Accountants have been subjected to the peer review process of the Institute of Chartered Accountants of India (“ICAI”) and hold a valid peer review certificate issued by the “**Peer Review Board**” of the ICAI which is valid till 31st October 2026.
9. The Restated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited financial statements mentioned in paragraph 4 above.
10. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
11. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
12. Our report is intended solely for use of the Board of Directors for inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, the stock exchanges and Registrar of Companies, Mumbai in connection with the proposed IPO. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

13. Auditor’s Responsibility

Our responsibility is to express an opinion on these restated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Company’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

14. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the restated financial statements read together with the notes thereon, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, to the extent applicable.

SIGNIFICANT ACCOUNTING POLICIES:

2. Basis of accounting and preparation of financial statements

The financial statements are prepared and presented under the historical cost convention on accrual basis of accounting in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). These financial statements comply in all material aspects with the Accounting Standards (AS) specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, the relevant provisions of the Companies Act, 2013 (“the Act”), as applicable.

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months period from the reporting date has been considered by the company for the purpose of current & non-current classification of assets and liabilities.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reported period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognized prospectively in current and future periods.

Changes in Accounting Policy: There is no change in accounting policy during the period

4. Revenue recognition

Revenue is recognised as follows:

Revenue is recognized to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sale of Goods

Sale of goods is recognized as revenue when significant risks and rewards of ownership of the goods have passed to the buyer.

Other Income

Other Income recognized on Accrual basis

5. Property, Plant and Equipments

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The Company depreciates property, plant and equipment over their estimated useful lives using the written down value method, as specified in Schedule II of the Companies Act, 2013. The estimated useful lives of assets are as follows:

<u>Assets</u>	<u>Useful life</u>
Plant & Machinery	15 Years
Office equipments	5 Years
Furniture & Fixture	10 Years
Computers	3 Years
Motor Vehicle	8 Years

6. Investments

Investments are classified into current investments and non-current investments. Current investments i.e. investments that are readily realizable and intended to be held for not more than a year valued at cost. Any permanent reduction in the carrying amount or any reversals of such, reductions are charged or credited to the Statement of Profit & loss Account. Non-current investments are stated at cost. Provision for diminution in the value of these investments is made only if such decline is other than temporary, in the opinion of the management.

7. Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour, appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale

8. Employee benefits

Employee benefits includes various allowances, medical reimbursements which are accounted on the basis of liability accrued.

- i) Contribution to define contribution schemes such as provident fund etc. are recognise as and where incurred .
- ii) The Gratuity Benefits are classified as Post-Retirement Benefits as per AS15 (Revised2005) and the accounting policy is outlined as follows.

Actuarial gains and losses arise due to difference in the actual experience and the assumed parameters

and also due to changes in the assumptions used for valuation. The Company recognizes these actuarial gains and losses immediately in the statement of profit and loss as income or expense.

When the benefits of the plan are changed, or when a plan is curtailed or settlement occurs, the portion of the changed benefit related to past service by employees, or the gain or loss on curtailment or

settlement, is recognized immediately in the profit or loss account when the plan amendment or when a curtailment or settlement occurs.

9. Borrowing costs

All the borrowing costs are charged to profit and loss account being revenue in nature.

10. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the number of equity shares outstanding during the year. Since there are no dilutive potential equity shares, Diluted earnings per share is computed in the manner same as used for basic earnings per share.

11. Taxes on income

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. As per the past records and future aspects of the company, calculation of deferred tax assets/liabilities is not made.

12. Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

13. Cash and cash equivalents

Cash comprises cash on hand, bank balances in current account and deposits account. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

14. Notes On Accounts And Restatements Made In The Restated Financials

- i) Balances of debtors, creditors and advances are subject to confirmation / reconciliations, if any. The management does not expect any material difference affecting the financial statements on such reconciliation / adjustments. In the opinion of the management, current assets, loans and advances have a value on realization in the ordinary course of business at least equal to the amount at which they are stated in the balance sheet. The provision for depreciation and for all known liabilities is adequate and no in excess of the amount reasonably stated.
- ii) There are no contingent Liabilities reported and as such no provision has been made in these accounts for such liability
- iii) Material Regroupings:

Appropriate adjustments have been made in the restated summary statements of Assets and Liabilities Profits and Losses and Cash flows wherever required by reclassification of the corresponding items of income expenses assets and liabilities in order to bring them in line with the requirements of the SEBI Regulations.

iv) Material Adjustments

There are no material adjustments or errors which required adjustment for the purpose of restatement, except as disclosed in Annexure - VIII.

v) Adjustments not having impact on profit

Appropriate adjustments have been made in the restated summary statements, wherever required, by a reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows in order to bring them in line with the groupings as per the audited financial statements of the Company, prepared in accordance with Schedule III and the requirements of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2018

MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our restated financial statements included in the Draft Prospectus. You should also read the section entitled “Risk Factors” on page 21, which discusses a number of factors, risks and contingencies that could affect our financial condition and results of operations. The following discussion relates to our Company and is based on our restated financial statements, which have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI Regulations. Portions of the following discussion are also based on internally prepared statistical information and on other sources.

Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the ICDR Regulations and restated as described in the report of our auditor dated May 31, 2024 which is included in this Draft Prospectus under “Financial Statements”. The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

Significant Developments Subsequent to the Last Financial Period

In the opinion of the Board of Directors of our Company, since the date of the last financial statements disclosed in this Draft Prospectus, there have not arisen any circumstance that materially or adversely affect or are likely to affect the business or profitability of our Company or the value of its assets or its ability to pay its material liabilities within the next twelve months.

Key factors affecting the results of operation:

Our Company’s future results of operations could be affected potentially by the following factors:

Economic conditions in the markets in which we operate

Our results of operations are dependent on the overall economic conditions in the markets in which we operate, including India. Any change in macro-economic conditions in these markets, including changes in interest rates, government policies or taxation and political, economic or other developments could affect our business and results of operations. The iron and steel market in India may perform differently and be subject to market and regulatory developments that are dissimilar to the markets in other parts of the world. While stronger macro-economic conditions tend to result into higher demand for our products, weaker macro-economic conditions tend to result into lower demand. Change in demand in the market segments we currently supply or improvement/deterioration in the market or a change in regulations, customs, taxes or other trade barriers or restrictions could affect our operations and financial condition.

Regulatory developments

Our Company is regulated by the Companies Act and some of its activities are subject to supervision and regulation by statutory and regulatory authorities. It is therefore subject to changes in Indian law, as well as to changes in regulation and government policies and accounting principles.

Our investments in new manufacturing facilities may not be profitable and may be loss-making

In order to maintain a competitive position, we propose to invest in new manufacturing facility at Palghar. Our investments in new manufacturing facility, may be less profitable than what we have experienced historically, may be loss-making, may consume substantial financial resources and/or may divert management’s attention from existing operations, all of which could materially and adversely affect our business, results of operations and financial condition.

Prices of raw materials

The key raw material used in our business have remained the same since the product categories remain the same. These materials are not exclusive to our business but are used across the industry as a part of our annual production planning

exercise and customer product pricing also adjusts accordingly. Therefore, any risk on the availability of these products is carried by the entire industry segment. There may be an unforeseen event wherein certain products may become scarce or outpriced.

FACTORS THAT MAY AFFECT THE RESULTS OF THE OPERATIONS:

1. Unusual or infrequent events or transactions

An outbreak of COVID-19 was recognised as a pandemic by the WHO on March 11, 2020. In response to the COVID-19 outbreak, the governments of many countries, including India, have taken preventive or protective actions such as imposing country-wide lockdowns, as well as restrictions on travel and business operations. Due to a government mandated lockdown in India, we had to shut down our operations and were operating on lower scale. We saw a decrease in our business during the period of lock down in Fiscal 2022 due to shortage of labour and other COVID-19 related restrictions and lower than normal demands during that period.

2. Significant economic changes that materially affected or are likely to affect income from continuing operations.

Our business has been subject, and we expect it to continue to be subject, to significant economic changes arising from the trends identified above in ‘*Factors Affecting our Results of Operations*’ and the uncertainties described in the section entitled ‘*Risk Factors*’ beginning on page 21 of the Draft Prospectus. To our knowledge, except as we have described in the Draft Prospectus, there are no known factors which we expect to bring about significant economic changes.

3. Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue, or income from continuing operations.

Apart from the risks as disclosed under Section titled “*Risk Factors*” on page 21 in the Draft Prospectus, in our opinion there are no other known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations.

4. Future changes in relationship between costs and revenues, in case of events such as future increase in labour or material costs or prices that will cause a material change are known.

Our Company’s future costs and revenues will be determined by demand/supply situation, government policies and prices quoted by service providers.

5. Extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased sales prices.

Changes in revenues during the last three fiscal years are explained in “Management’s Discussion and Analysis of Financial Condition & Results of Operations” under the subsection “Comparison of Financial Years ended March 31, 2024, 2023 and 2022” under the respective paragraphs titled “Operating Revenue”.

6. Total turnover of each major industry segment in which the issuer company operated.

For details on the industry related data please refer to “*Industry Overview*” on page 78.

7. Status of any publicly announced new products or business segment.

Our Company has not announced any new product or business segment.

8. The extent to which business is seasonal.

Our business is not seasonal in nature.

9. Any significant dependence on a single or few suppliers or customers.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

Joint Holders

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as joint – tenants with benefits of survivorship.

Allotment only in Dematerialised Form

Pursuant to Section 29 of the Companies Act, 2013 and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed amongst our Company, the respective Depositories, and the Registrar to the Offer:

- Agreement dated June 20, 2024 amongst NSDL, our Company and the Registrar to the Offer; and
- Agreement dated [●], 2024 amongst CDSL, our Company and the Registrar to the Offer.

Market Lot and Trading Lot

The trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares and the same may be modified by the Emerge Platform of NSE from time to time by giving prior notice to investors at large.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first Applicant, along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant.

Minimum Number of Allottees

Further in accordance with the Regulation 268 of SEBI (ICDR) Regulations, the minimum number of allottees in this Offer shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Offer and the monies blocked by the SCSBs and sponsor bank, shall be unblocked within three working days of closure of Offer.

Minimum Subscription

This Offer is not restricted to any minimum subscription level. This Offer is 100% underwritten. If the Issuer does not receive the subscription of 100% of the Offer through this offer document including devolvement of Underwriters within sixty days from the date of closure of the Issue, the Issuer shall forthwith refund the entire subscription amount received. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company, to the extent applicable, shall pay interest prescribed under the applicable law.

In terms of Regulation 260 of the SEBI ICDR Regulations, 2018, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled “*General Information – Underwriting*” on page 45.

Further, in accordance with Regulation 267 of the SEBI ICDR Regulations, 2018, the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Arrangements for Disposal of Odd Lots

The trading of the equity shares will happen in the minimum contract size of 1,600 Equity Shares. However, the market maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the Emerge Platform of NSE.

Option to receive Equity Shares in Dematerialized Form

Pursuant to Section 29 of the Companies Act, the Equity Shares in the Issue shall be allotted only in dematerialised form. Further, as per the SEBI (ICDR) Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchange.

Migration to Main Board

In accordance with the National Stock Exchange of India Limited Circular, our Company will have to be mandatorily listed and traded on the Emerge Platform of the NSE for a minimum period of 3 (Three) years from the date of listing and only after that it can migrate to the Main Board of BSE Limited as per the guidelines specified by SEBI and as per the procedures laid down under Chapter IX of the SEBI (ICDR) Regulations. Our Company may migrate to the main board of NSE from the SME Platform on a later date subject to the following:

- a) If the Paid up Capital of the company is likely to increase above ₹25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), we shall have to apply to NSE for listing our shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.

OR

- b) If the Paid up Capital of the company is more than ₹10 crores but below ₹25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The shares issued and transferred through this Offer are proposed to be listed on the NSE Emerge with compulsory market making through the registered Market Maker of the SME Exchange for a minimum period of three years or such other time as may be prescribed by the Stock Exchange, from the date of listing on the Emerge Platform of NSE Limited. For further details of the market making arrangement please refer to chapter titled “*General Information*” beginning on page 43 of this Draft Prospectus.

As per the extent Guideline of the Government of India, OCBs cannot participate in this Offer.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

New Financial Instruments

The Issuer Company is not issuing any new financial instruments through this Offer.

Application by Eligible NRI"s, FPI"s, VCF"s, AIF"s registered with SEBI

It is to be understood that there is no reservation for Eligible NRIs, FPIs or VCF registered with SEBI. Such Eligible NRIs, FPIs or VCF registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

Withdrawal of the Issue

The Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time before the Offer Opening Date, without assigning any reason thereof. Notwithstanding the foregoing, the Issue is also subject to obtaining the following:

1. The final listing and trading approvals of NSE for listing of Equity Shares offered through this Offer on its SME Platform, which the Company shall apply for after Allotment and,
2. The final ROC approval of the Prospectus after it is filed with the ROC.

In case, the Company wishes to withdraw the Issue after Offer Opening but before allotment, the Company will give public notice giving reasons for withdrawal of Issue. The public notice will appear in two widely circulated national newspapers (One each in English and Hindi) and one in regional newspaper.

The Lead Manager, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within one Working Day from the day of receipt of such instruction. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared, and the Stock Exchange will also be informed promptly.

If our Company withdraws the Issue after the Issue Closing Date and subsequently decides to undertake a public offering of Equity Shares, our Company will file a fresh offer document with the stock exchange where the Equity Shares may be proposed to be listed.

SEBI through its circular no. (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (—UPII) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (—UPI Phase II). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), issued by SEBI, the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”). The applicability of UPI Phase II was extended from time to time. Thereafter, pursuant to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, the final reduced timeline of T+3 days using the UPI Mechanism for applications by UPI Bidders (“**UPI Phase III**”) was implemented by SEBI, voluntarily for all public issues opening on or after September 1, 2023 and has been made mandatory for all public issues opening on or after December 1, 2023. Accordingly, the Offer will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 has introduced certain additional

measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on or after May 1, 2021 and the provisions of this circular are deemed to form part of this Draft Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI applicants in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹5.00 lakhs shall use the UPI Mechanism.

Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document, and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Prospectus.

Further, our Company and the Lead Manager are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

Phased implementation of Unified Payments Interface

SEBI has issued a **UPI Circulars** in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 and will continue till June 30, 2019. Under this phase, a Retail Individual Applicant would also have the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing would continue to be six Working Days.

Phase II: This phase commenced on completion of Phase I i.e. with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Applicant through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Offer is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers are to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹ 500,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000

and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Lead Manager.

FIXED PRICE ISSUE PROCEDURE

The Issue is being made in compliance with the provisions of Chapter IX of the SEBI (ICDR) Regulations, 2018 and through the Fixed Price Process. As per Regulation 253(2) of the SEBI (ICDR) Regulations, as amended, as present issue is a fixed price issue the allocation in the net offer to the public category shall be made as follows:

- g) Minimum fifty percent to retail individual investors; and
- h) Remaining to:
 - i. Other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for;
- i) The unsubscribed portion in either of the categories specified in (a) or (b) above may be allocated to the applicants in the other category.

If the retail individual investor category is entitled to more than fifty per cent on proportionate basis, accordingly the retail individual investors shall be allocated that higher percentage.

Applicants are required to submit their Applications to the Application collecting intermediaries i.e. SCSB or Registered Brokers of Stock Exchanges or Registered Registrar to the Issue and Share Transfer Agents (RTAs) or Depository Participants (DPs) registered with SEBI. Eligible NRIs may obtain copies of Application Form from the Designated Intermediaries. Eligible NRI Applicants applying on a repatriation basis by using the Non-Resident Forms should authorize their SCSB to block their Non-Resident External (NRE) accounts, or Foreign Currency Non-Resident (FCNR) Accounts, and eligible NRI Applicants applying on a non-repatriation basis by using Resident Forms should authorize their SCSB to block their Non-Resident Ordinary (NRO) accounts for the full application amount, at the time of the submission of the Application Form.

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour). Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents (blue in colour).

Application by FPIs (including FIIs)

In terms of the SEBI FPI Regulations, an FII who holds a valid certificate of registration from SEBI shall be deemed to be a registered FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or sub-account may, subject to payment of conversion fees under the SEBI FPI Regulations participate in the Issue until the expiry of its registration with SEBI as an FII or sub-account, or if it has obtained a certificate of registration as an FPI, whichever is earlier. Accordingly, such FIIs can, subject to the payment of conversion fees under the SEBI FPI Regulations, participate in this Offer in accordance with Schedule 2 of the FEMA Regulations. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In terms of the SEBI FPI Regulations, the purchase of Equity Shares and total holding by a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with 'know your client' norms. Further, pursuant to a Circular dated November 24, 2014 issued by the SEBI, FPIs are permitted to issue offshore derivative instruments only to subscribers that (i) meet the eligibility criteria set forth in Regulation 4 of the SEBI FPI Regulations; and (ii) do not have opaque structures, as defined under the SEBI FPI Regulations. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. Further, where an investor has investments as FPI and also holds positions as an overseas direct investment subscriber, investment restrictions under the SEBI FPI Regulations shall apply on the aggregate of FPI investments and overseas direct investment positions held in the underlying Indian company.

Applications by SEBI registered Venture Capital Funds, Alternative Investment Fund (AIF) and Foreign Venture Capital Investors

The Securities and Exchange Board of India (Venture Capital Funds) Regulations, 1996 as amended, (the “SEBI VCF Regulations”) and the Securities and Exchange Board of India (Foreign Venture Capital Investor) Regulations, 2000, as amended, among other things prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the Securities and Exchange Board of India (Alternative Investment Funds) Regulations, 2012 (the “SEBI AIF Regulations”) prescribe, amongst others, the investment restrictions on AIFs.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends, and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

Applications by Limited Liability Partnerships

In case of Applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. On the Issue Closing Date, the Designated Intermediaries may upload the applications till such time as may be permitted by the Stock Exchange.

c) Only Applications that are uploaded on the Stock Exchange Platform are considered for allocation/Allotment. In the Phase 1, the Designated Intermediaries are given till 1:00 pm on the day following the Issue Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Issue Period after which the Stock Exchange send the application information to the Registrar to the Issue for further processing.

Other Instructions

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- i. All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature, and father/ husband's name to determine if they are multiple applications.
- ii. Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- iii. Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of "know your client" norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

Permanent Account Number or PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number ("PAN") to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 2, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. **Applications without this information will be considered incomplete and are liable to be rejected.** It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

Impersonation

Attention of the Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

"Any person who—

(a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or

(b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or

(c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of Companies Act, 2013 and shall be treated as Fraud."

Mode of Refunds

a) **In case of ASBA Applicants:** Within three Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Account on unsuccessful Application, for any excess amount blocked on Application, for any ASBA application withdrawn, rejected or unsuccessful or in the event of withdrawal or failure of the Offer

b) In the case of Applications from Eligible NRIs and FPIs, refunds, if any, may generally be payable in Indian Rupees only and net of bank charges and/ or commission. If so desired, such payments in Indian Rupees may be converted into U.S. Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and may be dispatched by registered post. The Company may not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

c) In case of Other Investors: Within three Working Days of the Issue Closing Date, the Registrar to the Issue may dispatch the refund orders for all amounts payable to unsuccessful Investors. In case of Investors, the Registrar to the Offer may

obtain from the depositories, the Bidders' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Investors in their Investor Application Forms for refunds. Accordingly, Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Investors' sole risk and neither the Issuer, the Registrar to the Issue, the Escrow Collection Banks, may be liable to compensate the Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay.

Mode of making refunds for Applicants other than ASBA Applicants

The payment of refund, if any, may be done through various modes as mentioned below:

(i) NECS - Payment of refund may be done through NECS for Applicants having an account at any of the centers specified by the RBI. This mode of payment of refunds may be subject to availability of complete bank account details including the nine-digit MICR code of the Bidder as obtained from the Depository;

(ii) NEFT - Payment of refund may be undertaken through NEFT wherever the branch of the Bidders' bank is NEFT enabled and has been assigned the Indian Financial System Code ("IFSC"), which can be linked to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may be made to the Bidders through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;

(iii) Direct Credit – Applicants having their bank account with the Refund Banker may be eligible to receive refunds, if any, through direct credit to such bank account;

(iv) RTGS – Applicants having a bank account at any of the centres notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS. The IFSC code shall be obtained from the demographic details. Investors should note that on the basis of PAN of the bidder, DP ID and beneficiary account number provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the demographic details including address, Bidders account details, IFSC code, MICR code and occupation (hereinafter referred to as "Demographic Details"). The bank account details for would be used giving refunds. Hence, Applicants are advised to immediately update their bank account details as appearing on the records of the Depository Participant. Please note that failure to do so could result in delays in dispatch/ credit of refunds to Applicants at their sole risk and neither the Lead Manager or the Registrar to the Issue or the Escrow Collection Bank nor the Company shall have any responsibility and undertake any liability for the same;

(v) Please note that refunds, on account of our Company not receiving the minimum subscription, shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Bank. For details of levy of charges, if any, for any of the above methods, Bank charges, if any, for cashing such cheques, pay orders or demand drafts at other centers etc. Bidders may refer to Prospectus.

INTEREST IN CASE OF DELAY IN ALLOTMENT OR REFUND

The Issuer shall make the Allotment within the period prescribed by SEBI. The Issuer shall pay interest at the rate of 15% per annum if Allotment is not made and refund instructions have not been given to the clearing system in the disclosed manner/instructions for unblocking of funds in the ASBA Account are not dispatched within such times as maybe specified by SEBI.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated in accordance with applicable law. Further, Investors shall be entitled to compensation in the manner specified in the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (*earlier known as Department of Industrial Policy and Promotion*) (“**DPIIT**”), issued the FDI Policy, which is effect from October 15, 2020, which subsumes and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-Debt Instruments Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India, as prescribed in the FDI Policy and the FEMA Non-Debt Instruments Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made similar amendment to the FEMA Rules. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Issue Period.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

17. Subject to the provision of section 72 of the Act and of these articles a shareholder may nominate any person as his or her nominee for the shares held by him in the company.

III. CALLS ON SHARES

18. The Board may from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times.
19. Call shall be deemed to have been made at the time when the resolution of the Directors authorising such calls was passed.
20. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
21. If a call remains unpaid after it has become due and payable, the person from whom it is due and payable, shall pay interest on the amount unpaid from the day it became due and payable until it is paid at the rate fixed by the terms of allotment of the share or in the notice of the call or, if no rate is fixed, at the appropriate rate (as defined by the Act), but the Directors may waive payment of the interest wholly or in part.
22. An amount payable in respect of a share on allotment, whether in respect of nominal value or premium shall be deemed to be a call and if it is not paid, the provisions of these articles shall apply as if that amount had become due and payable by virtue of a call.
23. The Board -
 - a. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the moneys uncalled and unpaid upon any shares held by him; and
 - b. upon all or any of the moneys so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the Company in its general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

IV. FORFEITURE OF SHARES

24. If a call remains unpaid after it has become due and payable, the Directors may give to the person from whom it is due, not less than fourteen clear days' notice requiring payment of the amount unpaid together with any interest which may have accrued. The notice shall name the place where payment is to be made and shall state that if the notice is not complied with, the shares in respect of which the call was made will be liable to be forfeited.
25. If the notice is not complied with, any share in respect of which it was given may, before the payment required by the notice has been made, be forfeited by a resolution of the Directors and the forfeiture shall include all dividends or other monies payable in respect of the forfeited shares and not paid before the forfeiture.
26. When any share shall have been so forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture and on entry of the forfeiture, with the date thereof, shall forthwith be made

in Register of Members, but no forfeiture shall be in any manner invalid by any omission or neglect to give such notice or to make such entry as aforesaid.

27. Subject to the provisions of the Act, a forfeited share may be sold, re-allotted or otherwise disposed of on such terms and in such manner as the Directors determine, either to the person who was before the forfeiture, the holder, or to any other person and at any time before sale, re-allotment or other disposition, the forfeiture may be cancelled on such terms as the Directors think fit. Where for the purposes of its disposal, a forfeited share is to be transferred, the Directors may authorise some person to execute an instrument of transfer of the share.
28. A person, whose shares have been forfeited, shall cease to be a member in respect of them and shall surrender to the Company for cancellation, the certificate for the shares forfeited but shall remain liable to the Company for all monies which at the date of forfeiture were presently payable by him to the Company in respect of those shares with interest, at the rate at which interest was payable on those monies before the forfeiture or, if no interest was so payable, at the appropriate rate (as defined in the Act) from the date of forfeiture until payment, but the Directors may waive payment wholly or in part or enforce payment without any allowance for the value of the shares at the time of forfeiture or for any consideration received on their disposal.
29. A statutory declaration by a director or the secretary, that the share has been forfeited on a specified date shall be conclusive evidence of the facts stated in it as against all persons claiming to be entitled to the share and the declaration shall (subject to the execution of an instrument of transfer, if necessary), constitute a good title to the share and the person to whom the share is disposed off, shall not be bound to see to the application of the consideration, if any, nor shall his title to the share be affected by any irregularity in, or invalidity, of the proceedings in reference to the forfeiture or disposal of the share.

V. LIEN ON SHARES

30. The Company shall have a first and paramount lien on every share/debenture (not being a fully paid share/debenture), for all monies (whether presently payable or not) payable at a fixed time or called in respect of that share/debenture. The Directors may at any time declare any share/debenture to be wholly or in part exempt from the provisions of this Article. The Company's lien on a share/debenture shall extend to all dividends or other monies payable in respect of forfeited shares.
31. The Company may sell forfeited shares in such manner as the Directors determine, any shares on which the Company has a lien, if a sum in respect of which the lien exists, is presently payable and is not paid within fourteen clear days after notice has been given to the holder of the share, or to the person entitled to it in consequence of the death or insolvency of the holder, demanding payment and stating that if the notice is not complied with, the shares may be sold.
32. To give effect to a sale, the Directors may authorise some person to execute an instrument of transfer of the shares sold to, or in accordance with the directions of the purchaser. The title of the transferee to the shares shall not be affected by any irregularity in, or invalidity of, the proceedings in reference to the sale.
33. The net proceeds of the sale, after payment of the costs, shall be applied in payment of so much of the sum for which the lien exists as is presently payable, and any residue shall (upon surrender to the Company for cancellation of the certificate for the shares sold and subject to a like lien for any monies not presently payable as existed upon the shares before the sale), be paid to the person entitled to the shares at the date of the sale.

VI. TRANSFER OF SHARES

34. The Company shall keep a register called the "Register of Transfers" and therein shall be fairly and distinctly entered the particulars of every transfer or transmission of any shares of the Company.
35. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
36. The Board may, subject to the right of appeal conferred by section 58 decline to register—

- (i) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- (ii) any transfer of shares on which the company has a lien.

37. The Board may decline to recognise any instrument of transfer unless—
- (i) the instrument of transfer is in the form as prescribed in rules made under sub-section(1) of section 56;
 - (ii) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - (iii) the instrument of transfer is in respect of only one class of shares.
38. On giving not less than seven days' previous notice in accordance with Section 91 and rules made there under, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:
Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

VII. TRANSMISSION OF SHARES

39. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
40. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—
(a) to be registered himself as holder of the share; or
(b) to make such transfer of the share as the deceased or insolvent member could have made.
(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
41. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
42. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:
Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

VIII. ALTERATION OF SHARE CAPITAL

43. Where at any time, it is proposed to increase its subscribed Share Capital by the issuance/allotment of further Shares either out of the unissued Share Capital or increased Share Capital then, such further Shares may be offered to:
- i. Persons who, at the date of offer, or such other date as may be specified under applicable law are holders of equity Shares of the Company, in proportion, as nearly as circumstances admit, to the capital paid up on those Shares by sending a letter of offer subject to the conditions prescribed under the applicable Acts, laws and regulations;

- ii. employees under a scheme of employees' stock option, subject to Special Resolution passed by the Company and subject to such conditions as may be prescribed under the Act and other applicable Laws; or
- iii. any Persons, if authorized by a special resolution, whether or not those Persons include the Persons referred to in (i) or (ii) above, either for cash or for a consideration other than cash, subject to the compliance with applicable laws.

Nothing in this Article shall apply to the increase of the subscribed capital of a Company caused by the exercise of an option as a term attached to the debentures issued or loan raised by the company to convert such debentures or loans into shares in the company:

Provided that the terms of issue of such debentures or loan containing such an option have been approved before the issue of such debentures or the raising of loan by a special resolution passed by the company in general meeting.

44. Subject to provisions of the Act, the Company may, by special resolution, purchase its own shares or reduce its share capital in any way and in particular and without prejudice to the generality to the foregoing power, may:
- (i) extinguish or reduce the liability on any of its shares in respect of share capital not paid-up.
 - (ii) either with or without extinguishing or reducing liability on any of its shares, cancel any paid-up share capital which is lost or unrepresented by any assets; or
 - (iii) either with or without extinguishing or reducing liability on any of its shares, pay off any paid-up share capital which is in excess of the wants of the Company, and may, if and so far as is necessary alter its Memorandum by reducing the amount of its shares accordingly.
45. The Company may:
- (i) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - (ii) subject to the provisions of the Act, sub-divide its shares, or any of them, into shares of smaller amount and the resolution may (if it is a special resolution) determine that, as between the shares resulting from the sub - division, any of them may have any preference or advantage as compared with the others; and
 - (iii) cancel shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.
 - (iv) convert all or any of its fully paid-up shares into stock and reconvert that stock into fully paid-up shares of any denomination.
46. Where shares are converted into stock,—
- (i) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
 - (ii) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
 - (iii) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.
47. The company may, by special resolution, reduce in any manner and with, and subject to, any incidental authorisation and consent required by law—
- (i) its share capital;
 - (ii) any capital redemption reserve account; or
 - (iii) any share premium account.

IX. BORROWING POWERS

48. Subject to the provisions of the Act and of these Articles, the Board may from time to time borrow, raise, receive payment of any sum or sums of money on deposit at interest or otherwise for the purpose of the Company or secure the payment of any sum or sums of money not exceeding the aggregate of the paid-up capital of the Company and its reserves (not being reserves set apart for any specific purpose) and Securities Premium. Provided, where the monies to be borrowed, together with the monies already borrowed (apart from the temporary loans obtained from the Company's banker's in the ordinary course of business) exceed the aforesaid aggregate, the Director shall not borrow such monies without the consent of the Company in General Meeting.
49. Subject to the provisions of article 49 the Directors may, by a resolution passed at a meeting of the Board, raise and secure the repayment of such sum or sums in such manner and upon such terms and conditions in all respects as they think fit and in particular by the issue of bonds, perpetual or redeemable debentures of the Company or by the creation of debenture stock charged upon all or any part of the assets of the Company (both present and future) including its uncalled capital for the time being or by making, drawing, accepting or endorsing on behalf of the Company any promissory notes or bills of exchange or other negotiable instruments or giving or issuing any other security of the Company or by mortgage or charge or pledge of any loan, buildings, machinery, plant, goods or the property both present and future. Whenever any uncalled capital of the Company is included in or charged by any mortgage or other security, such mortgage or security may include an authority to the person in whose favour the same is executed or any other person trust for him to make calls on the members in respect of such uncalled capital and the provisions hereinbefore contained in regard to calls shall *mutatis mutandis* apply to calls made under such authority and such authority may be made exercisable either conditionally or unconditionally and either presently or contingently and either to the exclusion of the Directors' powers or otherwise and shall be assignable if expressed so to be.
50. If the Directors or any of them or any other persons shall become personally liable for the payment of any sum primarily due from the Company, the Directors may execute or cause to be executed any mortgage, charge or security over or affecting the whole or any part of the assets of the Company by way of indemnity to save the Directors or persons so becoming liable as aforesaid from any loss in respect of such liability.

X. RESERVE AND DEPRECIATION FUNDS

51. The Directors may from time to time before recommending any dividend set apart any such portion of the profits of the Company as they think fit as a Reserve fund, Depreciation fund, Sinking fund, Capital redemption fund, Insurance fund or any other Special fund, whether for depreciation or for repairing, improving, extending, or maintaining any of the property of the Company or for any other purpose conducive to the interest of the Company.
52. All moneys carried to any reserve funds, depreciation fund respectively shall nevertheless remain and be profits of the Company applicable subject to due provisions being made for actual loss or depreciation for the payment of dividend and such moneys and all the other moneys of the Company may be invested by the Directors in or upon such investments or securities as they may select or may be used as working capital or may be kept at any bank or deposit or otherwise as the Directors may from time to time think proper.

XI. GENERAL MEETINGS

53. All general meetings other than annual general meeting shall be called extraordinary general meetings.
54. The Directors may, whenever they think fit, call an Extraordinary General Meeting,
55. The Directors may call general meetings and, on the requisition of members pursuant to the provisions of the Act, shall forthwith proceed to convene an extraordinary general meeting as per the procedure prescribed under the Act.
56. A general meeting of the Company may be called by giving not less than 21 days' notice in writing or after giving such shorter notice as provided in Section 101 (1) of the Act or any statutory modification thereof.
57. The notice shall specify the time, day and place of the meeting and the general nature of the business to be transacted and, in the case of an annual general meeting, shall specify the meeting as such. Where any business to be transacted at the meeting consists of "Special Business" as hereinafter defined, there shall be annexed to the notice of the meeting an explanatory statement setting out all material facts concerning such item of business as provided in section 102 of the Act.

58. All business shall be deemed special that is transacted at an Extraordinary General Meeting and also all business that is transacted at any Annual General meeting, with the exception of business relating to the consideration of accounts, declaration of dividend, appointment of Directors in the place of those retiring and appointment and fixing of the remuneration of the auditors.
Subject to the provisions of these Articles and to any restrictions imposed on any shares, the notice shall be given to all the members, to all persons entitled to a share in consequence to the death or insolvency of a member and to the Directors and auditors. The accidental omission to give notice of a meeting to, or the non-receipt of notice of a meeting by, any person entitled to receive notice shall not invalidate the proceedings at that meeting.
59. No business shall be transacted at any meeting unless a quorum is present. Quorum shall be as prescribed by the Act. A corporation being a member shall be deemed to be personally present if it is represented in accordance with section 113 of the Act.
60. If, at the expiration of half an hour from the time appointed for holding a meeting of the Company, a quorum shall not be present, the meeting if convened by or upon the requisition of Members, shall stand dissolved, but in any other case the meeting shall stand adjourned to the same day in the next week or if that day is a public holiday until the next succeeding day which is not a public holiday at the same time and place or to such other day at such other time and place within the city or town in which the Office of the Company is situated as the Board may determine, and if at such adjourned meeting a quorum is not present at the expiration of half an hour from the time appointed for holding the meeting, the Members present shall be a quorum, and may transact, the business for which the meeting is called.
61. The chairperson, if any, of the Board or in his absence some other director nominated by the Directors shall preside as chairperson of the meeting, but if neither the chairperson nor such director (if any) be present within fifteen minutes after the time appointed for holding the meeting and willing to act, the Directors present shall elect one of their number to be chairperson and, if there is only one director present and willing to act, he shall be chairperson.
62. If no director is willing to act as chairperson, or if no Director is present within fifteen minutes after the time appointed for holding the meeting, the members present and entitled to vote shall choose one of their number to be chairperson.
63. A Director shall, notwithstanding that he is not a member, be entitled to attend and speak at any general meeting and at any separate meeting of the holders of any class of shares in the Company.
64. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so, directed by the meeting, adjourn the meeting from time to time and from place to place.
(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

XII. VOTES OF MEMBERS

65. A resolution put to the vote of a meeting shall be decided on a show of hands unless before, or on the declaration of the result of, the show of hands a poll is duly demanded by a member or members present in person or by proxy and holding shares in the Company which confer a power to vote on the resolution not being less than 1/10th of the total voting power in respect of the Resolution or on which an aggregate sum of not less than Rs. 5,00,000/- has been paid. The demand for a poll may be withdrawn at any time by the person or persons who made the demand.
66. Subject to any rights or restrictions attached to any shares, on a show of hands every holder of equity shares entitled to vote and present in person shall have one vote and on a poll, the voting right of every holder of equity share whether present in person or by proxy, shall be in proportion to his shares in the paid up equity capital of the company.
67. In the case of any equality of votes, the Chairman shall both on a show of hands and at a poll (if any), have a casting vote in addition to the votes to which he may be entitled as a Member.
68. A proxy shall not have a right to speak at the General Meeting.

69. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders; and seniority shall be determined by the order in which the names of the holders stand in the register of members.
70. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction (whether in India or elsewhere) in lunacy may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
71. No member shall vote at any general meeting or at any separate meeting of the holders of any class of shares in the Company, either in person or by proxy, in respect of any share held by him if any moneys presently payable by him in respect of that share have not been paid or if the Company has exercised any right of lien in respect of those shares.
72. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is tendered, and every vote not disallowed at the meeting shall be valid. Any objection made in due time shall be referred to the chairperson whose decision shall be final and conclusive.
73. On a poll, votes may be given either personally or by proxy. A member may appoint more than one proxy to attend on the same occasion.
74. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
75. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
76. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:
Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

XIII. BOARD OF DIRECTORS

77. Unless otherwise determined by a general meeting of the Company and subject to the provisions of Section 149(1) of the Act, the number of Directors (other than alternate Directors) shall not be less than three or more than fifteen. The first Directors of the Company are:
 1. Mr. RACHIT PARESH MASALIA

96. The quorum for the transaction of the business of the Directors and unless so fixed at any other number shall be two or one third of the total strength of the Board of Directors whichever is higher. A person who holds office only as an Alternate Director shall, if the Original Director is not present, be counted in the quorum.
97. If the Chairman appointed by the Board is unwilling to preside or is not present within five minutes after the time appointed for the meeting, the Directors present may appoint one of their number to be chairperson of the meeting.
98. All acts done by a meeting of Directors, or of a committee of Directors, or by a person acting as a Director shall, notwithstanding that it be afterwards discovered that there was a defect in the appointment of any Director or that any of them were disqualified from holding office, or had vacated office, or were not entitled to vote, be as valid as if every such person had been duly appointed and was qualified and had continued to be a director and had been entitled to vote.
99. No resolution shall be deemed to have been duly passed by the Board or by a committee thereof by circulation, unless the resolution has been circulated in draft, together with necessary papers, if any, to all the Directors or to all the members of the committee, as the case may be, at their addresses registered with the Company in India by hand delivery or by post or by courier, or through such electronic means as may be prescribed and has been approved by a majority of the Directors or members of the committee, who are entitled to vote on the resolution. However, a resolution signed by an alternate director need not also be signed by a Director in whose place he is appointed or/and, if it is signed by a Director who has appointed an Alternate Director, it need not be signed by the Alternate Director in that capacity.
100. Questions arising at any meeting of the Directors shall be decided by majority of votes and in case of an equality of votes the Chairman of the meeting shall have a second or casting vote.

101. Subject to the provisions of section 179 of the Act, the Directors may delegate any of their powers to committees consisting of such member or members of the Board as they think fit and they may from time to time revoke or discharge any such committee or committees. All acts done by any such committee in conformity with such regulations and in fulfillment of the purpose of their appointment but not otherwise shall have the like force and effect as if done by the Board.

XVIII. CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF FINANCIAL OFFICER

102. Subject to the provisions of the Act,—
- (i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
 - (ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
103. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

XIX. REGISTERS, BOOKS AND DOCUMENTS

104. The Company shall maintain Registers, Books and documents as required by the Act and same shall be maintained in conformity with the applicable provisions of the Act and shall be kept open for inspection by such persons as may be entitled thereto respectively, under the Act, on such days and during such business hours as may, in this behalf, be determined in accordance with the provisions of the Act and extracts shall be supplied to the persons entitled thereto in accordance with the provisions of the Act.
105. The Company may keep a Foreign Register of members in accordance with Section 88 of the Act. The Directors may from time to time make such provisions as they think fit in respect of the keeping of such Branch Registers of the member and/or debenture holders.

107. (i) The Board shall provide for the safe custody of the seal.
(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

XXII. DIVIDENDS

108. Subject to the provisions of the Act and the Articles, the Company may declare dividends in accordance with the respective rights of the members, but no dividend shall exceed the amount recommended by the Directors.
109. Subject to the provisions of the Act, the Directors may pay interim dividends to the members if it appears to them that they are justified by the profits of the Company available for distribution, provided the Directors act in good faith and they shall not incur any liability to the holders of shares conferring preferred rights which they may suffer by a lawful payment of an 'interim dividend' on any shares having deferred or non-preferred rights.
110. Except as otherwise provided by the rights attached to shares, all dividends shall be declared and paid according to the amounts paid up on the shares on which the dividend is paid. All dividends shall be apportioned and paid proportionately to the amounts paid up on the shares during any portion or portions of the period in respect of which

the dividend is paid; but, if any share is issued on the terms providing that it shall rank for dividend as from a particular date, that share shall rank for dividend accordingly.

111. 110. A general meeting declaring a dividend may, upon the recommendation of the Directors, direct that it shall be satisfied wholly or partly by the distribution of assets and, where any difficulty arises in regard to the distribution, the Directors may settle the same and in particular may issue fractional certificates and fix the value for distribution of any assets and may determine that cash shall be paid to any member upon the footing of the value so fixed in order to adjust the rights of members and may vest any assets in trustees.
112. The Board may, before recommending any dividend, set aside out of the profits of the Company such sums as it thinks proper as a reserve or reserves which shall, at the discretion of the Board, be applicable, for any purpose to which the profits of the Company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of the Company or be invested in such investment (other than shares of the Company) as the Board may, from time to time, think fit.
113. The Board may also carry forward any profits which it may think prudent not to divide, without setting them aside as a reserve.
114. Any dividend, interest or other moneys payable in cash in respect of a share may be paid by electronic mode or by cheque, demand draft or warrant sent by post to the registered address of the person entitled or, if two or more persons are the holders of the share or are jointly entitled to it by reason of the death or insolvency of the holder, to the registered address of that one of those persons who is first named in the register of members or to such person and to such address as the person or persons entitled may in writing direct. Every cheque/warrant shall be made payable to the order of the person or persons entitled or to such other person as the person or persons entitled may in writing direct and payment of the cheque/warrant shall be a good discharge to the Company. Any joint holder or other person jointly entitled to a share as aforesaid may give receipts for any dividend or other moneys payable in respect of the share.
115. No dividend or other moneys payable in respect of a share shall bear interest against the Company unless otherwise provided by the rights attached to the share.
116. Notice of any dividend that may have been declared shall be given to the persons entitled to a share therein in the manner mentioned in the Act.
117. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the Company on account of calls or otherwise in relation to the shares of the Company.

XXIII. CAPITALISATION OF PROFITS

118. The Company in its Board meeting, may resolve:
 - (i) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Company's reserve accounts, or to the credit of the Profit and Loss account or otherwise available for distribution; and
 - (ii) that such sum be accordingly set free for distribution in the manner specified in Article 117 amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
119. The sum aforesaid shall not be paid in cash but shall be applied subject to the provision contained in Article 118 in or towards:
 - (i) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (ii) paying up in full, unissued shares of the Company to be allotted and distributed, credited as fully paid-up to and amongst such members in the proportions aforesaid; or
 - (iii) partly in the way specified in sub-Article (a) and partly in that specified in sub-Article (b).
120. A securities premium account and a capital redemption reserve account may, for the purposes of this Article, only be applied in the paying up of unissued shares to be issued to members of the Company as fully paid bonus shares.
121. Whenever such a resolution, as aforesaid, shall have been passed the Board shall:
 - (i) make all appropriation and application of the undivided profit resolved to be capitalised thereby, and all allotments and issues of fully paid shares, if any; and

(ii) generally do all acts and things required to give effect thereto.

122. The Board shall have full power:
- (i) to make such provision, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of securities becoming distributable in fractions; and also
 - (ii) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or (as the case may require) for the payment by the Company on their behalf, by the application thereto of their respective proportions of the profits resolved to be capitalised of the amounts or any part of the amounts remaining unpaid on their existing shares.
123. Any agreement made under such authority shall be effective and binding on all such members.

XXIV. WINDING UP

124. If the Company shall be wound-up, the assets available for distribution amongst the members shall (subject to any rights attached to any new class of shares hereafter created) be applied in repayment of the capital paid up on the ordinary shares and any balance shall be distributed amongst the holders thereof in proportion to the number of ordinary shares held by them respectively.
- (i) If the Company shall be wound up whether voluntarily or otherwise, the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Act, divide among the members, in specie or kind, the whole or any part of the assets of the Company, whether they shall consist of property of the same kind or not.
 - (ii) For the above said purpose, the liquidator may set such value as he deems fair, upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
 - (iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories, as the liquidator, with the like sanction shall think fit, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

XXV. INDEMNITY AND RESPONSIBILITY

125. Directors and Officers right to Indemnify: Subject to the provisions of the Act, but without prejudice to any indemnity to which a director may otherwise be entitled, every director or other officer or auditor of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour, or in which he is acquitted, or in connection with any application in which relief is granted to him by the court from liability for negligence, default, breach of duty, or breach of trust in relation to the affairs of the Company.
126. Not responsible for acts of other: Subject to the provisions of the Act, no Directors, or Managing Director, Secretary or other Officer of the Company shall be liable for the acts, receipts, neglects or defaults of any other Director or Officer, or for joining in any receipt or other act or conformity, or for any loss or expenses happening to the Company through insufficiency or deficiency of title to any property acquired by order of the Directors for or on behalf of the Company, or for the insufficiency or deficiency of any security in or upon, which any of the monies of the company shall be invested or for any loss or damages arising from the bankruptcy, insolvency or fortuitous act of any person, Company or corporation with whom any monies, securities or effects shall be entrusted or deposited or for any loss occasioned by any error of judgement or oversight in his part, or for any other loss or damages or misfortune whatever which shall happen in the execution of the duties of his office or in relation thereto, unless the same happens through his own dishonesty.

XXVI. SECRECY

127. Every Director, Manager, Auditor, Treasurer, Trustee, Member of a Committee, Officer, Servant, Agent, Accountant or other person employed in the business of the Company shall, if so required by the Directors, before entering upon his duties, sign a declaration pledging himself to observe strict secrecy respecting all customers and the state of accounts with individuals and in matters relating thereto and, shall by such declaration pledge himself not to reveal any of the matters which may come to his knowledge in the discharge of his duties except when required to do so by the Board or by Court of Law and except so far as be necessary in order to comply with any of the provisions of these presents contained.
