(For Detailed information on our business, please refer to chapter titled “Our Business” beginning from page no. 111 of this draft prospectus.)

❖ Summary of the industry in which our Company operates:

Indian Railway Industry:

India has the fourth largest railway network with over 22,593 operating trains (9141 freight and 13,452 passengers) with a daily passenger count of 24 million passengers and 203.88 million tonnes of freight. In FY22 passenger traffic stood at 3.54 billion as compared to 1.28 billion in FY21. In FY 2022-23, railway freight volume stood at 1,109.38 MT which depicted year-on-year growth of 8%. Since August 2020, the Indian Railways has run 450 Kisan Rail services and was able to transport over 1.45 lakh tonnes of agricultural produce & perishables Rail Tel, a PSU under the Railway Ministry, which provides fast and free Wi-Fi across the Country. In November 2020, India Railways announced that 40% of dedicated freight corridor (DFC) will be opened for traffic by end-FY21. India is among the top 3 exporters of railways globally as of 2022. India's export of railways has grown at a CAGR of 31.51% during 2010-2018 to US\$ 507.90 million. Exports of railways in 2021 stood at US\$ 633.27 million.

Indian Railways is developing and creating technology in areas such as signalling and telecommunication with 15,000 km being converted into automatic signalling and 37,000 km to be fitted with 'KAVACH', the domestically developed Train Collision Avoidance System.

Indian Steel Industry:

In the past 10–12 years, India's steel sector has expanded significantly. Production has increased by 75% since 2008, while domestic steel demand has increased by almost 80%. The capacity for producing steel has grown concurrently, and the rise has been largely organic.

In FY22, the production of crude steel and finished steel stood at 133.596 MT and 120.01 MT, respectively. The consumption of finished steel stood at 105.751 MT in FY22. Between April–December 2022, India's finished steel consumption stood at 75.34 MT. In April–July 2022, the production of crude steel and finished steel stood at 40.95 MT and 38.55 MT respectively.

In FY23 (until January 2023), the exports of finished steel stood at 5.33 MT, while the imports stood at 5 MT. In FY22, exports and imports of finished steel stood at 13.49 MT and 4.67 MT, respectively. In FY22, India's export rose by 25.1% YoY, compared with 2021. In FY21, India exported 9.49 MT of finished steel. In December 2022 exports of finished steel stood at 4.42 lakh tonnes.

The annual production of steel is anticipated to exceed 300 million tonnes by 2030–2031. By 2030–31, crude steel production is projected to reach 255 million tonnes at 85% capacity utilisation achieving 230 million tonnes of finished steel production, assuming a 10% yield loss or a 90% conversion ratio for the conversion of raw steel to finished steel. With net exports of 24 million tonnes, consumption is expected to reach 206 million tonnes by the years 2030–2031. As a result, it is anticipated that per-person steel consumption will grow to 160 kg.

SECTION III: RISK FACTORS

RISK FACTORS

*Any investment in equity securities involves a high degree of risk. Investor should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a more complete understanding, you should read this section together with Sections titled, **Our Business**, and **Management's Discussion and Analysis of Financial Condition and Results of Operations** beginning on page no. 111 and 205 respectively, as well as the other financial and statistical information contained in this Draft Prospectus.*

Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Prospectus, could have an adverse effect on our business, financial condition, results of operations and prospects and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or a part of your investment. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Draft Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including the considerations described below and elsewhere in this Draft Prospectus.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the effect is not quantifiable and hence has not been disclosed in such risk factors. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in the Equity Shares.

The financial information in this section is, unless otherwise stated, derived from our Restated Financial Statements prepared in accordance with Indian AS, as per the requirements of the Companies Act, 2013, and SEBI (ICDR) Regulations.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. *Some risks may not be material individually but may be material when considered collectively.*
2. *Some risks may have material impact qualitatively instead of quantitatively.*
3. *Some risks may not be material at present but may have a material impact in the future.*

INTERNAL RISK FACTORS

A. Business Related Risks

1. *Our business is dependent on a few customers and the loss of, or a significant reduction in orders by such customers could adversely affect our business.*

Our Company manufactures Metro Rail Rolling Stock Products, Railway Signaling Products, Infrastructure Products and supplies to renowned Global and Domestic OEM's engaged in the Rail and Metro Rail Rolling stock and Signaling equipment. Revenues from any of our particular customers may vary significantly from reporting period to reporting period depending on the nature of ongoing orders and the implementation schedule for such orders. The efficiency of the sales and marketing network is critical to success of our Company. Our success lies in the strength of our relationship with the customers who have been associated with our Company. Our team through their experience and good rapport with these customers owing to timely and quality delivery of products plays an instrumental role in creating and expanding a work platform for our Company. To get repeat orders from our customers, our team having adequate experience and competence, regularly interact with them and focus on gaining an insight into the additional needs of customers. Our long-term relationships with the customers are indicative of our quality consciousness and our designing and tooling capabilities. However, such concentration of our business on a few customers may adversely affect us if we do not achieve our expected margins or suffer losses on one or more of these customer contracts. Significant revenue from a few customers increases the potential volatility of our results and exposure to individual contract risks with such customers, which may have an adverse effect on our results of operations.

There can be no assurance that our significant customers in the past will continue to place similar orders with us in the future. A significant decrease in business from any such key customer, whether due to circumstances specific to such customer or adverse market conditions affecting the industry or the economic environment generally, such as the COVID-19 pandemic, may materially and adversely affect our business, results of operations and financial condition. Our reliance on a select group of customers may also constrain our ability to negotiate our arrangements, which may have an impact on our profit margins and financial performance. The deterioration of the financial condition or business prospects of these customers could reduce their requirement of our products and result in a significant decrease in the revenues we derive from these customers. We cannot assure you that we will be able to maintain historic levels of business from our significant customers, or that we will be able to significantly reduce customer concentration in the future. In addition, our revenues may be adversely affected if our customers decide to choose our competitors over us or if there is a significant reduction in the volume of our business with such customers. The loss of one or more of our significant customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition, and cash flows.

Further, to sustain or increase our revenue, we must add new customers and encourage existing customers to allocate a greater portion of their marketing spend to us. As our industry matures and competitors introduce lower cost or differentiated products or services, our ability to sell our goods could be impaired.

The following is the breakup of the top five and top ten Customers of our Company for the Fiscal 2023, 2022 and 2021:

₹ in lakhs

Particulars	March 31, 2023		March 31, 2022		March 31, 2021	
	Amount	In %	Amount	In %	Amount	In %
Top 5 Customers	2,099.64	99.84%	1,258.36	99.65%	732.68	96.23%
Top 10 Customers	2,103.06	100.00%	1,262.80	100.00%	760.87	99.94%

2. ***We rely significantly on some suppliers for the supply of our raw materials. If these suppliers are unable or unwilling to supply raw materials on time or otherwise fail to meet our requirements, our business will be harmed. An inability to procure the desired quality, quantity of our raw materials and components in a timely manner and at reasonable costs, or at all, may have a material adverse effect on our business, results of operations and financial condition***

Our Major Raw Material i.e. Stainless Steel, Aluminium or Mild Steel are mainly procured from domestic market. We enjoy a very good relationship with our raw material suppliers, which enables a timely manufacturing and delivery of components. We keep an array of suppliers with us, to ensure that there is no delay in manufacturing and delivery of the component to the customer due to the delay or failure to supply a critical raw material by any supplier. Presently, we have not entered into any long-term supply agreements for sourcing any of our raw materials, and we source our raw materials by entering into short-term supply agreements / purchase orders with our suppliers. We procure the raw materials required for our business pursuant to the issue of the purchase orders. While we have in the past undertaken our business pursuant to such arrangements and have not faced any disputes in relation to such purchase orders, we cannot assure you that there will be no disputes with our suppliers in the future, owing to such arrangements. Due to long-standing relationship with our supplier, the purchase orders we issue to some of our suppliers do not contain detailed terms and conditions for eventualities where the supply is not done in accordance with the supply terms agreed with our suppliers or in a timely manner or for circumstances where the quality of materials is not as per our requirements. The purchase orders issued by us fail to adequately cover the liabilities of our Company. The purchase orders do not provide for clauses relating to indemnification, liquidated damages, dispute resolution, and termination. Such purchase orders may in the future have commercial implications on our Company in case of any dispute with our suppliers, for any reason whatsoever. In the absence of a contractual basis for liability, this may lead to delays in supply, a strained relationships with our suppliers, protracted litigation, and delays in our obligations with our customers resulting in an adverse effect on our business, results of operations, financial condition, and cash flows.

The following is the breakup of the top five and top ten Suppliers of our Company for the Fiscal 2023, 2022 and 2021:

Particulars	March 31, 2023		March 31, 2022		March 31, 2021	
	Amount	In %	Amount	In %	Amount	In %
Top 5 Suppliers	501.70	57.13%	335.36	72.25%	152.84	56.81%
Top 10 Suppliers	673.66	76.71%	371.52	80.04%	185.71	69.03%

3. ***We are affected by the prices, availability, and quality of the raw materials used in our production.***

Stainless Steel, Aluminium or Mild Steel are our key raw material, which we use for the manufacturing of our products. Typically, we do not enter into long-term contracts with our suppliers, and prices for these raw materials are normally based on the quotes we receive from various suppliers. Upon receipt of quotes from our suppliers, we issue purchase orders to the supplier which has quoted the least price. Any unexpected price fluctuations after the placement of orders, shortage, delay in delivery, quality defects, or any factors beyond our control may result in an interruption in the supply of such materials which is critical to our business. In the event that we fail to secure sufficient quantities of such raw materials from our suppliers at acceptable quality and prices in a timely manner, our business, financial performance, and cash flows may be adversely affected.

In particular, we are vulnerable to the risk of rising/fluctuating steel prices, which are determined by demand and supply conditions in the global and Indian markets as well as government policies.

The quality of raw materials delivered by suppliers engaged by us has a direct impact on the overall quality of our products and the timeliness of our delivery to the customers. Although we generally ensure strict quality and process control measures for suppliers, we may be subject to potential claims against us by our customers in case of any substandard materials provided by our suppliers. In such circumstances, our reputation may suffer and our business may be adversely affected. In addition, our resources could be strained by any claim that proceeds to litigation.

Our orders are negotiated with our customers based on the price at which we purchase our raw materials, possible selling prices of our products/services, and our intended gross margins. Hence, we fix the prices of required materials at approximately the same time as the orders we sign with our customers so as to protect our gross margins. Nevertheless, should there be any significant increases in steel or aluminium prices, and we are unable to pass on such increases in prices to our customers or find alternative suppliers/sources of direct materials who are able to supply us with the raw materials at competitive prices, our business and financial performance will be adversely affected.

4. *Our Company has been incorporated upon conversion of Partnership Firm M/s. Presston Engineering Corporation thus we have limited operating history as a Company which may make it difficult for investors to evaluate our historical performance or future prospects.*

Our Company was originally incorporated as a Partnership Firm M/s. Presston Engineering Corporation and subsequently converted into Private Limited Company under the Companies Act, 2013 through a certificate of incorporation dated March 23, 2021 upon conversion of Partnership Firm. We have very limited operating history as a company from which one can evaluate our business, future prospects and viability. Our future revenues and profitability are difficult to estimate and could fluctuate significantly and as a result the price of our Equity Shares may remain volatile. Further our business prospects must be considered in light of the risks and uncertainties in respect of Railway Products. Although the partnership firm has retained the growth path in past years, and we will continue to undertake all possible steps towards our grow path, but there is no assurance that this growth will be met successfully in future. In case we are unable to meet the desired growth in revenues and profitability, our results of operations and financial condition will be adversely affected.

Further, any future acquisition may not be beneficial to our Company, we may have to pay a certain amount of premium to the outgoing management / shareholders for synergic benefits that we may accrue compared to valuations of those firms / businesses / companies. Our inability to identify suitable acquisition opportunities in the future, or adequately priced acquisitions, entering into agreement with such parties or obtaining the necessary financing to make such acquisitions could adversely affect our future growth.

Further, our growth exposes us to a wide range of increased risks. It will also place significant demands on our management, financial and other resources and will require us to continuously develop and improve our operational, financial and internal controls. There can be no assurance that we will be able to successfully pursue our growth strategies, or that pursuing these strategies will provide us the anticipated benefits. Any inability to pursue our growth strategies successfully or at all, or an inability to manage our growth, may adversely affect our prospects. For further details, see the chapter titled *“History and Certain Corporate Matters”* and *“Restated Financial Statements”* on page 139 and 167 respectively of the Draft Prospectus.

5. *We have only one manufacturing facility.*

Our manufacturing facility is located at Sy. No. 2, Khatha No. 145, Hoysala Main Road, Pillappa Industrial Layout, Srigandhadakavalu, Sunkadakatte, Viswaneedam, Bangalore, North Bangalore, Karnataka – 560091. As a result, any local social unrest, natural disaster, or breakdown of services and utilities in that area could have a material adverse effect on the business, financial position, and results of our operations. Our manufacturing facility is subject to operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output, efficiency, obsolescence, labour disputes, strikes, lock-outs, non-availability of services of our external contractors, etc. In the event that we are forced to shut down our manufacturing facility for a significant period of time, it would have a material adverse effect on our earnings, our other results of operations, and our financial condition as a whole.

6. *Delays or defaults in customer payments could adversely affect our financial condition.*

We are exposed to payment delays and/or defaults by our customers and our financial position and financial performance are dependent on the creditworthiness of our customers. Further, we may not receive advance payment from our customers after signing the purchase orders. Delays in customers’ payments may require us to make a working capital investment. If a customer defaults in making payments where we have devoted significant resources or where we have invested significant resources is delayed, cancelled, or does not proceed to completion, it could have an adverse effect on our operating results. For the Fiscal ending March 31, 2023, 2022 and 2021, our trade receivables were ₹ 524.50 lakhs, ₹ 292.54 lakhs, and ₹ 323.30 lakhs, respectively. However, in the past, our Company has not faced any such instance of default but there is no guarantee that the timeliness of all or any part of our customers’ payments and whether they will be able to fulfil their obligations, which may arise from their financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur, our financial performance and our operating cash flows may be adversely affected.

7. ***Our success depends on stable and reliable logistics and transportation infrastructure. Disruption of logistics and transportation services could impair the ability of our suppliers to deliver materials or our ability to deliver materials to our customers and/ or increase our transportation costs, which may adversely affect our operations.***

We utilize third party transportation services for procurement and supply of materials and from/ to our suppliers and customers. Transportation by road involves risks, including, collision, grounding, storm, fire, explosion, lightning, political instability, and operating restrictions/ lockdown consequent to outbreak of infectious diseases, such as the COVID-19 pandemic. Any delay or disruption caused to the transportation of materials could adversely impact our ability to procure the materials as well as to meet the delivery schedule of the customers in an economical manner. To ensure timely delivery of materials, we may also be required to maintain relatively high level of inventory of materials and this may also resultantly increase our cost.

8. ***If we are unable to successfully implement our proposed expansion plans; our results of operations and financial condition could be adversely affected.***

Our Company is planning to build scale and expand its production capacity. From the Net Proceeds of the Issue, we will be deploying funds for purchase of additional machineries/equipment. These expansion plans and business growth could strain our managerial, operational and financial resources. Our ability to manage future growth will depend on our ability to continue to implement and improve operational, financial and management information systems on a timely basis and to attract, expand, train, motivate, retain and manage our workforce.

We cannot assure you that our personnel, systems, procedures and controls will be adequate to support our future growth. Failure to effectively manage our expansion may lead to increased costs and reduced profitability and may adversely affect our growth prospects. Any of these factors may cause us to delay, modify or forego some or all aspects of our expansion plans. Further, there can be no assurance that we will be able to execute our strategies on time and within the budget estimated by the Company. In addition, our expansion plans have not been appraised by any independent or third-party agency, and accordingly, in the absence of such independent appraisal, our expansion plans may be subject to change based on various factors which are beyond our control.

9. ***Our Company is yet to place orders for purchase of machinery. Any delay in placing orders or procurement of such machinery may delay the schedule of implementation and possibly increase the cost of commencing operations.***

Our Company has received third party quotations of ₹ 232.12 lakhs for the machinery from third party vendors which are proposed to be installed at our existing manufacturing unit situated at Sy. No. 2, Khatha No. 145, Hoysala Main Road, Pillappa Industrial Layout, Sriganthadakavali, Sunkadakatte, Viswanedam, Bangalore – North, Karnataka – 560091, India. Although, we have identified the type of machinery proposed to be purchased from the Net Proceeds. However, we have not placed orders for any of the machinery proposed to be purchased from the Net Proceeds. The cost of the proposed purchase of machinery is based on the quotations received from third party vendors. Such quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors and the estimates taken from online/e-commerce platforms are subject to fluctuations. For details, please refer to the chapter titled “*Objects of the Issue*” beginning on page 73 of this Draft Prospectus.

We cannot assure that we will be able to procure the machinery in a timely manner and at the same price at which the quotations have been received. In the event of any delay in placing the orders, or an escalation in the cost of acquisition of the equipment or in the event the vendors are not able to provide the equipment in a timely manner, or at all, we may encounter time and cost overruns in expanding the capacity of the Manufacturing Facility. Further, if we are unable to procure machinery from the vendors from whom we have procured quotations, we cannot assure you that we may be able to identify alternative vendors to provide us with the machinery which satisfy our requirements at acceptable prices. Our inability to procure the machinery at acceptable prices or in a timely manner, may result in an increase in capital expenditure, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly, thereby resulting in an adverse effect on our business, prospects and results of operations.

10. ***The Company faces the risk of Unexpected Costs overruns and Losses.***

Our Company conducts its business under various contractual arrangements, where costs are estimated in advance. Under these types of contracts, contract prices are established in part on cost and scheduling estimates which are based on a number of assumptions, including assumptions relating to future economic conditions, prices and availability of labor, equipment and materials. If these estimates prove inaccurate, or circumstances change such as unanticipated technical problems, difficulties in obtaining permits or approvals, changes in local laws or labor conditions, weather

delays, cost of raw materials, or the company's suppliers' inability to perform, cost overruns may occur. This could lead to the company experiencing reduced profits or, in some cases, a loss for such contract. These risks tend to be worse for long-term contracts since it is likely that the circumstances under which the company based its original bid could change, resulting in an increase in costs.

Unexpected costs or delays in performing part of a fixed-price contract can increase the costs of performing other parts of the contract. These variations and the risks inherent to the industry may result in the company's profits being different from those originally estimated and may lead to the company experiencing reduced profitability or losses on projects. The size of a project could significantly impact the company's results of operations due to variations from estimated contract performance. In addition, most contracts that the company enters into are subject to certain completion schedule requirements. If the schedules are not met as a result of circumstances within its control, it might be required to pay liquidated damages which could significantly impact the company's results of operations.

11. *Our debt financing agreements contain certain restrictive covenants that may adversely affect our Company's business, credit ratings, prospects, results of operations and financial condition.*

Certain debt financing agreements that our Company has entered into contain restrictive covenants that limit our ability to undertake certain types of transactions. Under our debt financing agreements our Company is required to maintain certain financial covenants.

There can be no assurance that our Company has complied with all such restrictive covenants in a timely manner or at all or that we will be able to observe compliance with all such restrictive covenants in the future. A failure to observe the restrictive covenants under our debt financing agreements may result in termination of our financing agreements, levy of default interest, acceleration of all amounts due under such facilities and the enforcement of any security provided in relation thereto. Any acceleration of amounts due under such debt financing agreements may trigger cross-default or cross-acceleration provisions under other debt financing agreements, which may compel us to dedicate a substantial portion of our cash flow from operations or sell certain assets to make such payments thereby reducing the availability of cash for our working capital requirements and other general corporate purposes. Further, in the event of any of the circumstances coming into effect our business, prospects, results of operations and financial condition may be adversely affected.

12. *We generally do business with our customers on purchase order basis and do not enter into long term contracts with most of them.*

Our business is dependent on our continuing relationships with our customers. Our Company neither has any long-term contract with any of customers nor has any marketing tie up for our products. Further, our Company has not appointed any exclusive agents for handling its operations. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations. We have not entered in any agreement with our customers, we work on the basis of purchase order basis.

13. *Our efforts to introduce new products are dependent on the success of our research and development initiatives. Our inability to successfully develop and commercialize new products in a timely manner could adversely impact our business, growth and financial condition.*

In order to remain competitive, we must develop, test and manufacture new/distinctive products, which must meet our customers' standards and applicable regulatory standards. However, our investments in research and development for new products and processes may result in higher costs without proportionate increase in revenues. Any failure on our part to successfully identify and commercialize new products may have an adverse impact on our business, financial condition and results of operations.

Our ability to successfully introduce new and distinctive products also depends on our ability to adapt and invest in new technologies. There can be no assurance that we will be able to make timely investments in technological improvements in order to commercialize new products in a timely manner. Further, our competitors may launch competing or improved products. Delays or failure in developing new or commercially viable products could adversely affect our business, financial condition and results of operations.

14. Our Company had incurred loss in one of the last three financial years. Any losses in future could adversely impact our business, financial condition and results of operations.

Our company has suffered loss in Financial year 2020-21 as per restated financial statements. The profit/(loss) of the company for last 3 financial years is summarized below.

₹ in lakhs

Particulars	March 31, 2023	March 31, 2022	March 31, 2021
Profit before Tax	355.55	21.44	(21.80)
Profit after Tax	256.14	14.06	(16.94)

Any failure to sustain or increase our net revenue sufficiently to keep pace with our expenses could prevent us from achieving profitability on a consistent basis in future periods.

15. We may encounter delays in the implementation and execution of our orders.

We have not in the past encountered any delays in relation to the completion of our orders. There can be no assurance that future orders will be completed in the estimated time frame. We cannot assure that all potential liabilities that may arise from delays will be covered or that the damages if any, that may be claimed from customers/third parties for such delay, shall be adequate to cover any loss of profits resulting from such delays. Further, any delay in completing our orders may also result in an increase in the total cost of implementing the contract which could exceed the original estimate or further cost escalation. Such delays and cost overruns will adversely affect our business, cash flows, and results of operations.

16. Our Company had negative cash flow in recent fiscals, details of which are given below. Sustained negative cash flow could adversely impact our business, financial condition and results of operations.

The detailed break up of cash flows is summarized in below mentioned table and our Company has reported negative cash flow in certain financial years:

₹ in lakhs

Particulars	31-03-2023	31-03-2022	31-03-2021
Net cash generated/(used) from operating activities	544.84	452.34	134.73
Net Cash generated/(used) from investing activities	(99.35)	(306.00)	(104.24)
Net Cash generated/(used) from financing activities	(414.65)	(195.65)	107.79
Net increase/(decrease) in cash and cash equivalents	30.84	(49.30)	138.28

There can be no assurance that our net cash flows shall be positive in the future. Any negative cash flows in the future over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our cash flows, business, future financial performance and results of operations could be materially and adversely affected. For further details, see **“Financial Statements as Restated”** beginning on page 167 of this Draft Prospectus.

17. We have issued Equity Shares in the last 12 (twelve) months at a price which is lower than the Issue Price.

During the last 12 (twelve) months, we have issued Equity Shares at a price that is lower than the Issue Price, as set forth below.

Date of Issue	No. of Equity Shares	Face Value (₹)	Issue Price (₹)	Nature of Allotment
22-05-2023	22,35,340	10.00	-	Bonus Issue

The price at which Equity Shares have been issued by our Company in the immediately preceding one year is not indicative of the Issue Price at which the Equity Shares shall be issued and traded (subsequent to listing). For further details regarding such allotments, see **“Capital Structure”** on page 61 of this Draft Prospectus.

18. The average cost of acquisition of Equity Shares by our Promoters is lower than the Issue Price.

Our Promoters average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this draft prospectus. For Details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer the table below:

Name of the Promoter	No. of Equity Shares Held	Avg. Cost of Acquisition (In ₹ per Equity Share)
Herga Poornachandra Kedilaya	22,34,740	5.00
Yermal Giridhar Rao	22,34,740	5.00

19. We have certain contingent liabilities, which, if materialized, may affect our financial condition and results of operations.

Our contingent liabilities as of March 31, 2023 were as follows:

Particulars	₹ in lakhs		
	31.03.2023	31.03.2022	31.03.2021
Bank Guarantees	576.47	600.00	598.46
TDS Demand	5.25	3.79	-
Estimated amount of contracts remaining to be executed on capital account and not provided for; (Capital WIP)	25.00	104.56	135.14
Total	606.72	708.35	733.59

For further details of the contingent liabilities and commitments of our Company as on March 31, 2023, see **“Financial Statements as Restated”** on page 167 of this Draft Prospectus. If a significant portion of these liabilities materialize, fully or partly, it could have an effect on our results of operations and financial condition. Further, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future.

20. We are required to furnish bank guarantees to our certain clients. Our inability to arrange such guarantees or the invocation of such guarantees may adversely affect our cash flows and financial condition.

We are required to provide financial and performance bank guarantees in favour of our certain clients. These guarantees are typically required to be furnished within stipulated period and remain valid up to certain period of time. We may not be able to continue obtaining new financial and performance bank guarantees required to match our business requirements. If we are unable to provide sufficient collateral to secure the financial bank guarantees, performance bank guarantees, our ability to enter into new contracts could be limited and could have a material adverse effect on our business, results of operations and financial condition. Also, there may be scenarios where we may be unable to fulfil our obligations under the contracts entered into by us due to unforeseen circumstances which may result in a default under our contracts resulting in invocation of the bank guarantees issued by us. If any or all the bank guarantees are invoked, it may result in a material adverse effect on our business and financial condition.

21. Latent defects in our products may increase it's after-sales cost or we may suffer losses on account of replacements/product recalls.

Despite testing of our products prior to dispatch, errors, defects or performance issues, and/or latent defects may occur in existing products or new products. Since we provide 24 months warranty for Seats only to Government Clients, such defects may also cause us to incur significant support and repair costs under our purchase orders/contracts. We may have to incur additional costs to address these defects. Also, the recurrence of these problems may result in the delay or loss of market acceptance of our products, which may harm our business, market reputation and financial condition. In case of a product recall during the duration guaranteed by us to our customers, we may suffer losses on account of the replacement of products and such manufacturing defects would also result in loss of our goodwill.

If a supplier fails to meet quality standards, it could expose the Company to the risk of product liability claims or delay the production schedule for the Company's products. Any defects in products could also result in customer claims for damages. Furthermore, in defending such claims, substantial costs may be incurred and adverse publicity generated. While the Company obtains quality assurances from the suppliers, there can be no assurance that such assurances or warranties will be successfully obtained or enforced. In such instances, any product recalls would adversely affect the Company's business, results of operations, and financial condition.

22. *Our business is subject to seasonal and other fluctuations that may affect our cash flows and business operations.*

Our business and operations may be affected by seasonal factors which may restrict our ability to carry on activities related to our orders received and fully utilize our resources. Heavy or sustained rainfalls or other extreme weather conditions such as cyclones could result in delays or disruptions to our operations during the critical periods of our projects and cause severe damages to our premises and equipment. This may result in delays in execution of orders and also reduce our productivity. During periods of curtailed activity due to adverse weather conditions, we may continue to incur operating expenses and our order related activities may be delayed or reduced. Adverse seasonal developments may also require the evacuation of personnel, suspension or curtailment of operations, resulting in delays in the delivery of products etc.

23. *Any reduction in the demand for our products could lead to underutilisation of our manufacturing capacity.*

We face the risk that our customers might not place any order or might even cancel existing orders. Cancellations, of orders by our customers could adversely affect our results of operations by reducing our sales volume leading to a reduced utilization of our existing manufacturing capacity. Further, we make significant decisions, including determining the levels of business that we will seek and accept, production schedules, personnel requirements and other resource requirements, based on our estimates of customer orders. The changes in demand of our products could reduce our ability to estimate accurately future customer requirements, make it difficult to schedule production and lead to over production and utilization of our manufacturing capacity for a particular product. The requirements of our customers are not restricted to one type of product and therefore variations in demand for certain types of products also requires us to make customizations. This may lead to over production of certain products and under production of some other products resulting in a complete mismatch of capacity and capacity utilization. Any such mismatch leading to over or under utilization of our manufacturing facilities could adversely affect our business, results of operations, financial condition and cash flows.

24. *We may face significant competition in our business. An inability to compete effectively may lead to a lower market share or reduced operating margins.*

We operate in the competitive industry. There are no entry barriers in our industry which puts us to the threat of competition from new entrants. We may face tough competition in our business from a large number of unorganized and organized players. Our aim is to provide the branded, standardized and uniform quality products at competitive prices to our consumers. We compete with our competitors on a regional or product line basis. Some of our competitors have substantially large capital base and resources than we do and offer broader range products. We believe that the principal factors affecting competition in our business include client relationships, reputation, the abilities of employees, market focus and the relative quality and price of the products. We believe that our ability to compete effectively is primarily dependent on ensuring consistent product quality and timely delivery at competitive prices, thereby strengthening our brand over the years. We believe that our cost effective and integrated offerings, our focus on customer satisfaction and our reliability combined with our quality consciousness provides competitive advantage in our business. We believe that our technical capabilities, experience in this business and quality assurance will be key to overcome competition posed by such organized and unorganized players. However, there can be no assurance that we will be able to compete successfully with the competitors and implement our future strategies in a way that will mitigate the effects of increased competition from our competitors.

25. *The Company may face risks associated with business transactions with Government Entities.*

We are supplying our products to diversified industries along with PSUs. The company may be exposed to risks associated with its business transactions with government entities. Transactions with government-owned or controlled entities and agencies may expose us to additional regulatory or other scrutiny. Contracts with government agencies are subject to uncertainties (including those associated with funding), procedural requirements, restrictions, and regulations including oversight audits by various government authorities and profit and cost controls. The loss of government contracts could have a material adverse impact on our business, financial condition, and results of operations. There may also be delays associated with the collection of receivables from government-owned or controlled entities, which could affect our liquidity and results of operations. Additionally, government contracts contain terms that expose the company to heightened levels of risk and potential liability than non-government contracts. We are subject to government audits, investigations, and proceedings, and violations of rules or regulations, failure to comply with contractual or other requirements, or failure to satisfy an audit could result in penalties including monetary damages and criminal and civil penalties. In addition, our government contracts could be terminated, we could be suspended or debarred from government contract work, or payment of our costs could be disallowed, which

could harm our reputation and materially adversely affect our business, financial condition, and results of operations.

26. *Our continued success is dependent on our senior management and skilled manpower. Our inability to attract and retain key personnel may have an adverse effect on our business prospects.*

Our experienced senior management and Directors have had a significant contribution to the growth of our business, and our future success is dependent on the continued service of our senior management team. An inability to retain any key management personnel may have an adverse effect on our operations. Our ability to execute orders and to obtain new clients also depends on our ability to attract, train, motivate and retain highly skilled professionals, particularly at managerial levels. We continue to face challenges in recruiting suitably skilled personnel, particularly as we continue to grow and diversify our operations. In particular, we may be unable to compete with other larger companies for suitably skilled personnel due to their ability to provide more competitive compensation and benefits. The loss of any of the members of our senior management team, our whole-time directors, or other key personnel or an inability to manage the attrition levels in different employee categories may materially and adversely impact our business, results of operations, financial condition, and growth prospects.

The success of our business is also dependent upon our ability to hire, retain, and utilize qualified personnel, including designers, and corporate management professionals who have the required experience and expertise. We also place extensive reliance on our design and production department which is critical to our business as they design the products which are reviewed by our customers. From time to time, it may be difficult to attract and retain qualified individuals with the expertise and in the timeframe demanded by our clients, and we may not be able to satisfy the demand for our services because of our inability to successfully hire and retain qualified personnel. We may be unable to compete with our competitors for such qualified personnel because of more competitive salaries and benefits provided by them.

For every new product we expand into, we require suitably skilled personnel. Such skilled personnel may not be available in the market or we may not be able to compete with competitors for such qualified personnel because of more competitive salaries and benefits packages provided by them. If we cannot attract and retain qualified personnel or effectively implement appropriate succession plans, it could have a material adverse impact on our business, financial condition, and the results of operations. Moreover, we may be unable to manage knowledge developed internally, which may be lost in the event of our inability to retain employees.

27. *Our ability to anticipate changes in consumer preference, and industry trends and to meet customers' demands is a significant factor to remain competitive, any failure to identify and understand the trends may materially adversely affect our business.*

Changes in consumer preferences, regulatory or industry requirements, or competitive technologies may render certain of our products obsolete or less attractive. Our ability to anticipate changes in technology and regulatory standards and to successfully introduce new and enhanced products on a timely basis is a significant factor to remain competitive. If we are unable to obtain such knowledge in a timely manner, or at all, we may be unable to effectively implement our strategies, and our business and our results of operations may be adversely affected. We are also subject to the risks generally associated with new products and applications, including lack of market acceptance and failure of products to operate properly. Customer preferences in the markets we operate are difficult to predict and changes in those preferences or the introduction of new products by our competitors could put our products at a competitive disadvantage. To compete effectively in the industry, we must be able to produce new products to meet our customers' demands in a timely manner. Our failure to successfully produce new products could materially and adversely affect our results of operations.

28. *If we are unable to manage/arrange funds (including at short notice) to meet our working capital requirements, there may be an adverse effect on our results of operations.*

Our business requires a significant amount of working capital to finance the purchase of raw materials before payments are received from customers. We cannot assure you that the budgeting of our working capital requirements for a particular year will be accurate. There may be situations where we may under budget for our working capital requirements, in which case there may be delays in arranging the additional working capital requirements, which may delay the execution of projects leading to loss of reputation, levy of liquidated damages, and an adverse effect on the cash flows. If we experience insufficient cash flows or are unable to borrow funds on a timely basis or at all to meet the working capital requirements, there may be an adverse effect on our results of operations. We may also be subject to fluctuations of interest rates for our financing. If we are unable to secure financing at favourable rates for this purpose, our ability to secure larger-scale projects will be impeded and our growth and expansion plans will be materially and adversely affected which in turn will materially and adversely affect our future financial performance.

Our indebtedness is secured by charges over Equipment, Stocks, Book Debts etc. If we are unable to repay or refinance our outstanding indebtedness, or if we are unable to obtain additional financing on terms acceptable to us, we may be unable to implement our growth strategy, and our business, prospects, financial condition, and results of operations may be adversely affected.

29. *We intend to repay certain loan facilities availed by our company from the IPO Proceeds.*

One of the objects of the Issue is the repayment of certain loan facilities, availed by our Company. We intend to use the proceeds from the Issue to repay the loans availed from Canara Bank. As of March 31, 2023, we have an outstanding loan of ₹ 2,201.74 lakhs (fund and non fund based) and these loans were utilized for working capital needs & other business requirements of the Company from time to time. We intend to repay an aggregate of ₹ 500.00 lakhs of the said outstanding loan. We believe that the proposed repayment will enable us to save our interest, improve our debt-equity ratio and reduce the total secured loans. For details of the outstanding loans proposed for repayment or prepayment, in full or in part from the Net Proceeds, refer the chapter “*Objects of the Issue*” on page 73 of this Draft Prospectus. The amount utilized to repay these loans will, therefore, not be available for investment in our business and will not result in any immediate increase in the value of your investment in our Equity Shares.

30. *Our management will have broad discretion in how we apply the Net Proceeds of the Issue and there is no assurance that the Objects of the Offer will be achieved within the time frame expected, or at all, or that the deployment of Net Proceeds in the manner intended by us will result in an increase in the value of your investment.*

We intend to use the Net Proceeds for the purposes described under the “*Objects of the Issue*” on page 73 of the Draft Prospectus. The Objects of the Issue comprise (a) Funding Capital Expenditure towards Purchase of Additional Plant & Machinery, (b) Prepayment in full/part of certain borrowings availed by our Company (c) funding incremental working capital requirements of our Company, (c) for issue related expenses, and (d) for general corporate purposes (the amount utilised for general corporate purposes shall not exceed 25% of the Gross Proceeds). Further, our Objects of the Issue have not been appraised by any bank, financial institution or other independent agency. Our management will have broad discretion to revise our business plans, estimates and budgets from time to time. Consequently, our funding requirements and deployment of funds may change, which may result in the rescheduling of the proposed utilization of Net Proceeds and increasing or decreasing expenditure for a particular activity, subject to compliance with applicable law and the investment policies approved by our management. Further, pursuant to Section 27 of the Companies Act, 2013, any variation in the Objects of the Issue would require a special resolution of the shareholders, and the promoter or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue, in accordance with applicable law.

In case of an increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements. If actual utilization towards the Objects of the Issue is lower than the proposed deployment, such balance will be used for future growth opportunities, including funding other existing objects, if required. If the estimated utilization of the Net Proceeds is not completely met in a fiscal year, it shall be carried forward.

31. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Issue size is less than Rs. 10,000.00 Lakh there is no mandatory requirement of appointing an independent monitoring agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

32. *Our operations are subject to high working capital requirements. If we are unable to generate sufficient cash flows to allow us to make required payments, there may be an adverse effect on our results of operations.*

Our business requires significant amount of working capital and major portion of our working capital is utilized towards debtors and inventories. Our Trade Receivables for the financial year March 31, 2023, March 31, 2022, March 31, 2021 were ₹ 524.50 lakhs, ₹ 292.54 lakhs and ₹ 323.30 lakhs respectively and our inventories for the financial

year March 31, 2023, March 31, 2022, March 31, 2021 were ₹ 1087.06 lakhs, ₹ 1062.85 lakhs and ₹ 1073.42 lakhs respectively.

The results of operations of our business are dependent on our ability to effectively manage our inventory and trade receivables. To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. However, if our management fails to accurately evaluate the terms and conditions with our customers, it may lead to write-offs bad debts and/ or delay in recoveries which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability.

Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. In the event we are not able to recover our dues from our trade receivables or sell our inventory, we may not be able to maintain our Sales level and thus adversely affecting our financial health.

For further details of working capital requirements, please refer to the chapter titled “*Objects of the Issue*” on page 73 of the Draft Prospectus.

33. ***We appoint contract labour for carrying out certain of our operations and we may be held responsible for paying the wages of such workers, if the independent contractors through whom such workers are hired default on their obligations, and such obligations could have an adverse effect on our results of operations, cash flows and financial condition.***

We engage independent contractors through whom we engage contract labourers for performance of certain functions at our manufacturing facilities. Although we do not engage these labourers directly, we are responsible for any wage and statutory payments to be made to such labourers in the event of default by such independent contractors. Any requirement to fund their wage requirements may have an adverse impact on our results of operations and our financial conditions. In addition, we may be liable for or exposed to litigations, sanctions, penalties or losses arising from accidents or damages caused by our workers or contractors.

34. ***Our inability to accurately forecast the total amount due to MSME Creditors may adversely affect our business operations and cash flows.***

Information as provided in Section-X: Legal and Other Information” under heading ‘Outstanding dues to Small Scale Undertakings or any other Creditors’ is based on the information available with the company regarding the status of supplier under the Micro, Small and Medium Enterprises Development Act, 2006 and as per restated financial statements. Our inability to accurately forecast the total number of MSME Creditors, total amount due to them, timely payment to MSME Creditors may adversely affect our business operations and cash flows.

35. ***Our customers may claim against us and/or terminate our services in whole or in part prematurely should we fail to satisfy their requirements and expectations or for any other reason.***

Our purchase orders with our customers are of standard form and usually, inter-alia contain details relating to price, terms of payment, delivery schedule, and other standard terms and conditions. Any defect or malfunction in our system designs, products, and/or solutions, or failure to satisfy the requirements and expectations of our customers, could lead to claims made against us and/or termination of our services in whole or in part. This may arise from unsatisfactory design or workmanship, staff turnover and, human errors. However, our production doesn’t start without manufacturing clearance is given by our Company and the Customers and a product design is tested before being taken up for production; likewise, approval is taken from the Company and the Customers before packaging of the product and hence it reduces the chances of defects in our product. Further, as our system designs, products, and technology solutions are applied in the process of finalizing the order, if it is established that any damages in and/or loss of property, as well as personal injuries and/or death resulted from defects in or malfunction of our products, we may be required to further compensate our customers and/or victims for such loss, damages, personal injuries and/or death.

In addition, we may also be subject to potential liability from legal suits for any losses suffered by our customers due to delay of the delivery of our products or services. In the event that we are involved in any legal dispute or court proceedings with our customers, our reputation will be adversely affected and we may have to spend a significant

amount of resources to defend ourselves, which may adversely affect our business, cash flows and, financial performance.

36. *Our revenues are highly dependent on clients located in India. Any decline in the economic health of India could adversely affect our business, financial condition and results of operations.*

We majorly sell our products and services to clients located in India. If the economic conditions of India become volatile or uncertain or the conditions in the financial market were to deteriorate, especially in recent times due to the COVID-19 pandemic, or if there are any changes in laws applicable to our services and operations or if any restrictive conditions are imposed on us or our business, the pricing of our services may become less favourable for us. Further, our clients located in these geographies may reduce or postpone their spending significantly which would adversely affect our operations and financial conditions. Any reduction in spending on third party logistic services may lower the demand for our services and negatively affect our revenues and profitability.

37. *We have entered into, and will continue to enter into, related party transactions.*

We have entered into and may in the ordinary course of our business continue to enter into transactions with related parties that include certain of our Promoter, Promoter Group, Directors and Key Managerial Personnel. For further details in relation to our related party transactions, see **“Restated Financial Statements - Related Party Transaction”** beginning on page 195 of this Draft Prospectus. While we have entered into such transactions on an arm’s length basis, there is no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties.

38. *Our Company’s Registered Office and manufacturing facility are not owned by us and we have only lease rights over them. In the event we lose such rights, our business, financial condition and results of operations, and cash flows could be adversely affected.*

Our Registered Office and Manufacturing Facility used by our Company have been obtained on a Lease basis from third parties. We cannot assure you that we will be able to renew our lease agreements or enter into new agreements in the future, on terms favourable to us, or at all. In the event that any lease agreements are not renewed, we will be required to expend time and financial resources to locate suitable land or building to set up our operations. Also, we may be unable to relocate to an appropriate location in a timely manner, or at all, and we cannot assure you that a relocated office will be as commercially viable. If any lease agreements are terminated, prior to its tenure or if it is not renewed, or if we are required to cease business operations at a property, for any reason whatsoever, our business, financial condition, and results of operations may be adversely affected. Further, if the vacated property is leased or sold to a competitor, we may also face increased competition in that geographic area, which could adversely affect our market share. For further information on our properties, see **“Our Business”** on page 111 of this Draft Prospectus.

39. *Shortage or non-availability of essential utilities such as electricity could affect our manufacturing operations and have an adverse effect on our business, results of operations and financial condition.*

Our business operation is heavily dependent on continuous supply of electricity which is critical to our operations. While our power requirements are met through local state power grid, we cannot assure you that these will be sufficient and, or, that we will not face a shortage of electricity despite these arrangements. Further, any shortage or non-availability of electricity could result in temporary shut-down of a part, or all, of our operations at the location experiencing such shortage. Such shut-downs could, particularly if they are for prolonged periods, have an adverse effect on our business, results of operations and financial condition.

40. *Certain relevant copies of experience certificates of our promoters/Directors are not traceable.*

Relevant copies of experience certificates of our Promoters/Directors are not traceable. We can’t assure you that back-ups for the relevant copies of experience certificates will be available in a timely manner or at all. We have relied on personal undertakings provided from them.

41. *Our business requires us to obtain and renew certain licenses and permits from government, regulatory authorities and other national/ international corporations and the failure to obtain or renew them in a timely manner may adversely affect our business operations.*

Our business requires us to obtain and renew from time to time, certain approvals, licenses, registrations and permits. In addition, we require certain approvals, licenses, registrations and permissions under various regulations, guidelines,

circulars and statutes regulated by authorities such as the Government of India, the State Governments and certain other regulatory and government authorities, for operating our business. In particular, we are required to obtain certificate of registrations for carrying on certain of our business activities from the Government of India, the State Governments and other such regulatory authorities that are subject to numerous conditions. If we fail to maintain such registrations and licenses or comply with applicable conditions, our certificate of registration for carrying on a particular activity may be suspended and/or cancelled and we will not then be able to carry on such activity. This could materially and adversely affect our business, financial condition and results of operations.

We and our customers, may require various regulatory approvals, sanctions, licenses, registrations and permissions including environmental clearances in connection with our operations and the various development activities involved in such orders. We or our customers may face significant uncertainties due to various factors in obtaining or maintaining such approvals. If such approvals are not obtained in a timely manner or at all, there may be a material adverse effect on various development activities, including our operations, thereby adversely affecting our results of operations and financial condition. Furthermore, our government approvals and licenses are subject to numerous conditions, some of which are onerous and require us to incur substantial expenditures. If we fail to comply or a regulator alleges that we have not complied with these conditions, our business, prospects, financial condition and results of operations may be adversely affected. While we typically apply for the renewal of any existing regulatory approvals prior to their expiry dates, there can be no assurance that we will receive such renewal in time or at all.

42. ***The Logo used by our Company is currently not registered under Trade Marks Act, 1999. Failure to protect our intellectual property rights may adversely affect our competitive business position, financial condition and profitability.***

Presently, our Company is using logo  and we have made an application being number 5967507 on 5th June, 2023 for the registration of the same under the Trade Marks Act, 1999. Therefore, as on date we do not enjoy the statutory provisions that are accorded to a registered trademark. Further, we may not be able to detect any unauthorized use or infringement or take appropriate and timely steps to enforce or protect our intellectual property, nor can we provide any assurance that any unauthorized use or infringement will not cause damage to our business prospects. Thus, we cannot guarantee that the application made for registration of our trademark will be allowed. In case we are unable to obtain the registration for the said trademark in our name, our business revenues and profitability may be impacted. For more information about the licenses and registrations obtained and pending applications, see the section titled ***“Government and Other Approvals”*** beginning on Page 216 of this Draft Prospectus.

43. ***In addition to our existing indebtedness for our operations, we may be required to obtain further loan during the course of business. There can be no assurance that we would be able to service our existing and/or additional indebtedness.***

In addition to our existing indebtedness for our existing operations we may be required to raise further debt in the form of term loans and working capital loans in the course of business. Increased borrowings, if any, would adversely affect our debt-equity ratio and our ability to further borrow at competitive rates. Any failure to service our indebtedness or otherwise perform our obligations under our financing agreements could lead to a termination of one or more of our credit facilities, trigger cross default provisions, penalties and acceleration of amounts due under such facilities which may adversely affect our business, financial condition and results of operations. For further details of our indebtedness, please refer to the chapter titled ***“Financial Indebtedness”*** on page 202 of this Draft Prospectus.

44. ***We are subject to risks resulting from foreign exchange rate fluctuations, which could adversely affect our results of operations.***

Our revenue from international operations in Fiscal 2023, Fiscal 2022 and Fiscal 2021 as a percentage of total revenue was 3.93%, 0.05% and 2.10%, respectively. Changes in currency exchange rates influence our results of operations.

Over dependence on exports may adversely affect our profitability in case the trade relations of India with any of these countries get strained in the future or these countries face any sort of problems due to internal issues of their countries. Also, the exchange rate between the Indian Rupee and currencies of the export countries may fluctuate and adversely affect our results of operations. The exchange rate between the Indian Rupee and foreign currencies has fluctuated significantly in recent years and may continue to fluctuate in the future. Any significant appreciation of the Indian Rupee against foreign currencies in which we do business can fundamentally affect our competitiveness in the long term.

45. ***We have not made any alternate arrangements for meeting our regular working capital requirements. If our operations do not generate the necessary cash flow, our working capital requirements may negatively affect our operations and financial performance.***

As on date, we have not made any alternate arrangements for meeting our working capital requirements, other than the existing sanctioned limits. We meet our additional working capital requirements through internal accruals. Any shortfall in internal accruals and our inability to raise debt would result in us being unable to meet our working capital requirements, which in turn will negatively affect our financial condition and results of operations.

46. ***Certain Agreements /deeds may be in the previous name of the company.***

Our certain agreements and deeds may be in the name of the erstwhile name of the company i.e., Presston Engineering Corporation and Presstonic Engineering Private Limited. In case we fail to change the name in the agreements and deeds, it may cause adverse effect on Our company's business.

47. ***Certain agreements may be inadequately stamped or may not have been registered as a result of which our operations may be adversely affected.***

Few of our agreements may not be stamped adequately or registered. The effect of inadequate stamping is that the document may not be admissible as evidence in legal proceedings and parties to that agreement may not be able to legally enforce the same, except after paying a penalty for inadequate stamping. The effect of non-registration, in certain cases, may make the document inadmissible in legal proceedings. Any potential dispute vis-à-vis the said premises and our non-compliance of local laws relating to stamp duty and registration may impact the continuance of our activity from such premises.

48. ***We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.***

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation and goodwill of our Company. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

49. ***Major fraud, lapses of internal control or system failures could adversely impact the company's business.***

Our Company is vulnerable to risk arising from the failure of employees to adhere to approved procedures, system controls, fraud, system failures etc. Failure to protect fraud or breach in security may adversely affect our Company's operations and financial performance. Our reputation could also be adversely affected by significant fraud committed by our employees, agents, customers or third parties.

50. ***We may not be successful in implementing our business strategies.***

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

51. ***Some of the approvals are required to be updated consequent to the change in the name of our Company.***

The Partnership Firm i.e. Presston Engineering Corporation was converted into Presstonic Engineering Private Limited and thereafter the name of our Company has been changed to Presstonic Engineering Limited. Due to such conversion and change, our Company is required to change its name in all approvals, licenses, registrations and permits in the name of Presstonic Engineering Limited. While we have updated our name in some of the registrations, permits or approvals, we are still required to update our name in some of the remaining registrations, permits or approvals.

52. *Our lenders have charge over our Machinery, book debts, stocks in respect of finance availed by us.*

We have secured our lenders by creating a charge over our Machinery, Stocks, Book Debts etc. in respect of loans / facilities availed by us from banks. The total amounts outstanding and payable by us as secured loans were ₹ 2201.74 Lakhs as on March 31, 2023. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our assets may be forfeited by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further information on the “*Financial Indebtedness*” please refer to page 202 of this Draft Prospectus.

53. *Excessive dependence on Canara Bank in respect of Loan facilities obtained by our Company.*

Our company has been sanctioned significant portion of credit facilities by Canara Bank. The Company is dependent on such facility for its Overdraft facilities and other funding requirement and any default under such arrangement with such lender may create problem for operation of the Company, which may affect the financial stability of the Company. At the same time this may result into difficulty in arranging for funds for re-payment and may also adversely affect the financial position of the Company.

54. *Our Promoters have provided personal guarantees for loans availed by our Company. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected by the invocation of all or any personal guarantees provided by our Promoter.*

Our Promoters have provided personal guarantees to secure a significant portion of our existing borrowings, and may post listing continue to provide such guarantees and other security. In case of a default under our loan agreements, any of the personal guarantees provided by our Promoter may be invoked, which could negatively impact the reputation of our Company. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. In addition, our Promoters may be required to liquidate their shareholding in our Company to settle the claims of the lenders, thereby diluting their shareholding in our Company. Also, if our Promoters revoke their personal guarantees and we may not be successful in procuring alternate guarantees and property satisfactory to the lenders, as a result we may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer “*Financial Indebtedness*” on page no. 202 of this Draft Prospectus.

55. *We provide after sales service to our customers. Any failure or deterioration of after sale service could have an adverse effect on our business, reputation, results of operations or financial condition.*

We believe that our ability to provide effective after sales service has played a huge part in our success. Effective after sales service ensures repeat customers and also adds to our brand value. We cannot guarantee that we will be able to maintain the standard and quality of our after-sale services considering the volumes and the increasing number of customers across geographical territories coupled with the complexity of the requirements of diverse segment of customers. The performance and quality of our after sales service to our customers is critical to the success of our business. The effectiveness and quality of our after sales service depends significantly on the engineers’ skill and experience which in turn is dependent on the quality of training. We cannot give any assurance that training given to the field service engineers is adequate or that they will continue to provide services after completion of their training. Any failure or deterioration of after sale service could have an adverse effect on our business, reputation, results of operations or financial condition.

56. *An inability to renew quality accreditations in a timely manner or at all, or any deficiencies in the quality of our products may adversely affect our business prospects and financial performance.*

We obtain and maintain quality certifications and accreditations from independent certification entities and also comply with prescribed specifications and standards of quality approved by the Government in connection with the products we manufacture. Such specifications and standards of quality is an important factor in the success and wide acceptability of our products. If we fail to comply with applicable quality standards or if the relevant accreditation institute or agency declines to certify our products, or if we are otherwise unable to obtain such quality accreditations in the future, in a timely manner or at all, our business prospects and financial performance will be materially and adversely affected.

57. *Any destruction, breakdown, theft our major plants or equipment or failures to repair or maintain the same may adversely affect our business, cash flows, financial condition and results of operations.*

One of the objects of Issue is to fund the purchase of additional plant and equipment. We are planning to invest significantly on plant and machinery of latest technology and higher capacity and efficiency for our manufacturing facility. We own a large number of equipment and machinery used in our operations. To maintain our capability to undertake jobs, we may have to purchase machines and equipment built with the latest technologies and knowhow. We cannot assure you that we will be immune from the associated operational risks such as the obsolescence of our plants or equipment, destruction, theft or major equipment breakdowns or failures to repair our major plants or equipment, which may result in their unavailability, project delays, cost overruns and even defaults in our order book.

The latest technologies used in newer models of equipment may improve productivity significantly and render our older equipment obsolete. Obsolescence, destruction, theft or breakdowns of our major plants or equipment may significantly increase our equipment purchase cost and the depreciation of our plants and equipment, as well as change the way our management estimates the useful life of our plants and equipment. We may have to incur high cost when our plants or equipment are not readily available from the market or requires services from original equipment manufacturers. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or unavailability of bulk discounts. Such replacement, repair or maintenance failures or price increases may not be adequately covered by the insurance policies availed by our Company and may have an adverse effect on our business, cash flows, financial condition and results of operations.

58. *Orders placed by customers may be delayed, modified, cancelled or not fully paid for by our customers, which may have an adverse effect on our business, financial condition and results of operations.*

We may encounter problems in executing the orders in relation to our products, or executing it on a timely basis. Moreover, factors beyond our control or the control of our customers may postpone the delivery of such products or cause its cancellation, including delays or failure to obtain necessary permits, authorizations, permissions and other types of difficulties or obstructions. Due to the possibility of cancellations or changes in scope and schedule of delivery of such products, resulting from our customer's discretion or problems we encounter in the delivery of such products or reasons outside our control or the control of our customers, we cannot predict with certainty when, if or to what extent we may be able to deliver the orders placed. Additionally, delays in the delivery of such products can lead to customers delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such products. In addition, even where a delivery proceeds as scheduled, it is possible that the contracting parties may default or otherwise fail to pay amounts owed. Any material delay, reduction in scope, cancellation, execution difficulty, payment postponement or payment default with regard to the orders placed with us, or disputes with customers in respect of any of the foregoing, any such adverse event in the future could materially harm our cash flow position and revenue of our company. Further, we operate in competitive markets in relation to our products where it is difficult to predict whether and when we will receive such awards. As a result, our results of operations can fluctuate from quarter to quarter and year to year depending on whether and when such orders are awarded to us and the commencement and progress of work under the orders placed. For further details of our business, please refer chapter titled "***Our Business***" beginning on Page 111 of this Draft Prospectus.

59. *Some of the KMPs is associated with our company for less than one year.*

Our Company Secretary is associated with the Company for a period of less than one year therefore they may not have been accustomed to the company affairs till date. For details of Key Management Personnel and their appointment, please refer to chapter "***Our Management***" beginning on page 143 of this Draft Prospectus.

60. *Our manufacturing Unit is situated in Bangalore, Karnataka and our operations may be affected by various factors associated with the region where we operate.*

Our manufacturing Unit is located in the state of Karnataka. This concentration of our business in state of Karnataka, subjects us to various risks, including but not limited to the following risks:

- regional slowdown;
- regional natural disasters;
- vulnerability to change of policies, laws and regulations or the political and economic environment of Karnataka;
- constraints on our ability to diversify across states;

Further, since our manufacturing operations are concentrated in Karnataka; any political disruptions, natural calamities or civil disruptions, opposition and protests, particularly in locations where we operate, could adversely affect our business operations or strategy. There is no assurance that such disruption in business operations would not bring any hindrance in the functioning of our manufacturing Unit. Consequently, our business, results of operations, cash flows and financial condition may be adversely affected.

61. *Our inability to effectively manage project execution and milestone schedules may lead to project delays which may adversely affect our business and the result of operations.*

Our business is dependent on our ability to effectively manage the execution of our projects. An inability to effectively manage our operations, including ineffective or inefficient project management procedures could increase our costs and expenses, resulting in project delays and thereby materially and adversely affect our profitability. Further, our purchase order / contracts typically provide specified milestones to be achieved within a specific timeframe, and we may be liable to our clients for any failure to meet such project milestones within the stipulated schedule in accordance with the terms of the relevant purchase order / contract. The effectiveness of our project management processes and our ability to execute projects in a timely manner may be affected by various factors, including:

- delays in receipt of work schedules and designing inputs, approvals and decisions required from the client;
- delays in delivery of raw materials, components, or equipment;
- changes to project plans and process requirements;
- delays due to interface issues;
- delays due to environmental considerations;
- onsite accidents and accidents during delivery, and installation of our products;
- unavailability of skilled and unskilled labour;
- local strikes, work stoppages and curfews by political parties;
- adverse weather conditions, and
- adverse changes to the relevant legal, regulatory, or tax regimes.

Such factors would have an adverse effect on our results of operations and financial condition.

62. *If we are unable to source business opportunities effectively, we may not achieve our financial objectives.*

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It also is possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

63. *We may not be able to secure new contracts and/or customers.*

Our business is order-based. We, therefore, have to continuously and consistently secure new customers and orders. While executing our orders, we need to ensure that our products are the best value-for-money products that is available in the market. For making our products to have the best value-for-money product, while ensuring that we make sufficient margins from the sale of our products, we have to ensure that our designs, the functioning of our teams and the after sales services are most efficient when compared with those of our competitors. For instance, during the execution of our orders, our design and manufacturing team designs the product before its production, and on the basis of such design, the requirement of raw material is determined. With greater access to technology, we expect our design and engineering team to design a product with the least possible raw materials without compromising on the safety and stability of the product. Any increase in the raw material value of our products would increase the amount of steel or aluminium to be used in such order, consequently increasing the cost of such order. There is no assurance that our competitors will not be able of increase the designing efficiency of the product by using the latest, state of the art technology.

There is no assurance that we will be able to provide our products to the customers in the most efficient manner resulting in securing new customers and projects. Executing projects with lower margins also affects our profitability. As such, our profitability and financial performance will depend on our ability to secure new projects that are profitable on a regular basis. If we are unable to do so for any reason, our profitability and financial performance will be materially and adversely affected.

64. *An inability to manage our growth could disrupt our business and reduce our profitability.*

We have experienced continuous growth in the preceding years. We expect our business to grow as a result of our plans to expand further. We expect any growth in our business to place additional demands on us and require us to continuously evolve and improve our operational, financial, and internal controls across the organization. In particular, continued expansion increases the challenges involved in:

- (i) maintaining high levels of client satisfaction;
- (ii) recruiting, training, and retaining sufficient skilled management, technical and marketing personnel;
- (iii) adhering to health, safety and environment and quality and process execution standards that meet client expectations;
- (iv) preserving a uniform culture, values, and work environment in operations; and
- (v) developing and improving our internal administrative infrastructure, particularly our financial, operational, communications and other internal systems.

Our ability to implement our business plans depend on, inter alia, global economic conditions, our capital resources, our R&D capabilities for new products and technology solutions, our ability to commercially realise the R&D results, our ability to obtain any necessary government or regulatory approval or licenses, and the availability of management, financial and other resources.

The success of our business will depend greatly on our ability to implement our business and strategies effectively. Even if we have successfully executed our business strategies in the past, there can be no assurance that we will be able to execute our strategies on time and within the estimated budget, or that we will meet the expectations of targeted customers. We expect our strategies to place significant demands on our management and other resources and require us to continue developing and improving our financial, operating, and other internal controls. Our inability to manage our business and strategies could have an adverse effect on our business, financial condition, and profitability.

65. *Our Directors and certain Key Management Personnel hold Equity Shares in our Company and are therefore interested in the Company's performance in addition to their remuneration and reimbursement of expenses.*

Certain of our Directors and Key Management Personnel are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding in our Company. There can be no assurance that our Key Management Personnel will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters will continue to exercise significant control over us, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Directors and our Key Management Personnel may take or block actions with respect to our business which may conflict with the best interests of the Company or that of minority shareholders. For details, see the section titled "**Capital Structure**" on Page 61 of this Draft Prospectus. There is no assurance that our Directors and/or our key management personnel will not provide competitive services or otherwise compete in business lines in which we are already present or will enter into in the future.

66. *Our Company's insurance policies may not protect us against certain operational risks or claims by our employees.*

We maintain several insurance policies, including Burglary, insurance for Building and Plant & Machinery, Plant & Machinery and Finished Stocks. While it is believed that the insurance coverage maintained by the company would reasonably be adequate to cover all normal risks associated with the operation of our business, there can be no assurance that any claim under the insurance policies maintained by the company will be honoured fully, in part or on time, nor that we have taken out sufficient insurance to cover all material losses. If we were to suffer loss or damage resulting from not obtaining or maintaining insurance or exceeding our insurance coverage, the loss would have to be borne by us and it could have a material adverse effect on our results of operations and financial condition.

67. ***The Promoter and Promoter Group will continue to exercise control post completion of the Issue and will have considerable influence over the outcome of matters.***

Upon completion of this Issue, our Promoter and Promoter Group will continue to own a majority of our Equity Shares. As a result, our Promoters will have the ability to exercise significant influence over all matters requiring shareholders' approval. Our Promoters will also be in a position to influence any shareholder action or approval requiring a majority vote, except where they may be required by the applicable law to abstain from voting. This control could also delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from obtaining control of our Company even if it is in the best interests of our Company. The interests of our Promoters could conflict with the interests of our other equity shareholders, and the Promoters could make decisions that materially and adversely affect your investment in the Equity Shares.

68. ***Our operations are subject to a variety of environmental laws and regulations including those relating to hazardous materials. Any failure to comply with applicable environmental laws and regulations could have an adverse effect on our financial condition and results of operations.***

Our operations are subject to numerous environmental protection laws and regulations, which are complex and stringent. The raw materials used in the development of our products and the impact of air & noise pollution from manufacturing activities are subject to various environmental laws and regulations. In the event that such regulations become more stringent, such as increasing the requirements for obtaining approvals or meeting government standards, this could result in changes to the infrastructure necessary for manufacturing activities, increasing the costs related to changing manufacturing methods in order to meet government standards and increasing penalties for non-compliance. Furthermore, we may incur significant expenditure relating to operating methodologies and standards in order to comply with applicable environmental laws and regulations.

In addition, our projects may involve the handling of hazardous materials, which, if improperly handled or disposed of, could subject us to civil and criminal liabilities. Further certain environmental laws provide for joint and several liabilities for remediation of releases of hazardous substances, rendering a person liable for environmental damage without regard to negligence or fault on the part of such person. In addition to potential liabilities that may be incurred in satisfying these requirements, we may be subject to claims alleging personal injury or property damage as a result of alleged exposure to hazardous substances. We are also subject to regulations dealing with occupational health and safety. Such laws and regulations may expose us to liability arising out of the conduct of operations or conditions caused by others, or for our own acts. Sanctions for failure to comply with these laws, rules, and regulations, many of which may be applied retroactively, may include administrative, civil and criminal penalties, revocation of permits and corrective orders. For further information on the regulatory authorities and applicable rules, and regulations, see the section titled "***Key Industry Regulations and Policies***" beginning on Page 130 of this Draft Prospectus.

69. ***Our Company does not have any listed peer companies for comparison of performance and therefore, investors must rely on their own examination of accounting ratios of our Company for the purposes of investment in the Issue.***

Business models of some of the listed companies which undertake certain business, which may be considered similar to our business are not comparable to our business model based on (i) percentage of contribution made by their business activities to the total revenue of these listed companies; and (ii) nature and extent of activities in diverse sectors undertaken by these listed companies. Therefore, there are no listed companies that may be considered as the peer group of our Company. Therefore, investors must rely on their own examination of accounting ratios of our Company for the purposes of investment in the Issue.

For Details of our financial ratios, please refer chapter titled "***Financial Information as Restated***" beginning on Page 167 of this Draft Prospectus.

70. *We are subject to risks arising from interest rate fluctuations, which could adversely affect our business, financial condition and results of operations.*

Interest rates for borrowings have been volatile in India in recent periods. Our operations are funded to a significant extent by working capital debt facilities and increases in interest rate (and consequent increase in the cost of servicing such debt) may have an adverse effect on our results of operations and financial condition. Our current debt facilities carry interest at variable rates as well as fixed rates. Although we may in the future engage in interest rate hedging transactions from time to time, there can be no assurance that these agreements will protect us adequately against interest rate risks.

71. *The future operating results are difficult to predict and may fluctuate or adversely vary from the past performance.*

The company's operating results may fluctuate or adversely vary from past performances in the future due to a number of factors, many of which are beyond the company's control. The results of operations during any financial year or from period to period may differ from one another or from the expected results of operation. Its business, results of operations and financial conditions may be adversely affected by, inter alia, a decrease in the growth and demand for the products and services offered by us or any strategic alliances which may subsequently become a liability or non-profitable. Due to various reasons including the above, the future performance may fluctuate or adversely vary from our past performances and may not be predictable. For further details of our operating results, section titled "**Financial Information as Restated**" beginning on Page 167 of this Draft Prospectus.

72. *Portion of our Issue Proceeds are proposed to be utilized for general corporate purposes amounting to ₹ 350.00 lakhs which constitute 15.02% of the total Issue Proceeds.*

As on date we have not identified the use of such funds. Portion of our Issue Proceeds are proposed to be utilized for general corporate purposes amounting to ₹ 350.00 lakhs which constitute 15.02% of the total Issue Proceeds. As on the date of this Draft Prospectus, we have not identified the general corporate purposes for which these funds may be utilized. The deployment of such funds is entirely at the discretion of our management in accordance with policies established by our Board of Directors from time to time and subject to compliance with the necessary provisions of the Companies Act. For details, please refer the chapter titled "**Objects of the Issue**" beginning on Page 73 of this Draft Prospectus.

73. *Our Board of Directors and management may change our operating policies and strategies without prior notice or shareholder approval.*

Our Board of Directors and management has the authority to modify certain of our operating policies and strategies without prior notice (except as required by law) and without shareholder approval. We cannot predict the effect that any changes to our current operating policies or strategies would have on our business, operating results and the price of our Equity Shares.

74. *Industry information included in this draft prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this draft prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this draft prospectus.

B. Issue Related Risks

75. *In the event there is any delay in the completion of the Issue, there would be a corresponding delay in the completion of the objects of this Issue which would in turn affect our revenues and results of operations.*

The funds that we receive would be utilized for the Objects of the Issue as has been stated in the Chapter “*Objects of the Issue*” on page 73 of this Draft Prospectus. The proposed schedule of implementation of the objects of the Issue is based on our management’s estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, we may have to revise our business, development and working capital plans resulting in unprecedented financial mismatch and this may adversely affect our revenues and results of operations.

76. *There is no guarantee that our Equity Shares will be listed on the Emerge Platform of National Stock Exchange of India Limited in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. In accordance with current regulations and circulars issued of SEBI, our Equity Shares are required to be listed on the Emerge Platform of National Stock Exchange of India Limited within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

77. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

We have no experience as a public listed company or with the increased scrutiny of its affairs by shareholders, regulators and the public at large that is associated with being a public listed company. As a public listed company, we will incur significant legal, accounting, corporate governance, and other expenses that we did not incur as a unlisted company. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange which require us to file unaudited financial results on a half-yearly basis. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, our management’s attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner.

78. *The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue.*

The Issue price is based on numerous factors and may not be indicative of the market price for our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. There can be no assurance that you will be able to resell your Shares at or above the Issue Price. Among the factors that could affect our Share price are: variations in the rate of growth of our financial indicators, such as earnings per share, net profit and income; changes in income or earnings estimates or publication of research reports by analysts; speculation in the press or investment community; general market conditions; and domestic and international economic, legal and regulatory factors unrelated to our performance.

79. *After this Issue, the price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not be sustained.*

Prior to this Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained upon the completion of this Issue. The initial public offering price of the Equity Shares offered hereby was determined through our negotiations with the LM and may not be indicative of the market price of the Equity Shares after this Issue. The market price of our Equity Shares after this Issue will be subject to significant fluctuations in response to, among other factors:

- variations in our operating results and the performance of our business;
- regulatory developments in our target markets affecting us, our customers, or our competitors;
- changes in financial estimates by securities research analysts;
- addition or loss of executive officers or key employees;
- loss of one or more significant customers;
- the performance of the Indian and global economy;
- significant developments in India's economic liberalization and deregulation policies, and the fiscal regime;
- volatility in the Indian and global securities markets;
- performance of our competitors and perception in the Indian market about investment in our industry; and
- adverse media reports, if any, on our Company, or the industry.

Many of these factors are beyond our control. There has been recent volatility in the Indian stock markets and our share price could fluctuate significantly as a result of such volatility in the future. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Issue, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Issue.

80. *The investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.*

We have applied to National Stock Exchange of India Limited to use its name as the Stock Exchange in this offer document for listing our shares on the Emerge Platform of National Stock Exchange of India Limited. In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a delay in listing the Equity Shares on the Emerge Platform of National Stock Exchange of India Limited. Any delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

81. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Once listed, we would be subject to circuit breakers imposed by stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

82. *Any future issuance of Equity Shares may dilute the investors' shareholdings or sales of our Equity Shares by our Promoters or Promoter Group may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by us or sales of our Equity Shares by our Promoters or Promoter Group may adversely affect the trading price of our Equity Shares and our Company's ability to raise capital through an issue of securities. In addition, any perception by potential investors that such issuances or sales might occur could also affect the trading price of our Equity Shares. Additionally, the disposal, pledge or encumbrance of our Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of our Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

83. *Our Company has not paid any dividends till now and there can be no assurance that we will pay dividends in future.*

Our ability to pay dividends in the future will depend upon a variety of factors such as future earnings, financial condition, cash flows, working capital requirements, and restrictive covenants in our financing arrangements. Our Company has not paid any dividends till now and there can be no assurance that we will pay dividends in future. Our ability to pay dividends in the future will depend on our earnings, financial condition and capital requirements.

Dividends distributed by us will attract dividend distribution tax at rates applicable from time to time. There can be no assurance that we will generate sufficient income to cover our operating expenses and pay dividends to our shareholders, or at all. Our ability to pay dividends could also be restricted under the existing or certain financing arrangements that we may enter into.

84. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “*Dividend Policy*” on page 166 of this draft prospectus.

85. *You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.*

Under the current Indian Income Tax provisions, all transactions of purchase and sales of securities on Indian stock exchanges are subject to levy of securities transaction tax (STT) which will be collected by respective stock exchange on which the securities are transacted. Accordingly, the Indian Income Tax Act has special capital gains tax provisions for all transactions of purchase and sale of equity shares carried out on the Indian Stock Exchanges. Under the current Indian Income Tax provisions, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India.

86. *Applicants to this Issue are not allowed to withdraw their Applications after the Issue Closing Date.*

In terms of the SEBI (ICDR) Regulations, Applicants in this Issue are not allowed to withdraw their Applications after the Issue Closing Date. The Allotment in this Issue and the credit of such Equity Shares to the Applicant’s demat account with its depository participant shall be completed within such period as prescribed under the applicable laws. There is no assurance, however, that material adverse changes in the international or national monetary, financial, political or economic conditions or other events in the nature of force majeure, material adverse changes in our business, results of operation or financial condition, or other events affecting the Applicant’s decision to invest in the Equity Shares, would not arise between the Issue Closing Date and the date of Allotment in this Issue. Occurrence of any such events after the Issue Closing Date could also impact the market price of our Equity Shares. The Applicants shall not have the right to withdraw their applications in the event of any such occurrence. We cannot assure you that the market price of the Equity Shares will not decline below the Issue Price. To the extent the market price for the Equity Shares declines below the Issue Price after the Issue Closing Date, the shareholder will be required to purchase Equity Shares at a price that will be higher than the actual market price of the Equity Shares at that time. Should that occur, the shareholder will suffer an immediate unrealized loss as a result. We may complete the Allotment even if such events may limit the Applicants’ ability to sell our Equity Shares after this Issue or cause the trading price of our Equity Shares to decline.

87. *Foreign investors may be restricted in their ability to purchase or sell Equity Shares.*

Under foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing and reporting requirements specified by the RBI or in the alternate, the pricing is in compliance with the extant provisions of SEBI ICDR Regulations. If the transfer of shares is not in compliance with such pricing or reporting requirements and does not fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. We cannot assure that any required approval from the RBI or any other government agency can be obtained on any particular terms or at all.

88. *The investors may be restricted in their ability to exercise pre-emptive rights under Indian law and may be adversely affected by future dilution of their ownership position.*

Under the Companies Act, 2013, a Company incorporated in India must offer its holders of shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the shares which are voted on the resolution. However, if the law of the jurisdiction the investors are in does not permit them to exercise their pre-emptive rights without us filing an offering document or registration statement with the applicable authority in the jurisdiction they are in, they will not be able to exercise their pre-emptive rights unless we make such a filing. If we elect not to make such a filing, the new securities may be issued to a custodian, who may sell the securities for the investors' benefit. The value such custodian would receive upon the sale of such securities if any, and the related transaction costs cannot be predicted. To the extent that the investors' are unable to exercise pre-emptive rights granted in respect of the Equity Shares, their proportional interest in us would be reduced.

89. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.*

The Companies Act and related regulations, the Articles of Association, and the Listing Agreements to be entered into with the Stock Exchange govern the corporate affairs of the Company. The Legal principles relating to these matters and the validity of corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as a shareholder than as a shareholder of a corporation in another jurisdiction.

90. *Our Equity Shares are quoted in Indian Rupees in India, and therefore investors may be subject to potential losses arising out of exchange rate risk on the Indian Rupee and risks associated with the conversion of Indian Rupee proceeds into foreign currency.*

Investors are subject to currency fluctuation risk and convertibility risk since the Equity Shares are quoted in Indian Rupees on the Indian stock exchanges on which they are listed. Dividends on the Equity Shares will also be paid in Indian Rupees. The volatility of the Indian Rupee against the U.S. dollar and other currencies subjects investors who convert funds into Indian Rupees to purchase our Equity Shares to currency fluctuation risks.

EXTERNAL RISK FACTORS

91. *The COVID-19 pandemic, or any future pandemic or widespread public health emergency, could materially and adversely impact our business, financial condition, cash flows and results of operations.*

In late 2019, COVID-19 emerged and by March 11, 2020 was declared a global pandemic by The World Health Organization. Governments and municipalities around the world instituted measures in an effort to control the spread of COVID-19, including quarantines, shelter-in-place orders, school closings, travel restrictions, lock down of cities and closure of non-essential businesses. By the end of March, the macroeconomic impacts became significant, exhibited by, among other things, a rise in unemployment and market volatility. The outbreak of COVID-19 in many countries, including India, the United Kingdom and the United States, has significantly and adversely impacted economic activity and has contributed to significant volatility and negative pressure in financial markets, and it is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis, recession or depression, despite monetary and fiscal interventions by governments and central banks globally. On March 24, 2020, the Government of India ordered a national lockdown in response to the spread of COVID-19. Although some governments are beginning to ease or lift these restrictions, the impacts from the severe disruptions caused by the effective shutdown of large segments of the global economy remain unknown and no prediction can be made of when any of the restrictions currently in place will be relaxed or expire, or whether or when further restrictions will be announced.

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could materially adversely affect overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The spread of any severe communicable disease may also adversely affect the operations of our clients and service providers, which could adversely affect our business, financial condition and results of operations. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines, shelter in place orders, and shutdowns. These measures have impacted and may further impact our workforce and

operations, the operations of our clients, and those of our respective service providers. There is currently substantial medical uncertainty regarding COVID-19. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe. If any of our employees were suspected of contracting COVID-19 or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities used for our operations. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown and it is possible that it could cause a global recession. The spread of COVID-19 has caused us to modify our business practices (including employee travel, employee work locations, and cancellation of physical participation in meetings, events and conferences), and we may take further actions as may be required by government authorities or that we determine are in the best interests of our employees, customers, partners, and suppliers. There is no certainty that such measures will be sufficient to mitigate the risks posed by the outbreak, and our ability to perform critical functions could be harmed. The extent to which the COVID-19 further impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions taken globally to contain the coronavirus or treat its impact, among others. Existing insurance coverage may not provide protection for all costs that may arise from all such possible events. The degree to which COVID-19 impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including, but not limited to, the duration and spread of the outbreak, its severity, the actions taken to contain the outbreak or treat its impact, and how quickly and to what extent normal economic and operating conditions can resume. The above risks can threaten the safe operation of our facilities and cause disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our people.

Further in case the lockdown is extended, it could result in muted economic growth or give rise to a recessionary economic scenario, in India and globally, which could adversely affect the business, prospects, results of operations and financial condition of our Company. The full extent to which the COVID-19 pandemic, or any future pandemic or widespread public health emergency impacts our business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including: the scope, severity, and duration of the pandemic; actions taken by governments, business and individuals in response to the pandemic; the effect on customer demand for and ability to pay for our products; the impact on our capital expenditure; disruptions or restrictions on our employees' and suppliers' ability to work and travel; any extended period of remote work arrangements; and strain on our or our customers' business continuity plans, and resultant operational risk.

92. *A slowdown in economic growth in India could adversely affect our business, results of operations, financial condition and cash flows.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the country in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports of materials, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margin.

93. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business. Please refer to "**Key Industry Regulations and Policies**" on page 130 of this Draft Prospectus for details of the laws currently applicable to us.

There can be no assurance that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Our Company will comply with relevant regulations as and when applicable. However, any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the jurisdictions in which we operate may have a material adverse effect on our business, financial condition and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

GST has been implemented with effect from July 1, 2017 and has replaced the indirect taxes on goods and services such as central excise duty, service tax, central sales tax, state VAT and surcharge being collected by the central and state governments. The GST has led to increase tax incidence and administrative compliance. Any future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

Further, the general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18 onwards and the same may get triggered once transactions are undertaken to avoid tax. The consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. If such tax laws, rules and regulations are amended, new adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, the results could increase our tax payments (prospectively or retrospectively) and/or subject us to penalties. Further, changes in capital gains tax or tax on capital market transactions or sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

94. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. There can be no assurance that we will be able to pass on any additional costs to our clients or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

95. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our capital expenditure plans, business and financial performance and the price of our Equity Shares.

96. *We have not prepared, and currently do not intend to prepare, our financial statements in accordance with the International Financial Reporting Standards (“IFRS”). Our transition to IFRS reporting could have a material adverse effect on our reported results of operations or financial condition.*

Public companies in India, including us, may be required to prepare annual and interim financial statements under IFRS in accordance with the roadmap for convergence with IFRS announced by the Ministry of Corporate Affairs, Government of India through a press note dated January 22, 2010 (the “IFRS Convergence Note”). The Ministry of Corporate Affairs by a press release dated February 25, 2011 has notified that 35 Indian Accounting Standards are to be converged with IFRS. The date of implementation of such converged Indian accounting standards has not yet been determined. Our financial condition, results of operations, cash flows or changes in shareholders’ equity may appear materially different under IFRS than under Indian GAAP or our adoption of converged Indian Accounting Standards may adversely affect our reported results of operations or financial condition. This may have a material adverse effect on the amount of income recognized during that period and in the corresponding (restated) period in the comparative Fiscal/period.

97. *Financial difficulty and other problems in certain long-term lending institutions and investment institutions in India could have a negative impact on our business.*

We are exposed to the risks of the Indian financial system which may be affected by the financial difficulties faced by certain Indian financial institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. This risk, which is referred to as “systemic risk,” may adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges with whom we interact on a daily basis. Our transactions with these financial institutions expose us to credit risk in the event of default by the counter party, which can be exacerbated during periods of market illiquidity. As the Indian financial system operates within an emerging market, we face risks of a nature and extent not typically faced in more developed economies, including the risk of deposit runs notwithstanding the existence of a national deposit insurance scheme. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions and banks. This in turn could adversely affect our business, financial condition, results of operations and cash flows.

98. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

99. *Political instability or changes in the Government could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company’s business could cause its results of operations to suffer. Any significant change in India’s economic policies could disrupt business and economic conditions in India generally and the Company’s business in particular.

100. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India’s economy and our business. Incidents such as the Mumbai terrorist attacks and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company’s business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

SUMMARY OF FINANCIAL INFORMATION

(Rs. in Lakhs)

M/s. [●], registered with National Stock Exchange of India Limited, will act as the market maker and has agreed to receive or deliver the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified in SEBI (ICDR) Regulations as amended from time to time.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, as amended from time to time and the circulars issued by the NSE and SEBI in this matter from time to time.

- *In terms of regulation 261(1) of SEBI ICDR Regulations 2018, the Market Making arrangement through the Market Maker will be in place for a period of three years from the date of listing of our Equity Shares and shall be carried out in accordance with SEBI ICDR Regulations and the circulars issued by the NSE and SEBI regarding this matter from time to time.*
- *In terms of regulation 261(2) of SEBI ICDR Regulations 2018, The market maker or issuer, in consultation with the lead manager(s) may enter into agreements with the nominated investors for receiving or delivering the specified securities in market making, subject to the prior approval of the NSE EMERGE.*
- *In terms of regulation 261(3) of SEBI ICDR Regulations 2018, Following is a summary of the key details pertaining to the Market Making arrangement*
 1. The Market Maker “[●]” shall be required to provide a two-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
 2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE EMERGE and SEBI from time to time.
 3. The Market Maker is required to comply with SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012 and SEBI ICDR Regulations and relevant Exchange Circulars requirement for Market Makers on SME platform.
 4. The minimum depth of the quote shall be Rs.1.00 Lakh. However, the investors with holdings of value less than Rs. 1.00 Lakh shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
 5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
 6. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on NSE EMERGE (in this case currently the minimum trading lot size is 1,600 equity shares; however, the same may be changed by the NSE EMERGE from time to time).
 7. The shares of the Company will be traded in Trade for Trade Segment for the first 10 days from commencement of trading (as per SEBI Circular no: CIR/MRD/DP/ 02/2012 dated January 20, 2012) on EMERGE Platform of NSE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.

8. The Market Maker shall start providing quotes from the day of the listing / the day when designated as the Market Maker for the respective scrip and shall be subject to the guidelines laid down for market making by the National Stock Exchange of India Limited.
9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
10. In terms of regulation 261(6) of SEBI ICDR Regulations 2018, Market Maker shall not buy the Equity Shares from the Promoters or Persons belonging to promoter group of **Presstonic Engineering Limited** or any person who has acquired shares from such promoter or person belonging to promoter group, during the compulsory market making period.
11. In terms of regulation 261(7) of SEBI ICDR Regulations 2018, The Promoters' holding of **Presstonic Engineering Limited** shall not be eligible for offering to the Market Maker during the Compulsory Market Making Period. However, the promoters' holding of **Presstonic Engineering Limited** which is not locked-in as per the SEBI (ICDR) Regulations, 2018 as amended, can be traded with prior permission of the EMERGE Platform of NSE, in the manner specified by SEBI from time to time.
12. The Lead Manager may be represented on the Board of the Issuer Company in compliance with Regulation 261 (8) of SEBI (ICDR) Regulations, 2018.
13. The Market Maker shall not be responsible to maintain the price of the Equity Shares of the Issuer Company at any particular level and is purely supposed to facilitate liquidity on the counter of **Presstonic Engineering Limited** via its 2-way quotes. The price of the Equity Shares shall be determined and be subject to market forces.
14. **Risk containment measures and monitoring for Market Maker:** NSE EMERGE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
15. **Punitive Action in case of default by Market Maker(s):** NSE EMERGE Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case they are not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

The Market Maker(s) shall have the right to terminate said arrangement by giving 3 (three) months' notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the relevant laws and regulations applicable at that particular point of time.

16. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction

17. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the issue size)	Re-entry threshold for buy quote (including mandatory initial inventory of 5% of the issue size)
Up to Rs.20 Crore	25%	24%
Rs. 20 to Rs.50 Crore	20%	19%
Rs. 50 to Rs.80 Crore	15%	14%
Above Rs. 80 Crore	12%	11%

18. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

19. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹250 crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price. Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

- *In terms of regulation 261(4) of SEBI ICDR Regulations 2018, The specified securities being bought or sold in the process of market making may be transferred to or from the nominated investors with whom the lead manager(s) and the issuer have entered into an agreement for market making: Provided that the inventory of the market maker, as on the date of allotment of the specified securities, shall be at least five per cent. of the specified securities proposed to be listed on NSE EMERGE.*
- *In terms of regulation 261(5) of SEBI ICDR Regulations 2018, The market maker shall buy the entire shareholding of a shareholder of the issuer in one lot, where the value of such shareholding is less than the minimum contract size allowed for trading on the NSE EMERGE: Provided that market maker shall not sell in lots less than the minimum contract size allowed for trading on the NSE EMERGE.*

- a) The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoters’ Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
- b) The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters’ Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

(iv) Sale/Purchase by Promoter Group and/or by directors of Company which is promoter of our company and/or by the director of our company and their immediate relatives during six months preceding the date of this draft prospectus:

There is no other Sale/Purchase by Promoter Group and/or by directors of Company which is promoter of our company and/or by the director of our company and their immediate relatives during six months preceding the date of this draft prospectus except as mentioned in this chapter and draft prospectus.

- (o) Our Company, its Directors, Promoters or the Lead Manager have not entered into any buy-back or standby arrangements for the purchase of the Equity Shares of our Company.
- (p) The Equity Shares issued pursuant to this Issue shall be fully paid-up.
- (q) The Lead Manager and its associates do not hold any Equity Shares in our Company as on the date of filing this draft prospectus.
- (r) There are no options granted or equity shares issued under any scheme of employee stock option or employee stock purchase of issuer, in the preceding three years (separately for each year) and on a cumulative basis for all options or equity shares issued prior to the date of the draft prospectus.
- (s) There are no outstanding warrants, options or rights to convert debentures, loans or other instruments into Equity Shares as on the date of this draft prospectus.

Other miscellaneous disclosures:

1. None of the Equity Shares of our Company are subject to any pledge as on the date of this draft prospectus.
2. None of the shareholding of the Promoters & Promoter Group is subject to lock-in as on date of this draft prospectus.
3. Except as disclosed in the chapter titled **“Our Management”** beginning on page 143 of this draft prospectus, none of our directors or Key Managerial Personnel or Senior Management holds any Equity Shares in our Company.
4. None of our Promoters, Promoter Group, our directors and their relatives has entered into any financing arrangements or financed the purchase of the Equity shares of our Company by any other person during the period of six (6) months immediately preceding the date of filing of the draft prospectus.
5. We hereby confirm that there will be no further issue of capital whether by the way of issue of bonus shares, preferential allotment, right issue or in any other manner during the period commencing from the date of the draft prospectus until the Equity shares offered have been listed or application money unblocked on account of failure of issue.
6. Our Company undertakes that there shall be only one (1) denomination for the Equity Shares of our Company, unless otherwise permitted by law. Our Company shall comply with such disclosure and accounting norms as specified by SEBI from time to time.
7. Our Company has not issued Equity Shares out of Revaluation Reserves.
8. Our Company shall comply with such disclosures and accounting norms as may be specified by NSE, SEBI and other regulatory authorities from time to time.
9. Our Company has not made any public issue of any kind or class of securities of our Company within the immediately preceding two (2) years prior to filing this draft prospectus.
10. Our Company has not raised any bridge loan against the proceeds of this issue.
11. Our Company, Directors, Promoters or members of our Promoter Group shall not make any payments, direct or indirect, discounts, commissions, allowances or otherwise under this Issue except as disclosed in this draft prospectus.
12. Our Company has not revalued its assets since incorporation.
13. An over-subscription to the extent of 10% of the Net Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Net Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to three (3) years lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
14. Under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines.
15. In case of over-subscription in all categories the allocation in the issue shall be as per the requirements of SEBI (ICDR) Regulations.
16. The unsubscribed portion in any reserved category (if any) may be added to any other reserved category.
17. The unsubscribed portion if any, after such inter se adjustments among the reserved categories shall be added back to the net offer to the public portion.
18. There are no Equity Shares against which depository receipts have been issued.

19. Other than the Equity Shares, there is no other class of securities issued by our Company.
20. This issue is being made through Fixed Price method.
21. This Issue is being made in terms of Section IX of the SEBI (ICDR) Regulations 2018, as amended from time to time. The Issue is being made through the Fixed Price method and hence, as per Regulation 253, sub regulation (2) of SEBI (ICDR) Regulations 2018, the allocation in the net issue to public category shall be made as follow:
- (a) Minimum 50% to the Retail individual investors; and
 - (b) remaining to:
 - i. individual applicants other than retail individual investors; and
 - ii. other investors including corporate bodies or institutions; irrespective of the number of specified securities applied for;

Provided that the unsubscribed portion is either of the categories specified in clauses (a) or (b) may be allocated to applicants in the other category.

Explanation: For the purpose of Regulation 253, sub-Regulation (2), if the retail individual investor category is entitled to more than fifty percent of the issue size on proportionate basis, the retail individual investors shall be allocated that higher percentage.

22. *Our Promoters and members of our Promoter Group will not participate in the Issue.*

The issue proceeds are estimated to be utilized in the FY 2023-24 itself.

Presstonic Engineering Limited is engaged in the manufacturing of Metro Rail Rolling Stock Products, Metro Rail Signaling Products, Infrastructure Products and supplies to renowned Global and Domestic OEM's engaged in the Rail and Metro Rail Rolling stock and Signaling equipment manufacturing and servicing companies. Our manufacturing facility is spread over approx. 28,317.50 sq.ft. situated at Bengaluru. We are well equipped with latest machineries, equipment and instruments which is capable of manufacturing of diverse products for Railways, Metros and Vande Bharat Coaches.

The products manufactured by us are usually customized as per client's specification and there are very few manufacturers in India and Abroad for some of the products. We are continuously working for improving our selves by developing new unique products and for modernization of our equipment and plant & machineries. In last 3-4 years, we have expended around ₹600.00 Lakhs to improve our production quality & capacity as capital expenditure, wherein our research and development team has worked very hard for design and development of advance machineries which will be helpful for us to do Intermittent in-house testing to increase product quality and to compete with international standard for quality, avoid outsourcing of some components which will result in better margin, increase design flexibility which will result into getting more orders and will increase plant capacity.

It is also pertinent to note here that, after the due effort and hard work by our R & D team, on April 25, 2023, we had filed for registration of 3 (three) products under the provision of the Designs Act, 2000 and the Designs Rules, 2001 for the Design Patent Right for the product called "Retractable Ramp Assembly", "Stainless Steel Saloon Bucket Type Seat and Frame Assembly" and "Stainless Steel Flip-up Seat Assembly". Out of three, the design for Retractable Ramp Assembly has been approved and registered in our name and approval for remaining two is pending for approval. The said patent right will help us to stay ahead in the competition and No Indian Competitor can manufacture & supply these products once in demand. The commercial results for these designs are expected in coming years as it has been designed and developed keeping in mind the modernization and future requirements of Indian as well International Railway and Metro Rail coaches.

Accordingly, our board decided to go public to raise fresh fund of ₹ 2,330.50 Lakhs via IPO. We are planning to make a further fresh capital investment for purchase of automated advanced equipment and machineries worth ₹ 232.12 Lakhs from the IPO proceeds and ₹923.38 Lakhs will be used for enhanced working capital requirements as per management estimation. Further, we also proposed to reduce our existing working capital borrowing limit by ₹ 500.00 Lakhs to reduce our interest cost burden and better profit margin in coming years. Rest of the fund will be utilized for General Corporate Expenses and to meet the IPO related expenses as mentioned above.

With the growing infrastructure development for the construction of new Metro Rail projects, Vande Bharat projects and modernization of existing railway coaches, we can cater to execute more orders with this capital expenditure in future. Further, due to Government thrust for "Make in India" products, we are also expecting a growth in demand of products manufactured by us in the coming years as more focus is being diverted to procure indigenous products for the manufacturing of Indian Rail, Metro and Vande Bharat coaches and other Railway products.

Further, our collective effort for improving ourselves by developing new unique products and for modernization of our equipment and plant & machineries resulted into increase of our top line and better profit margin from Fiscal 2021 to Fiscal 2023 which has been improved from loss of 2.20% to Net profit of 12.12% of total revenue as per Restated Financial Statements.

- We have considered the above quotations for the budgetary estimate purposes and as on date of this Draft Prospectus, neither our company has placed any orders nor made any payment towards purchase of above plant and machinery. The actual cost of procurement and actual supplier may vary.
- We have not entered into definitive agreements with any of these suppliers and there can be no assurance that the same suppliers would be engaged to eventually supply the equipment or at the same costs.
- We do not intend to purchase any second-hand machinery or equipment. The quantity of plant and machinery to be purchased is based on quotations received from suppliers and estimates of our management. The Management shall have the flexibility to revise such quantities/ estimates (including but not limited to change of the supplier or addition/ deletion of any quantity of plant and machinery) at the time of actual placement of the order. Furthermore, if any surplus from the proceeds remains after meeting the total cost of the plant and machinery for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of the plant and machinery proposed to be acquired by us at the actual time of purchase, resulting in increase in the cost. Further, cost can be escalated on account of freight expenses and incidental charges. Such cost escalation would be met out of either of surplus portion of net issue proceeds (if any) or our internal accruals.
- The purchase of equipment/machinery and the proposed deployment is subject to final terms and conditions agreed with the supplier including the finalization of price, payment/credit terms, delivery schedule, technology advancement and other market factors prevailing at that time.
- Any additional costs incurred towards applicable taxes, freight charges, installation charges, exchange rate fluctuations, including any contingencies etc. in relation to above object, will be met from internal accruals of our Company.

B. Prepayment in full of certain borrowings availed by our Company

We avail majority of our borrowings in the ordinary course of business from banks, financial institutions. For further information on the financial indebtedness availed by our Company, please see “**Financial Indebtedness**” on page 202 of Draft Prospectus.

Our Company proposes to utilize an aggregate amount of ₹ 500.00 lakhs from the Net Proceeds towards repayment / pre-payment, in full or in part, of certain borrowings as identified below, availed by our Company. The selection and extent of loans proposed to be prepaid and/or repaid from our Company’s loans mentioned below, as the case may be, will be based on various commercial considerations including, amongst others, the interest rate of the relevant loan, prepayment charges, the amount of the loan outstanding and the remaining tenor of the loan. Given the nature of these borrowings, the terms of prepayment and the terms of repayment, the aggregate outstanding amounts under these loans may vary from time to time and our Company, as the case may be, may, in accordance with the relevant repayment schedule, repay or refinance some of its existing borrowings prior to receipt of proceeds from the Fresh Issue. The prepayment or scheduled repayment will help us reduce our outstanding indebtedness and debt servicing costs, assist us in maintaining a favourable debt to equity ratio and enable utilization of our internal accruals for further investment in business growth and expansion. In addition, the improvement in the debt-to-equity ratio of our Company, as the case may be, is intended to enable it to raise further resources in the future to fund potential business development opportunities and plans to grow and expand the business in the future

The following table provides details of certain borrowings availed by our Company as on March 31, 2023 which we propose to prepay or repay, in full or in part, from the Net Proceeds:

(₹ in lakhs)					
Name of Lender	Nature of Loan	Sanctioned Amount	Loan taken date	Rate of Interest	Total Outstanding as on March 31, 2023

Total		500.00			505.25

C. Working Capital Requirement and basis of estimation:

Our business is highly working capital intensive and Our company funds a majority of our working capital requirement through internal accruals and short-term borrowings. The major working capital are required for procuring the raw materials and products we deal in, Work in Progress for Finished Goods, and Sundry Debtors etc as the money gets blocked in them. Our revenue from operations has been increased from ₹ 761.36 Lakhs in FY 2020-21 to ₹ 2,103.06 Lakhs in FY 2022-23. In FY 2022-23, our working capital requirement on restated basis was ₹1,364.45 Lakhs from the existing level of business operations.

As on March 31, 2023, we have an unexecuted order book of ₹6,389.57 lakhs. Further April 01, 2023 onwards our company has been awarded additional order of ₹456.87 lakhs. Further, as per our Management estimation through their Business Development Team, total new estimated orders for Rolling Stock Products of Metros on Presstonic Engineering Limited in the next two to three years on a very conservative basis would be around ₹200.00 Crores to ₹250.00 Crores based on several public announcement made for the Tender/work order floated.

As per our management estimation, the working capital requirement for FY 2023-24 and FY 2024-25 is expected to be ₹ 2,689.80 Lakhs and ₹ 3,781.91 Lakhs respectively based on our current and future orders that may be received, for funding future growth requirements of our Company and for other strategic, business and corporate purposes. The major capital will be invested in the procuring of the raw materials for the products we deal in, maintaining stocks and Sundry Debtors as the money gets blocked in them resulting in additional working capital requirements.

Assumption on working capital requirement:

We have estimated our working capital requirement based on the following holding periods which are as per industry standard:

Particulars	31-03-2021	31-03-2022	31-03-2023	31-03-2024	31-03-2025
	As per Restated			Estimated	
Sundry Debtors Holding period (In Months)	5.09	2.78	2.99	3.00	3.00
Inventory Holding Period (In Months) - Raw Material	17.22	13.44	8.12	5.00	5.00
Inventory Holding Period (In Months) - WIP	17.94	7.62	4.59	4.05	3.94
Sundry Creditor Holding Period (In Months)	15.17	10.08	5.19	1.50	1.50
Current Liabilities for Expenses (In Months)	2.31	2.96	3.15	1.03	0.97

Justification for Holding Period:

Particulars	Details
Sundry Debtors Holding period	<p>In Fiscal 2021, 2022 and 2023 our average Debtor holding period was 5.09 months, 2.78 month and 2.99 months respectively. FY 2021 was one of the most difficult years during this century due to COVID-19 pandemic and all economic activities were hit very badly because of ban/restriction on movement men and material resulting in economic chaos. The economic activity improved with the ending of COVID-19 pandemic and the Receivable Holding Levels are in line with Industry Standards.</p> <p>Going forward, we are estimating to maintain the Debtor holding period at levels of 3.00 months from Fiscal 2024 onwards as per the customer demand, prevailing market condition and estimated topline growth in future. The Debtors will gradually increase in proportion to boost our topline growth also.</p>
Inventory Holding Period - Raw Material	<p>Inventory levels are maintained by our Company depending upon the demand and delivery schedules of the current and future expected orders. In Fiscal 2021, 2022 and 2023 our average Inventory holding period was 17.22 months, 13.44 months and 8.12 months respectively. Our Company had procured Raw Materials taking into consideration the Orders placed by our customers for supply of Metro Rolling Stocks and Railway Signalling Products. However, due to COVID-19 all the metro projects work were put on hold by the Companies which were implementing Metro Projects across the Country. As a result, our customers could not provide with proper delivery schedules resulting in the high level of Raw Material Holdings during the years 2021 and 2022. The Holding level was considerably reduced during the year 2023.</p> <p>Since, the all-round economic activity in the Country has improved and there are no delays in lifting the finished products of the Company by our Customers. Going forward, we are estimating to maintain the Inventory holding period at levels of 5.00 months from Fiscal 2024 onwards as per the customer demand, prevailing market condition and estimated topline growth in future. By carrying inventory of our components, we will be able to acquire and service more customers which will have a positive impact on our topline and bottom line. It is also expected to aid in faster delivery of projects leading to lower costs, better margin and customer satisfaction.</p>
Inventory Holding Period - WIP	<p>In Fiscal 2021, 2022 and 2023 our average Inventory work in process holding period was 17.94 months, 7.62 months and 4.59 months respectively. As explained above the COVID-19 pandemic caused disruption in the manufacturing operations of the Company during the FY 2021, which started recovering during FY 2022 onwards, resulting in steep fall in the Holding Period of Stock in Process. This has further improved during the FY 2023.</p> <p>Going forward, we are estimating to maintain the Stock in process period at levels of 4.05 months from Fiscal 2024 and 3.94 months from Fiscal 2025 onwards as per the customer demand, prevailing market condition and estimated topline growth in future. By carrying Inventory WIP of our components, we will be able to acquire and service more customers which will have a positive impact on our topline and bottom line. It is also expected to aid in faster delivery of projects leading to lower costs, better margin and customer satisfaction.</p>
Sundry Creditor Holding Period	<p>In Fiscal 2021, 2022 and 2023 our average Creditor holding period was 15.17 month, 10.08 months and 5.19 month respectively. The high level of Sundry Creditors Holding Period which was a high of 15.17 months in the year 2021 was gradually brought down to 5.19 months in the year 2023. The COVID-19 had contributed to having high level of Sundry Creditors as the Company could not generate sufficient cashflows to service them due to blockage of fund into Sundry Debtors and Inventory.</p>

Particulars	Details
	However, going forward we are estimating to maintain the Creditor holding period at levels of 1.50 months for Fiscal 2024 onwards due to better cash flow in future to avail better pricing and reducing the cost of purchase.
Current Liabilities for Expenses	<p>In Fiscal 2021, 2022 and 2023 our average current liabilities for expenses holding period were 2.31 months, 2.96 months and 3.15 months respectively which consist of Statutory payables, Expenses Payable and Advance from customers etc.</p> <p>However, going forward we are estimating to maintain the average current liabilities for expenses holding period at levels of 1.03 months for Fiscal 2024 and 0.97 months for Fiscal 2025 onwards due to better cash flow in future.</p>

D. General Corporate Purpose:

The Net Proceeds will be first utilized towards the Objects as mentioned above. The balance is proposed to be utilized for general corporate purposes, subject to such utilization not exceeding 25% of the amount being raised by our Company through this issue, in compliance with the Chapter IX, Regulation 230 (2) of SEBI ICDR Regulations, 2018. Our Company intends to deploy the balance Net Proceeds i.e., ₹ 350.00 Lakhs, which is 15.02% of the amount being raised by our company through this issue, towards general corporate purposes, subject to above mentioned limit, as may be approved by our management, including but not restricted to, the following:

- (i) Strategic initiatives, partnerships, joint ventures and acquisitions;
- (ii) Brand building and strengthening of promotional & marketing activities;
- (iii) Meeting exigencies and contingencies which our company in the ordinary course of business may not foresee; and
- (iv) Any other purposes as approved by the Board subject to compliance with the necessary regulatory provisions.

The quantum of utilization of funds towards each of the above purposes will be determined by our Board of Directors based on the permissible amount actually available under the head "General Corporate Purposes" and the business requirements of our Company, from time to time. We, in accordance with the policies of our Board, will have flexibility in utilizing the balance Net Proceeds for general corporate purposes, as mentioned above.

E. Issue Related Expense:

The expenses for this Issue include issue management fees, underwriting fees, selling commission, registrar fees, legal advisor fees, printing and distribution expenses, issue related advertisement expenses, depository charges and listing fees, statutory expenses etc. All the Issue related expenses shall be met out of the proceeds of the Issue and the break-up of the same is as follows:

The Sponsor Bank shall be responsible for making payments to the third parties such as remitter bank, NPCI and such other parties as required in connection with the performance of its duties under the SEBI circulars and other applicable laws.
- The terminal from which the application has been uploaded will be taken into account in order to determine the total processing fees payable to the relevant registered broker and other intermediaries.
- Any expenses incurred towards IPO related expenses will be reimbursed/recouped out of the gross proceeds of the Issue.
- The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and such payment of processing fees to the SCSBs shall be made in compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.
- Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs/LM, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

Means of Finance:

We propose to meet the additional requirement of funds for the stated objects of the Issue from the IPO Proceeds and internal accruals. Accordingly, we confirm that we are in compliance with the requirements under Regulation 230(1)(e) of the SEBI ICDR Regulations and Clause 9(C) of Part A of Schedule VI of the SEBI (ICDR) Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below. In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail re-scheduling, revising or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013 / Companies Act, 1956.

Appraisal by Appraising Fund:

None of the Objects have been appraised by any bank or financial institution or any other independent third-party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including variations in interest rate structures, changes in our financial condition and current commercial conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and or unsecured Loans.

Bridge Financing Facilities

As on the date of this draft prospectus, we have not raised any bridge loans which are proposed to be repaid from the Net Proceeds. However, we may draw down such amounts, as may be required, from an overdraft arrangement/cash credit facility with our lenders, to finance additional working capital needs until the completion of the Issue.

Interim Use of Proceeds

Pending utilization for the purposes described above, our Company intends to invest the funds in with scheduled commercial banks included in the second schedule of Reserve Bank of India Act, 1934. Our management, in accordance with the policies established by our Board of Directors from time to time, will deploy the Net Proceeds. Further, our Board of Directors hereby undertake that full recovery of the said interim investments shall be made without any sort of delay as and when need arises for utilization of process for the objects of the issue.

Monitoring Utilization of Funds

As the Issue size is less than Rs. 10,000 Lakh, under the SEBI (ICDR) Regulations it is not mandatory for us to appoint a monitoring agency.

Our Board and the management will monitor the utilization of the Net Proceeds through its audit committee. Pursuant to Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, our Company shall on half-yearly basis disclose to the Audit Committee the applications of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this draft prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full. The statement will be certified by the Statutory Auditors of our Company.

No part of the Issue Proceeds will be paid by our Company as consideration to our Promoters, our Directors, Key Managerial Personnel or Senior Management or companies promoted by the Promoters, except as may be required in the usual course of business and for working capital requirements.

Variation in Objects

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the Initial Public Issue without our Company being authorized to do so by the Shareholders by way of a special resolution through a postal ballot. Further, pursuant to Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, our Company shall on half- yearly basis disclose to the Audit Committee the applications of the proceeds of the Issue. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (“Postal Ballot Notice”) shall specify the prescribed details as required under the Companies Act. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in Hindi, the vernacular language of the jurisdiction where our Registered Office is situated. Our Promoters will be required to provide an exit opportunity to such shareholders who do not agree to the above stated proposal, at a price as may be prescribed by SEBI, in this regard.

Other Confirmations

There are no material existing or anticipated transactions with our Promoters, our Directors, our Company’s Key Managerial Personnel or Senior Management, in relation to the utilization of the Net Proceeds. No part of the Net Proceeds will be paid by us as consideration to our Promoters, our directors or Key Managerial Personnel or Senior Management, except in the normal course of business and in compliance with the applicable laws.

BASIS FOR ISSUE PRICE

The Issue Price of ₹72/- per Equity Share has been determined by our Company, in consultation with the Lead Manager and justified by our Company, on the basis of an assessment of market demand for the Equity Shares through the Fixed Price Process and on the basis of the following qualitative and quantitative factors. The face value of the Equity Share of our Company is ₹10/- and Issue Price is ₹72/- which is 7.2 times of the face value. Investors should also refer “*Our Business*”, “*Risk Factors*” and “*Financial Statements as Restated*” beginning on page no. 111, 21 and 167 respectively, of this draft prospectus, to have an informed view before making an investment decision.

QUALITATIVE FACTORS:

Some of the qualitative factors, which form the basis for computing the price, are –

- Established and proven track record;
- Leveraging the experience of our Promoters;
- Experienced management team and a motivated and efficient work force;
- Cordial relations with our customers
- Quality Assurance & Control

For a detailed discussion on the qualitative factors which form the basis for computing the price, please refer to Section titled, “*Our Business*”, beginning on page no. 89 of this draft prospectus.

QUANTITATIVE FACTORS:

The information presented in this section is derived from our Company’s restated financial statements for the financial year ended on 31st March 2023, 31st March 2022 and 31st March 2021 prepared in accordance with Indian GAAP, the Companies Act and Restated in accordance with SEBI (ICDR) Regulations. For details, refer chapter titled “*Financial Statements as Restated*” beginning on page no 167 of this draft prospectus. Some of the quantitative factors, which form the basis for computing the price, are as follows:

1. Basic & Diluted Earnings per share (EPS) as adjusted for changes in capital for last 3 years:

Earnings Per Share as per the Company’s Restated Financial Information

Particulars	Basic & Diluted EPS (Rs.)		Weight
	With Retrospective Effect #	As per Restated	
Year ended March 31, 2021	-0.76	-0.38	1
Year ended March 31, 2022	0.63	0.31	2
Year ended March 31, 2023	11.46	5.73	3
Weighted Average*	5.81	2.91	

a. **Basic & Diluted EPS:** EPS has been calculated as PAT/Weighted average no. of shares outstanding for particular period/year in accordance with Accounting Standard 20 (AS-20) 'Earnings per Share' issued by ICAI.

b. **Weighted average:** Aggregate of weights i.e. [(EPS x Weight) for each year] / [Total of weights]

On May 22, 2023, Company has allotted 22,35,340 Equity Shares as Bonus Share in the ratio of 1:1 i.e. One Equity Share for every One fully paid-up equity share. The EPS has been shown separately giving retrospective effect of Bonus allotment. (For further details, please refer chapter “*Capital Structure*” and “*Financial Statements as Restated*” beginning from page no. 61 and 167 respectively of this draft prospectus.)

2. **Price to Earning (P/E) Ratio in relation to the Issue Price of ₹72/- per equity share of face value of Rs. 10/- each**

Particulars	P/E Ratio	
	With Retrospective Effect	As per Restated
P/E ratio based on the Basic & Diluted EPS as on March 31, 2023	6.28	12.57
P/E ratio based on the Weighted Average EPS	12.39	24.74

3. **Average Return on Net Worth (RoNW) for last 3 years as per the Company's Restated Financial Information**

Particulars	RONW in %	Weight
Year ended March 31, 2021	-7.59%	1
Year ended March 31, 2022	5.93%	2
Year ended March 31, 2023	51.92%	3
Weighted Average	26.67%	

Weighted average: Aggregate of year-wise weighted Return on Net Worth divided by the aggregate of weights i.e. $[(Return\ on\ Net\ Worth \times Weight)\ for\ each\ year] / [Total\ of\ weights]$

Note: Net worth has been computed by aggregating share capital and reserves and surplus as per the audited restated financial information. Revaluation reserve or miscellaneous expenditure (to the extent not written off) is not considered for calculating Reserve & Surplus.

4. **Net Assets Value:**

Particulars	With Retrospective Effect	As per Restated
Net Asset Value per Equity Share as of March 31, 2023	11.04	22.07
Net Asset Value per Equity Share after the Issue	36.64	
Issue Price per equity share	72.00	

Note: Net Asset Value per equity share represents "total assets less total liability (excluding deferred tax) as per the restated financial information as divided by the number of equities shares outstanding as at the end of year/period.

5. **Comparison with other listed companies/Industry peers:**

We believe that none of the listed companies in India offer products or services across the various business segments in which we operate. Hence a strict comparison is not possible.

The Company in consultation with the Lead Manager and after considering various valuation fundamentals including Book Value and other relevant factors believes that the issue price of ₹72/- per equity share for the Public Issue is justified in view of the above parameters. The investors may also want to peruse the "Risk Factors" beginning on page no 21 of this draft prospectus and Financials of the company as set out in the "Financial Statements as Restated" beginning on page no 167 of this draft prospectus to have more informed view about the investment proposition. The Face Value of the Equity Shares is Rs. 10/- per share and the Issue Price is 7.2 times of the face value i.e. ₹72/- per share.

STATEMENT OF POSSIBLE TAX BENEFITS

To,
The Board of Directors,
Presstonic Engineering Limited

INDIAN ECONOMY

INTRODUCTION

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022–23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

MARKET SIZE

India's nominal GDP at current prices was estimated at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy, and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between this period. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 1.2% of GDP in 2021-22.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines lost steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing 70% to the country's economic activity. With the economic scenario improving on recovering from the COVID-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also launching growth-oriented policies to boost the economy. In view of this, the country witnessed many developments in the recent past, some of which are mentioned below.

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

ROAD AHEAD

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022-23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signaling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

- △ The new income tax regime to be made the default tax regime. However, citizens will continue to have the option to avail the benefit of the old tax regime.
- △ Enhanced limits for micro-enterprises and certain professionals for availing the benefit of presumptive taxation proposed. Increased limit to apply only in case the amount or aggregate of the amounts received during the year, in cash, does not exceed 5% of the total gross receipts/turnover.
- △ Deduction for expenditure incurred on payments made to MSMEs to be allowed only when payment is actually made in order to support MSMEs in timely receipt of payments.
- △ New co-operatives that commence manufacturing activities till 31.3.2024 to get the benefit of a lower tax rate of 15%, as presently available to new manufacturing companies.
- △ Opportunity provided to sugar co-operatives to claim payments made to sugarcane farmers for the period prior to the assessment year 2016-17 as an expenditure. This is expected to provide them relief of almost Rs. 10,000 crore (US\$ 1.21 billion).
- △ Provision of a higher limit of Rs. 2 lakh (US\$ 2,436.8) per member for cash deposits to and loans in cash by Primary Agricultural Co-operative Societies (PACS) and Primary Co-operative Agriculture and Rural Development Banks (PCARDBs).
- △ A higher limit of Rs. 3 crore (US\$ 365,578.1) for TDS on cash withdrawal to be provided to co-operative societies.
- △ Date of incorporation for income tax benefits to start-ups to be extended from 31.03.23 to 31.3.24.
- △ Proposal to provide the benefit of carry forward of losses on change of shareholding of start-ups from seven years of incorporation to 10 years.
- △ Deduction from capital gains on investment in residential houses under sections 54 and 54F to be capped at Rs. 10 crore (US\$ 1.21 million) for better targeting of tax concessions and exemptions.
- △ Proposal to limit income tax exemption from proceeds of insurance policies with very high value, where the aggregate of premium for life insurance policies (other than ULIP) issued on or after 1st April 2023 is above Rs. 5 lakh (US\$ 6,093), income from only those policies with aggregate premium up to Rs. 5 lakh (US\$ 6,093) shall be exempted.
- △ Income of authorities, boards, and commissions set up by statutes of the Union or State for the purpose of housing, development of cities, towns and villages, and regulating, or regulating and developing an activity or matter, proposed to be exempted from income tax.
- △ Minimum threshold of Rs. 10,000 (US\$ 121.8)/- for TDS to be removed and taxability relating to online gaming to be clarified. Proposal to provide for TDS and taxability on net winnings at the time of withdrawal or at the end of the financial year.
- △ Conversion of gold into the electronic gold receipt and vice versa not to be treated as capital gain.
- △ TDS rate to be reduced from 30% to 20% on taxable portion of EPF withdrawal in non-PAN cases.
- △ Income from Market Linked Debentures to be taxed.
- △ Deployment of about 100 Joint Commissioners for disposal of small appeals in order to reduce the pendency of appeals at the Commissioner level.
- △ Increased selectivity in taking up appeal cases for scrutiny of returns already received this year.
- △ Period of tax benefits to funds relocating to IFSC, GIFT City extended till 31.03.2025.
- △ Certain acts of omission of liquidators under section 276A of the Income Tax Act are to be decriminalized with effect from 1st April 2023.

- △ Carry forward losses on strategic disinvestment including that of IDBI Bank to be allowed.
- △ Agniveer Fund to be provided EEE (exempt-exempt-exempt) status. The payment received from the Agniveer Corpus Fund by the Agniveers enrolled in Agnipath Scheme, 2022 proposed to be exempt from taxes. Deduction in the computation of total income is proposed to be allowed to the Agniveer on the contribution made by him or the Central Government to his Seva Nidhi account.

INDIRECT TAXES

- △ Number of basic customs duty rates on goods, other than textiles and agriculture, reduced to 13 from 21.
- △ Minor changes in the basic customs duties, cesses, and surcharges on some items including toys, bicycles, automobiles, and naphtha.
- △ Excise duty exempted on GST-paid compressed biogas contained in blended compressed natural gas.
- △ Customs Duty on specified capital goods/machinery for the manufacture of lithium-ion cell for use in the battery of electrically operated vehicles (EVs) extended to 31.03.2024.
- △ Customs duty exempted on vehicles, specified automobile parts/components, sub-systems, and tyres when imported by notified testing agencies, for the purpose of testing and/ or certification, subject to conditions.
- △ Customs duty on the camera lens and its inputs/parts for use in the manufacture of camera module of cellular mobile phones was reduced to zero and concessional duty on lithium-ion cells for batteries was extended for another year.
- △ Basic customs duty reduced on parts of open cells of TV panels to 2.5%.
- △ Basic customs duty on electric kitchen chimney increased to 15% from 7.5%.
- △ Basic customs duty on heat coil for manufacture of electric kitchen chimneys reduced to 15% from 20%.
- △ Denatured ethyl alcohol used in chemical industry exempted from basic customs duty.
- △ Basic customs duty reduced on acid grade fluorspar (containing by weight more than 97% of calcium fluoride) to 2.5% from 5%.
- △ Basic customs duty on crude glycerin for use in the manufacture of epichlorohydrin reduced to 2.5% from 7.5%.
- △ Duty reduced on key inputs for domestic manufacture of shrimp feed.
- △ Basic customs duty reduced on seeds used in the manufacture of lab-grown diamonds.
- △ Duties on articles made from dore and bars of gold and platinum increased.
- △ Import duty on silver dore, bars, and articles increased.
- △ Basic Customs Duty exemption on raw materials for the manufacture of CRGO Steel, ferrous scrap, and nickel cathode continued.
- △ Concessional BCD of 2.5% on copper scrap is continued.
- △ Basic customs duty rate on compounded rubber increased to 25% from 10% or 30 per kg whichever is lower.
- △ National Calamity Contingent Duty (NCCD) on specified cigarettes revised upwards by about 16%.
- △ Legislative Changes in Customs Laws:
 - Customs Act, 1962 to be amended to specify a time limit of nine months from the date of filing an application for passing the final order by the Settlement Commission.
 - Customs Tariff Act to be amended to clarify the intent and scope of provisions relating to Anti-Dumping Duty (ADD), Countervailing Duty (CVD), and Safeguard Measures.
- △ CGST Act to be amended:
 - To raise the minimum threshold of tax amount for launching prosecution under GST from Rs. 1 crore to 2 crore.
 - To reduce the compounding amount from the present range of 50 to 150% of the tax amount to the range of 25 to 100%.
 - Decriminalise certain offences.
 - To restrict filing of returns/statements to a maximum period of three years from the due date of filing of the relevant return/statement.
 - To enable unregistered suppliers and composition taxpayers to make intra-state supply of goods through E-Commerce Operators (ECOs).

INDIAN RAILWAY INDUSTRY REPORT

INTRODUCTION

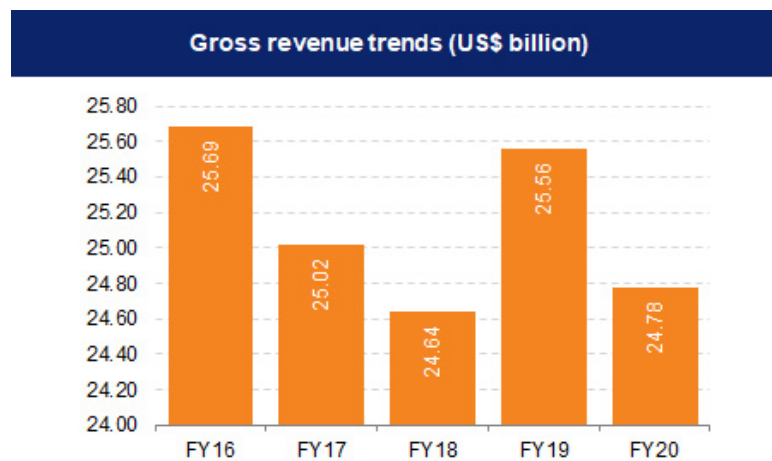

The Indian railway system is regarded as the foundation and lifeblood of the economy. Indian railways span thousands of kilometres practically covering the entire nation, making it the fourth largest in the world after the US, China, and Russia. The Railways Board, which has a monopoly over the provision of rail services in India, oversees overseeing the whole infrastructure. Due to its low cost and effective operations, railways continue to be the most popular means of transportation for most Indians when travelling long distances.

India's railway network is recognised as one of the largest railway systems in the world under single management. The railway network is also ideal for long-distance travel and movement of bulk commodities, apart from being an energy-efficient and economic mode of conveyance and transport. Indian Railways is the preferred carrier of automobiles in the country.

The government of India has focused on investing in railway infrastructure by making investor-friendly policies. It has moved quickly to enable Foreign Direct Investment (FDI) in railways to improve infrastructure for freight and high-speed trains. At present, several domestic and foreign companies are also looking to invest in Indian rail projects.

MARKET SIZE

India has the fourth largest railway network with over 22,593 operating trains (9141 freight and 13,452 passengers) with a daily passenger count of 24 million passengers and 203.88 million tonnes of freight. In FY22 passenger traffic stood at 3.54 billion as compared to 1.28 billion in FY21. In FY 2022-23, railway freight volume stood at 1,109.38 MT which depicted year-on-year growth of 8%. Since August 2020, the Indian Railways has run 450 Kisan Rail services and was able to transport over 1.45 lakh tonnes of agricultural produce & perishables Rail Tel, a PSU under the Railway Ministry, which provides fast and free Wi-Fi across the In November 2020, India Railways announced that 40% of dedicated freight corridor (DFC) will be opened for traffic by end-FY21. India is among the top 3 exporters of railways globally as of 2022. India's export of railways has grown at a CAGR of 31.51% during 2010-2018 to US\$ 507.90 million. Exports of railways in 2021 stood at US\$ 633.27 million.

Indian Railways is developing and creating technology in areas such as signalling and telecommunication with 15,000 km being converted into automatic signalling and 37,000 km to be fitted with 'KAVACH', the domestically developed Train Collision Avoidance System.

INVESTMENTS/DEVELOPMENTS

Following are some of the major investments and developments in India's railways sector:

- Revenue growth has been strong over the years. Indian Railways' revenue reached US\$ 5.21 billion in the third quarter of FY 2023.
- The total passenger revenue stood at US\$ 8.51 billion during 2022-23.
- In FY 2023 (until October 2022) passenger traffic stood at 3.61 billion.
- Total revenue from traffic is estimated to be Rs. 2,64,600 crore (US\$ 32.18 billion), which comprises 99.8% of the total revenue.
- From April-January 2023, railway freight loading of 1243.46 MT was achieved against last year's loading of 1159.08 MT which depicted an improvement of 7%.
- FDI inflows in railway-related components stood at US\$ 1.23 billion from April 2000- March 2023.
- In the case of freight earnings, it experienced a year-on-year growth of 20.84%. It stood at US\$ 18.55 billion in FY22 as compared to FY21 which was at US\$ 15.35 billion.
- Freight remains the key revenue-earning segment for Indian Railways, accounting for 75.2% of the total revenue in FY22, followed by the passenger segment.

- Indian Railways aims to achieve 100% electrification of all broad-gauge routes by 2023.
- In November 2021, Indian Railways announced that ~102 semi-high-speed Vande Bharat Expresses are expected to commence operations by 2024.
- In July 2021, the South-Central Railway zone announced infrastructure development by doubling the maximum permissible speed to 100 km per hour on the Godavari Bridge. The initiative gave a major boost to the Indian Railways on infrastructure modernisation.
- Since the launch of first 'Kisan Rail' service on August 7, 2020, the Indian Railways have operated a total of 1,040 Kisan Rail services by transporting ~3.38 lakh tonnes of consignment across 72 routes in the country until July 30, 2021.
- The Indian Railways is likely to deliver 58 supercritical as well as 68 critical projects worth more than Rs.1,15,000 crore (US\$ 15.44 billion) in the next few years. 29 supercritical projects—spanning 1,044 km and costing Rs. 11,588 crore (US\$ 1.5 billion)—have been commissioned. Four projects worth Rs. 1,408 crore (US\$ 189.05 million) have been completed and the remaining projects are targeted for completion by March 2024.
- On July 25, 2021, the Indian Railways Station Development Corporation (IRSDC), a nodal agency of the Ministry of Railways spearheading the re-development of railway stations across the country, claimed that the two railway stations will be redeveloped at an indicative cost of Rs. 1,285 crore (US\$ 172.54 million) in four years.
- The Indian Railways has decided to undertake electrification of Broad Gauge (BG) rail lines in a mission mode and is likely to complete the process by 2023-24. Of the 64,689 km of broad-gauge route, 45,881 km has been electrified and the remaining 18,808 km route is yet to be electrified. About Rs. 21,000 crore (US\$ 2.8 billion) is estimated to be spent on electrification of the remaining BG routes.
- In January 2021, Hyundai Motor India Ltd. (HMIL) announced that it has exported 125 cars to Nepal via the Indian Railways. The export is claimed to be eco-friendly and the first-ever by the company. With this step, the company is aiming to reduce its carbon footprint by 20,260 tonnes.
- The Indian Railways completed eight major capacity enhancement projects by taking advantage of the coronavirus lockdown. These projects included three supercritical projects with a combined length of 68km, three critical projects with a combined length of 45km, upgradation of the entire 389km railway line from Jhajha in Bihar to Pandit Deen Dayal Upadhyaya Junction in Uttar Pradesh and a new 82km port connectivity line to Paradip.
- As a part of the Railways' plans to upgrade its network, the Ministry announced that all non-AC sleeper coaches will be replaced by AC coaches for trains running >130 kmph. This move has been taken as a technical necessity for high-speed trains with the bonus of improving the passenger experience.

GOVERNMENT INITIATIVES

The Government of India has adopted few initiatives for the Railways sector in the recent past, some of these are as follows:

- Under the Union Budget 2023-24, capital outlay of Rs. 2.40 lakh crore (US\$ 29 billion) has been allocated to the Ministry of Railways, which is the highest ever outlay and about nine times the outlay made in 2013-14.
- Under the Union Budget 2023-24, the government allocated US\$ 29 billion to the Ministry of Railways.
- The Bairabi-Sairang project aims to create an additional 51.38 km of railway track in northeast India.
- In the Union Budget 2022-23:
 - The government allocated Rs. 140,367.13 crore (US\$ 18.40 billion) to the Ministry of Railways.
 - Indian Railways will develop new products and efficient logistics services for small farmers, and small and medium enterprises. It will also take steps towards integration of postal and railway networks to provide seamless solutions for movement of parcels.
 - 100 PM-GatiShakti Cargo Terminals for multimodal logistics facilities will be developed over next three years.
 - Multimodal connectivity between mass urban transport and railway stations will be facilitated on priority.
 - 2,000 km of network will be brought under Kavach, the indigenous technology for safety and capacity augmentation.
 - 'One Station-One Product' concept will be popularized to help local businesses and supply chains.
 - The new & upgraded version of Vande Bharat Express between Gandhinagar Capital & Mumbai Central was inaugurated by Prime Minister Mr. Narendra Modi on September 30, 2022.
- In August 2022, the government launched Mission Raftaar for speed enhancement and to achieve a target of doubling average speed of freight trains and increasing the average speed of superfast /mail/express trains by 25 kmph
- In October 2021, India and Nepal signed a MoU (Memorandum of Understanding), for a proposed US\$ 3.15 billion railway line project, to connect Kathmandu and the Indian border town, Raxaul.
- Indian Railways has logged the highest ever electrification of sections covering 6,015 Route Kilometer (RKM) in a single year during 2020-21. More than 5 times electrification was achieved during (2014-21) last seven years as compared to during 2007-14.

- In April 2021, Indian Railways completed the arch closure of the under-construction Chenab Bridge which is the world's highest railway bridge. Chenab Bridge is 1315 m long and will be 35 meters higher than Eiffel Tower in Paris. The total cost of the bridge is estimated to be Rs. 1,486 crore (US\$ 200.46 million) and the design life of the bridge is said to be 120 years.
- To boost rail infrastructure and make the Indian Railways network future ready, Indian Railways has identified 56 projects across the country in various zones to be completed by Feb-Mar 2021 and FY22.
- In July 2020, the Ministry of Railways has invited Request for Qualifications (RFQ) for private participation in operating passenger train services across 109 Origin Destination (OD) routes. As part of the plan, the railways will introduce 12 trains in FY23, 45 in FY24, 50 in FY26 and 44 more in the next fiscal, taking the total number of trains to 151 by the FY27. The project would entail private sector investments of about Rs. 30,000 crore (US\$ 4.09 billion).
- The Government is going to come up with a 'National Rail Plan' to enable the country to integrate its rail network with other modes of transport and develop a multi-modal transportation network.
- A 'New Online Vendor Registration System' has been launched by Research Designs & Standards Organisation (RDSO), the research arm of Indian Railways, to have digital and transparent systems and procedures.
- The Ministry of Railways plans to monetize assets including Eastern and Western Dedicated Freight Corridors after commissioning, induction of 150 modern rakes through PPP, station redevelopment through PPP, railway land parcels, multifunctional complexes (MFC), railway colonies, hill railways and stadiums.

ROAD AHEAD

Indian Railway network is growing at a healthy rate. In the next five years, the Indian railway market is expected to be the third largest, accounting for 10% of the global market. The government has announced two key initiatives for seeking private investments—running passenger trains by private operators across the railways network and redevelopment of railway stations across the country. According to Indian Railways, these projects have the potential of bringing an investment of over US\$ 7.5 billion in the next five years.

'Adarsh' Station Scheme has been started in 2009-10 and presently, railway stations are upgraded/modernised based on identified need of providing better-enhanced passenger amenities at stations. Under the scheme, 1253 stations have been identified for development, out of which 1215 stations so far have been developed. The remaining 38 stations are planned to be developed by 2022-23. Indian Railways is also looking at other areas of revenue generation such as the following: a) Change in composition of coaches so that it can push the more profitable AC coach travel; b) Additional revenue streams by monetising traffic on its digital booking IRCTC; and c) Disinvesting IRCTC.

The Indian Railway launched the National Rail Plan, Vision 2024, to accelerate implementation of critical projects, such as multitrack congested routes, achieve 100% electrification, upgrade the speed to 160 kmph on Delhi-Howrah and Delhi-Mumbai routes, upgrade the speed to 130 kmph on all other golden quadrilateral-golden diagonal (GQ/GD) routes and eliminate all level crossings on the GQ/GD route, by 2024.

INDUSTRIAL STEEL INDUSTRY OVERVIEW

INTRODUCTION

One of the primary forces behind industrialization has been the use of metals. Steel has traditionally occupied a top spot among metals. Steel production and consumption are frequently seen as measures of a country's economic development because it is both a raw material and an intermediary product. Therefore, it would not be an exaggeration to argue that the steel sector has always been at the forefront of industrial progress and that it is the foundation of any economy. The Indian steel industry is classified into three categories - major producers, main producers and secondary producers.

As of December 2022, India was the world's second-largest producer of crude steel. In FY22, the production of crude steel and finished steel stood at 133.596 MT and 120.01 MT, respectively. In April-November 2022, the production of crude steel and finished steel stood at 81.96 MT and 78.09 MT respectively. The growth in the Indian steel sector has been driven by the domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is modern, with state-of-the-art steel mills. It has always strived for continuous modernisation of older plants and up-gradation to higher energy efficiency levels.

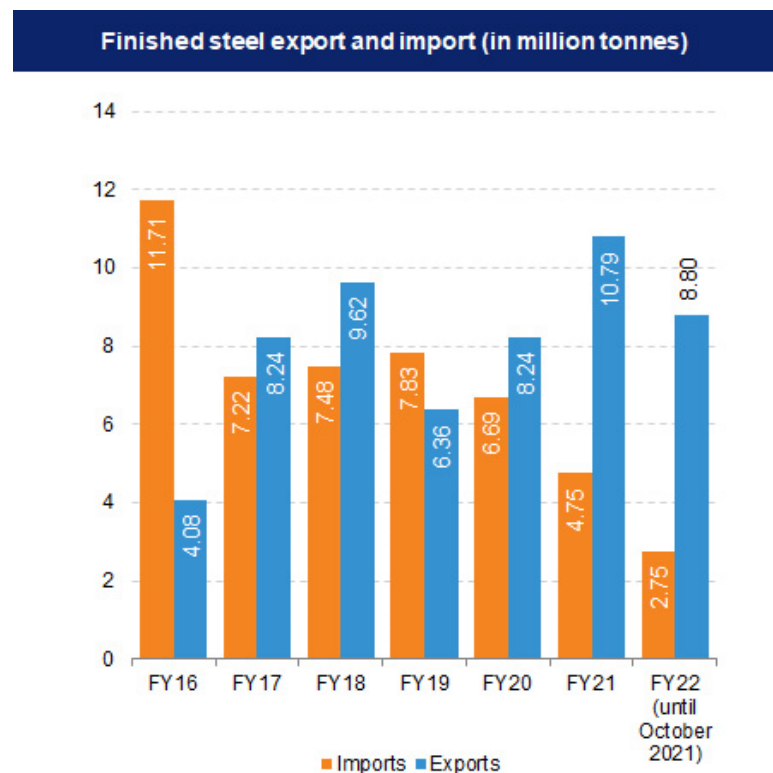

MARKET SIZE

In the past 10–12 years, India's steel sector has expanded significantly. Production has increased by 75% since 2008, while domestic steel demand has increased by almost 80%. The capacity for producing steel has grown concurrently, and the rise has been largely organic.

In FY22, the production of crude steel and finished steel stood at 133.596 MT and 120.01 MT, respectively. The consumption of finished steel stood at 105.751 MT in FY22. Between April-December 2022, India's finished steel consumption stood at 75.34 MT. In April-July 2022, the production of crude steel and finished steel stood at 40.95 MT and 38.55 MT respectively.

In FY23 (until January 2023), the exports of finished steel stood at 5.33 MT, while the imports stood at 5 MT. In FY22, exports and imports of finished steel stood at 13.49 MT and 4.67 MT, respectively. In FY22, India's export rose by 25.1% YoY, compared with 2021. In FY21, India exported 9.49 MT of finished steel. In December 2022 exports of finished steel stood at 4.42 lakh tonnes.

The annual production of steel is anticipated to exceed 300 million tonnes by 2030–2031. By 2030–31, crude steel production is projected to reach 255 million tonnes at 85% capacity utilisation achieving 230 million tonnes of finished steel production, assuming a 10% yield loss or a 90% conversion ratio for the conversion of raw steel to finished steel. With net exports of 24 million tonnes, consumption is expected to reach 206 million tonnes by the years 2030–2031. As a result, it is anticipated that per-person steel consumption will grow to 160 kg.

INVESTMENTS

The steel industry and its associated mining and metallurgy sectors have seen major investments and developments in the recent past.

According to the data released by the Department for Promotion of Industry and Internal Trade (DPIIT), between April 2000-December 2022, Indian metallurgical industries attracted FDI inflows of US\$ 17.22 billion.

In FY22, demand for steel was expected to increase by 17% to 110 million tonnes, driven by rising construction activities. Some of the major investments in the Indian steel industry are as follows:

- 67 applications from 30 companies have been selected under the Production Linked Incentive (PLI) Scheme for Specialty Steel. This will attract committed investment of Rs. 42,500 crore (US\$ 5.19 billion) with a downstream capacity addition of 26 million tonnes and employment generation potential of 70,000.
- In September 2022, Steel Authority of India Limited (SAIL), a Maharatna PSU, supplied 30,000 tonnes of the entire DMR grade specialty steel for the nation's first indigenously built Aircraft Carrier INS Vikrant.
- In August 2022, Tata Steel signed an MoU with Punjab Government to set up a steel scrap based electric arc furnace steel plant.
- In May 2022, Tata Steel announced a CAPEX of Rs. 12,000 crore (US\$ 1.50 billion).
- In October 2021, Tata Steel was planning to set up more scrap-based facilities that will have a capacity of at least a billion tonnes by 2025.
- In October 2021, JSW Steel invested Rs. 150 billion (US\$ 19.9 million) to build a steel plant in Jammu and Kashmir and boost manufacturing in the region.
- In October 2021, ArcelorMittal and Nippon Steel Corp.'s joint venture steel firm in India, announced a plan to expand its operations in the country by investing ~Rs. 1 trillion (US\$ 13.34 billion) over 10 years.
- In August 2021, Tata Steel announced to invest Rs. 8,000 crore (US\$ 1.08 billion) in capital expenditure to develop operations in India in FY22.
- In August 2021, ArcelorMittal announced to invest Rs. 1 lakh crore (US\$ 13.48 billion) in Gujarat for capacity expansion.
- In August 2021, Tata Steel announced to invest Rs. 3,000 crore (US\$ 404.46 million) in Jharkhand to expand capacities over the next three years.
- In August 2021, Jindal Steel & Power Ltd. announced plans to invest US\$ 2.4 billion to increase capacity over the next six years to meet the rising demand from customers.
- In the next three years from June 2021, JSW Steel is planning to invest Rs. 47,457 crore (US\$ 6.36 billion) to increase Vijayanagar's steel plant capacity by 5 MTPA and establish a mining infrastructure in Odisha.

GOVERNMENT INITIATIVES

Some of the other recent Government initiatives in this sector are as follows:

- In October 2021, the government announced guidelines for the approved specialty steel production-linked incentive (PLI) scheme.
- In October 2021, India and Russia signed an MoU to carry out R&D in the steel sector and produce coking coal (used in steel making).
- In July 2021, the Union Cabinet approved the production-linked incentive (PLI) scheme for specialty steel. The scheme is expected to attract investment worth ~Rs. 400 billion (US\$ 5.37 billion) and expand specialty steel capacity by 25 million tonnes (MT), to 42 MT in FY27, from 18 MT in FY21.
- In June 2021, Minister of Steel & Petroleum & Natural Gas, Mr. Dharmendra Pradhan addressed the webinar on 'Making Eastern India a manufacturing hub with respect to metallurgical industries', organised by the Indian Institute of Metals. In 2020, 'Mission Purvodaya' was launched to accelerate the development of the eastern states of India (Odisha, Jharkhand, Chhattisgarh, West Bengal and the northern part of Andhra Pradesh) through the establishment of an integrated steel hub in Kolkata, West Bengal. Eastern India has the potential to add >75% of the country's incremental steel capacity. It is expected that of the 300 MT capacity by 2030-31, >200 MT can come from this region alone.
- In June 2021, JSW Steel, CSIR-National Chemical Lab (NCL), Scottish Development International (SDI) and India H2 Alliance (IH2A) joined forces to commercialise hydrogen in the steel and cement sectors.
- Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel.

- In addition, an investment of Rs. 75,000 crore (US\$ 9.15 billion) (including Rs. 15,000 crore (US\$ 1.83 billion) from private sources) has been allocated for 100 critical transport infrastructure projects for last and first mile connectivity for various sectors such as ports, coal, and steel.
- In January 2021, the Ministry of Steel, Government of India, signed a Memorandum of Cooperation (MoC) with the Ministry of Economy, Trade and Industry, Government of Japan, to boost the steel sector through joint activities under the framework of India–Japan Steel Dialogue.
- The Union Cabinet, Government of India approved the National Steel Policy (NSP) 2017, as it intends to create a globally competitive steel industry in India. NSP 2017 envisage 300 million tonnes (MT) steel-making capacity and 160 kgs per capita steel consumption by 2030-31.
- The Ministry of Steel is facilitating the setting up of an industry driven Steel Research and Technology Mission of India (SRTMI) in association with the public and private sector steel companies to spearhead research and development activities in the iron and steel industry at an initial corpus of Rs. 200 crore (US\$ 30 million).
- The Government of India raised import duty on most steel items twice, each time by 2.5% and imposed measures including anti-dumping and safeguard duties on iron and steel items.

ROAD AHEAD

The steel industry has emerged as a major focus area given the dependence of a diverse range of sectors on its output as India works to become a manufacturing powerhouse through policy initiatives like Make in India. With the industry accounting for about 2% of the nation's GDP, India ranks as the world's second-largest producer of steel and is poised to overtake China as the world's second-largest consumer of steel. Both the industry and the nation's export manufacturing capacity have the potential to help India regain its favourable steel trade balance.

The National Steel Policy, 2017 envisage 300 million tonnes of production capacity by 2030-31. The per capita consumption of steel has increased from 57.6 kgs to 74.1 kgs during the last five years. The government has a fixed objective of increasing rural consumption of steel from the current 19.6 kg/per capita to 38 kg/per capita by 2030-31. As per Indian Steel Association (ISA), steel demand will grow by 7.2% in 2019-20 and 2020-21.

Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

METRO RAIL PROJECTS IN INDIA

India's metro rail projects have undergone significant development, reshaping urban transportation. These projects aim to alleviate traffic congestion, reduce pollution, and enhance connectivity within cities. With projects spanning across cities like Delhi, Mumbai, Bangalore, and Chennai, India's metro network continues to expand.

The development process involves meticulous planning, strategic funding, and advanced technology integration. These metro systems offer commuters a convenient and efficient mode of transport, facilitating seamless travel across crowded urban landscapes. As cities continue to grow, the expansion of metro rail projects remains a cornerstone of India's urban development strategy, catering to the needs of modern urban life.

Details of all operational/under construction/approved/planned metro rail projects in India.

Process Flow:

Raw Material: Raw Material are either in sheet metal form or extruded form. The material is generally Stainless steel, Aluminium or Mild Steel.

Cutting & Forming: The sheets are cut using Laser cutting, Turret punching or water jet cutting and formed to various shapes using a combination of CNC bending machines, deep draw press, CNC machining centers, etc.

Welding: The cut and formed parts are welded together using Tungsten Inert Gas Welding or metal inert gas welding machines by our certified welders as per EN15085 certification norms.

Finishing: Finishing involves various buffing processes, bead blasting process, painting, anodising, etc to get a good finish as per customer requirement.

Assembling and Packing: The finished individual components are assembled together using riveting, gluing, etc. Also non-metallic parts like rubber, plastic and any bought out parts are assembled so that the customer receives a complete ready kit.

Inspection: The raw material, outsourced material and bought out material are inspected as per set standards by Incoming Quality inspectors. The intermediate processes are controlled by Quality Assurance Engineers and parts are inspected by 'In process' quality engineers.

The finished assembled items are inspected before despatch by a final quality inspection team so that our customers receive defect free items.

Despatch: The finished items are packed safely as per customer requirement and despatched to customer's location.

Outsourced Components: Some of the job works are outsourced such as Anodizing, CNC Punching, Electro Polishing, Machining, Plating and Power Coating. Parts which require these types of work are forwarded to contractors which provide these services. The quality of the parts returned from these contractors is checked before proceeding to the next stage of

RAW MATERIAL AND SUPPLIERS

We purchase our raw materials from suppliers on a purchase-order basis. The cost of raw materials purchased in financial year 2023, financial year 2022 and financial year 2021 was ₹ 878.23 lakhs, ₹ 464.18 lakhs and ₹ 269.04 lakhs, respectively. The aggregate cost of materials consumed in the financial year 2023, financial year 2022 and financial year 2021 was ₹ 798.41 lakhs, ₹ 391.07 lakhs and ₹ 237.14 lakhs respectively.

The principal raw materials we use to manufacture our products include Stainless Steel, Mild Steel, Aluminum etc. We procure quality raw materials majorly from domestic market. Presently, our company has not entered into any long-term supply agreements for sourcing any of our raw materials. The purchase price of our raw materials generally follows market prices.

We enjoy a very good relationship with many of our raw material suppliers, which enables a timely manufacturing and delivery of components. We keep an array of suppliers with us, to ensure that there is no delay in manufacturing and delivery of the components to the customers due to the delay or failure to supply a critical raw material by any supplier.

LOGISTICS

We transport our raw materials and our finished products by road. For local supplies, our company owns vehicles for transportation. For other states, we rely on third party logistic companies for the delivery of our products on to pay or paid basis. We do not have formal contractual relationships with our logistic companies. The pricing for transportation is based on an order-to-order basis from such third-party logistic companies.

INFORMATION TECHNOLOGY

We believe that an appropriate information technology infrastructure is important to support the growth of our business. Our IT infrastructure enables us to track orders from customers, procurement of raw materials, sale of finished goods and inventory management.

QUALITY ASSURANCE

We place emphasis on quality control. We inspect the raw materials we receive, work-in-progress and final products. We have implemented internal procedures to ensure quality control at various stages of production, from procurement of raw materials, production to inventory storage. Our manufacturing facility has personnel responsible for monitoring the parameters of equipment, technical parameters of materials, reporting any irregularities in the manufacturing process and making adjustments for corrections accordingly.

INVENTORY MANAGEMENT

The quantity of our finished products is determined based on a combination of confirmed and expected orders based on past trends. We manage our inventory based on various parameters for maintaining minimum and maximum stock levels of raw materials and finished products. Further, stock is taken physically at defined intervals and our existing stock is reviewed at regular intervals for quality purposes. Our finished products are stored on-site at our manufacturing Units.

RESEARCH & DEVELOPMENT

Our Company have an experienced R&D team. After getting orders, the specifications and the quality of build needed from Clients, we procure the raw materials needed and supply them to the R&D team along with the desired specifications so that they can deliver the sample moulds which we can use to make a sample finished product for our customer to approve.

Our Company has obtained a specialized certification EN ISO 15085-2 for welding of Aluminium and Stainless-steel Rail Parts. It has enabled us to fabricate specialized aluminium cable ducts, thereby enriching Presstonic's ability and welding experience in Aluminium welding. Aluminium is a hard to weld metal owing to the hardness/ tempers and its availability in various forms like extrusions, sheet metal and castings. This welding certificate enables Presstonic to Weld Extrusion to Extrusion, Sheet to Extrusion and Sheet to sheet having different thickness. Our manufactured Cable ducts are fabricated with Ingress protection (IP) 65 rating, which prevents dust and water entering into the ducts.

Design & Patent:

Our Company had applied for Design Patent for the following Products:

- Retractable Ramp Assembly – Design Patent Approved
- Stainless Steel Bucket Type Seat and Frame Assembly – Approval Pending
- Flip-up Seat Assembly – Approval Pending

Retractable Ramp Assembly:

- Designed in Aluminium material, light in weight and ease to assemble and could be rolled up and stored under the metro saloon seats.
- This product is used in all the recently introduced metros considering the passenger safety and also there is a discussion to include it in the rolling stocks running in india, viz, both metro and passenger rail.
- Due to this patent approval, the design cannot be copied by other suppliers and we tend to stay ahead in the competition.

Stainless Steel Bucket Type Seat and Frame Assembly:

- Design patent is pending in the name of M/s Presstonic Engineering Limited.
- Specially made up of Stainless steel 304 grade material with glass bead blast finish.
- Stainless steel seats bucket type seats has good strength and more fire safe compared to other non-metallic seats used in the metro cars.
- Special care is taken to ensure human ergonomics using anthropometric data while designing the bucket seat dimensions.
- The design process is applied as it is specially designed to manufacture various denominations of seat numbers as compared to imported seats which requires a single die for each seat denomination.
- This patent advantage will enable us to be competitive while manufacturing seats and impart flexibility to process seats in various denominations.

Flip-up Seat Assembly:

- Design patent is pending in the name of M/s Presstonic Engineering Limited.
- Flip up seat is specially designed to eliminate the fire hazard potential, since it is made up of Stainless Steel 304.
- The speciality of our flip up seats in addition to it being fire resistant, is it has less number of parts making it more reliable and thereby reducing the overall life cycle cost.
- These are Space saving seats as it folds automatically when not in use. So there is a space for parking wheel chairs of handicapped persons.

Special Purpose Machines:

Our company is regularly investing significantly in Design and Development of Special Purpose Machines. The benefits of the machines are hereunder:

- *Design & development of Hydraulic seats clamping mechanism:* Increased design flexibility so that order from more Metro train manufacturers can be taken.
- *Design & development of Narrow gap bending roll forming machine:* Increased design flexibility so that order from more Metro train manufacturers can be taken.
- *Design and development of rolling cum bending machine:* As a Part of lean manufacturing to increase plant capacity so that more jobs other than seats can be accommodated.
- *Design and development of pneumatic SPM for piercing holes:* As a part of lean manufacturing to increase want capacity so that more jobs other than seats can be accommodated.
- *Design & Development of Polycarbonate HL3 grade grab handle:* Possibility of multi-colour and recyclable plastic handles which are environment friendly so that we can get more orders.
- *Design & Development of load/pull test equipment for testing grab handle:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design & Development of Endurance testing equipment for testing grab handle:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design & Development of Static load testing equipment for saloon seats:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design & Development of Impact load testing equipment for saloon seats:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design & Development of Vibration testing equipment for saloon seats:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design & Development of Fatigue testing equipment for saloon seats:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design and Development of Fatigue testing equipment for flip up seats:* Increased Convenience to do Intermittent testing in house to increase product quality.
- *Design and Development of Special purpose buffing machine -Stage1:* To avoid Outsourcing of buffing process so that cost saving and better consistent quality can be achieved, so that we can get more orders.
- *Design and Development of Special purpose buffing machine -Stage 2:* To avoid Outsourcing of buffing process so that cost saving and better consistent quality can be achieved, so that we can get more orders.
- *Design and Development of Aluminium honeycomb panels:* As a strategy to expand our business in railway as well as other fields.

SALES & MARKETING

Our company is having an Experienced & Customer Centric Business Development Team right from the Top Management till the on-field executive, whose main aim is to bring the business for the organisation in a right full way. The Company markets its products to currently different location across different states of India.

The efficiency of the sales and marketing network is critical to success of our Company. Our success lies in the strength of our relationship with the clients who have been associated with our Company. Our team through their experience and good rapport with these clients owing to timely and quality delivery of products plays an instrumental role in creating and expanding a work platform for our Company. To get repeat orders from our customers, our team having adequate experience and competence, regularly interact with them and focus on gaining an insight into the additional needs of customers.

OPPORTUNITIES

Opportunities in Rail Sector:

India has the 4th largest railway system in the world, behind only US, Russia and China. The Government has allocated a total of ₹ 19,518 crores to all metro projects across India in the Union Budget 2023-24 (Source: metrorailnews.in). With a view to provide better travel experience to the passengers, Indian Railways has introduced Vande Bharat trains with modern coaches having following enhanced safety features and amenities. 400 new generation Vande Bharat Trains to be manufactured during the next three years (Source: pib.gov.in).

Strong Government support and the opportunity generated in the current economic scenario, has pushed India to be one of the top leaders in the world's most attractive rail markets, be it metro or intercity trains.

Future of metro and rapid transit system in India.

- Tier-1 and Tier-2 city – New lines, Additional trains in the existing lines, Additional coaches for the existing trains.
- Rail OEM's in India are mandated to localize the manufacturing of Rolling stock and Signalling as per "Make in India" guidelines.
- Post pandemic, India is the world's favourite destination for an alternative manufacturing hub to China.

'Make in India' is an initiative by the Government of India to create and encourage companies to develop, manufacture and assemble products made in India and incentivize dedicated investments into manufacturing. As per Government of India order no: P-45021/2/2017-PP(BE-II)(Public Procurement (Preference to Make in India) order 2017, All Government institution has to procure their requirements through public procurement portal namely GeM and also through Central Public Procurement Portal. As per the Government order, vendor participating in the tender through these public procurement portals has to mention the Local content of the item quoted.

For Promotion of Government of India's 'Make in India' initiative and to create conducive environment for indigenization of Metro Rail Systems, the Ministry of Housing and Urban Affairs (MRTS Coard Desk) (MOHUA) vide Circular No. K-14011/09/2014-MRTS-Coord has circulated directives/guidelines to metro rail companies which includes:

- The Public Procurement (preference to Make in India) Order, 2017 with subsequent revisions issued by Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry along with other guidelines issued by Government of India (GoI) should be applicable in procurement of Goods, Services and Works.
- It may be ensured that Indian Companies are not left out on account of eligibility criteria in procurement.(K-14011/09/2014-UT.II/MRTS-Coord dated 09.08.2016)
- No restrictive or discriminatory clauses against the domestic manufacturers may be imposed in the tender documents for the procurement of various metro rail components. (K- 14011/09/2014-UT.II/MRTS-Coord dated 09.08.2016)
- The following mandatory provisions issued vide letter of even number dated 11.04.2018 will have to be incorporated in the tender documents for the procurement of rolling stock:
 - Minimum 75% of the tendered quantity of cars shall be manufactured indigenously with progressively increased indigenous content either by establishing facility in India or in partnership with Indian reputed manufactures.
 - To facilitate ease in maintenance and easy availability of spares during post warranty period, an identified list of critical equipment/sub- systems shall be included in the tender document. Indigenous manufacturing of the listed items shall be ensured for manufacturing of minimum 25% of the tendered quantity of metro cars. This may either be achieved by the OEM themselves by establishing a wholly owned subsidiary in India or through a suitable Indian reputed manufacture.
 - In order to develop in-house expertise on long term basis, metro companies having sizeable fleet strength may consider undertaking in-house maintenance. However, metros with small fleet may opt for availing assistance of OEMs for maintenance of key equipment. Considered decision for undertaking maintenance by rolling stock manufacturer or otherwise may be taken by the metro companies.
- The Phased manufacturing Plan (PMP) issue vide O.M no K-14011/08/2017/MRTS-Coord dated 13.07.2018 by MoHUA i.e to increase the minimum local content in rolling stock to 50 % from Financial Year 2019, telecom to 50% by FY 2020 and signaling to 40 % from FY 2020 and 50 & from FY 2023 respectively. Minimum local content in civil work electrical items to kept at 80% and 50% respectively in procurement. It is also decided that the goods and services or works for which sufficient local capacity and local competition and where the estimated value of procurement is Rs 50 lakh or less, the procurement should be from indigenous source.
- In order to promote indigenization and reduction in cost, the specifications of various metro rail components like rolling stock, signalling & telecom systems, electrical & electromechanical systems and civil engineering structures have been standardized. These standards will ensure that metro rail sub systems for all new metro projects conform to the prescribed standards and thus encouraging manufacturers to set up their units in India eyeing the enormous future prospects and the economies of scale provided by the large-scale production of standard products. Specific steps for promoting 'Make in India' have been stipulated in these standards.
- A standard eligibility criterion for procurement of rolling stock has also been firmed up and circulated.
- In order to ensure uniformity in cost estimation of metro projects this Ministry has firmed up the Cost Estimates of Metro Rail Projects and circulated the "Report on Benchmarking for Cost Estimation of Metro Rail Projects" to all metro rail companies for compliance.
- The standards for Light Urban Rail Transit system called "Metrolite" has been issued by this Ministry and circulated to States/UTs and Metro companies. Metrolite is suitable for cities with lower projection of ridership and can be constructed at lesser cost than that of high-capacity metro system. This can also be used as feeder to high capacity metro system.

Adherence to these initiatives/guidelines will not only facilitates investment, fosters innovation, enhance skill development, job creation but also lead to build best in-class manufacturing infrastructure in the country.

In view of above, Our Management estimates through their Business Development Team, total orders for Rolling Stock Products of Metros on Presstonic Engineering Limited in the next two to three years on a very conservative basis would be around ₹200.00 Crores to ₹250.00 Crores based on several public announcement made for the Tender/work order floated.

Opportunities in other Sectors:

Presstonic has initiated activities to achieve its Vision of being present in select diversified and promising fields, other than Railway Rolling Stock, to suit its area of expertise.

- ***Aluminium Products in Electric Vehicle (EV) Sector***

- Electric vehicles (EVs) have gained significant traction in recent years as a cleaner and more efficient alternative to traditional gasoline-powered cars. The Indian government has set a target to achieve 30 percent electrification of the country's vehicle fleet by 2030, and has introduced several incentives and policies to support the growth of the EV industry. The industry was given a major boost in the FY24 Union Budget for the production of electric vehicles, adoption of hydrogen fuel, and embracing changing technologies. *(Source: investindia.gov.in)*
- One of the challenge for EV manufacturers is the light weighting of the vehicle so that it provides an improved driving range while also leave minimal carbon and material foot-prints. Aluminium is most preferred as it is relatively cheaper, easily available, corrosion resistant, 100% recyclable, apart from having an all-important feature of high strength to weight ratio.
- Presstonic's unique experience in Forming (Drawing, Bending etc.) and Joining (Welding) of various forms of Aluminium products like extrusions, casting, honeycomb and rolled products has made itself to be one of the most eligible downstream choice for producing components to the booming Electrical Vehicle OEM's.

- ***Stainless Steel as a Hygienic solution with Low Life Cycle Cost***

- In a post COVID world, there is a huge increase in global demand for hygiene with low life cycle cost with sustainability.
- This is where Stainless steel offers a massive advantage over its steel counterparts as this self-healing metal can maintain its high levels of structure and usability in a range of challenging environments like extreme high and low temperatures, wet and dry conditions, and survive shock and abrasion without damage.
- This easy to clean ability of Stainless Steel of preventing the harmful bacteria contaminating the user-has made it find a place in products such as cutlery and food preparation equipment, to medical devices and even in public equipment.
- Moreover, this low maintenance metal offers a significantly less overall life cycle cost of equipment due to the total absence of corrosion thus eliminating repair and replacement costs.
- Presstonic's unique experience in Forming (Drawing, Bending etc.) and Joining (Welding) of various forms of Stainless products has made itself to be one of the most eligible downstream choice for producing components to the OEM's of Stainless Steel equipment.

COMPETITION

We operate in the competitive industry. There are no entry barriers in our industry which puts us to the threat of competition from new entrants. We may face tough competition in our business from unorganized and organized players. Our aim is to provide the branded, standardized and uniform quality products at competitive prices to our consumers. We compete with our competitors on a regional or product line basis. Some of our competitors have substantially large capital base and resources than we do and offer broader range of products. We believe that the principal factors affecting competition in our business include client relationships, reputation, the abilities of employees, market focus and the relative quality and price of the products. We believe that our ability to compete effectively is primarily dependent on ensuring consistent product quality and timely delivery at competitive prices, thereby strengthening our brand over the years. We believe that our cost effective and integrated offerings, our focus on customer satisfaction and our reliability combined with our quality consciousness provides competitive advantage in our business. We believe that our technical capabilities, experience in this business and quality assurance will be key to overcome competition posed by such organized and unorganized players.

HUMAN RESOURCES

Human resource is an asset to any industry. We believe that our employees are the key to the success of our business and hence we have a structured organization plan to take care of the growth and motivation aspects of our team. Our manpower is a prudent mix of experienced and young personnel which gives us the dual advantage of stability and growth. Our work processes and skilled resources together with our strong management team have enabled us to successfully implement our growth plans.

The total strength of manpower as on August 31, 2023 is 37 employees excluding Directors. Category wise details are as under:

INFRASTRUCTURE FACILITIES AND UTILITIES

Registered Office and Manufacturing Facility: Sy. No. 2, Khatha No. 145, Hoysala Main Road, Pillappa Industrial Layout, Srigandhadakavalu, Sunkadakatte, Viswanedam, Bangalore, North Bangalore, Karnataka – 560091, India

Raw Material

We require various raw materials to carry on the manufacturing activities which are procured domestically. Raw materials are mainly either in sheet metal form or extruded form. The material is generally Stainless Steel, Aluminium or Mild Steel.

Power

Our Registered Office and Manufacturing Facility have adequate power supply from Bangalore Electricity Supply Company Limited.

Water

Water is mainly required for cutting purpose in production process, fire safety, drinking and sanitation purpose. We procure Water from Municipality.

PRODUCTION CAPACITY AND CAPACITY UTILIZATION

Our capacity depends on our workforce / orders in hand and not in any fixed output from plant & machinery and hence capacity and capacity utilization cannot be determined.

The Steel and Steel Products (Quality Control) Order, 2020, as, was notified by the Ministry of Steel, Government of India, to bring specified steel products under mandatory BIS certification. All manufacturers of steel and steel products are required to apply to the Bureau of Indian Standards for certification and ensure compliance with the Quality Control Order 2020.

The Aluminium (Control) Order, 1970

The Aluminium (Control) Order, 1970 was enacted under the Essential Commodities Act, 1955, which gives the Indian government the power to regulate the production, supply, and distribution of aluminum. The order was issued on March 20, 1970, and it empowers the government to regulate the production, supply, and distribution of aluminum. The Essential Commodities Act, 1955, was enacted to provide for the control of the production, supply, and distribution of essential commodities in the interest of the general public. Under this act, the Central Government has the power to issue control orders that provide for the regulation and prohibition of essential commodities scheduled in certain circumstances, such as when it is necessary and expedient to do so in favor of the general public or to secure equitable distribution. The Aluminium (Control) Order, 1970, is one such control order that regulates the production, supply, and distribution of aluminum in India.

Legal Metrology Act, 2009 (the “Metrology Act”)

The Legal Metrology Act, 2009, as amended was enacted with the objective to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. The Metrology Act states that any transaction/contract relating to goods/class of goods shall be as per the weight/measurement/numbers prescribed by the Metrology Act. The specifications with respect to the exact denomination of the weight of goods to be considered in transactions are contained in rules by each state.

The Micro, Small and Medium Enterprises Development Act, 2006 (the “Act”)

It consists of six chapters which are further divided into 32 sections. This Act also provides for the formation of the National Board of Micro, Small and Medium Enterprises. The head office of the Board is in Delhi. Section 3 of the Act defines the members of the board. The Central Government, by notification, can constitute an advisory committee. Registration of micro, small and medium enterprises is replaced with the filing of the memorandum. To avail the benefit of the Act, it is always recommended to register the enterprises as a micro, small or medium enterprise. The concept is important for the promotion of industrial development in rural areas, use of traditional or inherited skills, use of local resources and mobilization of resources and exportability of products. It provides maximum opportunities for employment outside the agriculture sector as well.

ENVIRONMENT RELATED LAWS

Environment Protection Act, 1986 and Environment (Protection) Rules, 1986

The Environmental Protection Act, 1986 is an "umbrella" legislation designed to provide a framework for coordination of the activities of various central and state authorities established under various laws. The potential scope of the Act is broad, with "environment" defined to include water, air and land and the interrelationships which exist among water, air and land, and human beings and other living creatures, plants, micro-organisms and property.

The Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”)

The Air (Prevention and Control of Pollution) Act, 1981 has been enacted to provide for the prevention, control and abatement of air pollution. Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the State Pollution Control Board.

The Environmental Impact Assessment Notification, 2006 (the “Notification”)

As per the Notification, any construction of new projects or activities or the expansion or modernisation of existing projects or activities as listed in the Schedule attached to the notification entailing capacity addition with change in process and or technology can be undertaken only after the prior environmental clearance from the Central Government or as the case may be, by the State Level Environment Impact Assessment Authority, duly constituted by the Central government under the provisions of the Environment (Protection) Act, 1986, in accordance with the procedure specified in the notification. The environmental clearance process for new projects comprises of four stages viz. screening, scoping, public consultation and appraisal. However, in 2016, MoEF issued a notification for integrating standard and objectively monitorable environmental conditions with building permissions for buildings of different sizes with rigorous monitoring mechanism for implementation of environmental concerns and obligations in building projects. This is in line with the objective of the Central Government to streamline the permissions for buildings and construction sector so that affordable housing can be provided to weaker sections in urban area under the scheme ‘Housing for All by 2022’ and is proposing to remove the requirement of seeking a separate environment clearance from the MoEF for individual buildings having a total build up area between 5,000 square metre and 150,000 square metre, apart from adhering to the relevant byelaws of the concerned State authorities.

The Water (Prevention and Control of pollution) Act, 1974 (the “Water Act”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the Central Pollution Control Board and the State Pollution Control Boards. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, use of any new or altered outlet for the discharge of sewage or new discharge of sewage, must obtain the consent of the relevant State Pollution Control Board, who is empowered to establish standards and conditions that are required to be complied with.

The Noise Pollution (Regulation & Control) Rules 2000 (“Noise Regulation Rules”)

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

The Municipal Solid Wastes (Management and Handling) Rules, 2000 (“Waste Management Rules, 2000”) as superseded by Solid Waste Management Rules, 2016 (“Waste Management Rules, 2016”)

The Waste Management Rules, 2000 applied to every municipal authority responsible for collection, segregation, storage, transportation, processing and disposal of municipal solid wastes. Any municipal solid waste generated in a city or a town, was required to be managed and handled in accordance with the compliance criteria and the procedure laid down in Schedule II of the Waste Management Rules, 2000. The Waste Management Rules, 2000 make the persons or establishments generating municipal solid wastes responsible for ensuring delivery of wastes in accordance with the collection and segregation system as notified by the municipal authority. The Waste Management Rules, 2000 have been superseded by the Waste Management Rules, 2016 which stipulate various duties of waste generators which, inter alia, include segregation and storage of waste generated by them in the manner prescribed in the Waste Management Rules, 2016; separate storage of construction and demolition waste and payment of user fee for solid waste management as specified in the bye-laws of the local bodies.

GENERAL CORPORATE COMPLIANCE

Companies Act, 2013 (the “Companies Act”)

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors, the procedure relating to winding up, voluntary winding up, appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

The Registration Act, 1908 (the “Registration Act”)

The Registration Act was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Registration Act was designed was to ensure information about all deals concerning land so that correct land records could be maintained. The Registration Act is used for proper recording of transactions relating to other immovable property also. The Registration Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

Shops and commercial establishments legislations

Under the provisions of local shops and establishments legislations applicable in the states in which establishments are set up, establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. All establishments must be registered under the shops and establishments legislations of the state where they are located. There are penalties prescribed in the form of monetary fine or imprisonment for violation of the legislations, as well as the procedures for appeal in relation to such contravention of the provisions.

EMPLOYMENT AND LABOUR LAWS

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allows the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended, Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976 aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. According to the Remuneration Act, no employer shall pay to any worker, employed by him/her in an establishment, a remuneration (whether payable in cash or in kind) at rates less favourable than those at which remuneration is paid by him to the workers of the opposite sex in such establishment for performing the same work or work of a similar nature. In addition, no employer shall for complying with the foregoing provisions of the Remuneration Act, reduce the rate of remuneration of any worker. No employer shall, while making recruitment for the same work or work of a similar nature, or in any condition of service subsequent to recruitment such as promotions, training or transfer, make any discrimination against women except where the employment of women in such work is prohibited or restricted by or under any law for the time being in force.

- **The Payment of Bonus Act, 1965 (the “PoB Act”)**

The PoB Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

Occupational Safety, Health and Working Conditions Code, 2020

The Government of India enacted ‘The Occupational Safety, Health and Working Conditions Code, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume several separate legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The laws that it shall subsume are as follows –

- **The Factories Act, 1948**

The Factories Act, 1948, as amended, defines a “factory” to cover any premises which employs 10 or more workers on any day of the preceding 12 months and in which a manufacturing process is carried on with the aid of power or any premises where at least 20 workers are employed, and where a manufacturing process is carried on without the aid of power. Each state government has enacted rules in respect of the prior submission of plans and their approval for the establishment of factories and registration/licensing thereof. The Factories Act provides for imposition of fines and imprisonment of the manager and occupier of the factory in case of any contravention of the provisions of the Factories Act.

Industrial Relations Code, 2020

The Government of India enacted ‘The Industrial Relations Code, 2020’ which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows –

- **Industrial Disputes Act, 1947**

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. The ID Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provided for the constitution of grievance settlement machineries in any establishment having twenty or more workers.

- **Trade Unions Act, 1926**

Provisions of the Trade Union Act, 1926 provides that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive condition on the conduct of any trade or business etc.

- **Industrial Employment (Standing Orders) Act, 1946 (the “Standing Orders”)**

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial employment. The highlights of the Standing Orders such as classification of workmen, manner of intimation to workers about work and wage related details. Attendance and conditions for leaves, conditions of termination of employment and means of redressal for workmen in different matters.

Code on Social Security, 2020

The Government of India enacted 'The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume several separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The laws that the code shall subsume, are currently as follows –

- **Employee's Compensation Act, 1923**

The Employees' Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employees' Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employees' Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations thereof. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees' Compensation a report regarding any fatal or serious bodily injury suffered by an employee within seven days of death/serious bodily injury.

- **Employee's State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and 'employment injury' and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employee State Insurance department.

- **Employee's Provident Fund and Miscellaneous Provisions Act, 1952**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees' provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make the equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

The "CLPR Act seeks to prohibit the engagement of children in certain employments and to regulate the conditions of work of children in certain other employments. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

TAX RELATED LEGISLATIONS

Income Tax Act, 1961 (the "IT Act")

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e., bringing into India from a place outside India or at the time of export of goods i.e., taken out of India to a place outside India. Any Company desirous of importing or exporting any goods is first required to get it registered and obtain an IEC (Importer Exporter Code).

Central Goods and Services Tax Act, 2017 (the "GST Act")

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state is levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

INTELLECTUAL PROPERTY LEGISLATIONS

In general, the Intellectual Property Rights includes but is not limited to the following enactments:

ACCOUNTING FOR TAXES ON INCOME

The accounting treatment for the Income Tax in respect of the Company's income is based on the Accounting Standard on Accounting for Taxes on Income" (AS-22). The provision made for Income Tax in Accounts comprises both, the current tax and deferred tax. Provision for Current Tax is made on the assessable Income Tax rate applicable to the relevant assessment year after considering various deductions available under the Income Tax Act, 1961.

Deferred tax is recognized for all timing differences; being the differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Such deferred tax is quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date. The carrying amount of deferred tax asset/liability is reviewed at each Balance Sheet date and consequential adjustments are carried out.

Minimum Alternate Tax credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period.

PROVISIONS AND CONTINGENCIES

A provision is recognized when the Company has a present obligation as a result of past event. it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

AN ANALYSIS OF REASONS FOR THE CHANGES IN SIGNIFICANT ITEMS OF INCOME AND EXPENDITURE IS GIVEN HEREUNDER:

1. Unusual or infrequent events or transactions

Except as described in this Draft Prospectus, during the periods under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

2. Significant economic changes that materially affected or are likely to affect income from continuing operations.

There are no significant economic changes that may materially affect or likely to affect income from continuing operations. However, Government policies governing the sector in which we operate as well as the overall growth of the Indian economy has a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

3. Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations.

Apart from the risks as disclosed under Section “**Risk Factors**” beginning on page 21 in the draft prospectus, in our opinion there are no other known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations.

4. Expected Future changes in relationship between costs and revenues

Our Company’s future costs and revenues will be determined by demand/supply situation, Government Policies and Taxation and Currency fluctuations.

5. Extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or increased sales prices

Changes in revenue in the last financial years are as explained in the part “Comparison of the Financial Performance” of above.

6. Total turnover of each major industry segment in which our Company operates

The Company is mainly engaged in manufacturing of Metro Rail Rolling Stock Products, Metro Rail Signalling Products, Infrastructure Products and supplies to renowned Global and Domestic OEM’s engaged in the Rail and Metro Rail products. Therefore, there are no separate reportable segments.

7. Status of any publicly announced New Products or Business Segment

Our Company has not announced any new product other than disclosed in this draft prospectus.

8. Seasonality of business

Our business is not seasonal in nature.

9. Competitive conditions

Competitive conditions are as described under the Chapters “**Industry Overview**” and “**Our Business**” beginning on page 87 and 111 respectively of the draft prospectus.

10. Details of material developments after the date of last balance sheet i.e., March 31, 2023

Except as mentioned in this draft prospectus, no circumstances have arisen since the date of last financial statement until the date of filing the draft prospectus, which materially and adversely affect or are likely to affect the operations or profitability of our Company, or value of its assets, or its ability to pay its liability within next twelve months.

SECTION XI: ISSUE INFORMATION

TERMS OF THE ISSUE

The Equity Shares being Issued are subject to the provisions of the Companies Act, SCRA, SCRR, SEBI (ICDR) Regulations, the SEBI Listing Regulations, our Memorandum and Articles of Association, the terms of this draft prospectus, the prospectus, the abridged draft prospectus, Application Form, CAN, the Revision Form, Allotment advices, and other terms and conditions as may be incorporated in the documents/certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to all applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the GoI, the Stock Exchanges, the RoC, the RBI and/or other authorities, as in force on the date of the Issue and to the extent applicable.

Please note that in terms of regulation 256 of the SEBI (ICDR), 2018 read with SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015, all the investors applying in this issue shall use only Application Supported by Blocked Amount (ASBA) facility for making payment i.e., just writing their bank account numbers and authorising the banks to make payment in case of allotment by signing the application forms. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) process or UPI payment mechanism by providing UPI ID in the Application Form which is linked from Bank Account of the investor.

AUTHORITY FOR THE PRESENT ISSUE

This Issue has been authorized by a resolution of the Board passed at their meeting held on August 14, 2023 subject to the approval of shareholders through a special resolution to be passed pursuant to Section 62(1)(c) of the Companies Act, 2013. The shareholders have authorized the Issue by a special resolution in accordance with Section 62(1)(c) of the Companies Act, 2013 passed at the Extra Ordinary General Meeting held on August 14, 2023.

RANKING OF EQUITY SHARES

The Equity Shares being Issued shall be subject to the provisions of the Companies Act, 2013 and our Memorandum and Articles of Association and shall rank *pari-passu* in all respects with the existing Equity Shares of our Company including rights in respect of dividend. The allottees, upon Allotment of Equity Shares under this Issue, will be entitled to receive dividends and other corporate benefits, if any, declared by our Company after the date of Allotment. For further details, please refer to Section titled, **“Description of Equity Shares and Terms of the Articles of Association”**, beginning on page 259 of this draft prospectus.

OFFER FOR SALE

In the case of offer for sale, the dividend for the entire year shall be payable to the transferees and the company has to disclose the name of the entity bearing the cost of making offer for sale along with reasons. However, the present issue does not include offer for sale and hence the said disclosure is not applicable to us.

MODE OF PAYMENT OF DIVIDEND

Our Company shall pay dividend to the shareholders of our Company in accordance with the provisions of the Companies Act, 2013, as may be applicable, the Articles of Association of our Company, the provisions of the SEBI Listing Regulations and any other rules, regulations or guidelines as may be issued by the Government of India in connection there to and as per the recommendation by our Board of Directors and approved by our Shareholders at their discretion and will depend on a number of factors, including but not limited to earnings, capital requirements and overall financial condition of our Company. We shall pay dividends in cash and as per provisions of the Companies Act, for further details in relation to dividends, please refer to Sections titled, **“Dividend Policy”** and **“Description of Equity Shares and Terms of the Articles of Association”**, beginning on page 166 and 259 respectively, of this draft prospectus.

FACE VALUE AND ISSUE PRICE

The face value of the share of our company is ₹10/- per equity share and the issue price is ₹72/- per equity share. The Issue Price is determined by our Company in consultation with the Lead Manager and is justified under the Section titled, **“Basis for Issue Price”** beginning on page 82 of this draft prospectus. At any given point of time there shall be only one denomination of the Equity Shares of our Company, subject to applicable laws.

COMPLIANCE WITH SEBI (ICDR) REGULATIONS

Our Company shall comply with all requirements of the SEBI (ICDR) Regulations as amended time to time. Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

RIGHTS OF THE EQUITY SHAREHOLDERS

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association of our Company, the equity shareholders shall have the following rights:

- Right to receive dividend, if declared;
- Right to receive Annual Reports & notices to members;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy;
- Right to receive Issue for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation; subject to any statutory and other preferential claims being satisfied;
- Right of free transferability of the Equity Shares, subject to applicable law, including any RBI Rules and Regulations; and
- Such other rights, as may be available to a shareholder of a listed public company under the previous Companies Act, 1956 and Companies Act, 2013, as may be applicable, terms of the SEBI Listing Regulations and the Memorandum and Articles of Association of our Company.

For further details on the main provision of our Company's Articles of Association dealing with voting rights, dividend, forfeiture and lien, transfer and transmission and/or consolidation/splitting, etc., please refer to Section titled, "*Description of Equity Shares and Terms of the Articles of Association*", beginning on page 259 of this draft prospectus.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

In terms of Section 29 of the Companies Act, 2013, the Equity Shares shall be allotted only in dematerialised form. As per the existing SEBI (ICDR) Regulations, the trading of the Equity Shares shall only be in dematerialised form for all investors. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issuer:

1. Tripartite agreement dated September 04, 2023 between our Company, NSDL and the Registrar to the Issue.
2. Tripartite agreement dated August 29, 2023 between our Company, CDSL and the Registrar to the Issue

The trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares and the same may be modified by the EMERGE Platform of NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this draft prospectus will be done in multiples of 1,600 Equity Shares subject to a minimum allotment of 1,600 Equity Shares to the successful Applicants in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than Rs.1,00,000 (Rupees One Lakh) per application.

MINIMUM NUMBER OF ALLOTTEES

In accordance with the Regulation 268 of SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 working days of closure of issue.

JOINT HOLDERS

Where two (2) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the Applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013, any Person who becomes a nominee by virtue of this section shall upon the production of such evidence as may be required by the Board, elect either:

To register himself or herself as the holder of the Equity Shares; or to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Retail Individual Applicants can revise or withdraw their Application Forms prior to the Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Application Form, for a particular Applicant, the details as per the file received from NSE EMERGE may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCBSs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

MINIMUM SUBSCRIPTION

In accordance with Regulation 260(1) of SEBI (ICDR) Regulations, this Issue is 100% underwritten, so this issue is not restricted to any minimum subscription level.

As per section 39 of the new Companies Act, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of thirty (30) days from the date of issue of draft prospectus, the application money has to be returned within such period as may be prescribed.

If our Company does not receive the subscription of 100% of the Issue through this Issue Document including devolvement of Underwriters, our Company shall forthwith unblock the entire subscription amount received. If there is a delay beyond eight (8) days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under section 73 of the Companies Act, 2013 and applicable law.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the Equity Shares will happen in the minimum contract size of 1,600 equity shares in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261(5) of the SEBI ICDR Regulations, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the EMERGE Platform of NSE.

APPLICATION BY ELIGIBLE NRI'S, FPI'S/FII'S REGISTERED WITH SEBI, VCF'S REGISTERED WITH SEBI AND QFIS

It is to be understood that there is no reservation for Eligible NRIs or FPIs/FIIs registered with SEBI or VCFs or QFIs. Such Eligible NRIs, QFIs, FIIs registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

NRIs, FPIs/FIIs and foreign venture capital investors registered with SEBI are permitted to purchase shares of an Indian company in a public Issue without the prior approval of the RBI, so long as the price of the equity shares to be issued is not less than the price at which the equity shares are issued to residents. The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment (“FDI”) Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

AS PER THE EXTANT POLICY OF THE GOVERNMENT OF INDIA, OCBs CANNOT PARTICIPATE IN THIS ISSUE.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation.

RESTRICTIONS ON TRANSFER AND TRANSMISSION OF SHARES OR DEBENTURES AND ON THEIR CONSOLIDATION OR SPLITTING

Except for lock-in of the Pre- Issue Equity Shares and Promoter minimum contribution in the Issue as detailed in the Section titled "*Capital Structure*" beginning on page 61 of this draft prospectus, and except as provided in the Articles of Association of our Company, there are no restrictions on transfer and transmission and on their consolidation/splitting of Equity Shares. For further details, please refer to the Section titled, "*Description of Equity Shares and Terms of the Articles of Association*", beginning on page 259 of this draft prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the LM do not accept any responsibility for the completeness and accuracy of the information stated hereinabove. Our Company and the LM are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this draft prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

ALLOTMENT OF EQUITY SHARES IN DEMATERIALIZED FORM

As per Section 29 of the Companies Act, 2013 and in accordance with SEBI (ICDR) Regulations, every company making public Issue shall issue securities only in dematerialized form only. Hence, the Equity Shares being Issued can be applied for in the dematerialized form only. Further, it has been decided by the SEBI that trading in securities of companies making an initial public Issue shall be in dematerialized form only. The Equity Shares on Allotment will be traded only on the dematerialized segment of the EMERGE Platform of NSE.

Furnishing the details of depository account is mandatory and applications without depository account shall be treated as incomplete and rejected.

MIGRATION TO MAIN BOARD

As per the provisions of the Chapter IX of the SEBI ICDR Regulations, the migration to the Main board of NSE from the EMERGE platform of NSE on a later date shall be subject to the following:

- If the Paid up Capital of our Company is likely to increase above ₹ 25 Crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which our Company has obtained in-principal approval from the main board), we shall have to apply to NSE for listing our shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board

OR

- If the Paid-up Capital of the company is more than ₹ 10 crore but below ₹25 crore, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

ISSUE PROCEDURE

All Bidders should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the “**General Information Document**”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Application Form. The General Information Document is available on the websites of the Stock Exchanges and the Lead Managers. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue especially in relation to the process for Bids by Retail Individual Investors through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of Confirmation of Allocation Note (“**CAN**”) and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“**UPI**”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for Retail Individual Investors applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“**UPI Phase I**”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by Retail Individual Investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”). However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, has decided to **continue with the UPI Phase II till further notice**. The final reduced timeline will be made effective using the UPI Mechanism for applications by Retail Individual Investors (“**UPI Phase III**”), as may be prescribed by SEBI. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time.

SEBI vide Circular No. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, which came into effect from May 01, 2021 had put in place measures to have a uniform policy to further streamline the processing of ASBA applications through UPI process among intermediaries/SCSBs and also provided a mechanism of compensation to investors.

However, in view of the representations received from stakeholders, SEBI vide Circular no: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 given some relaxation for the implementation timelines for the provisions of “the circular” which are as as under:

- **SMS Alerts:** Para 9 of “the circular” prescribed the details to be sent by SCSB’s in SMS alerts. While SCSB’s shall continue to send SMS alerts during the actual block/debit/unblock of UPI mandate in the prescribed format, the details of total number of shares applied/allotted/non-allotted etc shall be included in SMS for Public Issues opening on/after January 01, 2022.
- **Web Portal for CUG:** For ease of doing business, Para 10 of “the circular” prescribed a web portal to be hosted by Sponsor Banks for closed user group (hereinafter referred to as “CUG”) entities. In view of the representations received from the stakeholders, it has been decided that:
 - ❖ The automated web portal shall be live and operational after due testing and mock trials with the CUG entities for Public Issues opening on or after October 01, 2021. The requisite information on this automated portal shall be updated periodically in intervals not exceeding two hours.

- ❖ In the interim, for the Public Issues opening from the date of this circular and till the automated web portal is live and operational, the Sponsor Banks shall send the details prescribed in Para 10 of “the circular” to the e-mail address of CUG entities periodically in intervals not exceeding three hours. In case of exceptional events viz., technical issues with UPI handles/PSPs/TPAPS/SCSB’s etc, the same shall be intimated immediately to the CUG entities so as to facilitate the flow of information in the Public Issue process.
 - ❖ The Stock Exchanges and Lead Managers shall facilitate providing the requisite data of CUG entities to Sponsor Bank for the development of automated web portal. Such information shall be provided to the Sponsor Bank before opening of the Public Issue.
- **Completion of Unblocks by T+4:** Para 13 of “the circular” prescribed the process and timeline for ensuring the completion of unblocks pertaining to UPI mandates on T+4 (T: Issue Closing Date). while the process of unblocking shall be completed by T+4, in view of the representations received from stakeholders, the following shall be the revised timelines:
- ❖ The Registrar to the Issue shall provide the allotment/ revoke files to the Sponsor Bank by 8:00 PM on T+3 i.e., the day when the Basis of Allotment (BOA) has to be finalized.
 - ❖ The Sponsor Bank shall execute the online mandate revoke file for Non-Allottees/ Partial Allottees and provide pending applications for unblock, if any, to the Registrar to the Issue, not later than 5:00 PM on BOA+1.
 - ❖ Subsequent to the receipt of the pending applications for unblock from the Sponsor Bank, the Registrar to the Issue shall submit the bank-wise pending UPI applications for unblock to the SCSBs, not later than 6:30 PM on BOA+1.
 - ❖ To ensure that the unblocking is completed on T+4, the Lead Managers, on a continuous basis and before the opening of the public issue shall take up the matter with the SCSB’s at appropriate level.

SEBI vide Circular No. SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 05, 2022, which came into force for public issue opening on or after May 01, 2022 has decided that all Individual Investors applying in Public Issues where the application amount is upto Rs. 5 Lakhs shall use UPI.

Further, as per SEBI circular no SEBI/HO/CFD/DIL2/CIR/P/2022/75 dated May 30, 2022. All ASBA applications in Public Issues shall be processed only after the application money is blocked in the investor’s bank accounts. The provisions of the circular shall be for all issues opening from September 01, 2022 onwards.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding 4 (four) Working Days from the Issue Closing Date, the Applicant shall be compensated at a uniform rate of Rs.100 per day for the entire duration of delay exceeding four Working Days from the Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days.

Our Company and the LM do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Prospectus. Further, our Company and the LM are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface (UPI)

SEBI has issued the various UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by Retail Individual Investors through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Investor had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by Retail Individual Investors through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three Working Days. For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Managers.

Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The information below is given for the benefit of the applicants. Our Company, and the Lead Manager do not accept responsibility for the completeness and accuracy of the information stated. Our Company, and the Lead Manager is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the draft prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for does not exceed the limits prescribed under laws or regulations.

MAXIMUM AND MINIMUM APPLICATION SIZE:

1. For Retail Individual Applicants:

The Application must be for a minimum of 1,600 Equity Shares and in multiples of 1,600 Equity Shares thereafter, so as to ensure that the Application Price payable by the Applicant does not exceed Rs 2,00,000. In case of revision of Applications, the Retail Individual Applicants have to ensure that the Application Price does not exceed Rs 2,00,000. As the application price payable by the Retail Individual Applicants cannot exceed Rs. 2,00,000, **they can make Application only upto 1,600 Equity Shares.**

2. For Other than Retail Individual Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds Rs 2,00,000 and in multiples of 1,600 Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs 2,00,000 for being considered for allocation in the Non-Institutional Portion.

3. Minimum Bid Lot: 1,600 Equity Shares

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Designated Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
- b) The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For applications where the proportionate allotment works out to less than 1,600 Equity Shares the allotment will be made as follows:
 - i. Each successful applicant shall be allotted 1,600 Equity Shares;
 - ii. The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- d) If the proportionate allotment to an applicant works out to a number that is not a multiple of 1,600 Equity Shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of 1,600 Equity Shares subject to a minimum allotment of 1,600 Equity Shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the lower nearest multiple of 1,600 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, upto 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
- f) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for Retail Individual applicants as described below:
 - As per Regulation 253(2) of the SEBI (ICDR) Regulations 2018, as the Retail Individual Investor category is entitled to minimum fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - Remaining to Individual applicants other than retail individual investors and other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for;
 - The unsubscribed portion in either of the categories specified in (i) or (ii) above may be available for allocation to the applicants in the other category, if so required.

“Retail Individual Investor” means an investor who applies for shares of value of not more than ₹2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with the designated stock exchange.

The Executive Director/Managing Director of the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations, 2018.

PARTICIPATION BY ASSOCIATES /AFFILIATES OF LM AND THE SYNDICATE MEMBERS

The LM, Market Maker and the Underwriter, if any shall not be entitled to subscribe to this Issue in any manner except towards fulfilling their underwriting and market making obligations. However, associates/affiliates of the LM and Syndicate Members, if any may subscribe for Equity Shares in the Issue, either in the QIB Category or in the Non- Institutional Category as may be applicable to the Applicants, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

APPLICATION BY MUTUAL FUNDS

As per the current regulations, the following restrictions are applicable for investments by Mutual fund:

No mutual fund scheme shall invest more than 10% of its net asset value in the Equity Shares or equity related instruments of any Company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No mutual fund under all its schemes should own more than 10% of any Company's paid-up share capital carrying voting rights.

With respect to Applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Application Form. Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

The Application made by Asset Management Companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

APPLICATIONS BY ELIGIBLE NRI'S

Only Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs intending to make payment through freely convertible foreign exchange and Applying on a repatriation basis could make payments through the ASBA process only by blocking the funds for the amount payable on application in their NRE Account or FCNR Accounts, maintained with banks authorised by the RBI to deal in foreign exchange.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents, accompanied by a bank certificate confirming that the payment has been made by blocking the relevant funds in their NRE or FCNR account, as the case may be. Payment for Application by non-resident Applicants applying on a repatriation basis will not be accepted out of NRO accounts for the full Application amount, at the time of submission of the Application Form.

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour). Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents (blue in colour).

APPLICATIONS BY HUF

Application by Hindu Undivided Families or HUFs should be in the individual name of the Karta. The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: "Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Application by HUFs will be considered at par with Applications by individuals.

APPLICATIONS BY FPI'S

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the

same set of ultimate beneficial owner(s) investing through multiple entities) is not permitted to exceed 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased upto the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to the RBI.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with 'know your client' norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. In case of Applications made by FPIs, a verified true copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached along with the Application form, failing which our Company reserves the right to reject the Application without assigning any reasons thereof.

APPLICATIONS BY BANKING COMPANIES

In case of Applications made by banking companies registered with the RBI, certified copies of: (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Application Form, failing which our Company reserves the right to reject any Application by a banking company without assigning any reason therefor.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "Banking Regulation Act"), and the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a timebound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

APPLICATIONS BY SCSB'S

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for ASBA applications.

APPLICATIONS BY SEBI REGISTERED VENTURE CAPITAL FUNDS, ALTERNATIVE INVESTMENT FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The SEBI VCF Regulations and the SEBI FVCI Regulations, as amended, inter alia prescribe the investment restrictions on VCFs and FVCIs, respectively, registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs.

Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only upto 33.33% of the investible funds in various prescribed instruments, including in public offerings.

The category I and II AIFs cannot invest more than 25% of the corpus in one investee company. A category III AIF cannot invest more than 10% of the corpus in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulations.

All Non-Resident Applicants including Eligible NRIs, FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and / or commission. There is no reservation for Eligible NRIs, FIIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

Further, according to the SEBI Regulations, the shareholding of VCFs, category I or II AIFs and FVCIs held in a company prior to making an initial public offering would be exempt from lock-in requirements only if the shares have been held by them for at least one year prior to the time of filing the draft prospectus with SEBI. However, such equity shares shall be locked in for a period of at least one year from the date of purchase by the VCF, category I or II AIF or FVCI, as the case may.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of Applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application without assigning any reason thereof.

APPLICATIONS BY INSURANCE COMPANIES

In case of Applications made by Insurance Companies, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 (the "IRDAI Investment Regulations") are broadly set forth below:

- a) Equity shares of a company: the lower of 10% of the outstanding Equity Shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) The entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) The industry sector in which the investee company belong to not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (i), (ii) and (iii) above, as the case may be.

The above limit of 10.00% shall stand substituted as 15.00% of outstanding equity shares (face value) for insurance companies with investment assets of ₹2,500,000 million or more and 12.00% of outstanding equity shares (face value) for insurers with investment assets of ₹500,000.00 million or more but less than ₹2,500,000.00 million.

Insurance companies participating in this Issue, shall comply with all applicable regulations, guidelines and circulars issued by IRDA from time to time.

APPLICATIONS BY PROVIDENT FUNDS/ PENSION FUNDS

In case of Applications made by provident funds/ pension funds, subject to applicable laws, with minimum corpus of ₹250 million, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/ pension fund must be attached to the Application Form. METHOD AND PROCESS OF APPLICATIONS

1. The Designated Intermediaries shall accept applications from the Applicants during the Issue Period.
2. The Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Issue Period may be extended, if required, by an additional three Working Days, subject to the total Issue Period not exceeding 10 Working Days.
3. During the Issue Period, Applicants who are interested in subscribing to the Equity Shares should approach the Designated Intermediaries to register their applications.
4. The Applicant cannot apply on another Application Form after applications on one Application Form have been submitted to the Designated Intermediaries. Submission of a second Application form to either the same or to another Designated Intermediaries will be treated as multiple applications and is liable to be rejected either before entering the application into the electronic collecting system or at any point prior to the allocation or Allotment of Equity Shares in this Issue.

5. Designated Intermediaries accepting the application forms shall be responsible for uploading the application along with other relevant details in application forms on the electronic bidding system of stock exchange and submitting the form to SCSBs for blocking of funds (except in case of SCSBs, where blocking of funds will be done by respective SCSBs only). All applications shall be stamped and thereby acknowledged by the Designated Intermediaries at the time of receipt.
6. The Designated Intermediaries will enter each application option into the electronic collecting system as a separate application and generate a TRS and give the same to the applicant.
7. Upon receipt of the Application Form, submitted whether in physical or electronic mode, the Designated Intermediaries shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form, prior to uploading such applications with the Stock Exchange.
8. If sufficient funds are not available in the ASBA Account, the Designated Intermediaries shall reject such applications and shall not upload such applications with the Stock Exchange.
9. If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form and will enter each application option into the electronic collecting system as a separate application and generate a TRS for each price and demand option. The TRS shall be furnished to the Applicant on request.
10. The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Issue Account, or until withdraw/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Applicants to the Public Issue Account. In case of withdrawal/ failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

TERMS OF PAYMENT

The entire Issue price of ₹72/- per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Applicants.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The applicants should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Applicants.

PAYMENT MECHANISM

The applicants shall specify the bank account number in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount.

However, Non-Retail Applicants shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/failure of the Issue or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public offer have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

RESTRICTIONS OF FOREIGN OWNERSHIP OF INDIAN SECURITIES

There are two routes through which foreign investors may invest in India. One is the “automatic route”, where no government approval is required under Indian foreign exchange laws to make an investment as long as it is within prescribed thresholds for the relevant sector. The other route is the “government route”, where an approval is required under foreign exchange laws from the relevant industry regulator, prior to the investment.

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment (“FDI”) and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion) (“DPIIT”), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 (“FDI Policy”) by way of circular bearing number DPIIT file number 5(2)/2020-FDI Policy dated October 15, 2020, which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict between FEMA and such policy pronouncements, FEMA prevails.

RBI has also issued Master Direction- Foreign Investment in India dated January 4, 2018. In terms of the Master Direction, an Indian company may issue fresh shares to persons resident outside India (who are eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions.

The RBI, in exercise of its power under the FEMA, has also notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to consult their legal counsel, to make their independent investigations and ensure that Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of Directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

Every fully paid shares shall be free from all lien and that in the case of partly paid shares the issuer's lien shall be restricted to moneys called or payable at fixed time in respect of such shares.

(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

12. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien: Provided that no sale shall be made—

(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

13. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

14. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

15. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board.

16. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid in installments.

17. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
18. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.
- (ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
19. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- (ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
20. The Board—
- (a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
- (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

21. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
- (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
22. The Board may, subject to the right of appeal conferred by section 58 decline to register—
- (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- (b) any transfer of shares on which the company has a lien.
- (c) Provided however that the Company will not decline to register or acknowledge any transfer of shares on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.
- (d) The common form of transfer shall be used by the Company.
23. The Board may decline to recognise any instrument of transfer unless—
- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (c) the instrument of transfer is in respect of only one class of shares.
24. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:
- Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

Transmission of shares

25. (i). On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
- (ii). Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

26. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—
- (a) to be registered himself as holder of the share; or
 - (b) to make such transfer of the share as the deceased or insolvent member could have made.
- (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
27. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
28. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

Forfeiture of shares

29. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
30. The notice aforesaid shall—
- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
31. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
32. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
33. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
- (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

34. (i) A duly verified declaration in writing that the Declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.
- (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of.
- (iii) The transferee shall thereupon be registered as the holder of the share.
- (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
35. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

36. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
37. Subject to the provisions of section 61, the company may, by ordinary resolution,—
- (a) consolidate and divide all or any of its share capital into shares of larger amounts than its existing shares;
- (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
- (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
38. Where shares are converted into stock,—
- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
- Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
- (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
- (c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

39. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,—
- (a) its share capital;
 - (b) any capital redemption reserve account; or
 - (c) any share premium account.

Capitalization of Profit

40. (i) The company in general meeting may, upon the recommendation of the Board, resolve—
- (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution;
 - (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—
- (b) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (c) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - (d) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - (e) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - (f) The board shall give effect to the resolution passed by the company in pursuance of this regulation
41. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—
- (a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and (b) generally do all acts and things required to give effect thereto.
- (ii) The Board shall have power—
- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (iii) Any agreement made under such authority shall be effective and binding on such members.
- (iv) Capital paid-up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits.

Buy-back of shares

42. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

43. All general meetings other than annual general meeting shall be called extra-ordinary general meeting.
44. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.
- (ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

45. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
- (ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
46. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
47. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
48. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of meeting

49. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
- (ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
- (iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
- (iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

50. Subject to any rights or restrictions for the time being attached to any class or classes of shares,—
- (a) on a show of hands, every member present in person shall have one vote; and
- (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

51. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
52. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
53. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
54. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
55. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
56. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

57. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
58. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
59. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

60. The number of directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them.
The First Directors of the Company are:

1. Herga Poornachandra Kedilaya
2. Yermal Giridhar Rao

61. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—
- (a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
- (b) in connection with the business of the company.
62. The Board may pay all expenses incurred in getting up and registering the company.
63. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
64. All cheques, promissory notes, drafts, *hundis*, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
65. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
66. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
- (ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

67. MANAGING DIRECTOR(S)/WHOLE TIME DIRECTOR(S)/KEY MANAGERIAL PERSONNEL

The Managing Director or Whole Time Director shall be appointed in compliance with the provisions of Companies Act, 2013 and any other applicable law in force.

68. Powers and duties of Managing Director or whole-time Director

The Managing Director/Whole-time Director shall be subject to the supervision, control and direction of the Board and subject to the provisions of the Act, exercise such powers as are exercisable under these presents by the Board of Directors, as they may think fit and confer such power for such time and to be exercised as they may think expedient and they may confer such power either collaterally with or to the exclusion of any such substitution for all or any of the powers of the Board of Directors in that behalf and may from time to time revoke, withdraw, alter or vary all or any such powers. The Managing Directors/whole-time Directors may exercise all the powers entrusted to them by the Board of Directors in accordance with the Board's direction.

Proceedings of the Board

69. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- (ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.

70. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
71. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
72. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
73. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
- (ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board
74. (i) A committee may elect a Chairperson of its meetings.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
75. (i) A committee may meet and adjourn as it thinks fit.
- (ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
76. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
77. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being, entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

78. Subject to the provisions of the Act,—
- (a) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or the chief financial officer so appointed may be removed by means of a resolution of the Board;
- (b) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
79. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

80. (i) The Board shall provide for the safe custody of the seal

(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

Dividends and Reserve

81. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
82. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
83. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

84. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

85. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

86. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

87. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

88. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

89. No dividend shall bear interest against the company.

Provided however that no amount outstanding as unclaimed dividends shall be forfeited unless the claim becomes barred by law.

Accounts

90. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding up

91. Subject to the provisions of Chapter XX of the Act and rules made thereunder—

(a) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

(b) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(c) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

92. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
