Use of Financial Data

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year and accordingly, all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year and references to a Fiscal/Fiscal Year/Financial Year are to the year ended on March 31, of that calendar year. Certain other financial information pertaining to our Group Companies are derived from their respective audited financial statements.

Unless stated otherwise, the financial information, financial ratios and any percentage amounts in the Draft Red Herring Prospectus is derived from restated financial statements prepared for the period ended November 30, 2023 and for the year ended on March 31, 2023, 2022 and 2021 in accordance with Indian GAAP, the Companies Act, SEBI (ICDR) Regulations and the guidance note on reports in company prospectuses (revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Draft Red Herring Prospectus should, accordingly, be limited.

For additional definitions used in this Draft Red Herring Prospectus, please refer to the section titled “*Definitions and Abbreviations*” beginning from page no. 1 of this Draft Red Herring Prospectus. In the chapter titled “*Description of Equity Shares and Terms of the Articles of Association*”, beginning from page no. 253 of the Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Currency and Units of Presentation

All references to:

- “Rupees” or “INR” or “Rs.” Or “₹” are to Indian Rupee, the official currency of the Republic of India; and

- “USD” or “US\$” are to United States Dollar, the official currency of the United States.

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “Lakhs” units. One Lakh represents 1,00,000. In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal place.

Currency and Units of Presentation

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency*	For the period/year ended

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business, methodologies, and assumptions may vary widely among different market and industry sources.

The extent to which industry and market data set forth in this Draft Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources. The data used in these sources may have been reclassified by us for the purposes of presentation. Accordingly, no investment decision should be made solely on the basis of such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in section titled “*Risk Factors*” beginning from page no. 20.

In accordance with the SEBI (ICDR) Regulations, the chapter titled “*Basis for Issue Price*” beginning from page no. 85 of the Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD – LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. We have included statements in the Draft Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- Our ability to successfully implement our growth strategy and expansion plans;
- Our ability to attract, retain and manage qualified personnel;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Our ability to expand our geographical area of operation
- Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition
- Competition from existing and new entities may adversely affect our revenues and profitability;
- Political instability or changes in the Government could adversely affect economic conditions in India and consequently our business may get affected to some extent.
- Our business and financial performance is particularly based on market demand and supply of our products/services;
- The performance of our business may be adversely affected by changes in, or regulatory policies of, the Indian national, state and local Governments;
- Any downgrading of India’s debt rating by a domestic or international rating agency could have a negative impact on our business and investment returns;
- Changes in Government Policies and political situation in India may have an adverse impact on the business and operations of our Company;
- The occurrence of natural or man-made disasters could adversely affect our results of operations and financial condition.

For further discussion of factors that could cause our actual results to differ, please refer to the section titled “*Risk Factors*”; “*Business Overview*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning from page no. 20, 109 and 175 respectively of the Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, our Officers, Book Running Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date

hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SUMMARY OF INDUSTRY IN WHICH THE COMPANY IS OPERATING

GLOBAL OUTLOOK

The global recovery from the COVID-19 pandemic and Russia's invasion of Ukraine remains slow and uneven. Despite economic resilience earlier this year, with a reopening rebound and progress in reducing inflation from last year's peaks, it is too soon to take comfort. Economic activity still falls short of its pre-pandemic path, especially in emerging markets and developing economies, and there are widening divergences among regions. Several forces are holding back the recovery. Some reflect the long-term consequences of the pandemic, the war in Ukraine, and increasing geo economic fragmentation. Others are more cyclical in nature, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events. Global growth is forecast to slow from 3.5 percent in 2022 to 3.0 percent in 2023 and 2.9 percent in 2024. The projections remain below the historical (2000–19) average of 3.8 percent, and the forecast for 2024 is down by 0.1 percentage point from the July 2023 Update to the World Economic Outlook. For advanced economies, the expected slowdown is from 2.6 percent in 2022 to 1.5 percent in 2023 and 1.4 percent in 2024, amid stronger-than-expected US momentum but weaker-than-expected growth in the euro area. Emerging market and developing economies are projected to have modestly decline growth, from 4.1 percent in 2022 to 4.0 percent in both 2023 and 2024, with a downward revision of 0.1 percentage point in 2024, reflecting the property sector crisis in China. Forecasts for global growth over the medium term, at 3.1 percent, are at their lowest in decades, and prospects for countries to catch up to higher living standards are weak. Global inflation is forecast to decline steadily, from 8.7 percent in 2022 to 6.9 percent in 2023 and 5.8 percent in 2024. But the forecasts for 2023 and 2024 are revised up by 0.1 percentage point and 0.6 percentage point, respectively, and inflation is not expected to return to target until 2025 in most cases. Risks to the outlook are more balanced than they were six months ago, on account of the resolution of US debt ceiling tensions and Swiss and US authorities' having acted decisively to contain financial turbulence. The likelihood of a hard landing has receded, but the balance of risks to global growth remains tilted to the downside. China's property sector crisis could deepen, with global spill overs, particularly for commodity exporters. Near-term inflation expectations have risen and could contribute—along with tight labour markets—to core inflation pressures persisting and requiring higher policy rates than expected. More climate and geopolitical shocks could cause additional food and energy price spikes. Intensifying geoeconomic fragmentation could constrain the flow of commodities across markets, causing additional price volatility and complicating the green transition. Amid rising debt service costs, more than half of low-income developing countries are in or at high risk of debt distress. There is little margin for error on the policy front. Central banks need to restore price stability while using policy tools to relieve potential financial stress when needed. Effective monetary policy frameworks and communication are vital for anchoring expectations and minimising the output costs of disinflation. Fiscal policymakers should rebuild budgetary room for maneuver and withdraw non targeted measures while protecting the vulnerable. Reforms to reduce structural impediments to growth—by, among other things, encouraging labour market participation—would smooth the decline of inflation to target and facilitate debt reduction. Faster and more efficient multilateral coordination is needed on debt resolution to avoid debt distress. Cooperation is needed as well to mitigate the effects of climate change and speed up the green transition by ensuring steady cross-border flows of the necessary minerals

INDIAN ECONOMY

For India, 2022 was special. It marked the 75th year of India's Independence. India became the world's fifth largest economy, measured in current dollars. Come March, the nominal GDP of India will be around US\$ 3.5 trillion. In real terms, the economy is expected to grow at 7 per cent for the year ending March 2023. This follows an 8.7 per cent growth in the previous financial year. The rise in consumer prices has slowed considerably. The annual rate of inflation is below 6 per cent. Wholesale prices are rising at a rate below 5 per cent. The export of goods and services in the first nine months of the financial year (April – December) is up 16 per cent compared to the same period in 2021-22. Although the high oil price this year compared to last inflated India's import bill and caused the merchandise trade deficit to balloon, concerns over the current account deficit and its financing have ebbed as the year rolled on. Foreign exchange reserve levels are comfortable and external debt is low. India had a good monsoon, and reservoir levels are higher than last year and the 10-year average. The fundamentals of the Indian economy are sound as it enters its Amrit Kaal, the 25-year journey towards its centenary as a modern, independent nation. Policies pursued carefully and consciously have ensured that the recovery is robust and sustainable.

OIL AND GAS INDUSTRY: INDIAN PERSPECTIVE

The oil and gas sector is among the eight core industries in India and plays a major role in influencing the decision-making for all the other important sections of the economy.

India's economic growth is closely related to its energy demand, therefore, the need for oil and gas is projected to increase, thereby making the sector quite conducive for investment. India retained its spot as the third-largest consumer of oil in the world as of 2022.

The Government has adopted several policies to fulfill the increasing demand. It has allowed 100% foreign direct investment (FDI) in many segments of the sector, including natural gas, petroleum products and refineries, among others. The FDI limit for public sector refining projects has been raised to 49% without any disinvestment or dilution of domestic equity in existing PSUs. Today, it attracts both domestic and foreign investment, as attested by the presence of companies such as Reliance Industries Ltd (RIL) and Cairn India. The industry is expected to attract US\$ 25 billion investment in exploration and production by 2022. India is already a refining hub with 23 refineries, and expansion is planned for tapping foreign investment in export-oriented infrastructure, including product pipelines and export terminals.

India's crude oil production in FY23 stood at 29.2 MMT (33.66 BCM).

SECTION III - RISK FACTOR

Any investment in equity securities involves a high degree of risk. Investors should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a more complete understanding, you should read this section together with Sections titled, “Business Overview”, “The Issue”, “Industry Overview”, “Restated Financial Information”, “Outstanding Litigation and Other Material Developments”, and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page no. 109, 48, 95, 173, 190, and 175 respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus.

Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Red Herring Prospectus, could have an adverse effect on our business, financial condition, results of operations and prospects and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or a part of your investment. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial conditions and Red Herring Prospectus.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the effect is not quantifiable and hence has not been disclosed in such risk factors. You should not invest in this Issuing unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in the Equity Shares.

The financial information in this section is, unless otherwise stated, derived from our Restated Standalone Financial Statements prepared in accordance with Indian GAAP, as per the requirements of the Companies Act, 2013, and SEBI (ICDR) Regulations.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some risks may not be material individually but may be material when considered collectively.
2. Some risks may have material impact qualitatively though not quantitative.
3. Some risks may not be material at present but may have a material impact in the future.

INTERNAL RISK FACTORS

1. **We have certain outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.**

A summary of outstanding matters set out below includes details of civil proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving us, Directors, Promoters and Group Companies, as at the date of this Draft Red Herring Prospectus.

1. There is an outstanding demand of Rs. 49,310.00 for the Assessment Year 2012 against the Issuer Company
2. There are two outstanding defaults of TDS against our Group Company Positron Gas Limited of Rs. 280.00 for the Financial Year 2022-23 and of Rs. 59,880.00 for the Financial Year 2023-24

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 190 of this Draft Red Herring Prospectus.

2. ***We may need to raise additional capital in the future for working capital and we may not be able to do so on favourable terms or at all, which would impair our ability to operate our business or achieve our growth objectives, which may have an adverse effect on our results of operations and business.***

Our business requires us to raise funds from various sources and we have significant working capital requirements to undertake a variety of activities for the successful implementation of the projects, before the aggregate payment is received from clients. Further, delays in completion of our current projects can also raise our working capital requirements resulting from increased financing costs including increased costs of natural gas causing us to exceed our budget. It is generally difficult to predict whether or when a particular contract we have bid for will be awarded to us and the time period within which we will be required to mobilize our resources for the execution of such contract. Any increase in the number and size of the projects awarded to us will result in a further increase in our working capital requirements. Additionally, our working capital requirements may increase if, in certain contracts, payment terms include reduced advance payments or payment schedules that specify payment towards the end of the project or are less favorable to us.

The details of Working Capital requirements are as follows:

Our estimated requirement for working capital is based on certain assumptions, including the period of commencement and timeframe for execution of a project. Any change of such assumptions would result in changes to our working capital requirements. Additionally, our requirement for working capital may vary from that estimated in the section “Objects of the Issue” in this Draft Red Herring Prospectus, leading to a shortfall in the working capital requirement at our end. Accordingly, our working capital estimates may prove to be inaccurate and consequently, there may be insufficient arrangements with respect to the net proceeds from the issue, borrowings, bank finance or institutional finance. Thus, we may need to incur additional indebtedness in the future to satisfy our working capital requirements. Our working capital needs thus require continued access to significant amounts of capital on acceptable terms in the future as well. There can be no assurance that we will be successful in obtaining the adequate working capital which will adversely affect our cash flows, business, results of operation and financial condition.

3. We do not own our registered office.

Our registered office premises situated at Office No. 3, IT Tower-2, Ground Floor Infocity, Sector-7, Gandhinagar, Gujarat-382007 is taken on lease basis, for details related to premises taken on lease basis please refer the “Detail of immovable property” in the section “Business Overview” appearing on page no. 109 of this Draft Red Herring Prospectus.

Termination of our lease may occur for any reasons beyond our control and we may have to relocate to alternative premises or shut down our operations at such existing premises. Relocation of any part of our operations may cause disruptions to our business and may require additional expenditure, and we cannot assure you that in such a case, we will be able to find suitable premises on commercially reasonable terms in a timely manner, if at all or we may have to pay significantly higher rent or incur additional expenses towards interiors. Occurrence of any of these factors may materially and adversely affect our business, results of operations and financial condition. Further any adverse impact on the title, ownership rights, development rights of the owners from whose premises we operate, breach of the contractual terms of any lease, or any inability to renew such agreements on acceptable terms may adversely affect our business operations.

4. Our Company had negative cash flow from operating activity in recent fiscals, details of which are given below. Sustained negative cash flow could adversely impact our business, financial condition and results of operations.

The detailed break up of cash flows based on Restated Financial Statements is summarized in below table and our Company has reported negative cash flow from operating activity in the financial years is as mentioned below, which could affect our business and growth:

(₹ in Lakhs)

Particulars	For the period ended on	For the year ended March 31
-------------	-------------------------	-----------------------------

	November 30, 2023	2023	2022	2021

5. ***We are dependent on third parties for sourcing natural gas. Any disruption in the receipt of such natural gas from these third parties could lead to a disruption or failure in the supply of natural gas by us, which could adversely affect our business, reputation, results of operations and cash flows.***

We have entered into certain natural gas sale and purchase agreements (“GSPAs”) with third-party gas suppliers. While we are entitled to liquidated damages in the event our suppliers fail to provide us with the adequate quantity of natural gas as prescribed under the GSPAs and that such liquidated damages will be sufficient to cover the losses. Further, our suppliers are required to supply natural gas of a specified quality under the GSPAs. However, in the event we do not receive natural gas as per the specified quality, our GSPAs require us to use all reasonable endeavours to accept delivery of such natural gas. While we have the recourse of rejecting such natural gas which does not meet the specifications after using reasonable endeavours, we cannot assure our customers that they will receive similar quality of natural gas consistently and in an uninterrupted manner. Our Natural Gas supply may also be affected in the event there is any disruption due to the breakdown in our suppliers’ network infrastructure. The Company has the recourse for compensation in case of default by the supplier. There can be no assurance that we will be able to obtain natural gas supplies in sufficient quantities and acceptable qualities, and on commercially acceptable terms, or at all. We may also have to purchase natural gas at a significantly higher price from alternative sources for carrying out our operations, which could have an adverse effect on our business, financial condition, cash flows and results of operations.

6. ***The Company is dependent on a few numbers of customers for sales. Loss of any of this large customer may affect our revenues and profitability.***

Our top ten customers contributed 91.03%, 87.55%, 95.42% and 95.70% of our total sales for the financial Period ended on November 30, 2023 and year ended on March 31, 2023, 2022 and 2021, respectively. Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality standards, growing competition and any change in the demand, may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.

However, the composition and revenue generated from these customers might change, as we continue to add new customers in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new customers, there can be no assurance that we will be able to maintain long term relationships with such customers or find new customers in time.

7. ***We may be subject to third-party indemnification, liability claims or invocation of guarantees, which may adversely affect our business, cash flows, results of operations and reputation.***

Some of the agreements that we have entered into with third parties place indemnity obligations on us that require us to compensate such third parties for loss or damage suffered by them on account of a default or breach by us. In the event that such third parties successfully invoke these indemnity clauses under their respective agreements, we may be liable to compensate them for loss or damage suffered in respect of such agreements, which may adversely affect our financial condition.

The following table set forth, are the Contingent Liability:

8. Our lenders have charge over our movable and immovable properties in respect of finance availed by us.

We have secured outstanding debt of ₹ 129.80 lakhs and bank guarantees of ₹ 1,633.14 lakhs as on November 30, 2023 and we have secured our lenders by creating charge over our movable and immovable properties. In the event we default in repayment of the loans availed by us and any interest thereof, our properties may be forfeited by lenders. It may have a material adverse effect on the business, cash flows and financial condition of our company. For further information on the financing and loan agreements along with the total amounts outstanding, please refer to section titled "Restated Financial Information" on page 173 of this Draft Red Herring Prospectus.

9. Our Restated Financial Statements are prepared and signed by the Peer Review Auditor who is not Statutory Auditors of our Company as required under the provisions of ICDR.

The Restated Financial Statements of our Company for the Period ended November 30, 2023 and for the financial year ended March 31 2023, 2022 and 2021 respectively are prepared and signed by M/s S V J K and Associates, Chartered Accountants, the Peer Review Auditor of our Company who is not statutory auditor of our Company. Our Statutory Auditor M/s. Abhishek Kumar & Associates, Chartered Accountants has also a Peer Review Auditor.

10. Our Company has availed unsecured loans which are repayable on demand. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows.

As on November 30, 2023, our Company has unsecured loans amounting to ₹ 632.52 lakhs from directors of the company that are repayable on demand to them. Such loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lenders at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition. For further details of unsecured loans of our Company, please refer "Note 3" respectively under chapter titled "Restated Financial Information" beginning on page 173 of this Draft Red Herring Prospectus.

11. We have incurred substantial indebtedness which exposes us to various risks which may have an adverse effect on our business and the results of operations.

As of November 30, 2023, we have ₹129.80 Lakhs of outstanding working capital limit, Unsecured Loan of ₹ 632.53 lakhs and Outstanding Bank Guarantees of ₹1633.14 Lakhs as per restated financials of the Company.

Our level of indebtedness has important consequences to us, such as:

- Increasing our vulnerability to general adverse economic, industry and competitive conditions;
- Limiting our flexibility in planning for, or reacting to, changes in our business and the industry;
- affecting our credit rating;
- Limiting our ability to borrow more money both now and in the future; and
- Increasing our interest expenditure and adversely affecting our profitability, since almost all of our debt bears interest at floating rates.

12. We may be seriously affected by delays in the collection of receivables from our clients and may not be able to recover adequately on our claims.

There may be delays in the collection of receivables from our customers or entities owned, controlled or funded by our customers or their related parties. Because of the nature of our contracts, we sometimes commit resources to projects prior to receiving adequate payments from clients in amounts sufficient to cover expenditures as they are incurred. From time to time, it may be difficult for us to collect payments owed to us by these clients. In addition, our clients may request extension of the payment terms otherwise agreed to under our contracts. As of November 30, 2023, out of total trade receivables ₹ 2,697.41

Lakhs, ₹ 342.49 Lakhs (constituting approximately 12.70% of our total trade receivables) had been outstanding for a period exceeding six months from their respective due dates. Additionally, we may claim for more payments from our clients for additional work and costs incurred in excess of the contract price or amounts not included in the contract price. These claims typically arise from changes in the initial scope of work or from delays caused by the clients. The costs associated with these changes or client caused delays include additional direct costs, such as labour and material costs associated with the performance of the additional work, as well as indirect costs that may arise due to delays in the completion of the project, such as increased labour costs resulting from changes in labour markets.

We may not always have the protection of escalation clauses in our contracts or supplemental agreement in respect of the additional work to support our claims. Where we have escalation clauses in our agreements, we may seek to enforce our contractual rights. However, our clients may interpret such clauses restrictively and dispute our claims. These claims are thus often subject to lengthy arbitration, litigation or other dispute resolution proceedings. We cannot assure you that we may be able to recover, in part or full, any such present or future claims. Further, our debtors may have insufficient assets to pay the amounts owed to us even if such proceedings are decided in our favour. In addition, we may incur substantial costs in collecting against our debtors and such costs may not be recovered in full or at all from the debtors. As we often need to fulfill significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

Further, some of the projects that we are currently undertaking, and propose to undertake in the future, are projects with relatively longer gestation periods, which have inherent risks flowing from uncertainty in the business environment. Changes in the business environment and external economic factors can affect the creditworthiness of our clients. Unfavorable changes may lead to weakening of their creditworthiness which has a negative impact on their paying capacities. This can result in delayed payments made to us. Delays in our payments can adversely affect the cash flow position as well as the revenues or profits of our Company, consequently affecting its business and operations.

- 13. *We have executed Gas Sales Agreements (GSAs) with our Suppliers. These contracts have contractual obligations on both sides. Both the parties must ensure that the provisions of the GSA are followed meticulously. Among the various Terms in the GSA, the Obligation arising out of Take or Pay clause adversely impacts the Buyer. Failure to abide by the provisions of the GSA, especially Take or Pay obligation could adversely affect our business, reputation, results of operations and cash flows.***

We have executed Gas Sales Agreements with our Suppliers. The GSA outlines the modus operandi of the Gas Supply arrangement. It details the roles, responsibilities, and remedial action for each party in case of a default. It also mentions the financial obligations and liabilities that may arise under the various scenarios that may arise during the tenure of the GSA.

One of the key critical terms of the GSA is the Take or Pay obligation (ToP). This arrangement stipulates that the buyer must either take delivery of an agreed Quantity of gas under the GSA or pay for the said quantity even if it is not taken. The key Risks associated are Demand Fluctuations which could be influenced by economic conditions, seasonal variations, or other factors and also the risk of Price Volatility leading to reduction in prices of Gas from other Sources of Natural Gas and also Alternate Fuels.

By incorporating flexibility clauses, indexed pricing, effective negotiation, and periodic contract reviews, both parties can mitigate these risks and maintain a mutually beneficial and enduring business relationship. The Top Obligations result in Cash flow issues for the Buyer. This further impacts the revenue generation and creates a burden on the Buyer. These are mitigated by having longer duration and a lower commitment of the guaranteed offtake of the agreed Quantity. Further, the GSA provides for make up rights to recover in case such a scenario arises.

- 14. *We are dependent on third parties for transportation of natural gas. Any disruption, delay or default in timely transportation of the natural gas could lead to a disruption or failure in the supply of natural gas by us, which could adversely affect our business, reputation, results of operations and cash flows.***

We have entered into gas transportation agreements (“GTAs”) for transportation of natural gas from our suppliers pursuant to our GSAs. Any disruption in the transportation network under the GTAs could result in delays or defaults in timely distribution of natural gas to our customers. While there have been no such instances of disruption in the distribution of natural gas as on the date of this Draft Red Herring Prospectus, any delay or inability of the transporter to transmit natural gas to our customers in a timely manner, or at all, would impact our operations, which could have an adverse effect on our business, financial condition, cash flows and results of operations. The GTAs typically have a provision of Transport or Pay implying that we must pay for the Capacity of the Tranche as agreed under the GTA even if we have not transported the quantity of Natural Gas.

- 15. *Company is obtaining approximately 80% of its total supplies of natural gas from two major private suppliers of the Country. Any disruption in the supplies from these companies will adversely affect our business, reputation, results of operations and cash flows.***

Our Company has entered into agreement for supply of molecules from two major private sector suppliers for its requirement for downstream supply to its end users. Approximately 80% of the total gas requirement of the Company is met through the two suppliers. We cannot assure that we will be able to get the same quantity and quality of supplies, or any supplies at all, and the loss of supplies from one or more of them may adversely affect our purchases of stock and ultimately our revenue and results of operations. However, the composition and amount of purchase from these suppliers might change as we continue to seek new suppliers for our product for better quality and price in the normal course of business. There are six LNG terminals operational in the Country from which the Company can source its supplies in case of need but it may not be at optimum price.

Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new suppliers, there can be no assurance that we will be able to maintain long term relationships with such suppliers or find new suppliers in time.

- 16. *Within the parameters as mentioned in the chapter titled “Objects of this Issue” of this Draft Red Herring Prospectus, our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.***

We intend to use a substantial portion of the Net Issue Proceeds towards meeting the working capital requirement. We intend to deploy the Net Issue Proceeds in the financial year 2024-25 and such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled “Objects of the Issue” on page 76 of this Draft Red Herring Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in chapter titled “Objects of the Issue” on page 76 of this Draft Red Herring Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue, subject to approval from Shareholders of the Company. Our Board of Directors and its Audit Committee will monitor the proceeds of this Issue.

- 17. *In the event there is any delay in the completion of the Issue, or delay in schedule of implementation, there would be a corresponding delay in the completion of the objects of this Issue which would in turn affect our revenues and results of operations.***

The funds that we receive would be utilized for the objects of the Issue as has been stated in the chapter titled “Objects of The Issue” on Page no. 76 of this Draft Red Herring Prospectus. The proposed schedule of implementation of the objects of the Issue is based on our management’s estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, it may adversely affect our revenues and results of operations.

- 18. *We have not identified any alternate source of raising the funds required for the object of the Issue and the deployment of funds is entirely at our discretion and as per the details mentioned in the section titled “Objects of the Issue”.***

Our Company has not identified any alternate source of funding for our object of the Issue and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of funds or may result in borrowing funds on unfavourable terms, both of which scenarios may affect the business operation and financial performance of the company. Further the deployment of the funds raised in the issue will be entirely at the discretion of the management and any revision in the estimates may require us to reschedule our projected expenditure and may have a bearing on our expected revenues and earnings. For further details of Please refer chapter titled “Object for the Issue” beginning on page 76 of this Draft Red Herring Prospectus.

- 19. *We require certain regulatory and statutory approvals and licenses required in the ordinary course of our business, and the failure to obtain, maintain and renew these approvals in a timely manner or at all, may adversely affect our business and operations.***

We require certain statutory and regulatory approvals, licenses, registrations and permissions, and certain applications have been made at the appropriate stages to the relevant authorities for operating our business. If we fail to obtain, maintain and

renew any of such approvals or licenses, in a timely manner or at all, the projects for which such licenses are required, our business may be adversely affected. There can be no assurance that the relevant authorities will issue these approvals or licenses, or renewals thereof in a timely manner, or at all. Our government approvals, licenses, clearances and consents are often also subject to numerous conditions, some of which are onerous and require substantial expenditure. If we fail to comply, or a regulator claims we have not complied, with these conditions, our business, financial conditions and results of operations would be materially adversely affected. For further information, please see the section titled “Government and Other Approvals” on page 193 of this Draft Red Herring Prospectus.

20. We are subject to laws and regulations of MoPNG, PNGRB and other authorities which regulate our business and operations.

MoPNG and PNGRB regulate many aspects of our operations, including transportation, distribution, marketing and sale of natural gas. As the regulatory environment for our industry increases in complexity, the risk of non-compliance could also increase. If we fail to comply with applicable laws and regulations, whether existing or new, we could be subject to fines, penalties or other enforcement action by the authorities which regulate our business and operations. Any violation of the laws and regulation will impact our business.

21. We are dependent on Government policies. Any adverse change in the Government Policies may affect the business, reputation, operations and cash flows.

The Government has recently constituted ‘Kirit Parikh Committee’ with a task to suggest a fair price mechanism for natural gas supplies to end consumers. The Government can restrict the margin on the Selling Price which may adversely affect the revenue from this business. Owing to such an evolving regulatory environment, we may be subject to price fluctuations of natural gas which may have a corresponding impact on our business and revenue from operations. In case of any changes in the allocation criteria, Pricing Guidelines or the variables used in the Pricing Guidelines, the cost price of natural gas could increase. Further, any reduction in the volume of domestic natural gas allocated for the Priority Sector or a withdrawal of the policy entirely may impact the price of natural gas, our business, results of operations and cash flows. Further the large Oil Marketing Companies may influence the government policy decisions favouring themselves which may not be in favour of our Company’s growth prospect.

22. Our insurance coverage may not adequately protect us against possible risk of loss.

While we believe that we maintain insurance coverage in amounts consistent with industry norms, our insurance policies do not cover all risks and are subject to exclusions and deductibles. If any or all of our facilities or project sites are damaged, in whole or in part, and our operations are interrupted for a sustained period due to fire and similar perils, there can be no assurance that our insurance policies will be adequate to cover the losses that may be incurred as a result of such interruptions or the costs of repairing or replacing the facilities and project sites. If we suffer a large uninsured loss or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition, results of operations and cash flows may be materially and adversely affected.

The table below provides details of the aggregate coverage of the insurance policies obtained by us as a percentage of our total assets:

Particulars	(₹ in Lakhs except mentioned)
Aggregate Coverage of Insurance Policies (In ₹ Lakhs)	537.72
As a percentage of total assets	10.28%

To the extent that we suffer loss or damage as a result of events for which we are not insured, or for which we did not obtain or maintain insurance, or which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, financial performance and cash flows could be adversely affected. For further information on our insurance arrangements, please refer to the heading titled “Insurance Policies” under chapter titled “Business Overview” beginning from page 109 of this Draft Red Herring Prospectus.

23. Different VAT taxation regimes in different States adversely affect the Company’s capability of supplying the gas at optimum price to its end users.

Since VAT is a State subject, the rate at which the gas is taxed in different States is different. As the Company is procuring the gas in one State and supplying gas to its customers in various States, it is not possible for it to optimize the end user price in a profitable manner in all such contracts. Though the Company is mitigating the risk by meticulously applying the applicable VAT for the pricing in various states, it is possible that it may incur some loss in some of the States because of the fluctuation in the pricing.

The Indian tax regime is currently undergoing substantial changes which could adversely affect our business. Further, the Sector can get adversely impacted in case GST is made applicable for the Oil & Gas Sector.

24. *In the event alternative fuels become more economically feasible, our business, results of operations and cash flows could be impacted.*

The price at which we sell natural gas is benchmarked to the price of alternate fuels available to our customers such as furnace oil, high speed diesel, other liquid fuels and Commercial LPG. Prices of alternative fuels are linked to the price of crude oil. As such, despite the benchmarking of the price of natural gas to the price of alternative fuels, any decrease in the prices of crude oil or other alternative fuels such that natural gas becomes a relatively expensive option for our customers, could result in a shift in customer preference to these alternative fuels, which could adversely affect our business, results of operations and cash flows. In addition, our customers could turn to alternate sources of energy such as solar and wind energy in the future. A shift towards clean and renewable energy and increasing use of solar or wind energy could result in a decline in the usage of natural gas. With the increased use of solar, wind and other sources of clean energy in the future, our business, results of operations and cash flows could be adversely affected.

25. *Prices of alternate fuel changes frequently.*

The prices of alternate fuel are linked to the prices of Indian Crude Basket which change frequently which could affect the gas sale and purchase of our Company. In order to remain competitive in the market, we periodically review the price at which we sell natural gas, which we typically benchmark to the price of alternative fuels available to our customers. If we are unable to pass on any increase in the cost price of natural gas to our customers, our business, results of operations and cash flows could be adversely affected.

26. *In the event Global LNG / natural gas benchmarks become volatile, prices to our customers, our business, results of operations and cash flows could be adversely affected.*

The price at which we sell natural gas is benchmarked to global LNG / natural gas benchmarks such as Japan Korea Marker (JKM), Brent Crude, Henry Hub (HH), etc. to our customers. Any decrease in the benchmark prices of Japan Korea Marker (JKM), Brent Crude, Henry Hub (HH) could result in a shift in customer preference to these alternative fuels, which could adversely affect our business, results of operations and cash flows.

27. *We do not have long term agreements with our suppliers which may adversely affect our business.*

As the Company does not have long term agreements with its suppliers, it may not be able to procure the gas at an optimum price which may affect the profitability of the Company. Further, in case we are unable to renew the contract it may also affect the ability of the Company to meet its commitment to the customers. However, the Company may be able to procure the gases from alternate sources in such cases but which may not be at the optimum prices which may affect the business.

28. *Our Promoters have provided their personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.*

Our Promoters-directors have provided personal guarantees in relation to certain loan facilities availed of by us. In the event that any of these guarantees are revoked by promoters, the lenders for such facilities may require alternate properties as mortgages/guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facilities.

We may not be successful in procuring alternative properties/guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial condition.

29. *While gas supply is benchmarked to global indexes in USD, the revenues of the Company are in INR. Accordingly, our cash flow is indirectly exposed to currency rate fluctuations.*

The price of natural gas we purchase is denominated in USD. However, we sell natural gas for INR. While we periodically review and modify the price at which we sell natural gas to account for any change in the foreign exchange rate between the USD and INR, however, such revision has historically had a time lag as a result of the nature of our business. The Company

has also started to enter into agreements with its customers in USD based pricing to mitigate the exchange rate risk. Such fluctuations expose our business, results of operations and cash flows to exchange rate risk. In the event that we are unable to pass on any increase in cost of natural gas caused by a depreciation of the INR to our customers on a timely basis, or at all, our business, results of operation and cash flows could be adversely affected.

30. *Undercutting by Gas Transporting Companies may affect business prospects of the Company.*

Our Company has entered into agreements for transportation of Gas with third parties who are themselves downstream suppliers of Gas to end customers. These third-party transporters may approach our customers directly and undercut the pricing which may adversely affect the business prospects of the Company.

31. *The average cost of acquisition of Equity shares by our Promoters is lower than the Issue price.*

Our Promoters' average cost of acquisition of Equity shares in our Company is lower than the Issue Price of Equity shares as given below:

Sr. No.	Name of Promoter	No. of Equity Shares held	Average Cost of Acquisition per equity share (in ₹)
1.	Mr. Rajiv Menon	17,12,000	0.82
2.	Mr. Manav Bahri	17,12,000	0.82
3.	Mr. Sujit K Sugathan	17,68,000	0.89

32. *One of our Independent Director Mr. Bibhasendu Mohapatra were disqualified in past for being director under section 164 of the Companies Act, 2013 due to non-filing of Annual returns and financial statements of Fire Creek Resources (India) Private Limited where they were directors.*

Our Independent Director Mr. Bibhasendu Mohapatra were disqualified under section 164 (2) of the Companies Act, 2013 during the period from November 01, 2016 till October 31, 2021, for being directors of any company for non-filing of Financial statements and Annual returns of Fire Creek Resources (India) Private Limited (a Company in which he is director) due to management dispute in the Company. The disqualification was later removed before the completion of the disqualification period after making due representations with the concerned authority. Although such disqualification did not cause any adverse effect on the business of our Company in the past, we are not sure that the directors shall not incur any such disqualification in future and in any such event in future may cause adverse effect on the day-to-day affairs of the Company, reputation and resultantly on the business of the Company and the concentration of our promoters cum Directors may shift from our Business.

33. *We have not yet applied for registration of our logo,  and we do not own the "corporate logo" legally as on date*

We have not yet applied for the registration of our logo  under the provisions of the Trademarks Act, 1999, and as a result, we do not legally own the "corporate logo" used in our communications and other operations to date. Consequently, we do not benefit from the statutory protections afforded to a registered trademark or logo at present. This situation leaves us vulnerable to potential challenges alleging the infringement of third-party intellectual property rights. The absence of registered protection for our intellectual property raises concerns about our ability to safeguard it adequately. There is no guarantee that we will be able to secure the registration of our logo in the future, nor can we be certain that third parties will refrain from infringing upon our intellectual property, potentially causing harm to our business prospects, reputation, and goodwill. Furthermore, we cannot provide assurance that any future application for the registration of our logo by our company will be granted by the relevant authorities in a timely manner, if at all. Our current efforts to protect our intellectual property may be insufficient, posing a risk of diminishing our business value and adversely impacting our operations. In the event of disputes regarding the validity of such claims and the extent of the proprietary rights of others, we may need to resort to litigation. However, such legal proceedings could be protracted and costly, with no guaranteed outcome. Additionally, there is a possibility that we may not be able to detect unauthorized use of our intellectual property or take prompt and effective measures to enforce or protect it.

34. *There may be significant price volatility and shortage of Gas due to any War which may affect the profitability of our business.*

The war like Ukraine war has significantly affected the gas sector, causing supply disruptions, price volatility, geopolitical shifts, and environmental implications. Sanctions on Russia and infrastructure damage in Ukraine have led to tighter global

supply, contributing to rising prices. Increased demand for alternative sources and market uncertainty have further driven price fluctuations. Geopolitically, the conflict has prompted countries to reassess energy partnerships and focus on energy security, potentially leading to long-term shifts in global energy markets. The war's environmental impact includes increased reliance on fossil fuels and disruptions to renewable energy projects. The evolving situation makes the long-term impact on the oil and gas sector uncertain, but it is evident that the conflict will continue to shape the global energy landscape for years to come. We may not be able to procure adequate quantities of gas at optimum prices which may affect the profitability of our business.

35. *We may be unable to identify or acquire new projects and our bids for new projects may not always be successful, which may affect our business growth. Further, any delay in the commencement or cancellation of the projects awarded to us may adversely affect our business, prospects, reputation, profitability, financial condition and results of operation.*

Our revenues are derived primarily from contracts awarded to us on a project-by-project basis. In the event that we are not able to continuously and consistently secure new projects of similar or higher value as the ones that we have executed in the past or are currently executing, and on terms and conditions that are favourable to us, our financial performance, our results of operations and cash flows may be adversely affected or fluctuate materially from time to time depending on the timing and nature of such contracts. Accordingly, it is difficult to predict whether and when we will be awarded a new project. If we are unable to identify or acquire new projects matching our expertise or profit expectations, we may be subject to uncertainties in our business.

36. *Failure to successfully implement our business strategies may materially and adversely affect our business, prospects, financial condition and results of operations.*

We aim to implement our business strategies to ensure future business growth, which may be subject to various risks and uncertainties, including but not limited to the following:

- lack of ability to properly manage financing resources and unavailability of funds at affordable costs or maintain financial discipline.
- lack of ability to recruit or retain skilled employees.
- failure to correctly identify market trends relating to the demand for our services, inability to carry out our strategy or optimize our existing project portfolio; and
- keeping an eye on increases in costs of raw materials, fuel, labour and equipment and adverse movements in interest rates and foreign exchange rates and efforts to minimise their impact.
- Checking out for corrupt practices of fraud or improper conduct

Implementation of our strategies may be subject to a number of risks and uncertainties including the ones mentioned above, some of which are beyond our control. There can be no assurance that we will be able to execute our growth strategy on time and within the estimated costs, or that we will meet the expectations of our clients. In order to manage growth effectively, we must implement and improve operational systems, procedures and controls on a timely basis, which, as we grow and diversify, we may not be able to implement, manage or execute efficiently and in a timely manner or at all, which could result in delays, increased costs and diminished quality and may adversely affect our results of operations and our reputation. Any failure or delay in the implementation of any of our strategies may have a material adverse effect on our business, prospects, financial condition and results of operations.

37. *Our success depends largely on the skill, experience and continued efforts of our senior management, skilled professionals and unskilled workers and our ability to attract and retain skilled and unskilled personnel.*

We depend significantly on the expertise, experience and continued efforts of the members of our senior management team and other key employees. Our continued success also depends upon our ability to attract and retain a large group of skilled professionals and staff, particularly project managers, engineers, and skilled workers. For instance, we believe that our Promoters namely Mr. Rajiv Menon, Mr. Manav Bahri and Mr. Sujit K Sugathan who have cumulative experience of over 45 years in the Oil & Gas Sector, have played a significant role in the development of our business, and we benefit from their technical expertise, industry knowledge and customer relationships. Further, our management team also comprises a number of qualified, experienced and skilled professionals who have several years of experience across various sectors. Our Company is heavily dependent on the members of our senior management for business development and acquiring new projects, and any inability of these members to execute their responsibilities could result in a loss of business.

The loss of the services of our senior management or our inability to recruit, train or retain a sufficient number of skilled professionals could have a material adverse effect on our operations and profitability. Competition for senior management in the industry in which we operate is intense, and we may not be able to retain our existing senior management or attract and retain new senior management in the future, particularly in Ahmedabad, Gujarat, where our registered office is located. We believe that as a result of the recent growth in the Oil and Gas industry in India and the expected future growth, the demand for both skilled professionals and staff and unskilled workers has significantly increased in recent years. We may lose skilled workers to competing employers who pay higher wages or be forced to increase the wages to be paid to our employees. If we cannot hire or retain enough skilled professionals or unskilled workers, our ability to bid for and execute new projects or to continue to expand our business will be impaired and consequently, our revenues could decline. Any such loss of the services of our senior management personnel or skilled professionals could adversely affect our business, prospects, financial condition and results of operation.

38. *Misconduct or errors by manpower engaged by us could expose us to business risks or losses that could affect our business prospects, results of operations and financial condition.*

Misconduct or errors by manpower engaged by us could expose us to business risks or losses, including regulatory sanctions, penalties and serious harm to our business. Such misconduct includes breach of security requirements, misappropriation of funds, hiding unauthorized activities, failure to observe our stringent operational standards and processes and improper use of confidential information. It is not always possible to detect or deter such misconduct, and the precautions we take to prevent and detect such misconduct may not be effective. The risks associated with the deployment of manpower include possible claims relating to:

- actions or inactions, including matters for which we may have to indemnify our customers or Suppliers.
- our failure to adequately verify personnel backgrounds and qualifications resulting in deficient services.
- failure of manpower engaged by us to adequately perform their duties or absenteeism; and
- errors or malicious acts or violation of security, privacy, health and safety regulations.

These claims may give rise to litigation and claims for damages, which could be time-consuming. These claims may also result in negative publicity and affect our business. Any claims and proceedings for alleged negligence as well as regulatory actions may in turn materially and consequently, affect our business, financial condition, results of operations and prospects.

39. *A significant number of our project contracts prescribe a requirement for maintaining retention money during the defects liability period. Any dispute or failure to obtain a release of such retention monies in a timely manner or at all may have an adverse impact upon our profitability, results of operations and financial position.*

A significant number of the projects that we have undertaken, or currently undertake, prescribe a requirement for maintaining retention money during the defects liability period. The defects liability period typically commences upon the provision of the virtual or final completion certificate to us by our customers, and usually extends to a period of 12 months post the date of such certification. There can be no assurance that such retention money will be remitted by our clients to us on a timely basis or at all. We may make provisions for bad debts, which includes those arising from release of retention money. We may be unable to efficiently manage the level of bad debt arising from such payment practices. Any failure to obtain a release of such retention monies in a timely manner, or at all, may have an adverse impact upon our profitability, results of operations and financial position.

40. *We face significant competition and if we fail to compete effectively, our business, prospects, financial condition and results of operations will be adversely affected.*

We operate in a competitive environment and our industry has been frequently subject to intense price competition for the acquisition and bidding of projects. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. We compete against many companies at the national and local levels and in multiple segments of the Oil and Gas business. For further details, please see the section entitled “Business Overview- Competition” on page 109. While service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience, are important considerations in clients’ decisions, price is a major factor in most contract awards. We may thus be compelled to bid for new projects more aggressively than we expected and may accept terms and conditions that are not in our favour. If we fail to win new projects, we may not be able to increase, or maintain, our volume of business or revenues. Failure to compete effectively against our current or future competitors may have a material and adverse effect on our business, financial condition and results of operation.

Further, some of our competitors may be larger than us, have stronger financial resources or a more experienced management team, or have stronger engineering capabilities in executing technically complex projects. They may also benefit from greater economies of scale and operating efficiencies and may have greater experience in Oil and Gas business. Further, the premium placed on having experience may cause some of the new entrants to accept lower margins in order to be awarded a contract. We may also decide not to participate in some projects as accepting lower margins may not be financially viable and this may adversely affect our competitiveness to bid for and win future contracts. We cannot assure you that we can continue to compete effectively with our competitors in the future, and failure to compete effectively against our current or future competitors may have an adverse effect on our business, results of operations and financial condition. Competition can place downward pressure on our contract prices and profit margins, and may force us to accept contractual terms and conditions that are not normal or customary for us, thereby increasing the risk that we may have losses on such contracts. Intense competition is expected to continue in these markets, presenting us with significant challenges in our ability to maintain strong growth rates and acceptable profit margins. If we are unable to meet these competitive challenges, we could lose market share to our competitors and experience an overall reduction in our profits.

41. *We engage third parties and other agencies in our business. The timely and successful completion of our projects in certain cases depends upon the cooperation of our sub-contractors, and any failure or delay in successful completion could adversely affect the quality of our developments and adversely affect our profitability, business and reputation.*

We rely on third parties for the implementation of projects where we have entered into arrangements with them for the supply of labour, equipment and raw material. Accordingly, the timing and quality of our projects also depends on the availability and the skill of such third parties. Typically, our contracts are subject to specific completion schedule requirements with liquidated damages chargeable in the event that a project falls behind schedule. Thus, where we subcontract any part of a project, the completion of the project in a timely manner often depends, in part, upon the performance of our third parties. Delay or failure on the part of third parties to complete their work on time, for any reason, could result in additional costs to us and damage to our reputation.

Additionally, the amount of such additional costs could have an adverse effect on our profit margins on the project. While we may seek to recover these amounts as claims from the relevant supplier, vendor, sub-contractor or other third party responsible for the delay or for providing non-conforming products or services, we cannot assure you that we will recover all or any part of these costs in all circumstances. Performance problems for existing and future projects could cause our actual results of operations to differ materially from those anticipated by us and could damage our reputation within our industry and consequently, have a detrimental effect on our customer base.

42. *In addition to normal remuneration, other benefits and reimbursement of expenses to our Promoter, Directors, key Managerial Personnel (KMP) and Senior Managerial Personnel (SMP) they are interested to the extent of their shareholding and dividend entitlement thereon in our Company and for the transactions entered into between our Company and themselves as well as between our Company and our Group Companies/Entities. Our Company in future may enter in related party transactions subject to necessary compliances.*

Our Promoter-Directors, KMP and SMP are interested in our Company to the extent of their shareholding and dividend entitlement thereon in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. Our Promoters, Directors, KMP and SMP are interested in the transactions entered into between our Company and themselves as well as between our Company and our Group Company/Entity. All transactions with related parties entered into by the Company in the past were at arm's length basis, in compliance with applicable provisions of Companies Act, 2013 and other applicable provisions. Our Company, Promoters and group companies may enter into such related party transactions in future as well which may be or may not be at Arms' Length Price and in Ordinary Course of Business. If such future transactions are not on Arms' Length Price and in the Ordinary Course of Business, our financial position may get affected to that extent. Additionally, our Company may enter in related party transactions in future subject to necessary compliances in accordance with relevant acts, rules and regulations. For details of transactions already executed by our Company with our Promoters, Directors and Group Companies/Entities during last three years, please refer to the "Annexure 29 – Related Party Transaction" under the Chapter titled "Restated Financial Information" beginning on Page No. 173 of this Draft Red Herring Prospectus.

43. *Any conflict of interest which could occur between our business and any other similar business activities pursued by our Directors and Promoters, could have a material adverse effect on our business and results of operations.*

1. Our Group Companies, Positron Gas Limited, Positron Ventures Private Limited and Sairama Infraenergy Private Limited are engaged in similar to business activities as that of our Company.

As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and in circumstances where our respective interests diverge. Further, our Company has not entered into separate non-compete agreement in order to avoid the conflict of interest envisaged with our group company Positron Gas Limited Positron Ventures Private Limited and Sairama Infraenergy Private Limited. In addition, some of our directors are also directors on the boards of our group companies. These overlapping directorships could create conflicts of interest between us and the Promoters.

We cannot assure you that a conflict will not arise, or that we will be able to suitably resolve any such conflict without an adverse effect on our business or operations. For further details of conflict of interest please refer chapter titled “Information with respect to Group Companies/Entities” on page no 197 of this Draft Red Herring Prospectus.

44. *Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.*

Post this Issue, our Promoters and Promoter Group will collectively own Majority of stake post issue equity share capital. As a result, our Promoters, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over Company and will be able to control the outcome of any proposal that can be approved by a majority shareholders vote, including, the election of members to our Board, in accordance with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

45. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.*

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹ 10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

46. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by our Company may lead to the dilution of investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares.

47. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements.

Additionally, we may not be permitted to declare any dividends under the loan financing arrangement that our Company may enter into future if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof.

48. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreement/s signed with the Stock Exchange/s. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management’s attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to

increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge, thereby increasing our expenses, which may adversely affect our revenues and results of operations. Further, failure of our Company to meet the listing requirements of stock exchange could lead to imposition of huge penalties, if any, including suspension of trading, which again would impact our reputation and business operations.

49. *Third party statistical and financial data in this Draft Red Herring Prospectus may be incomplete or unreliable.*

None of the Company, the BRLMs or any other person connected with the Issue has independently verified the third party statistical and financial data in this Draft Red Herring Prospectus which has been sourced from various public and private publications. Industry sources and publications generally state that the information contained therein has been obtained from sources believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates. There is no assurance that such information obtained from third party sources and publications will be current or reflect current trends. Further, such industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect.

EXTERNAL RISK FACTORS

1. *The COVID-19 pandemic, or any future pandemic or widespread public health emergency, could materially and adversely impact our business, financial condition, cash flows and results of operations.*

Since first being reported in December 2019, the outbreak of COVID-19 has spread globally. The World Health Organization declared the outbreak of COVID-19 to be a public health emergency of international concern on January 30, 2020, and a global pandemic on March 11, 2020.

The COVID-19 pandemic has had, and any future pandemic or widespread public health emergency could have, repercussions across regional and global economies and financial markets. The outbreak of COVID-19 in many countries, including India has significantly and adversely impacted economic activity and has contributed to significant volatility and negative pressure in financial markets, and it is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis, recession or depression, despite monetary and fiscal interventions by governments and central banks globally.

The global impact of the outbreak has been rapidly evolving. As cases of COVID-19 have continued to be identified in additional countries, many jurisdictions, including the governments of India, have reacted by instituting restrictive measures including invoking lock downs and quarantines, requiring the closure of non-essential businesses and placing restrictions on the types of businesses that may continue to operate, mandating restrictions on travel, implementing “shelter-in-place” rules and “stay-at-home” orders, and enforcing remote working regulations. No prediction can be made of when any of the restrictions currently in place will be relaxed or expire, or whether or when further restrictions will be announced. Although some governments are beginning to ease or lift these restrictions, the impacts from the severe disruptions caused by the effective shutdown of large segments of the global economy or localized lockdowns remain unknown.

On March 24, 2020, the Government of India ordered a national lockdown in response to the spread of COVID-19. Our business was determined to be operating in an essential industry, which allowed us to continue our operations after the introduction of the lockdown in India, subject to certain adjustments in working patterns.

There can be no assurance that there will not be any material impact on our operations if the outbreak of COVID-19 is not effectively controlled. Although some restrictions have been eased, it is not yet clear when the lockdown conditions will be fully lifted in India. Further, although we were declared an essential business and were able to adjust our business to continue operating during the lockdown, there can be no assurance that further restrictions will not be introduced or that we will continue to retain such essential status. Further, we may be required to quarantine employees that are suspected of being infected of COVID-19, as well as others that have come into contact with those employees or shut down our manufacturing facilities as a health measure, which could have an adverse effect on our business operations or result in a delay in the production and supply of products to our customers in a timely manner. If any of our suppliers are affected by COVID-19 to the extent our supply chain is disrupted, this may affect our ability to meet the demand of our customers.

The full extent to which the COVID-19 pandemic, or any future pandemic or widespread public health emergency impacts our business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including the scope, severity, and duration of the pandemic; actions taken by governments, business and individuals in response to the pandemic; the effect on customer demand for and ability to pay for our products; the disruptions or restrictions on our employees’ and suppliers’ ability to work and travel; volatility in foreign exchange rates; any extended

period of remote work arrangements; and strain on our or our customers' business continuity plans, and resultant operational risk.

The COVID-19 pandemic, or any future pandemic or widespread public health emergency could therefore materially and adversely impact our business, financial condition, cash flows and results of operations.

2. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. There can be no assurance that the central or the state governments in India may not implement new regulations and policies which will require us to obtain approvals and licenses from the central or the state governments in India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the implementation of the new regulations may have a material adverse effect on all our business, financial condition and results of operations. In addition, we may have to incur capital expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. For instance, the Government has proposed a comprehensive national goods and services tax (“GST”) regime that will combine taxes and levies by the Central and state Governments into a unified rate structure. Given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to the tax regime following implementation of the GST. The implementation of this new structure may be affected by any disagreement between certain state Governments, which could create uncertainty. Any such future amendments may affect our overall tax efficiency and may result in significant additional taxes becoming payable.

3. *Investor may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

4. *Our operations are subject to environmental, health and safety laws and regulations.*

Our operations are subject to various Central and State environmental laws and regulations relating to the control of pollution in the various locations in India where we operate. In particular, the discharge or emission of chemicals, dust or other pollutants into the air, soil or water that exceed permitted levels and cause damage to others may give rise to liability to the Government and third parties, and may result in our incurring costs to remedy such discharge or emissions. There can be no assurance that compliance with such environmental laws and regulations will not result in a curtailment of operations, or a material increase in the costs of operations, or otherwise have a material adverse effect on the financial condition and results of our operations. Environmental laws and regulations in India have been increasing in severity and it is possible that they will become significantly more stringent in the future. Stricter laws and regulations, or stricter interpretation of the existing laws and regulations, may impose new liabilities on us or result in the need for additional investment in pollution control equipment, either of which could adversely affect our business, financial condition or prospects. While as of the date of this DRHP, we are not subject to any environmental legal proceedings, we may be involved in such legal proceedings in the course of our business. Such legal proceedings could divert management time and attention, and consume financial resources in defense or prosecution of such legal proceedings or cause delays in development or commencement of operations of our projects. No assurance can be given that we will be successful in all, or any, of such proceedings. Our Business and activities may be further regulated by the Competition Act and any adverse application or interpretation of the Competition Act could materially and adversely affect our business, financial condition and results of operations.

5. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our services may be adversely affected

by an economic downturn in domestic, regional and global economies. The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the industrial equipment manufacturing sectors, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

6. *Terrorist attacks or war or conflicts involving India or other countries could adversely affect consumer and business sentiment and the financial markets and adversely affect our business.*

Terrorist attacks and other acts of violence or war may adversely affect global equity markets and economic growth as well as the Indian economy and stock markets. Such acts negatively impact business and economic sentiment, which could adversely affect our business and profitability. Also, India has from time to time experienced, and continues to experience, social and civil unrest and hostilities with neighbouring countries. Armed conflicts could disrupt communications and adversely affect the Indian economy. Such events could also create a perception that investments in Indian companies involve a high degree of risk. This, in turn, could have a material adverse effect on the market for securities of Indian companies, including our Equity Shares. The consequences of any armed conflicts are unpredictable and we therefore may not be able to foresee events that could have an adverse effect on our business.

7. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock prices.*

Global economic and political factors that are beyond our control, influence forecasts directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

8. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

9. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

10. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion affect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

11. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

12. *Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.*

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in affect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

13. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by centre or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investor's reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

14. *The Equity Shares have never been publicly traded, and the Offer may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price.*

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Indian Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, there will be liquidity of such market for the Equity Shares. The Offer Price of

the Equity Shares may bear no relationship to the market price of the Equity Shares after the Offer. The market price of the Equity Shares after the Offer can be volatile as a result of several factors beyond our control, including volatility in the Indian and global securities markets, our results of operations, the performance of our competitors, developments in the Indian and global machine tools industry, changing perceptions in the market about investments in this sector in India, investor perceptions of our future performance, adverse media reports about us or our sector, changes in the estimates of our performance or recommendations by financial analysts, significant developments in India's economic liberalisation and deregulation policies, and significant developments in India's fiscal regulations. In addition, the Stock Exchanges may experience significant price and volume fluctuations, which may have a material adverse effect on the market price of the Equity Shares. General or industry-specific market conditions or stock performance or domestic or international macroeconomic and geopolitical factors unrelated to our performance may also affect the price of the Equity Shares. In particular, the stock market as a whole in the past has experienced extreme price and volume fluctuations that have affected the market price of many companies in ways that may have been unrelated to the companies' operating performances. For these reasons, investors should not rely on recent trends to predict future share prices, results of operations or cash flow and financial condition.

15. *The requirements of being a publicly listed company may strain our resources.*

We are not a publicly listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations, which will require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and, or, we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition.

Any further issuance of Equity Shares, or convertible securities or other equity-linked instruments by us may dilute your shareholding. We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by the Promoters may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares. We cannot assure you that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

16. *The sale of Equity Shares by our Promoters in future may adversely affect the market price of the Equity Shares.*

After the completion of the Offer, our Promoters will still own a significant percentage of our issued Equity Shares. The sale of a large number of the Equity Shares by our Promoters could adversely affect the market price of the Equity Shares. Similarly, the perception that any such primary or secondary sale may occur, could adversely affect the market price of the Equity Shares. No assurance may be given that our Promoters will not dispose of, pledge or encumber their Equity Shares in the future.

17. *There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all.*

There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all. In accordance with Indian law, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Offer and until Allotment of Equity Shares pursuant to this Offer. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the relevant stock exchange within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

APPRAISAL AND MONITORING AGENCY

As per SEBI (ICDR) Regulations, 2018, appointment of monitoring agency is required only if Issue size exceeds ₹ 10,000 Lakh. Hence, our Company is not required to appoint a monitoring agency in relation to the issue. However, the Audit Committee of our Company will be monitoring the utilization of the Issue Proceeds.

The object of the issue and deployment of funds are not appraised by any independent agency/bank/financial institution.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and in Regional newspaper where our registered office is situated at least two working days prior to the Bid/Issue Opening date. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process are-

- Our Company;
- The Book Running Lead Manager in this case being Beeline Capital Advisors Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with NSE Limited and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank
- The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs. Our Company may, in consultation with the BRLMs, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis at the Anchor Investor Allocation Price. Allocation to Anchor Investors shall be on a discretionary basis subject to a minimum number of two Anchor Investors. An Anchor Investor shall make a minimum Bid of such number of Equity Shares that the Bid Amount is at least ₹ 200 Lakhs. In the event of under-subscription or non-Allotment in the Anchor Investor Portion, the balance Equity Shares in the Anchor Investor Portion shall be added to the Net QIB Portion.

Such number of equity shares representing 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15 % of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non-Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date. Further, Anchor Investors

cannot withdraw their Bids after the Anchor Investor Bid/Issue Period. Allocation to the Anchor Investors will be on a discretionary basis.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “*Issue Procedure*” beginning on page 225 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “*Issue Procedure*” on page 225 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 225 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in

Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.

- Bids by QIBs (except Anchor Investors) and NIIs shall be submitted only through the ASBA process.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates
Bid/Issue Opening Date	[●]
Bid/Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

**Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations.*

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date may be extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with the SEBI Regulations, QIBs Bidding in the Net QIB Portion are not allowed to withdraw their Bids after the QIB Bid Closing Date and Anchor Investors cannot withdraw their Bids after the Anchor Investor Bidding Period. Further, allocation to QIBs in the Net QIB Portion will be on a proportionate basis. QIBs and NII's cannot withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after bidding and are required to pay the Bid Amount upon submission of the Bid. For further details, see sections titled "*Issue Structure*" and "*Issue Procedure*" on pages 222 and 225 respectively.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserves the right not to proceed with the Issue at any time before the Bid/Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

UNDERWRITING AGREEMENT

This Issue is 100% Underwritten. The Underwriting agreement has been entered on [●]. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters are several and are subject to certain conditions specified therein. The Underwriters have indicated their intention to underwrite the following number of specified securities being offered through this Issue:

Details of the Underwriter	No. of shares underwritten	Amount Underwritten (₹ in Lakh)	% of the total Issue Size Underwritten
[●]	[●]	[●]	100%

**Includes [●] Equity shares of ₹10.00 each for cash of ₹ [●]/- the Market Maker Reservation Portion which is to be subscribed by the Market Maker in its own account in order to claim compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations, as amended.*

In the opinion of our Board of Directors (based on a certificate given by the Underwriter), the resources of the above-mentioned Underwriter is sufficient to enable it to discharge its underwriting obligation in full. The abovementioned Underwriter is registered with SEBI under Section 12(1) of the SEBI Act and registered as brokers with the Stock Exchanges.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Book Running Lead Manager have entered into an agreement dated [●] with the following Market Maker to fulfill the obligations of Market Making:

[●]

The Market Maker shall meet the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the NSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

- 1) The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
- 2) The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- 3) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.

- 4) After a period of three (3) months from the market making period, the market maker would be exempted to provide a quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including [●] Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above [●] Equity Shares would not be taken into consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of the market maker in our Company reduce to 24% of Issue Size, the market maker will resume providing 2-way quotes.
- 5) There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through the market making process, NSE may intimate the same to SEBI after due verification.
- 6) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- 7) On the first day of the listing, there will be a pre-opening session (call auction) and thereafter the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Issue price.
- 8) The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
- 9) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and uncontrollable reasons would be final.
- 10) The Market Maker(s) shall have the right to terminate said arrangement by giving a One month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers not exceeding five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.
- 11) Risk containment measures and monitoring for Market Makers: Emerge Platform of NSE will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- 12) Punitive Action in case of default by Market Makers: Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market maker issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
- 13) The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- 14) Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:
- 15) In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- 16) In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.
- 17) Additionally, the trading shall take place in the TFT segment for the first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

18) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 Crore To ₹ 50 Crore	20%	19%
₹ 50 Crore To ₹ 80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / NSE from time to time.

SECTION VII – PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

The Issue constitutes a public Issue of Up to 22,00,000 Equity Shares of our Company at an Issue Price of ₹ [●]/- per Equity Share.

FRESH ISSUE

The Issue Proceeds from the Fresh Issue will be utilized towards the following objects:

1. To Meet Working Capital Requirements
2. General Corporate Purposes

(Collectively referred as the “objects”)

We believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the NSE Emerge (“NSE”). It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

We are engaged in Management & Technical Advisory Services of Oil and Gas Industry. We provide end to end solutions for Gas distribution to the Industries across India. We provide Management Consultancy Services like commercial and financial advisory, technical services including Project Management and O&M (Operation and Management) Services, across the Gas Sector in India. We have successfully developed a Gas aggregation business volume of 35 MMSCM (approx), especially Natural Gas. Our technical qualifications and empanelment with most industrial customers attest to our reliability and competence. Moreover, distribution of Natural gas is facilitated through common carrier pipeline networks operated by major public and private sector players in the Indian market.

In addition to our operational endeavours, our business is secured with the Indian Gas Exchange (IGX) through its clearing member. This client membership enables us to source natural gas on-demand for our short-term requirements from the free market, where prices are determined through a transparent exchange mechanism. Moreover, it also provides flexibility to offload excess Gas if necessary. Our current portfolio includes a substantial daily volume of 4000-5000 MMBTU of gas from various sources. We engage in long-term contracts linked with formulas, determined through mutual discussions with our customers.

The main objects and objects incidental and ancillary to the main objects, as set out in our Memorandum of Association, enable our Company to undertake our existing business activities and the activities for which funds are being raised by us through the Fresh Issue. We confirm that the activities which we have been carrying out till date are in accordance with the objects clause of our Memorandum of Association.

Sr.No.	Particulars	Amount Required (₹ in Lakhs)	From IPO Proceeds	Internal Accruals / Equity / Reserves	Balance from Long/Short Term Borrowing
1.	To Meet Working Capital Requirements	12,404.91	3,820.00	8,530.90	54.01
2.	General Corporate Purposes	[•]	[•]	0	0
3.	Public Issue Expenses	[•]	[•]	0	0
Total		[•]	[•]	8,530.90	54.01

* Subject to finalization of Price at the time of filing of Prospectus.

Accordingly, we confirm that we are in compliance with the requirement to make the firm arrangement of finance under Regulation 230(1) (e) of the SEBI ICDR Regulations and Clause 9 (C) of Part A of Schedule VI of the SEBI ICDR Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in the light of changes in Internal / external circumstances or costs or other financial conditions and other factors. In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, subject to regulatory approval required under applicable law. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

We further confirm that no part proceed of the Issue shall be utilized for repayment of any Part of unsecured loan outstanding as on date of Draft Red Herring Prospectus. As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please refer section titled "Risk Factors" beginning on Page 28 of this Draft Red Herring Prospectus.

DETAILS OF USE OF ISSUE PROCEEDS

1. TO MEET WORKING CAPITAL REQUIREMENTS:

We are engaged in Management & Technical Advisory Services of Oil and Gas Industry. We provide end to end solutions for Gas distribution to the Industries across India. We provide Management Consultancy Services like commercial and financial advisory, technical services including Project Management and O&M (Operation and Management) Services, across the Gas Sector in India. We have successfully developed a Gas aggregation business volume of 35 MMSCM (approx), especially Natural Gas. Our technical qualifications and empanelment with most

industrial customers attest to our reliability and competence. Moreover, distribution of Natural gas is facilitated through common carrier pipeline networks operated by major public and private sector players in the Indian market. Net Working Capital requirement of our Company as on November 30, 2023 on restated standalone basis was ₹ 1,725.86 Lakhs as against that of ₹ 1,151.78 Lakhs, ₹ 553.17 Lakhs and ₹ 307.96 Lakhs as on March 31, 2023, March 31, 2022 and March 31, 2021 respectively. The Net Working capital requirements for the FY 2023-24 is estimated to be ₹ 2,141.28 Lakhs, ₹ 7,258.11 Lakhs for FY 2024-25 and ₹ 12,404.91 lakhs in FY 2025-26. The Company will meet the requirement to the extent of ₹ 3,820.00 Lakhs from the Net Proceeds of the Issue and balance from borrowings and internal accruals at an appropriate time as per the requirement.

Reasons for raising additional working capital.

We are engaged in Management & Technical Advisory Services of Oil and Gas Industry. We provide end to end solutions for Gas distribution to the Industries across India. We provide Management Consultancy Services like commercial and financial advisory, technical services including Project Management and O&M (Operation and Management) Services, across the Gas Sector in India. We have successfully developed a Gas aggregation business volume of 35 MMSCM (approx), especially Natural Gas. Our technical qualifications and empanelment with most industrial customers attest to our reliability and competence. Moreover, distribution of Natural gas is facilitated through common carrier pipeline networks operated by major public and private sector players in the Indian market.

In addition to our operational endeavours, our business is secured with the Indian Gas Exchange (IGX) through its clearing member. This client membership enables us to source natural gas on-demand for our short-term requirements from the free market, where prices are determined through a transparent exchange mechanism. Moreover, it also provides flexibility to offload excess Gas if necessary. Our current portfolio includes a substantial daily volume of 4000-5000 MMBTU of gas from various sources. We engage in long-term contracts linked with formulas, determined through mutual discussions with our customers.

Company has started with Gas Aggregation and Sale of Natural Gas on July 2022 due to which Our Revenue from Operation has increased from ₹ 869.04 Lakhs in FY 2021-22, ₹ 5,142.64 Lakhs in FY 2022-23 to ₹ 8,000.34 Lakhs for the eight months period ended November 30, 2023. Revenue from Operation from Sale of Natural Gas has increased from Nil in FY 2021-22 to ₹ 3,869.17 Lakhs in FY 2022-23 and ₹ 6,977.48 lakhs for the eight month ended on November 30, 2023.

We expect that our working capital requirement will correspondingly increase in line with increase in our revenue from operations and would be around the current percentage of our net working capital to our revenue from operations i.e. ₹ 1,151.78 lakhs working capital against ₹ 5,142.64 lakhs Revenue from Operation being 22.40% of Revenue from Operation. Further, our Company has considered that the contribution of sale of Natural Gas as a percentage to our revenue from operations would be higher than the other goods and services sold. This would require us to maintain higher level of inventory days and will also be subject to higher trade receivable days.

Accordingly, while the net working capital has increased in absolute terms corresponding to the increase in the revenue from operations of our Company, the working capital as days such as inventory days, trade receivable days, fixed deposits towards bank guarantee, other current assets in days and trade payable in days is line with the historical trends.

Our Company's estimated working capital requirements on a restated basis are based on the following key assumptions:

Sr No	Particulars	Details
Current Assets		
1.	Trade receivables	<p>Trade receivables are amount owed to Company by customers following sale of goods and services i.e. Sale & Supply of CBM Gas, Natural Gas, LNG Dual Fuel Kit, Management Consultancy Fees, Erection and Commissioning income and Other services on credit</p> <p>From FY 2020-21 to FY 2021-22, our trade receivables holding period has witnessed a reduction from 142 days to 86 days. This positive trend can be attributed to the favorable credit terms offered by our customers. Additionally, Company has started with Gas Aggregation and Sales on July 2022 due to which Our Revenue from Operation has increased from ₹ 869.04 Lakhs in FY 2021-22, ₹ 5,142.64 Lakhs in FY 2022-23 to ₹ 8,000.34 Lakhs for the eight months period ended November 30, 2023. Due to above reasons, Trade Receivable days increased from 69 days in FY 2022-23 to 82 days in eight month period ended November 30, 2023. Looking ahead, we anticipate Trade Receivable days in similar line with our existing holding period and gradually increasing with increase in Revenue from Operation.</p> <p>Company estimates Trade Receivables Holding period of 70-75 days in FY 2023-24 (in line with existing holding period) and gradually increasing with increase in Revenue from Operation to 75-80 days in FY 2024-25, to 85-90 days in FY 2025-26. Increase in Trade Receivable days is mainly due to increase in estimated volume of sales and increase in credit period provided to customers.</p>
2.	Stock-in-trade	<p>Inventories of our company consists of Stock-in-trade only consisting of CNG Kit Equipment and Natural Gas.</p> <p>Till July 2022, Company's stock-in-trade only includes CNG Kit Equipment. After July 2022, Company has started with Gas Aggregation and Sale of Natural Gas on July 2022 due to which Natural Gas as stock-in-trade was added. Natural Gas increased from ₹ 314.41 Lakhs in FY 2022-23 to ₹ 375.32 Lakhs for the eight months period ended November 30, 2023 representing holding period of 32 days in FY 2022-23 and 13 days for the eight months period ended November 30, 2023.</p> <p>Company estimates Stock-in-trade Holding period of 15 days in FY 2023-24 (in line with existing holding period for the period ended November 30, 2023) and gradually increasing with increase in Revenue from Operation to 16 days in FY 2024-25, to 21 days in FY 2025-26. Increase in stock-in-trade is not substantial and reason for such increase is due to increase in volume of sales.</p>
Current Liabilities		
3.	Trade Payables	<p>Trade payables are amount to be paid to suppliers by company following purchase of stock-in-trade and services rendered by supplier on credit.</p> <p>The trade payables holding period till FY 2021-22 were in the range of 20-40 days. After July 2022, Company started with supply of Natural Gas due to which Revenue from operation increased. Purchase of stock-in-trade increased in similar proportion with Revenue from Operation. In FY 2022-23, Trade Payable holding period were in the range of 55-65 days. For the eight month ended on November 30, 2023, Closing balance of trade payable was ₹ 2,740.76 lakhs i.e. was on higher side due to payment after the reporting date i.e. November 30, 2023 (not comparable).</p>

Sr No	Particulars	Details
		Company estimates Trade Payable Holding period of 60-70 days in FY 2023-24 (in line with existing holding period for the FY 2022-23) and gradually decreasing to 60-65 days in FY 2024-25, to 55-60 days in FY 2025-26. With improved cash flow, we can settle our trade payables more promptly, further reducing the holding period which will provide better pricing from vendors and negotiating better deals.

Apart from above there are other working capital requirements such as Investment under lien, Cash and cash equivalents, Other Assets, Loans and advances, short term provisions and other Liabilities. Details of which are given below.

Investment held under lien	Investment includes Earmarked balances in Fixed Deposits against Bank Guarantee. With increase in Purchase of stock-in-trade (mainly Natural Gas), Company will require a higher Bank Guarantee. Generally, Bank Guarantee is determined based on MMBTU/SCMD daily supply multiplied by 30 days and given price of the gas. For Higher Bank Guarantee limits our company has to maintain a healthy balance with lender in form of Fixed Deposit.
Cash and Cash Equivalents	Cash and cash equivalents include cash in hand and balance in current account excluding Fixed Deposits held under lien. Cash and Cash Equivalent balance is estimated based on amount required for day-to-day Business operation and for expected Business requirement of company.
Other Assets	Other Assets include, Balance with Revenue Authorities, Advance for Capital Asset, Security Deposits with Vendors, Projects Retention Money, Rent Deposit and Other Deposits. Projected Other Assets are estimated based on previous year outstanding amount and for expected Business requirement of company.
Other liabilities	Other Liabilities mainly include Statutory dues, creditors for expenses, Advance from Customers, Due to Employees and advances & deposits received. Other current liabilities are estimated based on previous year outstanding amount and for expected Business requirement of company.
Short-term provisions	Short-term provisions mainly include provision for gratuity, tax and expenses. Short-term provisions are estimated based on previous year outstanding amount and for expected Business requirement of company.

GLOBAL ECONOMIC OVERVIEW

The global recovery from the COVID-19 pandemic and Russia’s invasion of Ukraine remains slow and uneven. Despite economic resilience earlier this year, with a reopening rebound and progress in reducing inflation from last year’s peaks, it is too soon to take comfort. Economic activity still falls short of its pre-pandemic path, especially in emerging markets and developing economies, and there are widening divergences among regions. Several forces are holding back the recovery. Some reflect the long-term consequences of the pandemic, the war in Ukraine, and increasing geoeconomic fragmentation. Others are more cyclical in nature, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events. Global growth is forecast to slow from 3.5 percent in 2022 to 3.0 percent in 2023 and 2.9 percent in 2024. The projections remain below the historical (2000–19) average of 3.8 percent, and the forecast for 2024 is down by 0.1 percentage point from the July 2023 Update to the World Economic Outlook. For advanced economies, the expected slowdown is from 2.6 percent in 2022 to 1.5 percent in 2023 and 1.4 percent in 2024, amid stronger-than-expected US momentum but weaker-than-expected growth in the euro area. Emerging market and developing economies are projected to have modestly decline growth, from 4.1 percent in 2022 to 4.0 percent in both 2023 and 2024, with a downward revision of 0.1 percentage point in 2024, reflecting the property sector crisis in China. Forecasts for global growth over the medium term, at 3.1 percent, are at their lowest in decades, and prospects for countries to catch up to higher living standards are weak. Global inflation is forecast to decline steadily, from 8.7 percent in 2022 to 6.9 percent in 2023 and 5.8 percent in 2024. But the forecasts for 2023 and 2024 are revised up by 0.1 percentage point and 0.6 percentage point, respectively, and inflation is not expected to return to target until 2025 in most cases. Risks to the outlook are more balanced than they were six months ago, on account of the resolution of US debt ceiling tensions and Swiss and US authorities’ having acted decisively to contain financial turbulence. The likelihood of a hard landing has receded, but the balance of risks to global growth remains tilted to the downside. China’s property sector crisis could deepen, with global spillovers, particularly for commodity exporters. Near-term inflation expectations have risen and could contribute—along with tight labour markets—to core inflation pressures persisting and requiring higher policy rates than expected. More climate and geopolitical shocks could cause additional food and energy price spikes. Intensifying geoeconomic fragmentation could constrain the flow of commodities across markets, causing additional price volatility and complicating the green transition. Amid rising debt service costs, more than half of low-income developing countries are in or at high risk of debt distress. There is little margin for error on the policy front. Central banks need to restore price stability while using policy tools to relieve potential financial stress when needed. Effective monetary policy frameworks and communication are vital for anchoring expectations and minimising the output costs of disinflation. Fiscal policymakers should rebuild budgetary room for maneuver and withdraw non targeted measures while protecting the vulnerable. Reforms to reduce structural impediments to growth—by, among other things, encouraging labour market participation—would smooth the decline of inflation to target and facilitate debt reduction. Faster and more efficient multilateral coordination is needed on debt resolution to avoid debt distress. Cooperation is needed as well to mitigate the effects of climate change and speed up the green transition by ensuring steady cross-border flows of the necessary minerals.

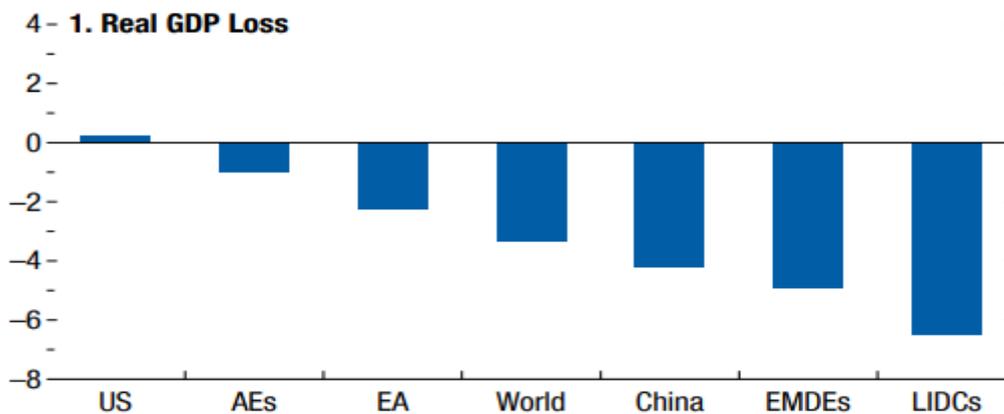

Growing Global Divergence

More than three years after the global economy suffered the largest shock of the past 75 years, the wounds are still healing, amid widening growth divergences across regions. After a strong initial rebound from the depths of the COVID-19 pandemic, the pace of recovery has moderated. Several forces are holding back the recovery. Some reflect the long-term consequences of the pandemic, Russia’s war in Ukraine, and increasing geoeconomic fragmentation. Others are more cyclical, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events. Despite signs of economic resilience earlier this year and progress

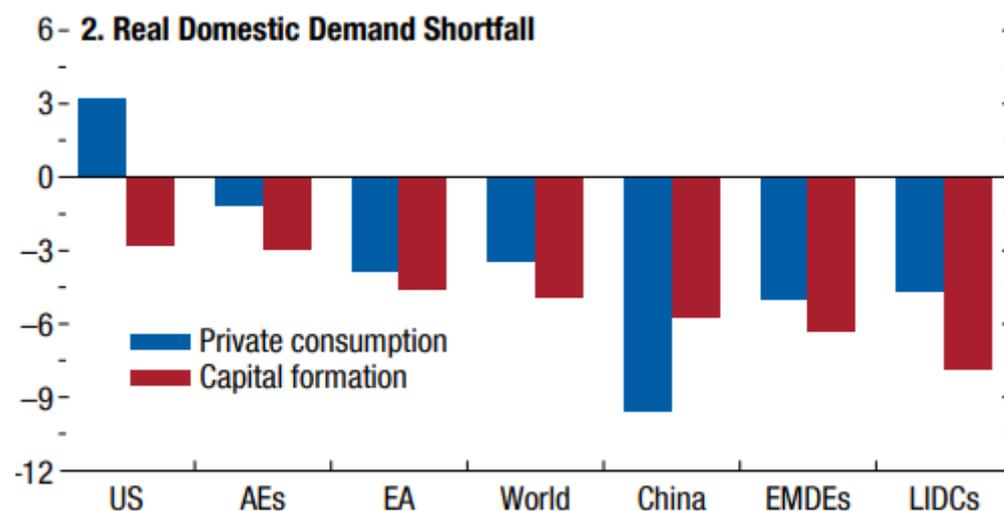

in reducing headline inflation, economic activity is still generally falling short of pre-pandemic (January 2020) projections, especially in emerging markets and developing economies as given in the following Graph:

Incomplete Recovery: Scarring from the Shocks of 2020–22

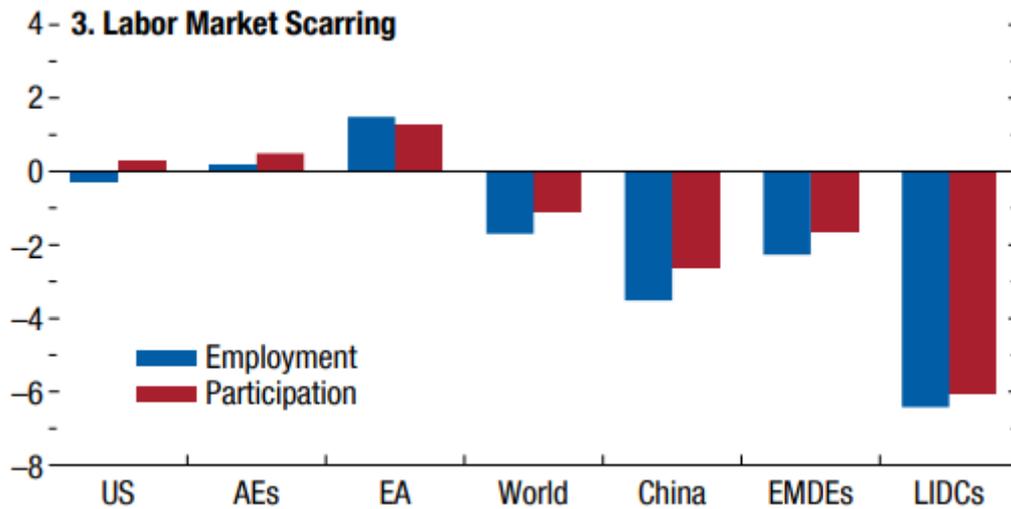

(Percent; deviation in 2023 from prepandemic projections)

The strongest recovery among major economies has been in the United States, where GDP in 2023 is estimated to exceed its pre-pandemic path. The euro area has recovered, though less strongly—with output still 2.2 percent below pre-pandemic projections, reflecting greater exposure to the war in Ukraine and the associated adverse terms-of-trade shock, as well as a spike in imported energy prices. In China, the pandemic-related slowdown in 2022 and the property sector crisis contribute to the larger output losses of about 4.2 percent, compared with pre-pandemic predictions. Other emerging markets and developing economies have seen even weaker recoveries, especially low-income countries, where output losses average more than 6.5 percent. Higher interest rates and depreciated currencies have exacerbated the difficulties of low-income countries, placing more than half either at high risk of distress or already in distress. Overall, global output for 2023 is estimated at 3.4 percent (or about \$3.6 trillion in 2023 prices) below pre-pandemic projections. Private consumption has also recovered faster in advanced economies than in emerging markets and developing economies, owing to an earlier reopening in the former group facilitated by greater availability of effective vaccines, stronger safety nets, more ample policy stimulus, and greater feasibility of remote work. These factors supported livelihoods during the pandemic, and household consumption is now broadly back to pre-pandemic trends. Among advanced economies, private consumption has been stronger in the United States than in the euro area, with households receiving larger fiscal transfers early in the pandemic and spending the associated savings more quickly; being better insulated from the rise in energy prices resulting from the war in Ukraine; and feeling relatively confident amid historically tight US labour markets, which have supported real disposable incomes as shown in following Graph:

Among emerging markets and developing economies, the consumption shortfall is particularly large in China, reflecting tight restrictions on mobility during the COVID-19 crisis. Divergences in labour market performance across regions broadly mirror those for output and consumption. Employment and labour participation rates are estimated to exceed pre pandemic trends in advanced economies but to remain significantly below them in emerging market and developing economies, reflecting more severe output losses and much weaker social protection. Countries that had the most limited fiscal space are also those where employment shortfalls are the largest (ILO 2023). Among advanced economies, the euro area has seen larger employment gains than the United States. This may reflect more extensive use in the former of worker-retention programs modelled on the German Kurzarbeit short-time work scheme (IMF 2020), which protect workers’ income and allow businesses to retain firm-specific human capital, reducing the costly process of separation, rehiring, and training. In the euro area, these programs bolstered employment during the most challenging phases of the crisis and accelerated the recovery when economies reopened (Figure 1.1, panel 3).

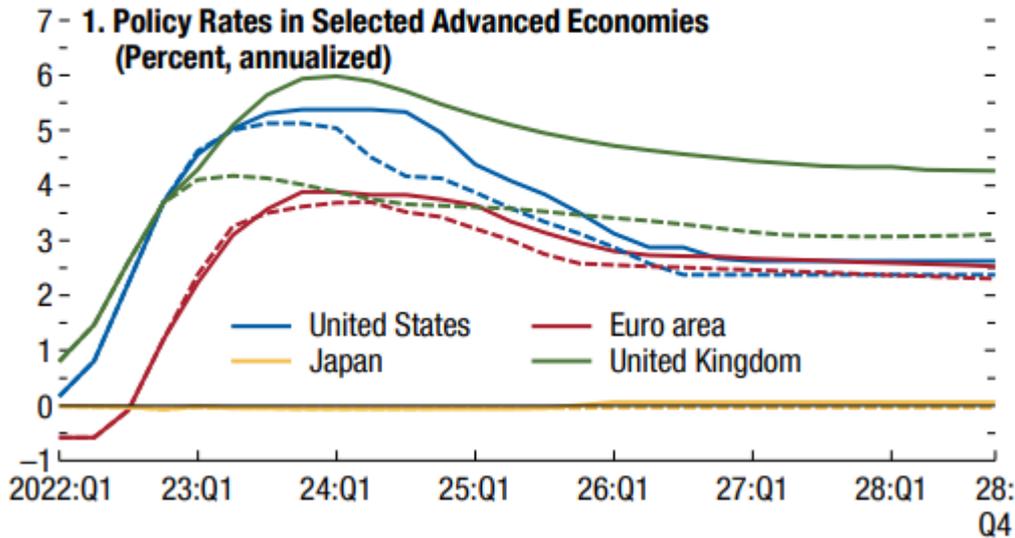

Investment, on the other hand, has uniformly fallen short of pre pandemic trends across regions. Businesses have shown less enthusiasm for expansion and risk taking amid rising interest rates, withdrawal of fiscal support, dimmer prospects for product demand, stricter lending conditions, and growing uncertainties regarding geoeconomic fragmentation. Higher leverage has further dampened investment which remains 3 percent to 10 percent lower across regions than had been projected before the pandemic. Moreover, the pandemic, war in Ukraine, and worsening climate shocks have contributed to a reversal in decades-long poverty reduction trends. According to World Bank staff estimates (Mahler and others 2022), 75 million to 95 million more people were living in extreme poverty in 2022 compared with pre pandemic estimates. Spikes in food prices and related insecurities following Russia’s invasion of Ukraine, as well as bouts of extreme weather, have accentuated these difficulties. The global average temperature in July 2023 was the highest on record for any month, amid reports of catastrophic flooding, heat waves, and wildfires in many regions. Overall, the global prevalence of undernourishment is significantly higher than before the pandemic (FAO and others 2023).

Outlook: Stable but Slow

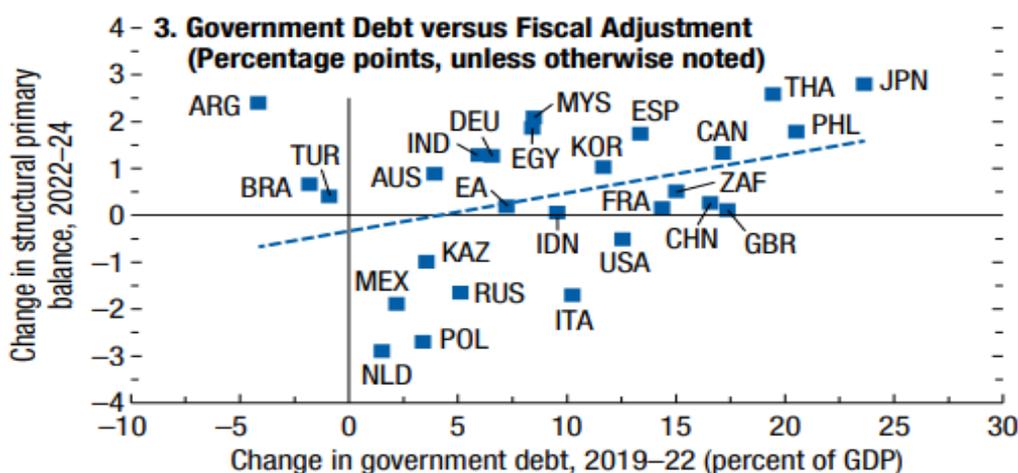

The latest projections confirm that the global economy is slowing as inflation declines from last year’s multi decade peak. A contraction in global per capita real GDP—which often happens in a global recession—is not part of the baseline scenario. Growth and employment in the first half of the year remained more resilient than forecast in the April 2023 WEO. Although there is little change in the forecast for the global average since the July 2023 WEO Update, several shifts in growth and inflation prospects are observed across countries. In addition, medium-term prospects for economic growth remain the lowest in decades, with middle- and lower-income countries facing a slower pace of convergence toward higher living standards. The baseline forecasts for the global economy are predicated on a number of assumptions as shown in next Figure, notably for fuel and non-fuel commodity prices, as well as the stances of monetary and fiscal policy:

Monetary and Fiscal Policy Assumptions

Commodity price assumptions: Prices of fuel commodities are projected to fall on average by 36 percent and oil prices by about 17 percent, with the decreases reflecting mainly the slowdown in global economic activity, and natural gas and coal prices to decline from their 2022 peaks by 61 percent and 51 percent, respectively. The forecast for non-fuel commodity prices is a decline of 6.3 percent, on average, in 2023, with prices for base metals expected to decrease by 4.7 percent, the decrease reflecting concerns regarding real estate investment in China. Food commodity prices, after rising by 14.8 percent in 2022, are predicted to decline by 6.8 percent in 2023, with prices remaining well above their 2021 levels. Compared with forecasts in the July 2023 WEO Update, an upward revision to wheat prices following the suspension of the Black Sea Grain Initiative (which occurred after the July 2023 WEO Update forecasting round) is broadly offset by downward revisions to other food commodity prices.

• Monetary policy assumptions: Global interest rate assumptions are on average revised upward compared with those in the April 2023 WEO, reflecting actual and signaled policy tightening by major central banks. The Federal Reserve’s policy rate is expected to peak at its current level of about 5.4 percent, the Bank of England to raise its to peak at about 6.0 percent, and the European Central Bank to raise its to peak at 3.9 percent in 2023, before all three reduce rates in 2024. The higher policy path over the longer term has contributed to the rise in long-term policy rate assumptions. For Japan, policy rates for the medium term (2026–28) are revised upward, reflecting changes to the country’s yield-curve-control framework, and long-term rates are revised upward accordingly. As near-term inflation expectations decline, real interest rates are likely to stay elevated even after nominal rates start to fall. In addition, changes in monetary policy are becoming less synchronous, with some central banks that tightened policy earlier (such as the Central Bank of Brazil) initiating their easing cycle. Fiscal policy assumptions: Governments in advanced economies are on average expected to ease fiscal policy in 2023, following a rise in fiscal balances in 2022, whereas in emerging market and developing economies, the projected fiscal stance is on average neutral. Fiscal consolidation is expected in 2024 in both groups of economies. Fiscal tightening is on average expected to be greater in economies that recently experienced a sharper rise in government debt as shown hereunder.

A rise in government debt amounting to 10 percentage points of GDP during 2019–22 is associated on average with fiscal consolidation (rise in the structural primary balance) of 0.8 percentage point of GDP during 2022–24. Exceptions to this pattern include, for example, Argentina, where despite a decline, debt levels remain high, and the fiscal stance is expected to continue tightening to secure fiscal and debt sustainability.

Growth Forecast for Emerging Market and Developing Economies

For emerging market and developing economies, growth is projected to decline relatively modestly, from 4.1 percent in 2022 to 4.0 percent in both 2023 and 2024, with a downward revision of 0.1 percentage point for 2024 compared with the July 2023 WEO Update projection. However, this average path hides regional divergences, with growth in two of the five main geographic regions rising in 2023 and then falling in 2024.

Growth in the Middle East and Central Asia is projected to decline from 5.6 percent in 2022 to 2.0 percent in 2023, before picking up to 3.4 percent in 2024, with a 0.5 percentage point downward revision for 2023 and a 0.2 percentage point upward revision for 2024. The change for 2023 is attributable mainly to a steeper-than-expected growth slowdown in Saudi Arabia, from 8.7 percent in 2022 to 0.8 percent in 2023, with a negative revision to the latter of 1.1 percentage point. The downgrade for growth in Saudi Arabia in 2023 reflects announced production cuts, including unilateral cuts and those in line with an agreement through OPEC. Private investment, including that from “giga project” implementation, continues to support non-oil GDP growth, which remains strong and unchanged from previous projections. The downgrade for 2023 also reflects cuts to the growth forecast for Sudan to about –18.3 percent (a downward revision of nearly 20 percentage points) reflecting the outbreak of conflict, deteriorating domestic security, and the worsening humanitarian situation. The upgrade for 2024 reflects the unwinding of some of the announced production cuts.

INDIAN ECONOMY

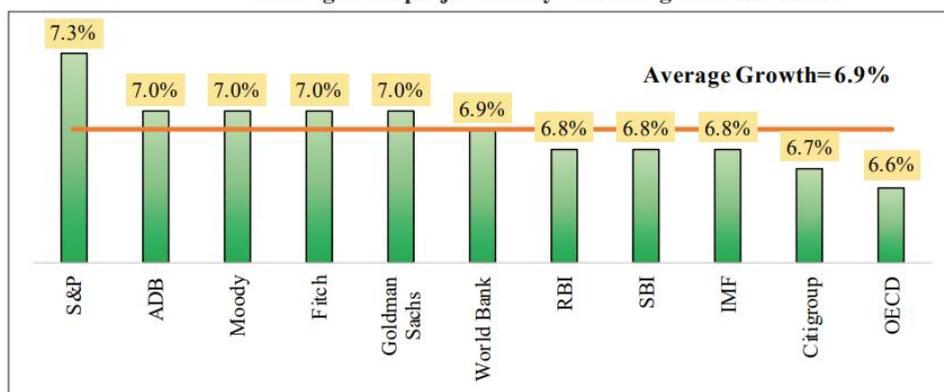

For India, 2022 was special. It marked the 75th year of India’s Independence. India became the world’s fifth largest economy, measured in current dollars. Come March, the nominal GDP of India will be around US\$ 3.5 trillion. In real terms, the economy is expected to grow at 7 per cent for the year ending March 2023. This follows an 8.7 per cent growth in the previous financial year. The rise in consumer prices has slowed considerably. The annual rate of inflation is below 6 per cent. Wholesale prices are rising at a rate below 5 per cent. The export of goods and services in the first nine months of the financial year (April – December) is up 16 per cent compared to the same period in 2021-22. Although the high oil price this year compared to last inflated India’s import bill and caused the merchandise trade deficit to balloon, concerns over the current account deficit and its financing have ebbed as the year rolled on. Foreign exchange reserve levels are comfortable and external debt is low. India had a good monsoon, and reservoir levels are higher than last year and the 10-year average. The fundamentals of the Indian economy are sound as it enters its Amrit Kaal, the 25-year journey towards its centenary as a modern, independent nation. Policies pursued carefully and consciously have ensured that the recovery is robust and sustainable.

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022. However, the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policy rates by the US Fed. The widening of the CAD may also continue as global commodity prices remain elevated and the growth momentum of the Indian economy remains strong. The loss of export stimulus is further possible as the slowing world growth and trade shrinks the global market size in the second half of the current year. Despite these, agencies worldwide continue to project India as the fastest-growing major economy at 6.5-7.0 per cent in FY23. These optimistic growth forecasts stem in part from the resilience of the Indian economy seen in the rebound of private consumption seamlessly replacing the export stimuli as the leading driver of growth. The uptick in private consumption has also given a boost to production activity resulting in an increase in capacity utilisation across sectors. The rebound in consumption was engineered by the near-universal vaccination coverage overseen by the government that brought people back to the streets to spend on contact-based services, such as restaurants, hotels, shopping malls, and cinemas, among others. The world’s second-largest vaccination drive involving more than 2 billion doses also served to lift consumer sentiments that may prolong the rebound in consumption. Vaccinations have facilitated the return of migrant workers to cities to work in construction sites as the rebound in consumption spilled over into the housing market. This is evident in the housing market witnessing a significant decline in inventory overhang to 33 months in Q3 of FY23 from 42 months last year. The Capital Expenditure (Capex) of the central government, which increased by 63.4 per cent in the first eight months of FY23, was another growth driver of the Indian economy in the current year, crowding in the private Capex since the January-March quarter of 2022. On current trends, it appears that the full year’s capital expenditure budget will be met. A sustained increase in private Capex is also imminent with the strengthening of the balance sheets of the Corporates and

the consequent increase in credit financing it has been able to generate. A much-improved financial health of well-capitalised public sector banks has positioned them better to increase the credit supply. Consequently, the credit growth to the Micro, Small, and Medium Enterprises (MSME) sector has been remarkably high, over 30.6 per cent, on average during Jan-Nov 2022, supported by the extended Emergency Credit Linked Guarantee Scheme (ECLGS) of the Union government. The increase in the overall bank credit has also been influenced by the shift in borrower’s funding choices from volatile bond markets, where yields have increased, and external commercial borrowings, where interest and hedging costs have increased, towards banks. If inflation declines in FY24 and if real cost of credit does not rise, then credit growth is likely to be brisk in FY24. India’s economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in the Employee Provident Fund. Still, private capex soon needs to take up the leadership role to put job creation on a fast track. Recovery of MSMEs is proceeding pace, as is evident in the amounts of Goods and Services Tax (GST) they pay, while the Emergency Credit Linked Guarantee Scheme (ECLGS) is easing their debt servicing concerns. The Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) has been directly providing jobs in rural areas and indirectly creating opportunities for rural households to diversify their sources of income generation. Schemes like PM-Kisan and PM Garib Kalyan Yojana have helped in ensuring food security in the country, and their impact was also endorsed by the United Nations Development Programme (UNDP). The results of the National Family Health Survey (NFHS) also show improvement in rural welfare indicators from FY16 to FY20, covering aspects like gender, fertility rate, household amenities, and women empowerment. Global growth has been projected to decline in 2023 and is expected to remain generally subdued in the following years as well. The slowing demand will likely push down global commodity prices and improve India’s CAD in FY24. However, a downside risk to the Current Account Balance stems from a swift recovery driven mainly by domestic demand and, to a lesser extent, by exports. The CAD needs to be closely monitored as the growth momentum of the current year spills over into the next. Growth is expected to be brisk in FY24 as a vigorous credit disbursal, and capital investment cycle is expected to unfold in India with the strengthening of the balance sheets of the corporate and banking sectors. Further support to economic growth will come from the expansion of public digital platforms and path-breaking measures such as PM GatiShakti, the National Logistics Policy, and the Production-Linked Incentive schemes to boost manufacturing output.

Monetary tightening by the RBI, the widening of the CAD, and the plateauing growth of exports have essentially been the outcome of geopolitical strife in Europe. As these developments posed downside risks to the growth of the Indian economy in FY23, many agencies worldwide have been revising their growth forecast of the Indian economy downwards. These forecasts, including the advance estimates released by the NSO, now broadly lie in the range of 6.5-7.0 per cent. Despite the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up to the pandemic. IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy, if India is still expected to grow between 6.5 and 7.0 per cent, and that too without the advantage of a base effect, it is a reflection of India’s underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy.

India’s economic resilience can be seen in the domestic stimulus to growth seamlessly replacing the external stimuli. The growth of exports may have moderated in the second half of FY23. However, their surge in FY22 and the first half of FY23 induced a shift in the gears of the production processes from mild acceleration to cruise mode. Manufacturing and investment activities consequently gained traction. By the time the growth of exports moderated, the rebound in domestic consumption had sufficiently matured to take forward the growth of India’s economy. Private Consumption as a percentage of GDP stood at 58.4 percent in Q2 of FY23, the highest among the second quarters of all the years since

2013-14, supported by a rebound in contact-intensive services such as trade, hotel and transport, which registered sequential growth of 16 per cent in real terms in Q2 of FY23 compared to the previous quarter.

Although domestic consumption rebounded in many economies, the rebound in India was impressive for its scale. It contributed to a rise in domestic capacity utilisation. Domestic private consumption remains buoyant in November 2022, as indicated by Motilal Oswal’s Economic Activity Index. The index estimates that private consumption grew at a five-month high pace of 5.6 per cent YoY, driven by auto sales and broad-based expansion of services.

The near-universal coverage of vaccination in India overseen by the government was the single most important reason that brought people out to the streets to re-experience the “bazaar” as the marketplace was rapidly populated with service providers returning to resume business. The contact-based service providers like restaurants, hotels, shopping malls, cinemas, and tourist destinations, among others, soon ran up a thriving business and have significantly contributed to keeping up the consumer sentiments, as captured in repeated surveys. If, on the one hand, the universal vaccination coverage saved lives, on the other, it served as a health stimulant to raise consumer sentiments and thus the recovery and growth of the economy.

Improving consumer confidence

The rebound in consumption has also been supported by the release of “pent-up” demand, a phenomenon not again unique to India but nonetheless exhibiting a local phenomenon influenced by a rise in the share of consumption in disposable income. Since the share of consumption in disposable income is high in India, a pandemic-induced suppression of consumption built up that much greater recoil force. Hence, the consumption rebound may have lasting power. Accelerating growth in personal loans in India testifies to an enduring release of “pent-up” demand for consumption. RBI’s most recent survey of consumer confidence released in December 2022 pointed to improving sentiment with respect to current and prospective employment and income conditions.

The “release of pent-up demand” was reflected in the housing market too. Demand for housing loans picked up. Consequently, housing inventories have declined, prices are firming up, and construction of new dwellings is picking up pace. This has stimulated innumerable backward and forward linkages that the construction sector is known to carry. The

universalisation of vaccination coverage also has a significant role in lifting the housing market as, in its absence, the migrant workforce could not have returned to construct new dwellings.

Apart from housing, construction activity, in general, has significantly risen in FY23 as the much-enlarged capital budget (Capex) of the central government and its public sector enterprises is rapidly being deployed. Going by the Capex multiplier estimated for the country, the economic output of the country is set to increase by at least four times the amount of Capex. States, in aggregate, are also performing well with their Capex plans. Like the central government, states also have a larger capital budget supported by the centre’s grant-in-aid for capital works and an interest-free loan repayable over 50 years.

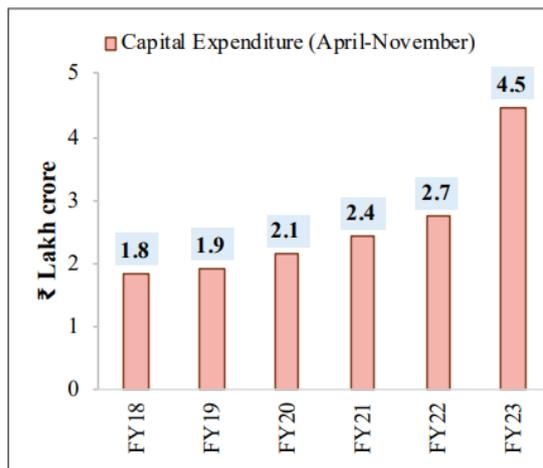

Total capital expenditure grew at an average rate of 13.0% during FY12 and FY22

A capex thrust in the last two budgets of the Government of India was not an isolated initiative meant only to address the infrastructure gaps in the country. It was part of a strategic package aimed at crowding-in private investment into an economic landscape broadened by the vacation of non-strategic PSEs (disinvestment) and idling public sector assets. Three developments support this. First, the significant increase in the Capex budget in FY23, as well as its high rate of spending. Second, direct tax revenue collections have been highly buoyant, and so have GST collections, which should ensure the full expending of the Capex budget within the budgeted fiscal deficit. The growth in revenue expenditure has also been limited to pave the way for higher growth in Capex. Third, the pick-up in private sector investment since the January-March quarter of 2022. Evidence shows an increasing trend in announced projects and capex spending by the private players. Surveys of leading industry CEOs also reveal their plans and commitment to increasing Capex.

While an increase in export demand, rebound in consumption, and public capex have contributed to a recovery in the investment/manufacturing activities of the corporates, their stronger balance sheets have also played a big part in equal measure to realising their spending plans. As per the data on non-financial debt from the Bank for International Settlements, in the course of the last decade, Indian non-financial private sector debt and non-financial corporate debt as a share of GDP declined by nearly thirty percentage points. This limited the increase in interest costs, which, together with possible savings on overheads during lockdowns, contributed to the recent fortification of corporate balance sheets by higher profits. In FY22, the surge in exports also contributed to increasing profits in the corporate world. After-tax profits were also boosted by the lower taxes announced in 2019. Better profitability helped corporates pay down debt. Consequently, not only do corporations have more scope to borrow now, but their improved financial health has also reassured their prospective lenders to expand their credit portfolios. As per Axis Bank Business and Economic Research, Capex by the Corporate sector increased to ₹3.3 lakh crore in H1 of FY23, driven by heavy investments in electricity, steel, chemicals, auto and pharmaceuticals sectors.

The banking sector in India has responded in equal measure to the demand for credit. The Year-on-Year growth in credit since the January-March quarter of 2022 has moved into double-digits and is rising across most sectors. The credit growth to the MSME sector has been remarkably high, over 30.5 per cent, on average, during Jan-Nov 2022, supported

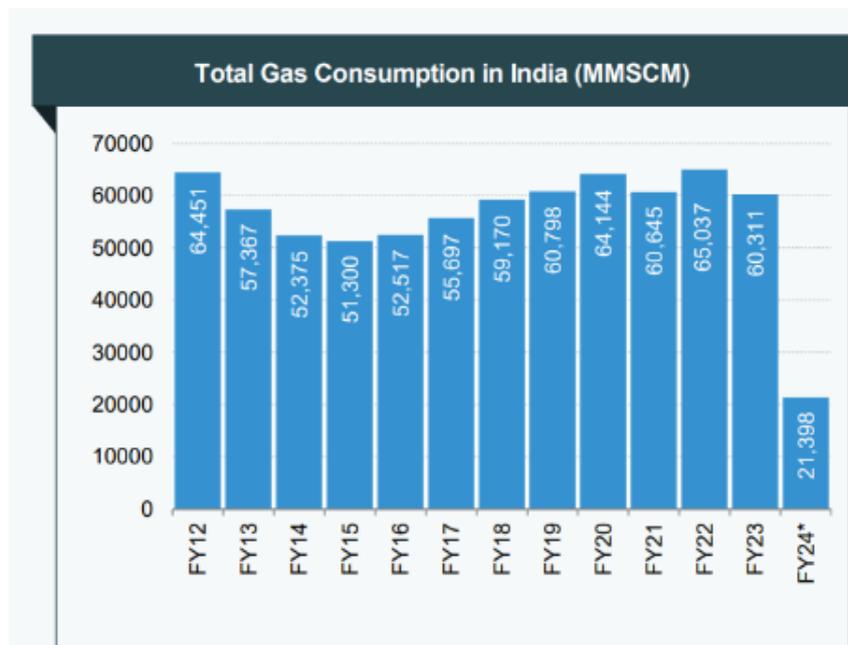

by the extended ECLGS of the central government. The aggressive supply of credit by the banking sector has as much been triggered by their improved financial health as that of the corporates. The finances of the public sector banks have seen a significant turnaround, with profits being booked at regular intervals and their Non-Performing Assets (NPAs) being fast-tracked for quicker resolution/liquidation by the Insolvency and Bankruptcy Board of India (IBBI). At the same time, the government has been providing adequate budgetary support for keeping the PSBs well-capitalised, ensuring that their Capital Risk-Weighted Adjusted Ratio (CRAR) remains comfortably above the threshold levels of adequacy. The successful macro stress tests performed on the banking sector further testify to its financial strength. It does help that the banking sector has negligible cross-border claims in times when currency risk is high. Nonetheless, financial strength has helped banks make up for lower debt financing provided by corporate bonds and External Commercial Borrowings (ECBs) so far in FY23. Rising yields on corporate bonds and higher interest/hedging costs on ECBs have made these instruments less attractive than the previous year.

RBI has projected headline inflation at 6.8 percent in FY23, which is outside its target range. At the same time, it is not high enough to deter private consumption and also not so low as to weaken the inducement to invest. Moderately high inflation has further ensured the anchoring of inflationary expectations preventing prices from weakening demand and growth in India. Additionally, with inflation on the declining path, the interest cost of domestic credit will likely decline, inducing a further increase in demand for credit by corporates and retail borrowers. OIL AND GAS INDUSTRY: INDIAN PERSPECTIVE

The oil and gas sector is among the eight core industries in India and plays a major role in influencing the decision-making for all the other important sections of the economy.

India's economic growth is closely related to its energy demand, therefore, the need for oil and gas is projected to increase, thereby making the sector quite conducive for investment. India retained its spot as the third-largest consumer of oil in the world as of 2022.

The Government has adopted several policies to fulfill the increasing demand. It has allowed 100% foreign direct investment (FDI) in many segments of the sector, including natural gas, petroleum products and refineries, among others. The FDI limit for public sector refining projects has been raised to 49% without any disinvestment or dilution of domestic equity in existing PSUs. Today, it attracts both domestic and foreign investment, as attested by the presence of companies such as Reliance Industries Ltd (RIL) and Cairn India. The industry is expected to attract US\$ 25 billion investment in exploration and production by 2022. India is already a refining hub with 23 refineries, and expansion is planned for tapping foreign investment in export-oriented infrastructure, including product pipelines and export terminals.

India's crude oil production in FY23 stood at 29.2 MMT (33.66 BCM).

Market Size

- Domestic Natural Gas Production- The domestic Gross Production of natural gas for the from April-September 2023 period has shown an increase of ~4% when compared from April-September 2022 i.e., an increase of ~695 MMSCM from 17184 MMSCM in April-September 2022 to 17879 MMSCM in April-September 2023.
- LNG Import to India : The LNG Imports in volume terms increased by ~12.7% i.e. from 13680 MMSCM in the period April-September 2022 to 15416 MMSCM in the period April-September 2023. However, the LNG Imports in US \$ terms has shown a decrease of ~ 31.2% i.e. from US \$ 9.43 Billion in the period April-September 2022 to US \$ 6.49 Billion in the period April-September 2023. (*Data may vary from DGCIS data)
- LNG Terminal Capacity Utilisation : With the commencement of operations of Dhamra LNG terminal, the total LNG capacity in the country has increased to 47.7 MMTPA (Konkan LNG Terminal only HP stream of 2.9 MMTPA is commissioned). The utilization of LNG terminal capacity of 47.7 MMTPA in the period April-September 2023 ranged from ~12.5% (Mundra LNG Terminal) Million to ~94.31% (Dahej LNG terminal).
- From Natural Gas availability perspective: Total Consumption (including for internal use i.e Net Production+ LNG import) showed an increase of ~ 8.1% to 32920 MMSCM (April-September 2023) from 30451 MMSCM (April-September 2022).
- Sectoral Consumption of Natural Gas: Major Sectors for NG consumption during April-September 2023 were Fertilizer (31 %) , CGD (20%), Power (15%) , Refinery (8%) and Petrochem (4 %)
- Natural Gas Pipeline infrastructure- is an economical and safe mode of transporting natural gas by connecting gas sources to gas consuming markets. Gas pipeline grid determines the structure of the gas market and its development. Therefore, an interconnected National Gas Grid has been envisaged to ensure the adequate availability and equitable distribution of natural gas in all parts of the country. At present (upto June 2023), the Natural Gas pipeline network in the country is about 35,515 Kms (P) km long including Tie-in connectivity, dedicated & Sub Transmission Pipelines (STPL) . In order to make available natural gas across the country, it has been envisaged to develop the National Gas Grid and the same are at various stages of development. This would ensure easy availability of natural gas across all regions and potentially help to achieve uniform economic and social progress.
- In terms of Gas Distribution infrastructure, in CNG there are 6035 CNG stations in 283 GAs/CNG area being operated by about 57 CGD entities and in PNG there are 11876511 PNG connections (DPNG- 11819955 Nos., Commercial- 39123 Nos, Industrial- 17433) in 216 GAs being operated by about 50 CGD entities.

Investments/Recent Developments

According to the data released by the Department for Promotion of Industry and Internal Trade (DPIIT), FDI inflows in India's petroleum and natural gas sector stood at US\$ 8.15 billion between April 2000-March 2023.

Following are some of the major investments and developments in the oil and gas sector:

- India has about 10,938 kms of crude pipeline network, with a capacity of 153.1 MMTPA.
- In FY24 (until July 2023), the crude oil production in India stood at 18.08 MMT.
- India's oil and gas production is expected to achieve a mid-decade peak between 2023-2032, around 2027, driven by the KG-Basin projects operated by Reliance Industries Limited and Oil and Natural Gas Corporation (ONGC).
- With 11,861 kms of refined products pipeline in India, the Indian Oil Corporation Limited (IOCL) leads the segment with 52.40%, as of August 1, 2023.
- The total number of OMC retail outlets increased to 87,458, as of August 1, 2023, from 59,595 in FY17.
- In India, as of August 1, 2023, IOCL owned the highest number of retail outlets (36,527), followed by HPCL (21,290), and BPCL (21,209).
- As of August 1, 2023, there were 25,406 LPG distributors (under PSUs) in India.
- During April-July 2023, the production of coal bed methane (CBM) stood at 216.18 MMSCM.
- India's crude oil production in FY23 stood at 29.2 MMT.
- The total number of OMC retail outlets increased to 86,925, as of May 1, 2023, from 59,595 in FY17.
- As of May 1, 2023, India had 10,420 kms of crude pipeline network, with a capacity of 147.9 MMTPA.

- As announced in May, 2023, Jio-bp, the retail fuel joint venture of Reliance and bp will sell diesel mixed with detergents and dispersants at Rs. 1 cheaper per litre than gasoil sold by the state-run companies, such as IOCL, BPCL, and HPCL.
- In FY23, the oil sector's total installed provisional refinery capacity stood at 255.2 MMT, and IOC emerged as the largest domestic refiner with a capacity of 72.4 MMT.
- As of December 31, 2022, Gas Authority of India Ltd. (GAIL) had the largest share (58.72% or 19,455 kms) of the country's natural gas pipeline network (33,131 kms).
- Tata Mining Limited signed an MoU with Gas Authority of India Limited (GAIL), in order to reduce carbon footprint in its operations, and for the supply of natural gas to its Ferro Alloys Plant at Athgarh in Odisha's Cuttack district. GAIL will supply the agreed quantity of natural gas through its pipeline from Gujarat to Athgarh.
- The Petroleum and Natural Gas Regulatory Board (PNGRB), the downstream regulator, in March, 2023, announced that it has amended the PNGRB Determination of Natural Gas Pipeline Tariff regulations to incorporate provisions for Unified Tariff for natural gas pipelines with a mission of "One Nation, One Grid, and One Tariff." Based on the regulations, PNGRB has notified a levelized Unified Tariff of Rs. 73.93/MMBTU and created three tariff zones for Unified Tariff, where the first zone is up to a distance of 300 kms from the gas source, the second zone is 300-1,200 kms, and the third zone is beyond 1,200 kms.
- In February 2023, Oil India Limited commenced the project for India's first exploratory oil well in Mahanadi Onshore Basin in Odisha under OALP.
- In May 2022, ONGC announced plans to invest US\$ 4 billion from FY22-25 to increase its exploration efforts in India.
- In April 2022, Indian Oil Corporation Limited, Larsen & Toubro and Goldman Sachs-backed renewable energy producer ReNew Power formed a joint venture by signing a term sheet. This JV will develop green hydrogen projects, helping India cut down its carbon emissions.
- Exports of petroleum products from India reached 61 MMT in FY23.
- The value of exports of crude oil and petroleum products stood at US\$ 44.41 billion. In FY22, crude oil imports stood at 4.24 MBPD, which was worth US\$ 120.4 billion.
- In March 2022, the Board of IOCL approved plans to invest Rs. 7,282 crore (US\$ 932.6 million) for the development of City Gas Distribution (CGD) network in 9 geographical areas (GAs).
- In March 2022, the Board of Oil India approved an investment of Rs. 6,555 crore (US\$ 839.49 million) for Numaligarh petrochemical project.
- In January 2022, Indian Oil Corp. Ltd. (IOCL) announced plans to expand its city gas distribution (CGD) business, looking to invest Rs. 7,000 crore (US\$ 918.6 million).
- In January 2022, Adani Total Gas Ltd (ATGL), a joint venture between the Adani Group and Total Energies, won licences to expand its City Gas Distribution (CGD) network to 14 new geographical areas, with an investment of Rs. 20,000 crore (US\$ 2.62 billion).
- In November 2021, Oil and Natural Gas Corp. Ltd (ONGC) announced that it invested up to Rs. 6,000 crore (US\$ 800 million) in its petrochemicals arm (ONGC Petro Additions Ltd.) to meet its equity requirements.
- In November 2021, Indian Oil, Bharat Petroleum Corporation Limited and Hindustan Petroleum Corporation Limited announced the launch of the Model Retail Outlet Scheme and a Digital Customer Feedback Programme called Darpan@petrolpump. These three oil PSUs have joined hands to launch model retail outlets to enhance service standards and amenities across their networks, which serve over six crore consumers every day.
- Government Initiatives
- Some of the major initiatives taken by the Government of India to promote the oil and gas sector are:
 - On May 21, 2022, the Government announced a reduction in excise duty of Rs. 8 (US\$ 0.10) per litre on petrol and Rs. 6 (US\$ 0.077) per litre on diesel.
 - In May 2022, the government approved changes in the Biofuel Policy to bring forward the target for 20% ethanol blending with petroleum to 2025-26 from 2030.
 - In the Union Budget 2022-23, the customs duty on certain critical chemicals such as methanol, acetic acid and heavy feed stocks for petroleum refining were reduced.

- In February 2022, Minister of Petroleum & Natural Gas, and Housing & Urban Affairs, Mr. Hardeep Singh Puri, said that India will more than double its exploration area of oil and gas to 0.5 million sq. km. by 2025 and to 1 million sq. km. by 2030 with a view to increase domestic output.
- In 2022, the Ministry of Petroleum and Natural Gas launched the ninth bid round under the OALP. Under this round, investors have been offered around 223,031.4 square kilometres.
- In November 2021, India announced that it will release 5 million barrels of crude oil from its strategic petroleum reserves in a concerted effort to bring down global crude oil prices. This is roughly equivalent to a day's consumption in the country.
- In November 2021, the government set up a committee to work out measures needed to make natural gas available to power plants at reasonably stable prices.
- In October 2021, the Union Ministry of Petroleum & Natural Gas approved a revised project cost of US\$ 3.8 billion (Rs. 28,026 crore) to increase refining capacity for the ongoing Numaligarh Refinery Expansion Project from 3 to 9 MMTPA.
- In September 2021, the Indian government approved oil and gas projects worth Rs. 1 lakh crore (US\$ 13.46 billion) in Northeast India. These projects are expected to be completed by 2025.
- In September 2021, India and the US agreed to expand their energy collaboration by focusing on emerging fuels. This was followed by a ministerial conference of the US-India Strategic Clean Energy Partnership (SCEP).
- In July 2021, the Department for Promotion of Industry and Internal Trade (DPIIT) approved an order allowing 100% foreign direct investments (FDIs) under automatic route for oil and gas PSUs.
- The Government is planning to set up around 5,000 compressed biogas (CBG) plants by 2023.

Road Ahead

Rapid economic growth is leading to greater outputs, which in turn is increasing the demand of oil for production and transportation. Crude oil consumption is expected to grow at a CAGR of 5.14% to 500 million tonnes by FY40 from 202.7 million tonnes in FY22. In terms of barrels, India's oil consumption is forecast to rise from 4.05 MBPD in FY22 to 7.2 MBPD in 2030 and 9.2 MBPD in 2050. Diesel demand in India is expected to double to 163 MT by 2029-30, with diesel and petrol covering 58% of India's oil demand by 2045. Demand is not likely to simmer down anytime soon, given strong economic growth and rising urbanisation.

Indian refiners would add 56 million tonnes per annum (MTPA) by 2028 to increase domestic capacity to 310 MTPA.

India is planning to double its oil refining capacity to 450-500 million tonnes by 2030.

Energy demand of India is anticipated to grow faster than energy demand of all major economies globally on the back of continuous robust economic growth. Moreover, the country's share in global primary energy consumption is projected to increase to two-fold by 2035.

Natural Gas Industry

As per recent GOI declarations, in India the share of natural gas in energy basket is 6.7%. The Government has set a target to raise the share of natural gas in energy mix to 15% in 2030. Various steps have been taken by the Government in this direction. These, inter-alia, include expansion of National Gas Grid (24,623 kms operational and 10,860 km under construction), expansion of City Gas Distribution (CGD) network (300 Geographical Areas (GAs) with Minimum Work Plan of approx. 12.50 crore PNG connections, 17,751 CNG Stations and 5.42 lakh inch-km pipeline by 2023) and setting up of Liquefied Natural Gas (LNG) Terminals (current 47.7 MMTPA capacity to 66.7 MMTPA), etc. As regards increase in production of Natural Gas, there has been approx 20% increase in natural gas production from 28.7 billion cubic meters (BCM) in 2020-21 to 34.45 BCM in 2022-23. For increasing domestic gas production, Government has notified Hydrocarbon Exploration and Licensing Policy (HELP) on 30th March 2016. Government further notified policy reforms on 28th February 2019 with concessional royalty/royalty holiday provisions, relaxed approvals, reduced revenue share from Category II & III type of basins for early monetization of fields along with Marketing and Pricing freedom for natural gas.

BUSINESS OVERVIEW

The following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in the Prospectus, including the information contained in the section titled “Risk Factors” on Page no. 28 of this Draft Red Herring Prospectus. In this chapter, unless the context requires otherwise, any reference to the terms “We”, “Us”, “Positron”, “PEL” and “Our” refers to Our Company. Unless stated otherwise, the financial data in this section is as per our Restated financial statements prepared in accordance with Accounting Standard set forth in the Draft Red Herring Prospectus.

Our Company was originally registered in the name of “Positron Energy Private Limited” and received a certificate of incorporation dated February 15, 2008 from the Registrar of Companies, Gujarat, Dadra and Nagar Haveli under The Companies Act, 1956. Later on, our Company was converted into a Public Limited Company pursuant to shareholders resolution passed at Extra-ordinary General Meeting of our Company held on December 23, 2023 and the name of our Company was changed to “Positron Energy Limited”. A fresh Certificate of Incorporation consequent upon conversion from Private Limited Company to Public Limited Company dated January 02, 2024 was issued by the Registrar of Companies, Ahmedabad. The Corporate Identification Number of our Company is U01403GJ2008PLC052932.

Our Company for the initially 11 years were mere engaged in the Management & Technical Advisory Services of Oil and Gas Industry. Later on, in the FY 2018-19, our promoters planned to commence the aggregation business of Coal Bed Methan Gas (CBM) for supplying to industrial unit. After having successful business of CBM Gas aggregation also, as per the demand of industrial units, our Company in July 2022 decided to aggressively commence the business of Natural Gas aggregation for such industrial unit.

Our Company was started by our Promoters Mr. Rajiv Menon, Mr. Manav Bahri and Mr. Sujit K Sugathan. Our Promoters have combined experience of more than 45 years in the Gas and Oil Industry. Our Promoters have been pillars of our Company’s growth and have built a strong value and eco - system. With their enriching experience and progressive thinking, we aim to continue to grow in the Oil & Gas industry.

We are engaged in Management & Technical Advisory Services of Oil and Gas Industry. We provide end to end solutions for Gas distribution to the Industries across India. We provide Management Consultancy Services like commercial and financial advisory, technical services including Project Management and O&M (Operation and Management) Services, across the Gas Sector in India. We have successfully developed a Gas aggregation business volume of 35 MMSCM (approx), especially Natural Gas. Our technical qualifications and empanelment with most industrial customers attest to our reliability and competence. Moreover, distribution of Natural gas is facilitated through common carrier pipeline networks operated by major public and private sector players in the Indian market.

Our Company is an ISO 9001:2015 and ISO 45001:2018 certified company. The quality certification is towards providing consultancy services, O&M services to the Oil & Gas sector. We have in-house capabilities to deliver a project from conceptualization to completion with fast turnaround time from acquisition to launch to completion, which focuses on de-risking and improving return on investment. Our core competence lies in professional management and attracting and retaining talent to maximize value creation. Since incorporation, we have provided services to major companies which are engaged in the Oil & Gas Sector, including both PSUs and private companies. Our Company has demonstrated a prominent presence in the Oil and Gas Sector and has developed significant expertise and competencies in this field. Our Company aims to leverage its strength and continue expansion into the Oil and Gas sector lead our company to desired growth trajectory.

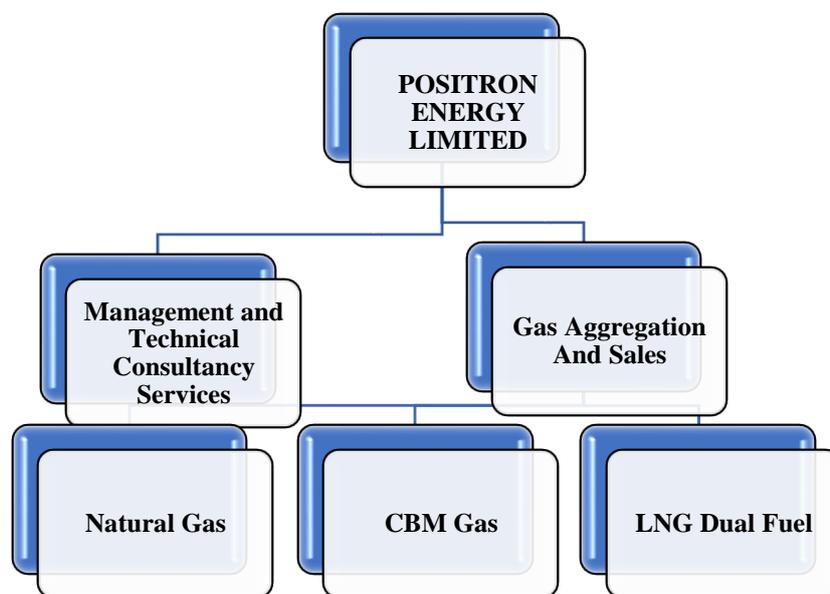

In addition to our operational endeavours, our business is secured with the Indian Gas Exchange (IGX) through its clearing member. This client membership enables us to source natural gas on-demand for our short-term requirements from the free market, where prices are determined through a transparent exchange mechanism. Moreover, it also provides flexibility to offload excess Gas if necessary. Our current portfolio includes a substantial daily volume of 4000-5000 MMBTU of gas from various sources. We engage in long-term contracts linked with formulas, determined through mutual discussions with our customers.

Our services are consistent round the year. We are a quality conscious company. We are constantly striving to expand our service portfolio and we always look forward to complementing projects of our clients

Our Company has entered into collaboration agreement with ICOM North America LLC (New Hudson, MI) for installation of ICOM Dual Fuel LNG conversion systems in on-road trucks weighing over 3.5 tons in India. The new system will result in reduction in emissions with the utilization of LNG contributing to environmental sustainability. The dual-fuel system allows for cost-effective operation with the flexibility of fuel ratios. The product has undergone thorough testing under Indian operating conditions, ensuring optimal performance and reliability. We are currently in the process of obtaining technical approvals from the Automotive Research Association of India (ARAI).

OUR BUSINESS MODEL

We derive our revenue from 2 major business verticals:

Our Business can be classified under the following heads.

1. MANAGEMENT AND TECHNICAL CONSULTANCY SERVICES

Leveraging our profound understanding of the Oil and Gas industry, we extend our expertise to offer Management and Technical Consultancy services to major players in the Indian Oil and Gas sector. Our consultancy services cover a spectrum of issues, including Demand Assessment Studies, SWOT & Gap Analytical Studies, Technical Due Diligence, Project Tendering, Commercial Feasibility Studies, and comprehensive market and opportunity assessments. We take pride in delivering customized and innovative solutions to address specific challenges faced by our valued customers.

Under this vertical, we primarily provide 2 major services:

Management Consultancy.

Our Company is providing Management Consulting to Oil & Gas Sector comprising of Regulatory Studies/Advisory & Liaisoning, Technical Feasibility Studies & Report, Commercial Feasibility Studies & Report, a comprehensive market and opportunity assessment, Compressed Bio Gas Project Advisory and Consultancy etc.

Technical Services

Our Company is a single window solution provider to host of requirements in CGD and Oil and Gas Sector. We provide Project Management Consultation (PMC), Operations and Maintenance of CGD (City Gas Distribution) Network, Operations and Maintenance of CNG and Small-scale LNG, Execution Projects for CGD Infrastructure etc.

2. GAS AGGREGATION AND SALES

Under this vertical, we primarily have the following 3 services:

Natural Gas Aggregation and Sales

Our core business revolves around the strategic sourcing and marketing of both natural gas and Regasified Liquefied Natural Gas (R-LNG). Recognizing the environmental advantages of gas over traditional fuels, we emphasize its cleanliness, lower Green House Gas emissions, and reduced environmental impact. We offer competitive gas prices, with the ability to structure pricing and tax models tailored to meet the unique needs of our diverse customer base. Our company serves as a comprehensive single-window solution provider for various requirements in the City Gas Distribution (CGD) and Oil & Gas sector. With a focus on industrial units across India, we aggregate gas from multiple sources, ensuring competitiveness in the market.

We possess expertise in managing the entire value chain, adhering to regulations set by the Petroleum and Natural Gas Regulatory Board (PNGRB). Our commitment is to provide complete and flexible solutions to customers, addressing their specific needs efficiently and competitively.

Our current portfolio includes a substantial daily volume of 4000-5000 MMBTU of gas from various sources. We engage in long-term contracts linked with formulas, determined through mutual discussions with our customers.

Gas on Wheel Solution:

Our 'Gas on Wheel' solution stands as a pioneering initiative in providing innovative and efficient solutions for the monetization of stranded gas from isolated fields. This unique approach caters to industries, commercial clusters, and geographically remote areas where pipeline connectivity is a challenge. Our expertise extends to the design and execution of comprehensive Gas off-take facilities, Compression & Filling facilities, and obtaining necessary approvals, including those from the Petroleum and Explosives Safety Organization (PESO) for both Compressed Natural Gas (CNG) and Liquefied Natural Gas (LNG) distribution.

LNG Distribution Solution for Industries and Commercial Clusters:

Our company specializes in providing LNG Distribution Solutions tailored for industries, commercial clusters, and areas not connected to pipelines. This comprehensive service encompasses the marketing and delivery of Liquefied Natural Gas (LNG) from terminals to targeted sites. From project initiation to execution and ongoing operations, we manage the entire process, including equipment selection and configuration for required capacities, project management, LNG logistics, and on-site operations. Our commitment revolves around delivering critical milestones, ensuring timely project execution, continuous LNG supply, and uninterrupted operations for various applications.

This strategic segmentation not only enables us to offer a holistic suite of services but also positions us as a versatile and responsive entity within the Oil and Gas sector. By excelling in each of these two distinct business segments, we continue to redefine industry standards, fostering growth, and embracing innovation. Our commitment to excellence remains unwavering, propelling us forward as pioneers in the evolving landscape of Oil, Natural Gas, and Energy. In summary, our Gas Sales and Distribution business is characterized by a commitment to environmental sustainability, competitive offerings, adherence to regulations, and a strategic focus on market growth and customer satisfaction. Through a combination of innovative solutions and industry best practices, we aim to remain a key player in the evolving gas industry landscape.

New Product Development: ICOM Dual Fuel LNG Conversion Systems

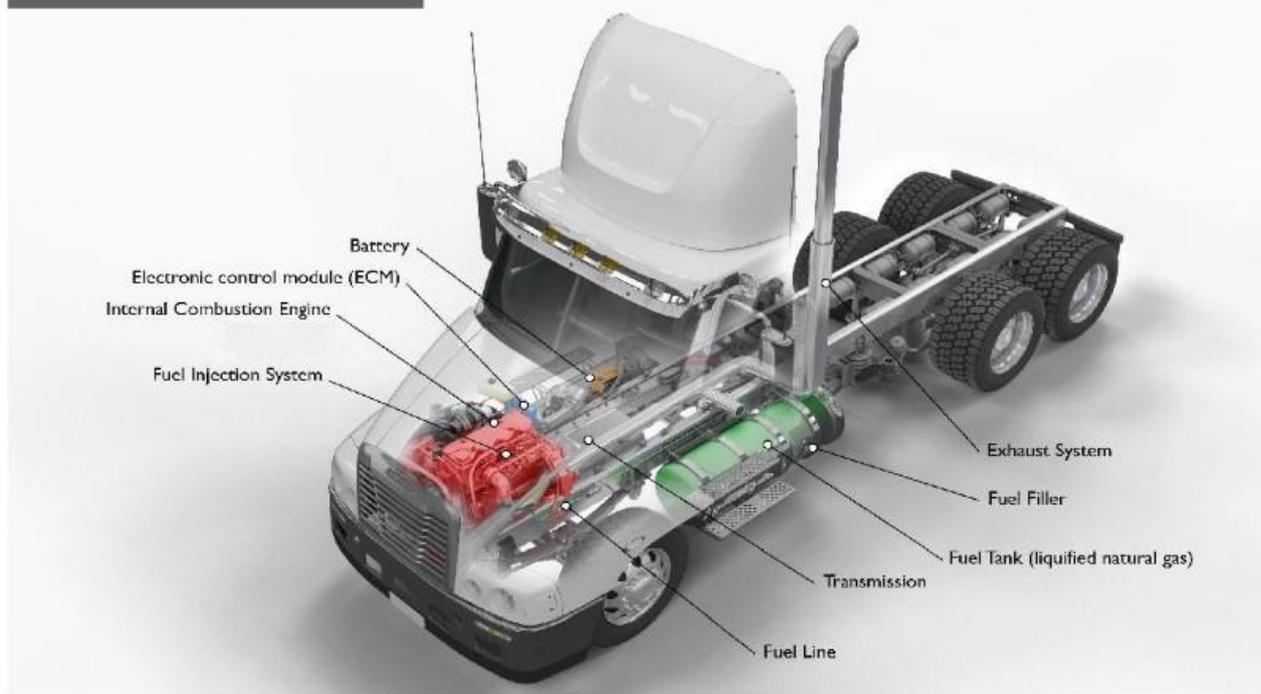

Our Company has entered into collaboration agreement with ICOM North America LLC (New Hudson, MI) for installation of ICOM Dual Fuel LNG conversion systems in on-road trucks weighing over 3.5 tons in India. The new system will result in reduction in emissions with the utilization of LNG contributing to environmental sustainability. The dual-fuel system allows for cost-effective operation with the flexibility of fuel ratios. The product has undergone thorough testing under Indian operating conditions, ensuring optimal performance and reliability. We are currently in the process of obtaining technical approvals from the Automotive Research Association of India (ARAI).

The Dual Fuel System preserves the integrity of the engine, requiring no modifications during the conversion process. Diesel Engines can efficiently operate on a mixture of LNG and Diesel, with a variable ratio of up to 60:40. The DDF control unit dynamically determines the diesel fuel injection amount and adjusts the air/gas mixture dosage in real-time. This ensures perfect operational conditions based on engine feedback. A significant Unique Selling Proposition (USP) is the system's automatic adjustment of diesel injection without requiring driver intervention.

We have successfully introduced the ICOM Dual Fuel LNG Conversion Systems to the Indian market. The product has undergone thorough testing under Indian operating conditions, ensuring optimal performance and reliability. We are currently in the process of obtaining technical approvals from the Automotive Research Association of India (ARAI). Upon receiving the necessary approvals, we plan to launch the ICOM Dual Fuel LNG Conversion Systems for commercial use in India.

The new system will result in reduction in emissions with the utilization of LNG contributing to environmental sustainability. The dual-fuel system allows for cost-effective operation with the flexibility of fuel ratios. The automatic adjustment of diesel injection without driver intervention enhances ease of use and overall efficiency.

JOURNEY OF OUR COMPANY

BUSINESS PROCESS

1. Management Consultancy and Technical Services Business

a. Consulting Business

Our Company is providing management consulting to Oil & Gas Sector comprising of following:

1. Regulatory Studies/Advisory & Liaison.

Assistance / Advisory in getting an understanding of the existing regulations pertaining to CGD in India and filing compliances.

2. Technical Feasibility Studies & Report.

We provide following services to our customers:

- Demand Assessment Studies of Geographical Areas, Clusters for present and future energy requirements,
- SWOT & Gap Analytical Studies.
- Technical Due Diligence Studies

- Project Tendering / Independent Tender Evaluation

3. Commercial Feasibility Studies & Report

We conduct Pre-feasibility / Detailed Feasibility studies, preparing detailed Bankable feasibility reports for Regulatory / Banking submissions / Validating / Feasibility studies.

4. A comprehensive market and opportunity assessment

Focusing on the City Gas Distribution (CGD) and Oil and Gas Sector, we have projects involving a range of in-depth SWOT analysis, informing clients on competition landscape, market size, growth potential and related opportunities for them to enter the industry.

5. Compressed Bio Gas Project Advisory and Consultancy

We provide complete handholding to our clients for CBG projects which include the following:

- Selection – We help in identification of right parameter and right technology
- Bridge – We support and advice in procuring feedstock sourcing, land, licenses, approvals etc.
- Optimization – We advise in optimizing the performance of the process including techno-commercial intricacies
- Execution – We execute end-to-end from planning to commissioning to offtake of the end products

b. Technical Services

Our Company is a single window solution provider to host requirements in CGD and Oil and Gas Sector. We provide:

1. Project Management Consultation (PMC)
2. PMC execution for Steel pipeline network, PE networking CNG station, specialized guidance and assistance for development of construction methodology, procedure, Network hydraulic studies and designing as per PNGRB guidelines.
3. Operation and Maintenance of CGD Network
4. Key essence of our service is SAFE operation of the CGD network. This includes mitigation of third-party damages, effective patrolling, liaisoning and timely completion of all services and complaints, adhering to the PNGRB T4S (Technical Standards and Specifications) guidelines.
5. Operation and Maintenance of CNG and Small-Scale LNG
6. Experience in operation and maintenance of electric and gas engine driven compressors to ensure uninterrupted operations and O&M service for LNG satellite stations/LNG Distribution systems & Truck Logistics.
7. Technical feasibility studies & report
8. We conduct detailed pipeline network hydraulic design solution studies, Pipeline capacity determination study report as per PNGRB, Technical due diligence studies, Project tendering/ Independent tender evaluation. Assistance for Third party T4S Audits and certification processes.
9. LNG Supply and Installation of Storage facility
10. With Strategic partnership in place we supply, install and commission the LNG and LCNG stations to various clients with PESO License and logistic support.
11. Execution Projects for CGD Infrastructure
12. Utilizing our expertise in Project Management and providing specialized construction methodology along with an expert team of skilled professionals we execute projects in CGD, Steel Pipeline Laying, Last mile connectivity, MOPE, CNG and Domestic Connections.

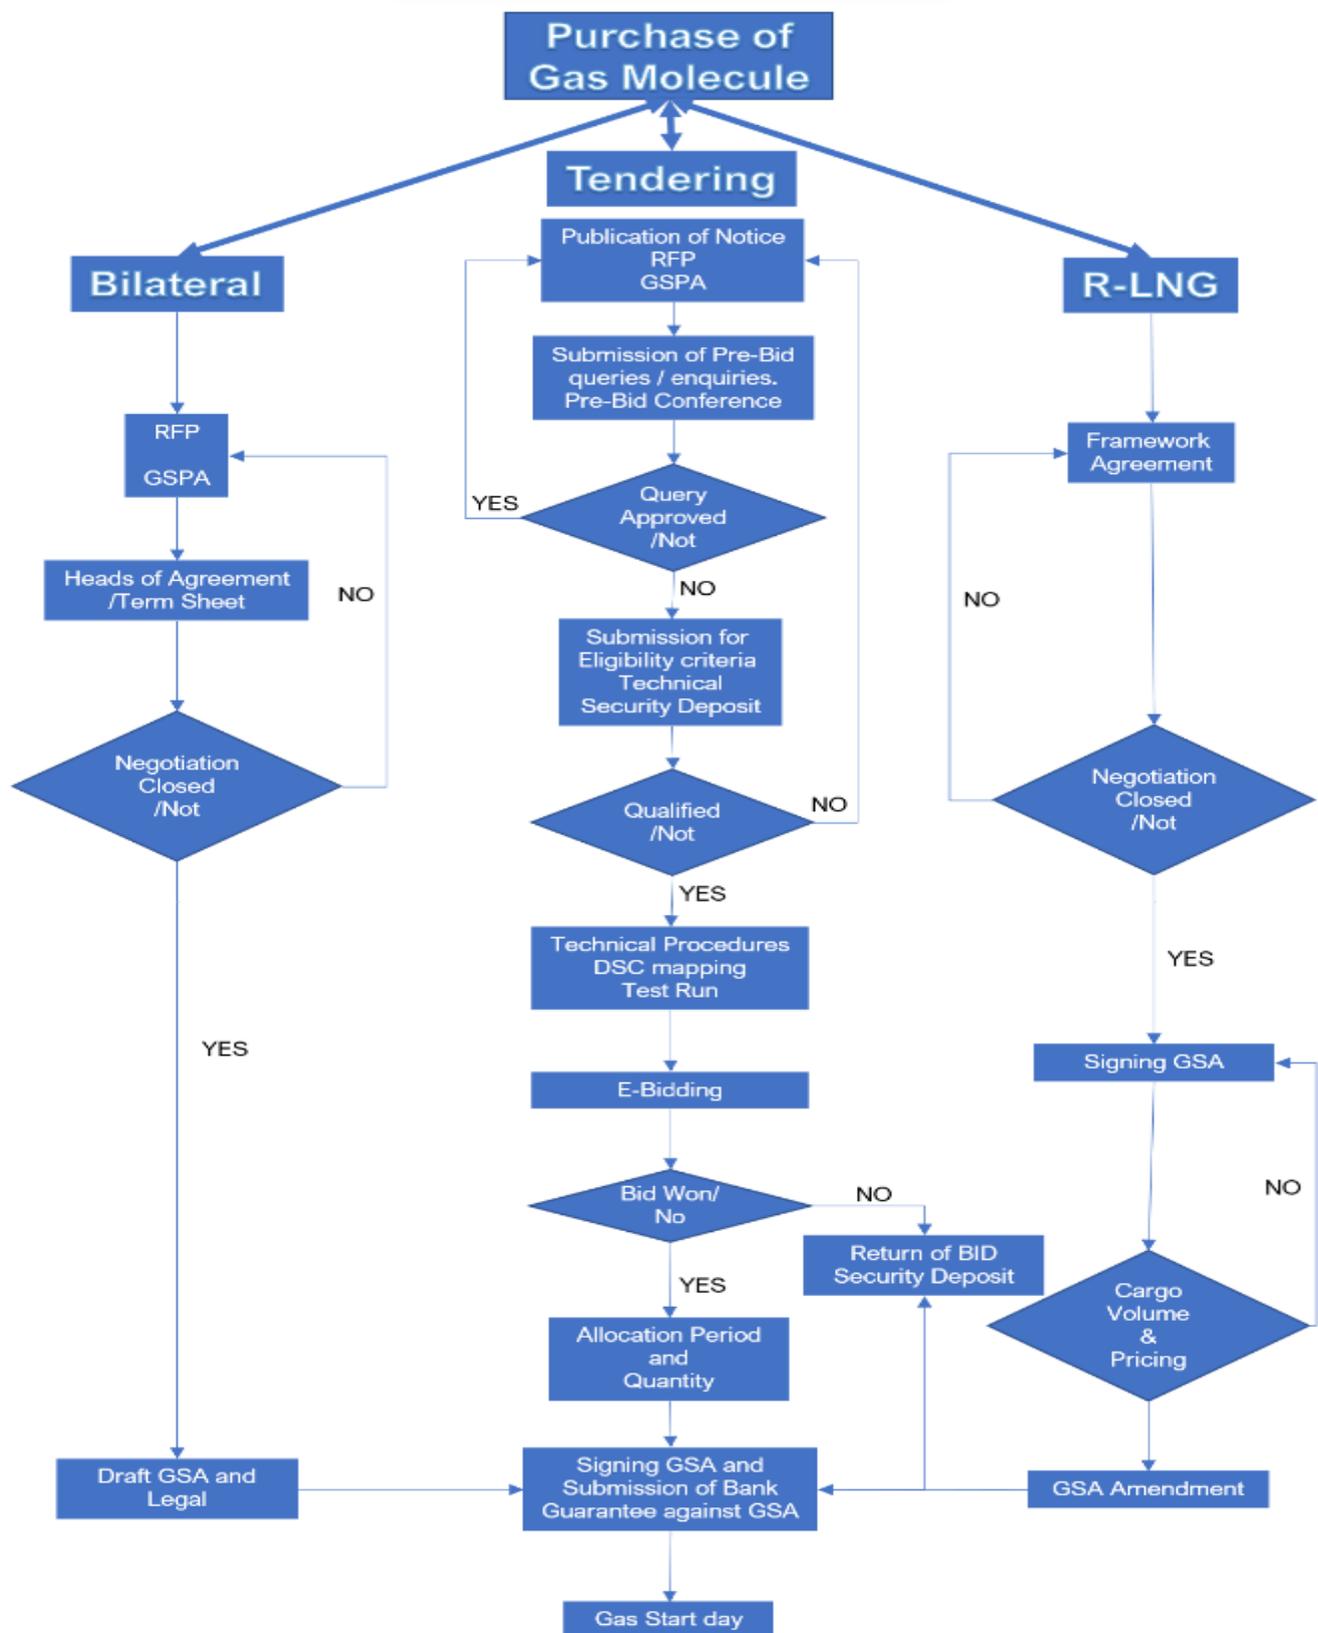

2. Natural Gas Aggregation and Sales

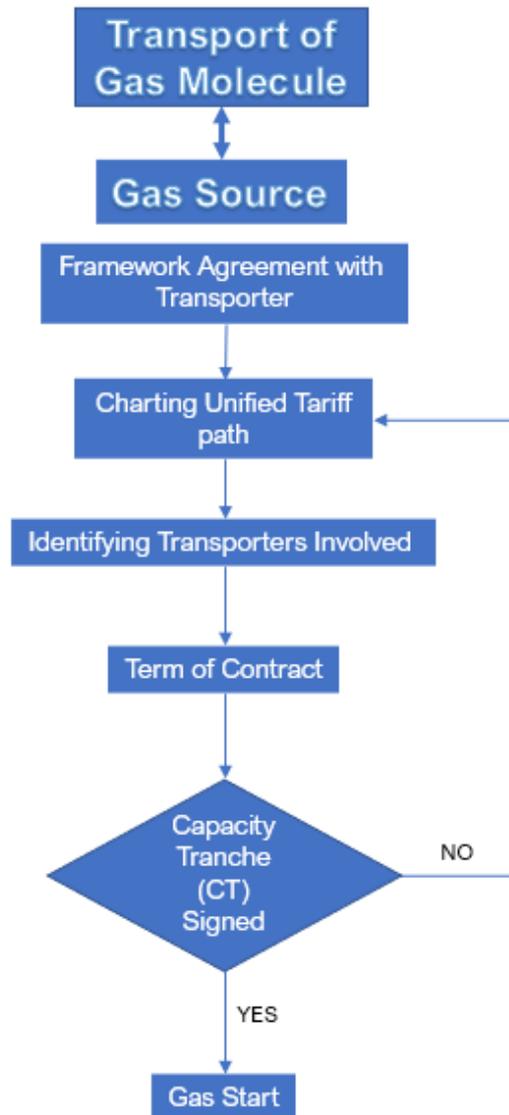

Actively participating in the tendering process allows us to secure molecules at competitive rates. We enter into Gas Sale and Purchase Agreements (GSPA) through both tendering processes and bilateral agreements with major private Oil and Gas companies.

To mitigate market risks, our company employs formula-linked pricing, aligning with the price of the Crude Index, adjusted monthly.

Following the signing of gas purchase agreements, we enter into Gas Transportation Agreements (GTA) with pipeline network operators. This customization ensures we meet the specific requirements of our customers effectively.

The detailed flow chart of the process of procurement of Natural Gas and R-LNG is given hereunder:

Process/Flow Chart: Gas on Wheel Solution:

- i. Identification of Stranded Gas Sources:** Conducting surveys and detailed analyses to identify stranded gas sources in isolated fields. Evaluating the feasibility of extracting and monetizing gas from these locations.
- ii. Gas Monetization Solution Design:** Designing facilities for efficient off-take of gas from isolated fields. Compression & Filling Facility Design: Creating facilities for compressing and filling gas for transportation.
- iii. Regulatory Approvals:** Initiating the approval process from the Petroleum and Explosives Safety Organization (PESO) for compliance with safety and regulatory standards. Ensuring adherence to all safety and environmental regulations.
- iv. Gas Transportation:** Utilizing compression facilities to enhance the gas's transportability. Filling gas into specialized containers for transportation to end-users.
- v. Delivery to End-Users:** Supplying gas to industries, commercial clusters, and other areas facing geographical challenges. Offering customized solutions based on the specific requirements of end-users.
- vi. Ongoing Monitoring and Optimization:** Implementing systems for ongoing monitoring of gas extraction, transportation, and delivery processes. Identifying areas for optimization and efficiency improvement.

Process Flow Chart: LNG Distribution Solution for Industries and Commercial Clusters:

- i. Project Initiation and Planning:** Conducting thorough market analysis to identify potential areas and industries for LNG distribution. Performing feasibility studies to assess the viability and requirements of LNG distribution in specific regions. Developing comprehensive project plans, including timelines and resource allocation.

- ii. **Equipment Selection and Configuration:** Assessing the required capacities for equipment such as storage tanks, transportation vehicles, and distribution systems. Selecting and configuring state-of-the-art equipment and technologies for efficient LNG handling and distribution.
- iii. **Project Management:** Planning the execution phase, outlining key milestones and deliverables. Coordinating resources, both human and material, for effective project implementation. Implementing quality assurance measures to ensure adherence to safety and industry standards.
- iv. **LNG Logistics:** Developing a robust supply chain management system to ensure a continuous and reliable supply of LNG. Planning the logistics of LNG transportation by road, ensuring timely and secure deliveries.
- v. **On-Site Operations:** Overseeing the installation and commissioning of LNG infrastructure at targeted sites. Managing day-to-day operations, including monitoring, maintenance, and troubleshooting. Implementing comprehensive emergency response plans for any unforeseen situations.
- vi. **Critical Deliverables:** Ensuring that the project progresses according to the outlined timelines. Establishing a reliable supply chain to guarantee a consistent and uninterrupted flow of LNG. Managing on-site operations efficiently to prevent disruptions in various applications.

Our LNG Distribution Solution reflects our commitment to innovation and efficiency, making LNG accessible and reliable for industries and commercial clusters in areas without pipeline connectivity.

OUR COMPETITIVE STRENGTH

1. Customized Solutions and Services:

- **Innovative Solutions:** Providing cutting-edge technology and innovative solutions tailored to meet the specific requirements of our customers.
- **Niche Market Presence:** Management and Technical expertise in the Oil and Gas sector give us a niche presence in the market, allowing for unique and out-of-the-box solutions.
- **Market Diversification:** Focused on diversifying the market by offering innovative solutions, competitive pricing, and superior customer service.

2. Adaptability to Changing Gas Pricing Landscape:

- **Market Dynamics Recognition:** Recognizing the evolving landscape in the natural gas sector, especially with the changing pricing dynamics.
- **Diversification Strategy:** Actively diversifying our customer base and exploring new market segments in alignment with changing pricing structures.
- **Opportunity Exploration:** Seizing opportunities presented by the shift in subsidizing regimes and growing demand, contributing to industry advancement.

3. Embracing Government Reforms:

- **Unified Tariff Implementation:** Embracing transformative reforms, particularly the Unified Tariff (UFT) implemented by PNGRB, unlocking potential and opportunities.
- **Forward-looking Approach:** Positioning the company as forward-looking, capitalizing on regulatory reforms for market expansion, affordability, sustainability, and partnership development.

OUR BUSINESS STRATEGIES

1. Continued focus on maintaining high quality standards in our Consulting Services for oil and gas companies and expanding this segment of our business.

We have consistently delivered value by meeting or exceeding client expectations. This is crucial for growing our reputation. Other important aspects we have focused and shall keep focusing on are Networking, Financial Management, Sustainability Focus, Adaptability, Innovation and Strategic Planning. A key element of our growth strategy is to seek to improve the performance and competitiveness of our existing activities. We have strived to increase the scale and complexity of our projects in recent years and we intend to continue to focus on projects with higher contract values. We have devised strategies and approaches to establish connections with a broader audience of individuals and businesses, enabling us to access the finest opportunities and extend our reach. Our upcoming plans as consultants and executors in the city gas distribution sector are centred on fostering growth, sustainability, and innovation within the Indian natural gas market. By remaining at the forefront of industry developments and providing value-added solutions, we aim to contribute to the expansion and sustainability of City Gas Distribution networks in India.

2. Developing new applications to meet the market demand

The expansion in the energy market is bringing large opportunities for us in several ways. At our Company, we take pride in our commitment to diversify and innovate in the use of natural gas. While natural gas has already proven its versatility in applications such as power generation, refining and heating, we are dedicated to introducing this clean energy source into newer sectors. Our recent success in injecting natural gas into the blast furnace of a major Steel plant (in the state of Jharkhand) and co-mingle it with Coke Oven Gas to enhance the calorific value of Coke Oven Gas and Blast Furnace Gas in the pipeline for the Hot Strip Mill in leading PSU Steel Plant exemplifies our pioneering spirit. Same example can be used and a different segment can be created that gives a new direction for expansion. These initiatives have unlocked a world of opportunities, particularly in the Iron & Steel and Aluminium industries. Our vision is not just to supply natural gas but to transform industries and catalyze progress. We believe these efforts will play a pivotal role in increasing the overall consumption of natural gas in India, furthering our mission to reshape the country's energy landscape.

3. Expanding Market Access

Expanding market access through the distribution of Compressed Natural Gas (CNG) and Piped Natural Gas (PNG) licenses are a significant development for the natural gas industry in India. We acknowledge the transformational impact of the Government of India's initiatives in the natural gas sector, particularly through the Petroleum and Natural Gas Regulatory Board (PNGRB), which has awarded City Gas Distribution (CGD) licenses to numerous entities. This strategic move ensures that natural gas is not only available but accessible to every consumer across India.

4. Overcoming Regulatory and Market Challenges Strategy

We actively engage with industry associations, policymakers and regulatory bodies to advocate for reforms that reduce bureaucracy and enhance the ease of doing business in the natural gas sector. We believe that a more streamlined and business-friendly regulatory framework is essential for industry growth. While we acknowledge the presence of major players, we see opportunities to diversify the market by offering innovative solutions, competitive pricing and superior

customer service. Our focus is not just on market share but on delivering value to our customers and communities. We invest in cutting-edge technology and innovative solutions to enhance our competitiveness and efficiency. By leveraging technology, we aim to offer a range of services that meet the evolving needs of our customers and clients. We actively seek partnerships with other players in the industry to create a more collaborative and dynamic ecosystem. Collaborations can lead to synergies, better development and a broader customer base. We engage in education and awareness initiatives to inform customers and industry stakeholders about the benefits of natural gas and the advantages of competition in the market.

5. Optimizing underutilized pipeline infrastructure strategy

Our Company views increased competition in the natural gas sector as a catalyst for growth and innovation. History has shown that when competition was introduced, as seen in the R-9 and R-10 rounds for city gas distribution, it led to market expansion and the emergence of creative business models. Our strategy aligns with harnessing competition for the benefit of the industry and consumers is Customer-Centric Solutions, Efficiency and Cost Optimization, Market exploration, Innovative Business Models. This strategic approach unequivocally situated our Company as a proactive and dynamic participant in the natural gas sector, placing customer satisfaction and innovation at the forefront of our mission. We actively embrace competition as a driving force to propel the expansion of the market, foster groundbreaking innovations and ultimately enhance the overall consumption of natural gas. Our unwavering commitment to thriving in a competitive environment underscores our readiness to adapt and excel in a rapidly changing industry landscape.

6. Reform Driven Growth Strategy

We wholeheartedly embrace the transformative reforms introduced by the Government of India, particularly the Unified Tariff (UFT) implemented by PNGRB. This reform has revolutionized the landscape of gas trading and transportation in the country, unlocking immense potential and opportunities for entities across the natural gas value chain. The UFT has ushered in a new era of affordability and competitiveness for natural gas, making it a preferred choice against alternate fuels. The implications of this reform are manifold as long distance transportation, Affordability, Market Growth, Environmental Benefit.

7. Adapting to the changing natural gas pricing landscape strategy

We recognize the evolving landscape in the natural gas sector, with the planned end of the subsidizing regime for priority sectors. This change is in line with recommendations from the Kirit Parikh Committee and reflects a shift in pricing dynamics. Our strategy is aligned with this transformation is Pricing flexibility, customer education, cost efficiency, Innovation, Market Diversification. The unquenchable demand stemming from the industrial and commercial sectors, combined with the growing trend of major consumers directly sourcing natural gas, presents a promising opportunity for industry players. As we navigate this dynamic landscape, we recognize the potential for growth and success within the natural gas industry. Our approach is geared towards harnessing these opportunities, serving the unique needs of various consumer segments and contributing to the industry's overall advancement in a market-oriented framework.

8. Expanding the business in the industrial & commercial sector for natural gas.

We are acutely aware of the unsatiated and in-elastic demand within the industrial and commercial segments of the natural gas market. The shifting landscape with large consumers opting to source natural gas directly, indicates a growing need for more accessible and competitive natural gas solutions. Our strategy aligns with addressing this Customized Solutions, Diverse Market Segments, Alliances, Market Education, Scalability.

9. Re-Alignment of Old Gas Contracts

The transition of large consumers to sourcing natural gas directly, along with the government's efforts to realign old contracts to current market conditions, indicates a shifting landscape. We see this as an opportunity to provide accessible, competitive, and customer-centric natural gas solutions to unsatiated demand in the industrial and commercial segments. This strategy positions us as a responsive and adaptive player, actively seeking to address unmet demand in the industrial and commercial segments by providing tailored solutions, fostering collaboration, and promoting market education. It underscores the Company's role in delivering value to businesses and supporting their energy transition.

INSTALLED CAPACITY AND CAPACITY UTILISATION

Our company is engaged in the service sector therefore capacity and capacity utilisation data are not applicable to us.

COLLABORATIONS/ TIE UPS/ JOINT VENTURES

Our Company has entered into collaboration agreement with ICOM North America LLC (New Hudson, MI) for installation of ICOM Dual Fuel LNG conversion systems in on-road trucks weighing over 3.5 tons in India. The new system will result in reduction in emissions with the utilization of LNG contributing to environmental sustainability. The dual-fuel system allows for cost-effective operation with the flexibility of fuel ratios. The product has undergone thorough testing under Indian operating conditions, ensuring optimal performance and reliability. We are currently in the process of obtaining technical approvals from the Automotive Research Association of India (ARAI).

The primary focus of these collaborations is the development of Dual Fuel technology specifically designed for the Indian market's unique requirements.

Currently in the process of obtaining technical approvals from the Automotive Research Association of India (ARAI). Upon receiving the necessary approvals, the plan is to launch the Dual Fuel LNG Conversion Systems for commercial use in India.

TECHNOLOGY

We are using Tally software for efficient financial management, including accounting, bookkeeping, and financial reporting, enabling real-time monitoring of financial transactions to ensure transparency and accuracy.

We are also using MS Projects for comprehensive project planning, allowing us to define project scope, schedule tasks, and allocate resources effectively. It helps in real-time tracking of project progress, ensuring that timelines are adhered to and milestones are achieved. It facilitates allocating resources based on project requirements and adjusting plans as needed and faster decision-making by providing project managers and stakeholders with up-to-date project status and performance metrics.

UTILITIES AND INFRASTRUCTURE FACILITIES

POWER

Our business does not have heavy electricity consumption, except to cater to normal requirements of the office. We sufficiently sanctioned consumption limits from Torrent Power Limited.

KEY INDUSTRY REGULATIONS

Except as otherwise specified in this Draft Red Herring Prospectus, we are subject to several central and state legislations which regulate substantive and procedural aspects of our business.

Additionally, our operations require sanctions from the concerned authorities, under the relevant Central and State legislations. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business. Taxation statutes such as the I.T. Act, GST and applicable Labour laws, contractual laws, and intellectual property laws as the case may be, apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. The regulations set out below may not be exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for professional legal advice.

APPROVALS

For the purpose of the business undertaken by our Company, it is required to comply with various laws, statutes, rules, regulations, executive orders, etc. that may be applicable from time to time. The approvals/ licences and registrations under the Petroleum and natural gas related Acts and regulations are required to be obtained by our suppliers as well as customers. The details of approvals obtained by us/to be obtained have more particularly been described for your reference in the chapter titled “**Government and Other Statutory Approvals**” beginning on page 193 of this Draft Red Herring Prospectus.

BUSINESS AND/OR KEY INDUSTRY AND/OR TRADE RELATED LAWS AND REGULATIONS:

A. The Petroleum and Natural Gas Regulatory Board Act, 2006 (“PNGRB Act”)

The PNGRB Act provides for the establishment of the Petroleum and Natural Gas Regulatory Board (the “**Regulatory Board**”) to regulate the refining, processing, storage, transportation, distribution, marketing and sale of petroleum, petroleum products and natural gas (excluding the production of crude oil and natural gas) so as to protect the interest of consumers and entities engaged in specified activities. The Regulatory Board does so by fostering fair trade and competition amongst the entities, ensuring uninterrupted and adequate supply of petroleum, petroleum products and natural gas in all parts of the country, securing equitable distribution for petroleum and petroleum products, monitoring prices and laying down technical standards and specifications including safety standards in activities relating to the same. The PNGRB Act provides that no entity shall market any notified petroleum, petroleum products or natural gas, establish or operate an LNG terminal or lay, build, operate or expand any pipeline as a common contract carrier or distribution network without obtaining prior registration or authorizations from the Regulatory Board and that any entity carrying out such activity before the appointed date shall be deemed to have such authorization or registration subject to the provisions of the PNGRB Act. Further, the Regulatory Board may declare a pipeline for transportation of petroleum, petroleum products and natural gas or authorise an entity to lay, build and operate or expand a pipeline as a common carrier after inviting objections and suggestions from entities likely to be affected by such authorizations. The entity laying, building, operating or expanding a pipeline for transportation of petroleum, petroleum products and LNG has the right of first use for its own requirement and the remaining capacity is to be used among the entities as decided by the Regulatory Board having regard to the needs of fair competition in marketing and availability of petroleum and petroleum products and natural gas throughout the country. The Regulatory Board also has powers to specify the terms and conditions for determining the transportation tariff for pipelines calculated on the basis of cost of service, internal rate of return and net present value. The contravention of the directions of the Regulatory Board is punishable with a fine. The Regulatory Board has investigative powers and powers to decide disputes as well.

B. The Petroleum and Minerals Pipelines (Acquisition of Right of User in Land) Act, 1962

The Petroleum and Minerals Pipelines (Acquisition of Right to User Inland) Act, 1962 (the “**Petroleum and Minerals Pipelines Act**”) provides for, inter alia, the acquisition of right of user in land for laying pipelines for the transport of petroleum and minerals and for matters connected therewith. As per the Petroleum and Minerals Pipelines Act, whenever it appears to the Central Government that it is necessary in public interest that for the transport of petroleum or any mineral from one locality to another locality, pipelines may be laid by that Government or by any State Government or a corporation and that for the purpose of laying such pipelines it is necessary to acquire the right of user in any land which such pipelines may be laid, it may, by notification in the Official Gazette, declare its intention to acquire the rights of user therein. Where the right of user in any land has vested in the Central Government or in any State Government or corporation, the Petroleum and Minerals Pipelines Act makes it lawful for any person authorized by the Central Government or any State Government or corporation, as the case may be, and his servants and workmen to enter upon the land and lay pipelines or to do any other act necessary for the laying of pipelines.

C. Petroleum and Natural Gas Regulatory Board (the “PNGRB”) Regulations

(i) PNGRB (Authorizing Entities to Lay, Build, Operate Or Expand City Or Local Natural Gas Distribution Networks) Regulations, 2008 (the “CGD Authorization Regulations”)

The CGD Authorization Regulations authorize, regulate and lay down the criteria and procedure for entities to lay, build, operate or expand a City Gas Distribution (“CGD”) network. The CGD Authorization Regulations pave the way for development of CGD network and provide for selection of an entity through an open bidding process. Regulation 5 of the CGD Authorization Regulations specifies the minimum eligibility criteria for an entity to participate in the bidding process and regulation 14, 15 and 16 specify post authorization monitoring of activities, service obligations and the consequences of default and termination of authorization procedure. Regulation 5(8) provides for a period of ninety days for submission of application cum bid for grant of authorization for laying, building, operating and expanding the CGD network. As per regulation 10(3) of the CGD Authorization Regulations, the grant of authorization to an entity cannot be renounced by way of sale, assignment, transfer or surrender to any person or entity till five years from the date of issue. On failure to abide by the terms and conditions specified in these regulations and/ or on failure to take remedial actions to correct the same, the performance bond may be encashed or the authorization of the entity may be terminated as per the procedure prescribed in regulation 16. Civil penalty under the PNGRB Act may also be applied.

(ii) The PNGRB (Authorizing Entities to Lay, Build, Operate or Expand City or Local Natural Gas Distribution Networks) Amendment Regulations, 2015, amended the CGD Authorization Regulations.

By way of this amendment, the PNGRB has also allowed an existing entity to induct a new partner in laying, building, operating or expanding city or local natural gas distribution network, till such time the existing entity continues to be a lead partner. In relation to selection criteria of an entity bidding for the authorization, the amendment lays down that an entity submitting the bid should not have been imposed any penalty under section 28 or punished under chapter IX of the PNGRB Act, during the period of preceding one year from the last date of submission of the bid. Further, the minimum time period before which an entity can renounce its rights in favour of a new entity has been increased from three years to five years. The amendment also amended provisions in relation to criteria for bidding by entities and fixing of natural gas pipeline tariff etc. The amendment has allowed the PNGRB to determine the transportation tariff as per the PNGRB Act.

(iii) PNGRB (Affiliate Code of Conduct for Entities Engaged in Marketing of Natural Gas and Laying, Building, Operating or Expanding Natural Gas Pipeline) Regulations, 2008 (the “NGPL Affiliate Code Regulations”)

The PNGRB notified the NGPL Affiliate Code Regulations, 2008 on July 17, 2008, under the PNGRB Act, setting forth the manner of the interaction between an entity and its affiliate or for engagement by an entity on its own, in either case, for transportation and marketing of natural gas at arm’s length. The objectives of the Affiliate Code of Conduct Regulations include the prevention of preferential access or cross-subsidization of costs between the regulated activity and any other non-regulated activity.

(iv) PNGRB (Determination of Transportation Rate for CGD and Transportation Rate for CNG) Regulations, 2020 (the “CGD Tariff Regulations”)

The CGD Tariff Regulations provide for the procedure and methodology to determine the transportation rate for CGD and transportation rate for CNG of a CGD Network declared as common carrier or contract carrier in terms of PNGRB (Guiding Principles for Declaring City or Local Natural Gas Networks as Common Carrier or Contract Carrier) Regulations, 2020. The CGD Tariff Regulations shall apply on the CGD Networks authorized under Regulation 17 and 18 of the CGD Authorization Regulations and Section 16 and 42 of the PNGRB Act. The transportation rate for CGD and CNG for the CGD Networks authorized through the bidding route shall be discovered through bidding.

(v) PNGRB (Exclusivity for City or Local Natural Gas Distribution Network) Regulations, 2008 (the “PNGRB Exclusivity Regulations”)

The PNGRB Exclusivity Regulations stipulate the terms under which the PNGRB can grant exclusivity rights over CGD networks to entities selected through a bid process or through other provisions of the CGD Authorization Regulations and relevant sections of PNGRB Act (authorized entity). The PNGRB is empowered to grant an exclusive right to lay, build or expand CGD networks (infrastructure exclusivity). Infrastructure exclusivity is granted for a term lasting the economic life of the project which is normally expected to be twenty-five years. The PNGRB can also grant an exclusive right to supply gas through the CGD network i.e., exclusivity from the purview of common carrier or contract carrier (marketing exclusivity) to an entity proposing to lay, build or expand a CGD network. Marketing exclusivity can only be granted for a limited period of

time i.e., for a maximum period of five/eight years after which the authorised entity is required to allow other entities to supply gas through the CGD network on a non-discriminatory basis. Exclusivity has been offered to entities in order to incentivize investment in developing CGD networks and to facilitate their development in a planned and integrated manner. Entities selected to exclusively service a geographical area are required to furnish a specific performance bond to the PNGRB. Further, an authorized entity must comply with the service obligations set out in the regulations during and after the exclusivity period such as inter alia providing domestic PNG connections as per the bid and laying the CGD network throughout the authorised area.

(vi) PNGRB (Guiding Principles for Declaring City or Local Natural Gas Distribution Network) Regulation, 2020 (the “PNGRB Guiding Principles Regulations”)

These PNGRB Guiding Principles Regulations have been issued by the PNGRB for the purpose of protecting the interests of consumers by fostering fair trade and competition amongst the entities, promoting competition among entities, avoiding infructuous investment and for maintaining or increasing supplies or for securing equitable distribution or ensuring adequate availability of natural gas to consumers. These regulations shall apply to an authorised entity after expiry of marketing exclusivity period of an authorised area.

(vii) PNGRB (Technical Standards and Specifications including Safety Standards for City or Local Natural Gas Distribution Networks) Regulations, 2008 (the “Technical Standards Regulations”)

The Technical Standards Regulations address the design, materials, fabrication, installation, inspection and testing, commissioning, operation, maintenance, modifications and abandonment of CGD networks. Standards for city or local natural gas distribution networks have been specified to ensure uniformity in the application of design principles and to guide selection and application of materials and components. These standards are monitored by the PNGRB to ensure compliance. In the event of failure to meet the standards laid down under the Technical Standards Regulations, the authorization of the entity may be suspended or terminated as per the procedure laid down thereunder. The PNGRB (Technical Standards and Specifications including Safety Standards for City or Local Natural Gas Distribution Networks) Amendment Regulations, 2016 have amended the provisions of Technical Standards Regulations relating to technical standards and specifications including safety standards for city or local natural gas distribution networks as specified in schedule-I which cover material and equipment (Schedule-1A), piping system components and fabrication (Schedule- 1C) and design, installation and testing (Schedule-1D).

(viii) PNGRB (Code of Practice for Quality of Service for City or Local Natural Gas Distribution Networks) Regulations, 2010 (the “Service Quality Regulations”)

The Service Quality Regulations lay down the code of practice for promoting reliable service to consumers and the public. They also provide service standards to be complied with by every CGD entity authorised for laying, maintaining and expanding CGD networks for new and existing PNG connections. Further, the Service Quality Regulations also prescribe a code of practice with reference to metering and billing of domestic, commercial and industrial connections and a code of practice with reference to planned network interruptions. Under these regulations, CGD entities are required to submit annual returns to the PNGRB as specified in Schedule I which covers technical, consumers, complaints, regulatory compliance plan and reliability of supply.

(ix) PNGRB (Access Code for City or Local Natural Gas Distribution Networks) Regulations, 2020 (the “Access Code Regulations”)

The Access Code Regulations govern the contracts between authorized entities and shippers such as common carriers and contract carriers. The Access Code Regulations mandate authorized entities to provide non-discriminatory access to CGD and LNG networks at the end of the exclusivity period to any entity or shippers who want access to entry point capacity, exit point capacity and delivery at CNG exit point capacity on such networks for supply of natural gas to domestic, commercial or industrial consumers. The authorised entities are required to declare entry point, exit point, exit point capacity and publish an information memorandum for seeking capacity booking on its website, 90 days before the end of its exclusivity period. The Access Code Regulations also provide for payment of certain charges to authorised entities by the shippers for gaining access to its CGD Networks. The Access Code Regulations prevent abuse of monopoly in the distribution system and promote the development of a competitive market by establishing uniform principles.

(x) PNGRB (Integrity Management System for City or Local Natural Gas Distribution Networks) Regulations, 2013 (the “Integrity Management Systems Regulations”)

The Integrity Management Systems Regulations outline the basic features and requirements for developing and implementing an effective and efficient integrity management plan for CGD networks through evaluating the risks associated with it and allocating resources effectively for prevention, detection and mitigation activities and improving the safety of CGD networks so as to protect personnel, property, public and environment and by streamlining operations. They provide a system for ensuring compliance with their provisions by conducting the following audits during operation phase:

- (a) Internal audit as per the checklist for CGD Networks provided by PNGRB to be carried out by the management of the operator every year; and
- (b) External audit by a third party, approved by the PNGRB, as per the methodology which is specified by the PNGRB every three years.

The Integrity Management System Regulations provide that in the event of any deviation or shortfall in the implementation of the system the entity may be liable to face the penal consequences as per the relevant provisions of the PNGRB Act and Integrity Management System Regulations.

(xi) PNGRB (Determining Capacity of City or Local Natural Gas Distribution Network) Regulations, 2015 (the “Capacity Determination Regulations”)

The Capacity Determination Regulations outline the methodology including procedure, parameters, both constant and variable and frequency of declaration of CGD network capacity which shall be used for providing access to a shipper on a non-discriminatory basis under the PNGRB (Access Code for City or Local Natural Gas Distribution Networks) Regulations, 2020.

The capacity of a CGD network shall be determined by entities on the first working day of October every year or whenever there is a change in quantity of natural gas plus or minus 10% of previous declared capacity due to any of the following:

- (a) change in quality of gas;
- (b) modification, upgradation, addition or deletion of entry or exit points; and
- (c) addition or deletion of loop lines, compressor etc.

Entities have to submit a report to the PNGRB once the determination of capacity is made. The PNGRB after analyzing the report submitted by an entity can either accept or reject the declared capacity. Once accepted, the entity shall publish the accepted CGD network capacity on its website in accordance with the Access Code Regulations.

(xii) PNGRB (Codes of Practices for Emergency Response and Disaster Management Plan Regulations, 2010 (the “ERDMP Regulations”)

The ERDMP Regulations cover identification of emergencies, the mitigation measures to reduce and eliminate the risk or disaster, the preparedness required to develop plans for actions when disaster or emergencies occur. Schedule VII of the ERDMP Regulations lays down the emergency response and disaster management plan required to be implemented with respect to pipelines carrying petroleum products. The ERDMP Regulations also provide the responses that mobilize the necessary emergency services including responders like fire service, police service, medical service and the post disaster recovery with the aim to restore the affected area to its original conditions. Emergencies under the ERDMP Regulations can be categorized into three broad levels on the basis of seriousness and response requirements. The ERDMP Regulations provide that records all incidents covered under Level-I should be maintained by the entity for inspection whenever called for inspection and Level-II and Level-III shall be reported to the PNGRB in the format specified within 48 hours after occurrence of the incidents or any other reason triggering major incident. The PNGRB is empowered by regulation 8 of the ERDMP Regulations to monitor compliance with ERDMP, technical standards and specifications, either directly or indirectly through accredited third parties. In the event of deviation from the recommended standards, the entities would be liable to the penal provisions under the applicable technical standards and specifications.

(xiii) PNGRB (Levy of Fee and Other Charges) Regulations, 2007 (“the Levy of Fees Regulations”)

The Levy of Fees Regulations has been necessitated on account of the fact that scrutiny of a large number of applications and the process associated with them pertaining to registration, authorization, complaints etc. by the PNGRB puts pressure on scarce regulatory resources available. Under these regulations, the PNGRB can levy fees and other charges on entities for various services/activities.

(xiv) PNGRB (Third Party Conformity Assessment) Regulations, 2015 (the “Third Party Conformity Regulations”)

The Third-Party Conformity Regulations outline the mechanism for assessment of conformity to various regulations by entities through approved agencies or by the PNGRB on its own including eligibility criteria and procedure for assessment of third-party agencies for empanelment as an approved agency.

(xv) PNGRB (Gas Exchange) Regulations, 2020 (the “Gas Exchange Regulations”)

The Gas Exchange Regulations regulates the establishment and operation of the gas exchange and clearing corporations and matters connected therewith and incidental thereto. The aim of the Gas Exchange Regulations is to promote and sustain an efficient and robust gas market ecosystem by creating a neutral and transparent marketplace operating under PNGRB. Regulation 11 of the Gas Exchange Regulations provides for seeking PNGRB’s authorization for setting up and operating a Gas Exchange or a Clearing Corporation.

D. MoPNG/PNGRB Guidelines

(i) PNGRB (Commissioning and Gas charging in steel pipelines for city or local Natural Gas Distribution Networks) Guidelines, 2016 (the “Commissioning Guidelines”)

The Commissioning Guidelines have been issued by the PNGRB for the purposes of safe purging, commissioning and decommissioning of city or local natural gas distribution networks. The Commissioning Guidelines are applicable to an entity which is laying, building, operating or expanding or which proposes to lay, build, operate or expand a city or local natural gas distribution network. The Commissioning Guidelines provide for pre-commissioning checks, safety audits, safety measures etc. to be undertaken prior to commissioning.

(ii) PNGRB (Gas Supplies to Industrial, Commercial customers) Guidelines, 2020 (the “Gas Supplies Guidelines”)

The Gas Supplies Guidelines have been issued by the PNGRB for the purpose of ensuring the health, safety and integrity of internal installation within the customer premises including and not limited to its material selection, planning and designing, installation, inspection, testing and commissioning as well as operation and maintenance of the facilities downstream of Meter or MRS conforming to specifications laid down in the PNGRB Technical Standards for CGD Networks (T4S).

(iii) PNGRB (Gas Supplies to Multi Occupancy Residential Buildings) Guidelines, 2020 (the “Gas Supplies Guidelines II”)

The Gas Supplies Guidelines II have been issued by the PNGRB for the purpose of installation of the pipes etc. for supplying natural gas to multi occupancy residential buildings (domestic premises) where natural ventilation is not available, in the tertiary network and up to and including the steel reinforced rubber hose installed inside the kitchen of the domestic customer and includes the risers and laterals systems to facilitate supply of natural gas to the domestic customers.

(iv) PNGRB (Model access arrangement related to access code for CGD Networks) Guidelines, 2014 (the “Model Access Guidelines”)

The Model Access Guidelines have been issued by the PNGRB for the purpose of providing guiding principles for facilitating access arrangement between the authorized entity and the shippers as specified under the provision of the PNGRB (Access Code for city or Local Natural Gas Distribution Networks) Regulations, 2020.

(v) New Domestic Natural Gas Pricing Guidelines, 2014 (the “New Gas Pricing Guidelines”)

The New Gas Pricing Guidelines have been issued for the purpose of determining gas price for all gas produced from nomination fields given to Oil and Natural Gas Corporation and OIL India, New Exploration and Licensing Policy (NELP) blocks, such pre-NELP blocks where, the Production Sharing Contracts (PSC) provides for Government approval of gas price and Coal Bed Methane. The gas price determined under these guidelines shall not be applicable where prices have been fixed contractually, for a certain period of time, till the end of such period. The gas price determined under these guidelines shall also not be applicable where the PSC concerned provides for a specific formula for natural gas price indexation/fixation and to such pre-NELP PSCs which do not provide for Government approval of formula/basis for gas prices.

E. Policy for development of Natural Gas Pipelines and City or Local Natural Gas Distribution Networks (the “Pipeline Policy”)

The Pipeline Policy was notified on December 20, 2006. The Pipeline Policy provides that it may be read in conjunction with the provisions of the PNGRB Act and the rules and regulations framed thereunder. The objective of the Pipeline Policy is to facilitate open access for all players to the pipeline network on a non-discriminatory basis and promote competition among entities thereby avoiding any abuse of the dominant position by any entity. The Pipeline Policy applies to non-dedicated pipelines and not to dedicated pipelines. The latter have been defined as pipelines laid to supply gas to specific consumers

originating from regulated pipelines provided the same are for their own use and not for resale. No non-dedicated gas pipeline or city or local gas distribution network may be laid, built, operated or expanded without authorization by the PNG Regulatory Board. If a company's pipelines come within the definition of dedicated pipelines, it is required to furnish certain details to the PNG Regulatory Board every six months. In case any such pipeline ceases to be a dedicated pipeline in future, the same may be brought to the notice of the PNG Regulatory Board and will require authorization to be granted by the PNG Regulatory Board under the provisions of the PNGRB Act. The Pipeline Policy envisages the constitution of a Gas Advisory Body for giving advice to the Central Government and promoting and developing the gas pipeline.

H. Guideline for Allocation/Supply Of Domestic Natural Gas To CGD Entities for Compressed Natural Gas (Transport)& Piped Natural Gas (Domestic) (the “Domestic Gas Supply Guidelines”)

The Domestic Gas Supply Guidelines have been issued to meet the growing demand of the sector and to meet the shortfall in availability of domestic gas for supplies of pooled natural gas. Under these guidelines, to verify the end use of pooled natural gas supplied for CNG (T)/PNG(D) purpose, all the CGD entities shall furnish the provisional consumption figure on a monthly basis within 2 days of the end of the calendar month.

I. Accommodation of Public and Industrial Utility Services along and across National Highways- Policy regarding guidelines

The policy regarding Accommodation of Public and Industrial Utility along and across National Highway was introduced for the purpose of laying utilities service along and/or across the Right of Way (“RoW”). Utility Services along the National Highways should be laid in utility corridors located at appropriate locations preferably as close to the extreme edge of RoW. The policy provides that the pipelines for utilities shall cross the National Highways only through structures or conduits built specially for this purpose. The utility service shall cross the National highway preferably on a line normal to it or as nearly so as applicable. The casing /conduit pipe should, as minimum, extend from drain to drain in cuts and toe of slope to toe of slopes in the fills and shall be designed in accordance with the provision of Indian Road Congress and executed following the specifications of the Ministry.

J. Guidelines on Pipeline Crossing Under Railway Tracks

The guidelines on pipeline crossing under railway tracks was introduced for the purpose of conveying inflammable substances like petroleum, oil or gas. Pipeline included under this category are those installed to carry oil, gas, petrol or other inflammable or highly volatile substances under pressure, or any substance, which form its nature or pressure might cause damage if escaping on, or in the vicinity of railway property. Pipeline crossing should not be located in close vicinity of existing bridges, buildings and other types of structures and should be minimum 14m away from these.

K. Oil Industry (Development) Act, 1974

The Oil Industry (Development) Act, 1974 (the “OID Act”) provides for, inter alia, the establishment of the Oil Industry Development Board (the “OID Board”) for the development of the oil industry and for that purpose to levy a duty of excise on crude oil and natural gas. The functions of OID Board are, inter alia, rendering financial and other assistance for the promotion of all such measures as are conducive to the development of the oil industry. Before rendering any such assistance to any oil industry concern or other person, the OID Board shall have regard to such directions as the Central Government may issue in this regard. The OID Board may apply to the courts for certain reliefs in case an oil industrial concern or other

persons default on repayments of loans or violate the terms of the assistance agreement. One of the reliefs is the transfer of the management of the oil industrial concern to OID Board.

L. Explosives Act, 1884

The Explosives Act regulates the manufacture, possession, use, sale, transport and import and export of the explosives. The Central Government may, for any part of India make rules consistent with the Explosives Act to regulate or prohibit, except under and in accordance with the conditions of a license granted as provided by those rules, the manufacture, possession, use, sale, transport, import and export of explosives, or any specified class of explosives. Where a person makes an application for license under the Explosives Act, the authority prescribed thereunder after making such inquiry, if any as it may consider necessary, shall, subject to the other provisions of the Explosives Act, by an order in writing, either grant license, or refuse to grant the same. The licensing authority shall grant a license where it is required for the purpose of manufacture of explosives if the licensing authority is satisfied that the person by whom license is required possesses technical know-how and experience in the manufacture of explosives or where it is required for any other purpose, if the licensing authority is satisfied that the person by whom such license is required has a good reason for obtaining the same. Extensive penalty provisions have

been provided for manufacture, import or export, possession, usage, selling or transportation of explosives in contravention of the Explosives Act.

M. The Petroleum Act, 1934 (“Petroleum Act”)

The Petroleum Act is an act to consolidate and amend the law relating to the import, transport, storage, production, refining and blending of petroleum. The term ‘Petroleum’ is defined as any liquid hydrocarbon or mixture of hydrocarbons, and inflammable mixture (liquid, viscous or solid) containing any hydrocarbon, and includes natural gas and refinery gas. Petroleum Act restricts any entity/individual to produce, refine or blend petroleum in accordance with the rules prescribed under the Petroleum Act. The Petroleum Act provides power to the Central Government to make rules prescribing the conditions subject to which petroleum may be produced, refined, or blended. The Central Government can also regulate the removal of petroleum from places where it is produced, refined or blended and prevent the storage therein and removal therefrom.

N. Public Liability Insurance Act, 1991 (“Public Liability Act”)

The Public Liability Act provides for public liability insurance for the purpose of providing immediate relief to the persons affected by accident occurring while handling any hazardous substance and for matters connected therewith or incidental thereto. The Public Liability Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the Government by way of a notification dated March 24, 1992. The owner or handler is also required to take out one or more insurance policies insuring against liability under the legislation and renew the same periodically. The Public Liability Act also provides for the establishment of the Environmental Relief Fund, which shall be utilised towards payment of relief granted under the Public Liability Act. The rules made under the Public Liability Act mandate that the employer has to contribute towards the Environment Relief Fund, a sum equal to the premium paid on the insurance policies. This amount is payable to the insurer.

O. Legal Metrology Act, 2009 (“LM Act”)

The LM Act establishes and enforces standards of weights and measures and regulates trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number. The LM Act and rules framed thereunder regulate, inter alia, the labelling and packaging of commodities, verification of weights and measures used, and lists penalties for offenses and compounding of offences under it. The Controller of Legal Metrology Department is the competent authority to grant the licence under the LM Act. Any manufacturer dealing with the instruments for weights and measuring of goods is mandated to procure a licence from the state department under the LM Act. Any violation of the provisions of the LM Act or non-compliance thereof shall result in a monetary penalty to be borne by the manufacturer or in some cases, seizure of goods or imprisonment.

P. Oil Industry Safety Directorate 179 (“OISD 179”)

OISD publications are prepared for use in the oil and gas industry under the MoPNG. Specifically, OISD 179 covers “Safety Requirements on Compression, Storage, Handling and Refueling of Natural Gas for use in the Automotive Sector”. OISD 179” lays down the minimum safety requirements to be satisfied at installations handling Natural Gas for dispensing into vehicles and minimum checks required in the vehicles by Refueling stations.

Q. Oil Industry Safety Directorate 188 (“OISD 188”)

OISD 188 covers “Corrosion Monitoring of offshore and onshore pipelines”. OISD 188 prescribes various corrosion monitoring requirements and test methods for offshore and onshore pipelines. OISD 188 is applicable to offshore and onshore pipelines such as multiphase pipelines, gas pipelines, oil pipelines and water injection pipelines.

R. ASME B31.8, 1999 (“ASME B31.8”)

ASME B31.8 relates to gas transmission and distribution piping systems. This code covers the design, fabrication, installation, inspection and testing of pipeline facilities used for the transportation of gas. This code also covers safety aspects of the operation and maintenance of those facilities.

ENVIRONMENT LAWS

(i) The Environment (Protection) Act, 1986 (“EPA”)

The EPA has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emit any environmental pollutant in

excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be prescribed. EPA empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants and hazardous wastes, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution. The EPA is applicable to our Company in general and to the extent of applicability of the Hazardous Waste Rules.

(ii) Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “Hazardous Waste Rules”)

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “hazardous waste” has been defined in the Hazardous Waste Rules and any person who has control over the affairs of the factory or the premises or any person in possession of the hazardous waste has been defined as an “occupier”. Every occupier and operator of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board. The Hazardous Waste Rules are applicable to our Company only to the extent of maintenance services provided to our customers and the arrangements entered into with recyclers to treat the hazardous waste.

(iii) Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”)

The Air Act was enacted to provide for the prevention, control and abatement of air pollution in India. It is a specialised piece of legislation which was enacted to take appropriate steps for the preservation of natural resources of the earth, which among other things include the preservation of the quality of air and control of air pollution. Not all provisions of the Air Act apply automatically to all parts of India, and the state pollution control board must notify an area as an “air pollution control area” before the restrictions under the Air Act apply. The Air Act stipulates that no person shall, without prior written consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area, as notified by the state pollution control board. Further, such an industrial plant shall not be permitted to emit air pollutants in excess of the standards laid down by the state pollution control board.

(iv) Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Water Act was enacted to control and prevent water pollution and for maintaining or restoring the wholesomeness of water in the country. The objective of this legislation is to ensure that the domestic and industrial pollutants are not discharged into rivers and lakes without adequate treatment. The reason is that such a discharge renders the water unsuitable as a source of drinking water as well as for the purposes of irrigation and support of marine life. In order to achieve its objectives, the Pollution Control Boards at Central and State levels were created to establish and enforce standards for factories discharging pollutants into water bodies. Further, any person intending to establish any industry, operation or process or any treatment and disposal system which is likely to discharge sewage or other pollution into a water body is required to obtain prior consent of the relevant state pollution control board.

(v) Environment Protection Rules, 1986 (the “EP Rules”) and Environmental Impact Assessment Notification, 2006 (“EIA Notification”)

Further, the EP Rules specify, among other things, the standards for emission or discharge of environmental pollutants, restrictions on the location of industries and restrictions on the handling of hazardous substances in different areas. For contravention of any of the provisions of the EP Act or the rules framed thereunder, the punishment includes either imprisonment or fine or both. Additionally, under the EIA Notification and its subsequent amendments, projects are required to mandatorily obtain environmental clearance from the concerned authorities depending on the potential impact on human health and resources.

(vi) Manufacture, Storage and Import of Hazardous Chemical Rules, 1989 (The “MSIHC Rules”)

The MSIHC Rules are applicable to an industrial activity in which a hazardous chemical is involved or stored isolated in a quantity equal to or more than the threshold quantity as per the given specification. The occupier shall notify the concerned authority within 48 hours in case of a major accident on site or in a pipeline and furnish thereafter to the concerned authority a report related to the accident. The occupier shall also notify the precautionary steps taken to avoid any repetition of such occurrence on a site.

(vii) The Micro, Small and Medium Enterprises Development Act, 2006

In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (MSME) the Act is enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and regulation) Act, 1951 as micro enterprise, where the investment in plant and machinery does not exceed twenty-five lakh rupees; Small enterprise, where the investment in plant and machinery is more than twenty-five lakh rupees but does not exceed five crore rupees; or a medium enterprise, where the investment in plant and machinery is more than five crore but does not exceed ten crore rupees and in the case of the enterprise engaged in the services, Micro enterprise, where the investment in equipment does not exceed ten lakh rupees, Small Enterprise where the investment in equipment is more than ten lakh rupees but does not exceed two crore rupees, or Medium Enterprise where the investment in equipment is more than two crore rupees but does not exceed five crore rupees.

LAWS RELATING TO SPECIFIC STATE WHERE ESTABLISHMENT IS SITUATED:

(i) Shops and Establishments laws in various states

As per the provisions of local Shops and Establishments laws applicable in the State of NCT of Delhi, Gujarat and Maharashtra establishments are required to be registered. In Gujarat, the minimum number of employees for an establishment to seek registration is 10. However, an intimation of setting up the establishment is to be sent to the concerned department irrespective of the number of employees, as soon as the same is set up. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

(ii) Stamp Act in various states

The purpose of the Stamp Act was to streamline and simplify transactions of immovable properties and securities by the State Government. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule IA of the Stamp Act. Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the states. Therefore, the State Governments of NCT of Delhi and Gujarat are empowered to prescribe or alter the stamp duty as per their need.

(iii) Professions, Trade, Callings and Employments Act in various states

The Professions tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of Gujarat and Maharashtra is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the income of individuals, profits of business or gains of vocations. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such persons before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such persons and employer has to obtain the registration from the assessing authority in the prescribed manner.

GENERAL CORPORATE LAWS

(i) Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of the President of India on 29th August 2013. The Companies Act 1956 is still applicable to the extent not repealed and the Companies Act, 2013 is applicable to the extent notified. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private companies into public companies and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors, winding up, voluntary winding up, and appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

(ii) The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyers and sellers, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

(iii) The Registration Act, 1908

The Registration Act, 1908 (“Registration Act”) was enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. The Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property and a lease of immovable property for any term exceeding one year or reserving a yearly rent. It also provides for non-compulsory registration of documents as enumerated in the provisions.

(iv) The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

(v) The Specific Relief Act, 1963

The Specific Relief Act is complementary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for the purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means the Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to the other party.

(vi) Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheques not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offense in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

TAX RELATED LEGISLATIONS

(i) Income Tax Act, 1961

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company which is assessed for income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

(ii) Goods and Services Tax Act, 2017

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer,

purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state are levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

EMPLOYMENT AND LABOUR LAWS

(i) The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allow the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended by Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made thereunder.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Payment of Bonus Act, 1965**

The Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976 aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. According to the Remuneration Act, no employer shall pay to any worker, employed by him/her in an establishment, a remuneration (whether payable in cash or in kind) at rates less favourable than those at which remuneration is paid by him to the workers of the opposite sex in such establishment for performing the same work or work of a similar nature. In addition, no employer shall for complying with the foregoing provisions of the Remuneration Act, reduce the rate of remuneration of any worker. No employer shall, while making recruitment for the same work or work of a similar nature, or in any condition of service subsequent to recruitment such as promotions, training or transfer, make any discrimination against women except where the employment of women in such work is prohibited or restricted by or under any law for the time being in force.

- **Occupational Safety, Health and Working Conditions Code, 2019**

The Government of India enacted ‘The Occupational Safety, Health and Working Conditions Code, 2019 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 13 labour legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, that concern our business. Details of these existing Acts are as follows –

- **Contract Labour (Regulation and Abolition) Act, 1970**

The Contract Labour (Regulation and Abolition) Act, 1970 requires establishments that employ or have employed on any day in the preceding twelve months, 20 or more workers as contract labour to be registered. The Act requires the principal employer of an establishment to which the Contract Labour Act applies to make an application for registration of the establishment to employ contract labour in the establishment. Contractor to whom the Contract Labour Act applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The Contract Labour Act imposes certain obligations on the contractor including the establishment of canteens, rest rooms, washing facilities, first aid facilities and provision of drinking water and payment of wages. In the event that the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time.

- **Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979**

This law is applicable to all the establishments employing 5 or more migrant workmen from other states. In addition to this, this law is also applicable to contractors who have employed 5 or more inter-State workmen. The establishment must be registered with the local authority while employing migrant workers. This means that an establishment is prohibited from employing migrant workers from other states if they do not have a certificate from the concerned authority. The same law applies to the contractors too who employ workers from one state and deploy them in other states. As per this law, the contractors deploying the migrant workers must provide terms and conditions of the recruitment to the workers. These are the remuneration payable, hours of work, fixation of wages and other essential amenities.

- **The Industrial Relations Code, 2020**

The Government of India enacted ‘The Industrial Relations Code, 2020’ which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows –

- **Industrial Disputes Act, 1947**

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. This Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provides for the constitution of grievance settlement machineries in any establishment having 20 or more workers.

- **Trade Unions Act, 1926**

Provisions of the Trade Union Act, 1926 provide that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive conditions on the conduct of any trade or business etc.

- **Industrial Employment (Standing Orders) Act, 1946 (the “Standing Orders”)**

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments having 50 or more workmen employed, so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial establishment. The highlights of the Standing Orders are classification of workmen, manner of intimation to workers about work and wage related details, attendance and conditions for leaves, conditions of termination of employment and means of redressal for workmen in different matters.

- **The Code on Social Security, 2020**

The Government of India enacted ‘The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 9 separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the

Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The relevant laws that the code shall subsume, are currently as follows –

- **Employee’s Compensation Act, 1923**

The Employees’ Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employee’s Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employee’s Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within 7 days of death/serious bodily injury.

- **Employee’s State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and ‘employment injury’ and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employers and employees both are required to make contributions to the fund. The return of the contribution made is required to be filed with the Employees’ State Insurance Corporation.

- **Employees’ Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act)**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees’ provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make an equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees’ Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months’ notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

- **Payment of Gratuity Act, 1972**

The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which 10 or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this Act has become applicable shall be continued to be governed by this Act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

- (ii) **The Public Liability Insurance Act, 1991 and the Public Liability Insurance Rules, 1991**

The Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the government by way of a notification. Under the law, the owner or handler is also required to take out an insurance policy insuring against liability. The rules made under this Act mandate the employer to contribute towards the Environmental Relief Fund a sum equal to the premium paid on the insurance policies.

- (iii) **The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (the “Act”)**

In order to curb the rise in sexual harassment of women at workplace, this Act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms 'sexual harassment' and 'workplace' are both defined in the Act. Every employer should constitute an "Internal Complaints Committee" and every officer and member of the Committee shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organising awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

(iv) Child Labour (Prohibition and Regulation) Act, 1986 (the "CLPR Act")

The "CLPR Act seeks to prohibit the engagement of children in certain occupations and to regulate the conditions of work of children in certain other occupations. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

INTELLECTUAL PROPERTY RIGHTS

Intellectual property in India enjoys protection under both common law and statutes. Under statutes, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. These enactments provide for the protection of intellectual property by imposing civil and criminal liability for infringement. In addition to the domestic laws, India is party to several international intellectual property related instruments including the Patent Cooperation Treaty, 1970, the Paris Convention for the Protection of Industrial Property, 1883, the Berne Convention for the Protection of Literary and Artistic Works, 1886, the Universal Copyright Convention adopted at Geneva in 1952, the International Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organizations, 1961 and as a member of the World Trade Organisation is a signatory to the Agreement on Trade Related aspects of Intellectual Property Rights.

(i) The Trade Marks Act, 1999 ("Trade Marks Act")

The Trade Marks Act governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India. Indian law permits the registration of trademarks for both goods and services. Under the provisions of the Trade Marks Act, an application for trademark registration may be made with the Trade Marks Registry by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. Once granted, a trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides for penalties for infringement, falsifying and falsely applying trademarks among others. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. It also seeks to simplify the law relating to the transfer of ownership of trademarks by assignment or transmission and to bring the law in line with international practices.

(ii) Copyright Act, 1957 ("Copyright Act")

The Copyright Act, 1957, along with the Copyright Rules, 1958, (collectively, "Copyright Laws") governs copyrights subsisting in original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings, including computer programmes, tables and compilations including computer databases. Computer programme constitutes a literary work under Indian law and is afforded copyright protection and the owner of such computer programme becomes entitled to protect his works against unauthorized use and misappropriation of the copyrighted work or a substantial part thereof. Any act of this nature entitles the copyright owner to obtain relief from a court of law including injunction, damages and accounts of profits. Further, copyright registration is not a prerequisite for acquiring or enforcing a copyright in an otherwise copyrightable work and once registered, copyright protection remains valid until expiry of sixty years from the demise of the author. Reproduction of a copyrighted computer programme for sale or hire or trade exhibit in public or distribution or commercial rental, offer for sale or commercial rental, issuing copy(ies) of the computer programme or making an adaptation of the work without consent of the copyright owner amounts to infringement of the copyright. However, the Copyright Act prescribes certain fair use exceptions which permit certain acts, which would otherwise be considered copyright infringement.

(iii) The Patents Act, 1970

The Patents Act, 1970 (“Patents Act”) governs the patent regime in India. Being a signatory to the Agreement on Trade Related Aspects of Intellectual Property Rights, India is required to recognize product patents as well as process patents. In addition to the broad requirement that an invention satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria. Section 39 of the Patents Act also prohibits any person resident in India from applying for a patent for an invention outside India without making an application for a patent for the same invention in India. The term of a patent granted under the Patents Act pursuant to Section 53 is for a period of twenty years from the date of filing of the application for the patent. A patent shall cease to have effect if the renewal fee is not paid within the period prescribed for the payment of such renewal fee. While the Patents Act prohibits patentability of a ‘computer programme’ as such, computer programmes in combination with novel hardware could be considered patentable depending on the substance of the invention and applicable provisions of the Patents Act. Computer programmes on their own are excluded from patent protection and are protected as a literary work under the Copyright Laws. In terms of the Patent Act, the patentee holds the exclusive right to prevent third parties from the using, offering for sale, selling or importing for such purposes, the patented product or product obtained directly by a process patented in India.

FOREIGN INVESTMENT LAWS:

(i) Foreign Trade (Development and Regulation) Act, 1992

The FTDR is the main legislation concerning foreign trade in India. The FTDR, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given wide powers to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTDR read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code (“IEC”) number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract a penalty under the FTDR.

(ii) Foreign Exchange Management Act, 1999 & Rules thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the RBI from time to time and the FEMA Rules and the Consolidated FDI Policy. In terms of the Consolidated FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which the foreign investment is sought to be made. In terms of the Consolidated FDI Policy, the work of granting government approval for foreign investment under the Consolidated FDI Policy and FEMA has now been entrusted to the concerned administrative ministries/departments.

The Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 as amended in 2019, provide that the total holding by any individual NRI, on a repatriation basis, shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed five percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

(iii) The Conservation of Foreign Exchange and Prevention of Smuggling Activities Act, 1974

COFEPOSA came into force for the reason to provide preventive detention and to protect and augment the guidelines of foreign exchange. The Act also aims to control smuggling activities and other issues in relation to these activities. COFEPOSA confers power on the Central and the State Governments to issue orders for detaining a person if it is satisfied that the person has acted detrimental to the protection of foreign exchange. The Government shall also issue an order of detention on the ground that the person has engaged in the activity of smuggling goods, assists any person in smuggling goods, transports or conceals such goods, harbors any person employed in the smuggling activities or does any other activity related with smuggling. Such an order shall be issued by the Joint Secretary to the Central Government or Secretary to the State Government or any senior officer authorized by the Government.

(iv) Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular. The Reserve Bank of India (“RBI”) also issues Master Directions Foreign Investment in India and updates the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18 dated January 4, 2018, as updated from time to time by RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who are eligible to make investments in India, for which eligibility criteria are prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including the filing of Form FC-GPR.

ANTI-TRUST LAWS**Competition Act, 2002**

The Act is to prevent practices having adverse effects on competition, to promote and sustain competition in markets, to protect the interest of consumers and to ensure freedom of trade in India. The Act deals with prohibition of anti-competitive agreements. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Act.

GENERAL LAWS

Apart from the above list of laws, which is inclusive in nature and not exhaustive, general laws like the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, Consumer Protection Act 2019, Transfer of Property Act, 1882, Information Technology Act, 2000 etc. are also applicable to the Company.

COMPANY OVERVIEW

POSITRON ENERGY LIMITED (Previously Known as POSITRON ENERGY PRIVATE LIMITED) Company was incorporated in the year 2008 **under chapter IX of Companies Act, 1956**. The Address of its registered office and principal place of business are disclosed in the introduction of the Annual Report. The company is engaged in Management Consultancy, Sale of CBM Gas/Natural Gas and other allied Services and Activities.

A- SIGNIFICANT ACCOUNTING POLICY

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS:-

The accounting principles and policies, recognized as appropriate for measurement and reporting of the financial performance and financial position on accrual basis except as otherwise disclosed, using historical costs (i.e., not taking in to account changing money values impact of inflation) are applied in the preparation of the financial statements and those which are considered materials to the affairs are suitably disclosed. The Financial Statements are in accordance with the requirements of the Companies Act, 2013.

2. USE OF ESTIMATES:-

The preparation of Financial Statements requires estimates and assumption to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues & expenses during the reporting period. Difference between actual results and estimates are recognized in the period in which the results are known /materialized.

3. INVENTORIES:-

Stock in trade has been valued at the lower of the cost or net realizable value. The cost has been arrived by applying all direct expenses to the cost of goods to arrive at the landed cost of items. Net realizable value is the estimated selling price in the ordinary course of business; less estimated costs of completion and estimated costs necessarily to make the sale.

4. CASH & CASH EQUIVALENTS:-

Cash comprises Cash on hand and Demand Deposits with Banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

5. CASH FLOW :-

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

6. EVENTS OCCURRING AFTER THE BALANCE SHEET :-

Material events occurring after the balance sheet are considered up to the date of approval of the accounts by the board of directors. There are no substantial events having an impact on the results of the current year Balance Sheet.

7. PROPERTY, PLANT AND EQUIPMENT & INTANGIBLE ASSET :-

(a) Tangible Assets:

Property, Plant and Equipment are stated at cost of acquisition or construction and all cost directly attributable to bringing the asset to the present condition for its intended use less accumulated depreciation. All expenditure incurred during the construction period are shown as capital work-in-progress until the assets are ready for intended use.

Additions to the Property, Plant and Equipment have been accounted for on the date of installation and its use irrespective of the date of invoice.

(b) Intangible Assets:

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

8. DEPRECIATION ON PROPERTY, PLANT AND EQUIPMENT :-

The Company has provided depreciation on all tangible fixed assets as per the useful life specified in Part 'C' of Schedule II of the Companies Act 2013, Depreciation on tangible Property, Plant and Equipment is computed on written down value method and Depreciation on tangible Property Plant and Equipment under lease and situated at Bokaro Plant is computed on Straight Line method at such rate as computed considering useful life provided in the Schedule - II of the Act. There are no Intangible Fixed Assets in the company. The estimated useful life of assets are reviewed and where appropriate are adjusted, annually.

9. CAPITAL WORK IN PROGRESS :-

Capital Work in Progress is carried at cost. Cost comprises direct costs, related incidental expenses and interest on borrowings.

10. RETIREMENT BENEFITS :-

(i) Short-term employee benefits

Short term employee benefits are recognized as an expense at the undiscounted amount in the statement of Profit and loss for the year which includes benefits like salary, wages, bonus and are recognized as expenses in the period in which the employee renders the related service

(ii) Post-Employment benefits:

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

11. REVENUE RECOGNITION :-

Revenue from services recognized on rendering of services and on raising of bills to the clients and are recorded net of applicable taxes.

Sale of goods are recognized, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer. Sales of goods are recorded net of applicable taxes. The Company follows exclusive method of accounting to records purchase, cost of goods sold, sales and closing stock, but there is no effect on the profitability of the company as the method is revenue neutral.

Interest and other income are recognized on accrual basis.

Dividend income is accounted as and when right to receive dividend is established.

Lease income from operating leases where the Company is a lessor is recognized in the statement of profit and loss on a straight line basis over the lease term.

12. BORROWING COST:-

Borrowing costs attributable to the acquisition, construction or production of qualifying assets are considered as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. Interest, finance charges & any other cost related incurred in connection with borrowing of funds, which are incurred for the development of long term projects are transferred to Construction Work-In- Progress. All other borrowing costs are recognized as expense in the period in which these are incurred.

13. EARNING PER SHARE:-

Basic earnings per share is computed by dividing the profit/ (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potentially equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/reverse share splits and bonus shares, as appropriate.

14. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

A provision is recognized when there exists a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to present value and are determined based on best estimates required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(i) **Provisions**

A provision is recognized if, as a result of a past event, the Group has a present legal obligation that is reasonably estimable and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability.

(ii) **Use of Estimate**

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognized in the period in which the results are known / materialize.

15. **TAXES ON INCOME :-**

Tax Expenses for the year, i.e. Current Tax is included in determining the net profit for the year. A provision is made for the current tax liability computed in accordance with relevant tax rates and tax laws.

16. **DEFERRED TAX-ASSET/LIABILITY:-**

As per the Prudence concept, Deferred Tax Assets are recognized and carried forward only to the extent that there is reasonable certainty of their realization.

Deferred tax expense or benefit is recognized on timing differences being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. In the situations where the Company is entitled to a tax holiday under the Income realized against future taxable profits. In the situations where the Company is entitled to a tax holiday under the Income Tax Act, 1961 enacted in India, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate.

At each balance sheet date, the Company re-assesses recognized and unrecognized deferred tax assets. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which the deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available. The Company recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. Company has not recognized the deferred tax assets in view of prudence as set out in paragraphs L5 to L8 of "AS 22".

17. **IMPAIRMENT OF ASSETS:-**

Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our restated financial statements included in the Draft Red Herring Prospectus. You should also read the section entitled “Risk Factors” beginning on page 28, which discusses several factors, risks and contingencies that could affect our financial condition and results of operations. The following discussion relates to our Company and is based on our restated financial statements, which have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI Regulations. Portions of the following discussion are also based on internally prepared statistical information and on other sources. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal year (“Fiscal Year” or “FY”) are to the twelve-month period ended March 31 of that year.

The financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated which is included in this Draft Red Herring Prospectus under the section titled “Restated Financial Information” beginning on page 173 of this Draft Red Herring Prospectus. The restated financial statements have been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. We do not provide a reconciliation of our restated financial statements to US GAAP or IFRS and we have not otherwise quantified or identified the impact of the differences between Indian GAAP and U.S. GAAP or IFRS as applied to our restated financial statements.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under “Risk Factors” and “Forward Looking Statements” beginning on pages 28 and 18 respectively, and elsewhere in this Draft Red Herring Prospectus. Accordingly, the degree to which the financial statements in this Draft Red Herring Prospectus will provide meaningful information depend entirely on such potential investor's level of familiarity with Indian accounting practices. Please also refer to section titled “Certain Convention, Presentation of Financial, Industry and Market data” beginning on page 16 of this Draft Red Herring Prospectus.

BUSINESS OVERVIEW

Our Company for the initially 11 years were mere engaged in the Management & Technical Advisory Services of Oil and Gas Industry. Later on, in the FY 2018-19, our promoters planned to commence the aggregation business of Coal Bed Methan Gas (CBM) for supplying to industrial unit. After having successful business of CBM Gas aggregation also, as per the demand of industrial units, our Company in July 2022 decided to aggressively commence the business of Natural Gas aggregation for such industrial unit.

Our Company was started by our Promoters Mr. Rajiv Menon, Mr. Manav Bahri and Mr. Sujit K Sugathan. Our Promoters have combined experience of more than 45 years in the Gas and Oil Industry. Our Promoters have been pillars of our Company's growth and have built a strong value and eco - system. With their enriching experience and progressive thinking, we aim to continue to grow in the Oil & Gas industry.

We are engaged in Management & Technical Advisory Services of Oil and Gas Industry. We provide end to end solutions for Gas distribution to the Industries across India. We provide Management Consultancy Services like commercial and financial advisory, technical services including Project Management and O&M (Operation and Management) Services, across the Gas Sector in India. We have successfully developed a Gas aggregation business volume of 35 MMSCM (approx), especially Natural Gas. Our technical qualifications and empanelment with most industrial customers attest to our reliability and competence. Moreover, distribution of Natural gas is facilitated through common carrier pipeline networks operated by major public and private sector players in the Indian market.

Our Company is an ISO 9001:2015 and ISO 45001:2018 certified company. The quality certification is towards providing consultancy services, O&M services to the Oil & Gas sector. We have in-house capabilities to deliver a project from conceptualization to completion with fast turnaround time from acquisition to launch to completion, which focuses on de-risking and improving return on investment. Our core competence lies in professional management and attracting and retaining talent to maximize value creation. Since incorporation, we have provided services to major companies which are engaged in the Oil & Gas Sector, including both PSUs and private companies. Our Company has demonstrated a prominent presence in the Oil and Gas Sector and has developed significant expertise and competencies in this field. Our Company aims to leverage its strength and continue expansion into the Oil and Gas sector lead our company to desired growth trajectory.

In addition to our operational endeavours, our business is secured with the Indian Gas Exchange (IGX) through its clearing member. This client membership enables us to source natural gas on-demand for our short-term requirements from the free market, where prices are determined through a transparent exchange mechanism. Moreover, it also provides flexibility to offload excess Gas if necessary. Our current portfolio includes a substantial daily volume of 4000-5000

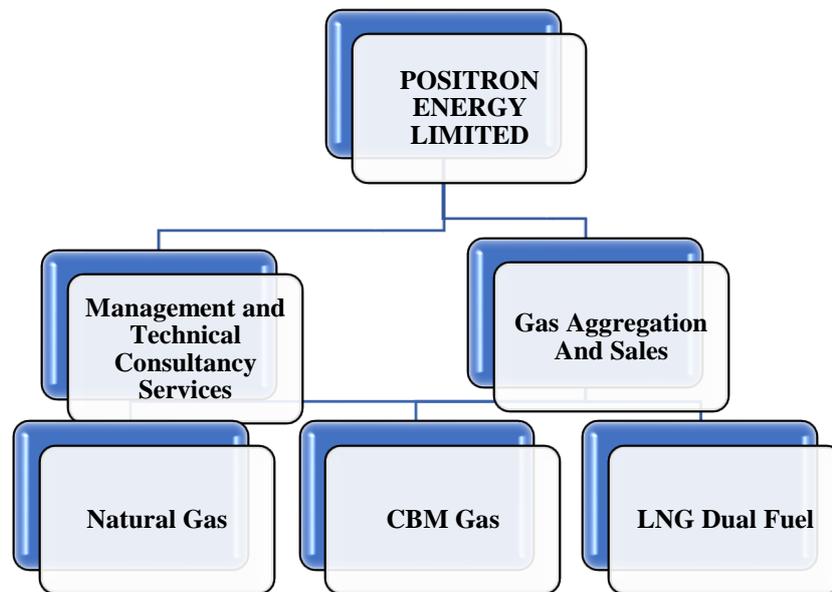

MMBTU of gas from various sources. We engage in long-term contracts linked with formulas, determined through mutual discussions with our customers.

Our services are consistent round the year. We are a quality conscious company. We are constantly striving to expand our service portfolio and we always look forward to complementing projects of our clients

Our Company has entered into collaboration agreement with ICOM North America LLC (New Hudson, MI) for installation of ICOM Dual Fuel LNG conversion systems in on-road trucks weighing over 3.5 tons in India. The new system will result in reduction in emissions with the utilization of LNG contributing to environmental sustainability. The dual-fuel system allows for cost-effective operation with the flexibility of fuel ratios. The product has undergone thorough testing under Indian operating conditions, ensuring optimal performance and reliability. We are currently in the process of obtaining technical approvals from the Automotive Research Association of India (ARAI).

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the course of undertaking our business, we are exposed to the following risks arising from financial instruments, which include credit risk, liquidity risk and market risk. Our primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on our financial performance.

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss. The potential activities where credit risks may arise include from cash and cash equivalents, security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount.

Our exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits, and continuously monitoring the creditworthiness of customers to which our Company grants credit terms in the normal course of business.

Liquidity Risk

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. Our financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We have practiced financial diligence and syndicated adequate liquidity in all business scenarios.

Market Risk

Market risk is the risk that results in changes in market prices, such as foreign exchange rates, interest rates and equity prices, which will affect our income or the value of our holdings of financial instruments. Our operations result in us being exposed to foreign currency risk on account of trade receivables, trade payables and borrowings. The foreign currency risk may affect our income and expenses, or our financial position and cash flows. The objective of our management of foreign currency risk is to maintain this risk within acceptable parameters, while optimizing returns.

EFFECT OF INFLATION

We are affected by inflation as it has an impact on the operating cost, staff costs etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are

being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of our Company, Promoter's minimum contribution as provided under the section titled "*Capital Structure*" beginning on Page No. 61 of this Draft Red Herring Prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. For details, please refer chapter titled "*Description of Equity Shares and terms of the articles of association*" beginning on Page No. 253 of this Draft Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated herein above. Our Company and the Book Running Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company in consultation with BRLM withdraws the Issue after the Issue Closing Date and

thereafter determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Prospectus with Stock Exchange.

The above timetable, other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation on our Company and the BRLM.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is Indian Standard Time. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken. Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Prospectus and shall not be restricted to the minimum subscription level.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (Fifty).

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than ₹ 1,00,000/- (Rupees One Lac only) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Migration to Main Board

Our company may migrate to the main board of National Stock Exchange of India Limited at a later date subject to the following:

- a. If the Paid-up Capital of our Company is likely to increase above ₹ 25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoters in favor of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in- principal approval from the main board), our Company shall apply to NSE Limited for listing of its shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.*

OR

- b. ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issue, prepared and issued in accordance with the SEBI circular no CIR/CFD/DIL/12/2013 dated October 23, 2013 notified by SEBI and updated pursuant to SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015, the SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and updated pursuant to SEBI Circular SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 (the “General Information Document”) which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document is available on the websites of Stock Exchange, the Company and the Book Running Lead Manager. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its UPI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Offer will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stockbrokers, Depository Participants (DP), Registrar to an Issue and Share Transfer Agent (RTA) that have been notified by SME Platform of National Stock Exchange of India Limited (“NSE EMERGE”) to act as intermediaries for submitting Application Forms are provided on www.nseindia.com/merge. For details on their designated branches for submitting Application Forms, please see the above mentioned website of Platform of National Stock Exchange of India Limited (“NSE EMERGE”).

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RII had the option to submit the ASBA Form with any of the Designated Intermediary and use his/

her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI Mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager.

Bid cum Application Form

Copies of the Bid cum Application Form and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres, and our Registered and Corporate Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of NSE (www.nseindia.com) at least one day prior to the Bid/Issue Opening Date.

All Bidders shall mandatorily participate in the Issue only through the ASBA process. The RIs Bidding in the Retail Portion can additionally Bid through the UPI Mechanism.

4. Overseas Corporate Bodies

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and [●] Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide

circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and [●] Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.

- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders:

1. Our Company and the Book Running Lead Manager shall declare the Issue Opening Date and Issue Closing Date in the Draft Red Herring Prospectus to be registered with the RoC and also publish the same in two national newspapers (one each in English and Hindi) and in a regional newspaper with wide circulation. This advertisement shall be in prescribed format.
2. Our Company will file the Red Herring Prospectus with the RoC at least 3 (three) working days before the Issue Opening Date.
3. Copies of the Bid Cum Application Form along with Abridge Prospectus and copies of the Draft Red Herring Prospectus will be available with the, the Book Running Lead Manager, the Registrar to the Issue, and at the Registered Office of our Company. Electronic Bid Cum Application Forms will also be available on the websites of the StockExchange.
4. Any Bidder who would like to obtain the Draft Red Herring Prospectus and/ or the Bid Cum Application Form can obtain the same from our Registered Office.
5. Bidders who are interested in subscribing for the Equity Shares should approach Designated Intermediaries to register their applications.
6. Bid Cum Application Forms submitted directly to the SCSBs should bear the stamp of the SCSBs and/or the Designated Branch, or the respective Designated Intermediaries. Bid Cum Application Form submitted by Applicants whose beneficiary account is inactive shall be rejected.
7. The Bid Cum Application Form can be submitted either in physical or electronic mode, to the SCSBs with whom the ASBA Account is maintained, or other Designated Intermediaries (Other than SCSBs). SCSBs may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account. The Retail Individual Applicants has to apply only through UPI Channel, they have to provide the UPI ID and validate the blocking of the funds and such Bid Cum Application Forms that do not contain such details are liable to be rejected.
8. Bidders applying directly through the SCSBs should ensure that the Bid Cum Application Form is submitted to a Designated Branch of SCSB, where the ASBA Account is maintained. Applications submitted directly to the SCSB's or other Designated Intermediaries (Other than SCSBs), the relevant SCSB, shall block an amount in the ASBA Account equal to the Application Amount specified in the Bid Cum Application Form, before entering the ASBA application into the electronic system.
9. Except for applications by or on behalf of the Central or State Government and the Officials appointed by the courts and by investors residing in the State of Sikkim, the Bidders, or in the case of application in joint names, the first Bidder (the first name under which the beneficiary account is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participating transacting in the securities market, irrespective of the amount of transaction. Any Bid Cum Application Form without PAN is liable to be rejected. The demat accounts of Bidders for whom PAN details have not been

verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be “suspended for credit” and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidders.

10. The Bidders may note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries do not match with PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form is liable to be rejected.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company’s paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, please refer chapter titled “Restrictions on Foreign Ownership of Indian Securities” beginning on Page No. 251 of this Draft Red Herring Prospectus. Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for relevant business sector in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i) such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM Bids"). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "MIM Structure"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 01, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, please refer chapter titled “Key Industry Regulations” beginning on Page No. 109 of this Draft Red Herring Prospectus.

BIDS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBS are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBS. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCS

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) Equity Shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall

send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.

2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB

Category is not available for subscription to other categories.

- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment

shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

c) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] Equity Shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] Equity Shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Draft Red herring Prospectus.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.

The Book Running Lead Manager or the Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.

- 3) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 2 working days of the Issue Closing date. - no further issue of the Equity Shares shall be made until the Equity Shares issued through the Red Herring Prospectus are listed or until the Bid monies are unblocked in ASBA Account/refunded on account of non-listing, under-subscription, etc.
- our Company, in consultation with the BRLM, reserves the right not to proceed with the Fresh Issue, in whole or in part thereof, to the extent of the Issued Shares, after the Bid/ Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two days of the Bid/ Issue Closing Date or such other time as may be prescribed by the SEBI, providing reasons

for not proceeding with the Issue and inform the Stock Exchanges promptly on which the Equity Shares are proposed to be listed; and

- if our Company, in consultation with the BRLM withdraws the Issue after the Bid/ Issue Closing Date and thereafter determines that it will proceed with an issue of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with the SEBI.

UTILIZATION OF ISSUE PROCEEDS

Our Board certifies that:

- all monies received out of the Fresh Issue shall be credited/transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013;
- details of all monies utilized out of the Fresh Issue shall be disclosed, and continue to be disclosed till the time any part of the Issue proceeds remains unutilized, under an appropriate head in the balance sheet of our Company indicating the purpose for which such monies have been utilized; and
- details of all unutilized monies out of the Fresh Issue, if any shall be disclosed under an appropriate separate head in the balance sheet indicating the form in which such unutilized monies have been invested.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) (“DPIIT”), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. In terms of FDI Policy, FDI to an extent of 51% is allowed in multi brand retail trading with government approval. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. For more details, please refer chapter titled “*Issue Procedure*” beginning on Page No. 225 of this Draft Red Herring Prospectus.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. For more details, please refer chapter titled “*Issue Procedure*” beginning on Page No. 225 of this Draft Red Herring Prospectus.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has

been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

4. The Authorized Share Capital of the Company shall be as prescribed in Clause 5 of the Memorandum of Association of the Company.
5. Subject to the provisions of the Act and these Articles, the shares in the capital of the Company for the time being (including any shares forming part of any increased capital of the Company) shall be under the control of the Board who may allot the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with the provisions of the Act) and at such terms as they may, from time to time, think fit and proper and with the sanction of the Company in General Meeting by a Special Resolution give to any person the option to call for or be allotted shares of any class of the Company, either at par, at a premium or subject as aforesaid at a discount, such option being exercisable at such times and for such consideration as the Board

thinks fit unless the Company in General Meeting, by a Special Resolution, otherwise decides. Any offer of further shares shall be deemed to include a right, exercisable by the person to whom the shares are offered, to renounce the shares offered to him in favour of any other person.

Subject to the provisions of the Act, any redeemable Preference Share, including Cumulative Convertible Preference Share may, with the sanction of an ordinary resolution be issued on the terms that they are, or at the option of the Company are liable to be redeemed or converted on such terms and in such manner as the Company, before the issue of the shares may, by special resolution, determine.

6. The Company in General Meeting, by a Special Resolution, may determine that any share (whether forming part of the original capital or of any increased capital of the Company) shall be offered to such persons (whether members or holders of debentures of the Company or not), giving them the option to call or be allotted shares of any class of the Company either at a premium or at par or at a discount, (subject to compliance with the provisions of Section 53) such option being exercisable at such times and for such consideration as may be directed by a Special Resolution at a General Meeting of the Company or in General Meeting and may take any other provisions whatsoever for the issue, allotment or disposal of any shares.
7. The Board may at any time increase the subscribed capital of the Company by issue of new shares out of the unissued part of the Share Capital in the original or subsequently created capital, but subject to Section 62 of the Act, and subject to the following conditions namely:

- I.
 - (a) Such further shares shall be offered to the persons who, at the date of the offer, are holder of the equity shares of the Company in proportion, as nearly as circumstances admit, to the capital paid up on those shares at that date.
 - (b) The offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than twenty-one days, from the date of the offer within which the offer, if not accepted, will be deemed to have been declined.
 - (c) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to in clause (b) shall contain a statement of this right.
 - (d) After the expiry of the time specified in the notice aforesaid, or in respect of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner as it thinks most beneficial to the Company.
- II. The Directors may, with the sanction of the Company in General Meeting by means of a special resolution, offer and allot shares to any person at their discretion by following the provisions of section 62 of the Act and other applicable provisions, if any.
- III. Nothing in this Article shall apply to the increase in the subscribed capital of the Company which has been approved by:
 - (a) A Special Resolution passed by the Company in General Meeting before the issue of the debentures or the raising of the loans, and
 - (b) The Central Government before the issue of the debentures or raising of the loans or is in conformity with the rules, if any, made by that Government in this behalf.

8. (1) The rights attached to each class of shares (unless otherwise provided by the terms of the issue of the shares of the class) may, subject to the provisions of Section 48 of the Act, be varied with the consent in writing of the holders of not less than three fourths of the issued shares of that class or with the sanction of a Special Resolution passed at a General Meeting of the holders of the shares of that class.

(2) To every such separate General Meeting, the provisions of these Articles relating to General Meeting shall Mutatis Mutandis apply, but so that the necessary quorum shall be two persons at least holding or representing by proxy one-tenth of the issued shares of that class.

9. Issue of further shares with disproportionate rights

Subject to the provisions of the Act, the rights conferred upon the holders of the shares of any class issued with preferred or other rights or not, unless otherwise expressly provided for by the terms of the issue of shares of that class, be deemed to be varied by the creation of further shares ranking pari passu therewith.

10. Not to issue shares with disproportionate rights

The Company shall not issue any shares (not being Preference Shares) which carry voting rights or rights in the Company as to dividend, capital or otherwise which are disproportionate to the rights attached to the holders of other shares not being Preference Shares.

11. Power to pay commission

The Company may, at any time, pay a commission to any person for subscribing or agreeing to subscribe (whether absolutely or conditionally) for any share, debenture or debenture stock of the Company or procuring or agreeing to procure subscriptions (whether absolute or conditional) for shares, such commission in respect of shares shall be paid or payable out of the capital, the statutory conditions and requirements shall be observed and complied with and the amount or rate of commission shall not exceed five percent of the price at which the shares are issued and in the case of debentures, the rate of commission shall not exceed, two and half percent of the price at which the debentures are issued. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in one way and partly in the other. The Company may also, on any issue of shares, pay such brokerage as may be lawful.

12. Liability of joint holders of shares

The joint holders of a share or shares shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such share or shares.

13. Trust not recognised

Save as otherwise provided by these Articles, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly, the Company shall not, except as ordered by a Court of competent jurisdiction or as by a statute required, be bound to recognise any equitable, contingent, future or partial interest lien, pledge or charge in any share or (except only by these presents otherwise provided for) any other right in respect of any share except an absolute right to the entirety thereof in the registered holder.

14. Issue other than for cash

- a) The Board may issue and allot shares in the capital of the Company as payment or part payment for any property sold or goods transferred or machinery or appliances supplied or for services rendered or to be rendered to the Company in or about the formation or promotion of the Company or the acquisition and or conduct of its business and shares may be so allotted as fully paid-up shares, and if so issued, shall be deemed to be fully paid-up shares.
- b) As regards all allotments, from time to time made, the Board shall duly comply with Section 39 of the Act.

15. Acceptance of shares

An application signed by or on behalf of the applicant for shares in the Company, followed by an allotment of any share therein, shall be acceptance of the shares within the meaning of these Articles; and every person who thus or otherwise accepts any share and whose name is on the Register shall, for the purpose of these Articles, be a shareholder.

16. Member' right to share Certificates

1. Every person whose name is entered as a member in the Register shall be entitled to receive without payment:
 - a. One certificate for all his shares; or
 - b. Share certificate shall be issued in marketable lots, where the share certificates are issued either for more or less than the marketable lots, sub-division/consolidation into marketable lots shall be done free of charge.
2. The Company shall, within two months after the allotment and within fifteen days after application for registration of the transfer of any share or debenture, complete and have it ready for delivery; the share certificates for all the shares and debentures so allotted or transferred unless the conditions of issue of the said shares otherwise provide.
3. Every certificate shall be under the signature of two Directors and the Company Secretary of the Company and shall specify the shares to which it relates and the amount paid-up thereon.
4. The certificate of title to shares and duplicates thereof when necessary shall be issued under the signature of two Directors and the Company Secretary of the Company or authorized official(s) of the Company.

17. One Certificate for joint holders

In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate for the same share or shares and the delivery of a certificate for the share or shares to one of several joint

holders shall be sufficient delivery to all such holders. Subject as aforesaid, where more than one share is so held, the joint holders shall be entitled to apply jointly for the issue of several certificates in accordance with Article 20 below.

18. Renewal of Certificate

If a certificate be worn out, defaced, destroyed, or lost or if there is no further space on the back thereof for endorsement of transfer, it shall, if requested, be replaced by a new certificate without any fee, provided however that such new certificate shall not be given except upon delivery of the worn out or defaced or used up certificate, for the purpose of cancellation, or upon proof of destruction or loss, on such terms as to evidence, advertisement and indemnity and the payment of out of pocket expenses as the Board may require in the case of the certificate having been destroyed or lost. Any renewed certificate shall be marked as such in accordance with the provisions of the act in force.

For every certificate issued under the last preceding Article, no fee shall be charged by the Company.

19. Splitting and consolidation of Share Certificate

The shares of the Company will be split up/consolidated in the following circumstances:

- (i) At the request of the member/s for split up of shares in marketable lot.
- (ii) At the request of the member/s for consolidation of fraction shares into marketable lot.

20. Directors may issue new Certificate(s)

Where any share under the powers in that behalf herein contained are sold by the Directors and the certificate thereof has not been delivered up to the Company by the former holder of the said shares, the Directors may issue a new certificate for such shares distinguishing it in such manner as they think fit from the certificate not so delivered up.

21. Person by whom installments are payable

If, by the conditions of allotment of any share, the whole or part of the amount or issue price thereof shall be payable by installments, every such installment, shall, when due, be paid to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative or representatives, if any.

LIEN

22. Company's lien on shares

The Company shall have first and paramount lien upon all shares other than fully paid-up shares registered in the name of any member, either or jointly with any other person, and upon the proceeds or sale thereof for all moneys called or payable at a fixed time in respect of such shares and such lien shall extend to all dividends from time to time declared in respect of such shares. But the Directors, at any time, may declare any share to be exempt, wholly or partially from the provisions of this Article. Unless otherwise agreed, the registration of transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares.

23. As to enforcing lien by sale

For the purpose of enforcing such lien, the Board of Directors may sell the shares subject thereto in such manner as it thinks fit, but no sale shall be made until the expiration of 14 days after a notice in writing stating and demanding payment of such amount in respect of which the lien exists has been given to the registered holders of the shares for the time being or to the person entitled to the shares by reason of the death of insolvency of the register holder.

24. Authority to transfer

- a. To give effect to such sale, the Board of Directors may authorise any person to transfer the shares sold to the purchaser thereof and the purchaser shall be registered as the holder of the shares comprised in any such transfer.
- b. The purchaser shall not be bound to see the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings relating to the sale.

25. Application of proceeds of sale

The net proceeds of any such sale shall be applied in or towards satisfaction of the said moneys due from the member and the balance, if any, shall be paid to him or the person, if any, entitled by transmission to the shares on the date of sale.

CALLS ON SHARES

26. Calls

Subject to the provisions of Section 49 of the Act, the Board of Directors may, from time to time, make such calls as it thinks fit upon the members in respect of all moneys unpaid on the shares held by them respectively and not by the

conditions of allotment thereof made payable at fixed times, and the member shall pay the amount of every call so made on him to the person and at the time and place appointed by the Board of Directors.

27. When call deemed to have been made

A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed. The Board of Directors making a call may by resolution determine that the call shall be deemed to be made on a date subsequent to the date of the resolution, and in the absence of such a provision, a call shall be deemed to have been made on the same date as that of the resolution of the Board of Directors making such calls.

28. Length of Notice of call

Not less than thirty day's notice of any call shall be given specifying the time and place of payment provided that before the time for payment of such call, the Directors may, by notice in writing to the members, extend the time for payment thereof.

29. Sum payable in fixed installments to be deemed calls

If by the terms of issue of any share or otherwise, any amount is made payable at any fixed times, or by installments at fixed time, whether on account of the share or by way of premium, every such amount or installment shall be payable as if it were a call duly made by the Directors, on which due notice had been given, and all the provisions herein contained in respect of calls shall relate and apply to such amount or installment accordingly.

30. When interest on call or installment payable

If the sum payable in respect of any call or, installment be not paid on or before the day appointed for payment thereof, the holder for the time being of the share in respect of which the call shall have been made or the installment shall fall due, shall pay interest for the same at the rate of 12 percent per annum, from the day appointed for the payment thereof to the time of the actual payment or at such lower rate as the Directors may determine. The Board of Directors shall also be at liberty to waive payment of that interest wholly or in part.

31. Sums payable at fixed times to be treated as calls

The provisions of these Articles as to payment of interest shall apply in the case of non-payment of any such sum which by the terms of issue of a share, become payable at a fixed time, whether on account of the amount of the share or by way of premium, as if the same had become payable by virtue of a call duly made and notified.

32. Payment of call in advance

The Board of Directors, may, if it thinks fit, receive from any member willing to advance all of or any part of the moneys uncalled and unpaid upon any shares held by him and upon all or any part of the moneys so advance may (until the same would, but for such advance become presently payable) pay interest at such rate as the Board of Directors may decide but shall not in respect of such advances confer a right to the dividend or participate in profits.

33. Partial payment not to preclude forfeiture

Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any share nor any part payment or satisfaction thereunder, nor the receipt by the Company of a portion of any money which shall from, time to time, be due from any member in respect of any share, either by way of principal or interest nor any indulgency granted by the Company in respect of the payment of any such money shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein after provided.

FORFEITURE OF SHARES

34. If call or installment not paid, notice may be given

If a member fails to pay any call or installment of a call on the day appointed for the payment not paid thereof, the Board of Directors may during such time as any part of such call or installment remains unpaid serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest, which may have accrued. The Board may accept in the name and for the benefit of the Company and upon such terms and conditions as may be agreed upon, the surrender of any share liable to forfeiture and so far as the law permits of any other share.

35. Evidence action by Company against shareholders

On the trial or hearing of any action or suit brought by the Company against any shareholder or his representative to recover any debt or money claimed to be due to the Company in respect of his share, it shall be sufficient to prove that the name of the defendant is or was, when the claim arose, on the Register of shareholders of the Company as a holder, or one of the holders of the number of shares in respect of which such claim is made, and that the amount claimed is not entered as paid in the books of the Company and it shall not be necessary to prove the appointment of the Directors who made any call nor that a quorum of Directors was present at the Board at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matter whatsoever; but the proof of the matters aforesaid shall be conclusive evidence of the debt.

36. Form of Notice

The notice shall name a further day (not earlier than the expiration of fourteen days from the date of service of the notice), on or before which the payment required by the notice is to be made, and shall state that, in the event of non-payment on or before the day appointed, the shares in respect of which the call was made will be liable to be forfeited.

37. If notice not complied with, shares may be forfeited

If the requirements of any such notice as, aforementioned are not complied with, any share in respect of which the notice has been given may at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited shares and not actually paid before the forfeiture.

38. Notice after forfeiture

When any share shall have been so forfeited, notice of the resolution shall be given to the member in whose name it stood immediately prior to the forfeiture and an entry of the forfeiture shall not be in any manner invalidated by any omission or neglect to give such notice or to make such entry as aforesaid.

39. Boards' right to dispose of forfeited shares or cancellation of forfeiture

A forfeited or surrendered share may be sold or otherwise disposed off on such terms and in such manner as the Board may think fit, and at any time before such a sale or disposal, the forfeiture may be cancelled on such terms as the Board may think fit.

40. Liability after forfeiture

A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares but shall, notwithstanding such forfeiture, remain liable to pay and shall forthwith pay the Company all moneys, which at the date of forfeiture is payable by him to the Company in respect of the share, whether such claim be barred by limitation on the date of the forfeiture or not, but his liability shall cease if and when the Company received payment in full of all such moneys due in respect of the shares.

41. Effect of forfeiture

The forfeiture of a share shall involve in the extinction of all interest in and also of all claims and demands against the Company in respect of the shares and all other rights incidental to the share, except only such of these rights as by these Articles are expressly saved.

42. Evidence of forfeiture

A duly verified declaration in writing that the declarant is a Director of the Company and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share, and that declaration and the receipt of the Company for the consideration, if any, given for the shares on the sale or disposal thereof, shall constitute a good title to the share and the person to whom the share is sold or disposed of shall be registered as the holder of the share and shall not be bound to see to the application of the purchase money (if any) nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

43. Non-payment of sums payable at fixed times

The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which by terms of issue of a share, becomes payable at a fixed time, whether, on account of the amount of the share or by way of premium or otherwise as if the same had been payable by virtue of a call duly made and notified.

44. Validity of such sales

Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers herein before given, the Directors may cause the purchaser's name to be entered in the register in respect of the shares sold and may issue fresh certificate in the name of such a purchaser. The purchaser shall not be bound to see to the regularity of the proceedings,

nor to the application of the purchase money and after his name has been entered in the register in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.

TRANSFER AND TRANSMISSION OF SHARES

45. Transfer

- a. The instrument of transfer of any share in the Company shall be executed both by the transferor and the transferee and the transferor shall be deemed to remain holder of the shares until the name of the transferee is entered in the register of members in respect thereof.
- b. The Board shall not register any transfer of shares unless a proper instrument of transfer duly stamped and executed by the transferor and the transferee has been delivered to the Company along with the certificate and such other evidence as the Company may require to prove the title of the transferor or his right to transfer the shares.

Provided that where it is proved to the satisfaction of the Board that an instrument of transfer signed by the transferor and the transferee has been lost, the Company may, if the Board thinks fit, on an application on such terms in writing made by the transferee and bearing the stamp required for an instrument of transfer, register the transfer on such terms as to indemnity as the Board may think fit.

- c. An application for the registration of the transfer of any share or shares may be made either by the transferor or the transferee, provided that where such application is made by the transferor, no registration shall, in the case of partly paid shares, be effected unless the Company gives notice of the application to the transferee. The Company shall, unless objection is made by the transferee within two weeks from the date of receipt of the notice, enter in the register the name of the transferee in the same manner and subject to the same conditions as if the application for registration was made by the transferee.
- d. For the purpose of Sub-clause (c), notice to the transferee shall be deemed to have been duly given if dispatched by prepaid registered post to the transferee at the address given in the instrument of transfer and shall be delivered in the ordinary course of post.
- e. Nothing in Sub-clause (d) shall prejudice any power of the Board to register as a shareholder any person to whom the right to any share has been transmitted by operation of law.

46. Form of transfer

Shares in the Company shall be transferred by an instrument in writing in such common form as specified in Section 56 of the Companies Act.

47. Board's right to refuse to register

The Board, may, at its absolute discretion and without assigning any reason, decline to register;

1. The transfer of any share, whether fully paid or not, to a person of whom it do not approve or
2. Any transfer or transmission of shares on which the Company has a lien
 - a. Provided that registration of any transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except a lien on the shares.
 - b. If the Board refuses to register any transfer or transmission of right, it shall, within fifteen days from the date of which the instrument or transfer of the intimation of such transmission was delivered to the Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission as the case may be.
 - c. In case of such refusal by the Board, the decision of the Board shall be subject to the right of appeal conferred by Section 58.
 - d. The provisions of this clause shall apply to transfers of stock also.

48. Further right of Board of Directors to refuse to register

- a. The Board may, at its discretion, decline to recognise or accept instrument of transfer of shares unless the instrument of transfer is in respect of only one class of shares.

- b.** No fee shall be charged by the Company for registration of transfers or for effecting transmission on shares on the death of any member or for registering any letters of probate, letters of administration and similar other documents.
- c.** Notwithstanding anything contained in Sub-articles (b) and (c) of Article 46, the Board may not accept applications for sub-division or consolidation of shares into denominations of less than hundred (100) except when such a sub-division or consolidation is required to be made to comply with a statutory order or an order of a competent Court of Law or a request from a member to convert his holding of odd lots, subject however, to verification by the Company.
- d.** The Directors may not accept applications for transfer of less than 100 equity shares of the Company, provided however, that these restrictions shall not apply to:
 - i.** Transfer of equity shares made in pursuance of a statutory order or an order of competent court of law.
 - ii.** Transfer of the entire equity shares by an existing equity shareholder of the Company holding less than hundred (100) equity shares by a single transfer to joint names.
 - iii.** Transfer of more than hundred (100) equity shares in favour of the same transferee under one or more transfer deeds, one or more of them relating to transfer of less than hundred (100) equity shares.
 - iv.** Transfer of equity shares held by a member which are less than hundred (100) but which have been allotted to him by the Company as a result of Bonus and/or Rights shares or any shares resulting from Conversion of Debentures.
 - v.** The Board of Directors be authorised not to accept applications for sub-division or consolidation of shares into denominations of less than hundred (100) except when such sub-division or consolidation is required to be made to comply with a statutory order of a Court of Law or a request from a member to convert his holding of odd lots of shares into transferable/marketable lots, subject, however, to verification by the Company.

Provided that where a member is holding shares in lots higher than the transferable limit of trading and transfers in lots of transferable unit, the residual shares shall be permitted to stand in the name of such transferor notwithstanding that the residual holding shall be below hundred (100).

49. Rights to shares on death of a member for transmission

- a.** In the event of death of any one or more of several joint holders, the survivor, or survivors, alone shall be entitled to be recognised as having title to the shares.
- b.** In the event of death of any sole holder or of the death of last surviving holder, the executors or administrators of such holder or other person legally entitled to the shares shall be entitled to be recognised by the Company as having title to the shares of the deceased.

Provided that on production of such evidence as to title and on such indemnity or other terms as the Board may deem sufficient, any person may be recognised as having title to the shares as heir or legal representative of the deceased shareholder.

Provided further that if the deceased shareholder was a member of a Hindu Joint Family, the Board, on being satisfied to that effect and on being satisfied that the shares standing in his name in fact belonged to the joint family, may recognise the survivors of Karta thereof as having titles to the shares registered in the name of such member.

Provided further that in any case, it shall be lawful for the Board in its absolute discretion, to dispense with the production of probate or letters of administration or other legal representation upon such evidence and such terms as to indemnity or otherwise as the Board may deem just.

50. Rights and liabilities of person

- 1.** Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time be required by the Board and subject as herein, after provided elect either
 - a.** to be registered himself as a holder of the share or
 - b.** to make such transfer of the share as the deceased or insolvent member could have made.

2. The Board, shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

51. Notice by such a person of his election

- a. If the person so becoming entitled shall elect to be registered as holder of the shares himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.
- b. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- c. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice of transfer had been signed by that member.

52. No transfer to infant, etc.

No transfer shall be made to an infant or a person of unsound mind.

53. Endorsement of transfer and issue of certificate

Every endorsement upon the certificate of any share in favour of any transferee shall be signed by the Secretary or by some person for the time being duly authorised by the Board in that behalf.

54. Custody of transfer

The instrument of transfer shall, after registration, remain in the custody of the Company. The Board may cause to be destroyed all transfer deeds lying with the Company for a period of ten years or more.

55. Register of members

- a. The Company shall keep a book to be called the Register of Members, and therein shall be entered the particulars of every transfer or transmission of any share and all other particulars of shares required by the Act to be entered in such Register.

Closure of Register of members

- b. The Board may, after giving not less than seven days previous notice by advertisement in some newspapers circulating in the district in which the Registered Office of the Company is situated, close the Register of Members or the Register of Debenture Holders for any period or periods not exceeding in the aggregate forty-five days in each year but not exceeding thirty days at any one time.

When instruments of transfer to be retained

- c. All instruments of transfer which shall be registered shall be retained by the Company but any instrument of transfer which the Directors may decline to register shall be returned to the person depositing the same.

Company's right to register transfer by apparent legal owner

57. The Company shall incur no liability or responsibility whatever in consequence of their registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right or title or interest prohibiting registration of such transfer and may have entered such notice referred thereto in any book of the Company and the Company shall not be bound by or required to regard or attend to or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in the books of the Company; but the Company shall nevertheless be at liberty to have regard and to attend to any such notice and give effect thereto, if the Board shall so think fit.

ALTERATION OF CAPITAL

Alteration and consolidation, sub-division and cancellation of shares

58. The Company may, from time to time, in accordance with the provisions of the Act, alter by Ordinary Resolution, the conditions of the Memorandum of Association as follows:
 1. increase its share capital by such amount as it thinks expedient by issuing new shares;

2. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
3. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of the denomination;
4. sub-divide its shares, or any of them, into shares of smaller amount than is fixed by the Memorandum, so however, that in the sub-division on the proportion between the amount paid and the amount, if any, unpaid, on each reduced share shall be the same as it was in the case of the shares from which the reduced share is derived.
5. (a). Cancel shares which, at the date of passing of the resolution in that behalf, have not been taken or agreed to be taken by any person, and diminish the amount of its share capital by the amount of the shares so cancelled.
(b). The resolution whereby any share is sub-divided may determined that, as between the holder of the shares resulting from such sub-division, one or more such shares shall have some preference or special advantage as regards dividend, capital or otherwise over or as compared with the others.
6. Classify and reclassify its share capital from the shares on one class into shares of other class or classes and to attach thereto respectively such preferential, deferred, qualified or other special rights, privileges, conditions or restrictions and to vary, modify or abrogate any such rights, privileges, conditions or restrictions in such manner as may for the time being be permitted under legislative provisions for the time being in force in that behalf.

Reduction of capital, etc. by Company

59. The Company may, by Special Resolution, reduce in any manner with and subject to any incident authorised and consent as required by law:
- a. its share capital;
 - b. any capital redemption reserve account; or
 - c. any share premium account.

Conversion of shares

63. The Company may, by Ordinary Resolution, convert all or any fully paid share(s) of any denomination into stock and vice versa.

Transfer of stock

64. The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations, under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit; provided that the Board may, from time to time, fix the

minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

Right of stockholders

65. The holders of the stock shall, according to the amount of the stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company and other matters, as if they held the shares from which the stock arose, but no such privilege or advantage (except participation in the dividends and profits of the Company and its assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

Applicability of regulations to stock and stockholders

66. Such of the regulations contained in these presents, other than those relating to share warrants as are applicable to paid-up shares shall apply to stock and the words shares and shareholder in these presents shall include stock and stockholder respectively.

67. DEMATERIALISATION OF SECURITIES

a) Definitions

For the purpose of this Article:

‘Beneficial Owner’ means a person or persons whose name is recorded as such with a depository;

‘SEBI’ means the Securities and Exchange Board of India;

‘Depository’ means a company formed and registered under the Companies Act, 2013, and which has been granted a certificate of registration to act as a depository under the Securities and Exchange Board of India Act, 1992, and

‘Security’ means such security as may be specified by SEBI from time to time.

b) Dematerialisation of securities

Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialise or rematerialise its securities and to offer securities in a dematerialised form pursuant to the Depositories Act, 1996 and the rules framed thereunder, if any.

c) Options for investors

Every person subscribing to securities offered by the Company shall have the option to receive security certificates or to hold the securities with a depository. Such a person, who is the beneficial owner of the securities, can at any time opt out of a depository, if permitted by law, in respect of any security in the manner provided by the Depositories Act and the Company shall, in the manner and within the time prescribed, issue to the beneficial owner the required certificates of securities. If a person opts to hold his security with a depository, the Company shall intimate such depository the details of allotment of the security, and on receipt of the information, the depository shall enter in its record the name of the allottee as the beneficial owner of the security.

d) Securities in depositories to be in fungible form

All securities held by a depository shall be dematerialised and be in fungible form. Nothing contained in Sections 89 and 186 of the Act shall apply to a depository in respect of the securities held by it on behalf of the beneficial owners.

e) Rights of depositories and beneficial owners:

- i.** Notwithstanding anything to the contrary contained in the Act or these Articles, a depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of security on behalf of the beneficial owner.
- ii.** Save as otherwise provided in (a) above, the depository, as the registered owner of the securities, shall not have any voting rights or any other rights in respect of the securities held by it.
- iii.** Every person holding securities of the Company and whose name is entered as the beneficial owner in the records of the depository shall be deemed to be a member of the Company. The beneficial owner of the securities shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of his securities which are held by a depository.

f) Service of documents

Notwithstanding anything in the Act or these Articles to the contrary, where securities are held in a depository, the records of the beneficial ownership may be served by such depository on the Company by means of electronic mode or by delivery of floppies or discs.

g) Transfer of securities

Nothing contained in Section 56 of the Act or these Articles shall apply to transfer of securities effected by a transferor and transferee both of whom are entered as beneficial owners in the records of a depository.

h) Allotment of securities dealt with in a depository

Notwithstanding anything in the Act or these Articles, where securities are dealt with in a depository, the Company shall intimate the details thereof to the depository immediately on allotment of such securities.

i) Distinctive numbers of securities held in a depository

Nothing contained in the Act or these Articles regarding the necessity of having distinctive numbers of securities issued by the Company shall apply to securities held in a depository.

j) Register and Index of Beneficial owners

The Register and Index of Beneficial Owners, maintained by a depository under the Depositories Act, 1996, shall be deemed to be the Register and Index of Members and Security Holders for the purposes of these Articles.

k) Company to recognise the rights of registered holders as also the beneficial owners in the records of the depository

Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears on the Register of Members as the holder of any share, as also the beneficial owner of the shares in records of the depository as the absolute owner thereof as regards receipt of dividends or bonus or services of notices and all or any other matters connected with the Company, and accordingly, the Company shall not, except as ordered by a Court of competent jurisdiction or as by law required, be bound to recognise any benami trust or equity or equitable, contingent or other claim to or interest in such share on the part of any other person, whether or not it shall have express or implied notice thereof.

GENERAL MEETINGS

Annual General Meeting

68. The Company shall in each year hold in addition to the other meetings a general meeting which shall be styled as its Annual General Meeting at intervals and in accordance with the provisions of Section 96 of the Act.

Number of members more than 5000: 30 members personally present

If quorum not present, when meeting to be dissolved and when to be adjourned

75. If within half an hour from the time appointed for the meeting, a quorum is not present, the meeting, if called upon the requisition of members, shall be dissolved; in any other case, it shall stand adjourned to the same day in the next week and at the same time and place or to such other day and to be at such other time and place as the Board may determine and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting, the members present shall be a quorum.

Chairman of General Meeting

76. The Chairman of the Board of Directors shall preside at every General Meeting of the Company and if he is not present within 15 minutes after the time appointed for holding the meeting, or if he is unwilling to act as Chairman, the Vice Chairman of the Board of Directors shall preside over the General Meeting of the Company.

When Chairman is absent

77. If there is no such Chairman, or Vice Chairman or if at any General Meeting, either the Chairman or Vice Chairman is not present within fifteen minutes after the time appointed for holding the meeting or if they are unwilling to take the chair, the members present shall choose one of their members to be the Chairman.

Adjournment of meeting

78. The Chairman may, with the consent of any meeting at which a quorum is present and shall, if so directed by the meeting, adjourn that meeting from time to time from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid, it shall not be necessary to give any notice of adjournment or of the business to be transacted at an adjourned meeting.

Questions at General Meeting how decided

79. At a General Meeting, a resolution put to the vote of the meeting shall be decided on a show of hands/result of electronic voting as per the provisions of Section 108, unless a poll is (before or on the declaration of the result of the show of hands/ electronic voting) demanded in accordance with the provisions of Section 109. Unless a poll is so demanded, a declaration by the Chairman that a resolution has, on a show of hands/ electronic voting, been carried unanimously or by a particular majority or lost and an entry to that effect in the book of the proceedings of the Company shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against that resolution.

Casting vote

80. In the case of an equality of votes, the Chairman shall, whether on a show of hands, or electronically or on a poll, as the case may be, have a casting vote in addition to the vote or votes to which he may be entitled as a member.

Taking of poll

81. If a poll is duly demanded in accordance with the provisions of Section 109, it shall be taken in such manner as the Chairman, subject to the provisions of Section 109 of the Act, may direct, and the results of the poll shall be deemed to be the decision of the meeting on the resolution on which the poll was taken.

In what cases poll taken without adjournment

82. A poll demanded on the election of Chairman or on a question of adjournment shall be taken forthwith. Where a poll is demanded on any other question, adjournment shall be taken at such time not being later than forty-eight hours from the time which demand was made, as the Chairman may direct.

Votes

83. a. Every member of the Company holding Equity Share(s), shall have a right to vote in respect of such capital on every resolution placed before the Company. On a show of hands, every such member present shall have one vote and shall be entitled to vote in person or by proxy and his voting right on a poll or on e-voting shall be in proportion to his share of the paid-up Equity Capital of the Company.
- b. Every member holding any Preference Share shall in respect of such shares have a right to vote only on resolutions which directly affect the rights attached to the Preference Shares and subject as aforesaid, every such member shall in respect of such capital be entitled to vote in person or by proxy, if the dividend due on such preference shares or any part of such dividend has remained unpaid in respect of an aggregate period of not less than two years preceding the date of the meeting. Such dividend shall be deemed to be due on Preference Shares in respect of any period, whether a dividend has been declared by the Company for such period or not, on the day immediately following such period.
- c. Whenever the holder of a Preference Share has a right to vote on any resolution in accordance with the provisions of this article, his voting rights on a poll shall be in the same proportion as the capital paid-up in respect of such Preference Shares bear to the total equity paid-up capital of the Company.

Business may proceed notwithstanding demand for poll

84. A demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than that on which a poll has been demanded; The demand for a poll may be withdrawn at any time by the person or persons who made the demand.

Joint holders

85. In the case of joint holders, the vote of the first named of such joint holders who tender a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

Member of unsound mind

86. A member of unsound mind, or in respect of whom an order has been made by any Court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll vote by proxy.

No member entitled to vote while call due to Company

- (i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
 - (ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
 - (iii) The Managing Director shall act as the Chairperson of the Company for all purposes subject to the provisions contained in the Act and these articles.

Additional Directors

102. The Directors may, from time to time, appoint a person as an Additional Director provided that the number of Directors and Additional Directors together shall not exceed the maximum number of Directors fixed under Article 93 above. Any person so appointed as an Additional Director shall hold office upto the date of the next Annual General Meeting of the Company.

Proportion of retirement by rotation

- a. The proportion of directors to retire by rotation shall be as per the provisions of Section 152 of the Act.

Debenture

103. Any trust deed for securing debentures or debenture-stocks may, if so arranged, provide for the appointment, from time to time, by the Trustees thereof or by the holders of debentures or debenture-stocks, of some person to be a Director of the Company and may empower such Trustees, holder of debentures or debenture-stocks, from time to time, to remove and re-appoint any Director so appointed. The Director appointed under this Article is herein referred to as “Debenture Director” and the term “Debenture Director” means the Director for the time being in office under this Article. The Debenture Director shall not be bound to hold any qualification shares and shall not be liable to retire by rotation or be removed by the Company. The Trust Deed may contain such ancillary provisions as may be arranged between the Company and the Trustees and all such provisions shall have effect notwithstanding any other provisions herein contained.

Corporation/Nominee Director

104. a. Notwithstanding anything to the contrary contained in the Articles, so long as any moneys remain owing by the Company to any finance corporation or credit corporation or body, (herein after in this Article referred to as “The Corporation”) out of any loans granted by them to the Company or as long as any liability of the Company arising out of any guarantee furnished by the Corporation, on behalf of the Company remains defaulted, or the Company fails to meet its obligations to pay interest and/or installments, the Corporation shall have right to appoint from time to time any person or persons as a Director or Directors (which Director or Directors is/are hereinafter referred to as “Nominee Director(s)”) on the Board of the Company and to remove from such office any person so appointed, any person or persons in his or their place(s).
- b. The Board of Directors of the Company shall have no power to remove from office the Nominee Director/s as long as such default continues. Such Nominee Director/s shall not be required to hold any share qualification in the Company, and such Nominee Director/s shall not be liable to retirement by rotation of Directors. Subject as aforesaid, the Nominee Director/s shall be entitled to the same rights and privileges and be subject to the same obligations as any other Director of the Company.

The Nominee Director/s appointed shall hold the said office as long as any moneys remain owing by the Company to the Corporation or the liability of the Company arising out of the guarantee is outstanding and the Nominee Director/s so appointed in exercise of the said power shall ipso facto vacate such office immediately the moneys owing by the Company to the Corporation are paid off or on the satisfaction of the liability of the Company arising out of the guarantee furnished by the Corporation.

The Nominee Director/s appointed under this Article shall be entitled to receive all notices of and attend all General Meetings, and of the Meeting of the Committee of which the Nominee Director/s is/are member/s.

The Corporation shall also be entitled to receive all such notices. The Company shall pay to the Nominee Director/s sitting fees and expenses to which the other Director/s of the Company are entitled, but if any other fee, commission, monies or remuneration in any form is payable to the Director/s of the Company, the fee, commission, monies and remuneration in relation to such Nominee Director/s shall accrue to the Corporation and the same shall accordingly be paid by the Company directly to the Corporation. Any expenses that may be incurred by the Corporation or such Nominee Director/s in connection with their appointment to Directorship shall also be paid or reimbursed by the Company to the Corporation or, as the case may be, to such Nominee Director/s.

Provided that if any such Nominee Director/s is an officer of the Corporation, the sitting fees, in relation to such Nominee Director/s shall so accrue to the Corporation and the same shall accordingly be paid by the Company directly to the Corporation.

- c. The Corporation may at any time and from time to time remove any such Corporation Director appointed by it and may at the time of such removal and also in the case of death or resignation of the person so appointed, at any time appoint any other person as a Corporation Director in his place. Such appointment or removal shall be made in writing signed by the Chairman or Joint Chairman of the Corporation or any person and shall be delivered to the Company at its Registered office. It is clarified that every Corporation entitled to appoint a Director under this Article may appoint such number of persons as Directors as may be authorised by the Directors of the Company, subject to Section 152 of the Act and so that the number does not exceed 1/3 of the maximum fixed under Article 93.

Disclosure of interest of Directors

105. a. Subject to the provisions of the Act, the Directors shall not be disqualified by reason of their office as such from contracting with the Company either as vendor, purchaser, lender, agent, broker, or otherwise, nor shall any such contract or any contract or arrangement entered into by or on behalf of the Company with any Director or with any company or partnership of or in which any Director shall be a member or otherwise interested be avoided nor shall any Director so contracting or being such member or so interested be liable to account to the Company for any profit realised by such contract or arrangement by reason only of such Director holding that office or of the fiduciary relation thereby established but the nature of the interest must be disclosed by the Director at the meeting of the Board at which the contract or arrangements is determined or if the interest then exists in any other case, at the first meeting of the Board after the acquisition of the interest.

Provided nevertheless that no Director shall vote as a Director in respect of any contract or arrangement in which he is so interested as aforesaid or take part in the proceedings thereat and he shall not be counted for the purpose of ascertaining whether there is quorum of Directors present. This provision shall not apply to any contract by or on behalf of the Company to indemnify the Directors or any of them against any loss they may suffer by becoming or being sureties for the Company.

- b. A Director may be or become a Director of any company promoted by this Company or in which this Company may be interested as vendor, shareholder or otherwise and no such Director shall be accountable to the Company for any benefits received as a Director or member of such company.

Rights of Directors

106. Except as otherwise provided by these Articles and subject to the provisions of the Act, all the Directors of the Company shall have in all matters equal rights and privileges, and be subject to equal obligations and duties in respect of the affairs of the Company.

Directors to comply with Section 184

107. Notwithstanding anything contained in these presents, any Director contracting with the Company shall comply with the provisions of Section 184 of the Companies Act, 2013.

Directors power of contract with Company

108. Subject to the limitations prescribed in the Companies Act, 2013, the Directors shall be entitled to contract with the Company and no Director shall be disqualified by having contracted with the Company as aforesaid.

Which Directors to retire

111. The Directors to retire in every year shall be those who have been longest in office since their last election, but as between persons who become Directors on the same day, those to retire shall, unless they otherwise agree among themselves, be determined by lot.

Retiring Directors to remain in office till successors are appointed

112. Subject to Section 152 of the Act, if at any meeting at which an election of Directors ought to take place, the place of the vacating or deceased Directors is not filled up and the meeting has not expressly resolved not to fill up or appoint the vacancy, the meeting shall stand adjourned till the same day in the next week at the same time and place, or if that day is a national holiday, till the next succeeding day which is not a holiday at the same time, place, and if at the adjourned meeting the place of vacating Directors is not filled up and the meeting has also not expressly resolved not to fill up the vacancy, then the vacating Directors or such of them as have not had their places filled up shall be deemed to have been reappointed at the adjourned meeting.

Power of General Meeting to increase or reduce number of Directors

113. Subject to the provisions of Sections 149, 151 and 152 the Company in General Meeting may increase or reduce the number of Directors subject to the limits set out in Article 93 and may also determine in what rotation the increased or reduced number is to retire.

Power to remove Directors by ordinary resolution

114. Subject to provisions of Section 169 the Company, by Ordinary Resolution, may at any time remove any Director except Government Directors before the expiry of his period of office, and may by Ordinary Resolution appoint another person in his place. The person so appointed shall hold office until the date upto which his predecessor would have held office if he had not been removed as aforementioned. A Director so removed from office shall not be re-appointed as a Director by the Board of Directors. Special Notice shall be required of any resolution to remove a Director under this Article, or to appoint somebody instead of the Director at the meeting at which he is removed.

Rights of persons other than retiring Directors to stand for Directorships

115. Subject to the provisions of Section 160 of the Act, a person not being a retiring Director shall be eligible for appointment to the office of a Director at any general meeting if he or some other member intending to propose him as a Director has not less than fourteen days before the meeting, left at the office of the Company a notice in writing under his hand signifying his candidature for the office of the Director, or the intention of such member to propose him as a candidate for that office, as the case may be "along with a deposit of such sum as may be prescribed by the Act or the Central Government from time to time which shall be refunded to such person or as the case may be, to such member, if the person succeeds in getting elected as a Director or gets more than 25% of total valid votes cast either on show of hands or electronically or on poll on such resolution".

Register of Directors and KMP and their shareholding

116. The Company shall keep at its Registered Office a register containing the addresses and occupation and the other particulars as required by Section 170 of the Act of its Directors and Key Managerial Personnel and shall send to the Registrar of Companies returns as required by the Act.

Business to be carried on

117. The business of the Company shall be carried on by the Board of Directors.
