*Note: If the reference rate is not available on a particular date due to a public holiday, exchange rates of the previous working day has been disclosed. The reference rates are rounded off to two decimal places.

This Draft Prospectus may contain conversions of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. Such conversion should not be construed as a representation that such currency amounts could have been, or can be converted into Indian Rupees at any particular rate or at all.

Financial Data

Unless stated otherwise, the financial data included in this Draft Prospectus are extracted from the restated financial statements of our Company for the Financial Years ended March 31, 2024, March 31, 2023 and March 31, 2022, prepared in accordance with Indian GAAP, the applicable provisions of the Companies Act, and restated in accordance with the SEBI (ICDR) Regulations, Guidance Note on “Reports in Company Prospectus (Revised 2019)” issued by ICAI, as stated in the report of our Peer Reviewed Statutory Auditors, set out in the Chapter titled “**Restated Financial Statements**” beginning on page 249 of this Draft Prospectus. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act and have been restated in accordance with the SEBI (ICDR) Regulations and the Guidance Note on “Reports in Company Prospectus (Revised 2019)” issued by ICAI. Our company’s fiscal year commences on April 01 of each year and ends on March 31 of the following year, so all references to a particular fiscal year are to the twelve (12) months period commencing on April 01 of the immediately preceding calendar year and ending on March 31 of that particular calendar year.

There are significant differences between Indian GAAP, Ind AS, International Financial Reporting Standard (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). The Company has not attempted to explain those differences or quantify their impact on the financial data included herein and we urge the investors to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly, the degree to which the restated financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices, on the financial disclosures presented in this Draft Prospectus should accordingly be limited.

Any percentage amounts, as set forth in the Sections / Chapters titled “**Risk Factors**”, “**Our Business**”, “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on page nos. 40, 154 and 281 respectively of the Draft Prospectus and elsewhere in this Draft Prospectus, unless otherwise indicated, have been calculated on the basis of the Company’s restated audited financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Statutory Auditors, set out in the Chapter titled “**Restated Financial Statements**” beginning on page 249 of this Draft Prospectus.

All the figures in this Draft Prospectus, have been presented in lakhs or in whole numbers where the numbers have been too small to present in thousands unless stated otherwise. One thousand represents 1,000. Certain figures contained in this Draft Prospectus, including financial information, have been subject to rounding adjustments. Any discrepancies in any table, graphs or charts between the totals and the sum of the amounts listed are due to rounding off. Except for figures derived from our Restated Financial Statements (which are rounded off to the two decimal points), all figures in decimals have been rounded off to the two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given, and (ii) the sum of the figures in a column or row in certain tables may not conform exactly to the total figure given for that column or row. However, figures sourced from third-party industry sources may be expressed in denominations other than lakhs or may be rounded off to other than two decimal points in the respective sources, and such figures have been expressed in this Draft Prospectus in such denominations or rounded-off to such number of decimal points as provided in such respective sources.

Industry and Market Data

Unless otherwise stated, the industry and market data and forecast used throughout the Draft Prospectus has been obtained or derived from publicly available information and sources viz. Ministry of Statistics and Programme Implementation (MOSPI), Reserve Bank of India (RBI), Press Information Bureau (PIB), Department for Promotion of Industry and Internal Trade (DPIIT), etc., internal company reports and industry and government publications.

Industry and Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Although we believe that the industry and market data used in this Draft Prospectus is reliable, though it has not been independently verified. Similarly, internal Company reports, while believed by us to be reliable, have not been verified by any independent sources.

The extent to which industry and market data set forth in this Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data-gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources. Accordingly, no investment decision should be made solely on the basis of such information. Such data involves risks, uncertainties, and numerous assumptions and is subject to change based on various factors, including those disclosed in Section titled "**Risk Factors**" on page 40 of the Draft Prospectus. In accordance with the SEBI (ICDR) Regulations, the Chapter titled "**Basis of the Offer Price**" on page 121 of the Draft Prospectus includes information relating to our peer group entities. Such information has been derived from publicly available sources and have not been independently verified. Accordingly, no investment decision should be made solely on the basis of such information.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Prospectus that are not statements of historical fact constitute “forward-looking statements”. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, objectives, plans, goals, our revenue and profitability, our projects and other matters discussed in this Draft Prospectus regarding matters that are not historical facts. Industry in which our Company Operates

Smart Electrical Control Panels Market to reach USD 10.3 Billion by 2032 Report by Data Horizon Research

The advancement of technology and digital transformation solutions propels the growth of the smart electrical Control panels industry.

Fort Collins, Colorado, Jan. 04, 2024 (GLOBE NEWSWIRE) -- The Smart Electrical Control Panels Market size was valued at USD 5.8 Billion in 2022 and is anticipated to reach USD 10.3 Billion by 2032 at a CAGR of 6.1% during the forecast period 2023-2032.

Smart electrical control panels have advanced due to the adoption of SMART technologies and grid digitization. Notable developments include motion sensors, data analytics for energy management, and improved energy usage. This has prompted manufacturers to create sophisticated products with rich features.

Energy sustainability and compliance are important considerations for homeowners, and smart electrical control panels have become essential to home automation. These panels can be integrated with smart home systems, enabling users to conveniently control various aspects of their home, including lighting, heating, and security, from a centralized interface.

Electrical Control panels monitor energy use and costs, helping homeowners regulate energy consumption. The shift to renewable energy sources, such as solar, is driven by cost savings and sustainability. Smart grids facilitate effective energy distribution.

SECTION III- RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risks described below are not the only ones relevant to us or our Equity Shares, the industry and segments in which we operate or to India. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may also impair our business, results of operations, financial condition and cash flows. If any of the following risks, or other risks that are not currently known or are currently deemed immaterial, actually occur, our business, results of operations, financial condition and cash flows could suffer, the trading price of our Equity Shares could decline, and you may lose all or part of your investment. To obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with "Industry Overview", "Our Business", "Key Industries Regulations and Policies", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Outstanding Litigation and Material Developments" and "Financial Information" beginning on page nos. 133, 154, 190, 281, 308 and 249 respectively, "as well as the financial, statistical and other information contained in this Draft Prospectus. In making an investment decision, prospective investors must rely on their own examination of us and our business in terms of the Issue including the merits and risks involved. You should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares. If any one or more of the following risks as well as other risks and uncertainties discussed in the Draft Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

This Draft Prospectus also contains forward looking statements that involve risks and uncertainties. We have described the risks and uncertainties that our management believes are material, but these risks and uncertainties may not be the only ones we face. Additional risks and uncertainties, including those we are not aware of or deem immaterial, may also result in decreased revenues, increased expenses or other events that could result in a decline in the value of our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the Issue, including the merits and risks involved. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section.

Investors are advised to read the risk factors carefully before taking an investment decision in this Offer. Investors should not invest in this Offer unless they are prepared to accept the risk of losing all or part of their investment, and they should consult their tax, financial and legal advisors about the particular consequences to you of an investment in the Equity Shares.

To obtain a better understanding of our business, you should read this section in conjunction with other chapters of this Draft Prospectus, including the chapters titled "Our Business", "Management's Discussion and Analysis of Financial Condition and Results of Operations" "Industry Overview" and "Financial Information on page nos. 154, 281, 133 and 249, respectively of this Draft Prospectus, together with all other financial information contained in this Draft Prospectus. Our actual results could differ materially from those anticipated in these forward looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus

In this section, unless the context otherwise requires, a reference to the "Company", "we", "us" or "our" is a reference to VDEAL System Limited. Unless otherwise stated, the financial data in this chapter is derived from our Restated Financial Statements for the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 as included in Financial Information on page no. 249 of this Draft Prospectus.

Materiality:

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality:

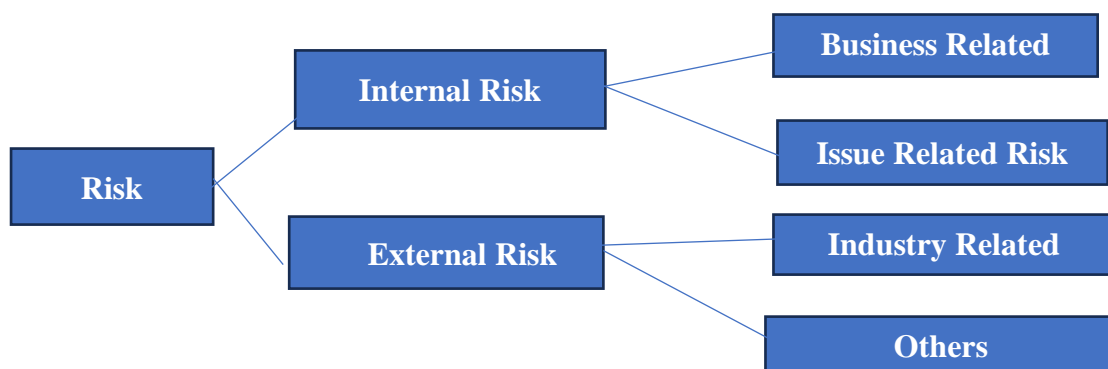

1. Some risks may have material impact quantitatively;
2. Some risks may have material impact qualitatively instead of quantitatively.

3. Some risks may not be material individually but may be found material collectively.
4. Some risks may not be material at present but may be having material impact in future

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. The prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment, which may differ in certain respects from that of other countries.

Classification of Risk Factors:

The risk factors are classified as under for the sake of better clarity and increased understanding:

INTERNAL RISK FACTORS:

Business Related Risk:

1. *We are dependent on our promoters and senior management and other key personnel, and the loss of, or our inability to attract or retain, such persons could affect our business, results of operations, financial condition and cash flows.*

Our Company’s performance depends largely on the efforts and abilities of our Promoters, Mr. Dhiraj Kochar, Mrs. Tapaswini Panda, Mr. Bramhanand Patra and other Key Management Personnel. Their collective knowledge, experience, leadership and strategic vision are integral to the smooth functioning, success and growth of our business. They have gained experience in this line of business and have over the years-built relations with suppliers, customers, regulators and other persons who are connected with us and have been actively involved in the day-to-day operations and management. Further we believe that the inputs and experience of our senior management, in particular, and other key personnel are valuable for product development activities, procurement of raw materials, successful delivery of products and our overall business operations of our Company. Our success largely depends on the continued services and performance of our management and other key personnel. The loss of service of the Promoters and other senior management could seriously impair the ability to continue to manage and expand the business efficiently. Also, the loss of any of the management or other key personnel may adversely affect the operations, finances and profitability of our company. Efficient retention and management of our human resources are critical for the successful expansion of our business. We are actively focused on ensuring a supportive and conducive work environment. The continued dedication, skills, and expertise of our team members play a pivotal role in our future performance. Additionally, our commitment to attracting and retaining qualified senior and mid-level managers strengthens our foundation for sustained growth and success in the long term. However, we have encountered no such issues in the past, as our promoters have been with our company since its inception.

For further details of our Directors and Key Managerial Personnel, please refer to Chapter titled ***“Our Management – Board of Directors”*** and ***“Our Management – Key Managerial Personnel”*** on page no. 213 and 236 respectively of this Draft Prospectus.

2. Our business is substantially dependent on certain key customers, from whom we derive a significant portion of our revenues. The loss of any significant customer may have a material and adverse effect on our business and results of operations.

Our business is dependent on a few customers and the loss of, or a significant reduction in orders by such customers could adversely affect our business. Revenues from any of our particular customers may vary significantly from reporting period to reporting period, depending on the nature of ongoing orders and the implementation schedule for such orders. The efficiency of the sales and marketing network is critical to success of our Company.

Our success lies in the strength of our relationship with the customers who have been associated with our Company. However, such concentration of our business on a few customers may adversely affect us if we do not achieve our expected margins or suffer losses on one or more of these customer contracts. Significant revenue from a few customers increases the potential volatility of our results and exposure to individual contract risks with such customers, which may have an adverse effect on our results of operations. There can be no assurance that our significant customers in the past will continue to place similar orders with us in the future. A significant decrease in business from any such key customer, whether due to circumstances specific to such customer or adverse market conditions affecting the industry or the economic environment generally, such as the COVID-19 pandemic, may materially and adversely affect our business, results of operations and financial condition.

At present, we derive most of our revenues from the orders received from the limited or prime customers. In the Financial Year ended March 31, 2024; as per restatement financials, the contributions of our top 5 and top 10 customers are as follows:

(Amount ₹ in Lakhs)

Particulars	For the Financial Year ended on March 31, 2024		For Financial Year ended on March 31, 2023		For Financial Year ended on March 31, 2022	
	Amount	% of Sales	Amount	% of Sales	Amount	% of Sales
Top 5	1,013.36	38.64%	872.10	42.08%	838.08	51.78%
Top 10	1,446.16	55.14%	1,572.95	75.90%	1,141.03	70.50%

To sustain and enhance our revenue, our focus is on attracting new customers and encouraging existing ones to allocate a larger share of their marketing spend to us. While we cannot guarantee the timely or complete payment from key contributors to our revenue stream, we remain optimistic about our ability to navigate these situations effectively. In the event that any significant customers face challenges in meeting their obligations, we are confident in our proactive approach to minimize adverse effects on our business, financial condition, and results of operations.

Our commitment to maintaining strong and enduring relationships with customers has been a key factor in our success, providing a foundation for continued collaboration and growth. Our team through their experience and good rapport with these customers owing to timely and quality delivery of products plays an instrumental role in creating and expanding a work platform for our Company. Moreover, we are geared towards understanding the evolving needs of our customers, fostering repeated orders. This sustained engagement is a testament to our commitment to quality and our robust designing and tooling capabilities.

Our long-term relationships with the customers are indicative of our quality consciousness and our designing and tooling capabilities. While adding new customers in turnkey projects poses certain challenges, our Company has developed strong marketing and research team for approaching new customers.

3. We are dependent on our Top 10 suppliers for uninterrupted supply of Raw-Materials. Any shortfall in the supply of our raw materials, or an increase in our raw material costs and other input costs, may adversely affect the pricing and supply of our products with subsequently having an adverse effect on the business, results of operations and financial conditions of our company.

We procure our supply of raw materials from various approved suppliers depending upon the price and quality of raw materials. However, our Top 10 suppliers contribute significantly to supply of raw materials. Raw materials, including packaging materials, are subject to supply disruptions and price volatility caused by various factors such as commodity

market fluctuations, the quality and availability of raw materials, currency fluctuations, consumer demand, changes in government policies and regulatory sanctions. Any disruption of supply of raw materials from these suppliers will adversely affect our operations. The contributions of our top 5 and top 10 suppliers are as follows:

(Amount ₹ in Lakhs)

Particulars	For the Financial Year ended on March 31, 2024		For Financial Year ended on March 31, 2023		For Financial Year ended on March 31, 2022	
	Amount	% of Purchase	Amount	% of Purchase	Amount	% of Purchase
Top 5	1,150.11	60.39%	1,133.28	68.91%	948.86	69.48%
Top 10	1,465.29	76.94%	1,293.83	78.68%	1,093.89	80.10%

By collaborating exclusively with approved vendors, we ensure a consistent supply of high-quality raw materials at agreed-upon rates and within specified timelines. Additionally, the expansive pool of suppliers within our industry mitigates the potential impact of the loss of any individual supplier on our production processes and, consequently, our overall profitability. This diversified supplier network contributes to the resilience of our supply chain, enabling us to maintain operational continuity and uphold the quality standards that define our business.

4. ***We have our registered office situated at Plot No. 4/A, 4/B & 6, Janla Industrial Area, Khordha, Jatni, Orissa-752054, India, we have entered into lease agreement for the same. In case of suspension or cancellation of lease by IDCO, there may be an effect on our business, results of operations and prospects***

Our Company's registered office is located at Plot No. 4/A, 4/B & 6, Janla Industrial Area, Khordha, Jatni, Orissa-752054, India. This premise has been taken on lease from IDCO (Orissa Industrial Infrastructure Development Corporation) for a lease period of 99 years under a lease agreement dated May 14, 2015 to hold the said property for the balance period of up to December 11, 2074. If any such agreement under which we occupy the premises is not renewed on terms and conditions that are favorable to us, or at all, we may suffer a disruption in our operations which could have a material adverse effect on our business, financial condition and results of operation. Additionally, in the event of non-renewal, suspension or cancellation of lease we are required to relocate our registered office and as a result of such reallocation we may incur additional cost. For this we are considering diversify our real estate portfolio by exploring alternative locations for potential expansion or relocation. Moreover, investing in contingency plans, such as setting aside funds for potential relocation expenses or securing alternative temporary workspace arrangements, can help to reduce the impact on our business, results of operations, and prospects in the event of lease disruption. By implementing these proactive measures, we can better manage the risks associated with our leased premises and ensure the continuity and stability of our operations. However, our business has been running on the above-mentioned land since the incorporation of the company and we have not faced any issues in the renewal of the lease agreement in the past. For further details, refer to the Chapter titled "Our Business" beginning on page no. 154 of this Draft Prospectus.

5. ***Our business requires us to obtain and renew certain licenses and permits from government, regulatory authorities and the failure to obtain or renew them in a timely manner may adversely affect our business operations.***

Our Company is an ISO 9001:2015 certified company for manufacturing and service of Electrical Control Panels which design, manufacturing and supply of CT-PT, metering unit and cubical, automatic capacitor panel (APFC) fixed capacitor banks, MCC, PCC, VFD panels, thyristor switches & contactors, energy management system and energy meters, engineering and execution of electrical turnkey projects. Our business requires us to obtain and renew from time to time, certain approvals, licenses, registrations and permits. we are required to obtain various statutory and regulatory permits, licenses, registrations, and approvals governed by Indian government authorities and state governments to conduct our business. Additionally, certain agreements, deeds, and licenses are currently registered under the Company's previous name i.e., Vdeal System Pvt. Ltd., which necessitates to update across all statutory approvals and certificates due to conversion of our company from private limited to public limited status and obtaining such approvals/ licenses etc. could be a time taking process. We may require various regulatory approvals, sanctions, licenses, registrations and permissions including environmental clearances in connection with our operations and the various development activities involved in such orders.

The various statutory and regulatory licenses, certificates, and approvals governed by Indian government authorities and state governments to conduct our business are currently in the previous name of the company, Vdeal System Private Limited as mentioned hereinbelow:

9. Professional Tax Certificate of Registration and Certificate of Enrolment

Besides this, the Company has also initiated steps to make application with the concerned authority to make amendment in the Lease Deed entered into by the Company with the Orissa Industrial Infrastructure Development Corporation for the property located at Plot No – 4A, 4B & 6, Janla Industrial Area, Jatni, Khorda, Janla - 752054, Orissa, India taken on lease by the Company where the Registered Office and Manufacturing facility of the Company is situated to update the name of the Company from Vdeal System Private Limited to Vdeal System Limited following the change in status of the Company from private company to public company.

Though we believe that we are actively updating the agreements and deeds existing in the previous name of the Company “Vdeal System Private Limited” and have taken all procedural steps and are in compliance with all statutory formalities prescribed under the applicable laws or regulations to ensure that the Competent Authority under the relevant legislation will issue in time the aforesaid approvals, registrations, licenses, deeds and agreements in the present name of the Company i.e.; Vdeal System Limited, following change in status of our Company from Private Limited Company to Public Limited Company, there can be no assurance that the relevant authorities will issue these approvals, registrations, licenses, deeds and agreements in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it may have an adverse impact on our business operations.

Further, some of these approvals are granted for fixed period and need renewal from time to time. While we typically apply for the renewal of any existing regulatory approvals prior to their expiry dates, failure to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may also have material adverse effect on our business.

6. Our business will suffer if we fail to keep pace with rapid changes in technology and the industries on which we focus.

The industry we cater is characterized by rapid technological changes, evolving industry standards, changing client preferences that could result in product obsolescence and short product life cycles. The Electrical and Automation industry is characterized by rapid technological changes, evolving industry standards, changing customer preferences that could result in short product life cycles. The success of our business depends on our ability to innovate and continuously provide services that address the varied and expanding requirements of our customers. Failure to attract and retain highly skilled IT professionals could hinder our ability to adequately staff projects, and an inability to compete for such talent may significantly impact our business, financial condition, and operational results. Our future success will depend on our ability to enhance our existing offerings or develop new customized, to meet customer needs, in each case, in a timely manner.

We continuously strive to anticipate and promptly address our customers' needs in a cost-effective manner. Additionally, we engage in Non-Disclosure Agreements (NDAs) to uphold confidentiality and retention policies, ensuring the safeguarding of sensitive information. Our reward and recognition program further supports our commitment and motivate our workforce.

While we are committed to fostering demand for our innovative products and services, we recognize the dynamic nature of the market. However, we haven't faced any such issues in the past as we remain agile in adapting our strategies to align with emerging technologies and changing market trends. Our dedication to research, customer feedback, and technological advancements empowers us to continually enhance our offerings. While we cannot guarantee the outcome of every technological advancement, we approach change with optimism and a commitment to delivering value to our customers.

Moreover, we conduct R&D through Reveal AI Technologies Pvt Ltd, our Promoting Company, to adapt to new technological changes by developing software applications, consultations, installation and providing necessary services. For more details, please refer to the Chapter titled "Our Business" on page no. 154 of this Draft Prospectus.

7. We are dependent on third party transportation providers for the delivery of our raw material and products. Accordingly, continuing increase in transportation costs or unavailability of transportation services for them, as well the extent and reliability of Indian infrastructure may have an adverse effect on our business, financial condition, results of operations and prospects.

We use third party transportation providers for the delivery of our raw material and products. Transportation strikes could have an adverse effect on our receipt of raw materials and our ability to deliver our products to our customers. In addition, transportation costs in India have been steadily increasing over the past several years. Continuing increases in transportation costs or unavailability of transportation services for our products may have an adverse effect on our business, financial condition, results of operations and prospects. In addition, India's physical infrastructure is less developed than that of many developed nations, and problems with its road networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity, including our supply of raw materials and the delivery of our products to customers by third-party transportation providers. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our business operations, which could have a material adverse effect on our results of operations and financial condition.

However, we haven't faced any such issues in the past as we are regularly monitoring and evaluating the performance of transportation providers against agreed-upon metrics by implementing the tracking systems to assess reliability, timeliness, and quality of service and moreover, we have tied up with multiple transportation providers to safeguard against any such uncertainty.

8. We intend to use a portion of the Net Proceeds to prepay / repay certain loan facilities.

One of the objects of the Offer is the pre-payment / repayment of certain loan facilities, in full or in part, availed by our Company. Our Company intends to utilise an amount of up to ₹ 441.27 lakhs from the Net Proceeds, constituting [●] % of the total Fresh Issue Size, towards the prepayment / repayment of these loan facilities. For details of the outstanding loans proposed for repayment or prepayment, in full or in part from the Net Proceeds, without any obligation to any particular bank or financial institution, see Chapter titled “*Objects of the Offer – Details of Utilization of Offer Proceeds – Prepayment or repayment of all or a portion of certain secured and unsecured loans availed by our company*” on page no. 111 of this Draft Prospectus. The amount utilized to prepay / repay these loans will, therefore, not be available for investment in our business and will not result in any immediate increase in the value of your investment in our Equity Shares.

However, in hindsight, the Net Profit after the repayment of the loan would lead to reduction in interest cos improving the working capital, operations and profits, thereby leading to overall development of the business.

9. In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. As a result, our directors will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. To enhance our business operations and prospects, our directors and Key Management Personnel are committed to consistently exercising their shareholder rights in the best interest of our Company, positively influencing our business, operational results, and future prospects.

10. Our Company and our Directors are parties to certain legal proceedings. Any adverse decision in such proceedings may have a material adverse effect on our business, result of operations and financial conditions.

A summary of outstanding matters set out below includes details of criminal proceedings, and tax proceedings, and other material pending litigation involving us, Directors, and Promoters, as at the date of this Draft Prospectus.

* In accordance with the Materiality Policy.

** To the extent quantifiable.

*** As on the date of the Draft Prospectus, our Company does not have any Subsidiary and Group Companies

For further details, please refer chapter titled “**Outstanding Litigation and Material Developments**” beginning on page 308 of this Draft Prospectus.

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favor or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see Chapter titled “Outstanding Litigations and Material Developments” beginning on page 308 of this Draft Prospectus.

11. There may be potential conflicts of interest if our Promoters or Directors get involved in any business activities that compete with or are in the same line of activity as our business operations.

At present none of our Promoter are engaged in any other business having object similar to the line of business of our Company. However, Company is taking services from our Promoting Company, Reveal AI Technologies Private Limited which provides assets monitoring solutions using IoT (Internet of Things), it is very difficult to predict that our Promoter or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations. However, we haven’t faced any such instances in the past and to address the conflicts of interest if any in the future, if our Promoters or Directors engage in competing business activities similar to ours, we have implemented clear guidelines and ethical standards. We also encourage open communication within our team to handle conflicts fairly. Additionally, we regularly review and update our policies to stay aligned with industry standards and best practices, reducing the chances of conflicts affecting our operations. This proactive approach helps us maintain trust and credibility in our business relationships.

12. There have been several instances of delay in filing of GST and EPF returns by our Company in the past.

Our Company has experienced occasional delays in filing GST returns in the past, which were promptly addressed by making necessary payments and filing returns with applicable interest and penalties. Over the last three fiscal years, delays in GST payments have occurred primarily due to factors such as delays in receiving Input Tax Credit etc. which are as follows:

GSTR-3B:

S.L No.	Financial Year	Month	Form No.	Due Date	Date Filing	of	Period of Delay	Remarks
1	2023-2024	Mar-24	GSTR-3B	20/04/2024	03/05/2024		13 Days	Procedural Delay

5	2022-2023	Mar-23	GSTR-3B	20/04/2023	11/05/2023		21 Days	Procedural Delay
6	2021-2022	Mar-22	GSTR-3B	20/04/2022	23/04/2022		3 days	Procedural Delay

Our Company has experienced occasional delays in filing EPF Monthly Electronic Challan Cum Return in the past, which were promptly addressed by making necessary payments and filing returns with applicable interest or penalties and since August 2023, we have been meeting the deadline of monthly EPF payment with the only exception of EPF payment made for the month of January, 2024, the details of such delays are given hereunder:

Monthly Electronic Challan Cum Return (ECR)

SL NO.	Financial Year	Month	Due Date	Date of Payment	Period of Delay	Remarks
1	2023-24	April-23	15.05.2023	17.05.2023	2 Days	Procedural Delay
2	2023-24	May-23	15.06.2023	19.06.2023	4 Days	Procedural Delay
3	2023-24	June-23	15.07.2023	17.07.2023	2 Days	Procedural Delay

6	2023-24	January-24	15.02.2024	16.02.2024	1 Day	Procedural Delay

Furthermore, we acknowledge the possibility of facing legal or regulatory actions, including monetary penalties from statutory authorities, due to such delays in payments or filings. These potential repercussions could have adverse impacts on our business, financial standing, and reputation. By prioritizing compliances and transparency. We are enhancing our internal systems to ensure timely and accurate filing of returns. This includes better coordination with our finance team to track deadlines and manage input tax credits efficiently to mitigate GST delays and manage

monthly EPF efficiently. Our commitment to timely GST filings is crucial in upholding our business operations and financial stability.

13. Our Company has negative cash flows from its operating activities majorly in the prior period, details of which are given below. Sustained negative cash flow could impact our growth and business.

Our Company had negative cash flows from our operating activities largely due to payment to trade payables, overdue of receivables, increase in inventory, in the current and previous years as per the Restated Financial Statements and the same are summarized as under:

(Amount ₹ in Lakhs)

Our Company's business is working capital intensive and hence, inventories and trade receivables form a major part of our current assets and Trade payables form major part of current liabilities. The results of operation of our business are dependent on our ability to effectively manage our inventory, trade receivables and trade payables. During financial year ended March, 31, 2024, March 31, 2023 and March 31, 2022, our inventories were ₹800.09 lakhs, ₹578.42 lakhs and ₹462.72 lakhs. During Financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 our trade receivables were ₹ 1,254.61 lakhs, ₹ 597.90 lakhs and ₹ 336.72 lakhs and Trade payables were ₹930.17 lakhs, ₹489.07 lakhs and ₹239.74 lakhs. During financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 we have positive cash flow from operating profit before working capital changes amounting ₹ 536.03 lakhs, 239.93 lakhs and 139.64 lakhs. Our cash flow from operating activity during financial year 2021-22 has decreased due to repayment to creditors and increase in inventory for which we had borrowed funds. Due to borrowing of fund, our cash flow from proceed from long term loan has increased to Rs. 35.96 lakhs in March 2022. This utilization of borrowed fund toward creditors payment and purchase of inventory reduces our net cash flow from operating activity which was required as a part of our business needs. However, now the Company aims to repay the loan from the proceeds of IPO in order to improve the overall working capital cycle of the Company. We may be subject to working capital risks due to delays or defaults in payment by clients, which may restrict our ability to procure raw materials and make payments when due. In addition, any delay or failure on our part to supply the required quantity or quality of products, within the time stipulated by our agreements, to our customers may in turn cause delay in payment or refusal of payment by the customer. Such defaults/delays by our customers in meeting their payment obligations to us may have a material effect on our business, financial condition and results of operations. For this we have Implemented robust cash flow monitoring and forecasting systems to identify potential shortfalls in advance. This allows for proactive management of cash flow through adjustments to expenses or capital allocation also Efficient management of accounts receivable is essential for ensuring timely payment from customers and negotiate with suppliers and vendors for extended payment terms to improve cash flow. Efficient management of working capital, including inventory, accounts receivable, and accounts payable, can significantly improve our cash flow from operations.

14. *Significant portion of our revenue has been generated from Eastern part of India, any loss of business from these states may adversely affect our revenues and profitability*

Significant portion of our revenue is concentrated in Odisha and West Bengal. Any factors relating to political and geographical changes, growing competition and any change in the demand for our service by customers of these states may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these states, and loss of business from one or more of them may adversely affect our revenues and profitability.

However, our manufacturing unit is strategically located at Eastern Region of India i.e., Bhubaneswar, Orissa with International standards IEC 61439. Orissa is rich in mineral resources like coal, iron ore, bauxite, and chromite and mining industries ensuring stable industrial environment with established regulatory frameworks and favorable investment policies. Establishment of various Industrial belts, SEZ Units, renowned big Industries provides a favourable business environment for long-term operations and growth. Further the state has several major ports like Paradip and Dhamra, providing convenient access to international markets. It also has significant workforce skilled in various manufacturing sectors like steel, aluminum, petrochemicals, and textiles, hence we have advantage of easy availability of skilled Labor. Orissa's strategic location in eastern India provides access to major domestic markets like West Bengal, Jharkhand, Bihar, and the northeastern states. It also serves as a gateway to Southeast Asian markets, enhancing business opportunities. Moreover, the area offers a favorable business environment with supportive local regulations, tax incentives, and infrastructure investments.

Though we believe our location advantage offers potential market for our products thus capitalizing the market opportunities, we cannot assure that we shall generate the same quantum of business, or any business at all, from these states, and loss of business from one or more of them may adversely affect our revenues and profitability.

15. *NSE may not grant in-principle approval for listing of equity shares of our Company*

Our company has applied for In-principle approval to NSE for its proposed public issue. There is a risk that the National Stock Exchange of India Limited (NSE) may not grant approval for our proposed public issue. The approval process involves rigorous scrutiny of our company's financials, compliance with regulatory requirements, and overall suitability for listing. Despite our best efforts to meet all regulatory standards and provide comprehensive disclosures, there is no guarantee that the NSE will find our application satisfactory. Non-approval by the NSE would significantly impact our ability to access the capital markets and raise the necessary funds for our planned expansions and operations. This could adversely affect our financial condition and future growth prospects. Previously our company had filed Draft Prospectus on May 20, 2024 with NSE, however, said Draft Prospectus was withdrawn and our company is in the process of refiling it with NSE.

16. *Our Company has taken short term unsecured loans that may be recalled by the lenders at any time.*

Our Company have availed unsecured loans which may be called by their lenders at any time. As on March 31, 2023, the unsecured loan amounting to ₹ 275.33 lakhs were increased to Rs 310.05 lakhs on March 31, 2024. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. In the event any of such unsecured lenders seek a repayment of any these loans, our company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. If we are unable to arrange for any such financing arrangements, we may not have adequate working capital to undertake new projects or complete our ongoing projects. However, Company has managed to repay their loan on demand in the past and have intentions to continue doing so through net proceeds from IPO and other alternate means. Therefore, any such demand shall not adversely affect our business, financial condition and results of operations. For further details, see “Financial Indebtedness” on page no. 306 of this Draft Prospectus, summary of which is given as under:

We confirm that the related party transactions entered into by the company are in compliance with the relevant provisions of Companies Act and other applicable laws. While we believe that all such transactions are conducted on arm's length basis, and we acknowledge that achieving more favorable terms might have been possible without related party transactions, it's important to note that such transactions are a part of our business landscape. Looking ahead, we anticipate engaging in related party transactions in the future. Our commitment to transparency and prudent management positions us to effectively navigate these transactions, minimizing any potential adverse effects on our financial condition and operational results. For details on the transactions entered by us, please refer to chapter titled **“Related Party Transactions – Note 25 - Restated Financial Statements”** beginning on page 265 of the Draft Prospectus.

18. Our contingent liabilities as stated in our Restated Financial Statements could adversely affect our financial condition.

Below are the contingent liabilities, as on March 31, 2024, as disclosed in our Restated Financial Statements in accordance with applicable accounting standards:

(Amount Rs. In Lakhs)

Particulars	For the financial year ended March 31, 2024	For the financial year ended March 31, 2023	For the financial year ended March 31, 2022
TDS liability as per Traces	1.62	0.77	0.64

Bank Guarantee			
(a) Domestic	8.25	-	-
(b) Performance	31.17	-	-
Total	41.16	0.90	0.77

As per the terms of the agreements executed by the company, they are required to provide domestic and performance bank guarantees in favour of the clients to secure our domestic/performance obligations under the respective contracts against certain percentage which could vary with projects and are also required to ensure that the performance bank guarantees are valid and enforceable until the expiry of the contract or until we remedy any defects during the defects liability period or until such other period as is stipulated under the relevant contract. During the financial year ended March 31, 2024, the company has taken domestic bank guarantees amounting to Rs. 8,25,000/- and Performance bank guarantee of Rs 31,17,217/- towards securing domestic/Performance obligations for our ongoing projects, as per the specification required in the new projects they have entered into.

The details of the various Bank Guarantees availed by the company is as per the table given hereinbelow:

Type of Bank Guarantee	Amount (in Rs.)	Bank Name	Date of Guarantee Taken	Expiry date	Claim Date
(a) Domestic	8,25,000/-	Karnataka Bank Limited	14/07/2023	07/01/2024	07/01/2025
(b) Performance	31,17,217/-	Karnataka Bank Limited	08/12/2023	09/12/2024	09/12/2025

In the event, that any of these contingent liabilities or a significant proportion of these contingent liabilities materialize, our future financial condition, result of operations and cash flows may be adversely affected.

However, our company has been regular in the past payments and there has been no incident of any devolvement to the respective authorities.

For further details, please refer to the Section titled **“Financial Information – Restated Financial Statements – Notes to Restated Financial Statements – Note 26 – Contingent Liabilities & Commitments”** at page 266 of this Draft Prospectus.

19. Our company unable to work on its full potential and utilized its full capacity for the production and manufacturing of products.

As our company is into the manufacturing business, utilization of its full capacity is very important to maximize the efficiency and profitability of our business.

The details of capacity utilization by our Company in the past periods are shown below:

Product Category	Particulars	For the year ended 31st March 2024	For the year ended 31st March 2023	For the year ended 31st March 2022
LV Electrical Control Panels	Installed	65.00 Cr	65.00 Cr	65.00 Cr
	Actual	13.21Cr	13.00 Cr	11.00 Cr
	%	20.32%	20.00 %	16.92%
MV Electrical Control Panels	Installed	5.00 Cr	5.00 Cr	0
	Actual	0.72Cr	0	0
	%	14.40%	0.00%	0.00%
Automation Panels	Installed	20.00 Cr	20.00 Cr	20.00 Cr
	Actual	10.32 Cr	5.5 Cr	4.5 Cr
	%	51.60%	27.05%	22.50%

	Actual	1.98 Cr	2.5 Cr	1.5 Cr
	%	19.80%	25.00%	15.00%

The trend shows that our manufacturing facilities are not operating at optimum capacity utilization, Further, if we are unable to utilize our full capacity, that may affect the results of operations and financial conditions but the trend also shows that our actual capacity is increasing on yearly basis and with injection of more working capital we can increase our production capacity at a greater rate which will be helpful in increasing our production level in future and achieve optimum utilization levels. Further, we are continuously working on product diversification and expansion strategies to enhance our Capacity utilization, for details, please refer to Chapter titled **“Our Business-Our Business Strategies”** and **“Our Business – Future Business Plan”** on Page 160 and 179 of this Draft Prospectus.

20. Our Company operations requires significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations

Our Company’s business operations require a significant amount of working capital. In our business, working capital is often required to finance the procurement of raw material and for salaries of employees. In the event, we are unable to source the required amount of working capital, we might not be able to efficiently satisfy the demand of our clients in a timely manner or at all. Even if we are able to source the required amount of funds, it would be difficult for us to assure that such funds may or may not be sufficient to meet our cost estimates, which could have adverse effect on our financial conditions and results of operations. There exist substantial requirement of working capital and financing in the form of fund and non-fund based working capital facilities to meet our requirements. The details of our working capital for period ended, March 31, 2024, March 31, 2023 & March 31, 2022 are as under which is showing continuous increase:

(Amount Rs. In Lakhs)

Particular	For the year ended on March 31, 2024	For the year ended on March 31, 2023	For the year ended on March 31, 2022
Current assets			
Inventories	800.09	578.42	462.72
Trade Receivables	1,254.61	597.90	336.72
Cash and Cash Equivalents	33.09	37.07	27.64
Short term Loans and Advances	18.16	36.08	31.74
Total (A)	2,105.95	1,249.47	858.82
Current liabilities			
Trade Payables	930.17	489.07	239.74
Other current liabilities	112.66	52.53	20.88
Short term Provisions	105.93	33.32	9.16
Total (B)	1148.76	574.92	269.78
Net Working Capital (A-B)	957.19	674.55	589.04
Funding Pattern			
Borrowings from Bank	577.25	519.52	432.72
Internal Sources	379.94	155.03	156.32

Due to various factors, including certain extraneous factors such as changes in tariff regulations, interest rates, insurance and other costs or borrowing and lending restrictions, if any, we may not be able to finance our working capital needs, or secure other financing when needed, on acceptable commercial terms, or at all, which may impact our company's revenue.

Though the Company has not faced any such challenges in the past, consequently, there could be situations where the total funds available may not be sufficient to fulfil our commitments, and hence we may need to incur additional indebtedness in the future or utilize internal accruals to satisfy our working capital needs.

21. Trade Receivables forms a major part of our current assets. Failure to manage our trade receivables could have an adverse effect on our sales, profitability, cash flow and liquidity.

The results of operations of our business are dependent on our ability to effectively manage our trade receivables. Managing trade receivables effectively is crucial for maintaining healthy cash flow and ensuring the financial stability of a business. During financial year ended March 31, 2024, March 31, 2023 and March 31, 2022, trade receivables were ₹ 1,254.61 lakhs, ₹ 597.90 lakhs and ₹ 336.72 lakhs.

For properly managing trade receivables, we conduct a thorough credit assessments on potential customers before extending credit to them. This involves reviewing their credit history, financial statements, and references to assess their creditworthiness and also Maintain good relationships with customers to encourage timely payments.

22. We are required to furnish financial and performance bank guarantees as part of our business. We are actively working to secure necessary bank guarantees and are confident in our ability to do so successfully. In the rare event of challenges, our proactive approach ensures effective resolution, minimizing the risk of bid security or earnest money deposit forfeiture.

As per the terms of the agreements executed by us, we are required to provide financial and performance bank guarantees in favour of our clients to secure our financial/performance obligations under the respective contracts for our projects and are also required to ensure that the performance bank guarantees are valid and enforceable until the expiry of the contract or until we remedy any defects during the defects liability period or until such other period as is stipulated under the relevant contract. As on financial year ended March 31, 2024, we had domestic and performance bank guarantees amounting ₹ 39.42 lakhs towards securing our financial/performance obligations under our ongoing

projects, based on the projects we have entered into. While unforeseen circumstances may pose challenges in fulfilling obligations under ongoing projects, we maintain a proactive stance to mitigate defaults in our contracts. In the rare event of the invocation of bank guarantees, our resilient approach is geared towards minimizing any material adverse effects on our business and financial condition. In the event of challenges in providing or extending performance bank guarantees within stipulated periods, our dedicated management team ensures timely payments to avoid any adverse impact. Although the possibility of encountering such issues cannot be ruled out, our past experience and robust management practices contribute to our confidence in effectively navigating potential obstacles. We remain committed to sustaining our track record of successfully managing contractual obligations and securing necessary guarantees for our projects.

23. *We generally do business with our customers on purchase order basis and do not enter into long-term contracts with most of them.*

We bid for the projects based on the various factors like competency, technical capabilities, financial capacity etc. Our business is dependent on our continuing relationships with our customers. Our Company neither has any long-term contract with any of customers nor has any marketing tie up for our products or services. Further, our Company has not appointed any exclusive agents for handling its operations. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations. While the Company benefits from longstanding relationships with both customers and suppliers, it's important to note that this stability has contributed to a track record of successfully navigating challenges in the past. This enduring rapport has fostered a culture of trust and collaboration, enabling the Company to address any hurdles with resilience.

24. *The Objects of the Offer for which funds are being raised have not been appraised by any bank or financial institution.*

The deployment of funds is entirely at the discretion of our management and as per the details mentioned in the section titled "Objects of the Offer". Any revision in the estimates may require us to reschedule our expenditure and may have a bearing on our expected revenues and earnings. We propose to utilize the Net Proceeds for purposes identified in the chapter titled "***Objects of the Offer – Requirement of Funds and Utilization of Net Offer Proceeds***" on page 109 of this Draft Prospectus. Our funding requirements and the deployment of the proceeds of the Offer are purely based on our management's estimates and have not been appraised by any bank or financial institution. Further, the deployment of the funds towards the Objects of the Offer is entirely at the discretion of our management and our Board, subject to compliance in accordance with Section 27 of the Companies Act, 2013, a company shall not vary the objects of the Offer without our Company being authorize to do so by our shareholders by way of special resolution and other compliances in this regard. Our Promoters and controlling shareholder shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

In case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements. If actual utilization towards the Objects of the Offer is lower than the proposed deployment, such balance will be used for future growth opportunities, including funding other existing objects, if required. If estimated utilization of the Net Proceeds is not completely met in a fiscal year, it shall be carried forward.

25. *We have not commissioned an industry report for the disclosures made in the chapter titled "Industry Overview" and made disclosures on the basis of the data available from the online source.*

We have not commissioned an industry report for the disclosures which need to be made in the chapter titled "***Industry Overview***" beginning on page no. 133 of this Draft Prospectus. We have made disclosures in the said chapter on the basis of the relevant industry related data available online. We cannot assure you that any assumptions made are correct or will not change and, accordingly, our position in the market may differ from that presented in this Draft Prospectus. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Further, the industry data mentioned in this Draft Prospectus or

sources from which the data has been collected are not recommendations to invest in our Company. Accordingly, investors should read the industry related disclosure in this Draft Prospectus in this context.

26. *We operate in a competitive environment, cheap substitutions, face fair competition and low entry barriers from organized and unorganized players, which may adversely affect our business operations and financial condition.*

The industry in which the Company operates is fairly competitive and our results of operations and financial condition are sensitive to, and may be materially adversely affected by competitive pricing and other factors. Competition may result in pricing pressures, reduced profit margins, lost market share or a failure to grow our market share, any of which could substantially harm our business and results of operations. The domestic segment which we cater to is fragmented and fairly competitive. We compete primarily on the basis of quality of our services, customer satisfaction and marketing. Thus, some of our competitors may have certain other advantages over us, including established track record, superior service offerings, larger portfolio of services, technology and greater market penetration, which may allow our competitors to better respond to market trends. They may also have the ability to spend more aggressively on marketing initiatives and may have more flexibility to respond to changing business and economic conditions than we do. To enhance our competitive edge, we are leveraging the GEM Portal for marketing and establishing a dedicated tender division to expand our product portfolio through partnerships with renowned brand owners. Additionally, we are committed to upholding our reputation by remaining flexible and responsive to evolving market demands and customer preferences, while consistently delivering high-quality services at competitive prices.

27. *Technology failures or Cyber-attacks or other security breaches could have a material adverse effect on our business, results of operation or financial condition.*

The success of our businesses depends in part upon our ability to effectively deploy, implement and use information technology systems and advanced technology initiatives in a cost effective and timely basis. Our computer networks may be vulnerable to unauthorised access, computer hacking, computer viruses, worms, malicious applications and other security problems caused by unauthorised access to, or improper use of, systems by our employees, subcontractors or third-party vendors. Any systems failure or security breach or lapse on our part or on the part of our employees and other ecosystem participants that results in the release of user data could harm our reputation and brand and, consequently, our business, in addition to exposing us to potential legal liability. Any such legal proceedings or actions may subject us to significant penalties and negative publicity, require us to change our business practices, increase our costs and severely disrupt our business.

However, we have not faced any such instance in the past and to safeguard our company in the future, we have installed anti-virus software to prevent our systems and infrastructure from being infected and crippled by computer viruses. All our internet facing servers installed at all our data centres as well as at all our offices are also secured with firewalls and intrusion preventions systems to prevent hacking.

28. *We are exposed to risks associated with fluctuation in metal prices or shortages in supply of electric components.*

Our manufacturing activities depend on fluctuation in metal prices, being one of the important raw materials and supply of electric components. Changes in macroeconomic conditions generally impact these industries and could impact our business or profitability. Accordingly, our business is highly dependent on the state of development of the Indian economy and the macroeconomic environment prevailing in India. In the past, the prices of metal were fluctuating because of the global pandemic COVID – 19, which may have affected our operations. Changes in government policies or a global pandemic such as COVID-19, if any in future could have an adverse effect on the development associated industries, may have an adverse impact on our business. However, the prices have become stable after the pandemic which has brought our business and operations back to normal course.

29. *Orders placed by customers may be delayed, modified or cancelled, which may have an adverse effect on our business, financial condition and results of operations.*

We may encounter problems in executing the orders in relation to our services, or executing it on a timely basis. Moreover, factors beyond our control or the control of our customers may postpone the delivery of such services or cause its cancellation. Due to the possibility of cancellations or changes in scope and schedule of delivery of such services, resulting from our customers discretion or problems we encounter in the delivery of such services or reasons outside our control or the control of our customers, we cannot predict with certainty when, if or to what extent we may be able to deliver the orders placed. Additionally, delays in the delivery of such services can lead to customers delaying

or refusing to pay the amount, in part or full, that we expect to be paid in respect of such products. In addition, even where a delivery proceeds as scheduled, it is possible that the customers may default or otherwise fail to pay amounts owed. However, we haven't faced any significance damage in the past.

30. *Our business is substantially dependent on our design and engineering teams to accurately carryout the estimates and engineering studies for potential orders. Any deviation during the execution of the order as compared to our estimates could have a material adverse effect on our cashflows, results of operations and financial condition.*

We have developed in-house resources with key competencies to deliver a product as per customer specifications which include our qualified design and engineering team. We rely on our in-house team of engineers for timely and efficient operations. While our teams have the necessary skill and experience in carrying out estimates and engineering studies, the precision and reliability of these estimates are pivotal in securing and executing orders efficiently. Any deviation during the execution of orders compared to our initial estimates could results material shortage, unforeseen technical challenges, leading to cost overruns, delays, or quality issues. Further the accuracy of the estimates is dependent on the on the prices quoted by our suppliers and how accurately we have analysed and estimated the specifications provided by customers. Any deterrence or deviation in the estimation and calculation of the key elements on which we rely before submitting quotations to customers as compared to our estimates during implementation and operation could have a material adverse effect on our cash flows, results of operations and financial condition.

To date, our company has not encountered such issues and to safeguard our company in the future, our well-established design and development team proactively integrates the latest updates and adapts swiftly to changes, we ensure initial customer checks and approvals, followed by meticulous oversight by our manufacturing team, and conclude with rigorous quality checks. This comprehensive approach ensures consistent quality and minimizes operational uncertainties.

31. *Significant portion of our revenue has been generated from some states of India, any loss of business from these states may adversely affect our revenues and profitability.*

Though our Company supply its products on PAN India basis across all the states in India. However, a significant portion of our revenue is concentrated in some states across India. Dependency on revenue generated from particular regions leaves us to adverse effects on our overall revenue and profitability. Any factors relating to political and geographical changes, growing competition and any change in the demand for our service by customers of these states may adversely affect our ability to retain them. Furthermore, reliance on a limited geographic area increases our susceptibility to localized factors that may disrupt operations or dampen consumer demand. Therefore, we are trying to diversify our customer base and geographic reach, invest in market expansion strategies, and strengthen relationships with clients in other regions to reduce dependence on any single market segment, for further details, please refer to Chapter titled "Our Business – Our Business Strategies" on Page 160 of this Draft Prospectus.

32. *Global Shortage in chip supply could have adverse effects our manufacturing process.*

The global shortage in chip supply poses a business risk to our manufacturing process. As chips are integral components in a wide array of electronic devices, including those used in our Electrical Control Panels, any disruption in the supply chain could severely impact our ability to produce goods efficiently and meet customer demand. This shortage not only threatens production timelines but also increases costs due to potential price hikes and the need to explore alternative sourcing options. Moreover, prolonged shortages could lead to delays in product launches, loss of market share, and ultimately, diminished profitability. Therefore, it is imperative for us to proactively diversifying our supply chain, fostering closer relationships with chip suppliers, and exploring strategic partnerships to ensure continuity in our manufacturing operations despite the challenges posed by the chip shortage. However, we haven't faced any such instance in the past.

In the manufacturing process of the Electrical Control Panels, chips play a crucial role. These chips, integrated into the panels during production, enable the panels to perform complex tasks reliably, efficiently, and at high speed. By incorporating various functions into a compact and efficient form, chips drive technological advancement across many fields. Consequently, they are an integral sub-component of the control panels. A global shortage of chips would impact a wide array of electronic devices, including our panels. However, the company has not experienced any such shortage that has adversely affected our business to date. Hence, a chip is a not a raw material used in their business, but is implanted into the panels by their suppliers

33. Our operations may be adversely affected in case of industrial accidents, physical hazards and similar risks at our construction sites, which could expose us to material liabilities, loss in revenues and increased expenses.

While manufacturing companies, including us, conduct various scientific and site studies during the course of bidding for projects, there are always anticipated or unforeseen risks that may arise due to adverse weather conditions, geological conditions, specification changes and other reasons. Additionally, our operations are subject to hazards inherent in providing engineering and construction services, such as risk of equipment failure, work accidents, fire or explosion, including hazards that may cause injury and loss of life, severe damage to and destruction of property and equipment, and environmental damage. Use of heavy machineries, handling of sharp parts of machinery by laborers during construction activities etc. may result in accidents, causing injury to our laborers, employees or other persons on the site and may prove fatal. However, our policy of covering these risks through contractual limitations of liability, indemnities and insurance may not always be effective and this may have a material adverse effect on our reputation, business, financial condition and results of operation. However, we haven't faced any such issues in the past as we continuously adopt and implement safety strategies, assess potential risks by providing regular training and conducting emergency drill.

34. Our Company's manufacturing activities are dependant on availability of skilled and unskilled labourers. In case of unavailability of such labourers and / or inability to retain such personnel, our business operations could be affected.

Our manufacturing operations require deployment and our ability to retain labour. In case such labour workforce is unavailable, or we are unable to identify and retain such labour our business could be adversely affected. There is a possibility that we may not be able to continue with the same on favorable terms or at all. Our operations and performance are depending on our ability to identify, attract and retain both skilled and unskilled labour. In case such labour is unavailable or we are unable to identify and retain such labourers, our business could be adversely affected. We are also subject to laws and regulations governing relationships with employees which may have a direct impact on our employee costs and consequently, on our margins. Further, latest amendments in labour laws in India may lead to increasing cost of compliance, wages, social security, Occupational Safety, Health and Working Conditions. Our Company has employed 60 employees as on July 15, 2024 employees on our payroll.

Sl. No.	Categories	Total No. of Employees
1	Directors and Senior Management Team	5
2	Finance & Accounts	1
3	Manager/ Officer/ Executive	26
4	Semi-skilled/ Unskilled staff	28

Further, labours are hired on contract basis as well based on the demand and business requirements. For overall management, we are investing in training and development programs to enhance the skills of our workforce, implement strategies to attract and retain talented employees, and establish contingency plans to address labor shortages or turnover effectively. By prioritizing the recruitment and retention of skilled laborers, we can ensure the continuity and efficiency of our manufacturing operations and hence, our Company has not experienced any labour shortage in past.

35. Any delay, interruption or reduction in the supply of raw materials to manufacture our products may adversely affect our business, results of operations, cash flows and financial condition.

Our business operations are significantly dependent on third parties at all stages of product development and sales. We source our raw materials and bought out components and sub-assemblies like: Electronic Components (micro controllers, IC, resistors, capacitors, VFD, PLC and other semiconductors), HMI – LCD Display, GI Sheet, MS Sheet, Protection relay etc. from third party suppliers. Certain parts of our bought-out components are imported from various countries.

The quality of our products is primarily derived from the quality of our raw materials, and any deterioration in the quality of raw materials supplied to us will have an adverse effect on the quality of our products, market reputation and sales volumes. Additionally, the prices of our primary raw materials are volatile and fluctuate based on a number of factors outside our influence, including the prices of metals like: steel and aluminum. We procure our raw material through purchase orders and the terms and conditions on warranties for product quality and return policy are specified on such purchase orders. Any disruption in the supply chain, whether due to natural disasters, logistical challenges, or supplier-related issues, could lead to production delays, increased costs, and ultimately, a negative impact on our cash flows and financial condition. If we fail to (i) receive the quality of raw materials that we require; (ii) negotiate appropriate financial terms; (iii) obtain adequate supply of raw materials in a timely manner, or (iv) if our principal suppliers discontinue the supply of such raw materials, or were to experience business disruptions or become insolvent due to reasons beyond our control.

Any major disruption to the timely and adequate supplies of our raw materials for any of our segments and prices of oil and gas also affect our distribution and transportation cost exposes us to volatility in the prices of raw materials and could adversely affect our business, results of operations and financial condition. The availability of these raw materials and components is dependent on the supply chain and their shortages can be caused by, among other things, variations in the supply of quality material, natural disasters, changing economic conditions, global pandemic such as COVID-19 or other geographic and political events. In the past, supply of raw materials was affected by the global pandemic, COVID-19 but it significantly got improved after the pandemic, thus, returning business and operations to normal course. However, to safeguard the company's operations, we are maintaining effective supply chain management practices which establishes contingency plans and building strong relationship with our suppliers to ensure a steady and reliable supply of Raw materials.

36. *There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.*

As per SEBI (ICDR) Regulations, 2018, as amended from time to time, appointment of monitoring agency is required only for Offer size above Rs. 10,000.00 Lakhs. Since this Issue Size is less than Rs. 10,000.00 Lakhs, our Company has not appointed any monitoring agency for this Issue. Hence, we have not appointed a monitoring agency to monitor the utilization of Offer proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds.

Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the NSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

EXTERNAL RISK FACTORS:

INDUSTRY RISKS:

37. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

Our business and industry are regulated by different laws, rules and regulations framed by the Central and State Government. The regulatory and policy environment in which we operate is evolving and subject to change. These changes may pose challenges to our business, impacting our operational results and future prospects. It's imperative that we remain agile in our response to and compliance with any shifts in applicable laws and policies. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the amendment of these laws on a short notice or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST.

38. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and other prospects.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the country in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports of materials, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial

condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margin.

39. *Changes in the Government Policy could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

40. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. While we acknowledge the potential challenges, we remain proactive in exploring avenues to manage any additional costs effectively. We continuously seek opportunities to enhance our revenue streams, ensuring sustained growth and profitability despite potential inflationary impacts. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

41. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operation.*

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies.

Economic growth in the countries in which we operate is affected by various factors including domestic consumption and savings, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations and financial condition. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margin.

42. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.*

The susceptibility of our business operations to natural calamities poses a significant risk, especially considering their potential adverse effects on the Indian economy. Natural disasters such as earthquakes, cyclones, tsunami floods, and other extreme weather events have the capacity to disrupt critical infrastructure, supply chains, and economic activities across the nation. These calamities can disrupt infrastructure, supply chains, and economic activities, leading to

widespread ramifications for businesses across industries. Such disruptions could adversely affect our operations, causing delays in production, distribution, and delivery of goods and services. Moreover, the economic fallout resulting from natural disasters could impact consumer spending patterns, investor confidence, and overall financial condition, market conditions, further worsen the challenges faced by our company.

43. *Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares.*

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions), if they comply with the valuation and reporting requirements specified by the RBI. If a transfer of shares is not in compliance with such requirements and does not fall under any of the exceptions specified by the RBI, then the RBI's or central government's prior approval is required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure you that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all.

44. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

45. *Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business and the trading price of the Equity Shares.*

India's sovereign debt rating could be downgraded due to various factors, including changes in tax or financial policy or a decrease in India's foreign exchange reserves. India's foreign exchange reserves have grown consistently in the past. (Source: Reserve Bank of India. However, any decline in foreign exchange reserves could adversely affect the valuation of the Indian Rupee and could result in reduced liquidity and higher interest rates that could adversely affect our future financial performance and the market price of the Equity Shares and could result in a downgrade of India's debt ratings. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely affect our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could adversely affect our business and future financial performance and our ability to obtain financing to fund our growth, as well as the trading price of the Equity Shares.

46. *We have not prepared, and currently do not intend to prepare, our financial statements in accordance with the International Financial Reporting Standards ("IFRS").*

Our transition to IFRS reporting could have a material adverse effect on our reported results of operations or financial condition. Public companies in India, including us, may be required to prepare annual and interim financial statements under IFRS in accordance with the roadmap for convergence with IFRS announced by the Ministry of Corporate Affairs, Government of India through a press note dated January 22, 2010 (the "IFRS Convergence Note"). The Ministry of Corporate Affairs by a press release dated February 25, 2011 has notified that 35 Indian Accounting Standards are to be converged with IFRS. The date of implementation of such converged Indian accounting standards has not yet been determined. Our financial condition, results of operations, cash flows or changes in shareholders' equity may appear materially different under IFRS than under Indian GAAP or our adoption of converged Indian Accounting Standards may adversely affect our reported results of operations or financial condition. This may have a material adverse effect on the amount of income recognized during that Fiscal/period and in the corresponding (restated) Fiscal/period in the comparative Fiscal/period.

47. *The occurrence of Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.*

Terrorist attacks and other acts of violence or war may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has

witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

48. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

49. *Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business and the trading price of the Equity Shares.*

India's sovereign debt rating could be downgraded due to various factors, including changes in tax or financial policy or a decrease in India's foreign exchange reserves. India's foreign exchange reserves have grown consistently in the past. (Source: Reserve Bank of India). However, any decline in foreign exchange reserves could adversely affect the valuation of the Indian Rupee and could result in reduced liquidity and higher interest rates that could adversely affect our future financial performance and the market price of the Equity Shares and could result in a downgrade of India's debt ratings. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely affect our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could adversely affect our business and future financial performance and our ability to obtain financing to fund our growth, as well as the trading price of the Equity Shares.

50. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of Equity Shares in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to long term capital gains tax in India if Securities Transaction Tax ("STT") is paid on the sale transaction and additionally, as stipulated by the Finance Act, 2017, STT had been paid at the time of acquisition of such equity shares, except in the case of such acquisitions where STT could not have been paid, as notified by the Central Government. However, as on the date of this Draft Prospectus, the Central Government has not issued any such notification. Due to uncertainty in the applicability of this provision, the shareholders may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

51. *We derive majority of our income from our customers within India. Therefore, factors that adversely affect the demand for our manufacturing and services in India may adversely affect our business.*

We have in the past derived and believe that we will continue to derive, a significant portion of our income from our customers within India. In addition, all of our employees are based in India. Consequently, factors that adversely affect the Indian economy or the demand for our manufacturing and services within India, may adversely affect our business and profitability.

52. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may

largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value.

53. *We may be affected by competition laws and any adverse application or interpretation of the Competition Act could adversely affect our business and activities.*

The Competition Act, 2002, as amended (the “Competition Act”), regulates practices having an appreciable adverse effect on competition in the relevant market in India. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an appreciable adverse effect on competition is considered void and results in the imposition of substantial monetary penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or provision of services, shares the market or source of production or provision of services by way of allocation of geographical area, type of goods or services or number of clients in the relevant market or directly or indirectly results in bid-rigging or collusive bidding is presumed to have an appreciable adverse effect on competition. The Competition Act also prohibits abuse of a dominant position by any enterprise. The Competition Act aims to, among others, prohibit all agreements and transactions which may have an appreciable adverse effect on competition in India. Further, the Competition Commission of India (“CCI”) has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an appreciable adverse effect on competition in India. The applicability or interpretation of the Competition Act to any merger, amalgamation or acquisition proposed or undertaken by us, or any enforcement proceedings initiated by CCI for alleged violation of provisions of the Competition Act may adversely affect our business, financial condition or results of operation.

54. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, United States, United Kingdom, Russia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition and results of operation. These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition and results of operations and reduce the price of the Equity Shares.

55. *Wage pressures and increases in operating costs in India may prevent us from sustaining our competitive advantage and may reduce our profit margins.*

Wage and operating expenses increase in India may prevent us from sustaining this competitive advantage and may negatively affect our profit margins. Wages in India are increasing at a faster rate than in the developed economies, which could result in increased employee benefit expenses. We may need to continue to increase the levels of our employee compensation to remain competitive and manage attrition. Further, The Code on Wages, 2019 received the assent of the President of India on August 8, 2019 and proposes to subsume four existing laws namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The provisions of this code will be brought into force on a date to be notified by the Central Government. This may impact our wage structure and may lead to increased wage payments to our employees. Additionally, the cost of

operating expenses is also increasing as India continues to grow. Compensation increases manifest a hike in operational costs which may result in a material adverse effect on our business and financial condition and result of operations.

OFFER RELATED RISKS:

- 56. *The Equity Shares have never been publicly traded, and, after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price, or at all.***

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares is proposed to be determined through a fixed price process and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in the Stock Exchanges, securities markets in other jurisdictions, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

- 57. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.***

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

- Volatility in the Indian and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors,
- Adverse media reports on Company or pertaining to our Industry;
- Changes in our estimates of performance or recommendations by financial analysts; and
- Significant developments in India's economic and fiscal policies;

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue

- 58. *The requirements of being a publicly listed company may strain our resources.***

We are not a publicly listed company and have not, historically, been subjected to the increased scrutiny of our affairs by the shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the Listing Regulations which will require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business prospects, financial condition, results of operations, and cash flows. In addition, we may need to hire additional legal and accounting staff with appropriate experience and technical accounting knowledge, but we cannot assure you that we will be able to do so in a timely and efficient manner.

- 59. *Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.***

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book

entry, or 'demat' accounts with depository participants in India, are expected to be credited with the Equity Shares within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in this Offer and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately two Working Days from the Bid Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within three Working Days of the Bid Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise any delay in commencing trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor.

60. *Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.*

Under the Companies Act, a company incorporated in India must offer its equity shareholders pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution. However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such preemptive rights, unless we make such a filing. If we elect not to file a registration statement, the new securities may be offered to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interests in our Company may be reduced.

In the opinion of the Board of Directors of our Company, the resources of the above-mentioned Underwriter are sufficient to enable them to discharge their respective underwriting obligations in full. The abovementioned Underwriter is registered with SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchange(s).

DETAILS OF MARKET MAKING ARRANGEMENT FOR THE OFFER

Our Company and Lead Manager has entered into Market Making Agreement dated [●] with the following Market Maker to fulfill the obligations of Market Making under this Issue:

Name: [●]
Address: [●]
Tel. No.: [●]
E-mail: [●]
Contact Person: [●]
SEBI Registration No.: [●]
Member Code: [●]

In accordance with Regulation 261 of the SEBI ICDR Regulations 2018, we have entered into an agreement with the Lead Manager and the Market Maker (duly registered with NSE to fulfil the obligations of Market Making) dated [●] to ensure compulsory Market Making for a minimum period of three years from the date of listing of Equity Shares offered in this Offer.

[●], registered with EMERGE platform of NSE will act as the Market Maker and has agreed to receive or deliver the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations 2018, as amended from time to time and the circulars issued by the NSE and SEBI in this regard from time to time.

- *In terms of regulation 261(1) of SEBI ICDR Regulations 2018, the Market Making arrangement through the Market Maker will be in place for a period of three years from the date of listing of our Equity Shares and shall be carried out in accordance with SEBI ICDR Regulations and the circulars issued by the NSE and SEBI regarding this matter from time to time.*
- *In terms of regulation 261(2) of SEBI ICDR Regulations 2018, The market maker or issuer, in consultation with the lead manager(s) may enter into agreements with the nominated investors for receiving or delivering the specified securities in market making, subject to the prior approval of the NSE Limited*
- *In terms of regulation 261(3) of SEBI ICDR Regulations 2018, the following is a summary of the key details pertaining to the Market Making arrangement*
 1. The Market Maker shall be required to provide a two-way quote for 75% of the trading hours in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period during which the quotes are not being offered by the Market Maker.
 2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and

other particulars as specified or as per the requirements of NSE EMERGE and SEBI from time to time.

3. The minimum depth of the quote shall be Rs.1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker in that scrip provided that they sell their entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Equity Shares of Market Maker in our Company reaches to 25% of Offer Size. Any Equity Shares allotted to Market Maker under this Offer over and above 25% of Offer Size would not be taken into consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Offer Size, the Market Maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
6. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the NSE EMERGE (in this case currently the minimum trading lot size is [●] equity shares, however the same may be changed by the NSE EMERGE from time to time).
7. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by it.
8. There would not be more than five (5) Market Makers for the Company's Equity Shares at any point of time and the Market Maker may compete with other Market Maker for better quotes to the investors. For this Offer [●] is the sole Market Maker.
9. The Equity Shares of the Company will be traded in continuous trading session from the time and day the company gets listed on NSE EMERGE and Market Maker will remain present as per the guidelines mentioned under NSE and SEBI circulars as amended from time to time.
10. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the Offer price in the normal trading session shall be based on Offer price. The securities of the Company will be placed in special pre-open session and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity Shares on the Stock Exchange.
11. The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
12. The Market Maker shall start providing quotes from the day of the listing / the day when designated as the Market Maker for the respective scrip and shall be subject to the guidelines laid down for market making by the NSE Limited.
13. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market, for instance due to system problems and/or any other problems. All controllable reasons require prior approval from the NSE EMERGE, while withdrawal on account of force-majeure events will be applicable for non-controllable reasons. The decision of the NSE EMERGE for deciding controllable and non-controllable reasons would be final.
14. In terms of regulation 261(6) of SEBI ICDR Regulations 2018, Market Maker shall not buy the Equity Shares from the Promoters or Persons belonging to promoter group of the Issuer or any person who has acquired shares from such promoter or person belonging to promoter group, during the compulsory market making period
15. In terms of regulation 261(7) of SEBI ICDR Regulations 2018, The Promoters' holding of the Issuer shall not be eligible for offering to the Market Maker during the Compulsory Market Making Period. However, the promoters' holding of the Issuer which is not locked-in as per the SEBI (ICDR) Regulations, 2018 as amended, can be traded with prior permission of NSE EMERGE, in the manner specified by SEBI from time to time.
16. The Lead Manager, if required, has a right to appoint a nominee director on the Board of the Issuer Company during the Compulsory Market Making Period provided it meets the requirements of the SEBI (ICDR) Regulations, 2018.

17. The Market Maker shall not be responsible to maintain the price of the Equity Shares of the Issuer Company at any particular level and is purely supposed to facilitate liquidity on the counter of the Issuer via its 2-way quotes. The price of the Equity Shares shall be determined and be subject to market forces.
18. **Risk containment measures and monitoring for Market Maker:** NSE EMERGE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE Limited can impose any other margins as deemed necessary from time-to-time
19. The Market Maker shall be liable for punitive action in case of default. NSE EMERGE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the NSE EMERGE on the Market Maker; in case he is not able to provide the desired liquidity in the Equity Shares of the Issuer as per the specified guidelines. These penalties / fines will be set by the NSE EMERGE from time to time. The NSE EMERGE will impose a penalty on the Market Maker in case the Market Maker is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the NSE EMERGE would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
20. The Market Maker shall have the right to terminate said arrangement by giving three (3) months' notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five (5) or as specified by the relevant laws and regulations applicable at that particular point of time.

21. Further in terms of the SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012, the following shall apply to Market Maker while managing its inventory during the process of market making:
 - 21.1 The exemption from threshold as per table below shall not be applicable for the first three months of the Compulsory Market Making Period and the Market Maker shall be required to provide two-way quotes during this period irrespective of the level of holding.
 - 21.2 Threshold for market making as per table below will be inclusive of mandatory inventory of 5% of Issue Size at the time of Allotment in the Issue.
 - 21.3 Any initial holdings over and above such 5% of the Issue size would not be counted towards the inventory levels prescribed.
 - 21.4 Apart from the above mandatory inventory, only those Equity Shares which have been acquired on the platform of the NSE EMERGE during market making process shall be counted towards the Market Maker's threshold.
 - 21.5 Threshold limit will take into consideration, the inventory level across market makers.
 - 21.6 The Market Maker shall give two-way quotes till it reaches the upper limit threshold, thereafter the Market Maker has the option to give only sell quotes.
 - 21.7 Two-way quotes shall be resumed the moment inventory reaches the prescribed re-entry threshold.
 - 21.8 In view of the market making obligation, there shall be no exemption/threshold on downside. However, in the event the market maker exhausts its inventory through market making process on the platform of the NSE EMERGE, the NSE EMERGE may intimate the same after due verification
 - 21.9 The limits on the upper side for Market Maker during market making process has been made applicable, taken into consideration the Issue size in the following manner appearing hereinbelow:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the issue size)	Re-entry threshold for buy quote (including mandatory initial inventory of 5% of the issue size)
Up to Rs. 2000.00 Lacs	25%	24%
Rs. 2000.00 Lacs to Rs. 5000.00 Lacs	20%	19%
Rs. 5000.00 Lacs to Rs. 8000.00 Lacs	15%	14%
Above Rs. 8000.00 Lacs	12%	11%

22. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/02/2012 dated January 20, 2012, has laid down that for issue size up to ₹25,000.00 Lacs, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

23. Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time. The following spread (difference between the sell and the buy quote) shall be applicable on NSE EMERGE

Sl. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to sale price)
1	Up to 50	9
2	50 to 75	8
3	75 to 100	6
4	Above 100	5

- In terms of regulation 261(4) of SEBI ICDR Regulations 2018, the Equity Shares being bought or sold in the process of market making may be transferred to or from the nominated investors with whom the Lead Manager and the Issuer have entered into an agreement for market making: Provided that the inventory of the market maker, as on the date of allotment of the Equity Shares, shall be at least five per cent. of the Equity Shares proposed to be listed on NSE EMERGE.
- In terms of regulation 261(5) of SEBI ICDR Regulations 2018, The market maker shall buy the entire shareholding of a shareholder of the Issuer in one lot, where the value of such shareholding is less than the minimum contract size allowed for trading on the NSE Limited: Provided that market maker shall not sell in lots less than the minimum contract size allowed for trading on the NSE EMERGE.

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / NSE EMERGE from time to time.

Note: Our Corporate Promoter Reveal AI Technologies Private Limited does not hold Equity Shares in the Company

The above table will be updated in the Prospectus proposed to be filed with the Registrar of Companies (“ROC”) by the Company.

The Minimum Promoters’ Contribution has been brought in to the extent of not less than the specified minimum lot and has been contributed by the persons defined as ‘Promoter’ under the SEBI (ICDR) Regulations. The Equity Shares that are being locked in are not, and will not be, ineligible for computation of Minimum Promoters’ Contribution in terms of Regulation 237 of the SEBI ICDR Regulations and are being locked in for 3 (three) years as per Regulation 238(a) of the SEBI ICDR Regulations i.e., for a period of three years from the date of allotment of Equity Shares in this Offer. In this connection, as per Regulation 237 of the SEBI (ICDR) Regulations, we affirm the following:

- a) The Minimum Promoters’ Contribution do not include Equity Shares acquired during the three years immediately preceding the date of this Draft Prospectus (i) for consideration other than cash and revaluation of assets or capitalization of intangible assets; or (ii) resulting from a bonus issue of Equity Shares by utilization of revaluation reserves or unrealized profits of our Company or from bonus issue against Equity Shares which are otherwise ineligible for computation of Minimum Promoters’ Contribution;
- b) The Minimum Promoters’ Contribution do not include any Equity Shares acquired during the one year preceding the date of this Draft Prospectus at a price lower than the price at which the Equity Shares are being offered to the public in the Issue.
- c) Our Company has not been formed by the conversion of a partnership firm or limited liability partnership into a Company during one year preceding the date of this Draft Prospectus and hence, no Equity Shares have been issued to our Promoters in the one year immediately preceding the date of this Draft Prospectus pursuant to conversion from a partnership firm or limited liability partnership;
- d) The Equity Shares held by the Promoters and offered for Minimum Promoters’ Contribution are not subject to any pledge or any other form of encumbrance with any creditor;
- e) All the Equity Shares of our Company held by the Promoter are in dematerialized form; and
- f) The Equity Shares offered for Minimum Promoters’ Contribution do not consist of Equity Shares for which specific written consent has not been obtained from the Promoter for inclusion of its subscription in the Promoters’ contribution subject to lock-in.

We further confirm that our Promoters’ Contribution of 20% of post-Offer Equity Share Capital does not include any contribution from alternative investment funds or foreign venture capital investors or scheduled commercial banks or public financial institutions or insurance companies registered with Insurance Regulatory and Development Authority of India.

11. Details of Promoters’ holding in excess of Minimum Promoters’ Contribution locked-in for one year

In addition to the Minimum Promoters’ Contribution which shall be locked in for three years, as specified above, the balance pre-issue Equity Shares held by the Promoters shall be locked-in for a period of one year from the date of allotment of Equity Shares in the Offer pursuant to clause (b) of Regulation 238 of the SEBI (ICDR) Regulations.

12. Other requirements in respect of “lock-in”

Equity Shares locked-in for one year other than Promoters’ Contribution:

In terms of Regulation 239 of the SEBI (ICDR) Regulations, the entire pre-issue Equity Share Capital held by persons other than promoters shall be locked in for a period of one year from the date of allotment of Equity Shares in the Offer.

Inscription or recording of non-transferability:

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, the Equity Shares which are subject to lock-in shall carry inscription ‘**non-transferable**’ along with the duration of specified non-transferable period mentioned in the face of the security certificate. The shares which are in dematerialized form, if any, shall be locked-in by the respective depositories. The details of lock-in of the Equity Shares shall also be provided to the Designated Stock Exchange before the listing of the Equity Shares.

Pledge of locked – in Equity Shares

In term of Regulation 242 of the SEBI (ICDR) Regulations, the Equity Shares held by our Promoters and locked-in, as specified above, may be pledged as a collateral security for loan granted by a scheduled commercial bank or public financial institution or a systemically important non-banking finance company or a housing finance company, subject to the following conditions:

- a) In case of Promoters’ Contribution, the loan has been granted for the purpose of financing one or more of the objects of the Offer and pledge of Equity Shares is one of the terms of sanction of the loan;
- b) In case of Equity Shares held by promoters in excess of Promoters’ Contribution, the pledge of Equity Shares is one of the terms of sanction of the loan.

However, lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the Equity Shares till the lock-in period stipulated has expired.

Transferability of locked-in Equity Shares

In terms of Regulation 243 of the SEBI (ICDR) Regulations and subject to the provisions of Takeover Regulations, as applicable:

- a) The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations may be transferred to another promoter or any person of the promoter group or a new promoter or a person in control of our Company, subject to continuation of lock-in for the remaining period with the transferee and such transferee shall not be eligible to transfer them till the lock-in period as stipulated has expired.
- b) The Equity Shares held by our Promoters and locked-in as per Regulations 239 of the SEBI (ICDR) Regulations may be transferred to any other person (including promoter or promoter group) holding the Equity Shares which are locked-in along with the Equity Shares proposed to be transferred, subject to continuation of lock-in for the remaining period with the transferee and such transferee shall not be eligible to transfer them till the lock-in period as stipulated has expired.

*The amount utilised for general corporate purposes shall not exceed 25% of the Gross Proceeds of the Offer.

The requirement and deployment of funds as indicated above are based on our current business plan, internal management estimates, prevailing market conditions and other commercial and technical factors, including interest rates and other charges, and the financing and other agreements entered into by our Company, and have not been appraised by any bank or financial institution. Given the dynamic nature of our business, we may have to revise our funding requirements and deployment on account of a variety of factors such as our financial condition, business strategy and external factors such as market conditions, competitive environment and interest or exchange rate fluctuations and configuration of the project, increase in input costs of construction materials and labour costs, logistics and transport costs incremental preoperative expenses, taxes and duties, interest and finance charges, engineering procurement and construction costs, working capital margin, regulatory costs, environmental factors and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose, at the discretion of our management, subject to compliance with applicable law. Moreover, if the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the gross proceeds from the Fresh Offer in accordance with the SEBI ICDR Regulations. In case of a shortfall in raising requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations may require us to explore a range of options including utilising our internal accruals, general corporate purposes and seeking additional debt from existing and future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilization of funds

earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Fresh Offer. To the extent our Company is unable to utilise any portion of the Net Proceeds towards the aforementioned objects, per the estimated scheduled of deployment specified above, our Company shall deploy the Net Proceeds in subsequent Fiscals towards the aforementioned Objects.

For further details of factors that may affect these estimates, see Section titled “*Risk Factors*” on page 40 of the Draft Prospectus.

Means of Finance:

The above-mentioned fund requirement will be met from the proceeds of the Offer. We intend to fund the shortfall, if any, from internal accruals and/ or debt. Set forth below are the means of finance for the above-mentioned fund requirement:

(Amount in Rs. In Lakhs)

Sr No	Particulars	Estimated Amount	From IPO Proceeds	Internal Accruals/ Borrowings

3	General Corporate Purposes [#]	[•]	[•]	[•]
4	Offer expenses*	[•]	[•]	[•]
Total Proceeds		[•]	[•]	[•]

**To be finalised upon determination of the Offer Price and updated in the Prospectus prior to filing with the Stock Exchange.*

#The amount for General Corporate Purposes shall not exceed 25% of the Gross Proceeds

The fund requirements for the Objects are based on internal management estimates have not been appraised by any bank or financial institution.

The entire fund requirements are to be funded from the proceeds of the Offer. Accordingly, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI (ICDR) Regulations 2018 through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Offer.

Details of Utilization of Offer Proceeds:

1. Funding incremental working capital requirements of our Company

Our business is working capital intensive. In order to support the incremental business requirements, our Company requires additional working capital for funding its incremental working capital requirements in Fiscal 2025. The funding of the incremental working capital requirements of our Company will lead to a consequent increase in our profitability and achieving the proposed targets as per our business plan.

Justification for “Holding Period” levels:

The justifications for the holding levels mentioned in the table above are provided below:

The table below contains the details of the holding levels (in number of days or relevant matrix as applicable) considered and is derived from the Restated Financial Information for Fiscal 2022, Fiscal 2023 and Fiscal 2024, the projections for Fiscal 2025 and the assumptions based on which the working plan projections has been made and approved by our Board of Directors:

Particulars	Approximate holding period in days			
	31/03/2022	31/03/2023	31/03/2024	31/03/2025
Sundry Debtors Holding period (Days)	76	105	175	106
Inventory Holding Period (Days):	117	120	149	126
- WIP	112	115	149	123
- Finished Goods	5	5	-	3
Sundry Creditor Holding Period (Days)	64	109	178	30

As certified by M/s Agrawal Uma Shankar & Co, Chartered Accountants pursuant to their certificate dated July 24, 2024. (365 days in a year have been considered)

The justifications for the holding levels mentioned in the table above are provided below:

Asset-Current Assets	
Trade Receivables	The historical holding days of trade receivables has been ranging from 76 days to 180 days. Our company generally sales goods on credit to our customers for a credit period of 76 days and 105 days in the FY 2021-22 and 2022-23 which is as per the acceptable business practice in the similar trade. For the financial year ended on March 31, 2024, holding period has increased to 175 days mainly due to increase in revenue from operation in the financial year. The debtors are projected to 106 days for the FY 2024-25. Our management believes that the proposed credit period to our customers is reasonable for our business operations.
Inventories	WIP: The WIP holding period is maintained in the range of 110 days to 150 days which meets the requirements of business activities projected for the fiscals 2025. For FY 2021-22 and 2022-23, WIP inventory level has been maintained at 112 days and 115 days respectively. For the financial year ended on March 31, 2024, WIP holding period has increased to 149 days Further, our WIP holding levels is estimated to 123 days in the FY 2024-25.
	Finished Goods: The Finished Goods holding period is maintained in the range of 3 days to 10 days. In the FY 2021-22 and 2022-23, our Company maintained finished goods inventory levels for 5 days and 5 days respectively. All the products manufactured by our Company are based on orders placed by the customers and the finished goods are dispatched as and when they are packed. For the financial year ended on March 31, 2024, holding period has decrease to 0 days, because all the products are dispatched to respective costumers after production. However, we estimate finished goods inventory days to 3 days in FY 2024-25.
Liabilities-Current Liabilities	
Trade Payables	Past trend of trade payable holding days has been in the range of 30 days to 190 days approximately. Company's trade payables predominantly comprise of payables towards purchase of raw materials, work in process materials and finished goods. The trade payable days were approximately 64 days and 109 days of purchases for FY 2021-22 and 2022-23, respectively. For the financial year ended on March 31, 2024, holding period has increased to 178 days. The days payable outstanding has been estimated at 30 days in FY 2024-25. Our Company has proposed to utilise a part of the fresh issue proceeds towards working capital requirements which will lead to payment to creditors and slight reduction in the outstanding days payable. Hence, trade payables days are estimated at slightly lower levels which will enable our Company to get better terms from our vendors.

As certified by M/s Agrawal Uma Shankar & Co, Chartered Accountants pursuant to their certificate dated July 24, 2024.

Justification for increase working capital requirement in FY 2025 compared to FY 2024.

Working Capital requirement for the Financial Year 2025 will be ₹ 2,147.30 lakhs as per projected financials in comparison to ₹ 957.20 lakhs in Financial Year 2024 on restated basis. Such increased amounts are majorly due to increase in inventory and decrease in trade receivables and trade payables. Our Company has proposed to utilise a part of the fresh issue proceeds towards working capital requirements during the financial year 2025, which will lead to payment to creditors and reduction in the outstanding days payable. Hence, trade payables days are estimated at lower levels which will enable our Company to get better terms from our vendors. Accordingly, our estimated trade payables will be Rs 271.69 lakhs in FY 2024-25 from Rs 930.17 lakhs in FY 2023-24 which will further reduce creditor days from 178 days in FY 2023-24 to 30 days in FY 2024-25. Our company's turnover in Financial Year 2025 are projected to be increased. Therefore, we are required to maintain higher inventory levels to ensure uninterrupted execution of Projects but we aim to manufacture products as and when customer demand arises. Our inventory (WIP and Finished Goods) which was ₹ 800.09 lakhs in Financial Year 2024 projected to be increased to Rs 1,151.87 lakhs in Financial Year 2025 only,

decreasing our inventory holding period from 149 days in FY23-24 to 126 days in FY 2024-25. Our Trade Receivable cycle for Financial Year 2025 is expected to be 106 Days from 175 days in FY 2024 with trade receivables declining from Rs 1,254.61 lakhs in FY 2023-24 to Rs 1,251.21 lakhs in FY 2024-25. Hence, the working capital requirement increases in Financial Year 2025 estimation as compared to Financial Year 2024.

Justification for increased working capital in FY 2023-24 compared to FY 2023.

Our Company is manufacturing and trading of electrical control panel by providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety. We undertake manufacturing and supply of finished products and intermediate-stage products for our customers depending upon the Requirement / Specification & Standards.

Our company is required to maintain sufficient level of inventory in the form of raw material, Work in Process, stores & Spares and Finished Goods to ensure no supply chain disruption impacting our projects and manufacturing process. Moreover, our amount involved in trade receivables are also significant. Additionally, our company is also required to make payments to our vendors in advances for purchase of raw materials and other consumables for availing price discounts and ensure price fluctuation. In order to execute Projects our company is required to invest significant amount in working capital. For further details related to business operations of our company please refer to chapter titled as “Our Business” on page no. 154 of this Draft Prospectus.

The increase in our working capital requirement was driven by the growth of our business, resulting in higher sales. For FY23-24, our company achieved sales of ₹2,622.48 Lakh, compared to ₹2,072.40 lakhs in the previous financial year ending March 31, 2023. Our sales increased this year due to strong marketing strategies towards B2B sales. Our sales have long collection period, resulting in an increase in trade receivables, which amounted to ₹1,254.61 lakhs for FY23-24. Due to increase in sales we are required to maintained our higher inventory level for production and hence, our inventory also increased to ₹800.09 lakhs in FY23-24 compared to ₹578.42 lakhs in the previous financial year ending March 31, 2023. As a result of high inventory and high production, our trade payables also increased from Rs 489.07 lakhs in FY22-23 to Rs 930.17 lakhs in FY23-24. The above changes have led to increase in our working capital requirement for FY23-24.

Justification for increase working capital requirement in FY 2023 compared to FY 2022.

Our Company was engaged in the manufacturing Electrical Control Panels since 2009. Our Company specializes in providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety. Our Company is a growing Integrated Electrical and Automation solution provider dealing in comprehensive electrical solutions across industries with significant presence in multiple Industry segments. Our products are supplied to industry players through a business-to-business (B2B) model. Efficient production processes and supply chain management are critical for the seamless production of electrical control panels, ensuring quality, timely delivery, and cost-effectiveness. Our Inventory was Rs. 578.42 lakhs as on March 2023 which is due to the increase in turnover in Financial Year 2023 compared to Financial Year 2022. Due to our past business model, the operational cycle tends to be shorter, leading to faster conversion of credit sales into cash. The same is evidenced by our trade receivable cycle which is increased from 76 days in Financial Year 2022 to 105 days in Financial Year 2023. As our business has enhanced its production cycle, we require to maintain inventory levels to ensure uninterrupted execution of our projects. As a result, inventory (WIP and Finished Goods) which was ₹462.72 lakhs in Financial Year 2022 increased to ₹578.42 lakhs in Financial Year 2023 while Trade Receivables increased from ₹ 336.72 lakhs to ₹597.90 lakhs, showing increase of ₹ 261.18 lakhs. This can help to reduce our raw material costs and improve profit margins. To summarize, the working capital requirement increases compared to Financial Year 2022 due to increase in production and revenue in Financial Year 2023.

2. Prepayment or repayment of all or a portion of certain secured and unsecured loans availed by our Company

Our Company has entered into various financing arrangements from time to time, with various lenders. The financing arrangements availed by our Company include, *inter alia*, secured and unsecured loans, term loans and working capital facilities. For further details, please refer Chapter titled “*Financial Indebtedness*” on page 306.

As at March 31, 2024, our total outstanding secured and unsecured borrowings amounted to ₹ 937.67 lakhs. Our Company proposes to utilise an estimated amount of up to ₹ 441.27 lakhs from the Net Proceeds towards pre- payment or scheduled repayment of all or a portion of certain secured and unsecured loans availed by our Company.

We believe that the pre-payment or scheduled repayment will help reduce our existing borrowings, assist us in maintaining a favourable debt-equity ratio and enable utilisation of our internal accruals for further investment in business growth and expansion.

The following table provides details of loans and facilities as at July 10, 2024 which are proposed to be pre-paid or partly or fully repaid by our Company from the Net Proceeds:

As certified by M/s Agrawal Uma Shankar & Co, Chartered Accountants pursuant to their certificate dated July 24, 2024.

In accordance with Clause 9(A)(2)(b) of Part A of Schedule VI of the SEBI (ICDR) Regulations which requires a certificate from the statutory auditor certifying the utilization of loan for the purposed availed, our Company has obtained the requisite certificate dated July 24, 2024 for the loans to be prepaid by our Company.

For further details in relation to our borrowings, please see Chapter titled **“Financial Indebtedness”** on page no. 306 of the Draft Prospectus.

Payment of additional interest, prepayment penalty or premium, if any, and other related costs shall be made by us out of the internal accruals or out of the Net Proceeds as may be decided by our Company. Given the nature of the above-mentioned borrowings and the terms of repayment, the aggregate outstanding borrowing amounts which we propose to repay may vary from time to time. In light of the above, if at the time of filing this Draft Prospectus or after that date, any of the above – mentioned loans or facilities may be repaid in part or full or refinanced and our Company may also avail additional borrowings and/or draw down further funds under existing loans from time to time. However, the aggregate amount to be utilized from the Net Proceeds towards prepayment or repayment of borrowings (including refinanced or additional facilities availed, if any), in part or full, will not exceed ₹ 441.27 Lakhs. Accordingly, the table above shall be suitably revised to reflect the revised amounts or loans as the case may be which have been availed by our Company.

In addition to the above, we may, from time to time, enter into further financing arrangements and draw down funds thereunder. In such cases or in case any of the above loans are prepaid, repaid, redeemed (earlier or scheduled), refinanced or further drawn down prior to the completion of the Issue, we may utilize Net Proceeds towards prepayment and/or repayment of such additional indebtedness availed by us, details of which shall be updated in the Prospectus prior to filing with the RoC and Stock Exchange.

3. General Corporate Purposes

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the balance Fresh Offer proceeds aggregating Rs. [●] Lakhs towards the general corporate purposes to drive our business growth. Appraisal

None of the Objects have been appraised by any bank or financial institution or any other independent third-party organization and the fund requirements for the Objects are based on the internal management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including variations in interest rate structures, changes in our financial condition and current commercial conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and/or secured/unsecured Loans.

Bridge Financing Facilities

Our Company has not raised any bridge loans from any banks or financial institution as on the date of this Draft Prospectus, which are proposed to be repaid from the Net Proceeds. However, depending upon business requirements, our Company may consider raising bridge financing facilities including by way of any other short-term instrument like non-convertible debentures, commercial papers, etc., pending receipt of the Net Proceeds.

Monitoring of Utilization of Funds

There is no requirement for a monitoring agency as the size of the Issue is less than ₹ 10,00,000.00 Lakhs. Our Board and Audit Committee shall monitor the utilization of the Net Proceeds. Our Company will disclose the utilization of the Net Proceeds, including interim use, under a separate head in our balance sheet along with the relevant details, for all such amounts that have not been utilized. Our Company will also indicate investments, if any, of the unutilized Net Proceeds in the balance sheet of our Company for the relevant Financial Years subsequent to receipt of listing and trading approvals from the Stock Exchange.

Pursuant to the Listing Regulations, our Company shall on a half yearly basis disclose to the Audit Committee, the uses and applications of the Net Proceeds. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Draft Prospectus and place it before the Audit Committee. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement will be certified by the statutory auditors of our Company.

Further, in accordance with the Listing Regulations, our Company shall furnish to the Stock Exchange, a statement indicating (i) material deviations, if any, in the utilisation of the Net Proceeds from the Objects as stated above; and (ii) details of category wise variations in the utilisation of the Net Proceeds from the Objects as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results after placing the same before the Audit Committee. In the event of any deviation in the use of Net Proceeds from the Objects, as stated above, our Company shall intimate the same to the Stock Exchange without delay.

Interim Use of Net Proceeds

The Proceeds of the Offer pending utilisation for the purposes stated in this section shall be deposited only in scheduled commercial banks included in the Second Schedule of Reserve Bank of India Act, 1934. In accordance with Section 27 of the Companies Act, 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

Variation in Objects

In accordance with Section 13(8) and 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the objects of the Offer without our Company being authorized to do so by the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act and shall be published in accordance with the Companies Act and the rules there under. As per the current provisions of the Companies Act, our Promoters or controlling Shareholders would be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard. For further details see Section titled, "***Risk Factors - 'The Objects of the Offer for which funds are being raised have not been appraised by any bank or financial institution'***" beginning on page 57 of this Draft Prospectus. Within the parameters as mentioned in the chapter titled "***Objects of the Offer'***" beginning on Page 109 of this Draft Prospectus, our Company's management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.

Other confirmations

No part of the Net Proceeds will be paid to our Promoter, Promoter Group, Directors, our Group Company or our Key Managerial Personnel, in relation to the utilization of the Net Proceeds and in the ordinary course of business. Our Company has not entered into nor has planned to enter into any arrangement/ agreements with our Directors, our Key Management Personnel, or our Group Company in relation to the utilization of the Net Proceeds.

BASIS OF OFFER PRICE

Investors should read the following summary with the section titled “**Risk Factors**”, the details about our Company under the section titled “**Our Business**” and its financial statements under the section titled “**Financial Information**” beginning on page 40, 154 and 249 respectively of the Draft Prospectus, to have an informed view before making any investment decision.

The Offer Price will be determined by our Company, in consultation with the LM on the basis of assessment of market demand for the Equity Shares offered in the Offer through Fixed Price Issue Process and on the basis of the qualitative and quantitative factors as described below.

The face value of the Equity Shares is ₹10 each and the Offer Price is [●] times the face value of the offer Price.

Qualitative Factors

Some of the qualitative factors and our strengths which form the basis for computing the Offer Price are:

- Experienced Management Team and Robust In-House Technical Expertise;
- Tailoring or Customization of Products to Meet Unique Customer Needs;
- Best practices for Efficient Production Process and Supply Chain Management;
- Location advantage and Competitive Price;
- Nurturing a Strong Brand Reputation;
- Quality Control and Safety Commitment;
- Well Strategized Growth Plan;

For a detailed discussion on the qualitative factors which form the basis for computing the price, see Chapter titled “**Our Business – Our Competitive Strengths**” on page 157 of this Draft Prospectus.

Quantitative factors

Some of the information presented in this section relating to our Company is derived from the Restated Financial Statements. For details, see Section titled “**Financial Information – Restated Financial Statements**” beginning on page 249 of this Draft Prospectus.

Some of the quantitative factors, which may form the basis for computing the Offer Price, are as follows:

GLOBAL ECONOMIC OVERVIEW

Global growth is projected to stabilize at 2.6 percent this year, holding steady for the first time in three years despite flaring geopolitical tensions and high interest rates. It is then expected to edge up to 2.7 percent in 2025-26 amid modest growth in trade and investment. Global inflation is projected to moderate—but at a slower clip than previously assumed, averaging 3.5 percent this year. Given continued inflationary pressures, central banks in both advanced economies and emerging market and developing economies (EMDEs) will likely remain cautious in easing monetary policy. As such, average benchmark policy interest rates over the next few years are expected to remain about double the 2000-19 average.

Global growth over the forecast horizon is expected to be nearly half a percentage point below its 2010-19 average pace. In 2024-25, growth is set to underperform its 2010s average in nearly 60 percent of economies, representing more than 80 percent of global population and world output. EMDE growth is forecast to moderate from 4.2 percent in 2023 to 4 percent in both 2024 and 2025. Prospects remain especially lackluster in many vulnerable economies—over half of economies facing fragile- and conflict-affected situations will still be poorer by the end of this year than on the eve of the pandemic.

Global risks remain tilted to the downside despite the possibility of some upside surprises. Escalating geopolitical tensions could lead to volatile commodity prices, while further trade fragmentation risks additional disruptions to trade networks. Already, trade policy uncertainty has reached exceptionally high levels compared to other years that have featured major elections around the world since 2000. The persistence of inflation could lead to delays in monetary easing. A higher-for-longer path for interest rates would dampen global activity. Some major economies could grow more slowly than currently anticipated due to a range of domestic challenges. Additional natural disasters related to climate change could also hinder activity. On the upside, global inflation could moderate more quickly than assumed in the baseline, enabling faster monetary policy easing. In addition, growth in the United States could be stronger than expected.

At the national level, persistent inflation risks underscore the need for EMDE monetary policies to remain focused on price stability. High debt and elevated debt-servicing costs will require policy makers to seek ways to sustainably boost investment while ensuring fiscal sustainability. To meet development goals and bolster long-term growth, structural policies are needed to raise productivity growth, improve the efficiency of public investment, build human capital, and close gender gaps in the labor market.

Growth is projected to soften in most EMDE regions in 2024. In East Asia and Pacific, the expected slowdown this year mainly reflects moderating growth in China. Growth in Europe and Central Asia, Latin America and the Caribbean, and South Asia is also set to decelerate amid a slowdown in their largest economies. In contrast, growth is projected to pick up this year in the Middle East and North Africa and Sub-Saharan Africa, albeit less robustly than previously forecast.

To maximize the impact of public investment, EMDEs should undertake wide-ranging policy reforms to improve public investment efficiency— by, among other things, strengthening governance and fiscal administration—and create fiscal space through revenue and expenditure measures. The global community can play an important

role in facilitating these reforms—particularly in lower-income developing countries—through financial support and technical assistance.

Aggregate commodity prices have increased since late last year. Amid fluctuations, average oil prices are expected to be slightly higher in 2024 than in 2023, underpinned by a tight demand-supply balance in a context of continued geopolitical tensions. Nonetheless, average energy prices are projected to be marginally lower this year than last—reflecting notable declines in prices for natural gas and coal—while remaining well above pre-pandemic levels. Metals prices are expected to be little changed over the forecast horizon, as demand related to metals-intensive clean energy investments and a broader pickup in global industrial activity attenuate the impact on commodity demand of declining real estate activity in China. Well-supplied markets for grains and other agricultural commodities should see edible food crop prices decline modestly.

The global economy is stabilizing, following several years of overlapping negative shocks. Despite elevated financing costs and heightened geopolitical tensions, global activity firmed in early 2024. Global growth is envisaged to reach a slightly faster pace this year than previously expected, due mainly to the continued solid expansion of the U.S. economy. However, the extent of expected declines in global interest rates has moderated amid lingering inflation pressures in key economies. By historical standards, the global outlook remains subdued: both advanced economies and emerging market and developing economies (EMDEs) are set to grow at a slower pace over 2024-26 than in the decade preceding the pandemic (Figure 1.1.A).

Inflation continues to wane globally, making progress toward central bank targets in advanced economies and EMDEs, but at a slower pace than previously expected. Core inflation has remained stubbornly high in many economies, supported by rapid growth of services prices. Over the remainder of 2024, continued tight monetary policy stances and slowing wage increases should help reduce inflation further. By the end of 2026, global inflation is expected to settle at an average rate of 2.8 percent, broadly consistent with central bank targets (Figure 1.1.B).

Figure 1.1.A.

A. Contributions to global growth

Figure 1.1.B.

B. Global consumer price inflation

The anticipated extent of monetary easing in advanced economies this year has diminished substantially since late 2023—by more than a percentage point in the case of the United States. Expected policy rate paths diverge across major economies, as the European Central Bank proceeds with policy easing while the U.S. Federal Reserve keeps rates on hold for longer. Indeed, aside from short-term fluctuations, market expectations for the path of U.S. interest rates have repeatedly moved higher since 2022 (Figure 1.1.C). Despite this market reassessment, global financial conditions have eased this year, reflecting solid risk appetite following last year’s progress on disinflation and diminished concerns about the possibility of a sharp slowdown in global growth. In particular, global equity markets have made sizable gains.

EMDE financial conditions similarly became more accommodative early this year, aided by declining domestic policy rates, improving global sentiment, and expected easing of advanced economy monetary conditions. EMDE conditions turned somewhat less accommodative in the second quarter, as a strengthening of the U.S. dollar—prompted by geopolitical tensions and firm inflation data in the United States—coincided with a bout

of capital outflows. Although market perceptions of sovereign credit risk have generally eased this year, EMDE borrowing costs continue to be high, and marked divergences persist. Indeed, credit ratings and debt sustainability analyses indicate that about 40 percent of EMDEs remain acutely vulnerable to debt-related stress (Figure 1.1.D).

Figure 1.1.C.

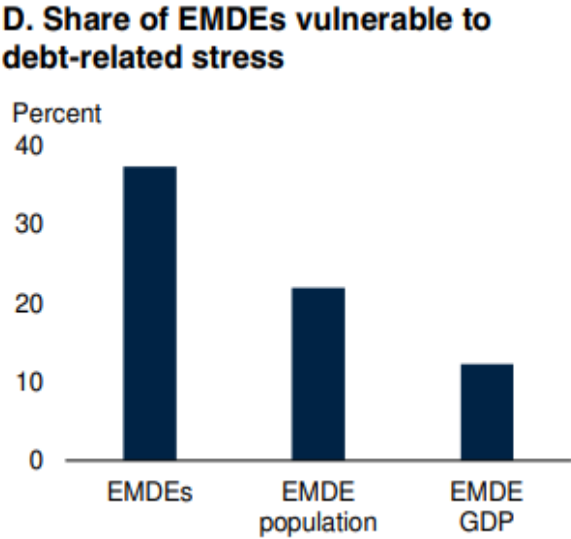

Figure 1.1.D.

Across the forecast horizon, global growth remains lackluster by recent historical standards, at about 0.4 percentage point below the 2010-19 average. In 2024-25, growth is set to underperform its average pace in the 2010s in nearly 60 percent of economies, representing more than 80 percent of global output and population (Figure 1.1.E). The subdued outlook—despite the anticipated moderation of various cyclical headwinds—underscores a secular deceleration of potential growth in many large economies. Relative to pre-pandemic norms, growth has weakened notably in countries that experienced high rates of inflation, much of which emanated from shocks to supply chains and commodity prices. Yet this trend is set to continue in the coming years, suggesting potentially enduring supply-side weakness.

GDP per capita in EMDEs is forecast to grow at about 3 percent on average over 2024-26, well below the average in 2010-19. Excluding China, EMDE per capita GDP growth is forecast to be lower still, averaging 2.5 percent over 2024-26. Some large EMDEs, such as India, are expected to see continued solid per capita growth. Yet the trend of the 2020s so far is one of uneven and limited progress. Nearly half of EMDEs are set to lose ground relative to advanced economies when viewed over the 2020-24 period (Figure 1.1.F). Although this trend is expected to improve somewhat over 2025-26 in EMDEs as a whole, per capita growth is set to remain stagnant in many LICs and FCS.

GLOBAL RISKS AND POLICY CHALLENGES

Risks to the outlook are somewhat more balanced but remain skewed to the downside. Pronounced trade policy uncertainty—already at its highest level compared with other years of major elections since 2000—could portend further trade restrictions and weigh on global trade. Advanced economy interest rates are expected to remain well above 2000-19 average levels and could turn out higher still if inflationary pressures persist, substantially slowing global growth. Conflict-related oil supply disruptions could raise oil prices, dampen economic activity,

and undermine the disinflation process. EMDE fiscal policy makers confront exacting trade-offs, given elevated borrowing costs and large financing needs. Improving public investment efficiency in EMDEs is crucial, especially given constrained fiscal space.

Weaker-than-expected growth in China—triggered, for instance, by a more prolonged and deeper property sector downturn—could have notable negative spillovers, particularly for EMDE commodity exporters. Severe climate-change related natural disasters could result in considerable losses in lives, livelihoods, and output. Such events could also cause spikes in food prices, stalling or even reversing the decline in global inflation and exacerbating food insecurity. These downside risks, should they materialize, would likely hit the poorest and most vulnerable EMDEs hardest.

On the upside, global disinflation could proceed at a faster pace than currently envisioned, aided by stronger productivity growth. This could be driven by the rapid adoption of new technologies, enabling advanced economies to extend recent gains and EMDEs to recoup post-pandemic productivity losses. Other possible triggers for lower inflation might include improvements in supply chains and greater declines in commodity prices than currently projected. Faster global disinflation would allow central banks to lower policy rates more than assumed. Global activity would likely strengthen as a result of both stronger productivity and lower policy rates, reflecting easier financial conditions, higher real incomes, and improved sentiment. In addition, EMDEs could benefit from firming capital inflows. Another upside risk is that U.S. growth could be higher than expected on account of continued strong labor supply dynamics, underpinned by rising labor force participation and elevated absorption of working-age migrants.

By late last year, most EMDE central banks were holding policy rates steady or lowering them, as inflation declined. However, in many EMDEs, bringing inflation durably to target will require a moderation of persistent service-sector price pressures. In this context, EMDE central banks can help anchor inflation expectations by communicating a steadfast focus on price stability and willingness to pause easing if necessary. Given reduced expectations for policy rate cuts by major advanced-economy central banks, continued monetary easing in EMDEs may further narrow interest rate differentials relative to advanced economies, potentially leading to increased financial market volatility. As such, confined interventions to manage capital flows and currency volatility could become appropriate in limited circumstances. In addition, close supervision of bank credit quality and capital levels, complemented by macroprudential policies, can help strengthen the resilience of EMDE financial sectors.

GLOBAL TRADE

Global trade in goods and services was nearly flat in 2023—the weakest performance outside of global recessions in the past 50 years. Amid a sharp slowdown in global industrial production, the volume of goods trade contracted for most of 2023 and fell by 1.9 percent for the year as a whole. The evolution of goods trade diverged across regions, with volumes declining in advanced economies, especially in Europe, and stagnating in EMDEs as expansions in China and Europe and Central Asia (ECA) offset contractions in Latin America and the Caribbean (LAC), Sub-Saharan Africa (SSA), and Middle East and North Africa (MNA).

The value of global services trade grew about 9 percent in 2023, driven primarily by a recovery in tourism flows—exports of travel services surged by about 38 percent (WTO 2024). However, the pace of expansion in tourism was substantially below that in 2022, with recent data indicating tourism activity in line with pre-pandemic levels, suggesting a near-full recovery in most regions. Stabilization in services trade is reflected in the steadying of the global services PMI for new export orders, which has remained closer to neutral thresholds compared to last year.

Global trade growth is projected to pick up to 2.5 percent this year, a significant improvement from last year but well below the average rates observed in the two decades preceding the pandemic. The forecast entails a pickup in goods trade growth after a sluggish start to the year, supported by a rebound in global goods demand as inventory restocking resumes in the United States and the euro area, and as demand from China stabilizes. Meanwhile, services trade growth is expected to stabilize near its pre-pandemic pace. In 2025, trade growth is expected to firm to 3.4 percent, in tandem with a pickup in growth in the euro area and EMDEs excluding China, and remain steady in 2026.

The trade outlook is subject to various downside risks, including weaker-than-anticipated global demand, escalating geopolitical tensions, and further disruptions in maritime transport. Moreover, with elections taking place in many countries this year, heightened trade policy-related uncertainty and the potential for more inward-looking policies could weigh on trade prospects and economic activity.

GLOBAL INFLATION

Global inflation has continued to decline, yet it remains above target in most advanced economies and in about one-fourth of inflation-targeting EMDEs. The initial phase of disinflation after the pandemic was underpinned by falling energy prices as well as waning supply chain pressures. Recently, the pace of consumer price disinflation has slowed, reflecting a partial rebound in energy prices, along with a notable slowdown in the rate of decline in core inflation.

In advanced economies, disinflation in consumer goods prices appears to have bottomed out, while inflation in consumer services remains elevated. In the United States, resilient economic activity, alongside rapid increases in the cost of shelter, has given rise to persistently high services and, more broadly, core inflation over the past few months. To some extent, the strength of U.S. productivity growth has mitigated these trends, likely lessening

the inflationary effects of rising wages. In contrast, subdued productivity in the euro area has driven economy-wide labor costs higher, underpinning elevated core and services inflation, despite anemic euro area demand.

GLOBAL SMART ELECTRIC PANEL OVERVIEW

The Smart Electrical Panels Market size was valued at USD 5.8 Billion in 2022 and is anticipated to reach USD 10.3 Billion by 2032 at a CAGR of 6.1% during the forecast period 2023-2032.

Smart electrical panels have advanced due to the adoption of SMART technologies and grid digitization. Notable developments include motion sensors, data analytics for energy management, and improved energy usage. This has prompted manufacturers to create sophisticated products with rich features.

Energy sustainability and compliance are important considerations for homeowners, and smart electrical panels have become essential to home automation. These panels can be integrated with smart home systems, enabling

users to conveniently control various aspects of their home, including lighting, heating, and security, from a centralized interface.

Electrical panels monitor energy use and costs, helping homeowners regulate energy consumption. The shift to renewable energy sources, such as solar, is driven by cost savings and sustainability. Smart grids facilitate effective energy distribution.

Smart Electrical Panels Market Report Highlights:

- The global smart electrical panels market growth is anticipated at a CAGR of 6.1% by 2032.
- Smart electrical panels are crucial to home automation, integrating with smart home systems to control lighting, heating, and security. They monitor energy use and costs, helping homeowners regulate consumption. Smart grids facilitate effective energy distribution, driving the shift to renewable energy sources for cost savings and sustainability.
- The European electric control panel market is expected to dominate with USD 2,046.4 million in revenue in 2022. This growth is due to increased demand for electricity and electric vehicles.
- Some prominent players in the smart electrical panels market report include Leviton Manufacturing Co. Ltd., ABB Ltd., Central, Bectrol, Eaton, RITTAL GMBH & CO. KG, Schneider Electric SE, Rockwell Automation Inc., Siemens AG, SIMON PROtec, and others.

Industry Trends and Insights:

- ABB will provide Volvo Cars with more than 1,300 advanced robots to produce their upcoming electric vehicles as part of a major contract for high-end robotic automation solutions.
- Leviton and SPIE have signed a new three-year agreement, marking 20 years of collaboration. They provide hospitals, schools, and government buildings with network infrastructure and installations.

GLOBAL LOW VOLTAGE & MEDIUM VOLTAGE DISTRIBUTION PANEL MARKET

Low Voltage Distribution Panel Market was valued at USD 1.3 billion in 2022 and is anticipated to record 6.5% CAGR from 2023 to 2032, owing to the increasing emphasis on renewable energy sources like solar and wind power is propelling the demand for low voltage distribution panels to efficiently manage and distribute this decentralized energy. The shift towards renewables is poised to substantially bolster the market, as the escalating adoption of sustainable energy sources necessitates more advanced and adaptable distribution infrastructure to effectively manage and channel this evolving energy landscape.

Rising need for upgrading and modernizing existing infrastructure, especially in developing regions, fuels the market as industries and utilities seek more efficient and reliable power distribution systems. Furthermore, the advent of smart grid technology and the integration of IoT-enabled devices are driving the demand for advanced low voltage distribution panels that offer enhanced monitoring, control, and automation capabilities, catering to the growing requirements for energy-efficient solutions in commercial, residential, and industrial settings.

Rising need for upgrading and modernizing existing infrastructure, especially in developing regions, fuels the market as industries and utilities seek more efficient and reliable power distribution systems. Furthermore, the advent of smart grid technology and the integration of IoT-enabled devices are driving the demand for advanced low voltage distribution panels that offer enhanced monitoring, control, and automation capabilities, catering to the growing requirements for energy-efficient solutions in commercial, residential, and industrial settings.

What are the growth opportunities in this market?

COVID-19 Impact

The COVID-19 pandemic initially disrupted the low voltage distribution panel market, causing supply chain interruptions and project delays due to lockdowns. However, as industries adapted to remote work and construction resumed, demand for efficient energy distribution solutions increased. The pandemic accelerated trends toward smart infrastructure and sustainable energy, driving innovation and investment in low voltage distribution panels for resilient and adaptable power management systems.

Low Voltage Distribution Panel Market Trends

Several notable trends are shaping the low voltage distribution panel industry, owing to the rising demand for smart and connected panels equipped with IoT capabilities, allowing remote monitoring, predictive maintenance, and enhanced energy efficiency. The push towards renewable energy sources like solar and wind power is propelling the need for panels that can integrate these sources seamlessly into existing grids. The market is witnessing a shift towards modular and customizable panels that offer flexibility, scalability, and easier installation, catering to diverse industrial, commercial, and residential applications. Moreover, there's a notable emphasis on safety and compliance with stringent regulations, driving the development of panels.

Low Voltage Distribution Panel Market Share

Siemens has emerged as a dominant force in the low voltage distribution panel industry, commanding a substantial market share. Its stronghold is attributed to a comprehensive product lineup, continual technological advancements, and a global footprint. Renowned for its deep expertise in electrical distribution, especially within the low voltage realm, Siemens has established itself as an industry frontrunner. The company's unwavering commitment to research and development, showcasing cutting-edge features like smart grid integration and digitalization, resonates with industries and utilities seeking progressive distribution solutions. Its expansive presence across diverse global markets and a track record for delivering top-notch quality and innovation are pivotal in propelling Siemens' growth within the competitive landscape of the low voltage distribution panel industry.

Some of the key market players operating across the low voltage distribution panel industry are:

- Eaton
- Legrand
- Schneider Electric
- Siemens
- ABB
- General Electric
- Larsen & Toubro Limited
- NHP
- INDUSTRIAL ELECTRIC MFG
- ESL POWER SYSTEMS, INC.
- Hager Group
- Ags
- Meba Electric Co., Ltd
- Norelco
- EAMFCO
- alfanar Group

Low Voltage Distribution Panel Industry News

In May 2023, Schneider Electric launched FlexSet, the innovative low-voltage switchboard in Canada, which marks a significant step in advancing electrical distribution solutions. This state-of-the-art switchboard offers unparalleled flexibility, customization, and ease of installation, addressing diverse energy distribution needs across various sectors. With its modular design and cutting-edge features, FlexSet not only promises enhanced operational efficiency but also signifies Schneider Electric's commitment to delivering adaptable and future-ready solutions in the Canadian market.

Medium Voltage Distribution Panel Market Size

Medium Voltage Distribution Panel Market was valued at USD 5.3 billion in 2022 and is projected to expand at over 5% CAGR from 2023 to 2032, propelled by the increasing urbanization and industrialization globally are fueling the demand for reliable and efficient power distribution systems. Additionally, the escalating adoption of renewable energy sources, such as solar and wind power, necessitates robust distribution infrastructure, boosting the market growth. According to the International Energy Agency (IEA), the global investment in clean energy has surpassed USD 1.7 trillion in 2023 and is predicted to continue rising due to increasingly stringent emission regulations enforced by various nations.

Medium Voltage Distribution Panel Market Trends

The shift towards smart and digital solutions is prominent, leveraging technologies like IoT and data analytics for real-time monitoring, predictive maintenance, and improved efficiency. Increasing emphasis on sustainability and renewable energy integration is driving the demand for panels capable of accommodating diverse power sources, aligning with global efforts to reduce carbon footprints. Modular designs and advancements in compact, space-saving panels are gaining traction, catering to evolving installation needs and offering scalability. Additionally, there's a growing focus on enhancing safety features and reliability standards, ensuring robust performance and compliance in diverse industrial, commercial, and utility settings.

The commercial distribution panel market is forecasted to achieve 5.5% CAGR through 2032. Increased infrastructure spending in response to escalating electricity demands in developing regions is anticipated to fuel demand for distribution panels in the commercial sector. The rise in new commercial projects underscores the necessity for efficient electrical distribution systems, enhancing market penetration. Stricter government regulations favouring reliable and efficient electrical infrastructure will bolster a positive business landscape. The burgeoning demand for electricity, especially to support data centers' operations, will further stimulate market growth.

Asia Pacific medium voltage distribution panel market is poised to attain about 5.5% CAGR from 2023 to 2032. Rapid urbanization, industrialization, and infrastructural developments in countries like China, India, and Southeast Asian nations are driving increased electricity demand. The expansion of renewable energy sources, coupled with government initiatives promoting clean energy adoption, is further fueling the market. Additionally, investments in upgrading aging electrical infrastructure to accommodate smart grid technologies and the increasing focus on reliable power distribution solutions for industries and urban developments are significant drivers. The region's burgeoning industrial sector, especially in manufacturing and IT, is propelling the demand for medium voltage distribution panels.

Medium Voltage Distribution Panel Market Share

Among the listed companies, Siemens holds a substantial market share in the medium voltage distribution panel industry. Siemens' dominance stems from its extensive product portfolio, technological innovation, and global presence. The company's long-standing expertise in electrical distribution solutions, particularly in the medium voltage segment, has positioned it as a market leader. Siemens' focus on research and development, offering advanced features like smart grid integration and digitalization, has garnered trust among industries and utilities seeking reliable and future-ready distribution solutions. Its widespread reach across diverse geographical markets and a reputation for quality and innovation contribute significantly to maintaining its formidable market share in the medium voltage distribution panel industry.

Medium Voltage Distribution Panel Industry News

In April 2023, Siemens announced that its joint venture with Rail Vikas Nigam Limited secured a bid for electrifying Mumbai Metro Line 2B, connecting DN Nagar to Mandale. The contract involves designing, manufacturing, supplying, testing, installing, and commissioning two 110 kV receiving substations, including 25 kV, 33 kV, and 110 kV cabling. It encompasses a comprehensive 25 kV overhead catenary system and a 33 kV auxiliary power distribution system, comprising substations, switching stations, and a complete SCADA system for the main line and depot. This project will significantly enhance Mumbai's Metro Line electrification network, providing improved transportation across the city.

INTERNET OF THINGS GLOBAL MARKET ANALYSIS

The global Internet of Things (IoT) market size was valued at USD 595.73 billion in 2023 and is projected to grow from USD 714.48 billion in 2024 to USD 4,062.34 billion by 2032, exhibiting a CAGR of 24.3% during the forecast period (2024-2032). North America accounted for a market value of USD 195.48 billion in 2023. The Internet of Things refers to the network of physical objects that are inserted with software, sensors, and other mechanisms for exchanging and connecting data with other systems and devices over the Internet.

The Internet of Things technology operates as a global infrastructure for the information society, empowering modernized services to connect and communicate things based on prevailing and evolving communication mechanisms. Also, it delivers interoperable data and the capability to communicate self-sufficiently without human intervention.

IMPACT OF GENERATIVE AI

With the rising importance of IoT applications, the necessity to analyze and process huge amounts of data also increases. Generative AI involves the usage of machine learning mechanisms to generate new data and, thus, has emerged as an encouraging technology that can help resolve various challenges.

Generative AI can be implemented in Internet of Things solutions to enhance projecting maintenance. IoT sensors can collect massive amounts of data regarding machine health and performance that can be used to train generative AI models to generate synthetic data for upkeep predictive analysis. Other prominent applications of generative AI include anomaly detection, synthetic data modeling, fraud detection, personalized recommendations and customizations, energy optimization, and many more. Such applications of generative AI, along with IoT, can be used across different industries, such as manufacturing, automotive, healthcare, and others.

INTERNET OF THINGS (IOT) MARKET TRENDS

Internet-linked devices collect an enormous amount of information and data for processing. However, the internet of things standard security access increases numerous privacy and security complications. The blockchain-based architecture provides linked devices with minimal and decentralized security solutions.

Moving freight is a complex process comprising several parties with variable priorities in freight transportation applications. An IoT-driven blockchain can record the arrival times, the status of shipping containers, temperatures, and position when in a movable state.

Similarly, in the component tracking and compliance application, the Internet of Things data kept in shared blockchain ledgers permits all parties to track component provenance throughout the product life cycle. Hence, the technology is being used across different sectors.

North America Internet of Things (IoT) Market Size, 2019-2032 (USD Billion)

INTERNET OF THINGS (IOT) MARKET GROWTH FACTORS

With rising population and urbanization, several countries globally are introducing smart city projects and implementing smart city solutions to accomplish resources. Connected devices, such as sensors, smart meters, and smart lights, help advance the functions and proficiency of set-up and related services.

The rising number of smart homes and buildings, Industry 4.0, smart manufacturing, and smart infrastructure developments are projected to generate a vast transformation in business areas, thereby driving the internet of things market growth.

According to the World Economic Forum, 1.3 million individuals move to metropolises each week, and by 2040, an overwhelming 65% of the global population will live in cities. Thus, more of the population is moving toward urbanization and the usage of smart devices.

As per the World Economic Forum 2022 report, 131.4 million households were using smart speakers in 2022, and 335.3 million are predicted to use smart speakers by 2027. Similarly, 73.1 million households were using smart big appliances in 2022, and 177.6 million households are predicted to use these smart devices by 2027. Moreover, smart city solutions, such as smart utility meters, smart transportation, smart waste management, smart grids, and smart air quality controllers, are being implemented by consumers, thereby elevating the market potential of connected devices worldwide.

INDIAN ECONOMY OUTLOOK

OVERVIEW

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and

investment, along with Government’s continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India’s exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

MARKET SIZE

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 172.90 lakh crores (US\$ 2.07 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 7.6% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, ‘Panchamrit’. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India’s current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India’s trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of April 12, 2024, India's foreign exchange reserves stood at US\$ 643.162 billion.
- In 2023, India saw a total of US\$ 49.8 billion in PE-VC investments.
- Merchandise exports in March 2024 stood at US\$ 41.68 billion, with total merchandise exports of US\$ 437.06 billion during the period of April 2023 to March 2024.
- India was also named as the 48th most innovative country among the top 50 countries, securing 40th position out of 132 economies in the Global Innovation Index 2023. India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.
- In March 2024, the gross Goods and Services Tax (GST) stood at second highest monthly revenue collection at Rs.1.78 lakh crore (US\$ 21.35 billion), of which CGST is Rs. 34,532 crore (US\$ 4.14 billion), SGST is Rs. 43,746 crore (US\$ 5.25 billion).
- Between April 2000–December 2023, cumulative FDI equity inflows to India stood at US\$ 971.52 billion.
- In February 2024, the overall IIP (Index of Industrial Production) stood at 147.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 139.6, 144.5 and 187.1, respectively, in February 2024.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.69% in December 2023.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 8.06 billion) in India during January-April 2024.
- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.

- On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
- On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
- From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'AtmaNirbhar Bharat' and 'Local goes Global'.
- To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).
- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 trillion (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Strengthening of Pharmaceutical Industry (SPI) was launched in March 2022 by the Ministry of Chemicals & Fertilisers to provide credit linked capital and interest subsidy for Technology Upgradation of MSME units in pharmaceutical sector, as well as support of up to Rs. 20 crore (US\$ 2.4 million) each for common facilities including Research centre, testing labs and ETPs (Effluent Treatment Plant) in Pharma Clusters, to enhance the role of MSMEs.
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025

ROAD AHEAD

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INTEGRATED ELECTRICAL AND AUTOMATION INDUSTRY IN INDIA

- India's industrial automation and instrumentation market size is expected to grow by USD 2.58 billion during 2020-2024.
- It is expected to post a year-over-year growth rate of 9.38%.
- The automation market is segmented into three automation types: process automation, factory automation, and electric automation.
- Power, oil & gas, and automotive industries are at the forefront of the adoption of different automation technologies.
- The pandemic has accelerated demand for automation across sectors, which will greatly transform how companies in India do business.

Growth Drivers

- Growing energy demand and exploration of new conventional and non-conventional hydrocarbon resources are fueling the growth of the segment.
- The sector can witness explosive growth in nanotechnology and nano-scale assembly systems; MEMS and nanotech sensors (tiny, low-power, low-cost sensors) which can measure everything and anything.
- Huge potential is seen in Robotics. India has low robot density figures, only four industrial robots per 10,000 employees in the manufacturing industry

Opportunities

- The automation market in India has been growing significantly over the last decade due to the increasing need for reliable and cost-effective ways of production.
- The Indian industrial automation industry is expected to reach 197 billion by 2020 with growth driven by the rapid adoption of modern technology backed by cost-saving features.
- The demand for factory automation solutions in India is anticipated to surge with an increase in domestic manufacturing and an emphasis on increased process efficiency.
- Relaxation in foreign investment norms has encouraged several foreign companies to set up their businesses in India.

Recent Developments

- With the development of the Indian manufacturing sector, there has been a need for a more competitive edge in productivity, profitability, safety, and sustainable manufacturing processes. The concept of semi-knock-down manufacturing and domestic manufacturing is likely to increase in the future due to the 'Make in India' initiative and the relaxation of FDI policies in the manufacturing sector across different industries.
- Process automation devices and equipment, which have applications in several sectors, including pharmaceutical, coal, power, oil and gas, cement, and others, have witnessed a dramatic growth in the manufacturing sector in India. The different process automation devices have accelerated the expansion of the manufacturing sector in India.
- Most of the premium OEMs in India now offer either display audio or navigation units as a standard feature, apart from the base variant. In contrast, volume OEMs are rapidly shifting towards offering these units. Large touch screens that support smartphone integration and navigation HMI units are slowly replacing traditional radio/stereo units.
- In complicated consumer electronics supply chains such as for smartphones and white goods, warehouses are critical nodal points

INDIA INDUSTRIAL AUTOMATION MARKET SIZE

The market size of industrial automation in India is anticipated to expand significantly, driven by advancements in technologies such as the Industrial Internet of Things and Industry 4.0. These technologies are central to the evolution and management of smart factory automation, where machinery and devices are interconnected via the internet. The adoption of automated equipment is also expected to grow in the healthcare industry due to the expansion of manufacturing sectors. However, the high installation and acquisition costs of automation systems, as well as frequent changes in technology, are factors that may hinder the growth of this market. Furthermore, the COVID-19 pandemic and the associated lockdown restrictions have posed significant challenges to industrial activities, such as labor shortages and supply chain disruptions, which could impact the market's expansion.

India Industrial Automation Market Analysis

The India Industrial Automation Market size is estimated at USD 15.12 billion in 2024, and is expected to reach USD 29.43 billion by 2029, growing at a CAGR of 14.26% during the forecast period (2024-2029).

Industrial automation refers to using control systems, like robots, computers, and information technologies, to handle several processes and machinery in an industry to replace human beings. It is the second step past mechanization in the scope of industrialization.

- The Industrial Internet of Things and Industry 4.0 is at the center of the latest technological approaches for the evolution, production, and management of the complete logistics chain, also known as smart factory automation, and are dominating the trends in the industrial sector with machinery and devices being connected via the internet.
- Labeling equipment is a crucial component for production lines in several industries. In addition to the basic structure, the machines also feature an automatic label feeder to keep track of label length and retrieve it as the product changes size. These features are beneficial in reducing downtime, increasing productivity, and reducing costs.
- Moreover, The adoption of automated equipment in the healthcare industry is expected to grow, owing to the growing manufacturing sectors in India. Major trends, such as the growth of private healthcare providers, the expansion of drug manufacturing companies, and the rollout of universal healthcare, are expected to shape the pharmaceutical industry in the future.
- The installation and acquisition cost of an automation system for an intelligent factory represents approximately half of the total cost during its lifetime. Further, the frequent changes in networking and technology result in substantial cost increases, which is more than the initial investment, further restraining the adoption of industrial automation in India
- The COVID-19 outbreak and lockdown restrictions worldwide severely affected industrial activities. The effects of the lockdown include labor shortages, disruptions in the supply chain, lack of availability of raw materials utilized in the manufacturing process, fluctuating prices that could force the production of the final product to increase and go beyond budget, shipping problems, etc.

ELECTRICAL EQUIPMENT MARKET

The India - electrical equipment market is projected to reach a value of USD 52.98 billion at a CAGR of 11.68% between 2022 and 2027. The India electrical equipment market is experiencing significant growth due to rapid urbanization and infrastructural development. The market includes various segments such as power distribution equipment, transmission equipment, and generation equipment. India's government initiatives like Make in India have encouraged domestic manufacturing and boosted the electrical equipment sector.

Market Size and Growth Trends

With 2022 as the base year and 2023 as the estimated year, and presented the key drivers, trends, and challenges for the market. The renewable energy sector is driving the demand for electrical equipment in India, particularly in solar and wind power generation. Increasing investment in smart grid infrastructure has created opportunities for advanced electrical equipment in India. The demand for solar panels in the market is expected to grow at a rapid rate.

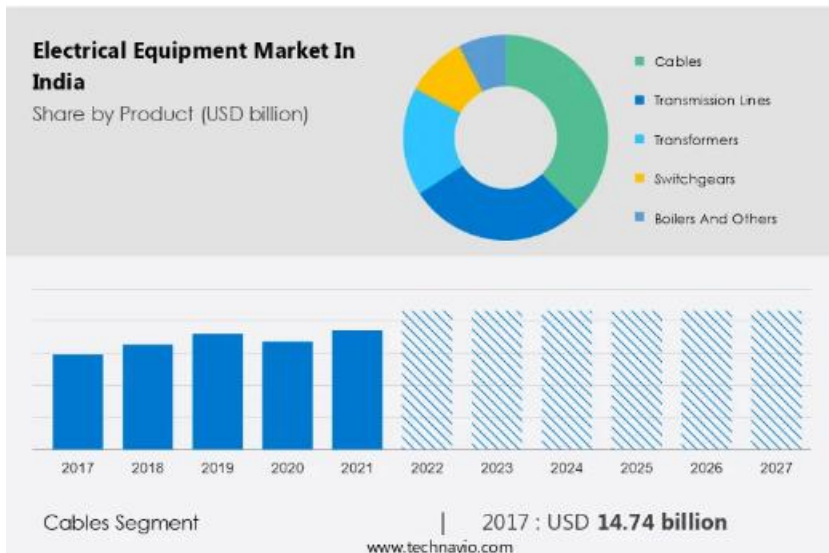

Key Driver

The market is experiencing rapid growth, marked by a rising market growth rate and a surge in demand for various components. Electric construction equipment, generators, switches, sockets, lighting, meters, panels, automation solutions, solar and wind technologies, batteries, inverters, voltage regulators, circuit breakers, and connectors are key players in this expanding market. The increasing emphasis on renewable energy sources like solar and wind has further propelled the demand for cutting-edge electrical components. Mostly electricity consumed in India is generated using renewable energy sources. From efficient lighting solutions to advanced circuit breakers, India's electrical equipment sector is at the forefront of innovation, meeting the evolving needs of a dynamic and growing market.

Increasing urbanization and population growth are leading to a remarkable increase in the electricity demand which is a major market trend. Due to the lack of electricity generation capacity in countries such as Bangladesh, Nepal, and Myanmar, many people living in these countries do not have access to electricity. Electricity shortage is a major challenge for poverty reduction and the development of the economy. Therefore, cross-border electricity trade plays an important role in economic growth and development as it contributes to reducing energy prices, overcoming power shortages, mitigating energy shocks, and facilitating favorable for the decarbonization process to expand and integrate into the market. The benefits of cross-border electricity trading are encouraging many governments to choose this option. Hence, growth in cross-border electricity trade will drive the market growth and trends during the forecast period.

Product Segment Analysis

The cables segment will account for a major share of the market's growth during the forecast period. Cables are electrical equipment, which is used for the transmission of power from a source to any facility operating on electricity. In India, demand for power increases as a result of the growth in both households and commercial sectors, which will also encourage cable consumption. Demand for more housing units is increasing due to the increase in the Middle-Class population of the country.

The cables segment was valued at USD 14.74 billion in 2017 and continued to grow until 2021. The availability of low-cost labor in India makes the country more favorable for foreign companies looking to expand into new markets. This encourages companies in the construction industry to invest in construction and infrastructure development activities. Additionally, programs like the Indian government's Atal Distribution Transformation Yojana, which commits the private sector to improving the efficiency of state-owned distribution companies, will continue to help the government deliver electricity to all citizens. Therefore, such factors will drive the growth of the market during the forecast period.

Application Segment Analysis

Based on application, the market has been segmented into transmission, distribution, and generation. The transmission segment will account for the largest share of this segment. Electricity generated by power plants must be transported over long distances to load centers and from there distributed to end users via towers and transmission lines. Furthermore, the transmission and distribution of power are largely controlled by both the central government of India and various state governments. The Indian government has invested heavily in the distribution sector through programs such as Deendayal Upadhyaya Gram Jyoti Yojana (DDUGJY). To ensure that electricity is provided to all its citizens, an increase in the installation of transmission or distribution lines has taken place throughout India. Hence, such factors will drive the growth of the market during the forecast period.

The Future of Internet of Things in India

Given the huge unsaturated market for the automotive industry, industrial manufacturing, healthcare, etc., and with favorable policy changes by the Indian government in the past couple of years, India is deemed to become the global industrial hub. With 1.4 billion strong consumers, consumer IoT, automotive IoT, and healthcare IoT are also bound to grow strong in upcoming years. By 2028, the Indian IoT market is expected to reach 59.99 billion USD, of which 21.78 billion USD would account for industrial IoT and 21.26 billion USD for automotive IoT. The consumer IoT is also expected to reach 5.55 billion USD.

The Internet of Things is one of the prominent industry 4.0 technologies, driving manufacturing supply chain and retail businesses globally and that is why the IoT market is witnessing a CAGR of over 16% over a period of 10 years (2018-2028). With the global semiconductor shortage slowing down the market supply chain and growth (pre-pandemic levels), the IoT demand in industry, security, and smart city projects is still on the rise. With more Indians adopting a tech-savvy lifestyle including smart homes, wearables, smart travel, etc., IoT is unstoppable.

To conclude, the internet of Things market in India is witnessing a rapid growth rate, CAGR of 17.05% between 2023-2028 which is more than the global IoT CAGR of 16%. Indians are tech savvy and with the world's largest country by population, mostly young, India is the best bet in IoT developments and IoT-led industrial, medical, supply chain and manufacturing, retail, and smart city development and IoT promotions as well.

India Internet of Things Current Market Analysis

- The Indian IoT market is rapidly expanding across sectors like manufacturing, healthcare, and smart cities, supported by government initiatives and private investments in digital transformation.
- Key products include IoT sensors, devices, and platforms crucial for industrial automation and smart city deployments, enhancing operational efficiencies and service delivery.
- IoT sensors and devices are highly demanded, especially in manufacturing and smart city projects, enabling real-time data collection and analysis for informed decision-making.
- Consumers prefer integrated IoT solutions offering robust connectivity, security, and analytics capabilities, with smart home devices like lighting and security systems gaining popularity.
- Tata Communications leads with extensive network infrastructure, comprehensive IoT solutions, and strategic global partnerships, enabling scalable IoT deployments across diverse sectors.

India Internet of Things Market Competitive Landscape

- Continuous technological innovations drive the IoT market competitiveness, seen in Tata Communications' LoRaWAN-based network covering 2,000 communities in India.
- Strong market presence is crucial, with Reliance Jio leveraging extensive telecom infrastructure and Wipro offering comprehensive IoT services across industries
- Companies like Infosys provide end-to-end IoT solutions, including device management and analytics platforms, catering to diverse customer demands and enhancing market position.
- Tech Mahindra focuses on customer-centric IoT solutions, fostering long-term partnerships and enhancing operational efficiency for enterprises.
- Global collaborations, such as Bosch's partnerships for smart city projects in India, bring advanced technologies and global expertise, boosting local market competitiveness.

You should read the following discussion in conjunction with our Restated Financial Statements as of and for the financial years ended March 31, 2024, 2023 and 2022. Our Restated Financial Statements for the Fiscals 2024, 2023 and 2022, have been prepared under Indian Generally Accepted Accounting Principles (“IGAAP”), the Companies Act and the SEBI ICDR Regulations. For further details, please see Section titled “Financial Information” beginning on page no. 249 of this Draft Prospectus.

To obtain a complete understanding of our Company, prospective investors should read this section in conjunction with “Risk Factors”, “Industry Overview”, “Financial Information”, and “Management Discussion and Analysis of Financial Condition and Results of Operations” beginning on page nos. 40, 133, 249 and 281 of this Draft Prospectus respectively, as well as the financial, statistical and other information contained in this Draft Prospectus.

Unless the context otherwise requires, in this section, a reference to the “VSL”, “Company” or “we”, “us” or “our” means Vdeal System Limited.

OVERVIEW

Our Company was originally incorporated on December 10, 2009 in Bhubaneswar, Orissa, as a Private Limited Company in the name and style of “Swastik Energy System Private Limited” under the provisions of the Companies Act, 1956 vide Certificate of Incorporation bearing CIN: U31100OR2009PTC011396 issued by the Registrar of Companies, Cuttack. Later, our Company acquired the ongoing business of a partnership firm M/s. Vdeal System having principal place of business at Plot No. 358/3476, 357/3457, Jaydev Vihar, Bhubaneswar, Orissa vide Takeover Agreement dated April 01, 2017 where one of our promoters Mr. Dhiraj Kochar was partner. Subsequently, the name of our Company changed from “Swastik Energy System Private Limited” to “Vdeal System Private Limited” vide Special Resolution passed by the shareholders in the Extra-Ordinary General Meeting of the Company held on April 04, 2017 and fresh Certificate of Incorporation dated April 21, 2017 pursuant to change of name was issued by the Registrar of Companies, Cuttack. Further, our Company was converted into a Public Limited Company pursuant to Special Resolution passed by the shareholders of our Company at the Extra- Ordinary General Meeting held on January 16, 2024, and consequently the name of our Company was changed from “Vdeal System Private Limited” to “Vdeal System Limited” and a fresh certificate of incorporation dated May 20, 2024 pursuant to conversion from Private Limited Company to Public Limited Company was issued by the Registrar of Companies, Central Registration Centre bearing CIN: U31100OR2009PLC011396.

Our Company, is an ISO 9001:2015 certified, providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, Medium Voltage (MV) Soft Starter, Energy Management System (EMS) and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety. Our Company has business relationships with global electrical players. Such strategic tie ups with renowned brand owners give us the competitive edge over our competitors.

Our Company is a growing Integrated Electrical and Automation solution provider dealing in comprehensive electrical solutions across industries with significant presence in multiple Industry segments. Our products are supplied to industry players through a business-to-business (B2B) model.

Our Company is also fueling the next wave of AI (Artificial Intelligence) and ML (Machine Learning)-driven innovation solution that can integrate IOT (Internet of things), AI and ML into a Cloud based Software as a Service

(SaaS) Model. Over the past few years, IoT has become one of the most important technologies of the 21st century through which everyday objects like kitchen appliances, cars, thermostats, baby monitors can be connected to the internet via embedded devices. Hence, by providing IOT solutions, our Company aims to integrate seamless communication between people, processes, and things.

Our Vision and Mission of the Company:

<h1>Vision</h1>	<h1>Mission</h1>
<ul style="list-style-type: none">•To provide best in class sustainable quality products & services competitively priced exceeding customers expectations. To invest in newer Innovative Systems & technologies, providing added-value to our stakeholders.	<ul style="list-style-type: none">•Our mission is to provide best in class and competitively priced sustainable quality products & services which exceeds customers expectations and empower users with innovative and intelligent electrical solutions that enhance efficiency, reliability, and sustainability.

Invention of Smart Electrical Control Panels & their Usages:

Before the invention of Electrical Control Panels, control and monitoring systems of power and electricity relied on Mechanical, Analog, and manual methods. However, with the rise of industrialization, there was a growing demand for control systems to automate manufacturing processes and machinery. Smart Electrical Control Panels emerged as a solution for centralized control and monitoring of industrial equipment with automation, providing a means to regulate complex operations efficiently.

Now, these Smart Electrical Control Panels are used across various business segments for different purposes like:

1. **Manufacturing and Industrial:** Electrical Control Panels are used to control and monitor machinery in manufacturing plants. They can regulate processes, display data about production metrics, and provide alerts for maintenance or issues.
 2. **Energy and Utilities:** Electrical Control Panels are crucial in the energy sector for controlling power distribution, monitoring energy consumption, and managing renewable energy sources like solar panels or wind turbines.
 3. **Building Automations:** In commercial and residential buildings, Electrical Control Panels control systems such as HVAC (heating, ventilation, and air conditioning), lighting, security, and access control. They help optimize energy usage, ensure comfort, and enhance security.
 4. **Transportation:** Electrical Control Panels are used in transportation systems for controlling traffic signals, managing railway systems, monitoring vehicle traffic, and providing information to travelers through electronic displays.
 5. **Telecommunications:** In telecommunications infrastructure, Electrical Control Panels are utilized for managing networks, routing data, and controlling communication equipment such as switches, routers, and servers.
 6. **Healthcare:** Electrical Control Panels play a role in medical equipment, patient monitoring systems, and hospital infrastructure management. They help monitor vital signs, control medical devices, and manage building systems in healthcare facilities.
 7. **Retail and Hospitality:** Electrical Control Panels are used for digital signage, point-of-sale systems, inventory management, and customer service kiosks in retail stores, restaurants, and hotels.
 8. **Data Centres:** Electrical Control Panels are critical for managing power distribution, cooling systems, and network infrastructure in data centers. They ensure efficient operation and minimize downtime.
- These are few of the wide array of applications of Electrical Control Panels across numerous industries, where they significantly enhance efficiency, automation, and control among multiple business sectors.

Accordingly, our Company also provides automated solutions across many industries and working on implementing IoT system to enhance and optimize the automation system.

Vdeal System, the name and its history:

Our Managing Director, Mr. Dhiraj Kochar, conceived Vdeal System with the purpose of integrating systems by prioritizing customer Value, tailoring Designs to their needs, Engineering innovative solutions, and Automating processes with a robust and Legitimate system. Hence,

VDEAL Stands for “VVe Design Engineer Automate Legitimate System”. Unveiling the meaning behind the acronym:

“**Victory** on creating **Value** for customer, **Design** by customer needs, **Engineer** to make it perfect, **Automate** to make process reliable, thus creating a **Legitimate** System.”

Company's Approach to Develop the Products as per above:

We believe all equipment should have the capability to capture real-time data, analyze it, and automatically trigger preventive actions with minimal human intervention. And in the era of digital transformation, ensuring the safety and efficiency of electrical control panels is essential. We provide tailored solutions that cater to the unique requirements of our clientele ranging from automated micro assembly to precision component. Though our Company supply its products on PAN India basis across all the states we have forged enduring partnerships with various esteemed entities, serving as a trusted supplier to top-branded companies across the nation. Our comprehensive solutions encompass everything from conceptualizing the design to engineering, product prototype development, and turnkey manufacturing. By leveraging our end-to-end capabilities, we empower our customers to realize substantial benefits, including cost savings, enhanced supply chain efficiency, and minimized inventory obsolescence.

We are committed to enhancing our proficiency in Digitized Smart Electrical Control Panels and Automation Solution through technological innovation.

Further, Our Company specializes is engaged in turnkey projects encompassing which involves supply, installation, erection, commissioning, and maintenance of electrical infrastructure up to 33 KV which includes, metering cubicles; H.T.Bus Ducts and technical Support.

With this wide range of product range, Our Company is consistent in providing optimum and end to end solutions to our clients. Further, we are continuously working towards improvement and adoption of the best standards like IEC61439 & Smart technology like IoT. Our company continuously upgrade and add products to incorporate the latest advancements in automation & control system to reduce loss, improve the efficiency & Safety and establish market place in order to edge over the competitors. We pave the way towards a future where electricity meets intelligence, and where every connection sparks progress.

Our Management team:

Our Company has an experienced management team which is complemented by a highly skilled and committed workforce including, Mr. Dhiraj Kochar (our Promoter, CEO and Managing Director) and Mrs. Tapaswini Panda (Our Promoter, CFO and Whole time Director) amongst others who have contributed to the growth of our Company.

Our management team is experienced in the industry in which we are operating and has been responsible for the growth of our operations and financial performance over the years. In particular, we are guided by our Promoters Mr. Dhiraj Kochar and Mrs. Tapaswini Panda who have more than two (2) decades of experience in the industry which gives us the flexibility to adapt to the needs of our client and the technical requirements of the various projects that we undertake and they have been instrumental in formulating business strategies, implementing growth strategies and making financial decisions making of the Company. Our Promoter, Mr. Brahmananda Patra, has also contributed towards growth of our Organisation through his experience in Software Project Management.

Our professionals are responsible for designing, developing, manufacturing and assembling of the products, Supply chain and procurement management, Research and development, Sales and Marketing, Customer Support, Quality Assurance and overall management and administration. Since our employees are integral to the growth of our

Company, we are dedicated to provide continuous improvement and development of our workforce. We firmly believe in the importance of regularly offering training opportunities to our employees as a means of fostering their professional growth and enhancing their capabilities within our organization. For brief profile and experience of our Directors and Key Managerial Personnels please refer chapter titled "*Our Management – Brief Profile of our Directors* " and "*Our Management – Key Managerial Personnel*" beginning on page 216 and 236 respectively of this Draft Prospectus.

OUR PROMOTING COMPANY, *Reveal AI Technologies Private Limited:*

Reveal AI Technologies Private Limited provides assets monitoring solutions using IoT (Internet of Things) which tracks physical assets remotely and gives accurate real-time information on asset's name, location and status, help schedule maintenance, and notify managers about assets failures streamlining the management of remote assets and providing better analytics with real time data visualization which enhances overall productivity, availability, quality, safety, reliability & sustainability of operations with decisions.

The key user industries focused by Reveal AI Technologies Private Limited are Oil & Gas, Metal, Power, Mining, Automotive, Food & Beverage, Machinery, etc.

Products offered:

1. **Reveal Sense IoT Gateway:** The product provides a wide range of solutions to build a secure and highly reliable infrastructure for distributed assets network applications. The device is equipped with a rechargeable battery to avoid unwanted power down and monitors health conditions of the assets using powerful machine learning algorithms and edge computing devices with high efficiency and reliability. It performs functions such as protocol translation, data processing/storage/filtering, and device security, as well as the ability to autonomously monitor field devices based on data input by sensors.
2. **Reveal Sense Node:** This is an intelligent device equipped with vibration, temperature sensor to collect the real time data from machines and transfer to the Gateway. The device monitors the health conditions of the assets using powerful machine learning algorithms and edge computing devices with high efficiency and reliability along with time stamp. The device is integrated with customized embedded firmware to perform custom applications like event detection.
3. **REVNET IIoT Platform:** REVNET IIoT (Industrial Internet of Things) Platform is a highly scalable, cloud based IoT platform that allows devices to securely connect & transfer the data on real time basis. It manages, control & upgrade the edge devices from the cloud. It also analyze machine data in real time & set alarm and notification for fault diagnosis. It leverages the power of Artificial Intelligence (AI) & Machine Learning (ML) to build data models on machine data & predict outcomes and integrate the machine data with enterprise systems using an open API (Application Programming Interface). It helps to improve overall equipment effectiveness, minimize equipment failure, improve things efficiency and enable proactive, prescriptive maintenance to reduce and eliminate downtime.

OUR SUBSIDIARY COMPANY:

Our Company does not have any Subsidiary Company.

OUR COMPETITIVE STRENGTHS:

With an aim of becoming "One Stop Solution" for Electrical Control Panels, Industrial Automation, & Industrial IoT, we have more than two (2) decades of experience in providing automation solutions to many valued customers in India. Our specialization lies in transforming customer hurdles and challenges into effective solutions through design engineering and system integration.

We believe that the following are our primary competitive strength:

1. Experienced Management Team and Robust In-House Technical Expertise

Mr. Dhiraj Kochar is the founding promoter, CEO and Managing Director and Mrs. Tapaswini Panda is the promoter, CFO and Whole Time Director of our company. He holds a Bachelor's Degree in Electrical and Electronics Engineering from the Karnataka Regional Engineering College, Surathkal, Mangalore, Karnataka and

has completed Advanced Certification in Artificial Intelligence and Machine Learning from International Institute of Information Technology, Hyderabad. He has successfully completed Executive Development Program in Data Science using R & Excel through Virtual Learning Platform from XLRI and Online Certificate Programme on “5G and its Applications in IoT and AI” from Indian Institute of Technology, Delhi. He has over 16 years’ of experience in providing automation solutions in Electrical Control Panels, Industrial Automation, Process Automation including system integration through Artificial Intelligence (AI), Machine Learning (ML) and Industrial IoT and has to his credit transforming the Company into complete solution provider. Mrs. Tapaswini Panda has completed her diploma in Electrical Engineering from Sanjay Memorial Institute of Technology, Berhampur, Orissa. She is currently responsible for overall management and affairs of our Company which includes organizational efficiency, financial sustainability and production quality. Along with the experienced management team, we have our in-house technical expertise team whose skills span a wide range of disciplines including Artificial Intelligence (AI), Machine Learning (ML), software development, and data analysis. This technical expertise empowers us to innovate rapidly, adapt to changing market dynamics, and deliver high-quality solutions to our clients. With a seamless coordination between our management and technical teams, we possess the agility and expertise needed to tackle complex challenges and drive sustainable growth in today's competitive landscape.

2. Tailoring or Customization of Products to Meet Unique Customer Needs

Our company takes pride in manufacturing smart electrical control panels that adhere to the global standard IEC 61439 Part-1 and Part-2. We prioritize design verification to ensure the highest quality with safety regulations and compliance with international specifications. With a keen focus on customization, our company goes beyond providing standard solutions, offering a range of Electrical Control Panels designed to specifically address individual customer requirements. The company's dedication towards digitalization of Electric Control Panels with optional implementation of IoT strategically places us at the forefront of the industry, ensuring that each Electrical Control Panel is designed and manufactured with precision, efficiency, and the latest technological advancements. For the growing demand of integration of IoT, Company has initiated use of AI and ML during the design phase of Electrical Control Panel and further aims to integrate the software into the Panels to automate the after sales service to the customers. Vdeal's customer-centric approach not only sets it apart but also reflects its commitment to providing high-quality, suitable solutions that cater to the specific demands of a rapidly evolving market. This has helped us to maintain a long-term working relationship with our customers and improve our customer retention strategy.

3. Best practices for Efficient Operational efficiency and Supply Chain Management

Efficient production processes and supply chain management are critical for the seamless production of smart electrical control panels, ensuring quality, timely delivery, and cost-effectiveness. We are committed to meet Global Standards to gain a competitive edge and hence we have adopted internationally adopted standard IEC 61439 Part-1 & Part-2 licensed OEM Design Verified Electrical Control Panels. Delivering quality products at competitive prices is the key aspect of maintaining and expanding our relationships with our customers. Our Company constantly endeavors to improve its productivity levels by optimum resource utilization, improvement in manufacturing process, skill up-gradation of our workers, modernization of machineries to achieve better asset turnover. Further, we are addressing the increase in operational output through continuous process improvement, QC / QA activities, customer service, consistent quality and technology development. Our advanced automation technologies can also improve efficiency by reducing manual labor, enhancing precision, and accelerating production cycles.

Our company has also built an inhouse intranet that is used within an organization to facilitate communication, collaboration, and sharing of information among its employees, departments, and other internal stakeholders. It operates similarly to the internet but is accessible only to authorized users within the organization. Intranet typically a Digital tool that allow employees to access company resources such as documents, policies, procedures, forms, and internal communication channels. They may also include features such as email, instant messaging, forums, project management tools, and document repositories to support various business functions and processes. Overall, an intranet serves employees to access information, collaborate on projects, and streamline processes across various departments within the company. It fosters communication, improves efficiency, and enhances overall productivity.

Additionally, maintaining a robust supply chain is essential. This involves establishing strong relationships with reliable suppliers, ensuring a steady flow of high-quality raw materials, and implementing effective inventory management systems to prevent shortages or excesses. Our collaborative communication and coordination among different departments, from procurement to manufacturing and logistics, are also vital to optimize the entire supply chain. Our continuous training and skill development for the workforce contribute to a more responsive production

team. Overall, the digital integration of these best practices ensures the efficient production of electrical control panels, meeting market demands with high-quality products and timely deliveries.

4. Location advantage and Competitive Pricing

Our manufacturing unit is strategically located at Eastern Region of India i.e., Bhubaneswar, Orissa with International standards IEC 61439. Orissa is rich in mineral resources like coal, iron ore, bauxite, and chromite and mining industries ensuring stable industrial environment with established regulatory frameworks and favorable investment policies. Establishment of various Industrial belts, SEZ Units, renowned big Industries provides a favourable business environment for long-term operations and growth. Further the state has several major ports like Paradip and Dhamra, providing convenient access to international markets. It also has significant workforce skilled in various manufacturing sectors like steel, aluminum, petrochemicals, and textiles, hence we have advantage of easy availability of skilled Labor. Orissa's strategic location in eastern India provides access to major domestic markets like West Bengal, Jharkhand, Bihar, and the northeastern states. It also serves as a gateway to Southeast Asian markets, enhancing business opportunities. Moreover, the area offers a favorable business environment with supportive local regulations, tax incentives, and infrastructure investments. We believe our location advantage offers potential market for our products thus capitalizing the market opportunities.

Our Company provides solution in Smart Low Voltage Panels, Medium Voltage Panels and Industrial Automation of 3V to 33KV, offering comprehensive solutions under one roof backed by In-house Product Design & Development, Manufacturing, Installations and after sale service. Price is an important aspect of our business' marketing mix and changing the price can drastically affect the marketing tactics necessary for success. To remain aggressive and capitalize a good market share, we believe in offering competitive prices to our customers. This helps us to sustain the cut-throat competition and withhold a strong position in the market. Further it helps us to prevent loss in Company's market share.

5. Nurturing a Strong Brand Reputation

Vdeal System Ltd., is a leading manufacturing company in the Eastern Region of India for manufacturing and complete solution provider in the field of SMART LV & MV Electrical Control Panels, Industrial Automation, & Industrial IoT. Our Company playing a pivotal role in fostering a robust brand reputation within the demanding sectors of steel, power, and mining industry by forming strategic partnerships and collaborations with leading brand owners, Tech-driven companies and cloud service providers, our company incorporating cutting-edge technology into the production process, companies can enhance efficiency, reduce lead times, and ensure precision in the fabrication of electrical control panels. These partnerships or alliances drive innovation and help us reach more customers ensuring that manufactured panels are well -adapted to meet evolving changing market demands. Our Company places a strong emphasis on transparent communication, ethical business practices, and environmental responsibility, fostering trust among stakeholders. we have built enduring relationships with our clients based on trust and mutual respect. Our ability to deliver on time and within budget has earned us their confidence and repeat business. By actively engaging with clients, employees, and local communities, the company not only meets industry standards but exceeds expectations. Our Company's Continuous efforts to enhance the brand's reputation and dedication to technological advancement positions it as a recognized and reliable partner in these critical industries.

6. *Quality Control and safety Commitment*

Our Company is dedicated towards quality of our products, processes and input raw material. Quality and safety are at the core components of our operations. Offering quality products at attractive prices with safety measures is a key aspect of maintaining and expanding our relationships with our customers. We are accredited with ISO 9001:2015 certificate and adhering to International Standards for manufacturing and service of Electrical Control Panels. We are passionate and dedicated to delivering high standard of quality, reliable electrical control panels and automation system to our clients., hence we have established long-term relation with our customers. Delivering Quality products on time is one of our prime objectives. We have dedicated quality control department for implementing a comprehensive quality control system which includes testing and inspection at every stage of production, which can help minimize defects and improve customer satisfaction. Our certified Safety Engineers and Officers ensure a safe working environment, minimizing risks and enhancing operational efficiency.

7. Well Strategized Growth Plan

We have well strategized and focused growth plan in place which includes enhancing our solution offerings, geographical expansion, digital marketing, forward integration, process automation, sound financial position with good cash reserves and strengthening of our management band width. This plan helps us to establish realistic objectives and goals that are in line with our long-term vision in place with constant focus on quality and innovation. To keep sailing on it, we stress on and constantly strive to improve the quality of our products. We have a qualified team which constantly works for product management, improving the quality. We ensure strict compliance with all applicable laws, regulations, and permits, minimizing risks and potential legal complications. We are expanding our marketing team to enhance our geographic presence.

OUR BUSINESS STRATEGIES

We aim to strengthen our position as the preferred contract manufacturer for top-tier brands by capitalization on our current advantages, such as integrated company processes and prompt delivery of high-quality products. Our aim is to increase our market share in the present markets and penetrate new markets.

Here are some key components of our business strategy implemented to improve the operations and competitiveness:

Increase scope of offering and entering new emerging segments

We plan to diversify our Solution categories into other industries or market places, while maintaining our focus on electrical control panels and related electronics equipment. We are now venturing into the renewable energy segment by implementing IoT sensors, which will add value and complement our existing offerings such as smart panels and solar energy solutions. This move allows us to seize growth opportunities emerging in the Indian energy sector and helps mitigate overall business risks. Some of the industries that we currently cater to include Industrial sector, steel & mining Industry, Automobiles, Power etc. The market size and future outlook of few of the industries that we intend to focus on going forward are highlighted below:

Power Sector: India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 426.13 GW as of November 30, 2023. In the current decade (2020-29), the Indian electricity sector is likely to witness a major transformation with respect to demand growth, energy mix and market operations. The Government of India is preparing a 'rent a roof' policy for supporting its target of generating 40 GW of power through solar rooftop projects by 2022. It also plans to set up 21 new nuclear power reactors with a total installed capacity of 15,700 MW by 2031. The government plans to establish renewable energy capacity of 500 GW by 2030. (Source: <https://www.ibef.org/industry/power-sector-india>)

Automobile Sector: The Indian automobile industry has historically been a good indicator of how well the economy is doing, as the automobile sector plays a key role in both macroeconomic expansion and technological advancement. The electric vehicle (EV) market is estimated to reach Rs. 50,000 crore (US\$ 7.09 billion) in India by 2025. A study by CEEW Centre for Energy Finance recognized a US\$ 206 billion opportunity for electric vehicles in India by 2030. (Source: <https://www.ibef.org/industry/india-automobiles>)

Steel & Mining Sector: The Metals and Mining sector in India is expected to witness a major reform in the next few years, owing to reforms such as Make in India Campaign, Smart Cities, Rural Electrification, and a focus on building renewable energy projects under the National Electricity Policy as well as the rise in infrastructure development. (Source: <https://www.investindia.gov.in/sector/metals-mining>)

We aim to enhance our product and service portfolio to drive business growth by aligning with the evolving needs and technological advancements of various industries. This includes, but is not limited to, those mentioned above, where we can effectively apply our manufacturing capabilities.

Continued focus on post sales services and customer centric approach

Our commitment to our client's satisfaction extends beyond the point of purchase. Understanding the significance of uninterrupted operations, our team stands prepared to promptly address any queries, concerns, or technical issues

our clients may face. Our after-sales services are integral to our marketing strategy, aimed at fostering long-term relationships with our clients. By providing exceptional support and assistance even after the purchase, we aim to solidify trust, loyalty, and satisfaction, ensuring our clients return to us for their future needs. By combining a customer centric approach with our commitment to sustainability, we not only aim to meet our clients' needs effectively but also to contribute to a better and more sustainable future.

Invest in Infrastructure and Technology

We recognize the paramount importance of staying at the forefront of technological innovation in our industry. Embracing cutting-edge technologies and innovative solutions is a fundamental aspect of our business strategy, enabling us to maintain a competitive edge and deliver exceptional services to our clients. With regular investments, we have upgraded our manufacturing facilities/ processes and we intend to continue to strive towards upgrading and modernization of our infrastructure. Therefore, we continually invest in researching and adopting the latest advancements that align with our project requirements and client needs through our Promoting Company Reveal AI. This approach empowers us to deliver superior solutions and stay ahead of the competition. We focus on staying abreast of industry trends and emerging new technologies allows our company to remain at the forefront of advancement in electrical control panel design and automation.

Entry into New Geographies and Verticals

Our manufacturing facility is currently situated in Khorda, Orissa and catering to customers in Orissa, West Bengal, Chhattisgarh and Jharkhand. We intend to enhance our reach, to entire India based on our market intelligence, by setting up a few offices at strategic locations keeping in mind the electronics and allied products manufacturing bases in such geographies. We take pride in providing outstanding services to our clients with a customer & future oriented approach.

Effective Marketing Methods

Our Company adopts modern and effective marketing techniques to promote its products and make them accessible to potential clients. We aim to enter into collaboration with renowned brand owners. Marketing strategy through collaboration with renowned brand owners involves partnering with established and reputable brands to leverage their brand equity, reach, and credibility to enhance the visibility and reputation of your own products or services. We are also aiming to enter into B2C market through associate with distributors. We also utilize GEM Portal and other online digital platforms to highlight the advantages of our electrical control panels and automation solutions. Moreover, we emphasize key benefits like safety, reliability, efficiency, and innovation to capture the attention of our target audience. Our strong marketing efforts effectively communicate the company's value proposition and differentiate it from competitors.

SWOT ANALYSIS

OUR PRODUCTS

We produce a wide range of products under the category of electrical control & Automation Panels which are mentioned below:

Electrical Control Panels		Photo	Key Features
LV Panel			
	PCC: Power Control Center up to 6300A, 65KA		Used after low voltage side of transformer for any electrical distribution as main incomer, for proper distribution, control & safety for power appliance
	MCC: Motor Control Center up to 6300A, 65KA		Used to provide power & various kind of protection motor which contributes to 85% of power requirement in any industry.
	APFC: Automatic Power Factor Controller- Upto 800-KVAR And Hybrid Smart APFC Panels		Used for increasing power factor for electrical systems so that energy can be saved, and reduce power cost. Also help in overall reduction of loss in power system.
	Hybrid- Active Harmonic Filter		Used for reduction of harmonics of electrical systems so that energy can be saved and help in increasing life of electrical & electronic power and reduce power cost. Also help in overall reduction of loss in power system. Hybrid system includes both APFC & Active harmonic filter combination in one place
	Local Control Boxes		Used for remote control of Motors, generally placed near motors for operation purpose.

	Customized Feeder Draw out type Panels – 6300A, 65KA		These panels have withdrawable feeder, and mainly used for to provide power & various kind of protection motor which contributes to 85% of power requirement in any industry. They are similar to MCC, but in case of any one feeder fails it can be drawn out without affecting the operation of the feeder motors.
	Power Distribution Boards – 2500A, 65KA		Used after PCC for any electrical distribution as main incomer, for proper distribution, control & safety for power appliance. Generally used distribution of power to lighting etc.
	Power & Motor Control Center – Kiosk Type: 3200A, 65KA		These are outdoor type panel used for both power distribution & motor control, they are combination of both for protection, measurement & control.
	Intelligent Motor Control Center: 6300A, 65KA, with Profibus Communication, IOT implemented		These are intelligent control panel, with inbuilt communication & widely used to provide power & various kind of protection motor. They provide real-time data like voltage, current, power factor, to SCADA systems for data analysis & MIS.
MV Panels	Vacuum Circuit Breaker Panels: 11KiloVolt: 3200A, 40KA		Used after High Voltage of transformer for any electrical distribution as main incomer for other high voltage system upto 11,000V, for proper distribution, control & safety for power system. They are also used to run high voltage motors upto 6,600V.

<p>Automation Panels</p>	<p>VFD panel – line up , Air Cooled, 7 upto – 70 verticals</p>		<p>VFD panels are used to control speed & protection of motor, by reducing speed of motors energy upto 72% can be saved. They are also used for precision movement of production in product line of industry , typical application are Pumps, FANS, Conveyors, Cranes. They are generally used in one line with various motor connected to be speed controlled in single process.</p>
	<p>VFD panel- Single- Air Cooled</p>		<p>VFD panels are used to control speed & protection of motor, by reducing speed of motors energy upto 72% can be saved. They are also used for precision movement of production in product line of industry , typical application are Pumps, FANS, Conveyors, Cranes. They are stand alone panels one for each motor.</p>
	<p>VFD panel- Single- Panel Air Conditioner</p>		
	<p>PLC Panel</p>		<p>PLC panels are programmable logic controller panels, they are the brain of any process industry, like Steel, Aluminium, paper, mining, They run the entire process automatically, they are programmed in such a way that they help control, measurement & safety, provide valuable data for analysis.</p>

	HMI Panels		HMI panels are like touch screens where you can observe all the process happening in the industry, they take data from PLC panel & display the same for better control & monitoring.
Bus Ducts	Air Insulated Type- Aluminum /Copper 6300A, 80KA		Bus ducts are sheet metal ducts that contain busbars made of aluminum or copper. The busbars conduct electricity and vary in size. The duct also contains an insulating system made of a combination of epoxy, polyester film, or air. This insulating system separates the conductors from each other to prevent electrical faults. They are often used in malls, hospitals, multiplex, and solar power plants.
	Sandwich type Aluminum / Copper 6300, 80KA		Sandwich Bus Ducts are compliant to resistance to fire, seismic conditions, plug-in operation, & ingress protection. These are designed to offer flexibility in power distribution with different plug-in & tap-off box options. Their easy installation and operational efficiency stand these bus ducts apart.
Other products	Control Relay Panels		A Control & Relay Panel (CRP) solution is designed to control several feeders, through medium voltage indoor and outdoor switchgear in a primary distribution substation. It is typically deployed when associated switchgear does not have space to accommodate the protection, control, and monitoring needs of a substation.

	Control Desks		They consists of welded or bolted type's construction. These are building up different type of shape and it can design as per customer's specific applications. They are used to control all process of a single line from one place, they are used where visual manual running for process is required.
	DG Synchronization Panels		Mainly used for meeting critical aspects of Power system requirements multiple DG and circuitry protection for an infrastructure of social or commercial values and repute like Hospitals , Malls , Multistoriedresidential societies Hotels,Telecommunication sectors and Industries with varied loads of power.

FOREIGN PRESENCE/EXPORTS

Currently, our company does not engage in any foreign operations or exports. However, we acknowledge the possibility of venturing into international markets as a part of long-term strategic goals.

PLACE OF BUSINESS OF THE COMPANY

The Company is prominent manufacturer & supplier of Electrical Control Panels, and other electrical products also a leading Solution provider in the field of Automation. Details of the Place of Business are as follows:

Registered Office and Manufacturing Plant: Plot No- 4A, 4B & 6, Janla Industrial Area, Jatni, Khorda, Janla - 752054, Orissa, India.

 <p style="text-align: center;">Fabrication</p>	<p>The fabrication process involves cutting, drilling, punching, and bending metal sheets to create the enclosure for the electrical control panels using CNC machines, presses, and other metalworking equipment to achieve precise dimensions and specifications.</p>
 <p style="text-align: center;">Pre-treatment Process</p>	<p>We have implemented 9 tank processing system for pre-treatment which is necessary for good adhesion, corrosion, resistance, and overall durability of the product which includes:</p> <p>Surface cleaning: remove any contaminants such as dirt, grease, oil, rust, and oxides</p> <p>Surface Preparation: involve mechanical methods such as sanding, grinding, or abrasive blasting to remove surface imperfections, rust, and scale</p> <p>Rinsing: thoroughly rinsed with water at multiple stages to ensure complete removal and prevent residue from affecting the coating process.</p> <p>Chemical Pre-treatment: involves applying a chemical conversion coating or phosphate coating to the surfaces through immersion or spray application to create a thin, protective layer that enhances paint adhesion and corrosion resistance.</p> <p>Rinsing and Drying: After chemical pretreatment, the metal surfaces are rinsed again to remove excess chemicals and then dried thoroughly to prevent water or moisture from interfering with the coating application and causing defects.</p> <p>Surface inspection: Before proceeding to the coating process, the pretreated surfaces are inspected for any defects, inconsistencies, or areas that may require touch-up or rework.</p> <p>Coating: Then coating is done through powder paint and oven curing process and sent for quality check before final assembling.</p>
 <p style="text-align: center;">Assembly</p>	<p>This includes mounting and wiring the circuit breakers, switches, relays, and other electrical components inside the enclosure according to the design schematics. Wiring harnesses are used to organize and route the wires neatly within the panel.</p>
 <p style="text-align: center;">Quality Control</p>	<p>After assembly, each smart electrical control panel undergoes rigorous testing to ensure performance, reliability, proper functioning of circuits, software testing to check the operation of smart features and interfaces, and quality control inspections to identify any defects or issues.</p>
 <p style="text-align: center;">Configuration</p>	<p>Smart electrical control panels typically include software and firmware that control their operation and interface with other systems. During this stage, the panels are programmed and configured according to customer requirements including inclusion of Quick Response (QR) Code, which may involve loading software, configuring settings, and testing communication protocols.</p> <p>We have built in-house intranet for back-office automation and support where all functional modules are on google cloud. All the approvals and flow management system updates are done automatically by giving notification over email and mobile app.</p>

 <p>Packaging and shipping</p>	<p>After quality check, packaging is done considering protective materials to prevent damage during transit, as well as labeling and documentation for easy identification and installation. They are packaged for shipment to customers.</p>
 <p>Installation</p>	<p>The company provides installation support, technical assistance, and maintenance services to ensure smooth operation and customer satisfaction.</p>
 <p>After Sales Support and customer satisfaction</p>	<p>The manufacturing process doesn't end with shipment. The company continues to provide post-sales support, including troubleshooting assistance, software updates or upgrades to improve functionality and address any issues that may arise over time.</p>

Trading Business and details w.r.t. procurement of Trading goods and its process, etc.:

Company has started its operations in 2009 with trading of VFDs and Spare Parts and gradually shifted to manufacturing for production of Panels and Automations. Currently, Company is into trading sales for VFDs and Spare Parts which are procured from renowned Brand owner by leveraging Strategic partnership agreement entered with them.

The trading business of the Company includes the product portfolio of Variable Frequency Drive (VFD), switchgears and other spare parts. Its process involves sourcing, distributing, and selling electrical equipment such as VFDs, switchgears and other components to B2B customers. Here's a detailed explanation of how this trading business typically operates:

Nature of activities involved	Detailed Process
Sourcing and Procurement	<ul style="list-style-type: none"> ➤ The company identifies reputable manufacturers and suppliers of VFDs, switchgear, and related electrical components. ➤ Negotiates procurement contracts, terms, pricing, and delivery schedules with suppliers to ensure competitive pricing and reliable supply.
Product Portfolio	<ul style="list-style-type: none"> ➤ Develops a comprehensive product portfolio that includes a range of VFDs (variable speed drives), switchgears and components such as circuit breakers, contactors, relays etc. ➤ Ensures products meet industry standards, certifications, and regulatory requirements for electrical safety and performance.
Inventory Management	<ul style="list-style-type: none"> ➤ Maintain adequate stock levels of products to fulfill customer orders promptly. ➤ Implement inventory control measures to optimize stock turnover and minimize carrying costs. ➤ Monitor market demand trends to anticipate future inventory needs.
Sales and Marketing Strategies	Design and implement targeted sales and marketing strategies to reach B2B customers, which includes industrial sectors and corporate clients.
Customer Relationship Management (CRM)	<ul style="list-style-type: none"> ➤ Build and maintain strong relationships with B2B customers through personalized customer service, ongoing communication, and responsiveness to their needs. ➤ Provide value-added services such as technical support, customization, and after-sales service to enhance customer satisfaction and loyalty.
Order Processing and Fulfillment:	<ul style="list-style-type: none"> ➤ Efficiently manage order processing, including order entry, verification, pricing, invoicing, and fulfillment. ➤ Coordinate logistics and distribution to ensure timely delivery of products/services to B2B customers, optimizing supply chain efficiency and minimizing lead times.
Supply Chain Management:	<ul style="list-style-type: none"> ➤ Optimize supply chain operations to reduce costs, streamline processes, and improve inventory management. ➤ Implement inventory control measures, demand forecasting, and supplier collaboration to maintain adequate stock levels and meet customer demand.
Financial Management:	<ul style="list-style-type: none"> ➤ Manage pricing strategies, profit margins, and cost control measures to optimize profitability while remaining competitive in the market. ➤ Monitor financial performance, cash flow, and credit management to ensure business sustainability and growth.
Compliance and Quality Assurance:	<ul style="list-style-type: none"> ➤ Ensure products/services comply with industry regulations, standards, and quality assurance protocols. ➤ Conduct regular audits, inspections, and certifications to maintain high standards of product/service quality and reliability
Logistics and Distribution:	<ul style="list-style-type: none"> ➤ Coordinate with logistics partners or in-house transportation to arrange timely delivery of VFDs and switchgear products to customers. ➤ Optimize transportation routes and shipping methods to minimize costs and ensure efficient delivery. ➤ Track shipment status and provide customers with real-time updates on order progress.

After-Sales Service:	<ul style="list-style-type: none"> ➤ Provide post-sales support, including installation assistance, technical troubleshooting, and maintenance services for VFDs and switchgear products. ➤ Handle customer inquiries, complaints, and warranty claims promptly to maintain customer satisfaction and loyalty. ➤ Gather customer feedback to improve products and services continuously.
Market Analysis and Strategic Planning:	<ul style="list-style-type: none"> ➤ Conduct market research and analysis to identify trends, opportunities, and competitive threats within the B2B sector. ➤ Develop strategic plans to expand market reach, enter new geographic regions, introduce new products/services, or target niche markets.
Technology Integration	<ul style="list-style-type: none"> ➤ Leverage technology solutions such as ERP (Enterprise Resource Planning) systems, CRM software, e-commerce platforms, and data analytics tools to streamline operations, enhance customer experience, and drive business growth.

In essence, the trading business of the company revolves around facilitating transactions, providing value added services, and building strong relationships with business customers to drive mutual success and sustainable growth in the competitive marketplace.

SALES & MARKETING

We have our in-house marketing team of dedicated personnel guided by the Chairman, Managing director and board of directors. Our team regularly interacts with our customers to gain insights on specific needs of customers. We have developed a strong marketing network across the eastern India to cover our existing and prospective clients. Our Company uses marketing tools like advertisements, seminars in order to widen their business scope and to increase business potential and market share. Our success lies in the strength of our relationship with our customers who have been associated with our Company for a long period. We also have an effective feedback procedure in place for our clients regarding our products which help us in improving and maintaining the efficiency of our products and achieving desired level of customer satisfaction.

Our sales and marketing strategies are framed in the following ways which ensures:

- Client relationship management
- Build strong relationships with key decisions- makers in potential client organizations
- Offer personalized solutions and after sales support to enhance customer satisfaction and loyalty
- Continuously grasping markets trends
- Supply of latest International Standard & Quality Products
- Fulfilment of Order Quantity in timely manner

We also offer various value -added services to our customers, as a part of our marketing strategy to enhance customer satisfaction and maintain Long term relation with our customers. This service plays an instrumental role in creating and expanding our market reach with customer satisfaction. These services include the following:

a) Turnkey Solution: “We would turn to be the key for you”

We provide TURNKEY solutions for Industrial Process & Factory Automation for a wide domain spectrum. Our solutions are based upon knowledge and experience of our experts, accrued in hundreds of automation projects. Our turnkey solutions span all phases starting from the concept design, to manufacturing, programming and testing to customer training and commissioning. We recognize every project as a unique solution for industry or utility companies based on its load profile and purpose of use. The scope of work includes but is not limited to:

- ❖ Project management
- ❖ Writing the Functional Design Specification (FDS)
- ❖ Creation of electromechanical engineering drawings for electrical cabinet, MCC, PCC, Control desk, etc.
- ❖ Creation of drawings for field devices, cable tray etc layouts
- ❖ Supply of automation hardware, field devices, sensors, cables, cable trays, installation material, etc.

b) Annual Maintenance Contract (AMC): “Let us maintain your maintenance”

We undertake AMCs for automation systems for Frequency Drives and Automation system. Nature of the AMC is customized as per the requirement of the customer and could be of comprehensive and non-comprehensive type.

We do Commissioning, Retrofitting & Servicing of most of the products mentioned below.

- ❖ Drives & Soft Starters.
- ❖ Switchgear
- ❖ Instrumentation
- ❖ Client training/Documentation/Support Services
- ❖ PLC/ SCADA, HMI

c) Installation and Commissioning: “Consider it done”

After the Factory Acceptance Test, the automation system is installed and commissioned at the customer’s site. With the assistance of our engineers, the system is installed, cabled and commissioned in full compliance with industrial guidelines. It is handed over to the customer after successful completion of a Site Acceptance Test (SAT).

- ❖ Installation and cabling
- ❖ Loop tests
- ❖ Commissioning, including system integration, device configuration and testing
- ❖ Site Acceptance Test
- ❖ Hand-over of complete documentation, Training of staff

d) Real Time Deployment and Data Analytic Analyze:

Under this, Our Company assists and supports the companies to collect, monitor, and analyze data which is essential for improving the efficiency and reliability of the distribution network, and to reduce distribution losses, and enhancing customer service. We have offline method using SCADA & Cloud based SAAS model for the same which is under beta stage of testing.

Key Benefits are as follows:

- Reduce maintenance Cost
- Reduce downtime cost
- Mitigate task
- Improve safety
- Easy deployment
- Increase life assets
- Additional Production Analysis

END USER/INDUSTRIES TO WHICH IT CATERS ITS PRODUCTS/SERVICES

Presently, the Company’s focus is on energy consumers, like PSU’s and Corporate private industries. However, Our Company doesn’t contract directly with the DISCOMS or Utilities, we supply them through the EPC contractors or other complementary channels.

We are supplying our Product to various clients from of different industries, the list of which are as given below:

Segment / Products	MV Panels	LV Panel	Automation Panel	Enclosures & JB's
---------------------------	------------------	-----------------	-------------------------	------------------------------

Industry -Power Mines, Metal Etc	✓	✓	✓	✓
Commercial Building	✓	✓	✓	✓
High Rise Residential Building	✗	✓	✓	✓
Solar	✓	✓	✓	✓
EV	✓	✓	✓	✓

Apart from the above, we also cater to EPC Contractors Utilities and other Smaller SME's.

ENVIRONMENT, HEALTH & SAFETY

Our manufacturing units are ISO 9001:2015 bearing Certificate No: 24EQMV82/R1 for Manufacturing and Servicing of Electrical Control Panel. The personal health and safety of each employee of our organization is of primary importance. We believe that our employees are important assets and their safety at our worksite is our responsibility. Our Company provides the necessary equipment and facilities required for the personal safety and health of each employee, workers and contractors at our manufacturing units. We implement work safety measures to ensure a safe working environment including general guidelines for health and safety at our manufacturing units, accident reporting, wearing safety equipment and maintaining clean and orderly work locations. We continually aim to comply with the applicable health and safety regulations and other requirements in our business operations.

COLLABORATIONS AND TIE-UPS

As on date of this Draft Prospectus, our Company has entered into various technical or other Collaboration / Tie Ups / Joint Ventures with several top branded entities /companies to expand our market reach and product offerings.

We have collaboration and Tie-up with renowned brand owners in India who have their registered office at Vadodara-Gujarat, Delhi, Bengaluru-Karnataka etc. Key highlights of collaborations and tie-ups agreements are as under:

Details of Collaborations and Tie-ups for Manufacturing Business:

Collaborating company is engaged in the business of manufacturing, designing, building and servicing technologically advanced products and systems for electricity network and is desirous of engaging services of Vdeal System for the purposes of selling their Products where

1. The collaborating company appointed Vdeal System Limited as a non-exclusive Panel Builder in the Odisha territory within the state of Orissa.
2. The collaborating company appointed Vdeal System Limited as Component Panel Builder.
3. Transactions between collaborating company and Vdeal System Limited are strictly on principal-to-principal basis in the course of wholesale trade and the relationship shall be that of a buyer and seller.
4. Collaborating company and Vdeal System Limited has agreed to engage services of the Panel Builder for the purposes of selling Collaborating Companies Products.

Details of Collaborations and Tie-ups for Trading Business:

- A. Collaborating company is engaging with Vdeal System for selling their products on their behalf.
 1. Vdeal System Limited provides direct access or direct relationships between key personnel (usually executives or decision-makers) of two companies. Vdeal System provide B2B (business-to-business) relationships to facilitate direct communication, negotiation, or collaboration between important

- stakeholders without intermediaries.
2. Collaborating company is desirous of engaging services of Vdeal System for the purposes of selling their Products.
 3. Vdeal System shall, deliver the products to the customer and perform the requisite testing, on-site installation and commissioning, maintenance and support for the products.
 4. Vdeal System shall engage in promoting collaborating company as a preferred supplier by identifying the Vdeal System as an Alliance Partner of collaborating company in its marketing literature and tools
 5. Vdeal System shall create and maintain an efficient technical, sales and support organization throughout the Territory and employ enough suitably qualified and trained.
 6. Vdeal System shall undertake and provide integrated solutions for all the projects referred by collaborating company.

B. Collaborating company appointed Vdeal System as their Channel Partner for collaborating companies. Products sold through collaborating company are IEC Low Voltage Motors, NEMA Motors, Large Motors, Drive Products, Motion Drives and System Drives.

1. Vdeal System will place all orders on collaborating company through e-Channel portal.
2. Vdeal System shall operate in the territory of Bhubaneswar in state of Orissa.
3. Vdeal System shall pay all taxes and duties at time of dispatch.
4. Vdeal System shall issue e-way bill wherever applicable

OUR PROMOTING COMPANY

REVEAL AI TECHNOLOGIES PVT. LTD

Business Overview:

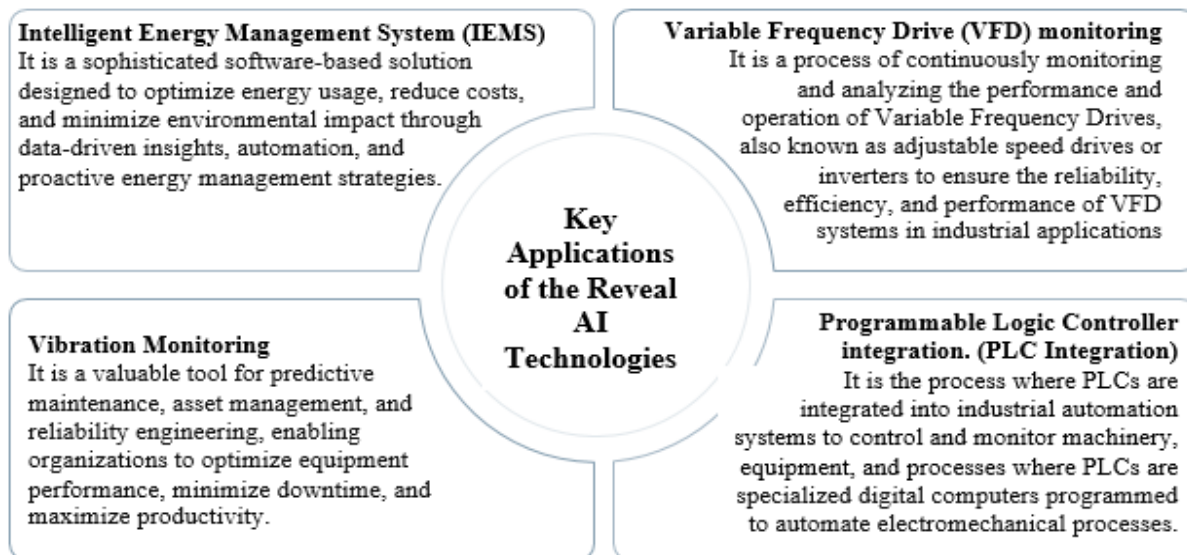

Our Promoting Company, Reveal AI Technologies Pvt. Ltd. was originally incorporated on September 29, 2017 in Bhubaneswar, Orissa, as a private limited company in the name and style of “ENERDATA SOLUTION PRIVATE LIMITED” under the provisions of the Companies Act, 1956 bearing Certificate of Incorporation (CIN) U29306OR2017PTC027744 issued by the Registrar of Companies, Cuttack. The registered office is situated at K7-720, Kalinga Nagar, Ghatikia, PS- Khandagiri, , Khordha, Bhubaneswar , Orissa-751003. Subsequently, the name of the Company changed from “ENERDATA SOLUTION PRIVATE LIMITED” to “REVEAL AI TECHNOLOGIES PRIVATE LIMITED” vide Special Resolution passed by the shareholders in the Extra-Ordinary General Meeting of the Company held on August 08, 2020 and fresh Certificate of Incorporation dated August 24, 2020 pursuant to change of name was issued by the Registrar of Companies, Cuttack.

Reveal AI Technologies Private Limited provides assets monitoring solutions using IoT (Internet of Things) which tracks physical assets remotely and gives accurate real-time information on asset’s name, location and status, help schedule maintenance, and notify managers about assets failures streamlining the management of remote assets and providing better analytics with real time data visualization which enhances overall productivity, availability, quality, safety, reliability & sustainability of operations with decisions.

Reveal AI Technologies Private Limited is, an IoT Solution Provider, powered by “REVNET”. This can help to improve overall equipment effectiveness (OEE), minimize equipment failure, improve high efficiency, and enable proactive, prescriptive maintenance to reduce & eliminate downtime. "REVNET" is a multifaceted IoT platform designed to address multiple challenges, offering a wide array of features and resources meticulously configured to align with your Key Performance Indicators (KPIs). “Reveal Sense” is one of our Revolutionary products which monitor health conditions of the Assets using powerful machine learning algorithms and edge computing devices with high efficiency and reliability. We understand the core values of customers and help them to drive towards sustainability.

The key user industries focused by Reveal AI Technologies Private Limited are Oil & Gas, Metal, Power, Mining, Automotive, Food & Beverage, Machinery. However, Research team is working on designing the Electrical Control Panels

Key Application of the Company are:

Products offered:

1. **Reveal Sense IoT Gateway:** The product provides a wide range of solutions to build a secure and highly reliable infrastructure for distributed assets network applications. The device is equipped with a rechargeable battery to avoid unwanted power down and monitors health conditions of the assets using powerful machine learning algorithms and edge computing devices with high efficiency and reliability. It performs functions such as protocol translation, data processing/storage/filtering, and device security, as well as the ability to autonomously monitor field devices based on data input by sensors.
2. **Reveal Sense Node:** This is an intelligent device equipped with vibration, temperature sensor to collect the real time data from machines and transfer to the Gateway. The device monitors the health conditions of the assets using powerful machine learning algorithms and edge computing devices with high efficiency and reliability along with time stamp. The device is integrated with customized embedded firmware to perform custom applications like event detection.
3. **REVNET IIoT Platform:** REVNET IIoT (Industrial Internet of Things) Platform is a highly scalable, cloud based IoT platform that allows devices to securely connect & transfer the data on real time basis. It manages, control & upgrade the edge devices from the cloud. It also analyze machine data in real time & set alarm and notification for fault diagnosis. It leverages the power of Artificial Intelligence (AI) & Machine Learning (ML) to build data models on machine data & predict outcomes and integrate the machine data with enterprise systems using an open API (Application Programming Interface). It helps to improve overall equipment effectiveness, minimize equipment failure, improve things efficiency and enable proactive, prescriptive maintenance to reduce and eliminate downtime.

For more details on Reveal AI, please refer to the Chapters titled "Our Promoter and Promoter Group - Our Corporate Promoter", "Our Business - Our Promoting Company Reveal AI Technologies Private Limited" and "Capital Structure - Shareholding of our Promoters" on page 240, 157 and 100 respectively of this Draft Prospectus.

FUTURE BUSINESS PLAN

We believe that "all the equipment should have the capability to capture real-time data, analyze it, and automatically trigger preventive actions with minimal human intervention". With this belief, our Company is

committed to incorporating advanced technologies such as the Internet of Things (IoT), Artificial Intelligence (AI), and Machine Learning (ML) into a cloud-based Software as a Service (SaaS) framework.

Electrical Control panels are vital in residential, commercial, and industrial environments which requires constant monitoring to prevent overheating, short circuits, and potential fire hazards. This market is experiencing significant growth due to the increasing adoption of IoT and advanced analytics technologies across diverse industries.

Our Company aims to empower Electrical Control Panels with intelligent capabilities, enabling them to optimize performance, anticipate potential problems, and take proactive actions independently, thereby enhancing efficiency and reducing the need for human intervention with the adoption for Artificial Intelligence (AI), and Machine Learning (ML).

Industry analysis:

The global **predictive maintenance market size** was valued at **USD 7.85 billion in 2022** and is expected to grow at a compound annual growth rate (CAGR) of 29.5% from 2023 to 2030. Integrating AI and ML into predictive maintenance prevents unplanned downtime and asset failures. AI-based preventive maintenance solutions include IoT hardware components that connect physical assets and an advanced analytics platform that helps predict failures and avoid unplanned downtime. IoT sensors, which are embedded in the equipment, collect various data, including environmental and manufacturing operations data, to determine component failure before breakdown. AI models can also predict patterns for failure modes of certain components. AI's major benefits in predictive maintenance include preventing production losses owing to faulty equipment, eliminating manual inspection, and enhancing workplace safety by automatically collecting data from machines in hard-to-reach places.

(Source: <https://www.grandviewresearch.com/industry-analysis/predictive-maintenance-market>)

Our Company is committed to drive innovation through AI (Artificial Intelligence), ML (Machine Learning), and IoT (Internet of Things) through following measures:

- 1. Fault Detection and Preventive Analytics:** Through the integration of IoT sensors within electrical control panels, real-time data can be collected on various parameters such as temperature, voltage, and current levels. AI and ML can then analyze this data predict potential failures or malfunctions in electrical components before they occur which helps in prevention of safety hazards and equipment damage.
- 2. Energy Efficiency Optimization:** AI and ML algorithms can examine data from IoT-enabled electrical control panels to identify energy consumption patterns and trends that enables the company to reduce operational costs and improve energy efficiency including renewable energy integration.
- 3. Improved User satisfaction:** AI-driven interfaces can provide intuitive controls and personalized interactions with electrical control panels. ML algorithms adapt to user preferences, automatically adjusting settings or suggesting actions to enhance comfort, safety, and energy efficiency.
- 4. Compliance Management and Reporting:** AI-powered analytics and ML Algorithms can generate reports, identify compliance issues, and recommend corrective actions to ensure adherence to industry standards and regulations.
- 5. Integration with Smart Infrastructure:** AI, ML, and IoT advancements facilitate seamless integration with electrical control panels with various smart building systems, including HVAC, lighting, and security systems which controls and optimize various systems, improves overall efficiency and customer satisfaction.

In order to leverage Smart technologies including integration of AI, ML, and IoT, we propose to launch following products:

4	 <p>Smart Gas sensors</p>	<p>Smart gas sensors:</p> <p><i>Features:</i></p> <p>Smart Gas sensing systems are especially designed for smart homes, industrial settings, and wearable devices, by providing crucial information about the surrounding environment. The integration of these sensors with IoT technology also enables real-time monitoring and data analysis, which is crucial for ensuring safety in environments, especially in areas with electrical control panels. The sensor is trained using ML algorithms helping in saving of asset, environment, and process lose & people working in and around the Electrical control panels.</p>

Further “India has articulated its clear commitment to reach net zero emissions by 2070 and meet 50% of its electricity requirements from renewable energy (RE) sources by 2030.” Since our products are used for the sustainability, we expect to build demand for our Products.

Forward Integration Plan:

We are currently focused on serving B2B clientele with our products. However, we're now preparing to broaden our scope to include B2C customers as well through forward integration, enabling us to supply Junction boxes and Modular Panels directly to end users. To achieve this goal, our Company aims to enter into strategic partnership with electrical wholesalers, retailers, and establishing our own distribution network.

LIST OF RAW MATERIALS ALONG WITH STATE AND COUNTRY FROM WHICH IT IS PROCURED:

Sl. No.	Raw Material	State and Country of Procurement
1.	MS Sheet	Odisha, India
2.	GI Sheet	Odisha, India
3.	Copper wires	Odisha, India
4.	Copper Bus Bars	Odisha, Chhattisgarh and West Bengal, India
5.	Aluminum Bus Bars	Odisha, Chhattisgarh and West Bengal, India
6.	Meters	Odisha, Maharashtra and West Bengal, India
7.	Electrical switchgears like (Vacuum Circuit Breakers/ Air Circuit breaker/ MCCB/Contactors/APFC relay/Overload relays etc)	Odisha, Maharashtra, West Bengal, Chhattisgarh and Karnataka, India
8.	Variable Frequency Drive	Karnataka, India
9.	Programable Logic Controllers	Karnataka, India
10.	HMI - LCD display	Karnataka, India
11.	SCADA	Karnataka, India
12.	Reactor	Maharashtra and Karnataka, India
13.	Thyristor	Andhra Pradesh, Maharashtra, Karnataka and Delhi, India
14.	Automatic Power Factor Correction (APFC) relay	Odisha, Maharashtra, Delhi, West Bengal and Karnataka, India
15.	Protection relay	Maharashtra and Karnataka, India
16.	Off load isolator	Odisha and West Bengal, India
17.	Transformers	Odisha, West Bengal and Delhi, India
18.	Current Transformers	West Benga, Delhi and Maharashtra, India
19.	Power Transformer	West Benga, Delhi and Maharashtra, India
20.	Structured Powder	Odisha, India

While our Company is procuring all the raw materials only from domestic market i.e., India, most of our raw materials are indirectly sourced from International markets. Additionally, chips are also integral components in a wide array of electronic devices, including those used in our Electrical Control Panels, so though these are not our direct raw material, these are also sourced from International market.

Plant & Machinery

To maintain quality of our product, we have installed quality machinery at our plant site. We have a range of machines for the manufacturing and Quality Control/Assurance process. The details of machines are as follows:

S.No.	Machine Name	Make	Specification
1	CNC Laser Cutting Machine	ABRO	ModelGREA-30a, Capacity-700w
2	Hydraulic NC Bending Machine	ABRO	Model-WC67K-100T/3200, Mfg Year- 2019, Capacity-100T/3200, Volt-415v, Freq.-50Hz

HUMAN RESOURCE

We highly value our human resources and recognize their crucial role in our industry. We believe that a motivated and empowered employee base. Our manpower is a prudent mix of the experienced and young people which gives us the dual advantage of stability and growth, consequently execution of services within time and quality. Our skilled resources together with our strong management team have enabled us to successfully implement our growth plans. The permanent employees at our plants include personnel in manufacturing activities such as machine operations, assembling and testing of products, quality assurance, and receipt and dispatch of materials. is the key to our operations and business strategy. We have developed a large pool of skilled and experienced personnel. As on July 15, 2024, our company has employed approximately 60 employees at various levels of the organization, the details of which are as under:

Sl. No.	Categories	Total No. of Employees
1	Directors and Senior Management Team	5
2	Finance & Accounts	1
3	Manager/ Officer/ Executive	26
4	Semi-skilled/ Unskilled staff	28

RESEARCH AND DEVELOPMENT

Our company is having an in-house Research and Development facility which is done through our Promoting Company Reveal AI. Our Research and Development team plays a critical role in driving innovation, enhancing product capabilities, and ensuring the company remains competitive in the rapidly evolving market of electrical systems and smart technologies for which major focus lies on:

- 1. Innovation and Product Development:** Our R&D team focuses on creating new products, like advanced smart electrical control panels. These panels combine IoT sensors, communication tech, and AI to offer features like real-time monitoring and predictive maintenance. The team develops prototypes, studies feasibility, and refines designs to introduce innovative products to the market.
- 2. Technology Integration:** Our R&D team is responsible for incorporating new technologies like AI, ML, and IoT into our electrical control panels which includes researching advancements, identifying applications, and devising implementation strategies.

3. **Quality Assurance and Testing:** As quality and safety are at the core of our operations, responsibility of our R&D department is to conduct thorough testing and quality assurance procedures to guarantee that smart electrical control panels meet strict standards for reliability, safety, and performance.
4. **Continuous Improvement and Optimization:** Our R&D team is tasked with consistently enhancing and refining our current products and solutions focusing on updating firmware, enhancing software algorithms, and adding new features to meet evolving customer demands and technological advancements.

Once the Product is designed and tested, Reveal AI provides it to our Company.

INTERNAL CONTROL SYSTEMS

The company has established comprehensive internal control procedures that align with its scale and activities. The Board of Directors oversees these procedures, setting guidelines and ensuring they are adequate, effective, and consistently implemented. The internal control system is structured to promote efficiency in management for which company has also built an inhouse intranet that is used within an organization to facilitate communication, collaboration, and sharing of information among its employees, departments, and other internal stakeholders. This ensures transparency within the system with aim to identify and manage key risks, including those related to operations, compliance, and financial matters, in a proactive manner over time.

Moreover, we intend to leverage technology for optimizing the utilization of our machinery using digital solutions including IoT integration. This approach will enable us to monitor machine status smartly and analyze the patterns using AI and ML, helping us identify and address bottlenecks to enhance our output efficiency. We believe that investing in enhancing our team, upgrading systems, and refining processes will help us achieve our growth goals, boost profitability, and improve operational efficiency.

UTILITIES & INFRASTRUCTURE FACILITIES

Power & Fuel

Our Company requires power for the normal purposes such as for lighting, computer systems etc. Further, adequate power is available at the registered office of Our Company situated at Plot No.4/A, 4/B & 6, Janla Industrial Area, Khordha, Jatni, Orissa, Janla - 752054, India which is met through the Electric Supply by the TP Central Orissa Distribution Limited (TPCODL) having sanctioned electricity load of 20 KW but an application for 50KVA has also been submitted. In addition, we have an inverter facility installed for our offices. We are planning to install a 40 KW rooftop solar system in the upcoming financial year. Furthermore, we have also installed diesel generator having capacity of 30KVA to meet exigencies to ensure that our facilities are operational during power failures.

Water

Our business has minimal water requirements, primarily for human consumption and sanitation purposes. We fulfill our water needs on-site through a borewell water supply system. Our water usage is carefully managed, with an average consumption of 150 liters per day. We also have water harvesting arrangement for requirement and use of water on site.

Effluent Treatment

Our Company does not generate any industrial effluents which is hazardous to the environment and People. We have a 'Health, Safety and Environment Policy' in Our Company which ensures implementation of Health and Safety Management System to achieve our goal of reducing impact of health and safety hazards in operations. This system enables us to maintain a safe and healthy workplace environment and reduce health hazards, accidents, and injuries. Employee health and safety is of high importance to us.

Transportations:

We rely on third party transporters for the delivery of our products to our customers and for procurement of Materials from suppliers.

COMPETITION

We operate in a highly competitive industry with low entry barriers, making us susceptible to competition from new entrants. The market comprises numerous players, including both unorganized and organized entities. Our goal is to deliver branded, standardized, and high-quality products at competitive prices to our consumers. In this competitive landscape, we compete with regional and product line-based strategies. Some of our competitors have greater financial resources and offer a broader range of products. However, our focus on client relationships, reputation, employee expertise, market focus, and product quality help us stay competitive. Our integrated and cost-effective offerings, coupled with our commitment to customer satisfaction, reliability, and quality consciousness, give us a competitive advantage. With our technical capabilities, industry experience, and quality assurance, we are confident in overcoming competition from both organized and unorganized players in the market.

For details of the Peer Industry, refer to Chapter titled *“Basis of Offer Price – Comparison of Accounting Ratios with Listed Industry Peers”* on page 124 of the Draft Prospectus.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business and operations in India. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies and the bye-laws of the respective local authorities that are available in the public domain. The regulations and policies set out below may not be exhaustive and only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The statements produced below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative, or judicial decisions.

The business of our Company requires, at various stages, the sanctions, approvals, licenses, registrations, etc. from the concerned authorities, under the relevant Central, State legislation and local bye-laws which regulate substantive and procedural aspects of the business. The following is an overview of the important laws, regulations and policies which are relevant to our business in India. Certain information detailed in this chapter has been obtained from publications available in the public domain. The description of law, regulations and policies set out below are not exhaustive, and are only intended to provide general information to applicants and is neither designed nor intended to be a substitute for professional legal advice. For details of Government and Other Approvals obtained by the Company in compliance with these regulations, see the Chapter titled “Government and Other Approvals” beginning on page no. 316 of this Draft Prospectus. Set forth is an overview of some of the important laws, policies and regulations which are generally adhered to by the industry that we operate in.

BUSINESS AND / OR KEY INDUSTRY AND/OR TRADE RELATED LAWS AND REGULATIONS

International Electro-technical Commission (IEC) Standards

IEC is the leading standards organization that prepares and publishes International Standards for all electronic goods around the world. IEC standards cover a vast range of technologies from power generation, transmission and distribution to home appliances and office equipment, semiconductors, fiber optics, batteries, solar energy, nanotechnology and marine energy as well as many others. Currently, 89 countries are IEC members while another 85 participate in the Affiliate Country Program, which is not a form of membership but is designed to help industrializing countries get involved with the IEC. India is one of the full members of IEC.

The international standards examine if the control panels satisfy market requirements and are safe for use. Considering the growing uncertainty of electronic markets, the IEC examines control panels under various standards that need to be kept in mind during the construction of panels. The new IEC 61439 standard governs the safety and performance of electrical control panels and harmonises, as far as practical, all of the general rules and requirements that apply to switchgear and control gear assemblies and aims to align the requirements for assemblies, promote consistency in the verification of assemblies, and eliminates the need for designers and installers to verify their work to other standards. Specific subjects of wide interest, such as temperature rises and dielectric properties, have been gathered in Part 1 of the IEC 61439 series as general rules. More specific assembly standards are included as Part 2. Each assembly must meet both parts to comply with the standard.

National Policy on Electronics, 2019

The National Policy on Electronics, 2019 approved by Ministry of Electronics and Information Technology, Government of India envisions positioning India as a global hub for Electronics System Design and Manufacturing (ESDM) by encouraging and driving capabilities in the country for developing core components, including chipsets, and creating an enabling environment for the industry to compete globally.

The salient features of National Policy on Electronics, 2019 are set out hereinbelow:

1. Create eco-system for globally competitive ESDM sector by promoting domestic manufacturing and export in the entire value-chain of ESDM
2. Improving ease-of-doing business for ESDM industry
3. Provide incentives and support for manufacturing of core electronic components.
4. Provide special package of incentives for mega projects which are extremely high-tech and entail huge investments, such as semiconductor facilities display fabrication, etc.

5. Formulate suitable schemes and incentive mechanisms to encourage new units and expansion of existing units.
6. Promote Industry-led R& D and innovation in all sub-sectors of electronics including grass root level innovations and early-stage Start-ups in emerging technology areas such as 5G, IoT / Sensors, Artificial Intelligence (AI), Machine Learning (ML), Virtual Reality (VR), Drones, Robotics, Additive Manufacturing, Photonics, Nano-based devices, etc.
7. Provide incentives and support for significantly enhancing availability of skilled manpower, including re-skilling, in ESDM sector.
8. Provide fiscal incentives and support for export-led growth, including significantly enhancing economies of scale in electronics manufacturing
9. Encourage and incentivize Transfer of Technology (ToT) for core technologies.
10. Special thrust on Fabless Chip Design Industry, Medical Electronic Devices Industry, Automotive Electronics Industry and Power Electronics for Mobility and Strategic Electronics Industry.
11. Promote Electronic Manufacturing Services (EMS) Industry
12. Create Sovereign Patent Fund (SPF) to promote the development and acquisition of IP in ESDM sector.
13. Promote trusted electronics value chain initiatives to improve national cyber security profile.
14. Encourage and support the States to play a proactive role in promotion of electronics manufacturing by providing conducive environment to promote investments.

The Policy will enable flow of investment and technology, leading to higher value addition in the domestically manufactured electronic products, increased electronics hardware manufacturing in the country and their export, while generating substantial employment opportunities.

Orissa Electronics Policy, 2021

The Orissa Electronics Policy, 2021 approved by State Government of Orissa has been conceptualized to stimulate the Electronics System Design and Manufacturing (ESDM) industry in the State. The Policy aims to position Orissa as an attractive destination for the Electronics Industry by providing a congenial, industry friendly and proactive industrial climate with class leading infrastructure, supporting facilities and policy initiatives. These, coupled with a skilled workforce would create a favorable ecosystem for growth and development of Electronics Industry in Orissa. The prime objective of Orissa Industrial Policy, 2021, inter alia, include to create an investor-friendly climate in the State for increasing Orissa's share of Electronics sector in India by 2026; to create a world class Electronics System Design and Manufacturing (ESDM) industry in the State for enhancing competitiveness and productivity and to give emphasis on MSME enterprises as the growth drivers of the economy.

The key highlights of the Orissa Electronics Policy, 2021 are set out hereinbelow:

1. Production Linked Incentive (PLI): New investment and expansion can avail Production Linked Incentive @ 1% of annual turnover for 5 years starting from year of commencement of production on first come first serve basis for the first 10 investments
2. Fixed Capital Investment Subsidy (FCI): Subsidy of range from Rs. 10 Crores to Rs. 250 Crores will be provided to ESDM Units on the basis of their fixed capital investment.
3. Power Incentives: Exemption of Electricity Duty and Electrical Inspection Fees for a period of 5 years. The eligible ESDM Units would be provided subsidy on power bills for a period of 5 years at 30% limited to Rs. 50 lakhs per unit.
4. Land Incentives: 100% exemption of stamp duty on 1st transaction and 50% exemption on second transaction. Reimbursement of land conversion charges payable for converting land from agricultural use to industrial use.
5. Assistance to Women Entrepreneurs and Persons with Disabilities: Additional Subsidy of 10% of Investment Subsidy limited to Rs. 1 Crore will be provided to Entrepreneurs who are women, SC/ST and person with disabilities. Provision of additional 25% subsidy on lease rentals upto Rs. 10 lakhs per annum for 5 years will be provided.
6. Incentives for Local Enterprises: The Government will provide special incentives to units that employ local youths on their roll. Local Enterprises are eligible to get preference in public procurement as provided to the MSMEs, Start-Ups as per OGFR/Finance Department's OM.
7. Green and Self-Power Generating: 25% reimbursement on cleaner/greener production measures limited to Rs. 20 lakhs per unit on the basis of certification by accredited certifying agencies / State Pollution Control Board, Orissa.
8. Humal Capital Investment Subsidy: Recruitment Assistance shall be provided at Rs. 8,000/- per newly recruited regular employee who is domicile of Orissa with a maximum limit of Rs. 30 Lakhs per unit for

a period of 3 years. Additional Rs. 2,000/- will be provided if the employee is women, SC/ST and person with disabilities; Reimbursement @ 50% of fees paid for obtaining industry recognized skill certification (Project Management Program, Six Sigma, etc.) limited to Rs. 3 lakhs per year per unit; Units shall be entitled for 100% reimbursement of the expenditure incurred towards contribution of Employer's share for Employees State Insurance (ESI) and Employee Provident Fund (EPF) of their employees who are domiciles of Orissa upto Rs. 1 crore per annum for 3 years.

9. Interest Subsidy: Eligible Units shall be entitled to interest subsidy for timely payment @ 5% per annum on term loan availed from Public Financial Institution / Banks for a period of 6 years from the date of commencement of production.
10. State GST Reimbursement: Reimbursement of 100% State component of GST for a period of 5 years from the date of commencement of commercial production limited to 100% of the Fixed Capital Investment will be provided.
11. Marketing Assistance: Reimbursement would be provided @ 50% of the actual cost incurred for participation in domestic and international exhibition / trade events.

This policy will remain in force until March 31, 2026 or till substituted by another policy. The State Government may at any time amend and /or all provision(s) of this policy.

Orissa Industrial Policy 2022-2027

The Orissa Industrial Policy Resolution, 2022 has been formulated to create a conducive and consistent business environment to drive sustainable industrial growth in Orissa. The Policy enables timely approval of industrial projects, online single window clearances, dedicated investor facilitation and best-in-class incentives for identified priority and thrust sectors, robust industrial infrastructure development, sustainable industrial practices, skill development and promotion of Micro, Small and Medium Enterprises. The Policy has been conceptualized with the prime objective of accelerating broad based and regionally balanced industrial growth, generate large scale employment opportunities and making Orissa a preferred investment destination. The key objectives of Orissa Industrial Policy Resolution, 2022 are as follows:

1. To make Orissa the industrial hub of Eastern India.
2. To make Orissa the trade and commerce gateway to South and East Asia.
3. To promote industries in the Thrust and Priority Sectors
4. To develop best in class industrial infrastructure
5. To put in place a competitive incentive framework for new investments in desirable sectors
6. To create an enabling environment for Start-ups, MSMEs and promote Local-entrepreneurship.
7. To promote innovations, Research & Development in new areas of technology
8. To facilitate industry-institution linkages for enabling technology transfer and ensuring availability of industry-ready workforce
9. To encourage environment friendly industrial practices and ensure sustainable industrial development.
10. To provide marketing support for state-based industries and MSMEs

Orissa MSME Development Policy, 2022

The Orissa MSME Development Policy, 2022 aims to facilitate creation and sustenance of MSME enterprises in the State. The major focus of this policy is to create quality infrastructure, provide growth enabling incentives, encourage expansion, scaling up and diversification of existing MSMEs, facilitate MSME cluster development, encourage MSME to adopt and practice green initiatives, sustainability and waste management, monitor credit flow to MSME sector, extend support to MSMEs for sourcing and supplying of raw materials, enable technology upgradation, encourage certification, quality consciousness, technical know-how and build awareness on the relevance of branding, marketing and packaging activities amongst MSME, provide fiscal incentives and support, provide assistance for raising capital through SME Exchange and provide capacity building & skill upgradation facilities for MSMEs. The Policy encourages investment by micro, small and medium players in the industrially backward region of Orissa, identified focus sectors and industrial estates along the Biju Expressway Corridor. It also provides additional fiscal support to enterprises owned by women, SC, ST & persons with disabilities.

The Bureau of Indian Standards Act, 2016

The Bureau of Indian Standards Act, 2016 ("BIS Act") provides for the establishment of bureau for the standardization, marking and quality certification of goods. Functions of the bureau include, inter-alia, (a) recognizing as an Indian standard, any standard established for any article or process by any other institution in

India or elsewhere; (b) specifying a standard mark which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian standard; and (c) conducting such inspection and taking such samples of any material or substance as may be necessary to see whether any article or process in relation to which the standard mark has been used conforms to the Indian Standard or whether the standard mark has been improperly used in relation to any article or process with or without a license.

Bureau of Indian Standards Rules, 2018 (the “BIS Rules”).

The Bureau of India Standards Rules, 2018, as amended, have been notified, in supersession of the Bureau of Indian Standards Rules, 1987, in so far as they relate to Chapter IV A of the said rules relating to registration of the articles notified by the Central Government, and in supersession of the Bureau of Indian Standards Rules, 2017 except in relation to things done or omitted to be done before such supersession. Under the Bureau of Indian Standards Rules, the bureau is required to establish Indian standards in relation to any goods, article, process, system or service and shall reaffirm, amend, revise or withdraw Indian standards so established as may be necessary.

Legal Metrology Act, 2009 (the “Legal Metrology Act”) and the Legal Metrology (Packaged Commodities) Rules, 2011

The Legal Metrology Act seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. The Legal Metrology Act governs the standards/units/denominations used for weights and measures. It also states that any transaction/contract relating to goods shall be as per the weight/measurement prescribed by the Legal Metrology Act. Such weights and measures are required to be verified and re-verified periodically before usage through government approved test centres. Under the provisions of the Legal Metrology Act, pre-packaged commodities are required to bear statutory declarations and entities are required to obtain a registration before import of any weight or measure. Approval of model is required before manufacture or import of any weight or measure. Any non-compliance or violation under the Legal Metrology Act may result in, inter alia, a monetary penalty on the manufacturer or seizure of goods or imprisonment in certain cases. The Legal Metrology (Packaged Commodities) Rules, 2011 (the “Packaged Commodities Rules”) were framed under Section 52(2) (j) and (q) of the Legal Metrology Act and lay down specific provisions applicable to packages intended for retail sale, wholesale and for export and import. A “pre –packaged commodity” means a commodity which without the purchaser being present is placed in a package of a pre-determined quantity. The key provisions of the Packaged Commodities Rules provide that it is illegal to manufacture, pack, sell, import, distribute, deliver, offer, expose or possess for sale any pre-packaged commodity unless the package is in such standard quantities or number and bears thereon such declarations and particulars as prescribed. Further, all pre-packaged commodities must conform to the declarations provided thereon as per the requirement of Section 18(1) of the Legal Metrology Act and no pre-packaged commodity shall be packed with error in net quantity beyond the limit prescribed in the first schedule of the Packaged Commodity Rules. The Packaged Commodity Rules were amended in the year 2017 to increase protection granted to consumers. Some recent additions include increased visibility of retail price, removal of dual maximum retail price and bringing e-commerce within the ambit of these rules.

Electricity Act, 2003

The Electricity Act, 2003 (the “Electricity Act”) was enacted to regulate the generation, transmission, distribution, trading and use of electricity by authorising a person to carry on the above acts either by availing a license or by seeking an exemption under the Electricity Act. Additionally, the Electricity Act states no person other than Central Transmission Utility or State Transmission Utility, or a licensee shall transmit or use electricity at a rate exceeding 250 watts and 100 volts in any street or place which is a factory within the meaning of the Factories Act, 1948 or a mine within the meaning of the Mines Act, 1952 or any place in which 100 or more persons are ordinarily likely to be assembled. An exception to the said rule is given by stating that the applicant shall apply by giving not less than 7 days’ notice in writing of his intention to the Electrical Inspector and to the District Magistrate or the Commissioner of Police, as the case may be, containing the particulars of electrical installation and plant, if any, the nature and purpose of supply of such electricity. The Electricity Act also lays down the requirement of mandatory use of meters to regulate the use of electricity and authorises the Commission so formed under the Electricity Act, to determine the tariff for such usage. The Electricity Act also authorises the State Government to grant subsidy to the consumers or class of consumers it deems fit from paying the standard tariff required to be paid. The Electricity Act also states the mechanism for seeking judicial relief by setting up an Appellate Tribunal

and laying down the process to seek justice against the orders of the Commission established under the Electricity Act.

Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2023 (“Safety and Electric Supply Regulations”)

The Safety and Electric Supply Regulations provides for general safety requirements pertaining to construction, installation, protection, operation and maintenance of electric supply lines and apparatus and lays down that all electric supply lines and apparatus shall be of sufficient rating for power, insulation and estimated fault current and of sufficient mechanical strength, for the duty cycle which they may be required to perform under the environmental conditions of installation, and shall be constructed, installed, protected, worked and maintained in such a manner as to ensure safety of human beings, animals and property. It further provides for general conditions relating to use and supply of electricity, safety provisions for electrical installations and apparatus of voltage above and below 650V, safety requirements for overhead lines and underground cables, additional safety requirements for electric traction, mines & oilfields, renewable generating stations, electric vehicle charging station and high voltage direct current.

Energy Consumption Act, 2001

The Energy Consumption Act, 2001 regulates and empowers the Government to specify energy consumption standards for notified equipment and appliances, prohibit manufacture, sale, purchase and import of notified equipment and appliances not conforming to energy consumption standards, establish and prescribe energy consumption norms and standards for designated consumers, direct designated consumers to designate or appoint certified energy manager in charge of activities for efficient use of energy and its conservation, get an energy audit conducted by an accredited energy auditor in the specified manner and interval of time, furnish information with regard to energy consumed and action taken on the recommendation of the accredited energy auditor to the designated agency, comply with energy consumption norms and standards, prepare and implement schemes for efficient use of energy and its conservation if the prescribed energy consumption norms and standards are not fulfilled.

The Sales of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyer and seller, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

CORPORATE AND COMMERCIAL LAWS

The Companies Act, 2013

The Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law lays down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

Competition Act, 2002

The Competition Act, 2002 came into effect on June 1, 2011 and has been enacted to “prohibit anti-competitive agreements, abuse of dominant positions by enterprises” and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The Act prohibits Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India.

Indian Contract Act, 1872

EMPLOYMENT AND LABOUR LAWS

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (I) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees' and allows the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended, Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a

speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them.

The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Payment of Bonus Act, 1965 (the “PoB Act”)**

The PoB Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976 aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. According to the Remuneration Act, no employer shall pay to any worker, employed by him/her in an establishment, a remuneration (whether payable in cash or in kind) at rates less favourable than those at which remuneration is paid by him to the workers of the opposite sex in such establishment for performing the same work or work of a similar nature. In addition, no employer shall for complying with the foregoing provisions of the Remuneration Act, reduce the rate of remuneration of any worker. No employer shall, while making recruitment for the same work or work of a similar nature, or in any condition of service subsequent to recruitment such as promotions, training or transfer, make any discrimination against women except where the employment of women in such work is prohibited or restricted by or under any law for the time being in force.

Industrial Relations Code, 2020

The Government of India enacted ‘The Industrial Relations Code, 2020’ which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows:

- **Industrial Disputes Act, 1947**

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a lab or court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. The ID Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provided for the constitution of grievance settlement machineries in any establishment having twenty or more workers.

- **Trade Unions Act, 1926**

Provisions of the Trade Union Act, 1926 provides that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive condition on the conduct of any trade or business etc.

- **Industrial Employment (Standing Orders) Act, 1946 (the “Standing Orders”)**

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial employment. The highlights of the Standing Orders such as classification of workmen, manner of intimation to workers about work and wage related details. Attendance and conditions for leaves, conditions of termination of employment and means of redressed for workmen in different.

Code on Social Security, 2020

The Government of India enacted ‘The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume several separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The laws that the code shall subsume, are currently as follows –

- **Employee’s Compensation Act, 1923**

The Employees’ Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employees’ Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employees’ Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations thereof. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within seven days of death/serious bodily injury.

- **Employee’s State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and ‘employment injury’ and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employee State Insurance department.

- **Employee’s Provident Fund and Miscellaneous Provisions Act, 1952**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees’ provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make the equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months’ notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

The Orissa Shops and Commercial Establishments Act, 1956 and The Orissa Shops and Commercial Establishments Rules, 1958, are applicable to all the shops and commercial establishments in the whole of the Orissa State. The Act is enacted for the purpose of protecting the rights of employees. The Act regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, maternity leave and benefits, termination of service, maintenance of shops, and establishments and other rights and obligations of the employers and employees. All establishments have to be registered under the shops and establishments legislations of the state where they are located. There are penalties prescribed in the form of monetary fine or imprisonment for violation of the Act.

- **The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressed) Act, 2013 (the "Act")**

In order to curb the rise in sexual harassment of women at workplace, this Act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms sexual harassment and workplace are both defined in the Act. Every employer should also constitute an "Internal Complaints Committee" and every officer and member of the company shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

- **Child Labour (Prohibition and Regulation) Act, 1986 (the "CLPR Act")**

The "CLPR Act" seeks to prohibit the engagement of children in certain employments and to regulate the conditions of work of children in certain other employments. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

- **Fire Prevention Laws and The National Building Code of India, 2016**

State governments have enacted laws that provide for fire prevention and life safety. Such laws may be applicable to our offices and Training Centres and include provisions in relation to providing fire safety and life saving measures by occupiers of buildings, obtaining certification in relation to compliance with fire prevention and life safety measures and impose penalties for non-compliance. The National Building Code (NBC) promulgates legal provisions governing the safety of individuals within specific categories of structures, encompassing public, residential, industrial buildings and others as stated within categories provided therein. These provisions encompass a wide array of critical aspects, including but not limited to fire safety, disaster management and precautions, as well as accessibility.

ENVIRONMENTAL LEGISLATIONS

We are subject to various environmental regulations as the operation of our establishments might have an impact on the environment in which they are situated. The basic purpose of the statutes given below is to control, abate and prevent pollution. In order to achieve these objectives, Pollution Control Boards (“PCBs”), which are vested with diverse powers to deal with water and air pollution, have been set up in each state and in the Centre. The PCBs are responsible for setting the standards for maintenance of clean air and water, directing the installation of pollution control devices in industries and undertaking inspection to ensure that industries are functioning in compliance with the standards prescribed. These authorities also have the power of search, seizure and investigation. All industries are required to obtain consent orders from the PCBs, which are required to be periodically renewed. These consent orders are indicative of the fact that the industry in question is functioning in compliance with the pollution control norms.

Environment Protection Act, 1986 (“EPA”) and Environment (Protection) Rules, 1986 and Environment Impact Assessment Notification, 2006

The Environmental Protection Act, 1986 is an “umbrella”; legislation designed to provide a framework for coordination of the activities of various Central and State authorities established under various laws. The potential scope of the Act is broad, with “environment” defined to include water, air and land and the interrelationships which exist among water, air and land, and human beings and other living creatures, plants, micro-organisms and property. The EPA vests with the Government of India, the power to take any measure it deems necessary or expedient for protecting and improving the quality of the environment and preventing and controlling environmental pollution. This includes rules for the quality of environment, standards for emission of discharge of environment pollutants from various sources as provided under the Environment (Protection) Rules, 1986, inspection of any premises, plant, equipment, machinery, and examination of manufacturing processes and materials likely to cause pollution.

Further, the Ministry of Environment and Forests looks into Environment Impact Assessment. The Ministry receives proposals for expansion, modernization and setting up of projects and the impact which such projects would have on the environment which is assessed by the Ministry in detail before granting clearances for such proposed projects. Additionally, under the Environmental Impact Assessment Notification, 2006 and its subsequent amendments, projects are required to mandatorily obtain environmental clearance from the concerned authorities depending on the potential impact on human health and resources.

National Environment Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

1. Conservation of Critical Environmental Resources
2. Intra-generational Equity: Livelihood Security for the Poor
3. Inter-generational Equity

4. Integration of Environmental Concerns in Economic and Social Development
5. Efficiency in Environmental Resource Use
6. Environmental Governance
7. Enhancement of resources for Environmental Conservation.

The Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”)

The Air Act provides for the prevention, control and abatement of air pollution. Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant. The State Pollution Control Board must decide on the application within a period of four months of receipt of such application. The consent may contain certain conditions relating to specifications of pollution control equipment to be installed at the facilities. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the State Pollution Control Board. The Air Act prescribes specific amounts of fine and terms of imprisonment for various contraventions.

The Noise Pollution (Regulation & Control) Rules 2000 (“Noise Regulation Rules”)

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

The Plastic Waste Management Rules, 2016

Plastic has multiple uses and the physical and chemical properties lead to commercial success. However, the indiscriminate disposal of plastic has become a major threat to the environment. In particular, the plastic carry bags are the biggest contributors of littered waste and every year, millions of plastic bags end up in to the environment vis-a-vis soil, water bodies, water courses, etc. and it takes an average of one thousand years to decompose completely. In view thereof, the Plastic Waste Management Rules, 2016 was enacted (a) to bring in the responsibilities of producers and generators, both in plastic waste management system and to introduce collect back system of plastic waste by the producers/brand owners, as per extended producers responsibility; (b) to introduce collection of plastic waste management fee through pre-registration of the producers, importers of plastic carry bags/multilayered packaging and vendors selling the same for establishing the waste management system; (c) to promote use of plastic waste for road construction as per Indian road congress guidelines or energy recovery, or waste to oil etc. for gainful utilization of waste and also address the waste disposal issue; and (d) to entrust more responsibility on waste generators, namely payment of user charge as prescribed by local authority, collection and handing over of waste by the institutional generator and event organizers.

The Municipal Solid Wastes (Management and Handling) Rules, 2000 (“Waste Management Rules, 2000”) as superseded by Solid Waste Management Rules, 2016 (“Waste Management Rules, 2016”)

The Waste Management Rules, 2000 applied to every municipal authority responsible for collection, segregation, storage, transportation, processing and disposal of municipal solid wastes. Any municipal solid waste generated in a city or a town, was required to be managed and handled in accordance with the compliance criteria and the procedure laid down in Schedule II of the Waste Management Rules, 2000. The Waste Management Rules, 2000 make the persons or establishments generating municipal solid wastes responsible for ensuring delivery of wastes in accordance with the collection and segregation system as notified by the municipal authority. The Waste Management Rules, 2000 have been superseded by the Waste Management Rules, 2016 which stipulate various duties of waste generators which, inter alia, include segregation and storage of waste generated by them in the manner prescribed in the Waste Management Rules, 2016; separate storage of construction and demolition waste and payment of user fee for solid waste management as specified in the bye-laws of the local bodies.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 08 (“Hazardous Wastes Rules”) as amended by the Hazardous (Management and Transboundary Movement) Amendment Rules, 2022

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “Hazardous Waste Rules”) The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “hazardous waste” has been defined in the Hazardous Waste Rules and any person who has, control over the affairs of the factory or the premises or any person in possession of the hazardous waste has been defined as an “occupier”. Every occupier and operator of a facility generating hazardous waste must obtain authorization for, inter alia, the generation, processing, treatment, package, storage, transportation, use, collection, destruction or transfer of the hazardous waste from the relevant state pollution control board. Further, the occupier, importer or exporter and operator is liable for all damages caused to the environment resulting from the improper handling and disposal of hazardous and other waste and the occupier or operator of the disposal facility shall be liable to pay any financial penalty that may be levied for any violation of the provisions of the Hazardous Waste Rules by the respective state pollution control board with the prior approval of the central pollution control board.

The E-Waste Management Rules, 2016 (the “E-Waste Rules”)

The E-Waste Rules apply to every manufacturer, producer, consumer, bulk consumer, collection centres, dealers, e-retailer, refurbisher, dismantler, and recycler involved in manufacture, sale, transfer, purchase, collection, storage and processing of e-waste or electrical and electronic equipment as classified under the E-Waste rules, including their components, consumables, parts and spares which make the product operations. The E-Waste Rules mandate that a manufacturer must obtain an authorization from the state pollution control board and also submit annual returns to the same Authority. Producers of such e-waste also have extensive responsibilities and obligations and may come under the scrutiny of either the central pollution control board or the state pollution control board. The manufacturer, producer, importer, transporter, refurbisher, dismantler and recycler shall be liable for all damages caused to the environment or a third party due to improper handling and management of the e-waste and may have to pay financial penalties as levied for any violation of the provisions under these rules by the state pollution control board with the prior approval of the central pollution control board.

The Public Liability Insurance Act, 1991 and The Public Liability Insurance Rules, 1991

The Public Liability Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substance. A list of hazardous substances covered by the Public Liability Act has been enumerated by the Government of India by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute a sum equal to the premium paid on the insurance policies towards the environment relief fund.

National Green Tribunal Act, 2010

The NGT Act is an act under which the National Green Tribunal ("NGT") has been constituted for the effective and expeditious disposal of cases relating to environmental protection and conservation of forests and other natural resources including enforcement of any legal right relating to environment and giving relief and compensation for damages to persons and property and for matters connected therewith or incidental thereto. The Tribunal's jurisdiction in environmental matters shall provide speedy environmental justice and help reduce the burden of litigation in the higher courts. The Tribunal shall not be bound by the procedure laid down under the Code of Civil Procedure, 1908, but shall be guided by principles of natural justice. The tribunal is mandated to make and endeavour for disposal of applications or appeals finally within 6 months of filing of the same. Initially, the NGT is proposed to be set up at five places of sittings and will follow circuit procedure for making itself more accessible; New Delhi is the Principal Place of Sitting of the Tribunal and Bhopal, Pune, Kolkata, Allahabad and Chennai shall be the other place of sitting of the Tribunal.

Foreign Trade (Development and Regulation) Act, 1992 [“FT(D&R) Act”]

The FT(D&R) Act seeks to increase foreign trade by regulating imports and exports to and from India. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Foreign Trade Policy, 2023 provides that no person or company can make exports or imports without having obtained an importer exporter code (“IEC”) number unless such person or company is specifically exempted. The application process for obtaining an IEC number or updating of the IEC number is completely online. Failure to obtain the IEC number shall attract penalty under the FTA.

Ownership restriction of FII

Under the portfolio investment scheme, the total holding of all FIIs together with their sub-accounts in an Indian company is subject to a cap of 24% of the paid-up capital of a company, which may be increased up to the percentage of sectoral cap on FDI in respect of the said company pursuant to a resolution of the board of directors of the company and the approval of the shareholders of the company by a special resolution in a general meeting. The total holding by each FII, or in case an FII is investing on behalf of its sub-account, each sub-account should not exceed 10% of the total paid-up capital of a company.

Laws related to Overseas Investment by Indian Entities

Overseas investment by Indian Entities are governed under Foreign Exchange Management Act, 1999 under which the central Government of India have notified Foreign Exchange Management (Overseas Investment) Rules, 2022 in suppression of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2004 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property Outside India) Regulations, 2015. Followed by the rules, RBI has vide notification no. RBI/2022-2023/110, A.P. (DIR Series) Circular No.12 dated August 22, 2022 issued Foreign Exchange Management (Overseas Investment) Directions, 2022 and Foreign Exchange Management (Overseas Investment) Regulations, 2022. These legislations frame the investment fields, mode and cap for various sectors and regions, by any person resident in India and the reporting requirements.

Foreign Trade Policy, 2023

The Central Government of India in exercise of powers conferred under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992 (No. 22 of 1992) [FT (D&R) Act], as amended, has notified Foreign Trade Policy (FTP) 2023 which is effective from April 01, 2023 and shall continue to be in operation unless otherwise specified or amended. It provides for a framework relating to export and import of goods and services. All exports and imports made up to 31.03.2023 shall, accordingly, be governed by the relevant FTP, unless otherwise specified.

INTELLECTUAL PROPERTY LEGISLATIONS

Intellectual property in India enjoys protection under both common law and statutes. Under statutes, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. These enactments provide for the protection of intellectual property by imposing civil and criminal liability for infringement. In addition to the domestic laws, India is party to several international intellectual property related instruments including the Patent Cooperation Treaty, 1970, the Paris Convention for the Protection of Industrial Property, 1883, the Berne Convention for the Protection of Literary and Artistic Works, 1886, the Universal Copyright Convention adopted at Geneva in 1952, the International Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organizations, 1961, and as a member of the World Trade Organisation, India also is a signatory to the Agreement on Trade Related aspects of Intellectual Property Rights (“TRIPS”).

Trade Marks Act, 1999 (“Trade Marks Act”)

The Trademarks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement. The Trademarks Act also governs the statutory protection of trademarks and prohibits any registration of deceptively similar trademarks or chemical compounds, among others. A ‘Mark’ may consist of a word or invented word, signature, device, letter, numeral, brand, heading, label, name written in a particular style, the shape of goods other than those for which a mark is proposed to be used, or any combination thereof or a combination of colours and so forth. Indian law permits the registration of trademarks for both goods and services. It also provides for infringement, falsifying and falsely applying for trademarks. Under the provisions of the Trademarks Act, an application for trademark registration may be made before the Trademark Registry by any person claiming to be the proprietor of a trade mark, whether individual or joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. The trademark once it is applied for is advertised in the trademarks journal, oppositions, if any, are invited and after satisfactory adjudication of the same, is given a certificate of registration. Once granted, a trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed for similar periods on payment of prescribed renewal fees. If not renewed, the mark lapses and the registration are required to be restored. The right to use a mark can be exercised either by the registered proprietor or a registered user. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010 (“Trademark Amendment Act”) simultaneous protection of trademarks in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark Amendment Act also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law to international practice.

Copyright Act, 1957 and the rules made thereunder

The Copyright Act, 1957, along with the Copyright Rules, 1958, (collectively, “Copyright Laws”) serve to create property rights for certain kinds of intellectual property, generally called works of authorship. The Copyright Laws protect the legal rights of the creator of an ‘original work’ by preventing others from reproducing the work in any other way. The intellectual property protected under the Copyright Laws includes literary works, dramatic works, musical works, artistic works, cinematography, and sound recordings. Various rights including ownership and economic rights are conferred on the author. These include the right to reproduce the work in any form, issue copies to the public, perform it, and offer for sale and hire. The Copyright Laws prescribe fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions. While copyright registration is not a prerequisite for acquiring or enforcing a copyright in an otherwise copyrightable work, registration constitutes prima facie evidence of the particulars entered therein and may expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Upon registration, the copyright protection for a work exists for a period of 60 years following the demise of the author. Reproduction of a copyrighted work for sale or hire, issuing of copies to the public, performance or exhibition in public, making a translation of the work, making an adaptation of the work and making a cinematograph film of the work without consent of the owner of the copyright are all acts which expressly amount to an infringement of copyright. The penalty for general infringement of copyright is imprisonment of maximum 3 (three) years and a fine of up to ₹ 2,00,000/- (Rupees Two Lakhs Only).

Design Act, 2000

It is an Act to consolidate and amend the law relating to the protection of designs. The Design Act is a complete code in itself and is statutory in nature and protects new or original designs from getting copied which cause loss to the proprietor. The proprietor upon registration gets ‘copyrights in design’ for the period of 10 years from the date of registration which can be renewed for a second period of five years, before the expiration of original period of 10 years. The controller registers a design under this Act after verifying that the design of any person, claiming to be the proprietor, is the new or original design not previously published anywhere in any country and is not against any public policy or morality. Any obvious or fraudulent imitation of a design, which is already registered, without the consent of its proprietor, is unlawful. It also prohibits the import of any material which closely resembles a registered design.

Patents Act, 1970

The Patents Act, 1970 as amended from time to time, in India has been enacted to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his

invention for the term of the patent. Pursuant to the TRIPS Agreement, product patent regime with a protection period of 20 years became applicable in India. The patent regime protects inventions through patents. The amended Patents Act defines “inventive step” to mean a feature of an invention that involves a technical advance as compared to the existing knowledge or having economic significance or both and that makes an invention not obvious to a person skilled in the art. Any person claiming to be the true and first inventor of the invention or the assignee of the true and first inventor or the legal representative of any deceased person who was entitled to make an application immediately before death may apply for a patent for an invention.

OTHER APPLICABLE LAWS

The Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 cover Insolvency of companies, Limited Liability partnerships (LLPs), unlimited liability partnerships, and individuals. The IBC 2016 has laid down a collective mechanism for resolution of insolvencies in the country by maintaining a delicate balance for all stakeholders to preserve the economic value of the process in a time bound manner. The code empowers any creditor of a Corporate Debtor (CD), irrespective of it being a Financial Creditor (FC) or Operational Creditor (OC) or secured or unsecured creditor, or the Corporate Debtor itself, to make an application before the Adjudicating Authority (AA) to initiate Corporate Insolvency Resolution Process (CIRP) against a Corporate Debtor, at their discretion, in the event of there being a default by the Corporate Debtor in payment of their dues for an amount as specified from time to time. On initiation of the Said CIRP, a resolution to be sought for the company within a time bound time period of 180 days.

The Micro, Small and Medium Enterprises Act, 2006

The Micro, Small and Medium Enterprises Development Act, 2006 as amended from time to time (MSMED Act) seeks to facilitate the development of micro, small and medium enterprises. The MSMED Act provides that where an enterprise is engaged in the manufacturing and production of goods pertaining to any industry specified in the first schedule to the Industries (Development and Regulation) Act, 1951, the classification of an enterprise will be as follows:

- where the investment in Plant and Machinery or Equipment does not exceed one crore rupees and turnover does not exceed five crore rupees shall be regarded as a Micro Enterprise;
- where the investment in Plant and Machinery or Equipment does not exceed ten crore rupees and turnover does not exceed fifty crore rupees shall be regarded as a Small Enterprise;
- where the investment in Plant and Machinery or Equipment does not exceed fifty crore rupees and turnover does not exceed two hundred and fifty crore rupees shall be regarded as a Medium Enterprise.

The MSMED Act provides for the memorandum of micro, small and medium enterprises to be submitted by the relevant enterprises to the prescribed authority. While it is compulsory for medium enterprises engaged in manufacturing to submit the memorandum, the submission of the memorandum by micro and small enterprises engaged in manufacturing is optional. The MSMED Act defines a supplier to mean a micro or small enterprise that has filed a memorandum with the concerned authorities. The MSMED Act ensures that the buyer of goods makes payment for the goods supplied to him immediately or before the date agreed upon between the buyer and supplier.

The MSMED Act provides that the agreed period cannot exceed forty-five days from the day of acceptance of goods it also stipulates that in case the buyer fails to make payment to the supplier within the agreed period, then the buyer will be liable to pay compound interest at three times of the bank rate notified by the Reserve Bank of India from the date immediately following the date agreed upon. The MSMED Act also provides for the establishment of the Micro and Small Enterprises Facilitation Council (“Council”). The Council has jurisdiction to act as an arbitrator or conciliator in a dispute between the supplier located within its jurisdiction and a buyer located anywhere in India.

The MSMED act provides for appointment and establishment of National Board by the Central Government for MSME enterprise with its head office at Delhi. The Central Government may from time to time for the purpose of promotion and development of the MSME and to enhance the competitiveness in the sector organise such programmes, guidelines or instructions, as it may deem fit. In case of any offences under this act, no court inferior to that of Metropolitan Magistrate or Chief Metropolitan Magistrate shall try the offence under this Act.

Municipality Laws

Pursuant to the Seventy Fourth Amendment Act, 1992, the respective State Legislatures in India have the power to endow the Municipalities (as defined under Article 243Q of the Constitution of India) with the power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India which includes regulation of public health. The respective States of India have enacted laws empowering the Municipalities to regulate public health including the issuance of a health trade license for operating eating outlets and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

Approvals from Local Authorities

Approvals from Local Authorities Setting up of a factory or manufacturing / housing unit entails the requisite planning approvals to be obtained from the relevant Local Panchayat(s) outside the city limits and appropriate Metropolitan Development Authority within the city limits. Consents are also required from the state pollution control board(s), the relevant state electricity board(s), the state excise authorities, sales tax, among others, are required to be obtained before commencing the building of a factory or the start of manufacturing operations

Information Technology Act, 2000 (the “IT Act”) and the rules made thereunder

The IT Act seeks to: (i) provide legal recognition to transactions carried out by various means of electronic data interchange involving alternatives to paper-based methods of communication and storage of information; (ii) facilitate electronic filing of documents; and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The IT Act provides for extraterritorial jurisdiction over any offence or contravention under the IT Act committed outside India by any person, irrespective of their nationality, if the act or conduct constituting the offence or contravention involves a computer, computer system or computer network located in India. Additionally, the IT Act empowers the Government of India to direct any of its agencies to intercept, monitor or decrypt any information in the interest of sovereignty, integrity, defence and security of India, among other things. The Information Technology (Procedure and Safeguards for Blocking for Access of Information by Public) Rules, 2009 specifically permit the Government of India to block access of any information generated, transmitted, received, stored or hosted in any computer resource by the public, the reasons for which are required to be recorded by it in writing.

The IT Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability in the form of payment of damages by way of compensation on a body corporate for failure to protect sensitive personal data. The IT Act also prescribes civil and criminal liability including fines and imprisonment for computer related offences including those relating to unauthorized access to computer systems, tampering with or unauthorised manipulation of any computer, computer system or computer network and damaging computer systems, and creates liability for negligence in dealing with or handling any sensitive personal data or information in a computer resource and in maintaining reasonable security practices and procedures in relation thereto, among others.

The IT Act empowers the Government of India to formulate rules with respect to reasonable security practices and procedures and sensitive personal data. In exercise of this power, the Department of Information Technology, (“DoIT”) Ministry of Electronics and Information Technology, Government of India, in April 2011, notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (“IT Security Rules”) which prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, ensuring security of all personal data collected by it and publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected, and any third-party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

The DoIT also notified the Information Technology (Intermediaries Guidelines and Digital Media Ethics Code) Rules, 2021 (“IT Intermediary Rules”) requiring intermediaries and publishers receiving, storing, transmitting, or providing any service with respect to electronic messages or any other information to not knowingly host, publish,

transmit, select or modify any information prohibited under the IT Intermediary Rules, to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it, as well as specifying the due diligence to be observed by intermediaries. The IT Intermediary Rules further requires the intermediaries to provide for a grievance redressal mechanism and appoint a nodal officer and a resident grievance officer.

 - iii) The terms of reference to our engagements with the Company requesting us to carry out the assignment, in connection with the Draft Prospectus being issued by the Company for its proposed IPO of equity shares; and
 - iv) The Guidance Note on Reports in Company Prospectus (Revised 2019) issued by the Institute of Chartered Accountants of India (“Guidance Note”).
3. We have examined the accompanied Restated Statement of Profit and Loss for the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022 and the Restated Balance Sheet as on those dates, forming Part of the Financial Information dealt with by this Report, detailed below. Both read together with the Significant Accounting Policies and Notes to Restated Financial Statement thereon, which are the responsibility of the Company’s management. The information has been extracted from the audited financial statements for the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022.

The Financial Statements for the financial year ended March 31, 2023 and March 31, 2022 have been audited by DACS & Associates, Chartered Accountants being the statutory auditors of the company which are all approved by the Board of Directors of the Company at their meeting.
4. In terms of Schedule VI (Part A) (11) (II) (A) (i) of the SEBI (ICDR) Regulations, 2018 and other provisions relating to accounts of Vdeal System Limited, we, Agrawal Uma Shankar & Co., Chartered Accountants, have been subjected to the peer review process of the Institute of Chartered Accountants of India (ICAI) and our certificate is valid as on date.
5. Based on our examination, we further report that:

- a) The Restated Statement of Balance Sheet as set out in this report, of the Company for the financial year(s) ended March 31, 2024, March 31, 2023 and March 31, 2022 are prepared by the Company and approved by the Board of Directors. These Restated Balance Sheet, have been arrived at after making such adjustments and regroupings to the financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Restated Financial Statement as set out in this Report.
 - b) The Restated Statement of Profit and Loss as set out in this report of the Company for the financial year(s) ended March 31, 2024, March 31, 2023 and March 31, 2022 are prepared by the Company and approved by the Board of Directors. These Restated Statement of Profit and Loss have been arrived at after making such adjustments and regroupings to the financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Restated Financial Statement as set out in this Report.
 - c) The Restated Statement of Cash Flow as set out in this report of the Company for the financial year(s) ended March 31, 2024, March 31, 2023 and March 31, 2022 are prepared by the Company and approved by the Board of Directors. These Restated Statement of Cash Flow have been arrived at after making such adjustments and regroupings to the financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Restated Standalone Financial Statement as set out in this Report.
 - d) The Restated Financial Statements have been made after incorporating adjustments for:
 - i. The changes, if any, in accounting policies retrospectively in respective financial years to reflect the same accounting treatment as per the changed accounting policy for all the reporting period /years.
 - ii. Prior period and other material amount in the respective financial years to which they relate which are stated in the Notes to Restated Standalone Financial Statement as set out in this Report.
 - e) There were no qualifications in the Audit Reports issued by Statutory Auditors for the financial year(s) ended March 31, 2023 and March 31, 2022 which would require adjustments in this Restated Financial Statements of the Company.
 - f) The Company has not paid any dividend since its incorporation.
6. In our opinion, the Restated Financial Statements and Other Financial Information read with the significant accounting policies and notes to the Restated Financial Statements have been prepared in accordance with Section 26 of Companies Act, 2013 and the SEBI Regulations and the Guidance Note on the Reports in Company Prospectus (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI). Consequently, the financial information has been prepared after making such regroupings and adjustments as were, in our opinion, considered appropriate to comply with the same. As a result of these regrouping and adjustments, the amount reported in the financial information may not necessarily be the same as those appearing in the respective audited financial statements for the relevant years.
 7. This report should not in any way be construed as a re-issuance or re-dating of any of the previous audit reports issued by any other firm of Chartered Accountants nor should this report be construed as a new opinion on any of the financial statements referred to therein.

8. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
9. This report is intended solely for your information and for inclusion in the Offer document in connection with the Company's proposed IPO of equity shares and is not to be used, referred to or distributed for any other purpose without our prior written consent.

2 Significant Accounting Policies.

1 Basis of Preparation

This restated financial statements has been prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on accrual basis. GAAP comprises mandatory accounting standards specified under Section 133 of the Act, read with Companies (Accounting Standards) Rules, 2011 and the provisions of the Companies Act, 2013. The accounting policy have been consistently applied by the company and are consistent with those used in previous year except in case of better disclosure of relevant reliable information and matching concepts. The Company has rounded off all the amounts in these restated financial statements and two decimal thereof, unless otherwise specifically stated.

Operating cycle

All assets and liabilities have been classified as current and non-current as per the companies operating cycle and of other criteria set out in Schedule -III of Companies Act 2013. Based on the nature of operation, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities. The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. Deferred tax asset and liabilities are classified as non-current only.

2 Summary of Significant Accounting Policies.

a. Use of Estimates

The preparation of the restated financial statements in conformity with Indian GAAP requires the management to make judgements, estimates and assumptions that affect the reported amounts of the assets and liabilities (including contingent liabilities) and the reported income and expenses during the period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring as material adjustment to the carrying amount of assets or liabilities in the future periods.

b. AS - 2 Valuation of inventories

Inventories are valued at the lower of cost and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including octroi, conversion charges and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads.

c. AS - 3 Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

d. AS - 4 Events Occurring after the Balance Sheet date

Assets and Liabilities are adjusted for events occurring after the Balance Sheet date that provide additional evidence to assist the estimation of amounts relating to condition existing at the Balance sheet date.

e. AS - 5 Net Profit or Loss for the Period, Prior Period Items, and changes in Accounting Policies

Significant items of Extra-Ordinary Items, and Prior Period Incomes and Expenditures, are accounted in accordance with Accounting Standards 5.

f. AS - 9 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from Sales

Revenue is primarily derived from manufacturing & trading of electrical control panel, automation panel, equipment and apparatus and AMC of the same. Sales are recorded net of GST collected.

Other income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

g. AS - 10 Accounting for Property, Plant and Equipments**Property, Plant and Equipments**

Property, Plant and Equipment are stated at cost less accumulated depreciation (other than freehold land where no depreciation is charged). The Company capitalizes all costs relating to PPE till such assets are installed. (iii) Asset given under operating leases are included under Fixed Assets. The land has been procured on lease basis from IDCO through an auction. Though there was premises at the time of auction but the same was not having a good condition, therefore, company keeps on investing on civil construction of the building.

m.	<p>AS - 20 Earnings Per Share</p> <p>Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.</p>
n.	<p>AS - 22 Accounting for Taxes on Income</p> <p>1 Current income tax is measured at the amount expected to be paid to tax authorities in accordance with the Income Tax Act, 1961 that is enacted or substantially enacted on the reporting date.</p> <p>2 Deferred tax liability/asset resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantially enacted as on Balance Sheet date. The deferred tax asset is recognized and earned forward only to the extent that there is reasonable certainty that the assets will be realized in future. The carrying amount of deferred tax assets are reviewed at each balance sheet date.</p>
o.	<p>AS - 26 Intangible Assets</p> <p>Intangible assets are recognized when the assets is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the assets will flow to the company and cost of the assets can be reliably measured.</p> <p>The company has intangible assets which are procured externally. The amortization of the intangible assets are based on the license period of those assets.</p>
p.	<p>AS - 28 Impairment of Assets</p> <p>No such impairment process for tangible assets is carried out by the company during the current year.</p>
q.	<p>Provisions and contingencies</p> <p>A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.</p>
r.	<p>Cash and cash equivalents</p> <p>Cash comprises cash in hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.</p>
s.	<p>Material regrouping</p> <p>i. With effect from April 1 2014, Schedule III notified under the Companies Act, 2013 has become applicable to the Company for preparation and presentation of its financial statements. The adoption of Schedule III does not impact recognition and measurement principles followed for preparation of financial statements. Further, there is no significant impact on the presentation and disclosures made in the financial statements on adoption of Schedule III.</p> <p>ii. As compared to Revised Schedule VI Appropriate adjustments have been made in the Restated Financial Information, wherever required, by a reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows in order to bring them in line with the groupings as per the audited financial statements of the Company as at and for the year ended March 31, 2024, prepared in accordance with Schedule III and the requirements of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (as amended).</p>

Notes:

- The ratios have been computed as per the following formulas:

(i) Basic and Diluted Earnings per Share:

Restated Profit after Tax attributable to equity shareholders
Weighted average number of equity shares outstanding during the period/year end

(ii) Return on Net worth (%):

Restated Profit after Tax
Restated Net worth as at period/year end

(iii) Net Asset Value (NAV) per Equity Share:

Restated Net worth as at period/year end
Total Number of equity shares as at period/year end

- The figures disclosed above are based on the Restated Financial Information of the Company.

3. Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted for the number of equity shares issued during the period/year multiplied by the time weightage factor. The time weightage factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.
4. Net worth for the ratios represents sum of share capital and reserves and surplus (surplus in the Restated Summary Statement of Profit and Loss).
5. Earnings per share calculations are done in accordance with Accounting Standard (AS)-20 "Earning per Share", issued by the Institute of Chartered Accountants of India.
6. Earnings Before Interest, Taxes, Depreciation & Amortization (EBITDA) = Profit Before Tax + Finance Cost (Interest) + Depreciation & Amortization

Revenue from operations:

Our company is generating revenue by manufacturing and trading of electrical control panel through providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product

design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety

Other Income:

Our other income primarily consists of interest income.

Expense:

Company's expenses consist of Cost of Raw Materials Consumed, Change in Inventories of Finished Goods, Work-In-Progress, Employee benefits expense, Finance Cost, Depreciation and Amortization Expenses and Other Expenses.

Cost of Raw Materials Consumed:

Cost of Raw Materials Consumed comprises of MS Sheet, GI Sheet, Copper Wires, Copper Bus Bars, Aluminum Bus Bars, Meters, Electrical switchgears like (Vacuum Circuit Breakers/ Air Circuit breaker/ MCCB/Contactors/APFC relay/ Overload relays etc), Variable Frequency Drive, Programmable Logic Controllers, HMI - LCD display, Reactor, Thyristor, Automatic Power Factor Correction (APFC) relay, Protection relay, Off load isolator, Transformers, Current Transformers, Power Transformer, Structured Powder etc.

Changes in inventories of finished goods & Work-In-Progress

Changes in Inventories of finished goods and Work-In-Progress i.e. difference between opening stock, closing stock of Finished Goods & Work-In-Progress.

Employee benefits expense:

Our Employee Benefits Expense primarily comprises of Salaries & wages, Bonus, Remuneration to directors, and Staff welfare expenses etc.

Finance Costs:

Our finance cost includes Interest on Term loan, Interest on Cash Credit, Interest on Other loan and Processing Fees on Loan & Other charges etc.

Depreciation and Amortization Expenses

Depreciation includes depreciation on Factory Buildings, Plant & Machinery, Electrical Equipment, Computers, Motor Car, Furniture & Fixtures and software etc.

Other Expenses:

Our Other Expenses consists of Production Expenses and Administrative Expenses which further consist of Fabrication Charges, Carriage Inward, Wiring charges, Business Promotion Expenses, Consultancy Fees, Electricity Charges, Carriage Outward Charges, Filing Fees, General Expenses, Repair & Maintenance, Travelling & Conveyance, Registration and Renewal Fees, Entertainment Expenses, Training and Education fees, Insurance Charges, Security Service Charges, Factory Building Maintenance Charges and Vehicle Running & Maintenance Charges etc.

Summary of major items of Income and Expenditure:

Revenue From Operations: - Our revenue from operations is derived by manufacturing and trading of electrical control panel through providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety. Notably, a substantial proportion of our revenue results from the sale of our key products i.e. electrical control panel, constituting 99.66%, 99.86% and 99.90% of total revenue during the financial years ending 2021-22, 2022-23 and 2023-24 respectively.

Details of Financial Year 2023-24 compared to Financial Year 2022-23 (Based on Restated Financial Statements)

Total Income: -Total Income for the Financial Year 2023-24 stood at Rs 2,625.08 Lakhs whereas the same stood at Rs. 2,075.41 Lakhs in financial year 2022-23, representing an increase of 26.48%. This significant growth is mainly attributable to increase in sales of the company which is mainly on account of company's focus on growth in production and sale of its key product i.e. Smart Electrical Control Panels and Automation Panels.

Revenue from Operations: -Revenue from Operation for Financial Year 2023-24 stood at Rs 2,622.48 Lakhs as against Rs 2,072.40 Lakhs in financial year 2022-23 representing an increase of 26.54%. The same is mainly due to increase in revenue from operation from manufacturing and trading of electrical control panel through providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety. It is also analyzed that total revenue from operation to total income constitute 99.86% in financial year 2022-23 in comparison to 99.90.% in financial year 2023-24 which is mainly on account of company's focus on growth in production and sale of its key product i.e. Smart Electrical Control Panels and Automation Panels.

TOTAL INCOME	2,625.08	100	2075.41	100

Other Income: - The Other income for financial year 2023-24 was Rs 2.60 Lakhs compared to Rs 3.01 Lakhs in financial Year 2022-23 representing a decline of 13.59%. This decline primarily attributes to the reduction in revenue from interest income during the financial year 2023-24, by Rs 0.41 lakhs.

Total Expenses: -Total Expense for Financial Year 2023-24 stood at Rs 2,198.73 Lakhs whereas the same stood at Rs. 1,926.64 Lakhs in financial year 2022-23, representing a significant increase of 14.12%. It has been analyzed that total expenses in proportion to total revenue constitute 83.76% in financial year 2023-24 in comparison to 92.83% in financial year 2022-23, which represent a decline by 9.07%. An improvement in operating managerial efficiency has been seen in current year resulting in lower expense-to-income ratio in financial year 2023-24, despite significant growth in both income and expenses.

Cost of Raw Materials Consumed: -Cost of Material Consumed for Financial Year 2023-24 stood at Rs 1,904.45 Lakhs, whereas the same stood at Rs 1,644.51 Lakhs in financial year 2022-23, representing an increase of 15.81%. This is due to the company experiencing a notable expansion in production during the Financial Year 2023-24, with higher production levels, the demand for raw materials, components, and supplies also increased, leading to a surge in the Cost of Material Consumed. It represents 72.55% of total income in the Financial Year 2023-24 whereas in financial year 2022-23 it comprises 79.24% of total income, this represents decrease from previous year as compared to total income which resulted increase in Profit after Tax during the year.

Changes in Inventories of Finished Goods and Work-In-Progress: - Changes in Inventory of Finished Goods and Work-In-Progress (WIP) reflect an decrease from Rs (115.70) Lakhs in financial year 2022-23 to Rs. (221.68) lakhs in financial year 2023-24. This represents a decrease of 91.60% from previous year. The shift in inventory levels is mainly due to several factors, including the increased production and other variable factors leading to increase in inventory levels at the end of financial year 2023-24. In the financial year 2023-24, this change represented (8.44%) of the total income. This reflects an decrease from the previous financial year, 2022-23, where it comprised (5.57%) of the total income.

Employee benefits expense: -Employee Benefit Expense for Financial Year 2023-24 stood at Rs 222.12 Lakhs marking a noteworthy increase when compared to the preceding financial year 2022-23, where the expense was recorded at Rs 197.56 Lakhs. This represents a substantial increase of 12.43%. The growth in employee benefit expenses is due to routine annual salary increments, overtime charges associated with increased production, and the recruitment of new employees. It represents 8.46% of Total Income in the Financial Year 2023-24 whereas in financial year 2022-23 it contributes 9.52% of Total income.

Finance Cost: - Finance Cost for Financial Year 2023-24 stood at Rs 109.62 Lakhs marking an increase compared to the preceding financial year, 2022-23, where the cost was reported at Rs 83.35 Lakhs. This represents an increase of 31.51% which can be attributed to increase in interest expenses and bank charges. When assessing the proportion of finance costs in relation to the total income, it is observed that in the financial year 2023-24, these costs constituted 4.18% of the total income. This is an increase from the previous financial year, 2022-23, where they contributed 4.02% of the total income. This reduction in the finance cost indicates a more efficient management of finance costs in comparison to total income.

Depreciation and Amortization Expenses: - Depreciation & Amortization expenses for Financial Year 2023-24 stood at Rs 20.12 Lakhs whereas the same stood at Rs 18.57 Lakhs in financial year 2022-23, representing an increase of 8.33% compared to previous year, this is due to purchase of Electrical Equipment, Furniture & Fixture, Computer , Franchise Fees and Car by the company. It has been observed that in financial year 2023-24 depreciation and amortization represent 0.77% of total income whereas in financial year 2022-23 it contributes 0.89% of total income which represent decrease in depreciation expenses in respect of total income.

Other Expenses: -Other Expense for Financial Year 2023-24 stood at Rs. 164.10 Lakhs reflecting an increase compared to the Financial Year 2022-23, where the expenses stood at Rs. 98.34 Lakhs. This represents an increment of 66.87%. The increase in other expenses is primarily due to an upsurge in costs related to production which encompass Fabrication charges, loading and unloading charges, Wiring charges and Administrative charges which includes Business Promotion Expenses, Consultancy Fees, Filing Fees, General Expenses, Travelling & Conveyance, Training and Education fees, Insurance Charges and Factory Building Maintenance Charges, etc. It has been analyzed that proportion of other expenses with the total income, it constitutes 6.25% in the financial year 2023-24, whereas in financial year 2022-23, they contribute 4.74% of total income.

Restated Profit before Exceptional Items, Extraordinary Item & Tax: -Restated Profit before Exceptional Items, Extraordinary Item & Tax was Rs 426.34 Lakhs in Financial Year 2023-24 as compared to Rs 148.77 Lakhs in financial year 2022-23. This increase is mainly due to the improvement in the company's financial performance during the financial year 2023-24. In spite of increase in total income of the company, the total expenses of the company have not increased drastically in financial year 2023-24. When analyzing the Restated Profit before Exceptional Items, Extraordinary Item & Tax in proportion to the total income, it is observed that in the financial year 2023-24, this profit represented 16.24% of the total income. Whereas in financial year 2022-23, this contributes 7.17% of total income.

Profit after Tax: - The Company had reported net profit after tax of Rs 311.38 lakhs, in financial year 2023-24, which marks a substantial increase when compared to the preceding financial year, 2022-23, where the PAT was Rs 110.09 lakhs. There is an increase in PAT by 182.83% which is mainly due to an increase in revenue from operation and increase in revenue from our Manufactured product in the financial year 2023-24. When analyzing the Restated Profit After Tax (PAT) in proportion to the total income, it is observed that in the financial year 2023-24 PAT represented 11.86% of the total income. Whereas in financial year 2022-23, PAT contributes 5.30% of total income. There is a significant improvement in managerial efficiency of the company in the sense that the total expenses to total income ratio in financial year 2023-24 was 83.76% whereas in Financial year 2022-23, the ratio was 92.83%.

The detailed reason for increase in PAT Margin are:

1. Decrease in production cost and total expenses from previous year:

During the year ended March 31, 2023, the cost of production as compared to total revenue has decreased. In the previous year March 31, 2023, total expenses amounted Rs. 1,926.64 lakhs incurred which is 92.83% of the total income, indicating a high proportion of costs relative to income. However, in the current financial year ended March 31, 2024, this ratio has improved, with production costs amounting Rs. 2,198.74 lakhs and the same is 83.76% of total income. This reduction in cost in compared to total income had a positive impact on Profit After Tax (PAT), which has resulted in such increase. This improvement reflects efficient cost management strategies implemented by the company. The decrease in production costs signifies potential operational efficiencies implemented by the company, breakup of which has been provided as under:

Particulars	Absolute Figures (Amount Rs. In Lakhs)		% on Total Income	
	March 31, 2024	March 31, 2023	March 31, 2024	March 31, 2023

Total Expenses	1,198.44	1,926.64	83.76	92.83

2. Increase in production quantity:

Focusing on higher-margin products and optimizing pricing has directly improved gross profit margins of the Company. During the financial year ended March 31, 2024 the company has increased production which has impacted in Inventories of finished goods and Work in progress of the company. During the previous year March 31, 2023 changes in inventories of finished goods and WIP of the company was Rs. (115.70) lakhs which was (5.57%) of total income of the company, whereas in current financial year ended March 31, 2024 changes in inventories of

finished goods and WIP is Rs. (221.68) lakhs which is (8.44%) of total income. The aggregate impact of the changes in inventories has reduced the cost and hence PAT of the company has increased by 11.86% during the financial year ended March 31, 2024. This increase in production quantity is majorly due to following reasons:

a) **Increase in sale of high margin product and product mix:**

During the financial year ended March 31, 2023, the Company has manufactured and sold the products at high margins to few of its new customers throughout the year. Further, Company has added new product in Manufacturing segment i.e., Bus duct to its portfolio in the Previous year which is having high margin.

b) **Increase in Product price:**

The increase in product prices during the financial year March 31, 2024, combined with inventory acquired earlier at lower prices, contributed to a rise in the company's PAT margin. This allowed the company to capitalize on the heightened market value. The strategic timing of sales at increased prices increases the revenue generated from existing inventory, which impacting the PAT positively during the financial year ended March 31, 2024.

c) **Negotiation with OEMs and higher incentives when deal for high order size.**

Company has established direct partnerships with leading OEMs, enabling them to benefit from substantial discounts on raw material purchases, especially for large orders. As the procurement volumes increases, there is a corresponding increase in incentives from both OEMs. Furthermore, rates from these OEMs tend to improve over time, reflecting the strength and longevity of the business relationships.

d) **Less Competition in large-value order delivery:**

Reduced competition in delivering large-value orders allows our company to leverage pricing power, operational efficiencies, economies of scale, and enhanced customer relationships to improve PAT margins. It underscores the importance of strategic positioning, differentiation, and customer-centric approaches in achieving sustained profitability.

3. **Proper utilization of resources:**

Employee benefit expenses of the company during the previous year March 31, 2023 was Rs. 197.56 lakhs which is 9.52% of total income. Whereas the expenses for the employees benefit for the current financial year is Rs. 222.12 lakhs and the same is 8.46% of total income. Despite the revenue changes during the year consistency in salary expenses from the previous year has not changed significantly, this shows the efficiency of the staff improved during the financial year March 31, 2024. This is resulted from training initiatives, organizational restructuring and proper leadership of promoter which ultimately leading to higher output with the same level of expenditure.

4. **Economies of scale:**

In addition to focusing on lowering direct costs through discounts, we have also implemented cost reduction measures aimed at reducing non-operating expenses like depreciation, amortization, etc. This strategic reduction in non-operating expenses compared to previous years has contributed significantly to enhancing the company's bottom line.

Details of Financial Year 2022-23 compared to Financial Year 2021-22 (Based on Restated Financial Statements)

Total Income: -Total Income for the Financial Year 2022-23 stood at Rs 2,075.41 Lakhs whereas the same stood at Rs. 1,623.96 Lakhs in financial year 2021-22, representing an increase of 27.80%. The same is mainly due to increase in revenue from operation and increase in the volume of business operations of the company.

Revenue from Operations: -Revenue from Operation for Financial Year 2022-23 stood at Rs 2,072.40 Lakhs as against Rs 1,618.48 Lakhs in financial year 2021-22 representing an increase of 28.05%. The same is mainly due to increase in revenue from operation from manufacturing and trading of electrical control panel through providing solutions in Smart Low Voltage (LV) panels, Smart Medium Voltage (MV) panels, Smart Variable Frequency Drive (VFD) panels, and Smart Programmable Logic Controller (PLC) panels, Air insulated & Sandwich busducts backed by In-house Product design & development, manufacturing, system integration, servicing of automation solutions and smart electrical control panels that adhere to high international IEC standards of quality and safety. It is also analysed that total revenue from operation to total income constitute 99.86% in financial year 2022-23 in comparison to 99.66% in financial year 2021-22 this increase from last year shows that company focus on growth in production and sale of its key product i.e. Smart Electrical Control Panel.

(Amount Rs. In Lakhs except Percentage)

Particulars	March 31, 2023	% of Income	March 31, 2022	% of Income
Gross Sale of Products	2,438.06	117.47	1,900.16	117.01
Less- GST	(365.65)	(17.62)	(281.68)	(17.35)
Net Revenue from operations	2,072.40	99.86	1,618.48	99.66
Total Income	2,075.41	100.00	1,623.96	100.00

Other Income: - The other income for the financial year 2022-23 amounted to Rs 3.01 Lakhs, as opposed to Rs 5.48 Lakhs in the financial year 2021-22, indicating a decrease of 45.07%. This decline primarily attributes to the reduction in revenue from interest income during the financial year 2022-23, amounting to Rs 2.47 Lakhs.

Total Expenses: -Total Expense for Financial Year 2022-23 stood at Rs 1,926.64 Lakhs whereas the same stood at Rs. 1,592.75 Lakhs in financial year 2021-22, representing a significant increase of 20.96%. It has been analyzed that total expenses in proportion to total revenue constitute 92.83% in financial year 2022-23 in comparison to 98.08% in financial year 2021-22, which represent a decline by 5.25%. This change indicates a certain level of efficiency in managing expenses proportion to the increased income and Profit after Tax, as the company has been able to maintain a lower expense-to-income ratio, despite the significant growth in both income and expenses.

Cost of Materials Consumed: -Cost of Material Consumed for Financial Year 2022-23 stood at Rs 1,644.51 Lakhs, whereas the same stood at Rs 1,365.64 Lakhs in financial year 2021-22, representing an increase of 20.42%. The increase in the cost of materials consumed attributing to various factors, like the rise in production levels and other variable factors within our manufacturing unit. The elevation in the cost of materials consumed is a direct result of increased production demands, which necessitate the procurement of raw materials, components, and supplies. Furthermore, the influence of variable factors within the manufacturing unit, such as changes in commodity prices, contributes to fluctuations in material costs. It represents 79.24% of total income in the Financial Year 2022-23 whereas in financial year 2021-22 it comprises 84.09% of total income, this represents decrease from previous year as compared to total income which resulted increase in Profit after Tax during the year.

(Amount Rs. In Lakhs except Percentage)

Particulars	March 31, 2023	% of Total Income	March 31, 2022	% of Total Income
Cost of Raw Materials consumed	1,644.51	79.24	1,365.64	84.09
TOTAL INCOME	2,075.41	100.00	1,623.96	100.00

Changes in Inventories of Finished Goods and Work-In-Progress:- Changes in Inventory of Finished Goods and Work-In-Progress (WIP) for Financial Year 2022-23 reflect a decrease of Rs (115.70) Lakhs, marking a substantial change from the previous financial year 2021-22, where the change was reported at Rs (147.51) Lakhs. This represents a decrease of 21.57% from previous year. The shift in inventory levels is mainly due to several factors, including the increased production and other variable factors and utilizing inventory of earlier year for production purpose. In the financial year 2022-23, this change represented (5.57%) of the total income. This reflects a decline from the previous financial year, 2021-22, where it comprised (9.08%) of the total income.

Employee benefits expense: -Employee Benefit Expense for Financial Year 2022-23 stood at Rs 197.56 Lakhs marking a noteworthy increase when compared to the preceding financial year, 2021-22, where the expense was recorded at Rs 159.45 Lakhs. This represents a substantial increase of 23.90%. The growth in employee benefit expenses is due to, including the routine annual salary increments, overtime charges associated with increased production, and the recruitment of new employees based on the requirement. It represents 9.52% of Total Income in the Financial Year 2022-23 whereas in financial year 2021-22 it contributes 9.82% of Total income.

Finance Cost: - Finance Cost for Financial Year 2022-23 stood at Rs 83.35 Lakhs marking an increase compared to the preceding financial year, 2021-22, where the cost was reported at Rs 74.63 Lakhs. This represents an increase of 11.69%. The rise in finance costs can be attributed to decrease in interest expenses which are set off by increase in other borrowing costs, which include bank charges. When assessing the proportion of finance costs in relation to the total income, it is observed that in the financial year 2022-23, these costs constituted 4.02% of the total income. This is a decrease from the previous financial year, 2021-22, where they contributed 4.60% of the total income. This reduction in the finance cost indicates a more efficient management of finance costs in comparison to total income.

Depreciation and Amortization Expenses: -Depreciation & Amortization expenses for Financial Year 2022-23 stood at Rs 18.57 Lakhs, reflecting a significant decrease when compared to the previous financial year, 2021-22, where the expenses were reported at Rs 47.62 Lakhs. This represents a notable decrease of 61%. The reason of decrease in depreciation and amortization expenses can be primarily be due to change in accounting policies from WDV to SLM in year 2022-23 for better presentation of Financial Affairs of the company which would increase the profit of the company by Rs. 25.06 lakhs during the year. Depreciation provided is based on using life of the assets as prescribed in Schedule II of the Companies Act 2013. However, it has been observed that in the financial year 2022-23, depreciation and amortization expense represented 0.89% of the total income. While there is a reduction from the previous financial year, 2021-22, where they contributed 2.93% of the total income.

Other Expenses: -Other Expense for Financial Year 2022-23 stood at Rs. 98.34 Lakhs reflecting an increase when compared to the previous financial year, 2021-22, where the expenses were reported at Rs.92.92 Lakhs. This represents an exceptional increase of 5.83%. The increase in other expenses is primarily due to an upsurge in costs related to several crucial operational areas, which encompass, Fabrication charges, Carriage Inward, Wiring charges, Business Promotion Expenses, Consultancy Fees, Electricity Charges, , Carriage Outward Charges, Filing Fees, General Expenses, Repair & Maintenance, Travelling & Conveyance, Registration & Renewal Fees, Entertainment Expenses, Training and Education fees, Insurance Charges, Security Service Charges, Factory Building Maintenance Charges and Vehicle Running & Maintenance Charges etc.

These expenses reflect a comprehensive spectrum of costs associated with the company's operations and business activities. It has been analyzed that other expenses in proportion to total revenue constitute 4.74% in financial year 2022-23 in comparison to 5.72% in financial year 2021-22 this represents decline in current year as a result profitability of current year increases.

Restated Profit before Exceptional Items, Extraordinary Item & Tax: - Restated Profit before Exceptional Items, Extraordinary Item & Tax for the financial year 2022-23 amounted to Rs 148.77 Lakhs which represents a substantial increase of 376.67% from the preceding financial year 2021-22, where the profit stood at Rs 31.21 Lakhs. This remarkable increase underscores the significant improvement in the company's financial performance during the financial year 2022-23. It has been analyzed that Profit before exceptional Items, Extraordinary Item & Tax in proportion to total revenue constitute 7.17% in financial year 2022-23 in comparison to 1.92% in financial year 2021-22.

Profit after Tax: -The Company had reported net profit after tax of Rs 110.09 Lakhs, in financial year 2022-23, which marks a substantial increase when compared to the preceding financial year, 2021-22, where the PAT was Rs 23.10 Lakhs. There is an increase in PAT by 376.58% which is mainly due to (a) Increase in revenue from operations stemming from our manufactured products; (b) Decrease in raw material consumption, optimizing resource utilization and cost-efficiency; (c) Reduction in changes in inventory, indicating improved inventory management practices; (d) Adjustments in the method of depreciation, potentially resulting in more favorable financial outcomes; (e) Decrease in other expenses, suggesting tightened cost controls and enhanced operational efficiency. Collectively, these factors have contributed to the notable growth in PAT, reflecting positively on the company's financial performance during the financial year 2022-23. When analyzing the proportion of Restated Profit After Tax (PAT) with the total income, it is observed that in the financial year 2022-23, PAT represented 5.30% of the total income. Whereas in financial year 2021-22, PAT contributes 1.42% of total income.

SECTION VII- LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this Chapter, as on the date of this Draft Prospectus, there are no outstanding: (i) criminal proceedings; (ii) actions taken by statutory or regulatory authorities; (iii) claims relating to any direct and indirect taxes; or (iv) other pending litigation, as determined to be material by our Board as per the Materiality Policy; in each case involving the Company, its Directors, Promoters and Promoter Group (collectively, the “Relevant Parties”). Further, except as stated in this Chapter, there are no disciplinary actions, including penalties imposed by SEBI or stock exchanges against our Promoters in the last five financial years immediately preceding the date of this Draft Prospectus, including any outstanding action. For the purpose of (iv) above, our Board, in its meeting held on May 20, 2024 has considered and adopted a policy of materiality for identification of Material Civil Litigation / Proceedings (“**Materiality Policy**”) in compliance with the SEBI (ICDR) Regulations, 2018, as amended. In terms of the Materiality Policy, (i) any outstanding litigation involving the Relevant Parties, other than criminal proceedings and outstanding statutory and regulatory actions, shall be considered “material” for the purpose of disclosure in this Draft Prospectus, if:

- a) the aggregate monetary claim/ dispute amount/ liability made by or against our Company in any such pending litigation (individually or in aggregate), exceeds 10% of the restated profit after tax of our Company for the preceding financial year included in the Restated Audited Financial Statements of the Company (amounting to ₹ 11.00 Lacs);
- b) where the decision in one litigation is likely to affect the decision in similar litigations, even though the amount involved in an individual litigation may not exceed the amount determined as per clause (a) above and the amount involved in all such litigations taken together exceeds the amount determined as per clause (a) above;
- c) Any such pending litigation / proceeding involving the Directors or Promoter of our Company, which may have a material adverse impact on the business, operations, performance, prospects, financial position or reputation our Company; and
- d) any such litigation wherein a monetary liability is not determinable or quantifiable, or which does not fulfil the threshold as specified in (a) or (b) or (c) above, as applicable, or wherein our Company is not a party, but the outcome of which could, nonetheless, have a material effect on the business, operations, performance, prospects, financial position or reputation of our Company.

It is clarified that for the purposes of the above, pre-litigation notices received by any of Relevant Parties, from third parties (other than show cause notices issued by statutory / regulatory / tax authorities or notices threatening criminal action or the first information reports) have not, and shall not, unless otherwise decided by our Board, be considered as material litigation until such time that such Relevant Party, as the case may be, is impleaded as a defendant/s in proceedings before any judicial / arbitral forum

Except as stated in this Chapter, there are no outstanding material dues to creditors of our Company. For this purpose, our Board, in its meeting held on May 20, 2024 has considered and adopted a policy of materiality for identification of Material Outstanding Dues to Creditors (“**Materiality Policy**”) in compliance with the SEBI (ICDR) Regulations, 2018, as amended. In terms of the Materiality Policy, a creditor of the Company shall be considered to be ‘material’ for the purpose of disclosure in the Draft Prospectus if amounts due to such creditor exceed 5% of the restated trade payables of our Company as at the end of the most recent period included in the restated audited financial statements of the Company. The trade payables of our Company as on March 31, 2024 was 930.17 lacs. Accordingly, a creditor has been considered ‘material’ by our Company if the amount due to such creditor exceeds ₹ 46.50 Lacs as on March 31, 2024. Further, for outstanding dues to any party which is micro, small or medium enterprise (“MSME”), the disclosure is based on information available with the Company regarding status of the creditor as defined under Section 2 of the Micro, Small and Medium Enterprises Act, 2006, as amended, has been relied upon by Statutory Auditors.

Shri Ashutosh Mohapatra and Ms. Itishree Paramita Sahoo Accused

Case No.	CC/4692/2024
Court/ Authority	Judicial Magistrate First Class, Bhubaneswar

Case No.	CC/4692/2024
Case Details	The complainant, Sri Dhiraj Kochar had a common acquaintance with the accused Mr. Ashutosh Mohapatra and Itishree Paromita Sahoo. The accused, in need of funds for their business, approached the complainant for a loan of Rs.5,00,000/- and the complainant provided the loan. The accused issued an account payee cheque dated 27.03.2024 drawn on Axis Bank. When the complainant presented the cheque for encashment on 28.03.2024, it was returned by the bank with the remark “funds insufficient”. The complainant informed the accused about the dishonored cheque, but they did not make the payment. The complainant then issued a legal demand notice to the accused, which they received. Subsequently, the complainant has filed a case against the accused under Section 138 of the Negotiable Instruments Act, 1881 for dishonor of cheque, and has prayed for the court to take cognizance of the offense and summon the accused to face trial, and after trial, convict them in accordance with the law.

2011-12	143(1)(a)	18-06-2012	23,564/-	No Appeal has been preferred against the Demand.

2) Shyamal Ghosh Roy

A.Y.	Section Code	Date of Demand	Amount (₹)	Particulars
2020-21	147	30-03-2023	6,90,922/-	The Assessee, a retired employee of Andhra Bank, filed an electronic Income Tax Return on November 08, 2020, claiming an exemption for Leave Encashment u/s 10(10AA) of Rs.3,00,000/-. Subsequently, a revised return was filed on March 24, 2021, mistakenly claiming an exemption of Rs.14,07,206/- under the belief that, as a PSU employee, he was eligible under Sec. 10(10AA)(i). Upon scrutiny, the Assessing Officer (AO) disallowed the excess exemption of Rs.11,07,246/- and initiated penalty proceedings under Sec. 270A, contending intentional

				<p>misreporting. The Penalty Order dated March 30, 2023, imposed a penalty of Rs.6,90,922/-, on the ground that the Assessee claimed exemption under the wrong sub-section. The Assessee filed an appeal bearing no. 129984980290423 before the Commissioner of Income-tax (Appeals), NFAC on 29/04/2023 against the Assessment Order passed under Sec. 143(3) dtd 30/03/2023 and challenged the Penalty Order. The argument asserts that there is no underreporting of income as the assessed income u/s 143(3) matches the processed income under 143(1). Moreover, the stringent application of Sec. 270A is contested, citing a misinterpretation of the law as a genuine mistake, not intentional misreporting. The Appellant relied on the <i>Hon'ble Supreme Court</i> ruling on <i>Hindustan Steel Ltd. vs. State of Orissa (1972) 83 ITR 26 (SC)</i> wherein it was observed that penalties should not be imposed for technical or venial breaches of the provisions of the IT Act. The appellant further argued that he had already paid tax once on the Leave Encashment Salary in the respective year in which the same fell due and as such the mistake committed by him was not deliberate and, therefore, does not fall under the category of misrepresentation and suppression of facts. Additionally, the Appellant also relied on the order delivered by <i>Hon'ble Delhi High Court</i> in the case of <i>CIT v. Harnarain (ITA No. 272 of 2010)</i> to support his contention wherein it was held that the surrender and payment of tax by Assessee post-discovery should be viewed as a bona fide gesture rather than a deliberate attempt to evade taxes. The petitioner therefore seeks relief from the penalty imposed, claiming a lack of intentional misreporting and asserting that the penalty is uncalled for, arbitrary, illegal, and void under the law.</p> <p>The matter is pending.</p>

The Company would also be coordinating with the Registrar to the Offer in attending to the grievance to the investor.

For offer related grievance investors may contact Lead Manager, the details of which are given in Chapter titled “**General Information – Investor Grievances**” on page 74 of the Draft Prospectus.

The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Applicants and UPI Applicants. Our Company, Lead Manager and the Registrar to the Issue accept no responsibility for errors, omissions, commissions or any acts of SCSBs including any defaults in complying with their obligations under applicable SEBI ICDR Regulations. In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Applicant whose Application has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

SEBI by way of its Circular No. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended or modified by SEBI Circular bearing number SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI Circular

No. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 has identified the need to put in place measures, in order to manage and handle investor issues arising out of the UPI Mechanism inter alia in relation to delay in receipt of mandates by Applicants for blocking of funds due to systemic issues faced by Designated Intermediaries/SCSBs and failure to unblock funds in cases of partial allotment/non allotment within prescribed timelines and procedures. Pursuant to the No. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, SEBI has prescribed certain mechanisms to ensure proper management of investor issues arising out of the UPI Mechanism, including: (i) identification of a nodal officer by SCSBs for the UPI Mechanism; (ii) delivery of SMS alerts by SCSBs for blocking and unblocking of UPI Mandate Requests; (iii) hosting of a web portal by the Sponsor Bank containing statistical details of mandate blocks/unblocks; (iv) limiting the facility of reinitiating UPI Applications to Syndicate Members to once per Application/Batch; and (v) mandating SCSBs to ensure that the unblock process for non-allotted/ partially allotted applications is completed by the closing hours of one Working Day subsequent to the finalisation of the Basis of Allotment.

In terms of SEBI Circular SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI Circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended or modified by SEBI Circular bearing number SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and subject to any applicable law, any ASBA Applicant whose Application has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same within three months of the date of listing of the Equity Shares with the concerned SCSB. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this said period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/ withdrawn/ deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. The following compensation mechanism shall be applicable for investor grievances in relation to Applications made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation Amount	Compensation Offered
Delayed unblock for cancelled / withdrawn / deleted applications	₹100/- per day or 15% per annum of the Application Amount, whichever is higher	From the date on which the request for cancellation/withdrawal/deletion is placed on the electronic application platform of the Stock Exchange till the date of actual unblock.
Blocking of multiple amounts for the same Application made through the UPI Mechanism	1. Instantly revoke the blocked funds other than the original application amount; and 2. ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Application Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock.
Blocking more amount than the Application Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Application Amount; and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Application Amount were blocked till the date of actual unblock.
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Application Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

The processing fees for applications made by UPI Applicants using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Application Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock

TERMS OF THE OFFER

The Equity Shares being offered pursuant to the Issue are and shall be subject to the provisions of the Companies Act, 2013, the SEBI (ICDR) Regulations, the SCRA, the SCRR, the SEBI Listing Regulations, the Memorandum of Association, the Articles of Association, the terms of the Draft Prospectus, Prospectus, the Application Form, the Revision Form, the Abridged Prospectus and other terms and conditions as may be incorporated in the Allotment Advice and other documents and certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to all the applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchange, the RBI, ROC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by SEBI, RBI, the Government of India, the Stock Exchange, the ROC and/or any other authorities while granting their approval for the Offer.

Please note that, in terms of Regulation 256 of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 read with SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the applicants applying in a public issue have to compulsorily apply through the ASBA Process. Further the SEBI in terms of its Circular No. SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016 as amended or modified by its Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, including Circular No. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, Circular No. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, Circular No. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019, Circular No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, Circular No. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, Circular No. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, Circular No. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, Circular No. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, Circular No. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, Circular No. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, Circular No. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 (to the extent that such circular pertains to the UPI Mechanism), Master Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, Circular No. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023, along with the Circular issued by the National Stock Exchange of India Limited having Ref. No. 25/2022 dated August 03, 2022 (together, the “UPI Circulars”) in relation to clarifications on streamlining the process of public issue of equity shares and convertibles it has proposed to introduce an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. Currently, for application by RIIs through Designated Intermediaries, the existing process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds is discontinued and RIIs submitting their Application Forms through Designated Intermediaries (other than SCSBs) can only use the UPI mechanism with existing timeline of T+6 days until March 31, 2020 (“UPI Phase II”). Subsequently however, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. However, due to the outbreak of COVID 19 pandemic, UPI Phase II has been further extended by SEBI until further notice by SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Applicants and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023 (“UPI Phase III”). Accordingly, the Offer will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its Circular No. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with Circular No. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI Circular No. SEBI/HO/CFD/P/CIR/2022/75 dated May 30, 2022 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances.

Further vide the said circular Registrar to the Offer and Depository Participants have been also authorized to collect the application forms. Investor may visit the official website of the concerned for any information on operationalization of this facility of form collection by the Registrar to the Offer and Depository Participants as and when the same is made available. For details in relation to issue expenses, see “Objects of the Offer” and “Other Regulatory and Statutory Disclosures” on pages 109 and 321 respectively of this Draft Prospectus.

In accordance with Section 72 (1) & 72(2) of the Companies Act, 2013 read with the Companies (Share Capital and Debentures) Rules, 2014, the sole or first applicant, along with other joint applicant, may nominate any one (1) person in whom, in the event of death of the sole applicant or in case of joint applicants, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72(3) of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72(4) of the Companies Act,2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only in the prescribed form available on request at the Registered Office of our Company or to the Registrar and Share Transfer Agents of our Company.

In accordance with the provisions of Section 72 of the Companies Act, 2013, any person becomes a nominee by virtue of the provisions of Section 72 of the Companies Act 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the Applicant would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant. Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

Withdrawal of the Offer

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Offer after the Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-offer advertisements were published, within two (2) days of the Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Lead Manager through, the Registrar to the Offer, shall notify the SCSBs and the Sponsor Bank (in case of RII's using the UPI Mechanism) to unblock the bank accounts of the ASBA Applicants to release the Application Amounts within one (1) working day from the date of receipt of such notification. Our Company shall also promptly inform the same to the Stock Exchange on which Equity Shares are proposed to be listed. If the Offer is withdrawn after the Designated Date, amounts that have been credited to the Public Issue Account shall be transferred to the Refund Account.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final ROC approval of the Prospectus after it is filed with the ROC. If our Company in consultation with the Lead Manager withdraw the Offer after the Offer Closing Date and thereafter determines that it will proceed with Public Offer of the Equity Shares, our Company shall file a fresh Draft Prospectus with the Stock Exchanges where the Equity Shares are proposed to be listed.

SEBI is in the process of streamlining and reducing the post issue timeline for initial public offers and has vide SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 notified the proposal for reducing the time period for listing of shares in public issue from existing 6 days to 3 days. The revised timeline of T+3 days has been made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Any circulars or notifications from SEBI after this Draft Prospectus may result in changes to the above-mentioned timelines. Further, the Offer procedure is subject to change to any revised circulars issued by the SEBI to this effect.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 (Three) Working Days of the Offer Closing Date, the timetable may change due to various factors, such as extension of the Offer Period by our Company in consultation with the Lead Manager, or any delay in receiving the final listing and trading approval from the Stock Exchange. In terms of SEBI Master Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 our Company shall within three days from the closure of the Offer, refund the subscription amount received in case of non-receipt of minimum subscription or in case our Company fails to obtain listing or trading permission from the Stock Exchanges for the Equity Shares. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSBs on daily basis within 60 minutes of the application closure time from the Offer Opening Date till the Application/Offer Closing Date by

obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day.

Applications submitted by ASBA applicants shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges. The Designated Intermediaries are given until 5:00 pm to modify select fields uploaded in the Stock Exchange Platform during the Offer Period after which the Stock Exchange send the application information to the Registrar to the Offer for further processing. Applications and any revision to the same shall be accepted only between 10.00 a.m. and 5:00 p.m. (IST) during the Offer Period (except for the Offer Closing Date). Investors may please further note that as per letter no. NSE/IPO/25101-6 dated July 6, 2006 issued by NSE, Applications and any revision in Applications shall not be accepted on Saturdays and public holidays as declared by the Stock Exchanges On the Offer Closing Date, the Applications and any revision to the same shall be accepted between 10.00 a.m. and 3.00 p.m. (IST) or such extended time as permitted by the Stock Exchanges, in case of Applications by Retail Individual Investors after taking into account the total number of applications received up to the closure of timings and reported by the Lead Manager to the Stock Exchanges. It is clarified that Applications not uploaded on the electronic system or in respect of which the full application amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Offer Closing Date, the Applicants are advised to submit their applications one day prior to the Offer Closing Date and, in any case, no later than 3:00 p.m. (IST) on the Offer Closing Date. All times mentioned in this Draft Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Offer Closing Date, as is typically experienced in public offerings, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Offer. Applications will be accepted only on Business Days. None among our Company or the Lead Manager is liable for any failure (i) in uploading the Applications due to faults in any software/hardware system or otherwise; and (ii) the blocking of Application Amount in the ASBA Account on receipt of instructions from the Sponsor Bank(s) on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism. In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their applications (in terms of the quantity of the Equity Shares or the Applications Amount) at any stage. Retail Individual Applicants can revise or withdraw their Applications prior to the Offer Closing Date. Except Allocation to Retail Individual Investors, Allocation in the Offer will be on a proportionate basis.

In terms of the UPI Circulars, in relation to the Offer, the Lead Managers will submit reports of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding Two (2) Working Days from the Offer Closing Date, the Applicant shall be compensated at a uniform rate of ₹ 100/- per day for the entire duration of delay exceeding Two (2) Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or the electronic Application Form, for a particular Applicant, the details as per the file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSB or the member of the Syndicate for rectified data.

- b. A standard cut-off time of 4.00 p.m. for uploading of applications received from other than Retail Individual Applicants.
- c. A standard cut-off time of 5:00 P.M. for uploading of applications received from only Retail Individual Applicants, which may be extended up to such time as deemed fit by the Designated Stock Exchange after taking into account the total number of applications received up to the closure of timings and reported by the Lead Manager to the Designated Stock Exchange within half an hour of such closure.

It is clarified that Application Forms not uploaded on electronic application platform would be rejected. In case of discrepancy in the data entered in the electronic application system vis-à-vis the data contained in the physical Application Form, for a particular Applicant, the details as per physical application form of that Applicant may be

taken as the final data for the purpose of Allotment.

Due to limitation of time available for uploading the application on the Offer Closing Date, Applicants are advised to submit their applications one day prior to the Offer Closing Date and, in any case, not later than 1:00 p.m. IST on the Offer Closing Date. Any time mentioned in this Draft Prospectus is IST. Applicants are cautioned that, in the event a large number of applications are received on the Offer Closing Date, as is typically experienced in public Offers, some applications may not get uploaded due to lack of sufficient time. Such applications that cannot be uploaded will not be considered for allocation under this Offer.

Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by Retail Individual Investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds was discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days for the UPI Mechanism for applications made by RIIs (“UPI Phase III”), and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. Accordingly, the Offer will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular

SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of this Draft Prospectus.

Further, SEBI vide Circular No. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, which came into force for public issue opening on or after May 01, 2022 has decided that all individual investors applying in initial public offerings whose application amount is up to ₹5,00,000/- shall use the UPI Mechanism. Individual investors applying under the Non - Institutional Portion bidding for more than ₹ 2,00,000/- and up to ₹ 5,00,000/-, using the UPI Mechanism, shall provide their UPI ID in the Application Form for applying through Syndicate, sub - syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Subsequently, SEBI vide Circular No. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, which came into force for public issue opening on or after, September 01, 2022 has decided that all applications made using the ASBA facility in initial public offerings shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money from fifteen (15) days to four (4) days. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding 4 (four) Working Days from the Issue Closing Date, the Applicant shall be compensated at a uniform rate of Rs.100/- per day for the entire duration of delay exceeding four Working Days from the Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Applicants should not construe the contents of this General Information Document as legal advice and should consult their own legal counsel and other advisors in relation to the legal matters concerning the Issue. For taking an investment decision, the Applicants should rely on their own examination of the Offer or and the Offer, and should carefully read the Draft Prospectus before investing in the Offer.

Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this Chapter and General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Prospectus.

This Chapter applies to all the Applicants. Please note that all the Applicants are required to make payment of full Application Amount along with the Application Form. Further, the Company and the Lead Manager are not liable for any adverse occurrences' consequent to the implementation of the UPI Mechanism for application in this Offer.

Phased implementation of Unified Payments Interface

SEBI has issued various **UPI Circulars** in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment Mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Applicant had the option to submit the ASBA Form with any of the Designated Intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase commenced on completion of Phase I i.e. with effect from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, it was decided to extend the implementation of the UPI Phase II until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by a Retail Individual Applicant through designated intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continued to be six working days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Offer is being made under Phase III of the UPI (on a mandatory basis) and will be advertised in [●] Edition of English national daily newspaper [●]; [●] edition of Hindi national daily newspaper [●] and [●] edition of the Regional daily newspaper [●] (Odia being the regional language of Orissa, where our Registered Office is located) each with wide circulation, on or prior to the Offer Opening Date and such advertisement shall also be made available to the Stock Exchange for the purpose of uploading on their website.

All SCSBs offering the facility of making application in public issues shall also provide facility to make application using UPI Mechanism. Our Company will be required to appoint one of the SCSB as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors using the UPI Mechanism.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 issued by SEBI, as amended by the SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Applicants to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post-Issue LM will be required to compensate the concerned investor.

Further in terms of the UPI Circulars, the payment of processing fees to the remitter banks (SCSBs) shall be undertaken pursuant to an application made by the SCSBs to the LM with a copy to the Registrar, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

SEBI through its Circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹5.00 Lacs, shall use the UPI Mechanism. Individual investors making Application under the Non-Institutional Portion applying for more than ₹2,00,000/- and up to ₹5,00,000/-, using the UPI Mechanism, shall provide their UPI ID in the Application Form for making application through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the

Lead Manager.

FIXED PRICE OFFER PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI (ICDR) Regulations, 2018, the Offer is being made for at least 25% of the Post-Offer Paid-Up Equity Share capital of our Company. The Offer is being made under Regulation 229(1) of Chapter IX of the SEBI (ICDR) Regulations, 2018 through the Fixed Price Offer Method. In terms of Regulation 253(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, minimum 50% of the Net Offer to Public is being offered to the Retail Individual Applicants and the balance shall be offered to Non-Retail Category i.e., QIBs and Non-Institutional Applicants. However, if the aggregate demand from the Retail Individual Applicants is less than 50%, then the balance Equity Shares in that portion will be added to the non-retail portion offered to the remaining investors including QIBs and NIIs and *vice versa*, and subject to valid Applications being received from them at the Offer Price.

Subject to the valid Applications being received at the Offer Price, allocation to all categories in the Net Offer, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Applicants shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Stock Exchange. However, if the retail individual investor category is entitled to more than fifty per cent of the Net Offer on a proportionate basis, the retail individual investors shall be allocated that higher percentage. However, the Application by an Applicant shall not exceed the investment limits prescribed under the relevant regulations/statutory guidelines.

Applicants are required to submit their Applications to the Designated Intermediaries i.e. SCSB or Registered Brokers of Stock Exchanges or Registered Registrar to the Issue and Share Transfer Agents (RTAs) or Depository Participants (DPs) registered with SEBI.

In case of QIB Applicants, the Company in consultation with the Lead Manager may reject Applications at the time of acceptance of Application Form provided that the reasons for such rejection shall be provided to such Applicant in writing. In case of Non-Institutional Applicants and Retail Individual Applicants, our Company would have a right to reject the Applications only on technical grounds.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Applicants will only be in the dematerialized form. The Application Forms which do not have the details of the Applicant’s depository account, including DP ID, PAN and Beneficiary Account Number / UPI ID (in case of RIIs using the UPI Mechanism) shall be treated as incomplete and rejected. In case DPID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stockexchange, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. However, investors may get the Equity Shares rematerialized subsequent to allotment. The Equity Shares on allotment shall be traded only in the dematerialized segment of the Stock Exchange.

Application Form

Application Form and the Abridged Prospectus will be available at the offices of the Lead Manager, the Designated Intermediaries at Collection Centres, and Registered Office of our Company. An electronic copy of the Application Form will also be available for download on the websites of the NSE (www.nseindia.com), the SCSBs, the Registered Brokers, the RTAs and the CDPs at least one (1) day prior to the Offer Opening Date.

All Applicants shall mandatorily participate in the Offer only through the ASBA process. RIIs are mandatorily required to use the UPI Mechanism for submitting their applications to Designated Intermediaries and are allowed to use ASBA Process by way of ASBA Forms to submit their Applications directly to SCSBs.

An electronic copy of the Application Form will also be available for download on the websites of SCSBs (via Internet Banking) and NSE (www.nseindia.com) at least one day prior to the Offer Opening Date.

RIIs applying using the UPI Mechanism must provide the UPI ID in the relevant space provided in the Application Form

and the Application Form that does not contain the UPI ID are liable to be rejected.

ASBA Applicants (including Applicants using UPI Mechanism) must provide bank account details and authorisation to block funds in their respective ASBA Accounts in the relevant space provided in the ASBA Form and the ASBA Forms that do not contain such details are liable to be rejected or the UPI ID, as applicable, in the relevant space provided in the ASBA Form. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. RIIs using the UPI Mechanism may also apply through the mobile applications using the UPI handles as provided on the website of the SEBI.

ASBA Applicants shall ensure that the Applications are made on ASBA Forms which bears the stamp of the Designated Intermediary, submitted at the Collection Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. Retail Individual Investors using UPI mechanism, may submit their ASBA Forms, including details of their UPI IDs, with the Syndicate Members, Registered Brokers, RTA or CDPs. RIIs authorizing an SCSB to block the Application Amount in the ASBA Account may submit their ASBA Forms with the SCSBs. ASBA Applicants are also required to ensure that the ASBA Account or UPI linked Bank Account has sufficient credit balance such that an amount equivalent to the full Application Amount can be blocked by the SCSB or the Sponsor Bank, as applicable, at the time of submitting the Application. For all initial public offerings opening on or after September 01, 2022, as specified by SEBI vide its circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, the ASBA applications in public issues shall be processed only after the application monies are blocked in the investor's bank accounts. Stock Exchanges are required to accept the ASBA applications in their electronic application platform only with a mandatory confirmation on the application monies blocked. This circular is applicable for all categories of investors, i.e. RII, QIB, NII and other reserved categories and also for all modes through which the applications are processed. Since the Offer is made under Phase III (on a mandatory basis), ASBA Bidders could submit the ASBA Form in the manner below:

- (i) RIIs (other than the RIIs using UPI Mechanism) could submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (ii) UPI Bidders using the UPI Mechanism, could submit their ASBA Forms with the Syndicate, Sub Syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (iii) QIBs and NIIs not using the UPI Mechanism could submit their ASBA Forms with SCSBs, Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs.

Investors were required to ensure that their PAN is linked with Aadhaar and were in compliance with Central Board of Direct Taxes notification dated February 13, 2020 and press release dated June 25, 2021 and September 17, 2021. Pursuant to the press release dated March 28, 2023, the last date for linking PAN and Aadhaar has been extended to June 30, 2023.

The prescribed colour of the Application Form for various categories of investors applying in the Issue is as follows:

Category	Color *
Resident Indians and Eligible NRIs applying on a non-repatriation basis (ASBA)**	White

* Excluding electronic Application Form

** Application forms will also be available on the website of the NSE (www.nseindia.com). Same Application Form applies to all ASBA Applicants/ Retail Individual Applicants applying through UPI mechanism, irrespective of whether they are submitted to the SCSBs, to the Registered Brokers, to Registrars to an Issue and Share Transfer Agents, Depository Participants or to the Syndicate (in Specified Cities)

SUBMISSION AND ACCEPTANCE OF APPLICATION FORMS

Applicants shall only use the specified Application Form for the purpose of making an Application in terms of this Draft Prospectus and Prospectus.

The Application Form shall contain information about the Applicant and the price and the number of Equity Shares that

the Applicants wish to apply for. Application Forms downloaded and printed from the websites of the Stock Exchange shall bear a system generated unique application number. Applicants are required to ensure that the ASBA Account or UPI linked Bank Account has sufficient credit balance such that an amount equivalent to the full Application Amount can be blocked by the SCSB or Sponsor Bank at the time of submitting the Application.

An Investor, intending to subscribe to this Offer, shall submit a completed application form to any of the following Intermediaries (Collectively called “Designated Intermediaries”)

- (i) an SCSB, with whom the bank account to be blocked, is maintained.
- (ii) a syndicate member (or sub-syndicate member),
- (iii) a stock broker registered with a recognized stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity) ("broker"),
- (iv) a depository participant ('DP') (whose name is mentioned on the website of the stock exchange as eligible for this activity),
- (v) a registrar to an issue and share transfer agent('RTA')(whose name is mentioned on the website of the stock exchange as eligible for this activity),

Retail investors submitting application with any of the entities at (ii) to (v) above (hereinafter referred as ‘Intermediaries’), and intending to use UPI, shall also enter their UPI ID in the application form.

Applicants are required to submit their applications, either in physical or electronic mode, during the Offer Period only through Designated Intermediaries

The Offer Period shall be for a minimum of three (3) Working Days and shall not exceed ten (10) Working Days. The Offer Period may be extended, if required, by an additional three Working Days, subject to the total Offer Period not exceeding ten (10) Working Days.

During the Offer Period, Applicants who are interested in subscribing to the Equity Shares should approach the Designated Intermediaries to register their applications.

The Applicant cannot apply on another Application Form after application an Application Form has been submitted to the Designated Intermediaries. Submission of a second Application form to either the same or to another Designated Intermediaries will be treated as multiple applications and is liable to be rejected either before entering the application into the electronic application platform or at any point prior to the allocation or Allotment of Equity Shares in this Offer.

The Designated Intermediaries shall, at the time of receipt of application, give an acknowledgement to investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the application form, in physical or electronic mode, respectively.

Designated Intermediaries accepting the application forms shall be responsible for uploading the application along with other relevant details in application forms on the electronic application system of stock exchange and submitting the form to SCSBs for blocking of funds (except in case of SCSBs, where blocking of funds will be done by respective SCSBs only).

The Designated Intermediaries will enter each application into the electronic application platform and generate a TRS for the Application and give the same to the applicant.

The upload of the details in the electronic application platform of stock exchange will be done by:

For applications submitted by investors to SCSBs:	After accepting the Application Form submitted by RIIs (without using UPI for payment) and QIBs, SCSB shall capture and upload the relevant details in the electronic application platform as specified by the stock exchange(s) and may begin blocking funds available in the account specified in the form, to the extent of the application money specified.
For applications submitted by investors (other than Retail)	After accepting the Application Form, respective intermediary shall capture and upload relevant details in the electronic application platform as specified by the stock exchange(s) uploading, they shall forward a schedule as per prescribed format along with the application.

Individual Investors) to intermediaries other than SCSBs without use of UPI for payment:	forms to the designated branches of the respective SCSBs for blocking of the funds within day of the closure of Offer.
For applications submitted by investors to intermediaries other than SCSBs with use of UPI for payment	<p>After accepting the Application Form, respective intermediary shall capture and upload relevant application details, including UPI ID, in the electronic application platform of exchange(s).</p> <p>Stock Exchange shall share application details including the UPI ID with Sponsor Bank on a continuous basis through API integration, to enable Sponsor Bank to initiate mandate request for investors for blocking of funds.</p> <p>Sponsor Bank shall initiate request for blocking of funds through NPCI to investor. Investor shall accept mandate request for blocking of funds, on his / her mobile application, associated with ID linked bank account.</p>

Stock exchange(s) shall validate the details of the application uploaded in electronic application platform with the records of CDPs for DP ID/Client ID and PAN combination, on a real time basis through API Integration and bring the inconsistencies to the notice of intermediaries concerned, for rectification and re-submission within the time specified by stock exchange. Stock exchange shall allow modification of selected fields viz. DP ID/Client ID or PAN ID (Either DP ID/Client ID or PAN ID can be modified but not BOTH), Bank code and Location code, in the application details already uploaded up to 5.00 P.M. on Offer Closing Date.

For all pending UPI Mandate Requests, the Sponsor Bank shall initiate requests for blocking of funds in the ASBA Accounts of relevant Applicants with a confirmation cut-off time of 5:00 P.M. on the Issue Closing Date (“Cut-Off Time”). Accordingly, UPI Applicants should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse.

Upon submission of the Application Form to Application Collecting intermediaries, the Applicants are deemed to have authorized our Company to make the necessary changes in the Prospectus, without prior or subsequent notice of such changes to the Applicants. Applicants shall submit an Application Form either in physical or electronic form to the SCSB’s authorising blocking of funds that are available in the bank account specified in the Application Form used by ASBA Applicants. Designated Intermediaries (other than SCSBs) shall submit/deliver the ASBA Forms/ Application Forms to the respective SCSB, where the Applicant has a bank account and shall not submit it to any non-SCSB Bank.

Designated Intermediaries (other than SCSBs) after accepting application form submitted by RIIs (without using UPI for payment), NIIs and QIBs shall capture and upload the relevant details in the electronic application platform of stock exchange(s) and block funds available in the bank account specified in the form, to the extent of the application money specified and shall submit/deliver the Application Forms to respective SCSBs where the Applicants has a bank account and shall not submit it to any non-SCSB Bank.

For applications submitted to Designated Intermediaries (other than SCSBs), with use of UPI for payment, after accepting the Application Form, respective intermediary shall capture and upload the relevant application details, including UPI ID, in the electronic application platform of Stock Exchange. Further, Intermediaries shall retain physical application forms submitted by retail individual investors with UPI as a payment mechanism, for a period of six months and thereafter forward the same to the issuer/ Registrar to the Issue. However, in case of electronic forms, “printouts” of such applications need not be retained or sent to the issuer. Intermediaries shall, at all times, maintain the electronic records relating to such forms for a minimum period of three years.

It is clarified that Retail Individual Investors may continue to submit physical ASBA Forms with SCSBs without using the UPI Mechanism

For Retail Individual Investors using UPI mechanism, the Stock Exchange shall share the application details (including UPI ID) with Sponsor Bank on a continuous basis through API integration to enable the Sponsor Bank to initiate UPI Mandate Request to Retail Individual Investors for blocking of funds. The Sponsor Bank shall initiate request for blocking

of funds through NPCI to Retail Individual Investors, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every application entered in the Stock Exchanges electronic application platform, and the liability to compensate Retail Individual Investors (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the Bankers to the Issue. The Lead Manager shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Issue for analysing the same and fixing liability. For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI circular No. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022.

The Sponsor Bank will undertake a reconciliation of Application responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank will undertake reconciliation of all Application requests and responses throughout their lifecycle on daily basis and share reports with the LM in the format and within the timelines as specified under the UPI Circulars. Sponsor Bank and Issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with Issuer banks and Sponsor Banks on a continuous basis.

The Sponsor Bank shall host a web portal for intermediaries (closed user group) from the date of Offer Opening Date till the date of listing of the Equity Shares with details of statistics of mandate blocks / unblocks, performance of apps and UPI handles, down-time / network latency (if any) across intermediaries and any such processes having an impact / bearing on the Offer Application process.

OCBs may invest in this Offer provided it obtains a prior approval from the RBI or prior approval from Government, as the case may be. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and, unless so registered, may not be offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as defined in Regulation S under U.S. Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act. Accordingly, such Equity Shares are only being offered and sold (i) outside the United States in 'offshore transactions' in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where such offers and sales occur, and (ii) within the United States only to persons reasonably believed to be "qualified institutional buyers" (as defined in Rule 144A under the U.S Securities Act and referred to in this Prospectus as "U.S. QIBs", for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Prospectus as "QIBs") in transactions exempt from, or not subject to, the registration requirements of the U.S Securities Act.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The information below is given for the benefit of the applicants. Our Company and the Lead Manager do not accept responsibility for the completeness and accuracy of the information stated. Our Company and the Lead Manager is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for does not exceed the limits prescribed under laws or regulations.

MAXIMUM AND MINIMUM APPLICATION SIZE

The applications in this Issue, being a Fixed Price Issue, will be categorized into two:

a) For Retail Individual Investors

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Amount payable by the Applicant does not exceed Rs. 2,00,000/-. In case of revision of the Application, the Retail Individual Applicants have to ensure that the Application Amount does not exceed Rs. 2,00,000/- . /As the application price payable by the Retail Individual Applicants cannot exceed Rs. 2,00,000/-, they can make Application only for maximum 1 lot i.e., for [●] Equity Shares.

b) For Other than Retail Individual Investors (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares such that the Application Amount exceeds Rs. 2,00,000/- and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the - Net Offer Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. A QIB and a Non-Institutional Applicant cannot withdraw or lower the size of their Application at any stage and are required to pay the entire Application Amount upon submission of the Application. Under existing SEBI ICDR Regulations, a QIB Applicant cannot withdraw its Application after the Offer Closing Date and is required to pay 100% QIB Margin upon submission of Application.

The identity of QIBs applying in the Net Offer shall not be made public during the Offer Period. In case of revision in Application, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 2,00,000/- for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Prospectus.

The above information is given for the benefit of the Applicants. Our Company, and the Lead Manager do not accept responsibility for the completeness and accuracy of the information stated. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable laws or regulations or as specified in this Draft Prospectus.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the EMERGE Platform of NSE (the "Designated Stock Exchange"). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth hereunder:

- 1) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of Applicants in the category X number of Shares applied for).
- 2) The number of Shares to be allocated to the successful Applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- 3) For applications where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - i. Each successful Applicant shall be allotted [●] equity shares; and
 - ii. The successful Applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- 4) If the proportionate allotment to an Applicant works out to a number that is not a multiple of [●] equity shares, the Applicant would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.

- 5) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of Applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
- 6) Since present offer is a fixed price offer, the allocation in the net offer to the public category in terms of Regulation 253(2) of the SEBI (ICDR) Regulations, 2018 shall be made as follows:
- a) Minimum fifty percent (50%) to Retail Individual Investors; and
 - b) Remaining to:
 - (i) individual applicants other than retail individual investors; and
 - (ii) other investors including corporate bodies or institutions, irrespective of the number of Equity Shares applied for

Provided that the unsubscribed portion in either of the categories specified in (a) or (b) above may be allocated to the applicants in the other category.

Explanation: If the retail individual investor category is entitled to more than fifty per cent of the net issue size on a proportionate basis, the retail individual investors shall be allocated that higher percentage.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/- . Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

PARTICIPATION BY ASSOCIATES/AFFILIATES OF LEAD MANAGER

The Lead Manager shall not be allowed to purchase or subscribe to Equity Shares in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Lead Manager, if any, may subscribe to or purchase the Equity Shares in the Offer, either in the QIB Portion or in Non- Institutional Category as may be applicable to such Applicant, where the allocation is on proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of Lead Manager, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Our Promoters and members of our Promoters Group will not participate in the Offer.

OPTION TO SUBSCRIBE IN THE OFFER

- (a) Investors should note that allotment of Equity Shares to all successful Applicants shall be made in dematerialized form only in compliance with the provisions of Section 29(1) of the Companies Act, 2013. Investors will not have the option of getting allotment of the Equity Shares in physical form.
- (b) The Equity Shares, on Allotment, shall be traded on stock exchange in the dematerialized segment of the Stock Exchange.
- (c) Allottee's shall have the option to re-materialize the Equity Shares, if they so desire, as per the provision of the Companies Act and the Depositories Act
- (d) A single application from any investor shall not exceed the investment limit / minimum number of specified securities that can be held by him/her/ it under the relevant regulations/ statutory guidelines and applicable laws.

APPLICATION BY MUTUAL FUNDS

As per the current regulations, the following restrictions are applicable for investments by mutual funds:

With respect to Applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company in consultation with Lead Manager, reserves the right to reject any Application, without assigning any reason thereof.

The Applications made by the asset management companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with the SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that such Applications clearly indicate the scheme concerned for which the Application has been submitted.

No Mutual Fund scheme shall invest more than 10% of its Net Asset Value in the Equity Shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in index funds, exchange traded funds or sector or industry specific schemes. No mutual fund under all its schemes should own more than 10% of any Company's paid up share capital carrying voting rights.

APPLICATION by HUFs

Applications by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: ***"Name of sole or First Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta"***. Applications by HUFs may be considered at par with Applications from individuals.

APPLICATION BY ELIGIBLE NRIs

Participation of Eligible NRIs in the Offer shall be subject to compliance with the FEMA NDI Rules. Only Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment.

Eligible NRI may obtain copies of Application Form from the Designated Intermediaries. Eligible NRI Applicants applying on a repatriation basis by using the Non-Resident Forms should authorize their respective SCSBs (if they are applying directly through SCSB) or confirm/accept the UPI Mandate Request (in case of RIIs using the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") ASBA Accounts, and eligible NRI Applicants applying on a non-repatriation basis by using Resident Forms should authorize their respective SCSBs (if they are applying directly through SCSB) or confirm/accept the UPI Mandate Request (in case of RIIs applying using the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Application Amount, at the time of the submission of the Application Form. Eligible NRIs applying on non-repatriation basis in the Offer through the UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to submitting their Application Form.

In accordance with the FEMA NDI Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian Company.

An individual Non-resident Indian (NRI) may purchase or contribute, as the case may be, on non-repatriation basis equity instrument issued by a company without any limit either on the stock exchange or outside it and such investment shall be deemed to be domestic investment at par with the investment made by residents. Notwithstanding the foregoing provision, NRIs shall not make any investment, on non-repatriation basis, in equity instruments or units of a Nidhi company or a company engaged in agricultural or plantation activities or real estate business or construction of farm houses or dealing in transfer of development rights.

Eligible NRIs will be permitted to apply in the Offer through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, Eligible NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Offer, provided the UPI facility is enabled for their NRE / NRO accounts.

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour).

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non- Residents (blue in colour).

For details of restrictions on investment by NRIs, please refer to Chapter titled “*Restrictions on Foreign Ownership of Indian Securities*” on page no. 390 of this Draft Prospectus.

APPLICATION BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means same multiple entities registered as FPIs having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Non-Debt Instruments Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis and the aggregate limit for FPI investments shall be the sectoral caps applicable to our Company, which is 100% of the total paid-up Equity Share capital of our Company on a fully diluted basis. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis, the total investment made by the FPI or investor group will be reclassified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements. Further, the total holdings of all FPIs put together, with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Non-Debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included. Applications by FPIs which utilise the multi-investment manager structure, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs may not be treated as multiple Bids.

Additionally, the aggregate foreign portfolio investment up to 49% of the paid -up capital on a fully diluted basis or the sectoral / statutory cap, whichever is lower, does not require Government approval or compliance of sectoral conditions as the case may be, if such investment does not result in transfer of ownership and control of the resident Indian company from resident Indian citizens or transfer of ownership or control to persons resident outside India. Other investments by a person resident outside India will be subject to conditions of Government approval and compliance with sectoral conditions as laid down in these regulations.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company reserves the right to reject any Applications without assigning any reason, subject to Applicable Laws. Participation of FPIs in the Offer shall be subject to the FEMA ODI Rules. FPIs who wish to participate in the Offer are advised to use the Application Form for non-residents (blue in colour). FPIs are required to apply through the ASBA process to participate in the Offer.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines for Offer Procedure, as prescribed by SEBI from time to time.

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognized stock exchange in India, and/ or may purchase or sell securities other than equity instruments. FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In terms of the FEMA NDI Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may Offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued

only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'Know Your Client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, inter alia, the following conditions:

- i. such offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- ii. Prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Further, Applications received from FPIs bearing the same PAN will be treated as multiple Applications and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with SEBI Master Circular bearing reference number SEBI/HO/AFD-2/CIR/P/2022/175 dated December 19, 2022, provided such Applications have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Applications received from FPIs, who do not utilize the multiple investment managers ("MIM") Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Applications, FPIs making multiple Applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure. In the absence of such confirmation from the relevant FPIs, such multiple Applications will be rejected.

Further, in the following cases, Applications by FPIs shall not be treated as multiple Applications:

- FPIs which utilize the MIM structure, indicating the name of their respective investment managers in such confirmation;
- Offshore derivative instruments ("ODI") which have obtained separate FPI registration for ODI and proprietary derivative investments;
- Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration;
- FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager;
- Multiple branches in different jurisdictions of foreign bank registered as FPIs;
- Government and Government related investors registered as Category 1 FPIs; and
- Entities registered as collective investment scheme having multiple share classes.

The Applications belonging to any of the above mentioned seven structures and having same PAN may be collated and identified as a single Application in the Application process. The Equity Shares allotted in the Application may be proportionately distributed to the Applicant FPIs (with same PAN). In order to ensure valid Applications, FPIs making multiple Applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize any of the above-mentioned structures and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications shall be rejected.

Please note that in terms of the General Information Document, the maximum Application by any Applicant including QIB Applicant should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Applications by an FPI Applicant utilizing the MIM Structure shall be aggregated for determining the permissible maximum Application. Further, please note that as disclosed in this Draft Prospectus read with the General Information Document, Application Forms are liable to be rejected in the event that the Application in the Application Form exceeds

the Offer size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of the Draft Prospectus.

For example, an FPI must ensure that any Application by a single FPI and / or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collectively, the "FPI Group") shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Application(s) by FPIs and/ or the FPI Group (including but not limited to (a) FPIs making application through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments for 10% or more of our total paid-up post Offer Equity Share capital shall be liable to be rejected.

APPLICATION BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS (VCF) AND FOREIGN VENTURE CAPITAL INVESTORS (FVCI)

The SEBI VCF Regulations and the SEBI FVCI Regulations, as amended, inter alia prescribe the investment restrictions on VCFs and FVCIs, respectively, registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs

Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only upto 33.33% of the investible funds in various prescribed instruments, including in public offerings.

The SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Post the repeal of the SEBI VCF Regulations venture capital funds which have not re-registered as AIFs under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. The SEBI FVCI Regulations prescribe the investment restrictions on FVCIs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The SEBI (Alternative Investment funds) Regulations, 2012 prescribes investment restrictions for various categories of AIF's.

Category I and II AIFs cannot invest more than 25% of their investible funds in one Investee Company directly or through investments in the units of other AIFs. A category III AIFs cannot invest more than 10% of their investible funds in one Investee Company directly or through investments in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company and the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/ 3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulations

A VCF registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not reregistered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Participation of AIFs, VCFs and FVCIs shall be subject to the FEMA Rules.

Our Company and the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only, and net of bank charges and commission.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company in consultation with the LM, reserves the right to reject any application, without assigning any reason thereof. Limited liability partnerships can participate in the Offer only through the ASBA process

APPLICATIONS BY INSURANCE COMPANIES

In case of Applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company in consultation with the Lead Manager reserves the right to reject any Application without assigning any reason thereof, subject to applicable law.

The exposure norms for insurers, prescribed under Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 (“IRDAI Investment Regulations”) read with the Investments – Master Circular dated October 27, 2022, each as amended, are broadly set forth below:

- a. Equity shares of a company: the lower of 10%* of the investee company’s outstanding equity shares (face value) or 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or a reinsurer or health insurer;
- b. The entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or a reinsurer or health insurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c. The industry sector in which the investee company operates: not more than 15% of the respective fund of a life insurer or a reinsurer or health insurer or general insurer or 15% of the investment assets, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of Rs. 2,50,00,000 Lacs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of Rs. 50,00,000 Lacs or more but less than Rs. 2,50,00,000 Lacs.*

Systemically Important NBFCs participating in the Offer shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

APPLICATIONS BY SCSBs

SCSBs participating in the Offer are required to comply with the terms of the Circular No(s). CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012 and January 2, 2013, respectively issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

APPLICATION UNDER POWER OF ATTORNEY

In case of applications made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, National Investment Fund and provident funds with minimum corpus of ₹2500.00 Lacs (subject to applicable laws) and pension funds with a minimum corpus of ₹2500.00 Lacs (subject to applicable laws), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Application Form. Failing this, our Company in consultation with the Lead Manager, in their absolute discretion, reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason, thereof.

In addition to the above, certain additional documents are required to be submitted by the following entities:

(a). With respect to applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.

(b). With respect to applications by insurance companies registered with the Insurance Regulatory and Development Authority, a certified copy of the certificate of registration issued by the Insurance Regulatory and Development Authority must be lodged with the Application Form as applicable. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.

(c). With respect to applications made by provident funds with minimum corpus of ₹2500.00 Lacs (subject to applicable law) and pension funds (subject to applicable law) with a minimum corpus of ₹2500.00 Lacs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject such application, in whole or in part, in either case without assigning any reasons thereof.

(d) With respect to Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form

Our Company in consultation with the Lead Manager, in its absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form, subject to such terms and conditions that our Company in consultation with the Lead Manager, may deem fit.

Our Company, in its absolute discretion, reserves the right to permit the holder of the power of attorney to request the Registrar to the Issue that, for the purpose of printing particulars and mailing of the Allotment Advice / letters notifying the unblocking of the bank accounts of ASBA applicants, the Demographic Details given on the Application Form should be used (and not those obtained from the Depository of the application). In such cases, the Registrar to the Issue shall use Demographic Details as given on the Application Form instead of those obtained from the Depositories.

The above information is given for the benefit of the Applicants. The Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable investment limits or maximum number of Equity Shares that can be held by them under applicable laws or regulations or as specified in the Draft Prospectus.

INFORMATION FOR THE APPLICANTS

- 1) Our Company will file the Prospectus with the RoC at least 3 (three) days before the Offer Opening Date.
- 2) Our Company shall, after filing the Prospectus with the RoC, make a pre-issue advertisement, in the form prescribed under Schedule X of the SEBI ICDR Regulations, in [●] Edition of English national daily newspaper [●]; [●] edition

of Hindi daily newspaper [●] and [●] edition of the Odia daily newspaper [●] (Odia being the regional language of Orissa, where our Registered Office is located) each with wide circulation. In the pre-issue advertisement, our Company and the Lead Manager shall advertise the Offer Opening Date, the Offer Closing Date.

- 3) Copies of the Application Form and the Abridged Prospectus will be available at the offices of the Lead Manager, the Designated Intermediaries, and Registered Office of our Company. An electronic copy of the Application Form will also be available for download on the websites of the Stock Exchange.
- 4) Any investor, being eligible to invest in the Equity Shares offered, who would like to obtain the Prospectus and / or the Application Form can obtain the same from our Registered Office or from the Registered Office of the Lead Manager.
- 5) Applicants who are interested in subscribing for the Equity Shares should approach the Designated Intermediaries to register their Applications.
- 6) Applications made in the Name of Minors and/or their nominees shall not be accepted.
- 7) The Lead Manager will circulate copies of the Prospectus along with the Application Form to potential investors.
- 8) The Application Form can be submitted either in physical or electronic mode, to the SCSBs with whom the ASBA Account is maintained or UPI ID linked account is maintained in case of retail individual investor, or other Designated Intermediaries (other than SCSBs). SCSBs may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account or alternatively, the Retail Individual Applicants wishing to apply through UPI Channel, may provide the UPI ID and validate the blocking of the funds and the Application Forms that do not contain such details are liable to be rejected.
- 9) Applicants applying directly through the SCSBs should ensure that the Application Form is submitted to a Designated Branch of SCSB, where the ASBA Account is maintained or UPI ID linked account is maintained in case of retail individual investor. Applications submitted directly to the SCSBs or other Designated Intermediaries (other than SCSBs), the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form, before entering the ASBA application into the electronic system.
- 10) Except for applications by or on behalf of the Central or State Government and the Officials appointed by the courts and by investors residing in the State of Sikkim, the Applicants, or in the case of application in joint names, the first Applicant (the first name under which the beneficiary account or UPI linked account number is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participating transacting in the securities market, irrespective of the amount of transaction. Any Application Form without PAN is liable to be rejected. The demat accounts of Applicants for whom PAN details have not been verified, excluding persons resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be “suspended for credit” and no credit of Equity Shares pursuant to the Offer will be made into the accounts of such Applicants.
- 11) The Applicants may note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic application platform of the Stock Exchange by the Designated Intermediaries do not match with PAN, the DP ID and Client ID available in the Depository database, the Application Form is liable to be rejected.

Applicants are advised to ensure that any single Application form does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Prospectus.

A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant (“ASBA Account”) is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorization given to this effect by the account holder at the time of submitting the Application.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Offer and consequent transfer of the Application Amount against the allotted shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/cancellation/rejection of the ASBA Application, as the case may be.

The ASBA data shall thereafter be uploaded by the SCSB in the electronic application platform of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send a written request to the Controlling Branch of the SCSB for unblocking the relevant ASBA accounts and for transferring the amount allocable to the successful ASBA Applicants to the Public Issue Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Lead Manager.

ASBA Applicants are required to submit their applications, either in physical or electronic mode, only through Designated Intermediaries. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB or Registered Brokers or Registered RTA's or DPs registered with SEBI. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

CHANNELS OF SUBMISSION OF APPLICATION

The existing process of RIIs submitting Application Form with any Intermediary along with bank account details, and movement of such application forms from Intermediaries to Self-Certified Syndicate Banks (SCSBs) for blocking of funds, has been discontinued with effect from July 1, 2019 and for such applications the UPI mechanism is the only permissible mode.

In Phase II, RIIs shall use only Channel I, Channel II and Channel IV (as described below) for making applications in a public issue:

Category of Investor	Channel I	Channel II	Channel III	Channel IV
Retail Individual Investor	Investor may submit the Application Form with ASBA as the sole mechanism for making payment either physically (at the branch of the SCSB) or online	Investor may submit the Application Form online using the facility of linked online trading, demat and bank account (3-in-1 type accounts) provided by Registered Brokers.	Not Applicable	RIIs may submit the Application Form with any of the Designated Intermediaries and use his/her UPI ID for the purpose of blocking of funds
Non – Institutional Investor (NII) including Qualified Institutional Buyer (QIB)	For such applications the existing process of uploading the Application and blocking of funds in the RIIs account by the SCSB would continue.		Investor may submit the Application Form with any of the Designated Intermediaries, along with details of his/her ASBA Account for blocking of funds. For such applications the Designated Intermediary will upload the Application in the stock exchange application platform and forward the application form to Designated Branch of the concerned SCSB for blocking of funds.	Not Applicable

Designated Intermediaries accepting the application forms shall be responsible for uploading the application along with other relevant details in application forms on the electronic application system of stock exchange and submitting the form to SCSBs for blocking of funds (except in case of SCSBs, where blocking of funds will be done by respective SCSBs only).

The Designated Intermediaries will enter each application into the electronic application platform and generate a TRS for the Application and give the same to the applicant.

Upon receipt of the Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form, prior to uploading such Applications with the Stock Exchange.

If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Applications and shall not upload such Applications with the Stock Exchange.

If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form and will enter each Application into the electronic application platform and generate a TRS for the Application. The TRS shall be furnished to the ASBA Applicant on request.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/cancellation/rejection of the Application Form, as the case may be.

Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Applicants to the Public Issue Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

PROCESS FLOW FOR APPLICATION IN PUBLIC ISSUE SUBMITTED BY RETAIL INDIVIDUAL INVESTOR – USING UNIFIED PAYMENT INTERFACE (UPI) MECHANISM

In addition to application to be submitted to SCSB, with whom the bank account to be blocked, is maintained, a RII would also have the option to submit application form with any of the Intermediary and use his / her bank account linked UPI ID for the purpose of blocking of funds with effect from January 01, 2019.

The detailed process in this regard is as detailed hereunder:

Application and validation process

- (a) Submission of the application with the intermediary, the RII would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).
- (b) RII will fill in the Application details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediary.
- (c) The intermediary upon receipt of form will upload the Application details along with UPI ID in the stock exchange electronic platform
- (d) Once the Application has been entered in the electronic platform, the exchange will undertake validation of the PAN and Demat Account details of RII with the depository
- (e) Depository will validate the aforesaid Application details on a real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any
- (f) SMS from exchange to RII for applying: Once the Application details are uploaded on the stock exchange platform, the stock exchange shall send an SMS to the RII regarding submission of his / her application, daily at the end of day basis, during Offer Period. For the application made on the last day of the Offer Period, the SMS may be sent out the next working day.

The Block Process

- (a) Post undertaking validation with depository, the stock exchange will, on a continuous basis, electronically share the Application details along with RIIs UPI ID, with the Sponsor Bank appointed by the issuer.
- (b) The Sponsor Bank will initiate a mandate request on the RII i.e. request the RII to authorize blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment. For all pending UPI Mandate Requests, the Sponsor Bank will initiate requests for blocking of funds in the ASBA Accounts of relevant investors with a confirmation cut-off time of 12:00 pm on the first Working Day after the Offer Closing Date (“Cut-Off Time”). Accordingly, RIIs using the UPI Mechanism need to accept UPI Mandate Requests for blocking of funds

- prior to the Cut Off Time and all pending UPI Mandate Requests after the Cut-Off Time will lapse.
- (c) The request raised by the Sponsor Bank, would be electronically received by the RII as a SMS / intimation on his / her mobile no. / Mobile app, associated with UPI ID linked bank account
 - (d) The RII would be able to view the amount to be blocked as per his / her application in such intimation. The RII would also be able to view an attachment wherein the IPO Application details submitted by RII will be visible. After reviewing the details properly, RII would be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the IPO.
 - (e) Upon successful validation of block request by the RII, as above, the said information would be electronically received by the RIIs' bank, where the funds, equivalent to application amount, would get blocked in RIIs account. Intimation regarding confirmation of such block of funds in RIIs account would also be received by the RII.
 - (f) The information containing status of block request (i.e., accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with Stock Exchange. The block request status would also be displayed on stock exchange platform for information of the Intermediary.
 - (g) The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.
 - (h) RIIs would continue to have the option to modify or withdraw the Application till the closure of the Issue period. For each such modification of Application, RII will submit a revised Application and shall receive a mandate request from sponsor bank to be validated as per the process indicated above.

Post closure of the Offer, the stock exchange will share the Application details with the Registrar along with the final file received from the Sponsor Bank containing status of blocked funds or otherwise, along with the ASBA Account details with respect to applications made by RIIs using UPI ID

REJECTION GROUNDS UNDER UPI PAYMENT MECHANISM

An investor making application using any of channels under UPI Payments Mechanism, shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in public issues. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. Sponsor Bank shall provide the investors UPI linked bank account details to RTA for purpose of reconciliation. RTA shall undertake technical rejection of all applications to reject applications made using third party bank account.

TERMS OF PAYMENT

The entire Offer price of Rs [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs or Sponsor Bank to unblock the excess amount paid on Application to the Applicants.

SCSBs or Sponsor Bank will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs or Sponsor Bank.

The applicants should note that the arrangement with Banker to the Issue or the Registrar or Sponsor Bank is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Applicants.

PAYMENT MECHANISM

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB.

The applicants shall specify the bank account number, or the UPI ID, as applicable, in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form sent by the Sponsor Bank. The Application Form submitted by applicant and which is accompanied by cash, demand draft, cheque, money order, postal order or any mode of payment other than blocked amounts in the ASBA Account, will not be accepted. The SCSB or Sponsor Bank shall keep the Application Amount in the relevant bank account blocked until

withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount.

However, Non-Retail Applicants shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Offer and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Offer or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018 and all related UPI Circulars issued thereafter, Retail Individual Investors applying in public offer may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. SEBI through its Circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 05, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 01, 2022, where the application amount is up to ₹5,00,000/- shall use UPI and shall provide their UPI ID in the Application Form submitted with any of the Intermediaries. Pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, the ASBA Application made using the ASBA facility in initial public offerings (opening on or after September 01, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

UNBLOCKING OF ASBA ACCOUNT

On the basis of instructions from the Registrar to the Offer, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the Public Issue Account as per section 40(3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account.

On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the Public Issue Account. The balance amount, if any against the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Offer.

Post closure of the Offer, the Stock Exchange will share the Application details with the Registrar along with the final file received from the Sponsor Bank containing status of blocked funds or otherwise, along with the ASBA Account details with respect to applications made by RIIs using UPI ID

The Registrar to the Offer on the basis of information received from the stock exchange with respect to applications and status of blocked funds requests undertakes a reconciliation of application data and funds block confirmation corresponding to the applications by all investor category applications (with and without the use of UPI) and prepares the basis of allotment.

Upon approval of Basis of Allotment, RTA will share the debit file with Sponsor bank (through Stock exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the RIIs account. The Sponsor bank based on the mandate approved by the RII at the time of blocking of funds, will raise the debit / collect request from RIIs bank account, whereupon the funds will be transferred from RIIs account to public issue account and remaining funds, if any, will be unblocked without any manual intervention by RII or his / her bank.

However, the Application Amount may be unblocked in the ASBA Account or UPI linked Bank Account by the Controlling Branch of the SCSB prior to receipt of intimation from the Registrar to the Issue regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or withdrawal/cancellation/rejection of the ASBA Application or Application made through UPI Mechanism, as the case may be.

Upon confirmation of receipt of funds in the public issue account, shares would be credited to the RII's account. RII will be notified for full/partial/no allotment. For partial allotment the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the RII.

Electronic Registration of Applications

- 1) The Designated Intermediary will register the applications using the on-line facilities of the Stock Exchange.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, the Applications should be made in the name of the Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such First Applicant would be required in the Application Form and such First Applicant would be deemed to have signed on behalf of the joint holders. All payments will be made out in favour of the First Applicant whose name appears in the Application Form or the Revision Form and all communications will be addressed to such First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depositories.

Multiple Applications

An Applicant should submit only one Application Form (and not more than one) for the total number of Equity Shares required. Submission of a second Application Form to either the same or to another Designated Intermediary and duplicate copies of Application Forms bearing the same application number shall be treated as multiple Applications and are liable to be rejected. Two or more Applications made in single and/or joint names will be deemed to be multiple Applications in the Public Offer if the first name of the Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Offer to detect multiple applications are given below:

- i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- ii) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. All such matched applications with common DP ID/ beneficiary ID are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.
- iv) For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications

on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post Allotment and released on confirmation of “Know Your Client” norms by the depositories. The Company reserves the right to reject, in its absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB and Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple Applications and are liable to be rejected. The Company, in consultation with the LM reserves the right to reject, in its absolute discretion, all or any multiple Applications in any or all categories.

Permanent Account Number or PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (“PAN”) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act.

Applications without this information will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

Please note that, Central or State Government and the officials appointed by the courts and investors residing in the State of Sikkim are exempted from specifying their PAN subject to the Depository Participants’ verifying the veracity of such claims of the investors in accordance with the conditions and procedures under this chapter on Offer Procedure.

Further, in accordance with Section 40(5) of the Companies Act, 2013, the Company and each officer of the Company who is in default may be punishable with fine and imprisonment in such a case.

Impersonation

Attention of the applicants is also specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013, which is reproduced below:

“Any person who:

a. makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or

b. makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or

c. otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,

shall be liable for action under Section 447 of the Companies Act, 2013.”

The liability prescribed under Section 447 of the Companies Act, 2013, for fraud involving an amount of at least ₹ 10 lakhs or 1% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years and fine of an amount not less than the amount involved in the fraud, extending up to three times such amount (provided that where the fraud involves public interest, such term shall not be less than three years.) Further, where the fraud involves an amount less than ₹ 10 lakhs or one per cent of the turnover of the company, whichever

is lower, and does not involve public interest, any person guilty of such fraud shall be punishable with imprisonment for a term which may extend to five years or with fine which may extend to ₹ 50 lakhs or with both.

Completion of formalities for Listing & Commencement of Trading

The Issuer may ensure that all steps will be taken for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchange where the Equity Shares are proposed to be listed within 3 (three) Working Days of the Offer Closing Date. The Registrar to the Issue may give instruction for credit of Equity Shares to the applicants' beneficiary account maintained with DPs, and dispatch the allotment Advise within 2 (two) Working Days of the Offer Closing Date.

Mode of Refund

- a) In case of ASBA Applicants: Within 2 (two) Working Days of the Offer Closing Date, the Registrar to the Issue may give instructions to SCSBs or Sponsor Banks for unblocking the amount in ASBA Account on unsuccessful Application, for any excess amount blocked on Application, for any ASBA application withdrawn, rejected or unsuccessful or in the event of withdrawal or failure of the Offer.
- b) In the case of Applications from Eligible NRIs and FPIs, refunds, if any, may generally be payable in Indian Rupees only and net of bank charges and/ or commission. If so desired, such payments in Indian Rupees may be converted into U.S. Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and may be dispatched by registered post. The Company may not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.
- c) In case of Other Investors: Within 2 (two) Working Days of the Offer Closing Date, the Registrar to the Offer may dispatch the refund orders for all amounts payable to unsuccessful Investors. In case of Investors, the Registrar to the Offer may obtain from the depositories, the Applicants' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Investors in their Application Form for refunds. Accordingly, Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Investors' sole risk and neither the Issuer nor the Registrar to the Issue may be liable to compensate the Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay.

Mode of Making Refund for ASBA Applicants

In case of ASBA Application, the Registrar to the Issue may instruct the controlling branch of the SCSB or Sponsor Bank to unblock the funds in the relevant ASBA Account for any withdrawn, rejected or unsuccessful ASBA applications or in the event of withdrawal or failure of the Offer.

Mode of making refunds for Applicants other than ASBA Applicants

The payment of refund, if any, may be done through various modes as mentioned below:

- (i) NECS - Payment of refund may be done through NECS for Applicants having an account at any of the centers specified by the RBI. This mode of payment of refunds may be subject to availability of complete bank account details including the nine-digit MICR code of the Applicant as obtained from the Depository;
- (ii) NEFT - Payment of refund may be undertaken through NEFT wherever the branch of the Applicants' bank is NEFT enabled and has been assigned the Indian Financial System Code ("IFSC"), which can be linked to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may be made to the Applicants through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;
- (iii) Direct Credit – Applicants having their bank account with the Refund Banker may be eligible to receive refunds,

if any, through direct credit to such bank account;

(iv) RTGS – Applicants having a bank account at any of the centres notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS. The IFSC code shall be obtained from the demographic details. Investors should note that on the basis of PAN , DP ID and beneficiary account number provided by the Applicant in the Application Form, the Registrar to the Offer will obtain from the Depository the demographic details including address, Applicant’s bank account details, IFSC code, MICR code and occupation (hereinafter referred to as “Demographic Details”). The bank account details fetched would be used giving refunds. Hence, Applicants are advised to immediately update their bank account details as appearing on the records of the Depository Participant. Please note that failure to do so could result in delays in dispatch / credit of refunds to Applicants at their sole risk and neither the Lead Manager nor the Registrar to the Offer and the Company shall have any responsibility and undertake any liability for the same;

(v) Please note that refunds, on account of our Company not receiving the minimum subscription, shall be credited only to the bank account from which the Application Amount was remitted to the Public Issue Account . For details of levy of charges, if any, for any of the above methods, Bank charges, if any, for cashing such cheques, pay orders or demand drafts at other centers etc.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on Foreign Direct Investments (**FDI**) through press notes and press releases. The regulatory framework, over a period of time, thus, consists of acts, regulations, press notes, press releases, and clarifications among other amendments. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as Department of Industrial Policy and Promotion) (“**DPIIT**”), issued the Consolidated FDI Policy Circular of 2020 (“**Consolidated FDI Policy**”), which, with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT, which were in force and effect prior to October 15, 2020. The Consolidated FDI Policy will be valid and remain in force until superseded in totality or in part thereof and shall be subject to FEMA Non-Debt Instruments Rules. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

As per the Consolidated FDI Policy, FDI in companies engaged in electronics hardware manufacturing, which is the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route. However, investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non resident shareholding is within the sectoral limits under the Consolidated FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. For further details of the aggregate limit for investments by NRIs and FPIs in our Company, please see chapter titled “**Offer Procedure – Application by Eligible NRIs**” and “**Offer Procedure – Application by FPIs**” on page 361 and 362, respectively of the Draft Prospectus.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer. For further details, see chapter “**Offer Procedure – Who can apply?**” beginning on page 356 of the Draft Prospectus.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, notified the FEMA NDI Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Offer shall be on the basis of, and in accordance with the FEMA NDI Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (Restricted Investors), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Nondebt Instruments) (Fourth Amendment) Rules, 2020 which came into effect on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India.

In terms of the FEMA NDI Rules and Consolidated FDI Policy, a person resident outside India may make investments into India, subject to certain terms and conditions. For further details, see chapter titled “**Offer Procedure**” beginning on page 333 of the Draft Prospectus. Each Applicant should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant

shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Offer Period.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and, unless so registered, may not be issued or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S under the U.S. Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act. Accordingly, such Equity Shares are only being issued and sold (i) outside the United States in ‘offshore transactions’ in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales occur; and (ii) within the United States only to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act and referred to in this Prospectus as “U.S. QIBs”, for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Prospectus as “QIBs”) in transactions exempt from, or not subject to, the registration requirements of the U.S. Securities Act. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under the laws and regulations.

- Provided that a company which is a subsidiary of a company, not being a private company, shall be deemed to be a public company for the purposes of this Act even where such subsidiary company continues to be a private company in its articles.

Share capital and variation of rights

- II. 1. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in

such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.

2. (i) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, —

(a) one certificate for all his shares without payment of any charges; or

(b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.

(ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.

(iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

(iv) The Company shall be entitled to dematerialize its shares of any class, debentures and other securities pursuant to the Depositories Act, 1996, and to offer its shares, debentures and other securities for issue in dematerialized form.

3. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.

(ii) The provisions of Articles (2) and (3) shall *mutatis mutandis* apply to debentures of the company.

4. Except as required by law, no person shall be recognized by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

5 (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent. or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rule made thereunder.

(ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.

(iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

6. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.

(ii) To every such separate meeting, the provisions of these regulations relating general meetings shall *mutatis mutandis* apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further share ranking *pari passu* therewith.

8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

Lien

9. (i) The company shall have a first and paramount lien—

(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to wholly or in part exempt from the provisions of this clause.

(ii) The company's lien, if any, on a share shall extend to all dividend bonuses declared from time to time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made—

(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board

14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board—

(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

20. The Board may, subject to the right of appeal conferred by section 58 decline to register—

(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

(b) any transfer of shares on which the company has a lien.

21. The Board may decline to recognise any instrument of transfer unless—

(a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;

(b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

(c) the instrument of transfer is in respect of only one class of shares.

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

The provisions of these Articles relating to transfer of shares shall mutatis mutandis apply to debentures of the company.

Transmission of shares

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a shareholder, shall be the only persons recognized by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—

(a) to be registered himself as holder of the share; or

(b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have complied with.

Forfeiture of shares

27. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on

him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

28. The notice aforesaid shall—

(a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and

(b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect

30. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

31. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

(ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

32 (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;

(ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;

(iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

33. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

35. Subject to the provisions of section 61, the company may, by ordinary resolution, —

(a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;

(c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;

(d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

36. Where shares are converted into stock, —

(a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law, —

- (a) its share capital;
- (b) any capital redemption reserve account; or
- (c) any share premium account.

Capitalisation of profits

38. (i) The company in general meeting may, upon the recommendation of the Board, resolve—

(a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and

(b) that such sum be accordingly set free for distribution in the manner specified in clause (i) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—

(A) paying up any amounts for the time being unpaid on any shares held by such members respectively;

(B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;

(C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);

(D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;

(E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

39. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—

(a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and

(b) generally, do all acts and things required to give effect thereto.

(ii) The Board shall have power—

(a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and

(b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

Buy-back of shares

40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

41. All general meetings other than annual general meeting shall be called extraordinary general meeting.

42. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

43 (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.

44. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of meeting

47. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

48. Subject to any rights or restrictions for the time being attached to any class or classes of shares, —

(a) on a show of hands, every member present in person shall have one vote; and

(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

50. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

52. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.

53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

54. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.

57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

58. (i) The number of the directors shall not be less than 3 and not more than 15.

The following shall be the first directors of the Company:

- a) Mr. Dhiraj Kochar
- b) Mrs. Pratibha Kochar

(ii) The Board may, from time to time, appoint one of their Directors as Chairperson of the Board of Directors for such period as may be considered necessary.

Subject to the provisions of the Act, the Board shall have the power to determine the directors whose period of office is or is not liable to determination by retirement of directors by rotation.

(iii) If a Chairperson ceases to hold office as Director, he shall ipso facto and immediately cease to be the Chairperson. The Director who is appointed as Chairperson as aforesaid in Clause 58(ii), can occupy both the position of Chairperson and Managing Director or Chief Executive Officer (CEO) and such equivalent managerial position thereof, in the company. The Director who occupies both the position as Chairperson and Managing Director as aforesaid shall not be subjected to retirement by rotation.

(iv) Subject to the provisions of the Act, the Board may appoint an alternate Director to act for a Director (hereinafter called the 'Original Director') during his absence for a period of not less than three months from India. No person shall be appointed as an alternate director for an independent director unless he is qualified to be appointed as an independent director under the provisions of the Act.

An alternate Director appointed under this Article shall not hold office as such for a period longer than that permitted to the Original Director in whose place he has been appointed and shall vacate office if and when the Original Director returns to India. If the term of office of the Original Director is determined before he so returns to India, any provision in the Act or in these Articles for the automatic re- appointment of retiring Directors in default of another appointment shall apply to the Original Director and not to the Alternate Director.

(v) Subject to the provisions of the Act, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the Articles.

Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

(vi) Subject to the provisions of the Act, if the office of any director appointed by the Company in any general meeting is vacated before his term of office expires in the normal course, the resulting casual vacancy may, be filled by the Board of Directors at a meeting of the Board.

The director so appointed shall hold office only up to the date up to which the director in whose place he is appointed would have held office if it had not been vacated.

59. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—

(a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or

- (b) in connection with the business of the company.
60. The Board may pay all expenses incurred in getting up and registering the company.
61. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that (section) make and vary such regulations as it may think fit respecting the keeping of any such register.
62. All cheques, promissory notes, drafts, *hundis*, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
63. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
64. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
- (ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

65. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- (ii) The Chairperson or any one Director with the previous consent of the Chairperson may, or the Company Secretary on the direction of the Chairperson shall, at any time, summon a meeting of the Board.
66. (i) The quorum for Board meeting shall be as provided in the Act.
- (ii) The participation of directors in a meeting of the Board may be either in person or through video conferencing or audio-visual means or teleconferencing, as may be prescribed by the Act / Rules.
- (iii) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- (iv) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
67. Subject to the provisions of the Act, the continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
68. (i) If no Chairperson is elected pursuant to Article 65, the Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within thirty minutes or such other extended time the Act for the time being in force may provide after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

69. (i) Subject to the provisions of the Act, the Board may at its discretion delegate all or any of its powers to any Directors jointly or severally or to any one Director or to any Committee of Directors.

(ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

70. (i) The Participation of directors in a meeting of the Committee may be either in person or through video conferencing or audio visual means or teleconferencing, as may be prescribed by the Act / Rules.

(ii) A committee may elect a chairperson of its meetings unless the Board, while constituting a committee, has appointed a Chairperson of such Committee.

(iii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within fifteen minutes or such other extended time the Act for the time being in force may provide, after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

71. (i) A committee may meet and adjourn as it thinks fit.

(ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

72. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

73. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

74. Subject to the provisions of the Act, —

(i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

75. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

76. (i) The Board shall provide for the safe custody of the seal.

(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

Dividends and Reserve

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

79. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

80. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

82. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

85. (i) No dividend shall bear interest against the company.

(ii) Payment of dividend in the manner specified in these Articles shall be made at the risk of the person entitled to the dividend paid or to be paid. The Company shall be deemed to have made the payment and assumes a good discharge for such payment, if such payment is made as per the provisions of these Articles or any other permissible means.

(iii) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalising

dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

The Board may at any time and from time to time, at their discretion take out of any Reserves and apply the money so taken out for any purpose for which it can be lawfully applied.

Accounts

86. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding up

87. Subject to the provisions of Chapter XX of the Act and rules made thereunder—

(i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

88. (i) Subject to the provisions of the Act, every director, managing director, whole-time director, manager, chief executive officer, company secretary, chief financial officer and other officer of the company shall be indemnified by the company out of the funds of the company, to pay all costs, losses and expenses (including travelling expenses) which such director, manager, company secretary and officer may incur or become liable for by reason of any contract entered into or act or deed done by him in his capacity as such director, manager, chief executive officer, company secretary, chief financial officer or officer or in any way in the discharge of his duties in such capacity.

(ii) Subject as mentioned above, every director, managing director, manager, company secretary or other officer of the company shall be indemnified against any liability by him in defending any proceedings, whether civil or criminal in which judgment is given in his favour or in which he is acquitted or discharged or in connection with any application under applicable provisions of the Act in which relief is given to him by the Court or the Tribunal.

Others

89. (1) *Shares held in Depository*

(a) Except as specifically provided in these articles, the provisions relating to joint holder of shares, calls, lien on shares, forfeiture of shares, transfer and transmission of shares and voting at meeting shall be applicable to shares held in a depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act, 1996 or any other law for the time being in force.

(b) In the case of transfer or transmission of shares or other marketable securities where the Company has not issued any certificates and where such shares or securities are being held in an electronic and fungible form in a Depository, the provisions of the Depositories Act, 1996 or any other law for the time being in force shall apply.

(c) A Register and an index of beneficial owners in the manner prescribed in the Act maintained by a depository under the provisions of the Depositories Act, 1996 or any other law for the time being in force shall be deemed to be a register of members, index of members and register and index of debenture- holders, as the case may be, for the purpose of the Act.

89. (2) *Conduct at general meetings*

While attempting to exercise the rights as a shareholder, a shareholder shall keep the order and maintain the decorum of the meeting throughout the entire venue of the meeting. The Shareholders may be duly informed by the Company about the nature of conduct expected from them during their presence at the venue of any general meeting as specified in the permission / approval received from the law enforcement authorities for convening the meeting, by conspicuously displaying at the venue of the general meeting, such terms and conditions subject to which such permission / approval is granted by the law enforcement authorities.

89. (3) *Powers of the Board*

Subject to the provisions of the Act, the power to manage the company's business shall be vested in the Board, who may exercise all such powers, and do all such acts and things, as the company is permitted by its memorandum of association or otherwise authorised under by any law, directed or required to be exercise or done by the Company in general meeting subject to the provisions of the Act and other laws and of the memorandum and articles of association of the company. Provided no such regulation made by the Company in general meeting shall invalidate any prior act of the Board, which would otherwise have been valid if such regulation had not been made.

The Board may appoint at any time and from time to time by a power of attorney in the manner specified under Section 22 of the Act, any person to be the attorney of the Company for such purpose and with such powers, authorities and discretions not exceeding those vested in or exercisable by the Board by or under these articles and for such period and subject to such conditions as the Board may from time to time think fit.

Subject to the provisions of the Act, the Board may exercise all the powers of the Company to borrow money with or without security and to mortgage or charge its undertaking(s), properties and uncalled capital and to issue debentures, bonds and other securities, whether outright or as collateral security for any debt, liability or obligation of the Company or of any third party. Such debentures, bonds and other securities may be issued at a discount, premium or otherwise and with any privilege as to redemption, surrender, drawings or otherwise.

If the Directors or any of them or any other person shall become personally liable for the payment of any sum primarily due from the Company, the Board may execute or cause to be executed any mortgage, charge or security over or affecting the whole or any part of the assets of the Company by way of indemnity to secure the Directors or any other person so becoming liable as aforesaid from any loss in respect of such liability.

Subject to the provisions of the Act, if any Director shall be appointed to advise the Directors as an expert or be called upon to perform extra services or make a special exertion for any of the purposes of the Company, the Directors may pay to such Director such special remuneration as they think fit, which remuneration may be in form of either Salary, Commission or a lump sum and may either be in addition to or substitution of the remuneration specified in the preceding articles.

89. (4) *Managing Director*

Subject to the provisions of the Act, the Board may, from time to time, appoint one or more of their Body to the office of Managing Director/Whole-Time-Director or Managing Directors / Whole-Time- Directors for such term and at such remuneration (whether by way of salary or commission or participation in profits or partly in one way and partly in another or otherwise as they may deem fit. The Whole- Time- Directors who are in the whole-time employment in

the Company shall be subject to supervision and control of the Managing Director and exercise such of the powers as vested by the Board from time to time.

If a Managing Director / Whole-time Director ceases to hold office as Director, he / shall ipso facto immediately cease to be a Managing Director / Whole-time Director.

89. (5) *Statutory Registers*

The Company shall keep and maintain at its Registered Office all statutory registers, other than the Register of Members, which shall be maintained by the Registrar & Transfer Agents, for such duration as the Board may decide unless otherwise prescribed, and in such manner and containing such particulars as prescribed by the Act and the Rules.
